BERGEN OFFERED THE JUDGESHIP.

Union County Man Says He Will Probably Accept Porto Rican Appointment.

TALKED WITH PRESIDENT.

BERGEN THINKS JUDICIAL DUTIES WOULD BE CONGENIAL.

Senator Kean Gratified Over Bergen's Good Luck—Mrs. Bergen Says She Would Accompany Her Husband to Porto Rico.

(Special to The Daily Press.)

Washington, May 1—To confer with the Senators from New Jersey and with Attorney General Griggs and to call upon President McKinley, Lawyer Frank Bergen, of Elizabeth, made a flying trip to this city yesterday. Mr. Bergen has had the appointment as one of the new Judges of Porto Rico offered to him, and this was the matter which brought him to Washington.

Mr. Bergen called to see Attorney-General Griggs, had an interview with President McKinley and saw Senator Sewell at the Capitol. He was accompanied by Senator John Kean, who has indorsed him for the position with the other prominent Jerseymen mentioned.

Mr. Bergen returned to Elizabeth on the noon train. He was seen at the railroad station before the departure of the train by a reporter. He said the position had been tendered to him and he had it under consideration, and would make known his decision in a few days.

"I am favorably disposed toward the place," said Mr. Bergen, in talking about it, "because the work is in line with what I would like. To be a Judge in Porto Rico when a new law code will have to be established, and the old Spanish laws adapted in a measure to the American ideas, will be a work that I believe will afford one a very desirable experience. I have been in doubt as to the climate, *but have been told that it is not as bad as it has been painted.* I appreciate the honor of having been selected for the place and if I decide to accept it, will go to Porto Rico with the determination to discharge the duties of the position to the best of my ability."

Senator Kean is very much gratified over the tender of the appointment to Mr. Bergen. He said that Mr. Bergen had strong indorsements and his friends were urging him to accept the place.

Elizabeth, May 1—Those closest to Frank Bergen here say he has practically made up his mind to accept the position as Judge in Porto Rico.

Mrs. Bergen said yesterday afternoon that she understood her husband could have the appointment if he would take it, but the question of climate entered largely in his consideration of the matter. If he went to Porto Rico she and their two children would have to accompany him, as Mrs. Bergen by no means would consent to his going there alone.

Dr. Pittis the Purchaser.

The valuable property located at the corner of Craig place and Somerset street, and owned by Mrs. A. M. Hanigan, was sold yesterday to Dr. Albert Pittis, who has been occupying a portion of the house for sometime past. Dr. Pittis will continue his residence there and make a number of general improvements. Mrs. Hanigan and family moved yesterday from the house to Grove street. This property is one of the best in the borough and is considered to be one of the best locations.

Missionary Meeting at Stelton.

The annual meeting of the Woman's Baptist Foreign Missionary Society of the East Association of New Jersey will be held Friday, May 4th, in the Baptist church at Stelton. Sessions at 10:45 a. m. and 2 o'clock, p. m. Dr. Ida Faye Levering, of India, will make an address. Other interesting speakers are expected. All are cordially invited to be present.

Last Sale Under Martin Act.

Next Friday afternoon at 2:30 o'clock in the office of Collector Martin there will take place the sale of property under the provisions of the Martin Act. This will be the last sale of this property and all persons who are delinquent must settle by that time or lose their property.

Reception to Mr and Mrs. Gee.

Tuesday evening of next week a reception will be given to Mr. and Mrs. Harry Gee at Vincent chapel, prior to their departure for Europe the following day. They will be abroad some time and will visit the Paris Exposition.

PAID $25,000.

S. Scheuer & Company Have Bought the Building on West Front Street Owned by Pruden Estate.

One of the most important real estate deals consummated here for sometime in business property was made yesterday when S. Scheuer & Company, the grocery firm, purchased the building owned by the Ira Pruden estate, located on West Front street, and occupied by Smith Brothers, grocers. The consideration was $25,000. They will not be able to get possession of the building for four years, however, as the lease of Smith Brothers run for that length of time yet.

NOW FOR "A NIGHT OFF"

AMATEUR DRAMATIC TALENT WILL BE SEEN THIS EVENING.

Dress Rehearsal Held Last Night Promises That Tonight's Performance Will be Finished.

The public of Plainfield will decide this evening whether or not the efforts of society's amateur dramatic talent in the production of Augustin Daly's comedy, "A Night Off," are successful. There can be no doubt, however, as to what the verdict will be. A privileged few witnessed the dress rehearsal of the play last evening and found in it much to please and but little to criticize. The regular performance at Music Hall tonight will undoubtedly be even more satisfactory.

"A Night Off" has been well chosen. It is full of funny situations and clever scenes which are given in a way to reflect credit on both participants and the coach, Alfred Young. It would not be fair to criticize the individual work done at the dress rehearsal. The rehearsal was good and passed off without a single hitch. At the performance of this evening, however, the participants will have had the advantage of their experience of the private appearance and will be able to correct any little errors of the rehearsal.

The play compares very favorably with the past attempts of local dramatic talent, and parts of it display unusual excellence. The stage settings are excellent, and even at the rehearsal the waits between the acts were not very long. It gives an opportunity for the display of some beautiful gowns

Everything is now ready for tonight's performance. There is every prospect of a large and representative audience and there will be no doubt as to the financial success of the venture. The cast is entirely composed of local amateurs, several of whom make their first appearance tonight. All are well-known in Plainfield society circles, however, and the performance will, therefore, be of double interest to their friends.

Anniversary of Odd Fellowship.

Queen City Lodge, No. 226, I.O.O.F., held their eighty-first anniversaay of Odd Fellow membership last evening and entertained the members with a smoker. A large number were present including a number of visiting brothers from Westfield and Somerville. One proposition for membership was received. At next Monday night's meeting four candidates will be initiated.

For Local Use Especially.

A new book of local subscribers is being distributed in Plainfield today. The book contains a list of the subscribers in this city, Somerville, Bound Brook and Westfield exchanges. It is printed in large type and has a great advantage over the large book for local work. The book contains all the subscribers up to date.

Designed by Mr. Kenney.

The programmes for the charity performance of "A Night Off" at Music Hall this evening were especially designed for this occasion by E. E. Kenney, of this city. The design is something novel but very artistic and will be preserved by those who attend as a charming little souvenir of an enjoyable performance.

Col. Yard Dead.

Colonel James Sterling Yard, editor and proprietor of the Monmouth Democrat, and a prominent man in the county and State, died at his home, in Freehold, late Sunday night, in his seventy fifth year. He has been in ill health for nearly two years, and leaves a widow, one son and three daughters.

Mrs. Peeke to Deliver an Address.

Mrs. H. V. S. Peeke, a missionary in Japan, visiting her native country for a few months, will return about June 1st. The Young Women's Mission Band of Trinity Reformed church has succeeded in inducing her to come to Plainfield next Friday evening and address the band. Everybody welcome.

MAY TERM OF COURT WILL BE A QUIET ONE.

Most Important Thing is for Grand Jury to Consider Rahway Homicide Case.

LICENSE CASES GO OVER.

FREEHOLDER ADAMS EXCUSED FROM GRAND JURY DUTY.

It is Said That He Expressed a Positive Opinion About the Charge of Libel Against Editor Potter, Which Will be Investigated.

(Special to The Daily Press.)

Elizabeth, May 1.—The May term of the Union County Court opened this morning with a very light calendar. A large attendance of lawyers from all over the county was noticeable, but the session promises to be a quiet one. The most important matter will be the homicide in Rahway which will be considered by the Grand Jury.

Court convened at 10:30 o'clock with Judge VanSyckel presiding. The Grand Jury was chosen with William T. West, of Roselle, as foreman. The Plainfielders on the jury are David C. Smalley, Andrew McArdle, William A. Westphal and Andrew Vanderbeek.

An unexpected interruption came when the name of Freeholder E. K. Adams, of Cranford, was announced for the Grand Jury. John F. Brown, a lawyer from this city, challenged his eligibility. He declared that Mr. Adams was interested in the charge of libel brought against Editor Potter, of the Cranford Chronicle, by James Rogers, of Cranford, and had expressed the belief that the story told by Editor Potter was true. Craig A. Marsh, of Plainfield, thought that it was not fair to cast any reflections on the integrity of Freeholder Adams and declared that the latter was perfectly capable of performing the duties of a Grand Juror fairly and honestly.

The court decided, however, to excuse Mr. Adams under the circumstances but said it was no reflection on him. He thought Mr. Adams would rather not act on the jury.

The charge of Judge VanSyckel to the Grand Jury was very brief. He referred to the homicide case at Rahway, and said that the Court would give the jury information regarding the case whenever the jury wished it.

No cases came to trial, but dates were set for those on the calendar. There are comparatively few cases to be tried this term and the session promises to be a short one.

Judge VanSyckel also considered the applications for licenses in the Court of Common Pleas. Of the applicants for licenses in Fanwood township, only those of Jack Benner, at Fanwood, and Dolon, at Dog Corners, were granted. The applications of Carroll, at Fanwood, and Emery and Walpole, at Scotch Plains, were laid over until Saturday when they will be considered by the Court.

Plainfield Boys Won Easily.

Last night five members of the Y. M. C. A. played a game of basketball at the Somerville Y. M. C. A. These men do not constitute a regular team, but were picked out of the regular attenders of class work. The result of the game stands 18-12 in favor of Plainfield. C. Heywood acted as referee, E. Moralier and L. I. VanAlstyne as umpires. The men representing the Somerville association did very good work for a new team, but roughness and kindred fouls had to be dealt with. After the game refreshments were served to players. The Somerville team will probably visit the Plainfield association to play a return game Saturday evening next.

A Lunch Box Sociable.

The Sons of Temperance had a pleasant entertainment and lunch box social last evening, which was well attended. After a varied programme of singing and recitations, the lunch boxes were disposed of at good prices. The committee in charge was Mr. Bush, Mr. Ayres, Mr. Scribner and Mrs. Angleman. An open meeting will be held next Monday and it is desired that all members should be present.

104 Years Old.

(Special to The Daily Press.)

New Brunswick, May 1—Mrs. Hannah Bartow is 104 years old today and will celebrate the anniversary tonight Her descendants—five children, twenty grandchildren, fifty two great-grandchildren and four great great-grandchildren—will attend.

Marines on Their Way South.

A company of marines passed through Plainfield this morning on their way from Charlestown, Mass., to Washington, where they have been assigned to the U. S. S. Kentucky, the new battleship.

FELL UNDER THE CARS.

STRANGE COLORED MAN KILLED ON THE CENTRAL.

Mangled Remains Found Near Prospect Avenue Crossing in Dunellen—County Physician Called.

The body of an unknown colored man was found lying on the tracks of the Central Railroad just west of the Prospect avenue crossing at Dunellen, about 6 o'clock this morning.

From appearances it seems as if the man had been riding on a freight train and had fallen off.

Both legs were cut off and the head was badly mangled. He was picked up by the railroad employes and carried to the freight station.

Undertaker W. G. Runyon was notified and took charge of the body. As no one in Dunellen recognizes the victim a search of the clothing will be made upon the arrival of the county physician.

A curious part of the accident is that every bit of the man's clothing was torn from the body, the shoes being taken off without a tear.

ROSTER OF TEACHERS.

NEW INSTRUCTORS ENGAGED FOR THE BOROUGH SCHOOLS.

Fred M. Brown Appointed to Take School Census—Truant Officer Appointment Discussed.

An important meeting of the Borough Board of Education was held evening when many matters were introduced and discussed. On account of the resignation of several teachers, the Board has been compelled to secure others in their places, and all but two were announced at the meeting. Miss Elizabeth Lum, graduate of Wellesley College, will fill the place of Miss Grace Petrie, resigned, in the High School, and will teach science and mathematics; Miss Alberta E. Waterbury, of Cortland Normal School, New York, and Oberlin Conservatory of Music, will take Miss Ida Horn's place as teacher in the Eighth grade; Miss Minnie H. Green, also of Cortland Normal School, will take the class in the sixth grade taught by Miss Anna Miller, who has received one of Miss Helen Gould's free scholarships at Wellesley College; Miss Cora Remington, of Trenton Normal School, will take Miss Edith Horton's class in the third grade; Miss Katharine F. Ball, a graduate of Wellesley College, this year, will teach in the second grade, filling the position held by Miss May Brown, resigned, and Miss Mabel Hare, of Cortland Normal School, has been engaged to take Miss Lizzie Southworth's place in the first grade. There are two more new teachers to hear from, and until they notify the Board of their acceptance of the positions offered their names will not be announced.

The board also appointed Fred M. Brown as taker of the school census, and Dr. J. H. Carman, of this city, as school physician. It was also decided to fix September 11th as the date when the schools shall re open after the summer vacation. The sum of $15 was contributed toward macadamizing Watchung avenue near the Watchung School, and the building and grounds committee was authorized to have crushed stone spread each side of the curb surrounding the school property.

The question of appointing a truant officer, as provided by the new school law, was discussed, and the appointment will be made at the adjourned meeting next Monday evening. It shall be the duty of this officer to see that all children attend school unless a good and sufficient reason can be furnished.

The committee on heating and ventilating the Somerset street school announced that bids for the work will be received at the meeting next Monday evening, and a public meeting will be held at a later date, to be announced, when the bids will be considered and acted upon.

Thursday evening of this week the committee on commencement will meet and complete plans for that event.

In Its Last Stages.

The scarlet fever cases are abating and the Board of Health officials believe they have the epidemic under complete control now. Only four new cases have developed since the report given in yesterday's Press—two reported yesterday afternoon and two today.

—McDonough Brothers offer to guarantee their customers ice at 20 cents per 100 pounds this whole season. They were lucky enough to be able to fill their houses last winter, while other ice men got none. Hence this remarkable offer, when ice is selling at 50 cents to $1 per 100 pounds in other towns.

ALLEGED MURDERER CAUGHT IN CRANFORD

Colored Man in Union County Jail is Wanted by the Authorities of Newark.

LOUIS BROWN IS HIS NAME.

POSITIVELY IDENTIFIED AS THE SUSPECT BY COLORED FRIEND.

Murder Occurred in Newark Ten Days Ago—Sent to Jail from Cranford on Charge of Disorderly Conduct.

(Special to The Daily Press.)

Elizabeth, May 1—A colored man, arrested at Cranford Wednesday and committed to the county jail here, was identified this morning as Louis Brown, who is wanted by the Newark authorities for murder. The prisoner finally admitted that he was Brown and had taken part in a shooting affray at Newark ten days ago that had ended fatally for one of the party.

The murder occurred in Newark ten days ago when a colored man was shot. It was alleged that one colored man fired the fatal shot and that his brother was an accomplice to the deed. The man who fired the shot was arrested in Montclair a few days ago. Since then the detectives have been searching for the missing brother.

Early Wednesday morning at 4 o'clock the Cranford authorities found a colored man wandering about in a supicious manner. He was arrested and committed to the county jail on the charge of being disorderly. He refused to give a name.

Several days ago the Newark detectives visited the jail looking for their man. They suspected Brown but were unable to positively identify him. This morning another colored man from Newark positively identified the prisoner as Brown.

BANK ACCOUNT GROWS.

$1,260 Deposited as the Profits of Rummage Sale—Trade is Still Brisk.

The steady growth in the bank account of the Rummage Sale still continues. After yesterday's receipts had been deposited the amount reached $1,260. The sale was opened yesterday only in the afternoon, but during that time the trade was brisk. The new bargains brought over from the storeroom in the Stillman building every day has attracted many each day. The extra supply of articles is fast going and may not last the week out if business remains as good as it has been.

The committee is particularly thankful to a number of local merchants who have contributed from their stock that has been left over. In that way a quantity of brand new goods has been received.

Rev. Mr. Cooper Returned.

The twenty-eighth annual conference of the African-Methodist Episcopal church concluded its session yesterday at Atlantic City, when Bishop Grant announced his appointments for the coming year. I. W. L Roundtree was appointed presiding elder of the Newark district. The only appointment of interest here is the one of Rev. A. B. Cooper, who has been appointed to the Mt. Zion A. M. E. church. A petition signed by all the members of the church was presented to the conference asking that Mr. Cooper be sent back.

Building an Iron Roof.

A substantial iron roof is being erected at the plant of the Plainfield Electric Light Company over the plant. The company has learned that more room is a necessity and for this reason the roof will be raised a number of feet. When the improvement is completed the building will present a more attractive appearance.

Drank Hand Lotion.

A mistake in two bottles, one containing a lotion, the other a medicine for internal use, came near causing the death of Miss Rita Finnegan, of New Brunswick, yesterday afternoon. She swallowed a large dose from the lotion bottle. It contained an irritant poison, and it was several hours before she was out of danger.

City Park Looks Nice.

The city park presents an attractive appearance, and shows the result of the earnest efforts on the part of the women of Plainfield. The regular appropriation from the Common Council will help very much in maintaining this park and keeping it as it should be.

Silk Mill is Rushed.

The Watchung Company silk mill is running full time to supply the many orders received, and thirty-eight looms are required to do the work.

FORTY GIRLS.

They Arrive in Town From Dover and Will Work in the New Skirt Factory.

A contingent of about forty girls arrived in Plainfield yesterday from Dover, N. J., where they were employed by the skirt factory, which has removed to Plainfield, and will be located in the Rink building. The girls, who are all experienced in the business, will probably be set to work by the first of next week. The management is making every effort to have everything in perfect running order by that time.

POCKET STAMP BOOKS.

PLACED ON SALE AT POSTOFFICE THIS MORNING.

They Are in Three Sizes and Contain Twelve, Twenty-four or Forty-Eight Two-Cent Stamps.

The new pocket stamp books were placed on sale at the postoffice this morning and found many purchasers. The idea has found immediate favor with all who have seen Uncle Sam's new convenience.

The books are of three sizes and contain twelve, twenty-four or forty-eight two cent stamps. The stamps are arranged in pages of six stamps each. At the back of each page is a sheet of paraffine paper to prevent the stamps from sticking. The whole is bound with card-board, on which is printed the domestic and foreign postage rates and the important facts about the money order and registry systems.

All the books are three inches long and a trifle over one and a-half inches wide. The larger of the books contain more pages. The price of the books is the amount of the stamps plus one cent for the cost of binding. The twelve stamp books cost 25 cents; the twenty-four stamp books 49 cents, and the forty-eight stamp books 97 cents.

Postmaster E. H. Eird has a limited supply of the books on hand and has placed an order for a large number. At present there are only a few of the larger sizes. Quite a number were sold during the day.

FIREMEN UTILIZED TROLLEY.

Forced a Motorman to Drag Apparatus at Roselle.

(Special to The Daily Press.)

Roselle, May 1—A fire broke out late Sunday night in the second-story of the residence of the Countess Dianactici on First avenue, this place. An alarm was sounded and the local hook and ladder company turned out. While the firemen were dragging the apparatus on the trolley tracks a car came along and was stopped by Councilman James W. Hope. The Councilman, in spite of the protests of the motorman, attached the rope of the truck to the trolley car and forced the motorman to drag the apparatus to the fire.

The firemen succeeded in extinguishing the flames after one side of the house had been badly damaged, causing a loss of about $1,000. The Count, who is a helpless invalid, was in bed in the house when the fire broke out and was rescued with the greatest difficulty.

At the Ecumenical Conference.

Among the Plainfielders beside the clergy who have attended the Ecumenical missionary conference in New York during the past week were Mr. and Mrs. LaBoyteaux, Mr. and Mrs. Reuben Knox, Mrs. John Hull, Mr. and Mrs. E. M. Dwight and the Misses Dwight, Mrs. William Scribner and Mrs. B. J. Shreve who was a delegate appointed by the Woman's Baptist Missionary Board of Boston.

Miller Instead of Cleveland.

(Special to The Daily Press.)

Trenton, May 1—Governor Voorhees will appoint Judge Richard T. Miller, late Circuit Court Judge, as a member of the State Fish and Game Commission today, to fill the vacancy caused by the resignation of J. Frank Budd, of Burlington county. It was generally expected that Former President Cleveland would be named.

No Trace of Missing Boy.

From all appearances it would seem as if young Robert Morgan, of the West End, who ran away last week, had every detail arranged ahead. Although his father, Lewis H. Morgan, has made every effort to get trace of the missing boy, his search has been fruitless so far. No doubt now exists but what he is on his way to the Paris Fair.

Must Put Up With the Dust.

The Plainfield Street Railway Company is not compelled to sprinkle along its line until May 15th. In the meantime the people living along the line will have to put up with the almost unbearable dust that is stirred by the passing trolley cars.

BANQUET OF THE ROYAL ARCANUMITES.

One-half of the Guests at the Affair Were Non-members of the Order.

GRAND OFFICERS PRESENT.

DEAN RODMAN MADE A HAPPY TOASTMASTER.

Interesting Remarks Concerning the Work and Benefits of the Royal Arcanum Heard From Several of the Guests.

Exactly one-half of them Royal Arcanumites, but all royal good fellows, nearly one hundred representative Plainfield men filled the dining halls of the Hotel Kensington last night as participants in the banquet arranged by Plainfield Council, No. 711, Royal Arcanum. Tickets had been issued to just such a number of the members of the Arcanum that it was possible for each one to have as his guest a gentleman who is not a member of the order, but whose connection with it is earnestly sought. It is often said that the way to reach a man's mind is through his stomach, and in one sense this was the design of the committee of Plainfield Council that arranged the affair last night. By entertaining the non-member guests it was believed that they would be sufficiently impressed with what they saw and heard at the banquet to feel like associating themselves in an official way with the order in the not distant future. So the affair last night was sort of a double-edged instrument intended to be both a love feast and a business proposition. Considered from both standpoints, it was a success.

Covers were laid for one hundred, and when the service started there was not a vacant seat. Dean Rodman, who is one of the most active and interested member of the Council, presided as toastmaster. He performed the duties of the position in a happy manner, combining wit and wisdom in the pleasant remarks introductory to the speakers of the evening. The menu and service that had been provided by Proprietor Staats was excellent in every respect.

The guests of honor for the evening were Grand Regent L. E. Lightfoot, of Westfield; Grand Secretary R. H. Alberts, of Hoboken, and Supervising Deputy Grand Regent S. K. Messig, of Cranford. Before all the courses of the menu had been served, Dean Rodman interrupted the feast of material things to commence the feast of reason, and in a pleasant little speech introduced Grand Regent Lightfoot. As the head of the order in New Jersey, Mr. Lightfoot was equipped with a ready knowledge of the facts and figures in reference to the order. He explained the benefits of being a member of the Royal Arcanum, empasizing his points in several instances by relating tragic and pathetic incidents that had come under his observation to impress in a most forcible manner upon the living the necessity of providing life insurance for those dependent upon them.

Grand Secretary Alberts proved himself a speaker of exceptional ability. Ordinarily life insurance is a dry subject for discussion, but Mr. Alberts infused an energy and interest in his remarks that kept the close attention of the guests. He spoke particularly at the outset to the members of the Arcanum, urging them to work constantly for the improvement and enlargement of the order. In closing he pictured the benefits of the order to the non-members in a graphic and humorous, but withal argumentative, manner.

Mr. Messig followed, but as he had only a few minutes in which to catch the train that he had to take to get home, his remarks were brief, but pleasant.

In a few good natured remarks and observations, Dean Rodman then introduced James E. Martine, whose popularity was attested by the warm applause that greeted him. Mr. Martine said that he was somewhat perplexed as to what he should say on an occasion of the kind, but he was not at a loss at any moment and he delivered an interesting talk, paying a pretty compliment to Dean Rodman, whom he said was his ideal of a clergyman, and praising the practices and benefits of the Arcanum.

Brief remarks were then made by Peter A. Emmons, Dr. W. Kempton Browning and Edward Love, all members of the Arcanum, who dwelt particularly upon the advantages to be found in the membership of the order.

The committee in charge of the affair was as follows: Rev. E. M. Rodman, chairman; Dr. Wm. Kempton Browning, Frederick J. Pope, Herbert Buxton, Albert I. Littell, P. A. Emmons, T. S. Green, W. S. Lowry and Eliot Burr.

ABDUR RAHMAN KAHN, AMEER OF AFGHANISTAN.
The ameer of Afghanistan, who was sick and nigh unto death a few months ago, seems to be in fighting trim again. He is reported to have said that if Russia went to war with England there would be an uprising of Mohammedans all over the world in support of England. It is understood that the ameer has no authority to speak for the whole of Islam.

JOTTINGS OF THE DAY

ENTERPRISINGLY GATHERED AND CONCISELY TOLD BY REPORTERS.

Newsy Notes of More or Less Importance Bunched Together for the Ready Reference of Press Readers

—The King's Foreign Mission Circle will celebrate its anniversary Thursday evening.

—Wednesday evening, May 16th, Iona Council, Degree of Pocohontas, will give an entertainment in their rooms.

—Peck has sold 100 per cent. more wash goods and gingham's this season than last. Why is it? He's got just the goods and styles that are wanted.

—The collection last Sunday evening at the First Baptist church, for the benefit of the Fort Valley Industrial School, amounted to $15.

—The city police have received their new light summer hats, but they will not wear them until they receive their summer uniforms, which will be about June 1st.

—It cost Gloucester county over $400 for detective service in the assault case of Mrs. Dennett and Mrs. Haskill, of Franklinville, and then the criminal was not apprehended.

—John Powers, the Somerset street druggist, has a disinfectant that is equal to any made, and during the past few days there has been a great demand for it. It works like a charm.

—On Thursday evening next the Christian Endeavor Society of the Park Avenue Baptist church will hold a business meeting at the home of Mr. and Mrs. Nelson VanWinkle, Central avenue.

—The forest fire which wrought such havoc at Pleasant Mills Friday last, also burned the hall of the Junior Order of United American Mechanics, causing a loss of $3,800, with $1,000 insurance.

—The Advance Circle of King's Daughters will hold a musicale and tea at the residence of Mrs. J. E. Beerbower, 238 East Fifth street, Thursday evening, May 17th, from 8 until 10 o'clock.

—This is the season of the year to use Reynold's oderless disenfectant. It is one of the best disenfectants on the market, and is prepared and sold only by T. S. Armstrong, the druggist, Park and North avenues.

—It has been many years since there has been such a scarcity of carpenters in Gloucester county as at present. Contractors are handicapped, and do not know which way to turn. Most of them are at Atlantic City and Ocean City.

—A sure sign of summer is the appearance of the handsome wagon advertising Boynton Beach. It made its first appearance in the city yesterday, and it will not be long before Plainfielders will wend their way to that popular resort.

—Messrs. Weeber & Don, the seed merchants, of 114 Chambers street, New York, will be pleased on applications to send free to all applicants their annual seed catalogue. It is handsomely illustrated and contains 84 pages of matter interesting to those who have a vegetable or flower garden.

—The outside surroundings of the receiving vault of the late Ira Pruden, in the North Plainfield cemetery, has recently undergone decided changes, including the removal of several fine trees in front and the sodding of the top and sides of the vault. The whole presents a very decided appearance for the better.

Rev. J. C. Buchanan, D.D., and wife, of Pemberton, are visiting at the home of their son, Dr. J. H. Buchanan, of Duer street.

Fred Leland, of Central avenue, who recently came home from the south, is much improved, and his friends hope to see him out soon.

THE AMUSEMENT WORLD.

CURRENT ATTRACTIONS THAT PLAINFIELDERS MAY WITNESS.

Local and Metropolitan Performances That Will Please Those Who Delight in the Art of Thespis and Mimic World

Some idea of the expense incurred in the getting up of the pictures showing the great Jeffries-Sharkey contest which will be exphibited at Music Hall Thursday night, may be had from the following: The reflectors over the ring arc lights were so arranged that a correct lighting could only be had from the position occupied by the four cameras of the American Mutoscope and Biograph Co. There was a total candle power of 800,000. There was light enough to illuminate a city of 50,000 inhabitants concentrated beneath the reflectors over a 24-foot ring. To operate the lights eleven electricians were stationed over the ring. To work the four cameras twelve skilled operators were kept on the keen jump, one camera taking up the pictures as another left off. The disbursements included: $3,200 for 400 arc lights, $1,200 for wiring, $800 for carpenters, $850 for current, $250 for reflectors, thus a total cost of $6,300, were taken 7½ miles of film from which have been developed 316,000 distinct pictures, vividly representing every move in the 25 round contest, rendering recognizable the faces of well-known men who were at the ring side, and requiring in representation 2½ hours. These films are the largest ever made (2x2½ inches), and the result is the most marvelous ever known in the history of moving photography.

Klaw & Erlanger's new project for next season, "The Klaw & Erlanger Opera Company," will be a very noteworthy organization. It will be headed by Jerome Sykes, who made a hit this season as the "Genie" in "Chris and the Wonderful Lamp." The first opera this company will present will be DeKoven's "Foxy Quiller," which will perpetuate the character in "The Highwayman," in which Mr. Sykes made a great success two years ago. The cast will be an exceptional one and will include four foreign artists of wide repute.

PARTICULAR MENTION.

Harry Woltmann, of West Seventh street, is home from Princeton University for a few days.

Dr. W. L. Russell, of Willard, N. Y., has been the guest of Rev. Dr. A. H. Lewis, of West Seventh street.

Prospectus of the Siegel-Cooper Co.

CO-OPERATIVE STORES, NEW YORK AND CHICAGO.

Profit-Sharing with our Patrons. **Co-operation with our Employees.**

THE great success attained since 1887 by Siegel, Cooper & Co., has induced and given warrant to the enterprising owners to further ingratiate themselves into public favor by consolidating their **two** mammoth establishments into a co-operative enterprise on a profit-sharing basis. They recognize the tendency of the present age to be in the direction of co-operation of employers with employees, as well as in profit-sharing with patrons. To accomplish this desired condition, a new Company, the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) has been incorporated under the laws of the State of New Jersey with a capital stock of $24,000,000.00, of which $14,250,000.00 is divided into 285,000 shares 6 per cent. cumulative Preferred Stock of $50.00 par value, and $9,750,000.00 into 195,000 shares Common Stock of $50.00 par value.

The charter of the Company provides that, after full dividends of 6 per cent. per annum have been paid on the Preferred Stock, and full dividends of 3 per cent. per annum have been paid on the Common Stock, all additional dividends shall be apportioned and paid on the basis of ⅓ in amount on the Preferred Stock and ⅔ in amount on the Common Stock.

To carry out the plan of Co-operation

with its employees, $2,000,000.00 of the Common Stock has been placed in trust, the annual dividends of which will be distributed among such employees as have been or may hereafter be with the New York or Chicago establishment for a period of three years during their satisfactory continuance in the service of the new Company; such dividends will also be continued and paid to employees for life who, after ten years of service with the new Company, become incapacitated for further employment, thereby practically providing a pension fund for faithful employees in their old age.

To carry out the plan Profit-Sharing

it is proposed by the present owners, who are the owners of all the stock of the new Company, to offer to the public through the undersigned, 200,000 shares (fully paid and non-assessable) of the 6 per cent. cumulative Preferred Stock at par, upon which the full 6 per cent. dividend must always be paid before the Common Stock receives any dividend whatever, the Preferred Stock also having a prior right to all the assets of the Company.

In order to give double assurance to the general public, whom it is desired to interest as Stockholders (instead of Speculators) and who may not be fully conversant with such investments, the money required to pay dividends on said 200,000 shares has been set aside and will remain on deposit with the Central Trust Company of New York, and the Illinois Trust and Savings Bank of Chicago, respectively, to **secure the dividends of 6 per cent. per annum,** payable 3 per cent. semi-annually, for a period of five years, *i. e.*, until July 1st, 1905, on all such Preferred Stock as may be allotted in their respective territories, and each Certificate of Stock so allotted will have an endorsement by said Trust Companies, respectively, to that effect. We thereby offer, we believe, not only an absolutely safe 6 per cent. investment, but one which will without question yield considerably more.

Under no circumstances will any

of the Preferred Stock not so allotted, nor any of the Common Stock, be sold, the present owners having no desire to sell out, but intending to remain with the business; they will therefore not part with any more stock than they believe necessary to fully carry out their plans for co-operation and profit-sharing, as previously stated.

The owners confidently believe that, by inaugurating the liberal policy above outlined towards their employees, they will in return be rewarded by more faithful service, and courteous attention to patrons, the result of which must be beneficial to the new Company as well as augment the continued good will of the public.

Furthermore, it can be calculated to a certainty

that with many thousands of new stockholders exerting their **personal influence** toward the success and welfare of the business, larger patronage and correspondingly greater earnings for the new Company will be assured. It is from the increased benefits and material advantages which these changed conditions are expected to bring about, that the present owners feel confident of better pro rata remuneration on the stock which they retain, and in a measure justifies them in parting with any portion of their interests in an established and exceptionally profitable business.

The SIEGEL-COOPER CO. Co-operative Stores **will take possession Monday, July 2d, 1900,** of the two great department stores of Siegel-Cooper Co., New York, and Siegel, Cooper & Co., Chicago, in their entirety, covering a floor space of over thirty acres, with their millions of dollars' worth of Merchandise, Store Fixtures, Delivery Plants (consisting of many hundreds of Horses, Wagons, etc.), Machinery, extensive Stable Properties, and all the appurtenances required for the complete operation of the two stores, **and also its Palatial Fireproof Store Building and Real Estate in New York City,** which alone represents an asset of many millions of dollars, free of all encumbrances or indebtedness whatsoever, so that the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) will start its career **without owing a single dollar.**

For the good and sufficient reason of not wishing to divulge the details of our business to our competitors, we present no balance sheet for publication. We do not however, desire to ask our patrons or the public to rely exclusively on our representations, and, therefore, **the money required has been set aside** and will remain on deposit with the above-named Trust Companies to absolutely secure the dividends on all the Preferred Stock to be allotted as stated. Moreover, we allude with pride to the fact that the Chicago establishment has since its inception paid millions of dollars in dividends to its stockholders, and that the New York establishment, while only in its fourth year, is not only doing a larger business than the Chicago store, but is also on a most profitable dividend-paying basis. We can also say for the benefit of subscribers, that **the net earnings** of our two establishments for the past year were **largely in excess** of the amount required to pay the dividends on **all** the Preferred Stock of the new Company.

There will be no change in management,

and the same men who thirteen years ago started the original Siegel, Cooper & Co. store in Chicago (and later its sister-store in New York) and who have achieved a success almost without parallel in modern retailing, have pledged themselves to continue in the management of the business of the **new Company** the same as in the past, and they will deposit with the Central Trust Company of New York, all of their stock holdings for a term of years to secure such pledge.

Subscriptions for the 200,000 shares of the Preferred Stock

will be received in person, or by mail, on blank forms provided for that purpose, by the Central Trust Company, 54 Wall Street, New York, and Siegel-Cooper Co., New York and Chicago, beginning at 10 a. m. Monday, May 7th, 1900, and will continue for a period of **One Week**; the right, however, is reserved to close subscriptions upon one day's notice in the New York and Chicago daily papers. The above Trust Company, for the convenience of our patrons and the public, will receive subscriptions at the Siegel-Cooper Co. store in New York, or at its own office, 54 Wall Street. All subscriptions must be accompanied by **money, check, money order or draft,** payable to the Central Trust Company of New York, to the amount of 20 per cent. of such subscription (equal to $10.00 per share), for which proper receipts will be given by said Trust Company. Notice will be given as soon as practicable of the number of shares allotted to each subscriber, and the balance due must be paid to said Trust Company on or before July 5th, 1900, upon the delivery by said Trust Company of the stock allotted.

In order to subscribe for shares cut out and use this Blank.

NO SIGNS OF STRIFE.

Harmonious Relations Now Exist Throughout Cuba.

CHAFFEE ASKS TO BE RELIEVED.

All Island Teachers Desire to Accept Educational Offer, but Only About One-half Can Be Accommodated. Changes In Wood's Cabinet.

HAVANA, May 1.—The Spanish consul general, Senor Sagrario, denies having cabled to Spain that there were uprisings in Cuba. He says he does not believe such occurrences probable and that he could not have communicated an idea so absurd to his government. "No agitation exists," he remarked, "and I do not believe that any will exist. So far as I can judge the relations between the Cubans and the Americans are most cordial."

General Wood, who was asked regarding the matter, replied:

"At no time since the occupation of the island has the province of Santiago been so absolutely quiet and restful as it is at present. I have assurances to this effect from many officers and others who have very recently been through the province on horseback. These alarmist reports published in Madrid could probably be traced to men like Miro and other former Spanish officers now resident in Cuba. Fearing lest the extreme Cuban element may come into power after the municipal elections, these people are now doing all in their power to make it appear that difficulties exist, hoping thereby to force the United States government to take some action which might precipitate trouble."

Colonel Valiente, formerly chief of the rural guard in Santiago province, who recently arrived here, laughs at the idea of trouble of any kind there. He says he has recently been over the whole district and that it is "as quiet as a New England village."

General Adna R. Chaffee has requested to be relieved as chief of staff to the governor general. He also desires four months' leave of absence. His loss will be greatly felt in Havana, for his special knowledge of the local situation made him exceedingly valuable at division headquarters. More than this, General Chaffee and Mrs. Chaffee are very popular socially and will be keenly missed.

Various changes in the cabinet will be made today. Senor Perfecto Lacoste will take the portfolio of agriculture, commerce and industry; Senor Berreiro will take that of justice, Senor Estevez resigning it in accordance with the arrangement he made with General Wood when the position was offered him—namely, that he was not to be asked to continue in office after April owing to the demands of his private business; Senor Varona will take the portfolio of public instruction, and Senor Canci, now undersecretary of finance, will undertake the duties of chief secretary of that department.

Mr. Alexis E. Frye, superintendent of Cuban schools, will soon issue a circular to the teachers giving them details regarding the trip to the United States. He says he will take about 45 per cent of the teachers, the selection of those to go resting with the mayors of the municipalities.

According to Mr. Frye's statement, there is not a teacher who does not want to go.

Villages Wiped Out by Fire.

MARINETTE, Wis., May 1.—Forest fires are burning north and west of this city along the Northwestern and Milwaukee roads, and many people have been made homeless and their property swept away. The villages of Ames and Nathan, in Michigan, just across the border, have been wiped out entirely, and the residents of the places have gone to Pembine for safety. About 200 families lived in the places. It has been impossible to get any definite details of the fires, but Fisher, Mich., reports that the country to the north of it is all ablaze. At Ames and Nathan, lumbering towns, millions of feet of timber was destroyed.

A Shortage of Paper.

MONTREAL, May 1.—Mr. W. D. Gillean, manager of the Canada Paper company, seen by a reporter, said: "The destruction of the Eddy company's mills at Hull will largely demoralize the newspaper trade of the country for some time to come. Many newspapers will find it extremely difficult to procure their requisite supplies. For over six months all the mills in Canada have been working right up to their full capacity, and all of them at the present time are oversold, and the conditions that obtain in Canada obtain also to a great extent in the United States."

School Children Receive Candy.

RHINECLIFF, N. Y., May 1.—At the hour of the wedding ceremonies at Grace church, New York, yesterday of Miss Edith Livingston Morton, eldest daughter of Mr. and Mrs. Levi P. Morton, and William Corcoran Eustis, son of the late United States Senator Eustis of Louisiana, the scholars of the public school of Rhinecliff, numbering nearly 100, were each the recipient of a box of fine candy and a present from the bride, who has always taken an interest in the schools.

Died Suddenly In Plymouth Church.

NEW YORK, May 1.—During a meeting of the Women's league, a society connected with Plymouth church, Brooklyn, held in the church parlors yesterday, Miss Mary Pratt, aged 77 years, one of the members, died almost immediately from heart failure following an attack of apoplexy. Miss Pratt was one of the oldest, if not the oldest, female member of the church, having joined in 1856 during the early pastorate of the late Henry Ward Beecher.

Forest Fires Raging.

MATTEAWAN, N. Y., May 1.—A forest fire is raging in the mountains south of here and threatens to devastate that entire mountain region. The blaze started from an unknown cause on the north side of what is known as the South Beacon. Bands of men are fighting the fire.

Postmasters Appointed.

WASHINGTON, May 1.—The following fourth class postmasters have been appointed: New Jersey—Herbertsville, A. S. Osborne; Pluckemin, Stewart Brown. New York—Sage, Edwin Davis. Pennsylvania—Duncott, Thomas Evans; Rockey, J. H. Stewart.

For the Fire Sufferers.

LONDON, May 1.—The subscriptions to the Mansion House fund for the relief of victims of the Ottawa fire already reach $36,000.

BRIDGE WORK
in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. HOW ARE YOUR KIDNEYS?

It wouldn't be a half bad idea to ask yourself this question every morning—how are your kidneys? If the sole of your shoe gets thin and a hole appears, you straight way have a patch put on. But how about your kidneys? Do you ever wat[ch] them? They are the most important organs of the body, because the blood constantly is passing through them all day and all night. They are the filters of the system and remove poisson from the blood. If they are neglected the poison spreads, then comes Bright's Disease and perhaps death. Watch Nature's signs—backache, pain in the loins, scalding dark urine, headache and sleeplessness. If you have any of these beware, your condition may be serious.

Don't experiment, but get the best remedy.

THE BRITISH IN NEW YORK.

Delegates to the Missionary Conference Tendered a Reception.

NEW YORK, May 1.—Probably the most interesting event in connection with the ecumenical conference, which will close today, was the reception at Sherry's last night tendered to 300 missionaries who are British subjects or who pursue their work of teaching in British possessions by the British residents of New York. Several hundred persons of British birth were present at this reception.

In the early part of the evening a large reception committee comprising members of the St. George society, St. Andrew society, the Canadian society, the British Schools and University club and the New York Graduates' Society of McGill University and others devoted its efforts to making the missionaries feel at home in the large ballroom. The big room was decorated with British and American flags, smilax and palms. American, English, Irish, Scotch, Welsh, Canadian and Australian airs were played by the orchestra.

After the reception an address of welcome was made by George Gray Ward, president of the St. George society and chairman of the executive committee. Bishop Potter, E. R. L. Gould, Rev. Dr. R. S. MacArthur and Sir Percy Sanderson, the British consul general, were among the speakers.

Rev. Dr. MacArthur, who made an eloquent speech, said that under the flags of Britain and the United States were found the truest liberty and the greatest freedom. He eulogized Lincoln as a product of America and Queen Victoria as a product of Great Britain. "The British empire," he said, "is the greatest empire the world has ever known. Either the Saxon or Slav is to rule the world, and I think within 25 years and with God's help and Britain's bravery it will not be the Slav."

ALL PLEAD NOT GUILTY.

Persons Charged With Complicity In Goebel's Murder Before Court.

FRANKFORT, Ky., May 1.—When the circuit court opened at 2 p. m. yesterday, Caleb Powers, John Davis, Harlan Whittaker, W. H. Culton and "Tallow Dick" Combs were arraigned on motion of the commonwealth, charged with complicity in the Goebel murder. Judge Cantrill overruled a motion to take up the motion for a change of venue in advance of arraignment. Combs and Whittaker were first arraigned, and each entered a plea of not guilty.

All of the defendants were brought into court and arraigned. All of them entered pleas of not guilty.

Ex-Governor Brown for the defense tendered pardons granted to Powers and Davis by Governor Taylor, and this was followed by a motion to dismiss. The motion was overruled.

The grand jury reported at 3 o'clock. No additional indictments were made public. The report says a number of parties summoned as witnesses refused to appear and give testimony before that body and recommends that they be punished for contempt, but the report does not make public their names.

Big Blast at Golden Gate.

SAN FRANCISCO, May 1.—Shag rock, at the inner end of the Golden Gate, was blown up by government contractors yesterday with 18,000 pounds of nitroglycerin. Three thousand eight hundred cubic yards of rock were destroyed. The electric button was touched shortly after 3 o'clock. A great roar followed, and a column of water rose in the air hundreds of feet. Glassware suffered in the northern end of the city. The fishermen reaped a harvest, thousands of fish being killed.

Five Killed In a Boiler Explosion.

TIFTON, Ga., May 1.—The sawmill plant of J. N. Bray & Co. at Cecil was wrecked by a boiler explosion. Five men were killed and three seriously injured. Several houses were seriously injured by the explosion, and heavy pieces of timber were blown through the walls of the adjoining buildings. The explosion occurred just as the whistle had blown for the men to go to work.

Filipinos Kill Americans.

MANILA, May 1.—Major Gilmore of the Forty-third volunteers reports from Calbayon, Samar, that a detachment of his battalion was besieged by insurgents at Catubig for five days, losing 19 killed and two wounded. Word of the position of the detachment finally reached Major Gilmore, who made a forced march, relieved the besieged force and scattered the insurgents.

Turkey Will Settle Soon.

LONDON, May 1.—The Standard's Constantinople correspondent says that, though he is unable to confirm the report that Turkey has consented to immediately pay the American claims, he is tolerably certain that a settlement is near, Turkey fearing a naval demonstration, which would establish an undesired precedent.

Snow In Wyoming.

CHEYENNE, Wy., May 1.—After a 24 hours' rainfall throughout southern and eastern Wyoming and western Nebraska snow began falling yesterday. Sheep shearing is at a standstill, and it is feared there will be heavy losses, especially among sheep that have been shorn.

To Aid Soldier Homesteaders.

WASHINGTON, May 1.—The senate committee on public lands has reported favorably the house bill allowing to soldiers of the Spanish war and those who have served in the Philippines the time of such service in computing residence upon homesteads.

Syndicate Miller Sentenced.

NEW YORK, May 1.—William F. Miller, who attained notoriety as manager of the Franklin syndicate, has been sentenced by Judge Hurd in the Kings county court to ten years in Sing Sing prison, the maximum penalty provided by the law.

DEWEY IN CHICAGO.

Grand Ball In the Auditorium In His Honor.

TWO THOUSAND PEOPLE ATTEND.

Admiral's Arrival In the Windy City Greeted by Booming Cannon and Cheering Throngs—An Invitation From Canada.

CHICAGO, May 1.—Never in the history of the great Auditorium has there been within its walls a sight more beautiful than that revealed last night when the great ball given in honor of Admiral Dewey was at its height. There have been festal occasions without number in the great hall—dances for charity, balls in honor of illustrious civilians, famous soldiers and distinguished foreigners—but last night was the first time that Chicago has had within her gates as a guest a distinguished representative of the American navy, the first time she has been permitted to pay her tribute of honor and respect to the victor of Manila Bay, and she utilized the opportunity to the full.

There was nothing wanting. It was a decisive success from first to last in all details, from the decorations on the walls to the reception proper which was tendered to the admiral. There were present perhaps somewhat too many people to allow of dancing in comfort had all or half of them cared to dance at one and the same time, but when the dance programme was fairly under way the older people sought the boxes and the spacious foyer, leaving the floor to the younger people, who used it until daybreak. Fully 2,000 people were present.

It being a naval ball, the predominating decorations were of white and green. A canopy was drawn over the hall, making it resemble a huge white capped wave, the deep green at the bottom shading softly into the purest white at the topmost edge. At intervals around the tiers of boxes were placed white galleons which seemingly started from the mist of bunting and delicate hued electric lights which concealed them a few feet from the prow, where dolphins rose from the imaginary sea below. Above each galleon rose a towering mass bearing in relief a lion's head and fluttering with the signal flags of the navy. Behind the figurehead of each galleon stood a sailor, a veteran of the Spanish-American war who saw active service in the Caribbean sea.

Until after the admiral left the hall these men stood steadily peering out over the prow of the fanciful and beautiful ship. The bases upon which the galleon rested, the box fronts above and, higher yet, the railings of the balconies were festooned with the prevailing colors of green and white, while between each two boxes and at either end of the low tiers the national colors were artistically grouped with the union jack.

Long festoons of electric lights marked alternately by yellow lanterns and Japanese lanterns of many shades hung from top to top of the great white masts extending around the hall. On the right and the left of what is usually the stage of the great theater were erected platforms of honor, upon the first of which the Admiral and Mrs. Dewey were seated within handshaking distance of those upon the dancing floor. Upon the second platform were seated Mayor and Mrs. Harrison.

Behind the admiral's box was hung a mammoth admiral's flag bearing the four white stars of his rank. A canopy resplendent with gold braid hung over each box to protect those within from the glare of the many lights which shone from the ceiling and sides of the hall. At each of the two entrances to each box stood at "attention" two sailors from the first ship's crew of the Illinois naval militia.

The admiral's train arrived at the Grand Central depot, Fifth avenue and Harrison street, at 11 o'clock yesterday morning, six minutes ahead of schedule time, amid the booming of cannon and the cheers of hundreds of people. The programme for the entertainment of the city's distinguished guest will take up nearly every moment of his time until his departure Thursday morning for Jacksonville, Ills.

The route of the procession from the depot to the annex was literally packed with eager sightseers, who almost continuously applauded the admiral.

Arriving at the hotel, Admiral Dewey proceeded at once to his apartments, where, however, he was allowed to rest but briefly, for at 12:30 p. m. he was escorted to an informal breakfast given the admiral and Mrs. Dewey by the members of the women's reception committee. At 2:30 p. m. the admiral was given a reception by the Canadian-American association, which presented an invitation to him to visit Canada at his pleasure.

Rural Delivery Celebrated.

WESTMINSTER, Md., May 1.—An event of great interest to the people of Carroll county was the banquet given at the Westminster hotel last evening by citizens of this city to Postmaster General Charles Emory Smith, First Assistant Postmaster General Perry S. Heath and other officials of the postoffice department and members of congress. The dinner was given to celebrate the success of the free rural delivery system which a few months ago was inaugurated in Carroll county. The free rural delivery service is the only complete system in the United States, and the citizens of Carroll county are justly proud of its success.

No Plague Now at Honolulu.

WASHINGTON, May 1.—The latest report from Marine Hospital Surgeon Carmichael at Honolulu, dated April 17 and just received here, confirms the news sent by him by telegraph that no case of the plague has developed since March 31, and the disease is considered to be pretty well stamped out. If no further cases develop, the intention of the Hawaiian authorities is to raise the quarantine and declare the port free from infection on April 30, 30 days from the death of the last case.

Wisconsin Forest Fires Spreading.

MARINETTE, Wis., May 1.—Further reports are to the effect that the forest fires are spreading, and great concern is felt for all the towns north. Nothing definite is known concerning the towns along the Wisconsin and Michigan road, but the danger to all of them is increasing. A report from Ellis Junction says the fires are spreading.

Korea Has Refused.

YOKOHAMA, May 1.—The government of Korea has refused an American request for three mining concessions.

Hard Work Before Him.

It is settled definitely that Chief Justice Magie will succeed the late Alex. McGill as Chancellor of the State of New Jersey, the Chief Justice having yesterday formally notified Gov. Voorhees of his intention to accept the office. It is expected that he will be sworn in office today, and that tomorrow his duties will commence where the late lamented Chancellor left off.

It is expected that Chancellor Magie will probably reappoint the Vice-Chancellors, who have no right to act without a Chancellor over them. The Court of Chancery has been overcrowded with business for a long period, and the practical suspension of its legal machinery, caused by the death of the late Chancellor, has tended to further pile up matters and bring about delay and inconvenience. Chancellor Magie will find an immense amount of work before him in the Chancery, but he will undoubtedly take it up with a judicial temperament and energy that will put this important branch of the State courts to rights—as nearly as it is possible to do so—in a short time.

As to the appointment of the successor of the Chief Justice, Governor Voorhees says that he has not yet reached a decision, but would probably make the announcement within a few days. Rumors were still current that Justice Depue or Justice Collins would receive the appointment, but when asked to verify either of the rumors Governor Voorhees was reticent, and said that all he had to say yesterday was that "the matter was still in statu quo."

The Trenton correspondent speaks of Congressman Loudenslager as undoubtedly the most ambitious man of the Congressional delegation. It was he who first broke the custom in New Jersey of giving Congressmen only two terms. As soon as he sought and was given a third term the Representatives of the other districts made a similar claim and it was allowed. Mr. Loudenslager's example was eagerly and successfully followed. He and Mr. Gardner are now seeking a fifth term, while Messrs. Howell, Stewart, Parker and Fowler each want a fourth. Mr. Loudenslager's great ambition, however, is to be a State leader in the first rank. As a thorough-going, practical politician, he has few equals, and so far he has been very fortunate in all his undertakings. But it is said of him that he is a factionist and may meet with reverses. It now looks as if the State delegation in the present Congress will be the same in the next. Congressmen Daly and Salmon on the Democratic side are also certain of a re-election.

The Trenton True American has a most up-to-date and newsy appearance about it nowadays, which has been made possible by the acquisition of some exceptionally able and live newspaper workers and a notable increase in its mechanical facilities by the purchase of a big web perfecting press. For many years The True American occupied the Jersey newspaper field as one of the leading and most enterprising journals, but it gradually lost prestige and energy until it was a shadow of its former self. Now, however, under the present regime, it has jumped back into its old place, and is one of the best papers in the State.

Controller Bird S. Coler, of New York, suggests as a means of regulating trusts and doing away with their objectionable feature that, through State laws, they shall be made subject to State inspection as national banks are now subject to inspection by Federal official. The Philadelphia Times says this could be a local and not a national remedy and there would probably be more than one State that would withhold such laws in expectation of a big business in charters.

Rev. Charles M. Sheldon, who recently edited the Topeka Capital for one week, sailed for England today. He will devote two months to speaking and organizing the movement of practical Christianity in that country and will then return to the United States, where he will establish headquarters in some eastern city and continue the work of speaking and organizing in every State in the Union.

"A bird in hand is worth two in the bush" evidently commends itself to Frank Bergen as pretty good sense, and he, therefore, announces that he will accept the Porto Rican Judgeship rather than run the chances of defeating Congressman Fowler for a renomination.

Metuchen is holding its first election as a borough today. Like all towns attired in a new municipal dress, it is exceedingly excited and very proud.

It is the mosquito question which will soon be asserting itself in certain parts of New Jersey.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

Those who saw the handsome ambulance on North avenue Saturday, may be surprised to know that it was the one built especially for the late Mrs. William C. Whitney, at the time of her removal from her country home to New York. It came to Plainfield with a private patient from New York.

Last week when the Elizabeth and Westfield Street Railway line was officially opened, Col. Hines, representing the company, remarked that the company would furnish the people with the best rolling stock to be had. This change from the second-hand cars now in use will be welcome. People who visit other cities and ride in other trolley cars know that the Plainfield cars are far from being the best, and the company know it too.

Although the season is rather late this year, spring has certainly arrived. Last Sunday saw many little parties, sometimes of only two and sometimes more, going forth in search of wild flowers. Every pleasant afternoon sees many of the young folk going out on like missions. The wild flowers are now to be found almost everywhere outside of the thickly inhabited neighborhoods and are reported to be more numerous than ever. The bicyclists have brought their machines out of winter quarters and every Sunday sees the small army of wheelmen passing along Union county's famous roads or stopping here for the mid-day meal.

The small boy of Plainfield does not differ from his brothers all over the land, and to him are credited innumerable bright sayings. The teachers in the local public schools are privileged to enjoy their full share. Only a few days ago one of the teachers was instructing her class in the rudiments of natural history. In telling about the elephant, she explained that it was the tusks that made the animal so valuable and caused it to be so widely hunted by the traders of Asia and Africa. Then she told of the various uses to which the ivory is put. When she came to review the lesson a day or two later, she inquired of the class as to what the ivory was used for. Up went one little boy's hand.

"Well, Johnny," she asked, "What is the ivory used for?"

"To make Ivory Soap," eagerly replied the lad.

EARLY INTELLIGENCE.

THE FREE ... COOKING SCHOOL ...

We have never attended a better conducted school. We never knew more affable and entertaining teachers, and never saw pupils so attentive, orderly and generally well-behaved. The delicate art of good cake-baking is made so plain that it is possible for all who attend the school to make cake that must appeal to the most epicurean taste. The mixing of the ingredients has a great deal to do with the matter, but the pans used are of even greater importance.

This illustration shows the "VAN DUSEN" PANS,

acknowledged to be positively the best made. These pans are used by our Lecturers who Demonstrate most clearly the importance of having the right sort of Pan in order to secure the best results. We have a full line of all the styles. They may be had singly or in entire sets. Attend at least one session of our Free Cooking and discover how much there is to be learned about Cake-baking.

REFRIGERATORS ... are now in demand.

Harry L Terry and family moved to Westfield yesterday.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 1.—The opening of court this morning found the representative men from the Citizens' League and hotel men drawn up in battle array. W. S. Emery, in presenting his application for license, will also present to the court a petition, signed by a number of residents of the village, claiming that they believe the old hotel which has stood on the corner for so many years is a necessity and pray to the court to grant the application. Mr. Emery will also be backed up by twelve bona fide signers' signatures on his application. With these two and the hotel's past history he expects to have his application granted. It is said some of the other hotels have been unable to get the requisite number of signatures to their application and will be unable to apply.

Rev. G. M. Shott was in New York yesterday attending the closing meeting of the Ecumenical conference that has been held in Carnegie Hall during the past week.

Mrs. Frank Gaskill, of New Market, has been visiting at the home of friends in town.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 1.—Sarah Ramsey Clark, aged eighty-four years, mother of Hon. Alvah A. Clark, of this place, died at her home at New Germantown Thursday night from pneumonia. She is survived by her husband, Samuel Clark, who is aged ninety, and five children, namely: Alvah A., of Somerville; George, of Lebanon; John T. B., of Califon; Mrs. George Martens, of New York, and Charley, of California. The funeral was held from her late residence this afternoon, Rev. J. P. Krechting officiating, and the remains were taken to Lebanon, Hunterdon county, for burial.

An exciting runaway was witnessed near the depot yesterday noon. A team of horses attached to a coach belonging to C. N. Apgar became frightened from some cause and started to run away from in front of the stable. The driver was on the box, but he was unable to control them. They dashed down Railroad avenue, turned at Division street and went back over Railroad avenue to Union street, where they ran upon the sidewalk alongside of the Carr residence, tearing off the pickets for a distance of 20 feet. Finally one of the horses caught a forefoot in the pickets, which threw him, and brought their wild career to a close. His forequarter was badly skinned and cut, but otherwise he seemed uninjured. A picket had to be knocked off to release his foot.

The regular quarterly members' meeting of the Y. M. C. A. was held in their rooms Monday night and was largely attended. State Secretary Donald McCall was present and made an inspiring address. Remarks were also made by President Case and others. Following this a game of basket ball was played between teams from the Plainfield and Somerville Y. M. C. A., which resulted in a victory for Plainfield by a score of 18 to 12. Considering the fact that the Somerville team is young and that this was their first match game, they put up a strong game and may be expected to do some better work in the future. The Plainfield boys were given a supper by the Ladies' Auxiliary. The game was witnessed with interest by a large number of people.

When court met yesterday Frank Williams, Frank Herbert and Charles Wise, indicted for robbing Louis Feldman's store at Bound Brook, retracted their former plea of not guilty and pleaded non vult. Sentence was set down for May 10th. There being no further business before the court the jurors were excused until May 14th, when the jury appeals will be tried.

Albert Walton Clark, field secretary of the board of domestic missions of the Reformed church, made an interesting address at the Second Reformed church Sunday morning, and preached an able sermon in the evening at the union service of the First and Second Reformed churches.

The County Board of Education will meet at the Court House, Saturday, May 5th, at 2:30 p. m., to consider the report of the committee on regulations for the engagement of teachers. J. A. Betts, Assistant State Superintendent, is expected to be present.

Mrs Jennie M. Drinkwater Conklin, a widely known writer of books, whose death occurred Saturday at New Vernon, was a sister-in-law of Mrs. John T. Conklin of this place.

Miss E. E. Batcheller, of this place, State Regent of the Daughters of the American Revolution, attended the meeting at Atlantic City Saturday and made an address.

Mrs. John B. Stryker spent Sunday at Millstone with her parents, Mr. and Mrs. W. C. Stryker.

Miss Mary Bartine spent Sunday with Miss Stella Smith, at Millstone.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 1—Quite a number of people think that the present school ground is too small for a $6,000 house, but the way the call for the meeting is made citizens can only vote for or against a house to cost that amount on the present site.

One of McDonough's small houses is now ready for the plasterers, and the frame work for another is up.

Morris Higgins is excavating the cellar for the house J. D. Loizeaux will build for Michael Day.

The coal storage is making full time so far this spring, but the men are expecting a slack time soon.

George Clark is starting a new stage route between here and Plainfield.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

Next Friday evening will be produced at Music Hall Pinnero's charming domestic comedy of "Sweet Lavender." This performance is one that can be witnessed by the most fastidious. There is nothing to offend the eye or ear, nothing suggestive of anything but what is natural and pure, in fact it shows the bright side of nature. Great care has been taken in selecting a company adequate to the task required in depicting this beautiful drama, one of the best light comedies of the day, viz: Junias Booth, nephew of the late Edwin Booth, will play the American lover; David Miles has been selected to play the Role of Dick Phynel; Charles Pelt, late of Richard Manefield's company, will play the lead; Miss Hendrie, late of Joseph Jefferson company, will play Sweet Lavender, and Harry Gwynette, who has long been a resident of Plainfield and its vicinity, will be seen in a congenial character. It is predicted that there will be a full house and those who do not witness this performance will miss a great treat.

To Speak to Boys.

C. T. Kilburn, of the Orange Y. M. C. A., will speak to the boys of the gymnasium classes of the Y. M. C. A. next Saturday at 4:15, and to the men at 8 p. m. There will also be a sociable for men next Saturday.

—The trouble with the borough fire alarm wires has been discovered and remedied. The tapping of the bell was caused by two wires coming in contact with each other.

Vermeule-Scully Nuptials.

The marriage of Miss Margaret Scully and Frank Vermeule was performed last evening by Rev. P. E. Symthe, at the rectory of St. Mary's church. Mr. and Mrs. David Angerbauer, of West Third street, stood up with the couple. A reception was held later which was attended by the immediate relatives and friends. They will take up housekeeping shortly on East Front street.

The constitutional committee of the Swedish riksdag has reported in favor of the impeachment of the ministry.

Striking Miners Enjoined.

WILKESBARRE, Pa., May 1.—Judge Halsey has made permanent the injunction against the striking miners formerly employed by the Temple Coal company and the United Mine Workers' association restraining them from interfering with the pump runners, engineers and others who are working at the striking collieries. Judge Halsey holds that the defendants have the right to refuse to work for the plaintiff, but they cannot interfere with the personal rights of others who desire to work by threats, menaces or display of force. The right to work is always personal and cannot under the law be denied to any person who so desires to work.

Melba Not to Wed.

BERLIN, May 1.—Mme. Melba published last evening through Herr Wolff, the impressario, a statement that all reports representing her as contemplating marriage are entirely without foundation, including the report that she would marry Mr. Haddon Chambers. The statement concludes as follows: "Any further tales of this kind will be equally unfounded, even if the most prominent newspapers should publish them."

A Bee In His Ear.

CHICAGO, May 1.—John Geisler, a broker residing at 5616 Peoria street, was operated on for deafness on last Thursday. His physician, Dr. C. Hubart Lovewell, says he removed from Mr. Geisler's ear a bee embalmed in wax. Mr. Geisler recalled that the bee had flown into his ear 28 years ago when a youth in Kansas.

Killed by Falling Scaffold.

ALBANY, May 1.—By the giving way of a scaffold two painters, Hugh McDade and Newton Lovejoy, were dashed to the pavement, 35 feet below, and were instantly killed. They were painting a four story house when the accident occurred. Both were middle aged and are survived by families.

WORK IN CONGRESS.

Lacey Game Bill Passed—Senate Refuses Sympathy to Boers.

WASHINGTON, May 1.—The house yesterday passed the Lacey bill to enlarge the powers of the department of agriculture and to prohibit interstate commerce in game killed in violation of local laws. It authorizes the secretary of agriculture to provide for the introduction and restoration of game, song and insectivorous wild birds. It gives him the power to prevent the introduction of undesirable foreign birds and animals and prevents the killing of game in violation of state laws for concealed shipment to states where it can be sold in the open markets. The senate bill to create a commission of five to investigate and report upon the commercial and industrial conditions in China and Japan was debated at length, but was vigorously antagonized by the Democrats, and they finally succeeded in striking out the enacting clause in committee, and this motion was pending when the house adjourned. If the motion prevails in the house, the bill is dead.

The bill for a constitutional amendment to disqualify polygamists for election as senators and representatives and to prohibit polygamy, which was reported by the committee on the election of president, vice president and representatives in congress, was referred to the committee on judiciary after meeting with opposition from both sides of the house. Every speaker who antagonized the bill said he opposed polygamy, but did not see any reason for legislating in the constitution and invading the rights of the states. The house agreed to the conference report on the joint resolution extending the tenure of military officers in Porto Rico.

Again the question of expressing sympathy for the Boers was thrust upon the attention of the senate. This time it came up on a motion to proceed to the consideration of the resolution introduced by Mr. Pettigrew of South Dakota which was before the senate last Saturday. The motion was defeated—29 to 20.

Late in the session the senate after brief discussion agreed to the conference report on the joint resolution relating to the administration of civil affairs in Porto Rico and providing for the appointment of temporary officers on the island.

During the greater part of the session the Alaskan civil code bill was under consideration, but no progress was made.

JUST A TASTE

of our Butter is enough. Henceforth we have you as a customer.

We carry three different grades of butter, each of which has its special merits.

Our Rockdale Print Butter at 25 cents per pound, is the best on earth. It has the rich, delicate flavor of the finest cream and for table use cannot be surpassed.

Some of the cheaper grades of butter sold elsewhere are often tasteless. Our lowest priced goods are of excellent flavor.

Bayern.

München. Die von hier ausgegangene Petition zu Gunsten der Flottenvorlage war bis vor Kurzem bereits mit 100,000 Unterschriften bedeckt. Am stärksten betheiligten sich Sachsen, die Rheinpfalz, Westfalen und Reuß ä. L. Von einzelnen Städten steht an erster Stelle Leipzig, dann folgen Dresden, Berlin, München, Danzig, Kiel, Stettin.—Der verstorbene Kreismedizinalrath Dr. Aub hat dem Verein für invalide und unterstützungsbedürftige Aerzte in Bayern letztwillig 10,000 Mark vermacht, ferner für die Armen der Stadt Feuchtwangen 5000 Mark zu einer Stiftung; dann 1000 Mark dem Verein für Ferienkolonien in München und 1000 Mark der Philisterkasse der Burschenschaft „Germania" in Erlangen.

Feldkirchen. In unserem Orte waren seit etwa einem Jahre eine Reihe mysteriöser Brandfälle vorgekommen. Nun hat man entdeckt, daß ein Mitglied der freiwilligen Feuerwehr, der 32jährige Dienstknecht Josef Burgstaller aus Oesterreich, der Brandstifter ist. Er wurde auf frischer That ertappt und hat sämmtliche Brandstiftungen gestanden. Augenscheinlich hat man es mit einer Manie zu thun.

Lohr. Die Influenza tritt hier sehr stark auf. Ueber 240 Personen lagen kürzlich krank darnieder. Täglich kommen Todesfälle vor. Gestorben ist unter Anderen die Institutsvorsteherin der hiesigen Töchterschule und des Frauenklosters, M. Math. Ullrich aus dem Orden der Franziskanerinnen.

Murnau. Unlängst hat die technische Abnahmeprüfung der von der Aktiengesellschaft Elektrische Werke, vormals O. L. Kummer u. Co. zu Dresden, erbauten Lokalbahn Murnau-Kohlgrub-Oberammergau stattgefunden.

Neuenmarkt. Vor Kurzem passirten zwei Burenkinder aus Afrika unsere Station auf dem Wege nach Bayreuth zu ihrer Großmutter. Der Knabe, 5½ Jahre, und das Mädchen, gegen 4 Jahre, hatten je ein Täfelchen um den Hals mit der Adresse der Großmutter in Bayreuth. Sie sprachen deutsch. Der Knabe gab auf die Frage, wer und wo sein Vater sei, stramm und unerschrocken die Antwort: „Vater ist Soldat bei den Buren."

Nürnberg. Die hier verwaltete Wittelsbacher Landesstiftung zur Förderung des bayerischen Handwerks in Stadt und Land, die ihrer Zeit mit einem Grundstockvermögen von 578,000 Mark errichtet wurde, hat kürzlich wieder eine Schenkung von 20,000 Mark von einem Wohlthäter erhalten.

Regensburg. Die Arbeiter des Dampfziegeleibesitzers und Baumeisters Heinrich Wiedemann dahier haben bei Erdaushebungen eine römische Münze ausgegraben. Das Gepräge der aus Bronze bestehenden und noch gut erhaltenen Münze stellt den römischen Kaiser Trajan (98 bis 117 n. Chr.), die Rückseite eine Göttin mit Füllhorn und Opferschale dar. Die Umschrift lautet: „Dem besten Fürsten—Volk und Senat von Rom."

Würzburg. Die Verhandlungen zwischen Stadtgemeinde und Militärfiskus sind zum Abschluß gekommen. Die Stadt erwirbt für 3,500,000 Mark die alten Festungswerke im Mainviertel, die Trainkaserne, das Lazareth, die alte Infanteriekaserne und den Cardistenbau in der Kapuzinerstraße und stellt die nöthigen Ersatzbauten bis zur Höhe des erwähnten Betrages her. Ausgeschlossen von dem Erwerb bleiben die Festung und der Marienberg.

Aus der Rheinpfalz.

Speyer. Die Kaiser Wilhelm-Glocke für die neue Gedächtnißkirche in Speyer ist jüngst unter Theilnahme einer vieltausendköpfigen Menge feierlich eingeweiht worden. Die Schale der Glocke wiegt 182 Centner, die ganze Glocke mit Klöppel und Achse etwa 220 Centner. Die Glocke hat ohne Stuhl einen Metallwerth von 22,455 Mark. Der ganze für alle fünf Glocken zur Aufstellung kommende eiserne Stuhl wiegt 600 Centner und kostet 13,800 Mark.

Leistadt. Der Schuhmacher Merz erschlug seine Frau und durchschnitt sich dann mit einem Schlächtermesser die Kehle.

Württemberg.

Stuttgart. Die Frequenz der hiesigen Straßenbahnen hat im Jahre 1899 um 10 Prozent zugenommen; es wurden nahezu 11,500,000 Personen befördert. Die Einnahmen an Fahrtaxen betrugen 1,209,000 Mark (135,000 Mark mehr als im Vorjahr).—Präsident a. D. Gustav v. Bockshammer, früherer Direktor der Kultministerial-Abtheilung für Gelehrten- und Realschulen, ist, 85 Jahre alt, gestorben.

Friedrichshafen. Mit dem lenkbaren Luftschiffe des Grafen Zeppelin sollen im Juni d. J. die ersten Flugversuche unternommen werden.

Heilbronn. Hierorts hat sich ein Komite gebildet, um dem im Frühjahre 1894 verstorbenen Dichter Ludwig Pfau ein würdiges Denkmal zu errichten. Das Komite ersucht in einem Aufrufe um Beiträge für die Errichtung des Denkmals.

Nordheim. Das Schwurgericht verurtheilte den Gemeindepfleger Karl Ph. Kyriß wegen Unterschlagung von Amtsgeldern zu zwei Jahren zwei Monaten Gefängniß.

VARIOUS NOTES.

Symbolism of Jewels—Items of the Bridal Costume.

The diamond is credited with power to preserve affection between husband and wife, and on that account is so much used for engagement rings. The ruby brings good fortune and symbolizes charity, loyalty and valor. The emerald gives fidelity and hope. The turquoise is the emblem of sincerity, confidence, friendship and tenderness. The sapphire betokens justice, beauty and nobility. The topaz signifies true love, also riches.

SATIN GOWN.

A bride no longer carries a bouquet, nor yet a lace handkerchief. The prayer book alone occupies the hand, and is bound in missal style, the ivory covers having fallen into disfavor through being imitated in celluloid. The gloves worn may be either suede or glace kid, but the latter usually fit better and appear more elegant. The stockings are of plain silk, or have insertion of valenciennes or mechlin lace, and low slippers accompany them. These are of white satin, and it is considered better form not to have them ornamented with embroidery or buckles.

The illustration shows a costume of black satin. The redingote skirt is laid in large plaits and opens over a front of lettuce green satin, the sides being bordered with an application of guipure. The close bodice has a plastron of lettuce green satin, with a collar and bretelles of guipure, seeming a continuation of the lace on the skirt. A fringed drapery of lettuce green crepe de chine is fastened at the left side of the corsage by a chou and buckle and folds to the waist. The tight sleeves are plain. The collar is of green satin, the belt of black satin with a buckle. The hat of black spangled tulle is trimmed with green satin, a gold buckle and white feathers.

JUDIC CHOLLET.

MODES AND FABRICS.

Gowns of Thin Cloth and Their Appropriate Decoration.

Cloth costumes of very light weight are among the most elegant of the season. The material called pastel cloth has a finish resembling the powdery pigment for which it is named, and the surface is as delicate as the bloom on a plum.

Thin fabrics are ornamented, as they were last year, with painted garlands of flowers. These are mostly for ball gowns and are very delicate and expensive. Similar designs are painted on silk, cotton and linen muslins at a comparatively low price, and the effect is almost as good.

Cloth guipure, which is really cloth cut out in patterns and embroidered at

CLOTH TOILET.

the edges, is a novelty which is a costly and highly appropriate decoration for cloth gowns. It is sometimes made upon a foundation of strong, plain net, which gives it greater firmness.

A picture is given which shows a costume of pastel blue cloth. The skirt has four plaits let in at the sides and back, but is otherwise plain. The bolero of blue velvet, which has short sleeves edged with guipure and a guipure bertha, is placed over a lower bolero of cloth like the skirt, closed by ornamental buttons and tabs. The collar and draped chemisette are of white mousseline de soie. The cloth bolero has long, tight sleeves. The hat of white straw has a drapery of blue mousseline de soie entirely covering the brim. The drapery is fastened at the left side by a large jeweled ornament.

STRIKE AT A STANDSTILL.

New York Central Hands Await a Conference—Other Strikes Started.

BUFFALO, May 1.—With the ultimatum that was to have been given yesterday deferred the status of the strike of the car repairers of the New York Central is unchanged excepting so far as the action of President Callaway in consenting that Superintendent Wait of the motive power department shall meet in conference the members of the executive committee has tended to create a belief among the strikers that the company is disposed to pursue a conciliatory policy.

The leaders of the strike are very pronounced in their expressions of determination to make no concessions. They also inveighed against further delay and insisted that the settlement must come at once, else they could not be held responsible for preventing a spread of the strike. It was freely stated that the strike spirit had taken hold of the railroad men of Buffalo and that procrastination would prevent its being held in bounds.

Last night about 1,000 freight handlers employed in the railway freight houses of the roads entering Buffalo other than the Lake Shore decided to strike for an increase of wages and shorter hours. This movement is independent of the strike of the car repairers, and although its bearing is important it is incidental as relating to the issues involved. The leaders of the original strike disclaim any responsibility for the action of the freight handlers.

Two hundred men employed in the yards of the New York, Lake Erie and Western at repair work also struck last night.

TO MAKE LACE.

Machinery and Experts to Be Brought From England.

WASHINGTON, May 1.—John Alexander Dowie, the well known faith healer of Chicago and the "general overseer of the Christian Catholic church," was at the treasury department yesterday and had a conference with Secretary Gage and Assistant Secretary Taylor. He stated that he had recently purchased at Nottingham, England, five machines for making Nottingham lace, as well as other necessary machinery, which he would set up near Waukegan, Ills. He also had engaged under contract 20 experts in lace making, and his purpose in seeing the treasury officials was to learn whether there would be any legal objection to their coming into the country.

Mr. Dowie was informed by the secretary that the contract labor laws of the United States made specific exception in the cases of workmen to be employed in an industry new to this country, and as lace making undoubtedly was a new industry here there could be no objection to his bringing over the men he had engaged.

Dr. Dowie stated that he had 20,000 acres of land near Waukegan, where his lace plant would be established for the benefit of the members of his church community, and he expected to make the enterprise very profitable.

Soldiers' Remains on the Sherman.

WASHINGTON, May 1.—Colonel Patton of the quartermaster general's office has been informed that the remains of 22 soldiers arrived at San Francisco on the transport Sherman from the Philippines. Five of the soldiers died on the voyage. The other 23 lost their lives in the Philippines either from wounds or disease. Among the latter number was one commissioned officer, First Lieutenant Edgar F. Koehler of the Ninth infantry, who was a native of Illinois and who entered the army as a private in November, 1891. At the request of his family his remains will be interred in the Arlington National cemetery, and they are now on their way across the continent to this city.

Rumors of Another Strike.

NEW YORK, May 1.—The strike of the Italians at the Cornell dam, near Croton Landing, N. Y., having become a thing of the past, work is going along smoothly. How long this condition may prevail is uncertain, as there are rumors that the stone masons intend to go on strike and that they will demand an increase in their wages of 25 cents a day. Some of them are now getting from $3 to $4 a day. The sheriff has a few deputies still at the dam, who take turns at day and night work. The contractors also have a number of their own men on guard.

Famous Artist Dead.

BOSTON, May 1.—Francis Gilbert Attwood, artist, whose work in Life and other publications as an illustrator has made him famous, is dead at his home in Jamaica Plains. This city was Mr. Attwood's native place. He was graduated from Harvard in 1878, while there having been an editor of the Harvard Lampoon, on which his sketches first showed the great genius that he possessed.

The President's Plans.

WASHINGTON, May 1.—President McKinley has indicated his purpose to attend, if possible, the reunion of the Army of the Potomac at Fredericksburg on May 25, and if the public business will permit he also will attend the Memorial day ceremonies at Antietam battlefield on May 25.

SO DECEPTIVE.

Many Plainfield People Fail to Realize the Seriousness.

Backache is so deceptive

It comes and goes—keeps you guessing.

Learn the cause—then cure it.

Nine times out of ten it comes from the kidneys.

That's why Doan's Kidney Pills cure it.

Cure every kidney ill from backache to diabetes.

Here's a Plainfield case to prove it:

Mr. Geo. S. McGinnis of No. 213 Somerset St., foreman of R. H. McCullough's Sash and Door Mfg. Co., says:—"I never was sick a day in my life until a pain struck me across my back and a lameness over the kidneys. I did not pay much attention to it at first, thinking it would soon pass away, but instead of this it grew worse. A bladder trouble set in. I saw Doan's Kidney Pills so highly recommended by those who had used them for such troubles that I went to L. W. Randolph's drug store and got a box. I used them according to instructions and felt somewhat relieved. Continuing the treatment, by the time I had finished the third box, the pain in my back and lameness disappeared."

For sale by all dealers, price 50c. a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

THE PRETTY MAID.

"Where are you going, my pretty maid?"
"I'm going to Harker's store," she said.
"What will you do there, my pretty maid?"
"I'll get great bargains, sir," she said.
"He sells magazines at the publishers' price,
And his store is just delightfully nice.
He has pretty inkstands and paper weights,
Alphabet blocks and transparent slates.
"He has all the popular novels, too,
And special books he'll get for you.
He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.
He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.
"He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

BOERS LIVELY AGAIN

Renewed Activity Near Bloemfontein Causes Alarm.

BASUTOS SEE STRANGE SIGHTS.

British Allow the Enemy to Retire Peacefully With Herds—Sixty-five Bodies Taken From Ruins of the Begbie Iron Works.

LONDON, May 1.—The Boers are now showing uncommon activity west of Bloemfontein. They are in force between Fourteen Streams and Kimberley. On Sunday they occupied Windsorton, west of the railway, and now threaten to interrupt the communications of the British force at Warrenton, to the north.

This, too, at a time when General Hunter is about to start on a 200 mile march to Mafeking probably with 5,000 men.

To the east of Bloemfontein the Boers Sunday night were still holding the hills near Thaba N'Chu, while behind them long wagon trains loaded with wheat for the Boer army in the north are moving through Ladybrand.

The British captured one Boer convoy on Saturday, but its size is not mentioned in the dispatch, which barely announces the fact.

Wepener, lately the scene of incessant fighting, is deserted, General Brabant and Colonel Dalgety having moved northward.

A dispatch from Maseru, dated Monday, says:

"The Basutos are a second time astounded to see the Boers peacefully retiring with herds which the natives think should be the booty of the British, who are said to be the conquerors."

According to information from Maseru, the main body of the Boers reached Leeuw river, due west of Ladybrand, Sunday, small parties trailing behind at intervals of ten miles to protect the rear and whip up the herds.

A dispatch to The Daily News from Lourenco Marques says:

"Sixty-five bodies have been extricated from the ruins of the Begbie Iron works at Johannesburg."

The Lourenco Marques correspondent of The Times, telegraphing Monday, says:

"Part of the machinery of the Begbie works has started again. The federal governments continue to buy enormous quantities of provisions."

British Ordered From Johannesburg.

PRETORIA, May 1.—As a sequel to the Johannesburg explosion the government has ordered British subjects, with a few exceptions, to leave the republic within 48 hours. Nearly £4,000 have been subscribed for the relief of the victims. More than 100 bodies have been removed from the debris.

The St. Mary Juniors defeated the West End Specials yesterday, by a score of 6 to 2 The game was played on the Washington avenue grounds.

Last Saturday afternoon the East End team played a game of ball with the Netherwood team and won by a score of 30 to 18. The pitchers for the winning team were T. Brown and P. Benford. T. Burns was the catcher and Willie Mullin played first base. Charles Montroes pitched for the other side and T. Caufield was the catcher.

The Plainfield High School team will play two games this week. Wednesday afternoon the second game with the North Plainfield High School will be played on Martine Common. The game will begin at 3 o'clock In the first of the series between the two clubs the borough team won, but the game was close enough to give the city boys a chance to hope for a different result in the second game. Since the game with Leal's School the city High School team has been practicing hard and there is promise of much improvement in the team's playing. The team from the Hasbrouck Institute, of Jersey City, will be the opposing team to be played on Martine Common Saturday afternoon. Claude Edwards, who pitched last year for the High School, is now pitching for the Hasbroucks.

Mrs. Edward Randolph and daughter, of West Fourth street, has returned from a visit with relatives at Nyack, N. Y.

Miss Gilmore, of New Brunswick, who has been visiting her cousin, Mrs. Robert Strong, of East Ninth street, returned to her home yesterday.

Mr. and Mrs. Edwin S. Hunt, of New York, returned home yesterday after spending a few days at the home of Edwin W. Conklin, First place.

Miss Montague, teacher in the commercial department of the Borough Public High School, is detained at home with an attack of tonsilitis. She will return to her position in a few days.

Funeral of Late Robinson Pound.

The funeral services of the late Robinson Pound, who died Friday last, were held yesterday afternoon from the house on East Second street, and were largely attended by Friends. Rev. G. Kennedy Newell, pastor of Hope chapel, officiated. There were remarks by several Friends, who knew the deceased very well. The interment took place in the cemetery back of the Friends' meeting house on Watchung avenue.

Heavy Fine Imposed.

Max Mintz was arrested yesterday by Marshal Pangborn, of the borough, who charged him with keeping hides and fats at 50 and 133 Pearl street, which is against the borough ordinance. Mintz has repeatedly been warned against this practice, but paid no heed to the warnings. He was arraigned before Justice Mattison, and was fined $30 and cost of the court. The fine was paid.

TOOK CHILDREN FROM FATHER.

Edwards Was Kept in Jail so he Could Not Abuse Family.
(Special to The Daily Press.)

Elizabeth, May 1.—After spending three months in the county jail for ill-treating his family, Harry Edwards, of Westfield, has been released from prison. Edwards is a widower and has five children, all of whom are small with the exception of one girl, who was forced to work, and what money she earned her father spent for drink. His cruelty to the younger children was brought to the notice of the Overseer of the Poor and the State Charities' Aid Association. The society's officers decided to have the father arrested and kept in jail until homes had been secured for all his children. This has now been done, hence his release.

Edwards is forty-five years old and his parents were wealthy. He was brought up in luxury and never did any work. The money he inherited was soon squandered.

Giant Tramp Landed in Jail.
(Special to The Daily Press.)

Elizabeth, May 1.—Chief Wright, of Rahway, brought a giant tramp to the county jail yesterday, who, with Robert Murphy, was arrested in Rahway for holding people up on the streets and demanding money. The giant gave his name as Frank Harrison. He is six feet four inches tall, and was clad only in a dirty white shirt and a pair of navy trousers when brought here. He tore his coat and vest to shreds in a cell at the Rahway police headquarters. He was given sixty days in jail.

Martins are in Possession.

A pitched battle between the martins and sparrows in the cotes in front of Frank Linke's store attracted a great deal of attention this morning. The cries of the combatants could be heard for several blocks. As usual the martins came out victorious and the discomfitted sparrows beat a retreat.

Hospital Governors Met.

The monthly meeting of the board of governors of Muhlenberg Hospital was held last evening. Nothing but routine business was transacted. A number of the governors were unable to be present on account of other engagements and the discussion of a new site for the hospital did not come up.

Anna Singer Arrested Again.

Anna Singer, of Steiner place, who recently figured in the Borough Court on a charge of being disorderly at her home, was arrested in the borough last evening on a charge of being intoxicated. She was locked up and will be given a hearing this evening at 7 o'clock before Mayor Smalley.

Pipes in the Streets.

Residents in the vicinity of Woodland and Putnam avenue are complaining about the way in which the city allow pipes to be stored on the street. Some of the pipes occupy a good portion of the street, making it rather dangerous for driving, especially with rubber tire wagons.

For Flagging Berckman Street.

Street Commissioner Gavett has had stakes placed on Berckman street for flagging from Front to Second streets. Some of the stones are already on the ground. Grade stakes are also being placed on Putnam avenue for re-macadamizing.

The Village Choir.

Jed Basset's village choir, of Punkin Ridge, will appear at the Monroe Avenue church Thursday and Friday evenings of this week, and a good time is promised all who attend.

Jersey Postmasters.

These fourth-class New Jersey postmasters were appointed yesterday: Herbertsville, A. S. Osborn; Pluckamin, Stewart Brown.

Mrs. Charles Butler and her daughter, Miss Butler, of San Francisco, are registered at the Park Avenue Hotel, this city, having been called here by the illness of Mr. Butler, at the home of his son-in-law, Dr. E. W. Hedges.

TELEPHONE SERVICE.

THE NEW YORK AND NEW JERSEY TELEPHONE COMPANY,

333 Park Avenue, Plainfield, N. J. 3 12 3m

WILL SMASH STRONG-BOX.

Supposed to Contain Securities, but Fugitive Has the Key.

Sheriff Barclay, of Middlesex county, is arranging to break into the safe deposit vault of the National Bank of New Jersey, at New Brunswick. The safe-breaking, however, will be by consent of the bank directors and under the supervision of the bank officials.

When John Bainbridge, paymaster of the Janeway & Carpenter wall-paper factory, who maintained a seashore cottage and an expensive establishment on a salary of $9 a week, fled and a big shortage in his accounts was discovered it was found that he had rented a safe-deposite box from the National Bank of New Jersey. The wall-paper firm secured an attachment, which was placed in the hands of Sheriff Barclay. The box can be opened only by both of two keys, one of which Bainbridge holds. The bank holds the other, but it is useless without the second.

Attempts to secure a duplicate key have failed, and a lock expert is to be employed to smash the lock of the box. This will probably be done some time today.

Sterling Metal Company Incorporrted.
(Special to The Daily Press.)

Elizabeth, May 1.—The Sterling Metal Company filed articles of incorporation Saturday with the Clerk of Union county. The company is capitalized at $100,000 and the incorporators are: W. H. Patterson and Carl K. Palmer, of 190 Broadway, New York, and W. J. Leddell, of Summit. The company's New Jersey office is at 39 Oak Ridge avenue, Summit. The corporation will carry on the business of manufacturing anti friction metal and will purchase the patent granted to H. G. Torrey governing this industry.

An Experiment in Economy.

Beginning with today the maintenance of the Millburn township poor farm will pass out of the hands of the Township Committee of that place. It will hereafter be under the management of Oliver Bonnell, who has secured the lease of the farm at an annual rental of $125. He will care for the poor at the rate of $10 per month each. This new arrangement is an experiment on behalf of the Township Committee. It is done as a stroke of economy.

SCARLET FEVER PREVALENT.

Every householder is hereby urged to use disinfectants daily during this month, thus warding off the prevailing diseases and preventing future sickness. For purifying the waste pipes, closets, sinks and all waste carrying arrangements, for sprinkling about the cellars, store rooms, etc., Platt's Chlorides has proven a most reliable and economical disinfectant. It is a colorless liquid and when diluted and sprinkled about leaves no stain or smell while it instantly removes any foul odors and destroys disease breeding matter. A quart bottle will last an average family a month and it can be obtained at all druggists. 4 30 2

ESTABLISHED MAY 10, 1887. PLAINFIELD, N. J., WEDNESDAY, MAY 2, 1900. TWO CENTS A COPY—$5 A YEAR.

FAVOR SPRINKLING OF THE STREETS BY CITY.

Ordinance to be Introduced in Common Council Providing For City Sprinkling.

CITY IS NOW VERY DUSTY.

EXPENSE TO BE MET BY SPECIAL TAX ON PROPERTIES BENEFITED.

Movement is Now on Foot Looking Toward General Watering of Streets in Limited District—Can be Done Cheaply by the City.

A stranger came to Plainfield a few days ago and started to walk through the business streets. Great clouds of dust swept by. He could not see, breathing was a difficut task, while talking was impossible. His natty suit and derby lost their fine appearance.

"What's the matter with the town?" he gasped, as the dust cloud wandered up North avenue looking for fresh victims. "Why don't you water your streets?" That was what others wondered, too. A number of citizens have been meditating on that same question while they have struggled through the dust for the last month, and have decided that the city should take action in the matter.

This movement for street sprinkling is favored by several of the Councilmen and an ordinance will soon be introduced in the Common Council providing for the sprinkling of the streets by the city within certain limits and at the expense of those directly benefitted.

There has been comparatively little rain this spring, and even when it does rain the principal thoroughfares are soon dry. The result has been seen in the clouds of dust that have made life miserable for driver and pedestrian. After swallowing several pounds of it the citizens are waking up to the fact that it must be stopped. There has been some sprinkling done, but the work has not been general enough.

It is intended by those who advocate the scheme to have an ordinance introduced into the Council at the earliest opportunity. It will provide for the sprinkling of all main streets included in the rectangle formed by Plainfield avenue on the west, Front street on the north, Richmond street on the east and Seventh street and LaGrande avenue on the south. It is proposed to have the sprinkling done by city carts under the charge of the street department.

To meet the expense of such a plan, it is intended to provide a special tax to be assessed against the property benefitted by the sprinkling. The city will do the work at a less cost to the citizens than will private contractors.

The trolley cars are responsible for lots of the dust, but, under the present city ordinance, the Street Railway Company is only compelled to sprinkle along its lines between May 15th and October 15th. An attempt may be made to amend the ordinance so that the company will look after the streets occupied by its lines whenever necessary.

When property owners, outside the limits of the regular sprinkling districts, wish to have their streets sprinkled as well, the ordinance will provide for the Council taking the necessary action after a petition from the property owners along the thoronghfares in question shall have been received. The special sprinkling tax will then be assessed against the property thus benefitted.

TWO MEN FOR ONE JOB.

RED HOT FIGHT FOR POLITICAL PLACE IN SOMERSET.

Supervisor for Macadamizing of East Millstone Road Not Yet Settled.

(Special to The Daily Press.)

Somerville, May 2—The fight between the two factions of the Republican party in this county over the appointment of a supervisor of the new stone road which is being constructed between East Millstone and New Brunswick, may result in serious litigation. When the work was begun last week two supervisors appeared on the scene and they have been on duty every day, though the law only provides for one.

Charles Welsh was appointed early in the winter by State Road Commissioner Budd upon the recommendation of L. A. Thompson and other Republicans from the county. There was no objection to the character and ability of Mr. Welsh, but Senator Reed insisted that Welsh's appointment should be revoked and J. Newton Voorhees, of Middlebush, a warm adherent of the Reed faction, should be named in his place. Mr. Budd yielded to the demand for Mr. Welsh's removal, but before any appointment could be made, Mr. Voorhees died. Since then John Shethoff has been appointed as supervisor. Mr. Shethoff is highly esteemed and is satisfactory to everybody concerned, but Mr. Welsh claims that the Road Commissioner had no right to revoke his appointment except for better cause than political objection and he is serving under advice of his counsel.

The Board of Freeholders has received a sharp letter from the State Road Commissioner, urging that they recognize Mr. Stethoff's appointment by paying his bill when presented, but it is said that the Freeholders have decided to let the courts settle the difficulty. Mr. Welsh and Mr. Stethoff are personal friends, and the latter says he does not care enough for the office to make a fight for it. He only accepted it at the solicitation of friends. His resignation is daily looked for and then the fight may be renewed. The supervisor gets $3 a day while the work of construction goes on.

SALE ENDS TOMORROW.

Stock For Rummage Sale is Nearly Exhausted—Receipts Now Reach $1,360.

The Rummage Sale will end tomorrow evening. Such is the decision of the committee in charge. There is only enough stock remaining in the store room in the Stillman building to replenish the tables tomorrow morning for the last day of the sale. In order to dispose of everything, it has been decided to reduce the prices even lower than they have been. Today the prices have all been greatly reduced and will be even more so tomorrow.

Yesterday's receipts have brought the total amount up to $1,360, which is $100 better than it was yesterday. It is probable that the sale will bring in over $1,500 before it ends.

FINED $10.

Unless it Was Paid Mrs. Bearsford Would Have Gone to County Jail.

Mrs. Bearsford, who was arrested in the borough Monday evening on a charge of being drunk and disorderly, was arraigned before Mayor Smalley last evening. She was represented by Walter L. Hetfield, Jr., who, on behalf of the prisoner entered a plea of non vult. It will be remembered that the woman was arrested recently and promised to leave the borough is released. The fact that she had returned was against her and Mayor Smalley was not disposed to be lenient with her. He therefore fined her $10 or ten days in the county jail. The fine was paid.

AMATEUR ACTORS SHOW FINE TALENT.

"A Night Off" Performed in Music Hall With Great Success Last Night.

A BRILLIANT AUDIENCE.

CLEVER WORK OF THOSE WHO ACTED THE CHARACTERS.

Former Mayor Saunders Made a Distinctive Hit in the Leading Role—Most Fashionable Gathering Since "Diplomacy."

Local amateur dramatics scored a marked success last night in the presentation of "A Night Off" in Music Hall to an audience that was the most brilliant and fashionable from a social standpoint that has been gathered together since the pretentious histrionic effort of playing "Diplomacy" was made in the same theatre a year ago.

Music Hall was filled to its capacity to accommodate the audience that was anxious to witness the performance for "sweet charity's sake" and to admire and applaud the really meritorious efforts of those to whom had been allotted the difficult roles in the cast of characters to the charming comedy.

The piece has many pleasing and humorous situations, but the fact that it was written by the late Augustin Daly for a company of artists whose great ability was recognized, is suffice to say that it requires skilled and thorough appreciation in interpretation. In this respect the amateurs who portrayed the various characters last night showed remarkable talent.

One setting of the stage was all that was required for the four acts. The scenery and arrangement of the furniture and fittings made a pretty picture for the audience to gaze upon.

Former Mayor William L. Saunders, who has been most energetic and indefatigable in his efforts to make the performance a success in all respects, acted a character that displayed his dramatic talent to admirable advantage. As "Justinian Babbitt," professor of ancient history in the Camptown University, who made a venture in the show business that involved him in almost endless complications with his prosaic and puritanical wife, he handled the leading role of the piece in a manner that undoubtedly carried it to the success which was attained. Compared with the character that he portrayed in "Diplomacy" a year ago, it showed that Mr. Saunders was versatile and an artist of more ability than is usually credited to the amateur.

As the comedian, represented by "Marcus Brutus Snap," a theatrical promoter and manager whose professional work involved "Professor Babbitt" in his woes, William R. Cock kept the audience in roars of laughter. Mr. Cock's make-up was typical of the self assuring and presumptions theatrical man that we see pictured in the comic papers. His make-up in the third act as disclosed by the removal of the monster ulster that he effected throughout, which disclosed him in tights, was the height of absurdity, but it was reached with such cleverness of acting and situation that it stood out as a gem in comedy work.

"Harry Damask," son-in-law to "Prof. Babbitt," who became mixed up in a compromising manner with the old man in his deception of the domineering wife to satisfy his theatrical aspirations as an author, was acted by William T. Pellitier in a breezy manner. Mr. Pellitier's part required him to act naturally without resorting to dramatic artifices, and he succeeded finely.

Frank W. Iredell, as "Jack Mulberry," was seen to good advantage and sustained his part excellently. As one who has had experience in college dramatics, considerable was expected of Frederick W. Goddard as "Lord Mulberry." He acted the part of the nervous, positive Englishman in characteristic manner.

As the stern wife, whose unexpected arrival home put the Professor in a plight that carried the action of the play to the humorous climaxes for three acts, Mrs. Frank W. Iredell displayed a true conception of vigorous, iron-willed wife.

Mrs. W. L. Saunders added to her laurels already won by amateur acting. In the part of "Nisbe," the youngest imp of the Professor's household, she showed an exacting idea of the character, and carried it out in the energetic, free and easy manner intended by the playwright.

As "Angelica Damask," the eldest daughter of the Professor, who was the counterpart of her mother, Miss

CHARGED SON WITH STEALING A HORSE.

But Justice Smalley Dismissed Complaint Made Against the Son, Rolindo Smalley.

IT HAPPENED SATURDAY.

SON CLAIMED THAT FATHER WAS UNABLE TO CARE FOR HORSE.

So Young Smalley Took Possession of the Horse Belonging to His Father, John Smalley, to Keep it Until Father Was in Condition.

The charge of horse stealing brought against Rolindo Smalley by his father, John Smalley, of South Second street, was dismissed last evening by Justice David D. Smalley after a hearing in the case. Harry Illsley, against whom Smalley made the same charge, was released as soon as the Judge heard the bare facts of the case.

The trouble which led to the arrest of the son on the complaint of the father was over a horse belonging to the elder Smalley. The son alleges that his father had been drinking last week and was in no condition to care for the horse. Furthermore the son declares that the father tried to sell the horse for almost nothing.

Saturday afternoon young Smalley went out to find his father, having learned of his condition. He was accompanied by Harry Illsley, at whose house on South Second street young Smalley boards. They found the horse stabled in George Feller's barn on Pearl street.

The son hitched up the horse and started to take it away when the father appeared. Young Smalley explained that he was going to take the animal away until the elder man was able to look after it properly. John Smalley objected, but the son took the horse and departed, afterwards stabling it in Cole's livery stable.

A warrant was issued by Justice Smalley and young Smalley and Illsley were arrested yesterday morning by Constable Pangborn. They gave bonds for their appearance at the hearing last night. At the hearing J. P. D. Kirch represented the father, and Francis J. Blatz, of the law firm of Murphy & Blatz, represented the others.

Several witnesses were sworn and the substance of all their testimony was that the son had gone after the horse and taken it despite the father's objections, but that the latter had made no interference. Kirch held that it was theft, because the horse had been taken without the owner's consent. Blatz argued that no felonous intent had been shown, and that the son was justified in taking charge of the horse when the father was not in condition to care for it. The Justice took Lawyer Blatz's view of the matter and dismissed the complaint. As Illsley had nothing to do with it, he was dismissed early in in the proceedings.

Gov. Voorhees' Gift.

Some weeks ago Gov. Foster M. Voorhees promised to give $5,000 to the Board of Foreign Missions of the Reformed church of America, on condition that the remainder of the debt of $40,000 was raised by May 1st. The board failed to raise the amount. Yesterday morning Gov. Voorhees sent word raising his gift of $5,000 to $9,000 and making it unconditional.

Death of Peter S. Skillman.

Peter S. Skillman, aged 73 years, a resident of Plainfield for many years, died last evening at the home of his son, Lewis B. Skillman, 1326 Watchung avenue, where he had been making his home. He came here from Clover Hill, N. J., and services will be held from the Reformed church, that place, Friday afternoon next at 3:30 o'clock. Services will also be held from the residence of his son on Watchung avenue the same afternoon at 1 o'clock.

Moving the Dyer House.

The Dyer house on Craig place that is being moved to the corner of Craig place and Grove street, has been taken from its foundations and is now in the street. The borough officials have given the movers five days to get it on its new foundation. So that no damage may result to the trees in the moving of the house the workmen have used large cables in pulling the branches away from the house.

Big Industry for High Bridge.

The indications are that High Bridge will have another big industry, giving employment to about 200 men. New York City capitalists have viewed a site at "Barrow Pit" with favorable results. The company has several factories and makes embroidery and other fancy work.

HORSE MET DEATH IN BLAZING BARN.

Alex. Kane's Barn and Stable on Filmore Avenue Destroyed by Fire Last Night

CAUSE OF FIRE NOT KNOWN.

KANE RESCUED ONE HORSE AFTER MUCH DIFFICULTY.

Owner Believes That Tramps Are Responsible For the Conflagration—The Loss Will Reach $750 and is Covered by Insurance.

Flames sprang up from some unknown origin and destroyed the barn and stable in the rear of the home of Alex. Kane, of Filmore avenue, near East Third street, last evening at 10:30 o'clock. Mr. Kane saved one of his horses but the other was burned to death while he was trying to prevent the first from rushing back into the burning building. The loss is estimated at $750, and is fully covered by insurance.

The owner of the place is positive that the buildings were set on fire by tramps. For the last two mornings he says he has found the door to the barn open when he had carefully closed it at night. He thinks that tramps used the place as a sleeping place. The firemen do not believe that the blaze was the work of incendiaries.

Kane had retired when he was alarmed by his wife with the intelligence that the barn was afire. She had seen the flames from an upper window. Dressing hastily he hurried outside and shouted to a boy who was passing to send in an alarm. Then he went into the stable after the horses. He led one of them out in safety and gave it to his wife to hold. The frightened equine broke away and ran back into the stable again. Kane again rescued the horse and led it away to a place of safety.

When he returned the other horse had broken loose from the stall and started to rush through the open door. It fell just at the entrance and was soon covered with burned debris. Meanwhile the fire had been seen by Patrolman Vanderweg on Washington street. He sent in an alarm from box 15 and the department responded promptly.

The burning building made a bright blaze and attracted many people to the scene. The firemen laid in two lines of hose and soon had the flames under control. One of the buildings of the vacant oil-cloth factory near by caught fire but was extinguished before much damage was done.

The barn and stable were completely wrecked and the contents entirely destroyed. Besides the horse, there was a quantity of harness, feed and bags. The horse is valued at $150, the harness and other contents at $100, and the buildings at $500. Everything was insured.

MAY GO IN AS PARTNERS.

Probability That Sisser and Bock Will Start the New Borough Saloon Together.

There seems to be good prospects that the trouble existing between James Sisser, who secured the liquor license to open a place on Somerset street, near the bridge, and Charles Bock, the owner of the building, will be settled. It is reported that the two men will probably form a partnership and open the place together. Sisser applied to the court recently to have his license money refunded, stating that he would give up the license. This the court could not do according to law, as the money had passed through the various channels, and the borough has received its share of it.

It was then learned that unless the men agreed to a partnership the place might never be opened and thus no benefit from the money paid in would be received. It is this fact more than anything else that is having a tendency to bring about a settlement.

The place is still guarded by Mr. Bock and his friends to prevent Sisser taking possession. Not since the fuss began has any work been done toward refitting the place and making it ready for business. Mr. Sisser has been in Plainfield several times recently, but each time the interested parties could not seem to agree. It is believed the lawyers will effect the desired settlement.

Fixing Up.

The Plainfield Street Railway Company's extension to Scotch Plains has been the means of effecting a number of improvements. The property owners along the line have been led to fix up their properties and they present an attractive appearance.

BUILDING NEW TROLLEY

OVER 3,500 FEET OF TRACK LAID FOR ARLINGTON AVE. EXTENSION.

Line Between Park Avenue and Fourth Street Will be Completed This Week.

In another day or two the Arlington avenue extension of the Plainfield Street Railway Company will be completed between Park avenue and West Fourth street. For nearly a week now a gang of several score men have been at work on the new trolley road. At noon today they had laid over 3,500 feet of track.

The contract for the construction of the road is held by J. D. Murray. J. N. Crawford, his superintendent of construction, arrived last Thursday and took charge of the work at once. The laying of the rails began on Randolph road, West of Park avenue, and continued out to Arlington avenue and down that thoroughfare.

The track is now laid to West Seventh street while the ground has been broken as far down as West Fifth street. West Eighth and Ninth streets were temporarily closed during the day while the necessary excavation was made for the track and the rails laid.

There is a sufficient supply of rails and other material on hand to complete the line down Arlington avenue to Fourth street. After that the contractors will turn their attention to the upper end of the line. If there is no delay there in the matter of supplies, the entire line is likely to be completed in two weeks. At present a gang of seventy-five men are at work but that number may be increased. Patsy Christmas is supplying the labor.

PLEASANT BLOSSOM RIDE.

Charming Trip Made by Party of Plainfield Gentlemen to Morristown.

There is probably no more ardent lover of a fine pair of horses and up-to-date road turnouts in Plainfield than C. W. Eoff, of Crescent avenue, and yesterday he invited three personal friends, Rev. Cornelius Schenck, J. P. Laire and the writer to take a "blossom ride" to Morristown in his stylish trap behind his fine bay team "Jack" and "Molly." The day was an ideal one and so was the ride. At Morristown a well served dinner was thoroughly enjoyed at the U. S. Hotel. Then a call was made at the parsonage of Rev. Dr. MacNaughton, pastor of the beautiful new First Presbyterian church, recently erected, costing $140,000, not including the grounds. The genial pastor showed the party all through the beautiful edifice, which is perhaps the handsomest church in the State.

From thence a visit was made to the Washington headquarters, a beautiful well-kept property. The house is filled with interesting relics of General Washington and the revolutionary war, and a person could spend a whole day at this place and be well repaid in looking at the thousands of antique articles on exhibition. Before leaving for home the party called on James E White, father of Edward White, of this city, who is one of Morristown's dry goods merchants, and were pleasantly received by that gentlemen. The ride home just before sunset was thoroughly enjoyed by the party, as was the whole day, and Mr. Eoff's generous "outing" very much appreciated.

No New Cases of Fever.

No new cases of scarlet fever have been reported to the Board of Health since yesterday and no new ones are expected at present. There is absolutely nothing new regarding investigations being made to ascertain the cause for the spread of the disease. However, the Board of Health has not given the matter up and they hope soon to locate the cause for it. No new cases have been reported in the borough since yesterday, and those who have the fever are doing well. Senator Reed has not the fever, as reported, and he expects to be out within a few days

There are now eleven cases of scarlet fever in the borough, one new case being reported yesterday. This new case is on Watchung avenue and is not considered serious.

Rasores Club Officers.

The following officers have been chosen by the Rasores Club for the coming year: President, Mrs. Horace Kimball; vice-presidents, Mrs. Israel Pierson, Mrs. A. S. Patterson; treasurer and secretary, Mrs. H. L. Halloway.

ONE CASE WAS SETTLED.

LIST OF CAUSES TO BE TRIED OF INTEREST TO THIS CITY.

Justice Mosher Furnishes Five Out of the Nine Justice Appeal Cases—Others Came From Justices Moffett's, Toucey's and Others.

(Special to The Daily Press.)

Elizabeth, May 2—The present term of the Union county courts, which opened yesterday morning, promises to be the dullest for several years. The calendar usually contains a number of cases of general interest and Plainfield generally figures quite prominently. This term there are very few Plainfield people involved in the suits that are booked for the term.

Out of the twenty-one Supreme Court cases listed for this term only thirteen will come to trial. Of that number only one is of interest to Plainfield. The other Plainfield case, Arthur A. Parker against Robert B. Strong, et al, on contract, has been settled. C. M. Vreeland represented the plaintiff and Craig A. Marsh the defendant. The case to come up for trial is that of Benj. W. Jones against Charles Chapot, et al, on contract. Corbin and Corbin represent the plaintiff and Codington and Swackhamer the defendant.

There will be three cases of interest to Plainfield to be tried in the Circuit Court. They are Edward Rushmore against James Dawe, on contract, mechanics' lien, Isaac P. Runyon for plaintiff and W. S. Angleman for defendant; Charles H. Angleman, assignee, against Wm. H. Brokaw, on contract, W. S. Angleman for plaintiff and Reed & Coddington for the defendant; Charles K. Moore against John R. Moore, on contract, William Newcorn for the plaintiff and Frank Bergen for the defendant.

Only one justice jury appeal case is down on the calendar. It is that of Parkas against Frucht, appealed from Justice Moffett's court, Plainfield.

Out of the nine justice appeal cases, five come from Justice Mosher's court in Plainfield. They are the cases of Ettinger against Kane, Beekman against Yates, Pearson against Peterson, Hargraves against Brokaw, Hand against Kuntzman. The other appeals were one from decision of Justice Moffett in Plainfield; two from decision of Justice Toucey in Westfield, and one from a decision of Justice Mendell in Rahway. At the last term of court seven out of eleven justice appeal cases were appealed from decisions made by Justice Mosher, of Plainfield.

Judge VanSickel announced yesterday that there would be no more appeals from decisions or verdicts rendered in the District Court tried in the Circuit Court. All such must now be certioraried to the Supreme Court, to which they can only be submitted on questions of law and not of fact.

This practically will have the effect of making appeals from decisions in the District Court impossible, unless points of law are involved, and puts an end to the number of District Court appeal cases that have been in the habit of appearing on the calendar for trial at every term of the Circuit Court.

Another Fine Residence.

Another addition to Plainfield's valuable collection of handsome residences will in a few months be a reality. Charles W. McCutchen is erecting a new house on Madison avenue, near Stelle avenue, which will cost between $6,000 and $7,000. A. L. C. Marsh is the architect. When the residence is completed in November it will be occupied by Mr. and Mrs. H. W. Beebe.

Valuable Data Being Secured.

Under the direction of Borough Health Inspector William Pangborn a list of the names of every borough milkman, his customers, and other data concerning his business is being secured to keep as reference. This plan was adopted by the city some time ago and is working satisfactorily.

To Arrange for Memorial Day.

The joint committees of Winfield Scott Post, Women's Relief Corps and Sons of Veterans will meet at Justice Moffett's office this evening at 8 o'clock to complete arrangements for the proper observance of Memorial Day.

Organ Recital.

Wm. H. Miller will give a free public recital on the grand organ at the First Presbyterian church tomorrow evening, commencing at 8 o'clock.

CHARLES E. MACRUM.

Charles E. Macrum, formerly United States consul at Pretoria, insists that the government at Washington shall take official cognizance of his charges against the English government. The principal charge made by Mr. Macrum is that English government agents at Durban opened official United States mail, en route to Pretoria.

JOTTINGS OF THE DAY

ENTERPRISINGLY GATHERED AND CONCISELY TOLD BY REPORTERS.

Newsy Notes of More or Less Importance Bunched Together for the Ready Reference of Press Readers

—Kalmon Rothberg, of West Third street, is building a large addition to his store.

—Leggett, the druggist, has just received a new lot of Huyler's. It is simply delicious.

—Engraving, artistic printing and monograms a specialty at S. F. Harker's, the society stationer, 326 Park avenue.

—All those interested in a chess and checker club should make themselves known to the instructor of the Y. M. C. A. gymnasium.

—The Christian Endeavor Society of the First Baptist church will give a book social next Friday evening after the prayer meeting.

—Fresh fish at the lowest possible price. Sale of the Long Branch Fish Co., 165 East Front street, Thursday afternoon and Friday.

—The work of moving the Dyer house on Craig place is progressing, and the workmen will have the dwelling in the street today.

—A great many children in the borough who have been kept at home on account of the measles have recovered and returned to their studies.

—Rev. Dr. Jones, of this city, recently of Louisville, Ky., will lead the mid-week prayer meeting at the Park Avenue Baptist church this evening.

—The bids for the new issue of $60,000 bonds to build the Burlington County Insane Asylum will be opened at the Courthouse at Mount Holly on Saturday.

—Richard White, a respected citizen of Beverly, was found dead in bed at his home Sunday morning. The deceased had reached the advanced age of 90 years.

—The new teachers engaged by the Borough Board of Education to take the places of the teachers who have resigned will enter upon their duties after the summer vacation.

—At C. L. Stanley's, 142 North avenue, you will find 500 varieties of plants to select from and a large stock of fresh cut flowers always on hand. Send for list of plants and prices.

—At the Berean Baptist church, Bridgeton, Sunday, resolutions were passed asking City Councilmen not to pass the excise ordinance at its next meeting, to license hotels and saloons.

—Fencing will be a feature of the Y. M. C. A. gymnasium Thursday evenings during the spring. The class leaders have shown a marked ability in handling their bodies to a good advantage.

—The label of C. M. Nagle, West Front and Grove streets, on your bottle of medicine is a safeguard against impurities and mistakes. They always contain "just what the doctor ordered."

—The hour of services of the Mount Olive Baptist church Sunday evening has been changed. Services will begin at 7:45 o'clock and close at 9 p. m. The pastor makes the above statement by request of the church.

—Mizpah Lodge, No. 1, U. O. of I. O. L., will hold a dime social and entertainment in Sons of Temperance Hall, 118 West Second street, Monday evening, May 14th. Mrs. Maxwell, of Boston, Mass., will make an official visit to the lodge and will also give some very interesting talks on that evening.

Private Ownership Here.

The Common Council of Frenchtown, Hunterdon county, has granted a franchise to a party of Camden capitalists to build and operate a water system in the borough. The work is to be commenced by the first of June.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

The fact that the management of Music Hall is making a strong feature in all the announcements of the forthcoming exhibition of the Jeffries-Sharkey contest pictures, which will be shown tomorrow night for the first time in this city, of the fact that they are the only complete and accurate pictures of the battle that were taken, has attracted considerable attention and needs some explanation. That the pictures to be exhibited here are the real ones, is beyond dispute, and it is interesting to know how "reproductions" are made. It will be remembered that no pictures of the Jeffries-Fitzsimmons battle—when the California boilermaker won the championship—were taken, and it will probably also be recalled that bogus representations of the fight were made. The manner in which it is done is this: Some enterprising man will get two fighters, proportioned about like the contestants in a big mill, to box the number of rounds the fight lasted, not being careful to make anything like the original, except the finish. The movements of these dummy boxers, made up as the real contestants, are photographed, and these are palmed off on the gullible as a reproduction. This scheme was fully exposed after the Jeffries Sharkey contest, and then the fakirs became bolder and smuggled cameras into the arena of the Coney Island Athletic Club to steal the Jeffries-Sharkey pictures. Their plans were followed by the wily Wm. A. Brady, who, anticipating such a movement, had the reflectors so arranged that a proper light could only be obtained from the position of the cameras of the American Mutoscope Company. However, they did get one round and a half, and by running this film through repeatedly, got an exhibition which lasts fifteen minutes, while it takes two and one-half hours to show the real pictures.

IMMENSE RUN OF SHAD.

Fish so Plentiful Along Lower Delaware That They Cannot be Given Away.

The run of shad in the lower Delaware river is almost unprecedented. So many of the fish are being caught that they can scarcely be given away. Many of the gill net fishermen have found their work unprofitable, and will abandon it for the season. At Gloucester, where by some unwritten law observed for many years the catch in the last haul of Saturday afternoons is distributed among the poor, there was such a tremendous catch Saturday that the fish could not be distributed. Fine eight or nine pound shad can be purchased for 10 cents almost anywhere in South Jersey.

Jersey Geological Specimens.
(Special to The Daily Press.)

Washington, May 2.—Within the last few days the regents of the Smithsonian Institute of this city have received some interesting specimens of a geological nature from the State Geologist of New Jersey. The donation consists of a number of fossilized fish which were buried in a bed of sandstone near the new dam of the Jersey City Water Works. The Jersey authorities state that the fish must have been deposited in their rocky bed for many thousand years.

Mr. Carlisle Will Act.

The intercollegiate debating committee at Princeton University has received word that the Hon. John G. Carlisle, Secretary of the Treasury during President Cleveland's second administration, will act as presiding officer at the Yale-Princeton debate there on May 8th.

Prospectus of the Siegel-Cooper Co.

CO-OPERATIVE STORES, NEW YORK AND CHICAGO.

Profit-Sharing with our Patrons. **Co-operation with our Employees.**

THE great success attained since 1887 by Siegel, Cooper & Co., has induced and given warrant to the enterprising owners to further ingratiate themselves into public favor by consolidating their **two** mammoth establishments into a co-operative enterprise on a profit-sharing basis. They recognize the tendency of the present age to be in the direction of co-operation of employers with employees, as well as in profit-sharing with patrons. To accomplish this desired condition, a new Company, the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) has been incorporated under the laws of the State of New Jersey with a capital stock of $24,000,000.00, of which $14,250,000.00 is divided into 285,000 shares 6 per cent. cumulative Preferred Stock of $50.00 par value, and $9,750,000.00 into 195,000 shares Common Stock of $50.00 par value.

The charter of the Company provides that, after full dividends of 6 per cent. per annum have been paid on the Preferred Stock, and full dividends of 3 per cent. per annum have been paid on the Common Stock, all additional dividends shall be apportioned and paid on the basis of ⅓ in amount on the Preferred Stock and ⅔ in amount on the Common Stock.

To carry out the plan of Co-operation

with its employees, $2,000,000.00 of the Common Stock has been placed in trust, the annual dividends of which will be distributed among such employees as have been or may hereafter be with the New York or Chicago establishment for a period of three years during their satisfactory continuance in the service of the new Company; such dividends will also be continued and paid to employees for life who, after ten years of service with the new Company, become incapacitated for further employment, thereby practically providing a pension fund for faithful employees in their old age.

To carry out the plan Profit-Sharing

it is proposed by the present owners, who are the owners of all the stock of the new Company, to offer to the public through the undersigned, 200,000 shares (fully paid and non-assessable) of the 6 per cent. cumulative Preferred Stock at par, upon which the full 6 per cent. dividend must always be paid before the Common Stock receives any dividend whatever, the Preferred Stock also having a prior right to all the assets of the Company.

In order to give double assurance to the general public, whom it is desired to interest as Stockholders (instead of Speculators) and who may not be fully conversant with such investments, the money required to pay dividends on said 200,000 shares has been set aside and will remain on deposit with the Central Trust Company of New York, and the Illinois Trust and Savings Bank of Chicago, respectively, to secure the dividends **of 6 per cent. per annum,** payable 3 per cent. semi-annually, for a period of five years, *i. e.*, until July 1st, 1905, on all such Preferred Stock as may be allotted in their respective territories, and each Certificate of Stock so allotted will have an endorsement by said Trust Companies, respectively, to that effect. We thereby offer, we believe, not only an absolutely safe 6 per cent. investment, but one which will without question yield considerably more.

Under no circumstances will any

of the Preferred Stock not so allotted, nor any of the Common Stock, be sold, the present owners having no desire to sell out, but intending to remain with the business; they will therefore not part with any more stock than they believe necessary to fully carry out their plans for co-operation and profit-sharing, as previously stated.

The owners confidently believe that, by inaugurating the liberal policy above outlined towards their employees, they will in return be rewarded by more faithful service, and courteous attention to patrons, the result of which must be beneficial to the new Company as well as augment the continued good will of the public.

Furthermore, it can be calculated to a certainty

that with many thousands of new stockholders exerting their **personal influence** toward the success and welfare of the business, larger patronage and correspondingly greater earnings for the new Company will be assured. It is from the increased benefits and material advantages which these changed conditions are expected to bring about, that the present owners feel confident of better pro rata remuneration on the stock which they retain, and in a measure justifies them in parting with any portion of their interests in an established and exceptionally profitable business.

The SIEGEL-COOPER CO. Co-operative Stores **will take possession Monday, July 2d, 1900,** of the two great department stores of Siegel-Cooper Co., New York, and Siegel, Cooper & Co., Chicago, in their entirety, covering a floor space of over thirty acres, with their millions of dollars' worth of Merchandise, Store Fixtures, Delivery Plants (consisting of many hundreds of Horses, Wagons, etc.), Machinery, extensive Stable Properties, and all the appurtenances required for the complete operation of the two stores, **and also its Palatial Fireproof Store Building and Real Estate in New York City,** which alone represents an asset of many millions of dollars, free of all encumbrances or indebtedness whatsoever, so that the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) will start its career **without owing a single dollar.**

For the good and sufficient reason of not wishing to divulge the details of our business to our competitors, we present no balance sheet for publication. We do not however, desire to ask our patrons or the public to rely exclusively on our representations, and, therefore, **the money required has been set aside** and will remain on deposit with the above-named Trust Companies to absolutely secure the dividends on all the Preferred Stock to be allotted as stated. Moreover, we allude with pride to the fact that the Chicago establishment has since its inception paid millions of dollars in dividends to its stockholders, and that the New York establishment, while only in its fourth year, is not only doing a larger business than the Chicago store, but is also on a most profitable dividend-paying basis. We can also say for the benefit of subscribers, that **the net earnings** of our two establishments for the past year were **largely in excess** of the amount required to pay the dividends on **all** the Preferred Stock of the new Company.

There will be no change in management,

and the same men who thirteen years ago started the original Siegel, Cooper & Co. store in Chicago (and later its sister-store in New York) and who have achieved a success almost without parallel in modern retailing, have pledged themselves to continue in the management of the business of the **new Company** the same as in the past, and **they will deposit with the Central Trust Company of New York, all of their stock holdings for a term of years to secure such pledge.**

Subscriptions for the 200,000 shares of the Preferred Stock

will be received in person, or by mail, on blank forms provided for that purpose, by the Central Trust Company, 54 Wall Street, New York, and Siegel-Cooper Co., New York and Chicago, beginning at 10 a. m. Monday, May 7th, 1900, and will continue for a period of **One Week;** the right, however, is reserved to close subscriptions upon one day's notice in the New York and Chicago daily papers. The above Trust Company, for the convenience of our patrons and the public, will receive subscriptions at the Siegel-Cooper Co. store in New York, or at its own office, 54 Wall Street. All subscriptions must be accompanied by **money, check, money order or draft,** payable to the Central Trust Company of New York, to the amount of 20 per cent. of such subscription (equal to $10.00 per share), for which proper receipts will be given by said Trust Company. Notice will be given as soon as practicable of the number of shares allotted to each subscriber, and the balance due must be paid to said Trust Company on or before July 5th, 1900, upon the delivery by said Trust Company of the stock allotted.

In order to subscribe for shares cut out and use this Blank.

With a view of extending the benefits of our offer to as many of our patrons and the public as possible, it is proposed to allot the stock in the following order, namely:

1st. To all subscriptions for one share;
2d. To all subscriptions for two shares;
3d. To all subscriptions for three shares;

and to continue in the same order for larger subscriptions until the entire 200,000 shares have been allotted.

Respectfully,

DEAD IN A UTAH MINE

One Hundred and Thirty-eight Bodies Recovered.

EXPLOSION MAKES TERRIBLE HAVOC.

More Than One Hundred and Fifty Men Were at Work In the Pleasant Valley Coal Mines Near Scofield When the Disaster Occurred.

SALT LAKE CITY, May 2.—An explosion occurred at 10 o'clock yesterday in the Winter Quarters coal mine at Scofield, 100 miles south of this city, and probably 150 miners were killed and many more injured. The bodies of 137 miners have been brought out, and the work of rescue is going on. The mine explosion is believed to have been caused by the blowing up of a number of kegs of blasting powder, but the point at which the initial explosion took place is not yet known.

The scene before the mouths of the tunnels is pitiful, as usual in mining disasters, the weeping women and children waiting to see each man brought out of the mine on a stretcher. The bodies of 20 miners were brought out early in the day and placed upon the ground awaiting identification.

More than 150 miners are known to have gone to work in the morning. There is hardly a doubt but that every miner in No. 1 shaft was killed, for that particular shaft was filled with smoke, dust and debris. Miners from Clear Creek have been summoned, and all possible assistance in the rescue work is being given.

The loss to the Pleasant Valley Coal company is great, but the extent will not be positively known for some time. The officials of the coal company are doing their best to save any who may be alive in the mine.

There is much confusion at the mine, and all sorts of reports are coming in. Scofield is on the Rio Grande Western railroad near Colton.

Among the known dead are Roger Davis, Jack Wilson, S. T. Evans, Pete Crockett, John Anderson, James Wilson, Will Wilstead and Andrew Haddow and son.

A later report says that Thomas Hunter and his two sons are among the dead brought out.

The explosion is now supposed to have occurred in No. 4 and extended by concussion to No. 1. Those in No. 1 are choked and those in No. 4 burned and scarred.

The work of removing the dead and injured is still going on. The injured are few compared to the dead. Two hundred coffins have been ordered.

A REMARKABLE FIND.

Letter Written by Jesus Christ Discovered at Ephesus.

LONDON, May 2.—A remarkable story comes from the Rome correspondent of The Daily Express, who sends an authentic facsimile of a wonderful Doric inscription, the discovery of which on the gateway of an old palace at Ephesus was announced to the members of the archæological congress in Rome by Professor Bohrmann of the Vienna university.

The facsimile was submitted to Professor Murray of the British museum yesterday, and he declares that the inscription is undoubtedly genuine and of the highest possible importance, tending, as it does, to establish the authenticity of the correspondence alleged by Eusebius to have passed between Abgarus V of Odessa and our Lord.

The letters are written in Syro-Chaldaic characters.

Christ's reply is thus translated:

"Blessed art thou, believing me whom thou hast not seen, for it is written of me, 'They that have seen me shall not believe; they that have not seen me shall believe.' Be saved, but concerning the matter thou hast written about, with this I acquaint thee, that all things for which I was sent hither must be fulfilled. Then I shall be taken up and return to him who sent me, but after my ascension I will send one of my disciples that shall cure thee of thy distemper and give life to all them that are with thee."

Standard Oil Raises Wages.

PARKERSBURG, W. Va., May 2.—When the men employed by the Standard Oil company in West Virginia went to work yesterday they found themselves confronted with a notice which informed them that beginning May 1 they would receive an increase in wages. The increase will be based on ten hours' pay for nine hours' work, and men working in shifts of 12 hours each will receive an increase of 10 per cent. The Standard Oil company employs more men than any other corporation doing business in the state, and the increase will affect several thousand men and boys.

Six Villages Burned.

MARINETTE, Wis., May 2.—Six villages in northern Michigan, just across the state line, have now been wiped out by forest fires, while others are in great danger. Those destroyed are Ames, Nathan, Tabor, Gardner, Swanzee and Arnold, all on the Wisconsin and Michigan railroad. The inhabitants were all saved, special trains being run to their aid. The fires are reported to be the fiercest north of Fisher, Mich. Railroad traffic north of Fisher is entirely cut off and no news comes from the fire swept district except such as is brought in by burned out farmers.

Robbed by Her Son.

CHICAGO, May 2.—The police are looking for Thomas Neven, a 17-year-old boy, who is accused of having robbed his widowed mother, Mrs. M. J. Neven, of gold nuggets, diamonds and valuable papers said to represent $70,000 after attempting to poison her in her apartments at 290 Illinois street. The boy is believed to have eloped with a woman of 28.

Great Destruction of Timber.

SHAMOKIN, Pa., May 2.—Brush on the Line and Broad mountains south of here caught fire Monday night, and over 50 miles of valuable timber was destroyed. Since Saturday forest fires in this vicinity have caused over $50,000 damage. A thick cloud of smoke hangs over this place. If rain does not fall soon, the timber loss will be enormous.

General Steuben Dead.

BERLIN, May 2.—General von Steuben, who visited the United States at the time of the Yorktown centennial celebrations, when he represented the Steuben family, is dead.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way

Mrs. Furman, of Englewood, has returned home from a visit with relatives.

Richard Randolph, of West Eighth street, has recovered from an attack of measles.

Miss Edith Dubois, of Park avenue, has returned from visiting relatives at Whitehouse.

Charles Wakefield has accepted a position with F. H. Firstbrook, of Liberty street.

Miss Edna Bowers, of Basking Ridge, is visiting borough relatives for a few days.

Mrs. T. R. VanZandt, of Madison avenue, has been visiting relatives at East Millstone.

John Angleman, of Newark, who has been visiting Plainfield friends, has returned home.

Miss Sadie Randolph, of West Eighth street, is improving from an attack of the measles.

Justice of the Peace, W. E. Mattison, of the borough, received his new commission yesterday.

Alex. Gilbert, who has been stopping in New York for several weeks, has returned to his Plainfield home.

An important meeting of the Exempt Firemen's Association will be held this evening to amend the by-laws.

Mrs. Voorhees, of Somerville, who has been visiting her son, Oliver Voorhees, of East Front street, has returned home.

Mr. and Mrs. W. O. Chapman, formerly of Albert street, are stopping with Mrs. Trueil, of Central avenue, for the present.

Amos Stites will leave shortly for Asbury Park, where he will resume his old position as inspector on the Atlantic Coast Railway.

Mrs. W. W. Warnock and children, of North avenue, left for New York State yesterday, where they will spend two weeks with relatives.

Constable Weaver's smiling face is missed about the city. He is doing duty at Elizabeth, where the May term of court is being held.

John Leggett, father of J. H. Leggett, of Central avenue, has arrived in Plainfield, and will make his home here for the summer.

Mrs. Ira Riker, of Central avenue, who has been seriously ill, was removed to the hospital yesterday, where she can be properly treated.

AS CHEOPS SAW IT.

"WHAT is an enormous pyramid you are building," said the visitor at Egypt's court; "but it seems a purposeless kind of structure. What is it for?" "When the top stone is laid," replied Cheops quietly, "you will see the point."

Isn't it strange some persons find it hard to believe all that is told of Ivory Soap? Don't you try to believe it; just try the soap. You will not then be without it for twice its cost. It will tell the story. You will see the point.

ALLEN IS GOVERNOR.

Porto Rico's First American Civil Ruler Takes the Oath.

A VERY IMPRESSIVE CEREMONY.

The Enthusiasm of the People Was Not Seriously Dampened by Henna's Letter—The Inaugural Address Favorably Received.

SAN JUAN, Porto Rico, May 2.—The inauguration of Charles Herbert Allen, formerly assistant secretary of the United States navy, as first American civil governor of the island of Porto Rico took place yesterday. The ceremony was most impressive.

Governor Allen took the oath of office at 10:30 a. m. under a flag canopy at the executive mansion.

A more beautiful day could not have dawned in which to usher in Porto Rico's new government. Before the penetrating warmth of the sun's rays could be felt the streets of the city were thronged with people. The sky was cloudless, and the populace took this as a happy augury that the Almighty thus expressed approval of the occasion.

The day's exercises opened at sunrise with serenades by the bands of the Eleventh infantry, the Fifth cavalry and the Porto Rican regiment. The city bands also played the island and United States national airs before the executive mansion and on the principal plazas as well as while marching through the streets. The enthusiasm of the people was greater than expected in spite of the publication in the Diario of a letter from Julio Henna of New York suggesting that the people remain indoors and refrain from taking part in the inauguration, "thereby silently protesting and showing the American government that Porto Rico is dissatisfied."

The Diario is the organ of the Federal party and has quite a large circulation.

Governor Allen's address, which was eloquent, was received favorably, though quietly. All the speeches were translated into Spanish.

Some of the Americans who looked on commented upon an apparent lack of interest on the part of the Porto Ricans. This was probably more apparent than real. In any event, any lack of demonstrativeness should be attributed to their training for four centuries under an oppressive regime which held them in restraint and did not allow them a free expression of emotion. Only now are they beginning to realize the changed order of things, and this in only a small degree. A city of 30,000 might have been expected to turn out a larger crowd, especially as all the business houses were closed. There was a display of national colors from a number of private houses, but nothing that would compare, for instance, with the displays of holidays and Sundays 12 months ago, when a Spanish flag floated over every house.

Ecumenical Conference Closed.

NEW YORK, May 2.—The last meeting of the ecumenical conference was held at Carnegie hall last night, there being fully as large an attendance as on the opening night at which President McKinley, former President Harrison and Governor Roosevelt were present, and the hall was crowded to its utmost capacity, and hundreds were turned away. Former President Benjamin Harrison presided, and the session was devoted to interesting speeches by prominent delegates to the conference. The morning session at Carnegie hall was devoted to the foreign mission question, and the Rev. Dr. A. J. Behrends of Brooklyn made a sensational address, his call for the abolition of denominational lines on the missionary question arousing intense enthusiasm.

The Public Debt.

WASHINGTON, May 2.—The monthly statement of the public debt shows that at the close of business April 30, 1900, the debt, less cash in the treasury, amounted to $1,124,802,085, which is an increase of $12,545,727. This increase is due to the decrease in the cash on hand made necessary by the heavy payments on account of the present worth of bonds now being extended at 2 per cent interest. The cash in the treasury is classified as follows: Reserve fund in gold and bullion, $150,000,000; trust funds, including gold coin, silver and United States notes, $727,990,779; general fund, $113,162,447.

Valuable Concessions From Nicholas

LONDON, May 2.—The St. Petersburg correspondent of The Daily Express says: "Emperor Nicholas has granted to a British syndicate a valuable concession to work goldfields 8,000 square miles in area in the Nertschinsk region of Siberia. The fields, which are the czar's private property, have hitherto been worked under the direction of his private cabinet. He refused the French and German overtures and accepted the British because he desires to stand well with England."

Diseased Cattle Reach England.

LIVERPOOL, May 2.—Two cattle boats from the Rio de la Plata, with 400 bullocks and 200 sheep, arrived in the Mersey yesterday, all the animals being affected with the foot and mouth disease. Although the order prohibiting the importation of South American cattle came into operation yesterday, the board of agriculture permitted the landing of the animals, which were immediately slaughtered, their heads and feet being buried at sea.

First Flag Over Manila.

BATH, Me., May 2.—A flag raising of more than usual interest took place at the Bath Iron works yesterday when the anniversary of the victory of Admiral Dewey in Manila bay was remembered by unfurling the flag which was used on the gunboat Petrel during the battle. The flag also was the first to be raised over Manila by the victorious Americans.

Blooded Stock Burned.

BETHLEHEM, Pa., May 2.—Half a dozen head of blooded cattle, including the prize winning Ayrshire bull General of Shimer's Park, together with several horses, were burned to death last night in an incendiary fire which destroyed the dairy barn and exhibition stables of B. Luther Shimer on the outskirts of town. Loss, $10,000; insurance, $4,500.

Mrs. Wolcott's Appointment.

BOSTON, May 2.—Mayor Hart has appointed Mrs. Roger Wolcott, wife of ex-Governor Wolcott, to represent the city of Boston at the international congress of charities to be held at Paris from July 30 till Oct. 5, 1900, and she has accepted the position.

Michigan Democrats.

PORT HURON, Mich., May 2.—The first state political convention of the year in Michigan was held yesterday, when delegates to the national Democratic convention were chosen and concise resolutions on the political issues of the times adopted. Three of the four delegates at large were elected unanimously, but a three cornered fight ensued over the election of the fourth. Following are the delegates at large: Daniel J. Campau of Detroit, Thomas E. Barkworth of Jackson, Wellington R. Burt of Saginaw, Rush Culver of Marquette.

Americans First at the Fair.

HARTFORD, May 2.—Word has been received from Paris that the American exhibit at the exposition of model American machine works had the first machinery in motion at the world's fair. At neither the Champ de Mars nor Vincennes was any power furnished until some time after the American exhibit was at work. Ten American workmen constructed the large steel building and traveling crane for the Berlin Iron Bridge company in ten days.

Roosevelt Going to Washington.

ALBANY, May 2.—On Tuesday next, May 8, Governor Roosevelt, accompanied by Mrs. Roosevelt, will go to Washington, where they will be the guests of the governor's sister, Mrs. W. S. Coles, remaining for four or five days. There is no political significance attached to the governor's visit, although the governor said that very likely he would be called upon to discuss politics before he got back, as it would be a hard matter to evade it.

Over Four Million Surplus.

WASHINGTON, May 2.—The monthly comparative statement of the government receipts and expenditures shows that during April the receipts aggregated $45,039,236 and the expenditures $40,903,927, leaving a surplus for the month of $4,136,000. The receipts during the month show an increase of $3,500,000 as compared with April, 1899, and the expenditures a decrease of $25,000,000.

M. de Lome Sent to Italy.

MADRID, May 2.—M. Dupuy de Lome, the former Spanish minister at Washington, has been appointed embassador to Italy.

The Rummage Sale a Success.

It was just a week ago today that the Rummage Sale was opened in this city for the benefit of the Muhlenberg Hospital and the Plainfield Relief Association. The plan had been tried with success in other cities. Newark netted several thousand dollars for charity by that method. A similar sale in Somerville brought in $500. It remained to be seen whether the same conditions existed in Plainfield as in the other cities where the Rummage Sale was so successful. The women, who first proposed the sale and have engineered it so well since the opening, had perfect faith in the outcome. No so all their friends. While everybody was willing to aid in the scheme, there were many who did not believe that such a venture would meet with any kind of success here in Plainfield. How far they were mistaken, it is now easy to see. From the very first there were plenty of customers and the only trouble was in caring for their wants fast enough. The receipts are now well past the $1,000 mark and may be double that amount before the sale comes to an end.

A vast amount of energy has been required to collect the wonderful assortment of articles for the sale. Then it was no light task to arrange all the details of their sale. The women of the auxiliary of the hospital and the Relief Association have labored hard and long in behalf of this worthy charity. To them is due an infinite amount of credit. They have also had the support of many others who have assisted in the various departments of the sale. It has only been another illustration of the fact that the people of Plainfield are always ready and willing to devote a deal of their time to the successful furtherance of any plans for the benefit of worthy charities.

Baseball seems to be regaining its old place in the hearts of the Plainfield public. This spring has seen more baseball played here than the lovers of the National game have discovered for several seasons. Three school teams and several other nines are now playing regularly once or twice a week. A really representative nine is not yet to be found. Perhaps there is no demand for it at present. Such was evidently the case last year when the Riverdale Field Club left Plainfield after a vain attempt to give this city a team to be proud of. If the interest in the sport continues to grow, however, as it has so far this spring, another season may find Plainfield a good field for a representative team.

General Grosvenor, of Ohio, who gained great fame four years ago as a political prophet in McKinley's favor, is out with his first statistical table showing that the President is sure of re-election. He claims 260 electors for McKinley, concedes 174 to Bryan, and makes the 13 votes from Kansas and Delaware doubtful. In this calculation New York and New Jersey are put in the McKinley column, and Kentucky, Maryland, Nebraska and North Carolina awarded to Bryan.

The failure of Congress to appropriate funds for the pneumatic tube service for transporting mails in New York will result in the discontinuance of the system in that city unless the present plans are changed. It will be a step backward.

The London Spectator says the bosses of the "American party" are in consternation because Admiral Dewey has announced his candidacy for the Presidency, Mr. Hanna and Mr. Platt especially being "wild with rage and doubt."

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

The Ministerial Union or organization of local preachers has passed a resolution requesting the people of Vineland not to hold funerals on Sundays, as it interferes with their pastoral duties. It was also given out that the funeral directors and undertakers of the town had decided to co-operate with the clergymen in bringing about the reform.

. . . . . .

A great many people living in the borough are wondering what has become of the scheme to widen Somerset street. There seems to be a lack of interest not accounted for. Those who know Mayor Smalley recognize that he is not a person to drop an improvement like the above, if there is a possible chance of making it, but a little more interest in the matter is needed on the part of the officials. When Duer street is opened to the city no doubt lots of people will use that street in going to and from this city. In view of these facts something must be done to improve Somerset street for the benefit of the business men on that thoroughfare. The few who stand in the way of the improvement should not be allowed to block the scheme altogether.

THEATRICAL.

"Sweet Lavender" will be produced at Music Hall Friday night. What a treat it is to anticipate the witnessing of a play that is pure and wholesome, but we know from the past productions of plays written by Pinero that there is nothing in them but what are pleasing and instructive, and we can safely predict that those who witness "Sweet Lavender" will see one of the prettiest pieces ever placed on the Plainfield stage. Great attention will be paid to the setting of the stage, to make it as realistic as possible and the company will be one that is fully capable of bringing out all the points in this sterling comedy, therefore we advise our readers to crowd the theatre on this occasion and we feel assured that they will be amply repaid by the splendid performance that they will see on that occasion.

EARLY INTELLIGENCE.

—Judges of good flour say that "Columbia" flour leads the world and is superior to all other. It is a comparatively new flour in this city, but Daniel Snyder & Son, 24 Somerset street, are selling large quantities of it and it meets with the approval of all who use it. All first-class groceries keep it.

Central Will Pay Less.

The borough of High Bridge will receive $278.50 less in taxes from the Central Railroad this year. The cause of the falling off of the taxes is caused by the reduction of the assessed valuation of the arches under the road. A few years ago they were assessed at $40,000. Last year the valuation was reduced to $33,000, and now the State board of assessors have placed the valuation at $8,250, and the borough will receive only $157.47 instead of $435.97.

THE FREE ... COOKING SCHOOL ...

We have never attended a better conducted school. We never knew more affable and entertaining teachers, and never saw pupils so attentive, orderly and generally well-behaved. The delicate art of good cake-baking is made so plain that it is possible for all who attend the school to make cake that must appeal to the most epicurean taste. The mixing of the ingredients has a great deal to do with the matter, but the pans used are of even greater importance.

This illustration shows the "VAN DUSEN" PANS,

acknowledged to be positively the best made. These pans are used by our Lecturers who Demonstrate most clearly the importance of having the right sort of Pan in order to secure the best results. THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 2.—Upon searching the clothing of the unknown colored man, whose body was found lying on the railroad tracks yesterday morning, nothing was found by which he could be identified. The body is still in W. G. Runyon's morgue where it will be kept until orders are received from the county physician as to its disposal. No doubt exists in the minds of the officials but what he was riding on a passing freight and had fallen off.

Wm. H. Perrine, administrator of the estate of the late Sarah E. Vail, will sell at public auction the household and farming goods of the deceased next Saturday, May 5th. The sale will take place at the Vail homestead on Greenbrook road.

The household goods, farming utensils and stock of the late Manning Randolph will be sold at public auction tomorrow afternoon at his old home on the New Market road.

John Huff has moved from the Dealaman flats to the J. Y. Wilson house on Front street.

Advertised letters remain in the postoffice for Mrs. Amanda Wyckoff and Barbara Pietro.

Taylor's Hotel is undergoing a process of painting under the direction of N. B. Snell.

Mrs. Annie Abbott is spending a few days with relatives in Westfield.

Mrs. Maurice Rarick is visiting out-of-town relatives.

John Rarick has left for his old home in Chester.

Dr. Gaston, of Plainfield, was in town yesterday.

William Terry spent Monday in Westfield.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 2.—The result of the meeting of the Citizens' League and the hotelkeepers at Elizabeth yesterday morning was a partial victory for the league. The licenses, with the exception of John Benner's, all being laid over until Saturday.

John H. Coles, who was so badly injured in the wreck at Bayonne several weeks ago, was brought from the Bayonne Hospital yesterday to his home. Mr. Coles' injuries consist of a break and compound fracture of the leg. The journey was made on a stretcher, as Mr. Coles, while improving nicely, is still unable to leave his bed.

The ladies of the Baptist church and congregation met in the parlors of the church yesterday afternoon to organize themselves into the several committees necessary for the caring of the guests of the church May 15th, when the Union County W. C. T. U. School of Methods will meet in session;

E. L. Hand, T. R. Collins and Edwin Fancher took in Buffalo Bill's Wild West at Madison Square Garden last evening.

The Common Council of Fanwood will hold a regular meeting in the borough rooms this evening.

James Fitzgerald is dangerously ill at his home on East Front street with pneumonia.

Rev. C. C. Woodruff has been entertaining Alford Woodruff, of Bayonne.

WESTFIELD.

(Special Correspondence to The Press.)

Westfield, May 1.—Committeeman Dennis, at the meeting of the Township Committee held last evening, again tried to get the water question before the Committee but failed. The town now has no contract with any water company although the Union Water Company is supplying the town. Mr. Dennis, and in fact most of the people of the town, are kicking at the low pressure that is given and have been trying to get the company to do better, but without result. Mr. Dennis wishes to advertise for bids and have some other company come in to compete with the Union Water Company but Chairman Dennis and Committeeman Connolly, the Republican members of the Board, wish to have a consultation with Frank Bergen before they do anything. It looked as though politics had entered into the question last evening when Committeeman Connolly asked Mr. Dennis why he had not settled the question last year when he, meaning the Democrats, had a majority in the Committee. The matter was laid over by the chairman, but Mr. Dennis then withdrew the resolution.

Westfield's new police force went on duty today. John Knapp is the day man and will be on duty from 6 to 11 and from 1 to 6 o'clock. C. P. Wilcox will be stationed on the north side of the track nights, and Elmer Woodruff will be on the south side of the track nights. The men received their new uniforms this morning. The force will be governed by rules and regulations similar to those which apply to the Plainfield policemen.

Following in the foot steps of Plainfield, Westfield now wants a City Hall. At the meeting of the Township Committee last evening Committeeman J. Alston Dennis introduced a resolution calling for the erection of a suitable building for the use of the township departments and the fire department. It is thought that such a building could be built for about $6,000 and the township could save money as it now pays a large sum for rent and janitor hire.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 2d—The Central Railroad has removed Morris Voorhees, the veteran flagman at the Middagh street crossing, and will dispense with a flagman at that crossing.

A well-attended meeting of the Board of Trade was held last night to discuss the question of forming a merchants' club to run free excursions from Flemington and other stations on the South Branch Railroad; from all stations on the Rockaway Valley Railroad, and from all stations on the Central from High Bridge down. The project was heartily approved by those present, and Fred Thomas and Stewart A. Kenney were appointed a committee to get rates from the railroad companies and to canvass the town for support of the measure. Another meeting will be held at the Engine House tomorrow night to hear the report of the committee. The merchants of the town realize that they will have to do something to offset the effect of the free excursions to Newark.

Free mail delivery was inaugurated yesterday in Somerville. The carriers are Harry L. Deitz, James F. Jones and J. Culver Garretson, with George Drobney as substitute. Two deliveries will be made a day in the residential section and three in the business.

Squire Edward W. Farley will open up his office today in the Case building. The work performed by him and Charles Dolliver will hereafter be done by one man in the Supervisor's office at the Central depot.

Mary T. Willett, wife of David McCullough, aged about eighty, died at the home of her daughter, Mrs. Albert Amerman, Friday last, at Green Knoll, from paralysis. She is survived by her husband, a daughter and six sons.

Charles Dolliver, who has been employed in the office of the Supervisor of the Central Railroad here, has left and gone to New York to study law.

Mrs. Anna Hardwicke has returned from Atlantic City, where she went to attend the meeting of the Daughters of the American Revolution.

C. L. Mitchell has resigned his position in the Somerville Woollen Mills to accept a more lucrative one with Richards Bros., contractors.

Irving Weaver has resigned his position in the Somerville Woollen Mills and is working in New York, examining cloth.

Charles H. Fowler and family have removed from Jersey City to the residence lately occupied by W. K. Smith on High street.

Rev. Dr. and Mrs. E. G. Read attended the closing sessions of the Encumenical conference in New York yesterday.

Miss Emily Mosher has secured a position in New York and started in today. She will commute.

Mrs. James Birdsall is seriously ill at her home on Easton avenue.

J. W. Bowman, of South Branch, was in town yesterday.

Eugene S. Doughty has returned to Washington, D. C.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 2 — Clark's stage did not run on regular time yesterday, as the horse refused to go after the first trip.

Samuel Dayton's child, who was ill, died yesterday morning. The funeral will be held Friday.

Mrs. Mary McDonough has decided to build a frame in place of a brick house.

The Ladies' Missionary Society will meet at Mrs. Eckerts tomorrow afternoon.

John Beabout, of Plainfield avenue, is building a new barn.

AMATEUR ACTORS SHOW FINE TALENT

[CONTINUED FROM PAGE 1.]

Grace Kelley acted the role in a sympatetic manner.

Miss Mary Anderson Reinhart scored a positive success in the role of "Susan," the servant. She acted with a freedom of manner and estimation of the requirements of the part that was charming.

While the success of the performance depended upon the ability of those acting the various parts, it was due to Alfred Young, who directed and staged the piece, that the parts were mastered and carried out in the manner in which they were. Mr. Young has been assiduous in his work of coaching the company, and how well he succeeded was evidenced in the finished performance given.

The total receipts from the performance amount to nearly $750, of which about one-half will be profit.

FREE DELIVERY FOR CRANFORD.

Out of Thirteen Candidates for Carriers Only Three Live in the Town.

(Special to The Daily Press.)

Cranford, May 2 — Although the Postoffice Department at Washington decided many months ago to grant the request of Cranford for the establishment of the free mail delivery system here, the plan has never been completed, because two attempts of the Civil Service Board to secure an eligible list for the position of letter-carriers proved futile. Such a list has now been obtained on the third attempt, and the remaining steps to establish the system will be taken at once. When the Cranford examination of applicants for carrier was announced the department declared that residents of any section of New Jersey were eligible. This was subsequently modified that Cranford residents should have the preference for the positions. Despite the open field, none of those who applied secured a percentage sufficiently high to entitle him to the office. The third attempt has just been completed by the Civil Service Board, and thirteen of the applicants secured a percentage that placed them on the eligible list. These thirteen and their percentages were: Edward Milnes, 93.33; H. W. Crane, 87.48; John J. Walsh, 82 80; W. E. Reinhart, 81.78; C. T. Dumont, 80.75; W. A. Shaw, 80.15; F. E. Cox, 78 98; M. G. Galbraith, 77.55; E. M. Measey, 77.25; Martin Joyce, 76.90; Austin Bittenbender, 76.33; Joseph J. Burnes, 73.75; Andrew J. Ryan, 73.30. Of these thirteen only three—Crane, Shaw and Cox—are residents of Cranford, and they will therefore in all probability secure the appointments.

NO GENERAL ENCAMPMENT.

Lack of Funds Destroys Gen. Sewell's Favorite N. G. N. J. Plan.

Gen. Sewell's plan to have the entire National Guard of New Jersey in camp at Sea Girt this year has fallen through on account of his failure to get the necessary funds.

The Second Brigade will go into camp by regiments. The First Brigade, which includes the First and Fourth regiments, will not go into camp this summer. The Second Brigade is composed of the Second and Third regiments. The Second Regiment will go into camp for ten days beginning July 6th.

The whole of the New Jersey National Guard has never been in camp at one time, although it has been Gen. Sewell's favorite idea for many years.

GOOD TIME AT HOPE CHAPEL.

Dime Sociable Given Under Auspices of the Young Ladies.

Sociability was the watchword at Hope chapel last night, when the young ladies gave a dime sociable in aid of the chapel.

There was a large number present and the evening was spent in listening to volunteered songs and recitations, phonograph selections under the direction of F. M. Slater and in playing parlor games.

The social committee who helped to make the evening a success was Miss Cose, chairman; Miss Margaret Porter, Miss Annie Martin, William Haughter and John Evans.

Want a New Trial.

A rule to show cause why a new trial should not be obtained in the case of George Christianson against John Lambert by Murphy & Blatz, attorneys for the defense, and will be argued in the June term of the Supreme Court at Trenton. The case was first tried at Elizabeth where a verdict for $7,000 was brought in for the plaintiff.

Karlsruhe. Im Auftrage des Ministeriums veranstaltete die Landesgewerbehalle einen Meisterkursus über das Legen von Linoleum. Der Kursus war wohl der erste in dieser Dekorationsart und die Anmeldungen so zahlreich, daß nur ein Theil berücksichtigt werden konnte. Die Lehrkräfte waren von der Linoleumfabrik Maximiliansau a. Rh. gestellt.

Konstanz. Die Einwanderung italienischer Arbeiter hat in diesem Jahre viel früher als sonst begonnen und ist an Umfang gewachsen. Seit Mitte Januar bringen die Dampfboote große Massen Italiener; in den letzten vier Wochen brachten sie 500 bis 700 täglich.

Mannheim. Unter zahlreicher Betheiligung von Bürgern und Vertretern der Behörden fand dahier die feierliche Enthüllung des von Professor Hundrieser in Charlottenburg ausgeführten Bismarck-Denkmals statt.

Pforzheim. Der Bürgerausschuß genehmigte die Regelung der beiden durch die Stadt fließenden Gewässer Enz und Nagold mit einem ungefähren Kostenaufwand von 3,250,000 Mark. Der Staat hat eine Beihilfe von 900,000 Mark zugesichert.

Waldhilsbach. Hierorts wurden der Bürgermeister Braun und der Gemeinderath Collermann beim Wildern ertappt und verhaftet. Collermann erhielt eine Schußwunde.

Elsaß-Lothringen.

Straßburg. Die Vierte Kommission des Landesausschusses hat das Gesuch des Verbandes elsaß-lothringischer Gewerbe- und Handwerkervereine um Bereitstellung eines Fonds zur Gewährung von Beihilfen an Handwerker und Gewerbetreibende Elsaß-Lothringens und zum Besuch der Pariser Weltausstellung abschlägig beschieden.

Metz. Der Realschullehrer Simon Herrmann, der erste einheimische Lehrer, der nach dem französischen Krieg in deutsche Dienste trat, ist im Alter von 69 Jahren gestorben.

Oesterreich.

Wien. Unter dem Vorsitz des bayerischen Gesandten Baron Podewils hielt der Deutsche Hilfsverein in Wien seine 23. Jahresversammlung ab. Dem Jahresberichte des Vereins ist zu entnehmen, daß die Einnahmen desselben im abgelaufenen Jahre 13,519 Gulden, die in 2595 Fällen gewährten Unterstützungen 9216 Gulden betrugen. Das Vereinsvermögen stieg auf 48,609 Gulden, die Zahl der Mitglieder auf 450.—Zwei überspannte Schriftsteller, Hugo Astl-Leonhard und Fritz Lemmermayer, beschlossen, gemeinsam zu sterben. Astl tödtete sich mit dem Rasirmesser. Lemmermayer brachte sich nur leichte Schnittwunden bei.—Letzter Tage starb hierorts im 83. Lebensjahre der Großindustrielle S. Reich, Senior und Chef der Firma S. Reich u. Co., ein Mann, der sich bedeutende Verdienste um den Fortschritt der österreichischen Glasindustrie erwarb und insbesondere in Mähren die moderne Glasfabrikation begründete. Außerdem entfaltete er eine hervorragende gemeinnützige Thätigkeit als vieljähriger Bürgermeister von Groß-Karlowitz.

Arad. Der Beamte des Salzamtes, Ludwig Grau, wurde wegen einer Defraudation in der Höhe von 8000 Kronen verhaftet. Er hat gestanden und auch Mitschuldige genannt.

Budapest. Der hiesige Advokat Stefan Horvath wurde von dem ehemaligen Garibaldianer und Mitkämpfer der „Tausend von Marsala," Michael Nyuly, gegen den er einen Prozeß gewonnen hatte, mit vier Revolverschüssen in seiner Kanzlei ermordet. Der Mörder stellte sich freiwillig der Polizei.

Fiume. Neulich gingen wiederum von hier 750 Pferde, welche für Cecil Rhodes in Ungarn gekauft worden waren, nach Südafrika ab. Die nächsten Sendungen werden im Mai erfolgen; 3000 der bisher angekauften Pferde waren für Egypten bestimmt.

Klappay. Durch einen Erdrutsch sind hier 56 Häuser zerstört worden; weitere 30 erscheinen gefährdet.

Lemberg. In Galizien werden heuer Herbstmanöver in ungewöhnlich großem Maßstabe mit etwa 130,000 Mann zwischen Jaslo und Krasno abgehalten werden. Es sollen daran 178 Infanterie-Bataillone mit erhöhtem Friedensbestand von 520 Mann, fast die Hälfte der Heereskavallerie (125 Schwadronen), dazu Landwehr- und Honved-Kavallerie und 300 Geschütze theilnehmen. Die gesammten Manöver sammt Verpflegung und Truppentransport werden kriegsmäßig durchgeführt.

Linz. Vor längerer Zeit wurde von Gemeinderath in Linz einhellig beschlossen, eine Straße zu Ehren des größten Deutschen unserer Zeit mit dem Namen „Bismarck" zu benennen. Der Landeshauptmann Dr. Ebenhoch annullirte jedoch den Beschluß, worauf der Gemeinderath nunmehr wiederum einstimmig beschlossen hat, gegen die Aufhebung des Bismarckbeschlusses die Berufung an das Reichsgericht zu ergreifen

THE NEW WAISTS.

They Are Stiff as Boards, but They Give the Required Figure.

Everybody can have everything that heart of woman can desire now, for all the things that ever were are now waiting for them to choose from. There are empire dresses and mantles, and there is no end of other things, the chiefest among them being the polonaise and princess shapes and styles.

The princess is well adapted to the new shape of the woman in the new corset. With this figure a woman wants a dress that will accentuate the figure, and the princess dresses of the season are made with smooth fronts, and they hang in one unbroken line from top to bottom. The backs fit closely, and the fronts fall in that serpentine outline now so much affected.

The polonaise is like the princess in form, but is not so long and is understood to be only a part of a dress. The skirts worn with the polonaise are often of quite different stuff, and the bottom of the skirt is made to flare out as widely as possible. This special garment is for outdoor wear more particularly and looks better in broadcloth than anything, though there are a number of other goods quite suitable, among them silk in the heaviest weaves.

A few of the thick cottons are made in polonaise shape, such as khaki, pique and the thick pebble weaves in the cotton cheviot. Some of these cottons are really very handsome and stylish when made in the approved styles. These are with Eton jackets

STRIPED POPLIN SUIT.

and short jackets made with almost tailor finish. Being firm, the goods will take a finish which up to now has never been achieved.

All of these cotton goods are washable, and so when they are made the wearer should remember that fact and have whatever trimming is put on them done so that the dress can be ironed without taking the whole business apart. There will always be one or two so called wash dresses in a summer's wardrobe so fancifully trimmed that the owner knows very well that it will be impossible to have them done up so as "to look anyhow" after. So let the everyday dresses be plain and put as much trimming on the best ones as may be desired.

The khaki cloth is unexpectedly dear, probably on account of the Boer war, and so it is a mark of the bloated bondholder to be able to have one unless the wearer makes her own gowns.

We are told that green is the fashionable color, but where one sees anything made of green one sees a hundred other shades and colors.

There are many things of green, notably the straw hats. These are very suitably trimmed with flowers, more so than with fruit. The sunshine yellow is a factor in trimming many things usually garnished with more sedate color, among them the pretty little capes of black lace which will be worn over the shoulders a little later in the season. These small capes will be of chantilly or some other rather thin black lace. Around the edge of the foundation, which is of plain net, there will be a roll of the sunshine velvet. And it may be put in any other place that suits the designer.

A representative dress was made of striped poplin, and the stripes were blue, matching the stripe in the dress. This was in blouse shape, and there was a bolero of the poplin and a shirt waist of blue and white percale.

The new fashion in waists is that we must be boned up until we cannot move. The amount of featherbone put in the seams passes belief. No waist is right unless it is stiffer than the traditional board. The corset might as well be entirely absent for that matter, since the waist is boned to such an extent.

The dressmakers are very clever to make women believe that the short corset is so very hygienic that we must pay $12 for one, and then they go and incase us in a coat of mail as far as our dress waists are concerned, and the outside of the waist gives no hint of the amount of featherbone on the inside.

HOT FIGHT EXPECTED.

Boers Make Stubborn Resistance Near Thaba N'Chu.

LONDON, May 2.—Fighting heavier than any since Ladysmith seems to be imminent near Thaba N'Chu. The dispatches of Lord Roberts dated Monday and Tuesday show that the Boer rear guard, stubbornly resisting his advance, forced the British on Saturday and Sunday to act chiefly on the defensive.

General French, who is directing the operations, has at least 15,000 men. Some estimates give him 30,000. The Boers are estimated to be at least 6,000 and possibly 10,000.

According to a dispatch from Pretoria dated April 28, they were expecting to give battle and have numerous artillery.

Lady Sarah Wilson, telegraphing from Mafeking, April 19, says:

"The investment is so close that no runners have entered or issued forth for ten days.

"There was a terrific bombardment on April 11, but with the exception of destroying some houses it was harmless. The Boers then made a determined attack on the southwestern forts, which was successfully repulsed."

"The Boers have formed a new laager on the south. Many horses are dying of horse sickness. Trees are being cut down for fuel. The garrison is now eating the ambulance oxen, reserving the mules until the last. The daily ration is now six ounces of gritty oat bread, a pound of bully beef and a quart of skilly."

The Peace Commission Banqueted.

AMSTERDAM, May 2.—At a banquet given here last evening to the members of the Boer peace commission the president of the Transvaal committee proposed the toast, "Success to the mission." Mr. Fischer of the delegation, who replied, expressed the thanks of the envoys for the sympathy that had been shown them by a people of common origin with themselves. Mr. Deerdyn, secretary of the mission, replying to the toast to the health of Presidents Kruger and Steyn, said that although some of the Boers might have returned to their homes for a brief visit no commandoes of the Transvaal or the Free State had permanently returned. He declared also that the rumors of the submission of the Free Staters were absolutely without foundation.

Boers Reach St. Helena.

JAMESTOWN, St. Helena, May 2.—The British auxiliary transport Bavarian has arrived here from Cape Town with 1,099 Boer prisoners. All are in excellent health. They will be landed as quickly as possible, although the wharfs are blocked with stores owing to the insufficient transport inland.

CANAL BILL DISCUSSED.

Powerful Opposition to the Interoceanic Waterway.

WASHINGTON, May 2.—For the first time during the 50 years of agitation of the project for the construction of an interoceanic canal the house of representatives yesterday entered upon the consideration of a measure to actually authorize the building of a canal. Many times propositions bearing upon the subject have been before the house, but this was the first time positive action can be predicated. Today the bill will be voted upon before adjournment. The debate yesterday was memorable because of the unexpectedly powerful opposition it developed. Mr. Burton of Ohio, chairman of the rivers and harbors committee; Mr. Hitt of Illinois, chairman of the foreign affairs committee, and Mr. Cannon of Illinois, chairman of the appropriations committee, threw the weight of their influence against it, not because they are opposed to the building of the canal, but because they considered that the time for authorizing its construction was not ripe. Mr. Burton and Mr. Hitt contended that the bill would violate the Clayton-Bulwer treaty, which guarantees the neutrality of the canal, and Mr. Cannon quoted Admiral Walker, chairman of the isthmian canal commission, as saying that the commission was not yet prepared to say which was the best route.

After having been under consideration more than two months the Alaskan civil code bill was passed by the senate yesterday. The amendment relating to the alien location of mining claims has delayed the passage of the measure for several weeks and at times has engendered a deal of feeling in debate. Mr. Carter, therefore, yesterday withdrew the amendment and all other points in dispute, and a few minutes later the bill was passed. It provides a full civil code of procedure for the district of Alaska.

During the greater part of the session the army appropriation bill, carrying supplies for the military of more than $114,000,000, was under consideration.

QUEER THINGS PICKED UP.

Some Have a Mania for Rescuing Hairpins, Rubber Bands, and Such Like.

Chicago people are greatly given to picking up things in the streets. Just what they do it for nobody knows, not even the collectors themselves in many cases. But the man or woman who commences to pick up things in this manner is lost. There is no knowing to what lengths or what eccentricities the habit will eventually lead and carry its victim.

A man whom almost everybody in Chicago knows something about noticed a wire hairpin resting on the sidewalk before him one morning just before Christmas. He wondered idly as he journeyed downtown just how many hairpins of various kinds might be picked up on the streets in a single month. During the month of January he tried to find out. In the 27 working days of this month he picked up over a hundred hairpins. From his home to the street car and from the street car to his office he traversed daily—he could not see to pick up hairpins in the evening—just about ten blocks. The knowledge that he found and rescued over a hundred hairpins in the course of that ten blocks in a month has been of great satisfaction to him—nobody knows why. His wife estimates that he ruined several pairs of gloves in the course of his efforts and lost any amount of small change, while he didn't even save the hairpins, but these trifles never troubled him. He is still picking up hairpins and expects to attain a marvelous total during the three months which he will allow to elapse before again "taking stock" of his finds.

Last summer it was rumored in all sorts of business and professional circles that the picking up of rubber bands in the streets and on the sidewalk was "lucky." Again nobody knows why; nobody ever did. But numbers of intellectual and otherwise sensible Chicago people picked up rubber bands last summer and autumn and numbers of them are still pursuing the elusive rubber circle. One wonders why.

The habit of looking for and picking up lost money is an ancient one. It strengthens as it grows. It has been roughly estimated that at least two-thirds of Chicago's feminine population are victims of this habit in varying degrees, while plenty of men succumbed to it long ago. Money so found is also "lucky"—even if it does necessitate the spoiling of brand-new gloves or the soiling of dainty finger tips. The man who finds money in this way usually spits upon it. This operation is performed "for luck" also.

Then there are people who make a practice of watching for and picking up postage stamps, cuff links, hatpins, lead pencils, rubber erasers, pocketbooks and knives, finger rings and bracelets, brooches, watch charms—anything and everything, in fact, which may be lost and found. Few of them know or can tell why they do this. They have got into the habit of so doing, that is all. But always they can be recognized at sight, these queer victims of the "finding habit," and this by their peculiar carriage of the head and neck. Gibson girls are anything but plentiful in Chicago; there are too many sharp cable curves and wild-driving and excitable teamsters allowed about the streets for that. But most of the population seem to approve of a moderately erect carriage. When you see a man or woman, therefore, with head bent low over the dirt and grime and mud of the city streets you may reasonably suspect that you have before you a fully developed "finding fiend." When the suspected individual suddenly swoops down upon the street or sidewalk, abstracts something and hides it away in the pocket with great joy you may know your suspicions well founded. A "find" has been discovered and pocketed; it will presently be added to the miscellaneous, and, in all probability, valueless collection at home or the office. And the heart of the finder is throbbing with unmitigated delight. And, again, one wonders why.—Chicago Chronicle.

CHICAGO'S GREAT DAY

Dewey's Victory at Manila Fitly Celebrated.

ADMIRAL'S WELCOME UNSURPASSED.

More Than Half a Million People Throng the Line of the Big Parade. City Gay With Decorations. Flowers For the Hero.

CHICAGO, May 2.—Yesterday's celebration, the first in America at which Admiral George Dewey could be present on the anniversary of the battle of Manila Bay, was worthy of the famous victory. Fully 600,000 people were gathered along the line of march of the day's parade, and for four hours the admiral was busy bowing acknowledgments of the cheers that met him from all sides.

When the parade entered the thickly crowded streets down town, the admiral met with his real reception, and it was most enthusiastic. The cheers made practically one continuous roar, at many times so loud that it was difficult to hear the music of the band which marched ahead of the admiral's carriage. The sidewalks were packed from curb to walls, and all joined in giving the admiral a welcome which in point of enthusiasm has never been surpassed by that extended to any man who has ever been the guest of the city of Chicago.

On the steps of the Art institute on Michigan avenue were gathered 300 young women, a number of them clad in white being so placed as to spell the word "Dewey." As the carriage containing the admiral approached their voices burst into "See the conquering hero comes," and the march was stopped until the song was finished, the admiral expressing great pleasure at the singing.

Naval, military and civic organizations followed the carriage containing the admiral through miles of streets decorated with flags and bunting and with models of the cruiser Olympia made from various materials, the most popular practice being to outline the cruiser in colored electric lights. Speaking to the Manila veterans escorting his carriage, the admiral said on seeing one of these Olympias, "See, boys, there is the old ship," and the sailors gave a hearty "Aye, aye, sir," in response.

Not less pleasing to the admiral than the expressions of greeting and good will shown by the decorations were the many spontaneous proofs of a real welcome that he received. If the admiral's carriage came near enough women threw flowers from windows of high buildings, and the sailors around his carriage picked up many bouquets that had made their mark and fallen in the street.

After traversing the business part of the city the parade was reviewed by Admiral Dewey in the presence of thousands of people wedged in literally solid mass for blocks on either hand. A luncheon was served at the Union League club, and at 8 p. m. Admiral Dewey and his aids were the guests of the University club, while Mrs. Dewey and the members of the women's reception committee were entertained at dinner by Mrs. Arthur Caton. At 11 p. m. Admiral Dewey and his party visited the naval reserve Naval Veteran association ball at the First regiment armory.

The stand from which Admiral Dewey reviewed the parade was built out from the grandstand erected along the south end of the unfinished postoffice building in Jackson boulevard, and here thousands of people stood in the streets for hours waiting for the admiral to appear at the head of the parade.

Remarried After Long Separation.

SYRACUSE, May 2.—Mr. and Mrs. Wright McCastline have just been remarried after a separation of 23 years, when the wife secured a divorce. The reconciliation was brought about by the daughter, Miss Mae Wallace McCastline, who has some local fame as a poet. Miss McCastline is sending out an announcement which is certainly unique in that it reads, "Miss Mae Wallace McCastline announces the remarriage of her parents," etc.

The base ball game that was to have been played this afternoon in this city between the Leal team and the team from the Montclair High School has been declared off. Leal's team claim the game by default, as no satisfactory explanation has been given why the visiting team could not come.

Elizabeth baseball cranks are talking of a league with Westfield, Cranford and Plainfield. An attempt will be made to have the managers of the teams in the respective towns meet early next week and form a schedule of games. If such a league should be formed it will do more than any one thing toward making this season a successful one.

GOLF

A number of the local golfers were in attendance at the links of the Park Golf Club Saturday afternoon, although there was no regular competition. The schedule for the year at that club has not yet been announced but will probably be arranged at a meeting of the board of governors to be held Thursday evening.

One of the first acts of Professional Blair, of the Park Golf Club, was to arrange a proper "bogie" score for the course. He has set the "bogie" at 39, and has already come within one stroke of that himself. The "bogie" score, as arranged by Blair, is as follows:

Holes.	No.	Distance.	Bogie Score.

ROD AND GUN.

State fish commissions are keeping a close watch on anglers in the vicinity of the Raritan dam near Bound Brook, as it is illegal to fish within one hundred yards of it. More shad are being caught in the Raritan this year than ever before, consequently large numbers of Izaak Walton's followers are to be seen along the banks daily. Many large carp have been hooked but lost as the lines were equipped with white perch hooks.

AMONG THE STEPPERS.

Jed M. Smalley, of Somerset place, has purchased a black gelding from F. C. Poebus, the horse trainer. Mr. Smalley's new purchase is reported to be a speedy trotter and will appear in some of the local events on the track this season.

CYCLING COMMENT.

Capt. George F. Edwards, of Duer street, has mastered the riding of a bike, and hereafter will ride instead of walk.

Written Reports Wanted.

The regular monthly business meeting of the Christian Endeavor Society of the First Presbyterian church will be held this evening after the regular Wednesday night prayer meeting of the church. It is requested that the chairmen of the various committees bring in a written report of the work accomplished by their committee for the past month.

A Chinese Costume.

Miss Todd, of China, will appear in the native costume, and speak for the Kings' Mission Circle, of Warren chapel, at their anniversary to be held tomorrow evening.

On the Grand Jury.

J. C. Pope is also a member of the Grand Jury from Plainfield now in session at Elizabeth.

Colonial Dames Elect Officers.
(Special to The Daily Press.)

Trenton, May 2.—The New Jersey Society of Colonial Dames of America met in annual session yesterday and elected the following officers: President, Mrs. Thomas J. Craven, of Salem; first vice-president, Mrs. Hughes Oliphant, of Trenton; second vice-president, Miss Kate Mott, of Bordentown. Managers—Mrs. Rowland Cox, of Plainfield; Miss Caroline Nixon, of Trenton; Miss Dora Smith, of Hoboken; Miss Mary Rickey and Miss Mary M. Welch, of Lambertville. The fees of initiation were increased from $10 to $25, and a discussion as to the advisability of adding a comparative increase to the amount of yearly dues was had. The latter question was referred to the next regular meeting.

To Accept Duer Street Extension.

At the meeting of the Borough Council next Friday evening an ordinance will be introduced whereby the borough will accept Duer street, that portion running from Craig place to the brook. In connection with the opening of the street it is highly important that those who have subscribed money for the opening should pay their subscriptions to Collector Brown.

Speaker Not Yet Selected.

The Borough Board of Education has not yet decided upon the speaker for the commencement exercises to be held in Music Hall Friday evening, June 22d. It is hoped that the matter will be settled this week.

Much Business for Solons.

Much business of importance will be considered at the regular May meeting of the Borough Council Friday evening. The sidewalk ordinance will come up for its third reading and will probably be passed.

THE CENTRAL STRIKE.

Workingmen Await a Conference. More Men Go Out.

BUFFALO, May 2.—At strike headquarters Chairman Fish and the members of the executive committee of the Car Repairers' association held sessions at intervals during yesterday, discussing the situation as it appeared from the strikers' standpoint of viewing the two messages received by Commissioner Webster from Superintendent Waitt and in watching for the result of the strike order which had been issued to the shopmen of the Delaware, Lackawanna and Western and the Nickel Plate roads.

The second message from Superintendent Wiatt, stating that he would reach Buffalo this morning, was discussed by the executive committee at its 1:30 o'clock meeting. Either its import or confidential information that the shopmen of the Lackawanna and Nickel Plate would strike in sympathy with the New York Central men reflected encouragement in the attitude of the leaders. Chairman Fish stated that the announcement of Superintendent Wiatt's coming would not make an iota of difference in the strike situation.

At 2:40 o'clock a courier from East Buffalo rushed up to the strike headquarters and was admitted to the private room of the executive committee. Chairman Fish immediately announced that the shopmen of the Lackawanna, about 550, had struck because they had been asked to repair crippled cars of the New York Central.

An hour intervened and another courier from the Nickel Plate men brought information that about 150 shopmen had gone out for substantially the same reason.

The executive committee remained in session a short time after the arrival of the last courier and adjourned, making the announcement that no action had been taken.

MORE PAY, LESS TIME.

Three Thousand Men Strike In Philadelphia With This Demand.

PHILADELPHIA, May 2.—The demands of the allied building trades, composed of nearly all the building trade unions in this city, for an eight hour work day with increased pay were put in force yesterday, and as a result 3,000 men are on strike.

Men in several trades not affiliated with the allied building trades quit work, but many of these returned to their work during the day, the differences with the masters having been adjusted. Signatures of employers to agreements are being constantly received, according to the labor leaders, and it is their opinion that many of the trades belonging to the league will have all their men working within a week or ten days.

The movement for a working day of eight hours and a general increase of wages averaging about 25 per cent began several months ago.

BOROUGH HIGH SCHOOL WON AT BASEBALL

Defeated Plainfield High School Team by a Score of 17 to 14 Yesterday.

BOROUGH'S SECOND WIN

LOOSE FIELDING RESPONSIBLE FOR CITY TEAM'S DEFEAT.

The Teams Batted About Evenly, While the Plainfield Boys Did Better Work on Bases—Squires and Crite Pitched.

Martine Common saw an exciting contest yesterday afternoon when the rival teams of the High Schools of city and borough met for the second time to battle for supremacy on the baseball diamond. The game resulted in a victory for the North Plainfield High School by a score of 17 to 14. Both teams played a more satisfactory game than formerly, but the improvement was most noticeable in the Plainfield's team game. The city boys batted well and ran bases in good form, but the fielding still remained very weak and straggling, although better than that of last week.

The borough boys played with the same team as before, but there was a general shake-up on the other nine. Squires occupied the box while Herman filled his old place behind the bat. Schomp played in Herman's place at third and Doane was tried at first again. Squires pitched a good game. He was a little wild at times, giving eight men bases on balls. He possessed considerable speed, however, that proved effective when controlled. He improved during the progress of the game and ended the last inning by striking out two men. He struck out six altogether.

Crite has been ill and was a trifle off his usual form on the start. He, too, did better in time. He struck out three and gave four bases on balls.

At batting the teams were even up, each making nine hits. Squires, T. Mason and McLoughlin made two *base hits* and McLoughlin and Armstrong three baggers. Once on the bases, the Plainfield players showed a decided superiority, but that could not make up for their inferior fielding. They had little trouble stealing bases, being credited with nineteen in all and only five were left on bases. Ten North Plainfielders were left on bases. Blatz and Schenck were the only borough boys who did satisfactory base running.

For the first part of the game there seemed a fair possibility of the city team breaking its record and winning a game. The boroughites braced up, however, and held their opponents down until it was too late. The winners undoubtedly won the game by superior fielding. Nine errors were recorded against them and sixteen against Plainfield. With the latter it was the same old trouble, fumbled grounders and wild throws. Townsend Mason made the most brilliant play of the day. He captured a difficult fly just off the ground and reached first in time to make a double play unassisted.

The umpires were Charles Woolston and Herbert Moore, who were very satisfactory. The teams were:

FIRST MAY DAY WEDDING

GALLAGHER-STEVENS NUPTIALS WERE HAPPILY CELEBRATED.

Ceremony Performed at the Home of Bride's Parents—Will Reside on Richmond Street.

A large assemblage of relatives and friends gathered at the home of Mr. and Mrs. John H. Stevens, 133 Watchung avenue, last evening, to witness the marriage of their daughter, Miss Ella May Stevens and Thomas P. Gallagher, of Raritan, which took place at 7:30 o'clock. Rev. J. O. McKelvey, pastor of Warren chapel, performed the ceremony.

The parlor, where the marriage took place, was decorated in green and white. The bow window was filled with palms and lilies, while overhead was an arrangement of southern smilax and white satin ribbon, beneath which the bridal party stood. Sophus Lassen, of this city, was at the piano, and as the familiar Loehengrin wedding march was being played the party entered the parlor and formed a semi-circle.

The bride's dress was white corded silk, en train, with real point lace and pearl trimmings. She carried a bouquet of bride roses. She also wore a veil and orange blossoms which were held by a diamond ornament, the gift of the groom. She was attended by Miss Clara A. Delaney, of Columbia Heights, N. J., as maid-of-honor, and Miss Edna A. Palmer and Miss Alice M. Runyon, of Newark, as bridemaids.

Miss Delaney wore a gown of pearl color silk, trimmed with white lace, and she carried pink roses. Miss Runyon's dress was lemon color mousseline de soie, while Miss Palmer wore a dress of light blue silk, trimmed with point de sprit. The bridemaids also carried bouquets of pink roses with lilies of the valley. The best man was S. Rosecrans Murphy, of New York city.

After the ceremony congratulations were showered on the popular couple. After congratulations the guests adjourned to the home of Mr. and Mrs. Benjamin Moore, on Second street, where the wedding supper was enjoyed. The guests returned to the home of the bride's parents after the supper and enjoyed a social time until nearly 10 o'clock, when Mr. and Mrs. Gallagher left on their wedding trip, which will be spent in the sunny south. While away they will visit Old Point Comfort.

On their return they will take up their residence at 115 Richmond street, which property has recently been purchased by the groom and is completely furnished awaiting their occupancy. Mr. Gallagher holds the responsible position of cashier with one of the largest brokerage firms on Wall street. He and his wife were handsomely remembered by costly gifts. The bride presented her maid-of-honor and bridemaids with opal pins, while the groom gave his best man an opal and pearl pin.

In addition to the Plainfield people present, there were guests from Newark, New York, Brooklyn, Tarrytown, N. Y., Elizabeth, Somerville, Raritan and many other places.

JUN'OR SOCIETY.

Young Endeavorers Enrolled at Marconnier Chapel.

Mrs. H. W. Marshall and Miss Gertrude Tier, of Trinity Reformed church, went to Oak Tree yesterday afternoon and organized a Junior Christian Endeavor Society at Marconnier chapel, which was recently made a branch of Trinity church. Those in charge of the organization were very much gratified with the attendance. Fifteen boys and girls enrolled themselves as members and they selected Mrs. Marshall as their superintendent, and Miss Tier as assistant superintendent.

In choosing officers for the society, Lottie Eckford was made president, Ruther Wilson was elected secretary, and Charlotte Campbell as treasurer. The society starts under the most favorable circumstances, and many young people who were prevented from being present yesterday will be at the next meeting and become members.

To Spend Honeymoon in Native Land.

Miss Hilma Petersen, of this city, and Carl Enander, of Dunellen, were married by Rev. O. Tinglof, of the Swedish mission, yesterday morning at the home of the pastor on Arlington avenue. After the marriage the bride and groom went to New York, accompanied by a number of relatives, from which place they sailed at noon for Sweden, their native place. They will be abroad sometime.

To Unite With Congregationalists.

There will be a number to unite with the Congregational church Sunday morning by letter and on confession of faith. The sacrament of the Lord's Supper will be observed.

PUSHING TROLLEY WORK.

Laying of Rails on Westfield Avenue Resumed—More Cars for Sunday Service.

The trolley company resumed the laying of rails on the Rahway and Westfield line yesterday, and officials state that necessary material will be received regularly hereafter in order that the line may be pushed to completion. The most of the grading being nearly finished, it is the intention of the company to have the cross-country line and the B. and O. railroad crossing completed at the same time, which, it is estimated, will be in about six weeks.

The rapidly increasing traffic as the warm weather advances has caused the company to consider the advisability of reducing the headway to ten minutes, as the present schedule for Sunday travel has proved to be wholly inadequate to meet the demands made upon it.

With the additional feed cable, which is already up on part of the line complete, the number of cars may be increased at will.

ONE MORE THAN PLEASED

HE LIKED "A NIGHT OFF" SO WELL THAT HE GIVES $5

And Suggests That a Supplementary Fund be Started for Others to Do Likewise.

It is evident that some one believed that they got more than their money's worth at the performance of "A Night Off" by amateur talent in Music Hall, as the following letter explains:

To the Editor of The Daily Press:—What "A Night Off" we all had at Music Hall Tuesday! Who dares to say that we have not histrionic talent as is talent "in our midst?" Why essay to paint the lily, tho'? And, where each part was played so well, how can one particularize? Allow me a little of your space to thank those to whom thanks are due for the hard labor which led up to a charming success—not omitting the parrot, who certainly contributed not a little to the gaiety of the occasion.

But, as David Harum was wont to say: "Talk is cheap. It takes money to buy land." As an evidence that I am not talking only, and, as a material expression of my appreciation, I enclose $5, which you can pass over to the entertainment committee. This doubles the cost of my seats. Who follows me—for "charity's sweet sake?"

Kindly allow me to remain in cog. If my handwriting (?) betrays me, and you "give me away," I will request Mrs. Babbitt to interview you! Do you tremble? Ptrrchala.

The anonymous correspondent enclosed a $5 bill with the above letter, with instructions to The Daily Press to turn it over to those who had charge of the performance of "A Night Off." In accordance with the suggestion made in the letter, The Daily Press will receive any sum of money desired to be tendered in the same spirit and for the same purpose as the mysterious correspondent, who even failed to send his right name, "not necessarily for publication, but as an evidence of good faith."

HIS LOSS QUITE HEAVY.

Alexander Kane Had Insurance Policy Cancelled Three Weeks.

The loss sustained by Alex. Kane, whose property was destroyed by fire Tuesday night, now appears to be much greater than was at first supposed. Mr. Kane states that the total amount of damage to buildings and stock was $1,450. About three weeks ago he had the policy on his warehouse cancelled, making that amount a clean loss.

The insurance on the barn, which was about $700, did not cover the large amount of stock which he had stored in it, and altogether Mr. Kane estimates his net loss at $800. He will have the burned structures rebuilt immediately.

New Golf Club Members.

The trustees of the Hillside Tennis and Golf Club have elected to active membership Messrs. James T. Scott, James F. Middledith and Henry E Titus. They also elected Mrs. Robert Rushmore, Mrs. Edward H. Booth, Mrs. Samuel Huntington, Mrs. F. H. Andrews and Miss Andrews as associate members, and Mrs. James T. Scott, Miss Ruth Titus, James T. Scott, Jr., Ralph L. Vail and Wetmore H. Titus as Junior associate members.

Rigid Milk Inspection.

All of the milkmen in the borough or those who deliver in the borough received blank applications from Health Inspector Pangborn yesterday. These will be filled out telling who purchase the milk, how many cows each milkman has and where he gets the milk, if he buys from any other dealer.

TEST TRAIN ON CENTRAL.

HEAVIEST TRAIN ON RECORD WENT OVER THE LINE YESTERDAY.

Was to Test Capabilities of Improvement Made to New Freight Engine—Was a Success.

The heaviest train that ever went over the Jersey Central Railroad passed through Plainfield last night at 8 o'clock as a test of an improvement made to one of the big freight engines of the Central. The train weighed 3,088 tons and was whirled along at a lively rate.

The building of the big freight locomotives for the Central was something of an experiment. They were found a success. The boilers were cylindered to their utmost capacity, however, and a trial was made by reducing the size of the cylinders one inch each with the hope of increased efficiency. The trial of last evening was with that end in view.

The train was made up of 53 of the largest coal gondolas, weighing about 15 tons each and carrying a load of 40 tons of coal. Heretofore the heaviest train weighed only a few tons more than 3,000 and was taken over the Fanwood grade with difficulty.

The test train left Jersey City about 7 o'clock, and made the trip up the road without accident. All the cars were loaded. The return trip was made with equal success. The result of the test will probably be that all that type of locomotives will have their cylinders slightly reduced.

ACCEPTED THE CHALLENGE.

Ross Was Looking for Trouble and He Finally Found It—Cost Him $5, Too.

"Arrest me if you dare," quoth William Ross, Jr. And Patrolman Weizenreid dared. The arrest was only made, however, after a patient attempt on the officer's part to persuade Ross to behave and go home last evening. Weizenreid is now on duty on West Third street. He was attracted to a house on that street shortly before midnight by a vigorous flow of language. He instructed Ross to be quiet and go home.

That only opened the incident. Weizenreid says that Ross followed him about the streets, getting in his way and daring the officer to lock him out. The policeman finally took action but had to use the nippers before Ross would consent to the trip. This morning City Judge Runyon made it $5 or thirty days.

NO NEW CASES.

Epidemic of Scarlet Fever is in the Last Stages—Cause Not as Yet Found.

The Boards of Health of both city and borough are pleased to report today that no new cases have developed since Tuesday, and there is a feeling of assurance that there will be no new cases from the present cause whatever that is. Nearly all the persons who now have the fever are doing very well, and there are only a few that can be said to be in a serious condition. The State Board of Health has now taken up the question of cause with a vengence, and if such a thing is possible the cause for the epidemic will be ascertained. In connection with this it can be stated that several matters are being thoroughly investigated, and some developments are looked for soon.

WOMAN SEES HER HUSBAND KILLED.

Jersey Central Station Master Struck by Train and Thrown Sixty Feet.

(Special to The Daily Press.)

Elizabeth, May 3.—William Hill, employed by the Jersey Central, was instantly killed last evening at Tremley Point, where he had been station agent for nearly sixteen years. He crossed the track to place a mailbag on the post for a north-bound mail train, and was returning to the station after the train passed, when he was struck by the Lakewood Express from New York, going south. His body was tossed upward of sixty feet and fell on the opposite track. The back of Hill's skull was crushed and his shoulder was broken.

Hill lived over the station, and from the window of her room his wife saw the train strike him. He was forty-six years old.

Piano Recital.

E. Arthur Janke, pianist, will give a recital at his studio, 931 West Sixth street, this evening at 8 o'clock. He will be assisted by Karl Grienauer, 'cellist. A very fine classical programme has been arranged.

Senator Reed is Out.

Senator Charles A. Reed, of Myrtle avenue, was greeted on the street today by his many friends, who were pleased th learn that he had recovered from his recent illness.

DEATH OF C. G. ENDICOTT.

He Lived in Westfield and Was a Brother of Dr. George W. Endicott, of Plainfield.

(Special to The Daily Press.)

Westfield, May 3—The death of Charles G. Endicott, who has been engaged in the ship chandling business on West street, New York, for many years, occurred last night at his home on North Broad street, after an illness of two months. He was sixty years of age and was born at May's Landing, N. J. He had lived in Westfield for the past fifteen years. He leaves three brothers and five sisters, as follows: Dr. George W. Endicott, of Plainfield; Judge Allan Endicott, of Atlantic county; Rear Admiral Endicott, of Washington; Mrs. Belle Corson, of May's Landing; Miss Kate Endicott, of Plainfield: Mrs. Daniel Izzard, of May's Landing; Mrs. Herbert Rundell, of Atlantic City, and Mrs. Louis Howell, of May's Landing.

The funeral services will be held from his late home tomorrow afternoon at 3 o'clock. Rev. N. W. Cadwell will officiate.

BOCK RENTS HIS STORE.

UNABLE TO SETTLE HIS DIFFERENCES WITH JAMES SISSER.

The Latter Has Brought Action Against Bock, Charging With Forcible Entry and Detainer.

James Sisser and Chris. Bock, who have been unable to agree over the question as to who shall run the proposed saloon on the Somerset street bridge, have not yet been able to settle their differences, and a turn in affairs has taken place. Mr. Bock agreed to wait until yesterday noon for Mr. Sisser to put in an appearance and effect a settlement. He did not show up and Mr. Bock has made arrangements with Wm. E. Pangborn, of Linden avenue, for the latter to open the place as a billiard and pool room, with a lunch department. Accordingly the place is now being repaired by carpenters, and Mr. Pangborn will open as soon as the repairs are completed.

This is not the end of the trouble, however, for Mr. Sisser, through his counsel, Alvah A. Clark, of Somerville, has brought action against Mr. Bock charging him with forcible entry and detainer, and the papers are returnable before Justice Sutphen, at Somerville, Thursday, May 10th. The defendants in this action claim that the place was not forcibly entered or taken. Craig A. Marsh represents the defendant, and no doubt the trial will be of great interest.

It is understood that Mr. Sisser has attempted to have his license transferred to another place in the borough, but that he was unable to get a place that suited him.

End-avor Officers Elected.

The Christian Endeavor Society of Warren chapel held a business meeting this week and elected the following officers for the ensuing year: President, Fred G. Bach; vice-president, George Zimmer; recording secretary, Miss Hattie Squires; treasurer, Miss Georgie Galloway; corresponding secretary, Miss Margaret Shepherd. The twelfth anniversary of the society will be held Thursday evening, May 17th, at which time the annual reports will be presented and there will be many special features of interest.

Arranging for Memorial Day.

The joint committees of Winfield Scott Post, Women's Relief Corps and Sons of Veterans met in Justice Moffett's office last evening and listened to reports from the different members regarding the observance of Memorial Day. It was shown that everything was progressing favorably and that all details are being arranged. The meeting adjourned until May 16th, which will be the last one before the celebration.

Roadway Now in Excellent Shape.

The remacadamizing of East Third street, between Watchung avenue and Richmond street, has been completed and a few weeks will see this thoroughfare in excellent condition. A little time is needed to allow the fine stone to form a smooth roadbed. The street department has now turned its attention to Richmond street from Front to Second street and is putting that in first-class shape.

Settled Out of Court.

The case of VanWinkle versus Abbott was settled out of court yesterday by the defendant paying the full amount of claim and costs. The case was tried last January before Justice Nash and was appealed.

A Chorus Ch ir.

A new chorus choir is soon to be organized at the First Presbyterian church under the direction of the new organist, who takes charge next Sunday for the first.

AMERICAN CITIZENSHIP.

INTERESTING AND PRACTICAL LECTURE DELIVERED BY PROF. GRIGGS.

Special Training for Patriotism is Necessary—Need of Devotion to Public Welfare.

"The Training for American Citizenship" was the topic of a very interesting and practical lecture delivered yesterday afternoon in the chapel of the Franklin School, by Prof. Edward Howard Griggs. The lecture was the third of a series of four on "Education and Life."

Mr. Griggs spoke in the early part of his lecture of the necessity for a broad-minded patriotism on the part of every true American, and the fact that a special training for such a patriotism is necessary, since the increase in intellectuality in the country has not brought with it an increased devotion to the public welfare. He went on to say that all power is obligation; the more a man knows, or the more wealth he is possessed of, the greater his debt to his Nation. Mr. Griggs had no sympathy for the selfish spirit that would promote its own welfare at the expense of the country's good. Even the National spirit, however, was not the goal at which he would aim, but a friendship of Nations, and a cosmopolitan spirit on the part of the citizen that should look beyond his own narrow horizon and see the world-problems and the debt of Nation to Nation.

That the problems even of one nation are tremendous, and increasingly so, Mr. Griggs admitted; and he spoke earnestly of the need of a calm, steady judgment, a spirit that weighs evidence carefully before proceeding, in a conduct of national affairs. How to educate future citizens so that they may enter upon their work in this spirit, was the subject of the latter part of his address. He urged the broad study of American history; not merely the history of American institutions, but the history of the American spirit. The study of the lives of typical Americans, both men and women, in private and civil life as well as in military or governmental positions, was suggested as appropriate for those to whom political history would be far too advanced a study. American literature, Mr. Griggs said, reflected the whole of American history and American ideals. For the creating of the steady, calm judgment of affairs, he advised the teaching of natural science, leading to a careful and accurate manner of thought, and a scientific way of looking at things. Last of all in the plan of study he would place the actual study of political history.

DANCE AT CATHOLIC CLUB.

Last of the Season Given in T. A. B. Hall Last Night.

One of the last dances of the season was given last evening by the ladies auxiliary of the Catholic Club. It was held in T. A. B. hall and its success was shown by the large attendance. Dancing was kept up until a late hour to the strains of Professor O'Reilly's orchestra. The committee to whom credit is due for the success of the dance was Miss Kate Carty and the Misses Margaret, Julia and Lizzie Day.

Want a New Saloon at Cranford.

(Special to The Daily Press.)

Cranford, May 3.—A petition for a new saloon license was presented to Judge Vail yesterday and laid over until Saturday. When it became known that two Town Committeemen and the treasurer had signed it there was a genuine surprise, as the gentlemen had heretofore appeared as remonstrants against the granting of a license at Garwood, just over the line in Westfield Township. The officials whose names appeared on the petition are John H. Cromwell, chairman of the Town Committee; John Thompson, Town Committeeman; Alfred McIntyre, Town Treasurer, and Edward Beadle, one of the leaders of the Citizens' party.

Unable to Use Meeting House.

Owing to the fact that a new shingled roof is being put on the Friends' meeting house on Watchung avenue, the fourth day service could not be held there yesterday. Upon invitation of Mrs. Amy Lorton and Mrs. Mary L. Force, of 203 Watchung avenue, the members of the Society of Friends' met with them and held silent communion with their Heavenly Father.

BEAUTIFUL CATHOLIC CHURCH DEDICATED.

Its Construction Was Made Possible by Aid of Wealthy Suburban Residents.

BUILT AT BERNARDSVILLE.

FIFTY PRIESTS ATTENDED DEDICATORY CEREMONIES.

F. P. Olcott Cleared the Church of Debt by a Gift of $10,000 in Cash—A $5,000 Pipe Organ Also Donated to it.

(Special to The Daily Press.)

Bernardsville, May 3.—The new Roman Catholic church, our Lady of Perpetual Help, was dedicated and consecrated at this place yesterday, over fifty priests being present to witness and take part in the impressive ceremonies. The edifice is one of the prettiest in Northern New Jersey, and the service yesterday was the first instance in the history of the State where a church has been dedicated and consecrated at the same time.

The church was given its name by Mrs. Romaine C. Nicholls, of "Cosey Nook," Bernardsville. Mr. and Mrs. Nicholls have been prominent in forwarding the interests of the church. The ground on which the building stands was given by Mrs. Pio Echeverria, of New York, mother of Mrs. Nicholls, who has also helped materially in many other ways.

Rev. Joseph A. Ryan is the parish priest. He is a young man, having only been a priest for six years. About a year ago he was sent here from his first parish at Perth Amboy by the Bishop to overlook the parish, with the building of a new church in contemplation. The church is built of stone and timber gathered from the surrounding hills of Bernards. The style is in the early English Gothic, and the edifice resembles the church made memorable in Gray's "Elegy." As one enters its portals and glances over the building it seems as though one were in one of the chapels of feudal times, and yet there is a cheery brightness coming from crimson walls, forest-green arches and stained windows, scarcely to be found in those darker ages.

Over the main altar is a beautiful glass window, representing Raphael's "Sistine Madonna," a copy from one in a church at Florence. The window is the gift of Mrs. Thomas Ryan, of New York. A grand pipe-organ, costing $5,000, has been placed in the church and was given by George Sherman, vice-president of the Central Trust Company, New York.

No church can boast of handsomer or more complete vestments, the material alone costing $1,000. The makers were Mrs. Pio Echeverria and her daughter, Mrs. Nicholls. Prominent residents of Bernardsville have also shown their interest by gifts to the church, among which may be mentioned a handsome fount from Charles F. Squibb, of "Wellwood," and an altar by Mrs. Charles Pfizer. R. V. Lindabury, of Meadow Brook Farm, and E. H. Schley, of Somerset Inn, have also helped in a generous manner. F. P. Olcott, of Round Top Farm, president of the Central Trust Company, New York, has given liberally. He has come forward and cancelled the debt of the church, giving in all $10,000, including the large altar. Among other residents of New York who have contributed liberally may be mentioned Mrs. Hugh J. Grant, Thomas Ryan and Anthony Brady.

Four thousand dollars were collected, $2,300 in checks, at the dedicatory service. There was a banquet at the close to the clergy and friends at Somerset Inn, given by E. H. Schley.

Mr. Spicer Slowly Improving.

Joseph D. Spicer, of West Fifth street, who was injured in the accident at Boice, Runyon & Co.'s lumber shed, which resulted fatally in the case of his companion, John D. Runyon, is slowly improving. The improvement is very slight, but Mr. Spicer seems to be gradually getting the better of his injuries, and his physicians are now confident that he will recover.

Cantata for Quartette.

The well-known cantata for four voices, "The Persian Garden," will be one of the principal attractions at a concert to be held in Y. M. C. A. Hall on or about May 15th, under the direction of Willian J. Romaine, of this city. Those who are to take part in the concert include a number of New York artists of high repute.

Mrs. Charles Matthews, of Grove street, left today for Atlantic City, where she will remain for an indefinite time.

JOTTINGS OF THE DAY

ENTERPRISINGLY GATHERED AND CONCISELY TOLD BY REPORTERS.

Newsy Notes of More or Less Importance Bunched Together for the Ready Reference of Press Readers

—The J. H. Hillman Association will hold their annual picnic at Mountainside Grove on Deceration Day.

—Dr. Pittis is having the fence removed from in front of his property, corner of Somerset street and Craig place.

—Perseverance Lodge, Knights of Pythias, will confer the first rank at the meeting of that lodge tomorrow evening.

—The work of laying flagging and crosswalks in the borough is progressing under the direction of the superintendent of highways, Thomas Doud.

—An organ recital will be given this evening at the First Presbyterian church by W. H. Miller, the retiring organist. Miss Fellows, soprano, will assist.

—The Aldene Station on the Lehigh Valley Railroad is to be moved from its present location to South avenue, where it will be easy of access from the trolley road.

—Immense sales of groceries keep the stock of Fred H. Firstbrook, 312 Liberty street, fresh and clean. His prices mean economy and satisfaction. Give him an order.

—The W. C. T. U. spring school of methods will be held in the Scotch Plains Baptist church next week Tuesday, with sessions in the morning, afternoon and evening. A large delegation of members from this vicinity will attend.

—The indications are that High Bridge will have a building boom this year. There is a great scarcity of houses, and many of the workmen employed there are compelled to live at Clinton, Annandale, Glen Gardner and other places.

ESTATE FOR PRODIGAL SON.

Cannot be Located, and Other Children Contest Will.

(Special to The Daily Press.)

Mt. Holly, May 3.—A contest has been begun of the will of Joshua S. Evans, an eccentric farmer, whose death occurred recently at his home near Marlton. By his will, against the probate of which a contest has been filed with the Surrogate, the bulk of his estate is bequeathed to his son John, whose whereabouts are unknown. Several years ago this son made a murderous assault on his father, for which he was convicted and served a term of five years in prison. On his release he went west and has never been heard from since.

The other children object to the prodigal being made the chief beneficiary and will insist that the testator was of unsound mind.

No National Guard Encampment.

(Special to The Daily Press.)

Trenton, May 3.—Adjutant-General Stryker announced Monday that there would be no division encampment of the National Guard of New Jersey this year. Instead, the Second Brigade, consisting of the Second and Third Regiments, together with Battery B, and probably the First Troop, will spend a week at Sea Girt.

Receiver For Loan Association.

Vice-Chancellor Stevens has appointed Judge Otto Crouse, of Jersey City, receiver of the Dime Savings and Loan Association, an insolvent company that had offices in Paterson and Jersey City and was incorporated in May, 1898. It is alleged that the financial troubles were precipitated by an agent, who, it is said, misappropriated $1,400.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

Nothing better in the way of moving pictures has ever been shown than the reproduction of the recent Jeffries-Sharkey twenty-five round battle at the Coney Island Sporting Club. These pictures in their entirety will be seen at Music Hall tonight and will undoubtedly attract much attention. When the immense length of the film is considered, the operators may be said to have surpassed all previous achievements in motion photography. The fight, counting the introduction, and the rests between rounds, lasted through just 100 minutes and the cameras were in use intermittently. Before this series of pictures was tested and found satisfactory, it had been held that good motion photographs could not be obtained by artificial light. Yet there is scarcely a defect in the long reel of film on which has been recorded a fistic battle that, if not great, is memorable in much. The light and shade throughout the exhibition is remarkable, and serves to render the pictures as realistic as would seem possible in the absence of coloring. At all times, the faces and figures of the participants, of Referee Siler and of the sporting notables gathered about the ring are distinct and remarkable.

Pawnee Bill's Great Shows.

Pawnee Bill's combined railroad show, historical Wild West, Indian museum, grand hippodrome and congress of noted chiefs and cowboys, vaqueros and a limitless number of special features, will pay Plainfield a visit May 11th. It is under a management which has, in the past fifteen years, gained a most enviable reputation for dealing honestly and liberally with the public, and of presenting many features new and startling and many feats which delight, amaze and amuse. Our exchanges speak in the highest terms of both the exceptional merit and high character of this grand combination, and it is the kind of show to which our readers will extend a hearty welcome. Genuine novelties and something new at reasonable prices, in place of empty bombast and brazen extortion, are what people want now and will liberally patronize.

David Cooper's Will Sustained.

(Special to The Daily Press.)

Morristown, May 3.—After a long legal fight, which during the past few months has occupied the attention of the Morris County Orphans' Court, the will of the late David Cooper, of Franklyn, has been sustained by Judge Vreeland. A caveat was filed by a son of the deceased, claiming that when the testator made his will he was of unsound mind. David Cooper, the deceased, was nearly one hundred years old when he died. During his lifetime he was the owner of several farms and a large tract of woodland situated on the Dover mountain. He was the father of twelve children, and at his death had grandchildren and great-grandchildren. The decision of the court will now permit the executors to file their final accounting with Surrogate Young, thus enabling the heirs named in the will to secure a settlement.

Grand Encampment of Odd Fellows.

Tuesday, June 12th, has been set by Grand Patriarch Dederick, of the Grand Encampment of Odd Fellows of New Jersey, as Memorial Day for the members of the order. He has issued instructions to the subordinate encampments to observe the day.

—It will pay you to buy your meat of J. C. Storm, 318 Liberty street.

—The regular meeting of Miantonomoh Tribe of Red Men will be held tomorrow night.

—The City Steam and Hand Laundry, 19 Somerset street, "Do up" your shirts, collars and cuffs right. They court investigation.

Prospectus of the Siegel-Cooper Co.

CO-OPERATIVE STORES, NEW YORK AND CHICAGO.

Profit-Sharing with our Patrons. **Co-operation with our Employees.**

THE great success attained since 1887 by Siegel, Cooper & Co., has induced and given warrant to the enterprising owners to further ingratiate themselves into public favor by consolidating their **two** mammoth establishments into a co-operative enterprise on a profit-sharing basis. They recognize the tendency of the present age to be in the direction of co-operation of employers with employees, as well as in profit-sharing with patrons. To accomplish this desired condition, a new Company, the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) has been incorporated under the laws of the State of New Jersey with a capital stock of $24,000,000.00, of which $14,250,000.00 is divided into 285,000 shares 6 per cent. cumulative Preferred Stock of $50.00 par value, and $9,750,000.00 into 195,000 shares Common Stock of $50.00 par value.

The charter of the Company provides that, after full dividends of 6 per cent. per annum have been paid on the Preferred Stock, and full dividends of 3 per cent. per annum have been paid on the Common Stock, all additional dividends shall be apportioned and paid on the basis of ⅓ in amount on the Preferred Stock and ⅔ in amount on the Common Stock.

To carry out the plan of Co-operation

with its employees, $2,000,000.00 of the Common Stock has been placed in trust, the annual dividends of which will be distributed among such employees as have been or may hereafter be with the New York or Chicago establishment for a period of three years during their satisfactory continuance in the service of the new Company; such dividends will also be continued and paid to employees for life who, after ten years of service with the new Company, become incapacitated for further employment, thereby practically providing a pension fund for faithful employees in their old age.

To carry out the plan Profit-Sharing

it is proposed by the present owners, who are the owners of all the stock of the new Company, to offer to the public through the undersigned, 200,000 shares (fully paid and non-assessable) of the 6 per cent. cumulative Preferred Stock at par, upon which the full 6 per cent. dividend must always be paid before the Common Stock receives any dividend whatever, the Preferred Stock also having a prior right to all the assets of the Company.

In order to give double assurance to the general public, whom it is desired to interest as Stockholders (instead of Speculators) and who may not be fully conversant with such investments, the money required to pay dividends on said 200,000 shares has been set aside and will remain on deposit with the Central Trust Company of New York, and the Illinois Trust and Savings Bank of Chicago, respectively, to **secure the dividends of 6 per cent. per annum,** payable 3 per cent. semi-annually, for a period of five years, *i. e.*, until July 1st, 1905, on all such Preferred Stock as may be allotted in their respective territories, and each Certificate of Stock so allotted will have an endorsement by said Trust Companies, respectively, to that effect. We thereby offer, we believe, not only an absolutely safe 6 per cent. investment, but one which will without question yield considerably more.

Under no circumstances will any

of the Preferred Stock not so allotted, nor any of the Common Stock, be sold, the present owners having no desire to sell out, but intending to remain with the business; they will therefore not part with any more stock than they believe necessary to fully carry out their plans for co-operation and profit-sharing, as previously stated.

The owners confidently believe that, by inaugurating the liberal policy above outlined towards their employees, they will in return be rewarded by more faithful service, and courteous attention to patrons, the result of which must be beneficial to the new Company as well as augment the continued good will of the public.

Furthermore, it can be calculated to a certainty

that with many thousands of new stockholders exerting their **personal influence** toward the success and welfare of the business, larger patronage and correspondingly greater earnings for the new Company will be assured. It is from the increased benefits and material advantages which these changed conditions are expected to bring about, that the present owners feel confident of better pro rata remuneration on the stock which they retain, and in a measure justifies them in parting with any portion of their interests in an established and exceptionally profitable business.

The SIEGEL-COOPER CO. Co-operative **Stores will take possession Monday, July 2d, 1900,** of the two great department stores of Siegel-Cooper Co., New York, and Siegel, Cooper & Co., Chicago, in their entirety, covering a floor space of over thirty acres, with their millions of dollars' worth of Merchandise, Store Fixtures, Delivery Plants (consisting of many hundreds of Horses, Wagons, etc.), Machinery, extensive Stable Properties, and all the appurtenances required for the complete operation of the two stores, **and also its Palatial Fireproof Store Building and Real Estate in New York City,** which alone represents an asset of many millions of dollars, free of all encumbrances or indebtedness whatsoever, so that the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) will start its career **without owing a single dollar.**

For the good and sufficient reason of not wishing to divulge the details of our business to our competitors, we present no balance sheet for publication. We do not however, desire to ask our patrons or the public to rely exclusively on our representations, and, therefore, **the money required has been set aside** and will remain on deposit with the above-named Trust Companies to absolutely secure the dividends on all the Preferred Stock to be allotted as stated. Moreover, we allude with pride to the fact that the Chicago establishment has since its inception paid millions of dollars in dividends to its stockholders, and that the New York establishment, while only in its fourth year, is not only doing a larger business than the Chicago store, but is also on a most profitable dividend-paying basis. We can also say for the benefit of subscribers, that **the net earnings** of our two establishments for the past year were **largely in excess** of the amount required to pay the dividends on **all** the Preferred Stock of the new Company.

There will be no change in management,

and the same men who thirteen years ago started the original Siegel, Cooper & Co. store in Chicago (and later its sister-store in New York) and who have achieved a success almost without parallel in modern retailing, have pledged themselves to continue in the management of the business of the **new Company** the same as in the past, and they will deposit with the Central Trust Company of New York, all of their stock holdings for a term of years to secure such pledge.

Subscriptions for the 200,000 shares of the Preferred Stock

will be received in person, or by mail, on blank forms provided for that purpose, by the Central Trust Company, 54 Wall Street, New York, and Siegel-Cooper Co., New York and Chicago, beginning at 10 a. m. Monday, May 7th, 1900, and will continue for a period of **One Week;** the right, however, is reserved to close subscriptions upon one day's notice in the New York and Chicago daily papers. The above Trust Company, for the convenience of our patrons and the public, will receive subscriptions at the Siegel-Cooper Co. store in New York, or at its own office, 54 Wall Street. All subscriptions must be accompanied by **money, check, money order or draft,** payable to the Central Trust Company of New York, to the amount of 20 per cent. of such subscription (equal to $10.00 per share), for which proper receipts will be given by said Trust Company. Notice will be given as soon as practicable of the number of shares allotted to each subscriber, and the balance due must be paid to said Trust Company on or before July 5th, 1900, upon the delivery by said Trust Company of the stock allotted.

In order to subscribe for shares cut out and use this Blank.

CANAL BILL PASSED.

Overwhelming Majority For the Measure.

STORMY SCENES IN THE HOUSE.

Text of the Bill Which Authorizes the President to Begin the Nicaragua Waterway—Proceedings In the Senate.

WASHINGTON, May 3.—The house yesterday at the conclusion of the most stormy debate of the recent session of congress passed the Nicaraguan canal bill by the overwhelming vote of 225 to 35. All attempts to retain in the bill the language of the original bill for the fortification of the canal and to still further strengthen the language on that line were balked, and the victory of Mr. Hepburn and the committee was complete. A motion to recommit the bill with instructions to report back another bill leaving the selection of the route to the president was buried under an adverse majority of 52 to 171.

Mr. Cannon, chairman of the appropriations committee and Mr. Burton of Ohio, chairman of the river and harbor committee, made a game fight to stall off action at this session, but their appeals were in vain, and the members rode roughshod over all their arguments and protests.

Much excitement reigned throughout the day, and several times bitter words were used. The excitement reached its climax in a highly dramatic scene between Mr. Hepburn and Mr. Cannon when the former used the words "lie" and "liar" as he denounced the distinguished chairman of the appropriations committee for attempting to "dishonor him."

The house was in riotous confusion during the quarrel. Members crowded the aisles, and the situation at one time was so threatening that Mr. Wheeler of Kentucky (Dem.) sought to pour oil on the waters by raising a point of order, but he was not upheld, and the two irate members carried their war to the very hilt. There was a show of peace at the close of the incident, but the feeling between the two men ran so high that the mutual retractions with which such incidents generally end were but the cloaks for the keenest and most cutting sarcasm.

The canal bill as passed is divided into four sections, the first of which appropriates such sum as may be necessary to enable the president of the United States to acquire from Costa Rica and Nicaragua control of territory now belonging to those countries, on which to construct a canal of a depth and capacity sufficient for ships of the greatest tonnage and draft now in use, from a point near Greytown on the Caribbean sea via Lake Nicaragua to Brito on the Pacific.

Section 2 provides that when said territory is acquired, the president shall direct the secretary of war to construct said canal, with necessary harbors and terminals, and to employ such civil engineers as may be necessary.

Other sections provide that in the construction of the canal the San Juan river and Lake Nicaragua shall be used as far as available; that the president shall guarantee to Costa Rica and Nicaragua the use of the canal and harbors for their vessels and citizens upon such terms as may be agreed to; appropriates $10,000,000 to begin the work, and authorizes the secretary of war to contract for materials and work for the construction and protection of the canal, the whole to be paid for from time to time, not to exceed in the aggregate the sum of $140,000,000.

Consideration of the army appropriation bill in the senate developed a debate on the treatment of volunteer officers sent to the Philippines that at times was very bitter. Mr. Turner (Dem.) of Washington made a vicious attack upon the administration because of the accommodations afforded the volunteers on the transports returning from the Philippines. He was followed by Mr. Pettigrew, who in a long speech violently arraigned the government for not discharging the South Dakota volunteers when their time had expired.

Prior to the consideration of the army bill, upon which no progress was made, Mr. Mason of Illinois delivered a speech on the investigations made by the committee on manufactures, of which he is chairman, of the adulteration of food. He strongly urged that congress should take immediate action to remedy existing evils.

A Milk Boycott.

SYRACUSE, May 3.—The milk boycott declared by the dairymen against this city is still on. The farmers have agreed to sell milk at their farms to hospitals and people in distress for milk, but not to hotels or wholesale dealers. This has resulted in a good supply of milk in town, grocers and others going to the dairies for it and selling to customers. The dairymen will try to have the trades unions indorse the boycott, but the prospect for such action is slight. The health authorities expect the farmers to weaken in a few days.

Nebraska Nominations.

LINCOLN, Neb., May 3.—At the Republican state convention the following were elected delegates at large to the Philadelphia convention: Senator John M. Thurston, Edward Rosewater, John H. McClay and John Ehrhardt. Charles H. Dietrich was nominated for governor by acclamation.

American Ship First to Pass.

WASHINGTON, May 3.—Consul Le Bert, at Ghent, reports the opening of a new canal from Zeebrugge, a port on the North sea, to the city of Bruges, a distance of 7.46 miles, on the 25th of February. An American ship loaded with Florida lumber was the first craft to pass the locks.

Boston Harbor Mysteries.

BOSTON, May 3.—A succession of harbor mysteries are puzzling the police of this city. During the past week nine bodies have been taken from the waters of the bay. The latest was found yesterday south from T wharf. It was that apparently of a longshoreman.

A Family Almost Extinct.

NEW YORK, May 3.—Within the space of 12 days three sisters and one brother of a Brooklyn family named Brown have died, and the only surviving sister is lying critically ill with pneumonia.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way

O. S. Teal, of New York, has been in town for a short time on business.

Mrs. Jas. Atwood, of Trenton, has been visiting friends in Plainfield for a few days.

Miss Marion Mortimer, of Franklin place, is out again after an attack of the measles.

Dr. Holcomb, of New York, was in Plainfield yesterday calling on some of his friends.

Raymond Schenck, of Somerset street, is much improved from an attack of the mumps.

Dr. Hillhouse, of New York, has been a guest at the home of Mrs. A. A. Chandor, East Ninth street.

Mrs. Bentley, of Westerly, R. I., is visiting her daughter, Mrs. F. H. Smith, of Madison avenue.

Dr. Clark, formerly a resident of East Front street, but now of Bound Brook, will soon move to this city.

Miss Smith, of Grove street, who is very ill with scarlet fever and diphtheria, is considered slightly improved.

Miss Lulu Randolph, of West Eighth street, has been visiting friends at Bound Brook for a short time.

Miss Ada Woodruff, of New York, has been the guest of Miss Edith L. Burt, West Seventh street, for a few days.

Miss Florence Dodge, of Sandford avenue, has been spending several days as the guest of her uncle in New York.

Mrs. Horace Kimball, of Park avenue, who has been visiting for a few days at Orange, returned home yesterday.

Mrs. Seely Edsall, of Sandford avenue, is still confined to the house with rheumatism. Her condition is slightly improved.

Nicholas Wolfinger and family, of New York, have taken up their residence at the corner of Fifth street and Central avenue.

Mrs. Blackwell and her daughter, Miss Ida Lanning, of Pennington, formerly of Plainfield, are visiting friends in town.

Mrs. A. M. Vanderbeek and son Roy, of Duer street, have been spending a few weeks with relatives in Hunterdon county.

Mrs. George Randolph, of Brooklyn, who has been visiting her daughter, Mrs. J. M. Smalley, of Somerset place, has returned home.

Miss May Tomlinson, of LaGrande avenue, who has been quite ill, left yesterday for Bridgeton, where she will remain for some time.

Mrs. Marion S. Ackerman, of Crescent avenue, is detained at home by serious illness, which requires the attendance of a trained nurse.

Charles Sebring, of North Plainfield, is again troubled with an affection of the eye, and he is obliged to keep the member bandaged constantly.

Invitations have been sent out by Miss Huntington, of Franklin place, for a tea to be given in honor of Miss McCauley, Thursday, May 10th, at 4 o'clock.

Alex. Manning, an employe of Boice, Runyon & Co., has not returned to work as stated recently. His foot, which is injured, is very sore, and he is unable to bear any weight on it.

Albert Utzinger, the genial dispenser of soda at Randolph's pharmacy, is obliged to carry one hand in a sling. Yesterday he was washing a soda glass when it broke and cut his hand severely.

Lawyer W. R. Codington and family, of Sandford avenue, have taken possession of their summer home at Millington. Mr. Codington will be in Plainfield most of the time and make frequent trips to his country seat.

LABOR TROUBLES.

Masons and Bricklayers Strike in Rahway and New Brunswick.

(Special to The Daily Press.)

Rahway, May 3—About fifty bricklayers quit work on the new State Reformatory Monday. The bricklayers have been working nine hours for $3.50 a day, but a delegate from Perth Amboy Union, No. 27, refused to allow the men to work more than eight hours with the same pay. A dozen new hands arrived in town, but the strikers soon induced them to return to their homes in Newark and Elizabeth.

New Brunswick, May 3—The journeymen masons and masons' helpers, including hod-carriers and mortar-mixers, quit work Tuesday because the contractors refused to yield to their demands for more pay and shorter hours. The demands of the masons are for $3.20 for eight hours' work. The laborers ask $2.25 for a day of nine hours.

—The work is progressing satisfactorily on the new house which Otto Arens is erecting.

IS AGUINALDO DEAD?

Belief Growing That He Was Slain by Savages.

FILIPINO CHIEF MISSING FOR MONTHS

American Garrison at Catubig Loses Twenty Men In a Fierce Fight With Insurgents—Sultan of Sulu Sails.

MANILA, May. 3.—General Funston has discovered a rebel warehouse near Cabanatnan, province of New Egija, containing all the archives of the Malolos government, Aguinaldo's correspondence up to the time of his flight and much valuable historical matter.

The belief is growing that Aguinalde was killed by the Igorottis. There is no proof that he has been alive since Major Peyton C. March of the Thirty-third regiment abandoned the chase after the Filipino leader in the Benguet mountains, and an insurgent officer who recently surrendered to General Young says that the insurgent General Tinio also holds this belief. Tinio held regular communication with Aguinaldo until Dec. 28, since when he has heard nothing from him, and Tinio thinks Aguinaldo would find means to communicate with him if alive. Major March's information was that there were only half a dozen soldiers with Aguinaldo when he fled beyond the Bontoc wilderness, where the savages are hostile to all strangers. Friends of Aguinaldo's wife assert that she has heard nothing from him since they parted. She is in a delicate condition and nearly prostrated with worry. Therefore she has not been informed of the death of her child and thinks it is with friends at Bacoor.

The American garrison at Catubig, consisting of 30 men belonging to the Forty-third regiment, has been attacked by rebels. Twenty of the Americans were killed. The remainder were rescued from annihilation.

The Americans were quartered in the Catubig church, which the enemy, numbering several hundred men, surrounded and fiercely attacked. The Americans fought, sleeplessly, for two days, and then the rebels managed to ignite the roof of the church, and it burned away and finally fell upon those inside the edifice. The walls remained intact, however, and were used as a shelter by the besieged Americans for three days longer, the enemy attacking the building on all sides at once.

The Americans continued firing from the windows and doors of the church and did great execution among the Filipinos. It is estimated that over 200 of the latter were killed, many dead bodies being removed from the scene of the fighting.

The sultan of Sulu, with a retinue including several of his wives, has sailed for Singapore ostensibly on a religious mission. A Hongkong dispatch to a Manila paper says it is believed the sultan has gone to Singapore in order to protest to the British against the American action in establishing a tariff against imports, claiming that it is a violation of the treaty of 1877 between Spain, Great Britain and Germany, Germany guaranteeing the Sulu islands free trade, whereas the Americans have established a tariff nearly doubling the prices of tobacco, rice and the Sulu staples of life, most of which are imported from Singapore.

The Filipino crew of the steamship Escano recently mutinied in the channel between Cebu and Leyte and killed the captain, the mate and the owner, Senor Escano, and his son with knives after a desperate scuffle. The mutineers then scuttled the ship and escaped to the Leyte mountains with $28,000.

Two Young Men Missing.

GOUVERNEUR, N. Y., May 3.—Sunday afternoon Edward Judd and Thomas Foster, sons of prominent farmers residing seven miles from this place, went out for a boat ride on the Oswegatchie river. Since that time no trace of them has been discovered, and it is now generally believed that both have met death by drowning. Monday the overturned boat was found, together with a broken oar, some miles down the river. Since that time the stream has been dragged by large searching parties without result. Both of the young men were 20 years old. One of them had some difficulty at home and ran away some time ago, returning here but recently. Some of his relatives believe that he and his companion have left the country.

Heir to Millions.

LONDON, Ont., May 3.—Francis E. Brooks, a machinist of this city, has just fallen heir to a fortune of $9,000,000. When the gold fever of 1849 prevailed, Charles and Joseph Pittit, uncles of Mr. Brooks, left their home in the province of Quebec and started for California, where they built the railroad between San Francisco and San Diego. Mr. Brooks' identity has been established by the lawyers in charge of the estate, and he leaves for California May 20 to take possession of the estate, which consists of the California Central railroad stocks, car shops at San Jose, a block of buildings in San Francisco, some valuable mining stock and two residences, one in Oakland and the other in San Jose.

New Hampshire Man Missing.

NEWPORT, N. H., May 3.—The citizens of this place in large numbers are searching the woods and dragging the streams in this vicinity for a possible clew to the whereabout of Alvah H. Chase, a prosperous shoe dealer, who disappeared Tuesday afternoon. No satisfactory reason can be surmised for the man's disappearance. Mr. Chase is about 54 years old, a member of the G. A. R. and a prominent Knight Templar.

Governor Will Sign Davis Bill.

ALBANY, May 3.—Attorney General Davies, to whom was referred the Davis schoolteachers' salary schedule bill for New York city to pass upon the increment clause as to its scope of operation, has rendered a verbal opinion to the governor in which he holds that he does not believe that it provides for a salary increase for an indefinite number of years. The governor said that his impression was that he would sign the bill.

Milk Producers Organizing.

MIDDLETOWN, N. Y., May 3.—Several representative farmers of Orange county have called a meeting of the milk producers of the county to be held at the courthouse at Goshen May 8. The object of the meeting is stated to be the formation of a county organization and the providing of stations for the protection of the producers interested in the milk business.

The Trenton correspondent of the New York Herald says that the slate smashing and general upheaval which occurred among the Middlesex Republicans at the recent State convention has completely upset all calculations in regard to the Senatorial nomination, and it is now anybody's fight. Among the names that have been mentioned are Former Assemblyman Edward Hicks, and present Assemblyman Groves, of New Brunswick; Assemblyman Lyons, of Perth Amboy; Assemblyman Montgomery, of South Amboy, and Theodore Strong, a son of Judge Strong, of New Brunswick. But another name, which meets with great favor, is that of Charles S. Edgar, of Metuchen. He is engaged in large business operations, is a man of high character and is held in great respect throughout Raritan township. He is a brother of the well-known Republican leader in Perth Amboy, Milton J. Edgar, and is himself a stalwart member of that party.

Those who believe that women suffrage will rid the country of many of the disgraceful scenes enacted by men as the result of contests at the polls, will have to revise their views if the feminine amenities introduced in a local election at Weisner, Idaho, are a fair criterion of what will happen when the day af universal suffrage arrives. Mrs. Martinson, electioneering at the polls, called Miss Harris, also there and engaged in the same work, a "china-faced hag." In the "mix up" which immediately followed both ladies lost some hair and some hide. The jury which tried them when they had each other arrested was composed entirely of women, and after they retired to deliberate the bailiff was unable to force the door quick enough to prevent more hair-pulling and scratching among the jurors. When brought into court they reported a disagreement.

Governor Voorhees has appointed these members of the Public Library Commision: Dr. Ernest C. Richardson, librarian at Princeton University; Mosses Taylor Payne, of Princeton; Frank P. Hill, librarian of the Newark Free Public Library; Everett P. Tominson, of Elizabeth, and W. C. Kimball, of Passaic, one of the trustees of the Passaic Library. The commission is created for the purpose of assisting in the formation of public libraries throughout the State, and is authorized to give not more than $100 to each library formed where a like amount is raised. But the Legislature made no appropriation for the purpose, and the commission can only organize and map out its work for next year.

The Democrats of Metuchen are in high glee over the result of the first borough election. They routed the Republicans completely. The official returns show that the Democrats carried the town by one hundred majority. For Mayor, the first in the city, William M. Thornall was elected over Charles S. Edgar by ninety-three majority. For the Council, Frank E. Fisher, Edward Kramer, T. F. Van Siclen, Frederick W. Charkson and Thorpin Tait defeated the Republican candidates, Richard H. Wilson, Harris B. Johnson, Henry A. Campbell, Frederick C. Ayres and Fred E. Barnard. For assessor, William Van Siclen, and Collector, William T. McAdams, Democrats, had no opposition.

Answering the queries of a correspondent, who asks, among other things, "Can a daily newspaper be published in accord with the teachings of Christ?" the New York Sun asserts that, as a matter of fact, newspapers are just as much in such accord as is any other form of business or the conduct of mankind generally. Indeed, says the Sun, newspapers are governed by principles more elevated than those which the run of men apply to their conduct. "They are better than the public, and their influence, as a whole, is to lead up to a higher moral plane."

A bitter telephone war is expected to begin very soon. The Telegraph, Telephone and Cable Company of America, backed by the Western Union Telegraph Company, will, it is said, make war on the Bell Company. Such a war would benefit the users of telephones, as rates would be greatly cut.

It appears that Governor Voorhees has been given credit for a generous donation of $9,000 to foreign missions that he had nothing to do with. The gift of money which was attributed to the Governor yesterday was made by Ralph Voorhees, an uncle of the Governor.

It was officially announced in the House of Commons yesterday that up to April 1st last the cost of the South African war was $116,250,000.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

New Jersey will lose a good lawyer and Porto Rico gain a first-class Judge if Frank Bergen shall accept the appointment which, it is understood, has been tendered him.—Newark News.

* * * * * * *

If the Republicans of Somerset county want to do business in the old way at the old stand next November they will do well to get together without delay. Their present factional wrangling is nuts and cider for their Democratic opponents, who have for years shown that they can give the Republicans all the fight they want even when they are united and harmonious. There is a good excuse possible for the factional disturbance which threatens to give Somerset county to the Democrats at the next election. The election of district delegates to the Republican National convention is entirely too insignifiant a matter for Republicans to quarrel over.—New York Tribune.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

Wilbur Randolph, of Duer street, has a curiosity at his home in the shape of a blue heron, which he captured a few days ago while on a fishing expedition. The bird is very large, and while Mr. Randolph was fishing it swooped down on him with tremendous force. Mr. Randolph, with rare presence of mind, struck the bird with his fishing rod and killed it before he could get away.

He was a well-known resident of Plainfield who, in this season of the year, is in the habit of distributing some of the many pansies from his garden among his friends. The other day, as he approached his office, he met the elderly woman, whose duty it is to clean out the rooms, coming away.

"Would you like some pansies?" he asked.

"Oh, yes sir," was the reply. "It's very kind of you. I can make little ones out of them for my children."

And then the Plainfielder realized that perhaps she had misunderstood him.

We have never attended a better conducted school. We never knew more affable and entertaining teachers, and never saw pupils so attentive, orderly and generally well-behaved. The delicate art of good cake-baking is made so plain that it is possible for all who attend the school to make cake that must appeal to the most epicurean taste. The mixing of the ingredients has a great deal to do with the matter, but the pans used are of even greater importance.

This illustration shows the "VAN DUSEN" PANS,

acknowledged to be positively the best made. These pans are used by our Lecturers who Demonstrate most clearly the importance of having the right sort of Pan in order to secure the best results. We have a full line of all the styles. They may be had singly or in entire sets. Attend at least one session of our Free Cooking and discover how much there is to be learned about Cake-baking.

REFRIGERATORS ... are now in demand.

If you need one--buy a "JEWETT." They are the best we kuow of. We have sold them for 8 years and claim to know something about them. Dry-air circulation, Charcoal filled, Zinc lined, removable ice chamber, etc.

PRICE FROM 8.75 to 48.00.

Probably no greater Housekeeping convenience was ever thought of than a good Oil Range. The "BROOKLYN" instantaneous Blue Flame is the best one to be had at present. Two of them are in constant operation in our Basement.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 3.—The body of the unknown colored man who was found on the railroad tracks Tuesday morning, was taken to the Samptown burying ground by W. G. Runyon today. As no one has indentified the man, and no papers were found in the clothing, the victims name will probably never be discovered. The remains were viewed by Coroner Smith, of New Brunswick, who issued the burial permit.

The Epworth League of the Methodist church held their regular monthly meeting Tuesday night and elected the following officers for the ensuing year: J. E. Henry, president; Miss Miller Vail, first vice-president; Miss May Doolittle, second vice-president; Herbert Williams, third vice-president; Miss May Apgar, fourth vice-president; Rudolph Fisher, secretary; Miss Lulu Adams, treasurer.

A large consignment of rare plants and foliage was received from New York yesterday by Edward Maurier. They will be placed about his spacious grounds on Fifth street and Madison avenue.

District Deputy Grand Master Rogers, of New Market, visited Rahway Lodge, No. 25, Jr. O. U. A. M., at their meeting Tuesday night.

A. F. Smith, of Brooklyn, is visiting his sister, Mrs. Worden. He will leave next week for a fishing trip to the Thousand Islands.

Rev. Dr. Fletcher is in New Brunswick today attending the Christian Endeavor conference.

Lewis Schneider, who has been ill for some time, was able to walk about town yesterday.

"Aunt Betsy's Paring Bee" will be held at the Presbyterian church May 17th.

A. F. Mertine, of New York, is visiting Herbert Wyckoff.

PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 3.—The Pedagogical Reading Club enjoyed a pleasant reading in the school parlor yesterday afternoon. Prof. Morey, who had charge of the meeting, selected Thoreau as the subject and it was thoroughly enjoyed by the members present.

Mr. and Mrs. Harry Gere and child, of Roselle, have been visiting at the home of Mr. and Mrs. Thomas M. Paff, Jr.

Fanwood Bucket and Engine Company held their regular monthly meeting in their rooms last night.

Mr. and Mrs. George Goodborough are entertaining Mrs. Goodborough's sister from New York for a week.

Seeleys paper mill has resumed operation after a two week's shutdown for neccessary repairs.

Township Committee will meet in the township rooms this evening to transact routine business.

Constable Wm. Traynor is doing duty as court officer at the May term of court at Elizabeth.

Miss Sadie Reger was the guest of friends in Westfield last night.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 3.—The Board of Freeholders have washed their hands of the Millstone-New Brunswick road supervisor muddle by directing County Engineer Doughty to supervise the work and refusing to recognize the two supervisors appointed by Road Commissioner Budd. Charles Welsh, whose appointment was revoked by Commissioner Budd, upon the presentation of a remonstrance, claims that he could only be removed for incompetence, and daily puts in an appearance at the scene of the work He and his counsel went to Trenton Tuesday and besieged the Road Commissioner. The latter has referred the matter to Attorney-General Gray for his opinion. John Stothoff, who was last appointed, also puts in his time watching the work. The job only pays $3 a day, but the fight is a factional one between the Reed and Thompson factions. Welsh is a Thompson man.

Chas. Agens, of Neshanic Station, had forty chickens and two turkeys killed by a dog Sunday morning, besides a number being badly wounded. Mr. Agens heard a noise among his fowls early in the morning and found a dog in the coop killing them at the rate of a head a minute. Before he could get a club to kill the dog it had disappeared.

The first public debate of the Utopia Literary Club will be held at Somerset Hall tomorrow night. The subject of debate will be: "Resolved, That the American Indian has suffered greater wrongs from the hands of the white people than the American Negro."

Fred Freeman, a New Brunswick vegetable vender, was arrested yesterday for selling without a license. He was released upon paying his license fee.

The School of Methods of the W. C. T. U. have been in session at Martinville today. A stage load of ladies went up from Somerville.

Rev. Charles H. Pool addressed the Christian Endeavor Missionary League Convention, at New Brunswick, yesterday.

Rev. and Mrs. M. Swick have returned from New York, where they attended the sessions of Ecumenical Conference.

Rev. W. Stockton Cramer is attending the Particular Synod of New Brunswick at Weehawken.

Fred Voorhees will start for Denver, Col., the latter part of this week, for the benefit of his health.

Chas. Prall, of West Chester, Pa., has been visiting his mother on West Main street.

H. B. Smith has returned from an extended trip to the Pacific coast.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 3.—Every voter who is interested in the South Plainfield schools should make arrangements to go to the school meeting tomorrow at 3, p. m.

Quite a bad leak has opened in the water main near Lane's hotel. Antone Philips' boy fell in the hole and came near drowning.

Ralph Eckert is taking the eighth grade examination in New Market with the rest of the class this week.

McDonough Brothers have purchased three horses in the past week to put on their ice wagons.

Fred Latourett is adding another coat of paint to his house.

Thomas Terral has been on the sick list for a few days.

THEATRICAL.

W. A. Brady will produce a new romantic drama, "Her Majesty," in Music Hall, May 14th. Miss Grace George (Mrs. Brady) will appear in the title role, and Arthur Forrest and Sheridan Block will both have important parts.

* * * * * * *

Again it is desired to remind patrons not to miss the great treat that will be provided for them at the Music Hall tomorrow night to see Pinero's beautiful comedy. "Sweet Lavender" is a joy forever. The atmosphere is simple and pure to a degree, it is void of all vulgarity and slang and is a piece that parents may safely bring their families to without fear of any contamination arising from the same. The supporting company is first-class in every particular. Harry Gwynete, who has lived in Plainfield for some years, no doubt will create some curiosity on the part of those who know him personally and others who know him by reputation.

HOSPITAL DONATIONS.

Preußen.

Provinz Brandenburg.

Berlin. Die Berliner Stadtverordneten haben 50,000 Mark zur Ausschmückung der Stadt bei dem demnächstigen Besuch des österreichischen Kaisers bewilligt.—Die letztjährige Bilanz der Berliner Baugenossenschaft schloß mit einem Umsatz von 2,073,381 Mark und einem Gewinn von 19,555 Mark ab. Die Genossenschaft, welche 1886 mit 28 Mitgliedern begründet wurde, um für Arbeiter, Handwerker, kleine Beamte u. s. w. billige und gesunde Wohnhäuser zu errichten, hat ihre Mitgliederzahl im vorigen Jahre auf 949 (gegen 914 im Jahre 1898) erhöht und bisher in Adlershof, Hermsdorf, Baumschulenweg und Groß-Lichterfelde 178 Wohnhäuser errichtet.—Der Telegraphenaufseher Neumann, der seine Frau aus Eifersucht mit Beilhieben tödtlich verletzt hatte, beging im Untersuchungsgefängnisse Selbstmord, indem er sich vom Tische seiner Zelle auf den Fußboden stürzte. Der Kopf war in Folge des Sturzes vom Wirbel bis zur Stirn wie durch einen Beilhieb getheilt.—Gestorben sind hierorts das Herrenhausmitglied Burggraf Rodrigo zu Dohna-Finkenstein im Alter von 85 Jahren, sowie der ehmalige Direktor im Reichspostamt, Wiebe, im 81. Lebensjahre.—Der Kaiser hatte den Kultusminister Dr. Studt angewiesen, für künftig den preußischen Universitäten den Gebrauch der lateinischen Sprache bei Abfassung von Ankündigungen und Beschlüssen aller Fakultäten zu verbieten. Eine solche Verfügung ist jetzt erlassen und soll den Zopf mit dem lateinischen Universitätsstil abschaffen, damit die deutsche Sprache auch dort zu ihrem Recht gelange.

Arnswalde. Ertränkt hat sich in einem Anfalle von Geistesgestörtheit der frühere Bürgermeister von Arnswalde, Klauke. Seitdem er im Herbst vorigen Jahres, nach Ablauf seiner 12jährigen Amtsperiode nicht wiedergewählt worden, war er tiefsinnig geworden.

Kottbus. Ein Kohlenflöz von circa 500 Morgen Ausdehnung und sieben Meter Mächtigkeit ist auf dem Gutsbezirk im benachbarten Groß-Gaglow durch Bohrungen festgestellt worden. Das Flöz befindet sich 40 Meter unter der Erdoberfläche. Das Kohlenterrain ist für den Kaufpreis von 800,000 Mark von einem Berliner Finanzkonsortium erstanden worden, das bald an die Ausbeutung der Kohle gehen will.

I work in a cotton mill, am thirty-five years of age and have been bothered with indigestion and dyspepsia about five years. Have had several doctors, but none of them ever helped me any. I spent several hundred dollars for doctors and medicines, but instead of getting better I got worse. Finally, I heard of Ripans Tabules, and decided to try them. After I had used them two weeks I commenced to get better. In three months I was like a new man, and can say my cure was brought about by the use of Ripans Tabules. I believe they are the only sure cure for dyspepsia.

WANTED—A case of bad health that R-I-P-A-N-S will not benefit. They banish pain and prolong life. One gives relief. Note the word R-I-P-A-N-S on the package and accept no substitute. THE PRETTY MAID,
"Where are you going, my pretty maid?"
"I'm going to Harker's store," she said.
"What will you do there, my pretty maid?"
"I'll get great bargains, sir," she said.
"He sells magazines at the publishers' price,
And his store is just delightfully nice.
He has pretty inkstands and paper weights,
Alphabet blocks and transparent slates.
"He has all the popular novels, too,
And special books he'll get for you.
He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.
He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.
"He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

In Chancery of New Jersey.

To Margaretha Kohler, John A. Merrill and Maria D. Merrill his wife; Annie Deffert and Richard R. Deffert her husband.

By virtue of an order of the Court of Chancery of New Jersey made on the the day of the date hereof, in a cause wherein Frederick Sandford and others are complainants, and you and others are defendants, you are required to appear, plead, answer or demur to the bill of the said Complainants on or before the eleventh day of June next or the said bill will be taken as confessed against you.

The said bill is filled to foreclose a mortgage given by Aaron D. Thompson and wife and Francis S. Runyon to said Frederick Sandford and others, the complainants in this cause, dated December 1, 1894 and recorded in the Clerk's office of Union County in Book No. 122 of Mortgages for said County on page 595 on lands in the City of Plainfield, Union County New Jersey.

And you Margaretha Kohler are made defendant, because it is in said bill alleged that you own said Mortgaged premises, and you John A. Merrill and Maria D. Merrill are made defendants because you have or may claim to have an interest in said mortgaged premises; and you Annie Deffert and Richard R. Deffert are made defendants because you have or may claim to have an interest in said Mortgaged premises.

Union County Court of Common Pleas

Notice of hearing objections to assessments for street improvements in the City of Plainfield.

Andrew J. Gavett, Robert H. Cook and Arthur T. Gallup, the Commissioners appointed by the Union County Court of Common Pleas by order entered on the 24th day of January, 1900, to estimate and assess benefits conferred by the permanent street improvements in the City of Plainfield, under the ordinances of said City specified in said order, said improvements being the macadamizing of portions of East Sixth Street, Franklin Place, East Ninth Street, West Fourth Street and West Third Street in said City, under and by virtue of the provisions of the Act of the Legislature entitled "An Act to Authorize the Improvements of Streets and Highways in Cities of this State, and to Provide for the Payment of the Expense of the Same," approved June 13, 1898, and the amendments and supplements thereto, having made and filed in the office of the Clerk of said Court, a report in writing of their estimates and assessments, accompanied by a survey and map prepared by the City Surveyor under their direction, showing lot or parcels of land and real estate peculiarly benefitted by such improvements, respectively, the cost of the whole work under said several ordinances, the portion assessed upon the City at large, and the names, so far as ascertained of the owners of the said lots or parcels of land and real estate and the amount of the assessment to each owner for each of said lots or parcels of land and real estate for the said benefits, and the excess thereof to be paid by the City at large, and raised by general tax, and the other matters required by said Acts of the Legislature, as by reference to said report and maps will more fully and at large appear:

Notice is hereby given that the said Union County Court of Common Pleas has fixed Saturday, the twelfth day of May, 1900, at ten o'clock in the forenoon, or as soon thereafter as the Court can attend to the same, at the Court House in the City of Elizabeth, as the time and place for hearing any objections that may be made to such assessments, when and where all parties interested may be heard, and has directed the publication of this notice.

Dated April 25, 1900
WILLIAM HOWARD,
Clerk of Union County Court of Common Pleas.

THE UNQUIET SEX.

Some of the Things Which Women Are Doing Here and There.

The Schoolteachers' society of Chicago has subscribed to the idea of putting vegetable patches in the public parks. The purpose of this plan is to give city children a knowledge of how the common vegetables grow. It is intended that the children themselves do the planting and cultivating.

French society is awaiting with great interest the decision of the court in the case of the Countess of Contades, whose eccentricities have long been a subject of conversation. Her collection of dolls far exceeds that of Queen Victoria and covers all nationalities and sizes. She has every known kind of doll in existence.

Mrs. Carrie Thomas Alexander of Belleville, who has announced herself as a candidate for the office of trustee of the University of Illinois, is the first woman from the district to become a candidate for an office. She is already state president of the Woman's Relief corps. She will do no electioneering because her friends have accepted this responsibility and are working hard for her all over the state.

An effort to reform 120,000 barmaids in London has been begun. Mrs. Cholmeley, one of the wealthy church workers, is at the head of the movement. The girls are invited to take tea on Sunday afternoon with Mrs. Cholmeley. She does not preach to them, but she is trying to give them a "bit of blue sky to see." The barmaids receive $2.50 per week and meals.

A unique exhibit of dolls, instituted by her majesty the queen of Roumania to raise money for the hospitals and charities of Roumania, will soon be given. Already over 2,000 dolls have been collected, representing all nationalities and all classes. The exhibition will be held at Earl's Court, in London, and afterward in Glasgow and Paris.

The United States Mouse club is the very latest fad organized among animal lovers, who have found mice a captivating addition to their other pets. The imported mice are very different from the rodents which are the horror of housewives and grain dealers. The white, Quaker gray, brown, blue, black and French red are the favorite colors among the imported midgets.

Two titled English ladies, the Ladies Estella and Dorothea Hope, have made tidy fortunes by breeding Shetland ponies. They began in a small way a few years ago and found the occupation so profitable that they now have two large stud farms.

At the age of 71 Mrs. Catharine V. Waite of Chicago will enter the legal profession. She is very wealthy, but she says every woman should do something to earn her own living.

A Cherokee squaw who advertised in an eastern paper for a husband and manager of her $10,000 estate received 1,856 replies from New York alone. From this it would seem as though it were the maiden's own fault if she should continue her single blessedness.

Within two days' journey of Seattle, Wash., back from the boundary line of the great Canadian northwest, there is a colony of Russian settlers whose women are made beasts of burden and slaves of the most menial toil. They work in the fields, drawing the plow, while the husband or father guides it.

Miss Elsie Tyson, who was until recently a maid of all work on a Humboldt county ranch, has been confirmed the sole heiress to $13,000,000 left by an uncle known as "Old Tyson" of Australia, an eccentric millionaire cattle owner.

Miss Gwendolen Keats, better known as "Zack," has already made a name for herself as a novelist. Her first volume, "Life Is Life," received much praise, but it was for her second, "On Trial," that the academy crowned her effort with honorable mention. Miss Keats has been writing only two years.

Mme. Jean Pommerol, who has explored all sorts of unfrequented places in the Balkans, Poland, Hungary, Asia Minor and Africa, says that the women of the Touareg make the laws, while the men mind the babies and do the washing and cooking. The women receive all the education, while the husbands and sons are left in ignorance.

Leaders of New York's Four Hundred have decided to build a woman's athletic club which is to be modeled after the Chicago Woman's Athletic club. Plans for a building which will cost $1,500,000 have already been drawn and approved. One million dollars has already been subscribed, and 5 per cent bonds will be issued for the rest. One of the chief attractions is to be an "old Roman bath" to take the place of the ordinary Turkish bath. The pool is to be 100 feet long and 40 feet wide.

JEANNETTE DEVOE.

LAST DAY IN CHICAGO.

Dewey Inspects the Drainage Canal and Closes His Visit.

CHICAGO, May 3.—"There's nothing on the Suez like it," was Admiral Dewey's verdict on the Chicago drainage and ship canal. Inspection of the new artificial channel cut through the continental watershed that for centuries separated the waters of the great lakes from the tributaries of the Mississippi was the feature of the last day of Admiral Dewey's visit to Chicago.

The admiral was particularly struck with the size of the canal, saying he had had no idea of the magnitude of the work. He imagined it was simply a drainage ditch and was surprised to see a channel big enough for a ship. What particularly impressed the admiral was what is popularly called the "rock section" from the fact that for miles and miles the channel is cut through solid rock. "Fifteen miles of graving dock" is the way Admiral Dewey expressed it.

During the trip the admiral and his aids were the guests of the sanitary district canal trustees. A special train on the Atchison, Topeka and Santa Fe took the party to McCook, Ills., the end of the canal proper. The trip was made in the yacht Hinda, and a number of other pleasure craft followed.

At Lockport several thousand people greeted the admiral, and a children's chorus sang "America." Battery D of Chicago was stationed at Lockport to fire a salute. A vent which had not been closed airtight caused one of the pieces to discharge, blowing off part of the right hand and several of the fingers of the left hand of Sergeant William Popp, who was holding the ramrod. The right hand had to be amputated later. Admiral Dewey was much distressed by the accident and sent his flag lieutenant to inquire after the comfort of the injured man.

The party returned to Chicago at 4:30 p. m. and proceeded to the Auditorium, where Mayor Harrison for the city and Martin B. Madden of the entertainment committee thanked Admiral Dewey for visiting Chicago, the admiral saying in reply that he would never forget his welcome to Chicago.

Admiral and Mrs. Dewey and their party were entertained at 6 p. m. at a reception given by the Chicago Athletic association, and at 10 p. m. Admiral Dewey attended an entertainment of the Seventh regiment, I. N. G., at Central Music hall.

Admiral and Mrs. Dewey left Chicago at 8 o'clock this morning for St. Louis, stopping at Jacksonville and other towns along the way.

PRINTING EXPOSITION.

Interesting Exhibit In New York of the Art Preservative.

NEW YORK, May 3.—Implements of printing from the crude contrivances of early times to the perfected modern machinery make an interesting exhibit at Grand Central palace, got up by Typographical Union No. 6 in aid of its general fund. The exposition, the anniversary of "Big Six's" fiftieth year as an organization, was formally opened last night by Charities Commissioner Keller, who, after a brief address, pressed an electric button that set the machinery in motion.

In connection with the exposition is a fair of large proportions, under direction of the American Federation of Women. Many firms allied to the printer's trade have installed exhibits, and these, with many other features of interest scattered over a large floor space, will remain open for public inspection until June 2.

Among the things of interest is the old Bradford hand press of the Washington type, which was used by William Bradford, the first printer in New York, in the days when the city was centered around the lower end of the island. Near by is an old Ramage press 150 years old, the original of the Washington press of today. It was loaned by the Smithsonian institution, which has sent on another exhibit showing the early clay impressions of the Babylonian method of preserving written forms and the progress of parchment writing in bookmaking to the book as it now appears.

Canada's New Tariff.

WASHINGTON, May 3.—Canada will put into effect July 1 next a 33 per cent preferential tariff in favor of England, according to a report to the state department from United States Consul Brush at Niagara Falls. The consul says that this will take the place of the existing 25 per cent preferential tariff which has been in operation since July, 1898, but has failed to meet the expectations of its projectors. He says that the additional discrimination of 8 1-3 per cent in the tariff probably will add to the imports from England, but notes that the Canadian newspapers are complaining of the dropping off of the tariff receipts from English imports while the imports themselves are increasing in volume.

Cross Must Hang.

HARTFORD, May 3.—Charles B. Cross, a 17-year-old boy who is under sentence of death for the murder of Sarah C. King, an aged woman who lived on the outskirts of Stamford, must be hanged at Wethersfield July 20, according to an opinion of the Connecticut supreme court handed down yesterday.

SO DECEPTIVE.

Many Plainfield People Fail to Realize the Seriousness.

Backache is so deceptive
It comes and goes—keeps you guessing.
Learn the cause—then cure it.
Nine times out of ten it comes from the kidneys.
That's why Doan's Kidney Pills cure it.
Cure every kidney ill from back troubles to diabetes.

Here's a Plainfield case to prove it:

Mr. Geo. S. McGinnis of No. 212 Somerset St., foreman of R. H. McCullough's Sash and Door Mfg. Co., says:—"I never was sick a day in my life until a pain struck me across my back and a lameness over the kidneys. I did not pay much attention to it at first, thinking it would soon pass away, but instead of this it grew worse. A bladder trouble set in. I saw Doan's Kidney Pills so highly recommended by those who had used them for such troubles that I went to L. W. Randolph's drug store and got a box. I used them according to instructions and felt somewhat relieved. Continuing the treatment, by the time I had finished the third box, the pain in my back and lameness disappeared."

For sale by all dealers, price 50c. a box Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

STRIKE AT AN END.

Buffalo Conference Results In Amicable Adjustment.

CENTRAL GRANTS WAGE DEMANDS.

But Reserves the Right to Decide as to the Men to Be Employed and the Methods of Reducing Expenses.

BUFFALO, May 3.—An amicable adjustment of existing differences between the members of the car repairers' association employees of the New York Central railway and Superintendent Waitt of the motive power department, who represented the company, was concluded at 6:30 o'clock last night after a conference which was nearly continuous from 11 o'clock in the morning until that hour.

The agreement reached was ratified at a joint meeting of the strikers last night so far as it relates to their own grievance. The reservation made by the Central men was that they would not return to work until the car repairers on the other lines who struck either in sympathy or on independent grievances shall have arranged with their employers to resume their former positions.

The roads on which the repairers, inspectors, etc., have struck out of sympathy for the Central's men are the Delaware, Lackawanna and Western, Lehigh Valley and Nickel Plate.

On the Western New York and Pennsylvania and Erie the men have made demands for an increase of wages. The grievance of the former road was of long standing, but that of the Erie was only presented, and their men went out yesterday. The men on the Western New York and Pennsylvania struck on Monday.

The session between the joint executive committee of the car repairers and Superintendent Waitt was a dignified discussion of issues in which, it appears, the best of temper prevailed. The Central, according to Superintendent Waitt, carried out its declared policy to deal not only justly, but liberally, with its employees, but strongly emphasized its determination to sustain its officers in the exercise of discretion in the employment of men and the reduction of forces when the demands shall so require.

The men claim that the wage question was adjusted substantially according to their demands, which were 22 cents per hour for carpenters and painters, 22½ cents for machinists, 21 cents for pipe fitters, 20 cents for tinsmiths, 17 cents for blacksmiths and $65 per month for airbrake inspectors. The company, the strikers declare, conceded these rates with the exception of the carpenters, who will receive 21 cents per hour; mechanics, who will receive 22 cents, and the airbrake inspectors, who will receive $62.50 per month.

STRIKES IN PHILADELPHIA.

The Labor Trouble Spreading—Building at a Standstill.

PHILADELPHIA, May 3.—The strike which was begun yesterday by the building trades for an eight hour workday, with increased wages, has spread to several additional industries connected with the building trades.

In a number of trades some of the masters have signed the workmen's scale, and the men have returned to work. A large number of others, however, have been forced into idleness by reason of the fact that the buildings on which they were working were blocked on account of strikes. This was particularly so of bricklayers, who could not work because of the strike among the hodcarriers. Fully 4,000 men who are employed in the erection of buildings are out, and the number is likely to increase for a few days.

Several new structures, including the new mint building, were practically tied up, and operations on many others were hindered. The strike at the mint building is a sympathetic one, the men employed there refusing to handle structural iron made by nonunion workmen.

German Sugar Makers Alarmed.

WASHINGTON, May 3.—Vice Consul Murphy, at Magdeburg, reports to the state department that the growth of the beet sugar industry in the United States and the increase of sugar production in other parts of the world are already causing anxiety in Germany, and the scientists are casting about for other uses for German sugar. Various propositions are under consideration, some looking to increase of the export trade and others to an augumentation of the internal consumption of sugar, to be achieved, so far as the army is concerned, by arbitrary legislation. Numerous experiments also are being made with sugar as the base to determine to what extent it can be utilized as food for hogs and as a muscle developer for the human race.

Receipts In the Philippines.

WASHINGTON, May 3.—The division of customs and insular affairs of the war department has made public a cabled statement to the effect that the receipts of the Philippine Islands from all sources during the month of April were $831,255. The receipts of the previous month from all sources were $679,446, a difference in favor of the month of April of $151,809. Of the total amount of customs receipts collected during April $472,650 was collected at the port of Manila, $57,000 at the port of Iloilo, $13,450 at the port of Cebu and $1,400 at Jolo.

A New Railroad Planned.

PUNKHANNOCK, Pa., May 3.—A syndicate of New York men has contracted to build a railroad from Lopez, Sullivan county, Pa., to the extensive deposits of fire clay, building and monumental stone on Forkston mountain, Wyoming county. This will make accessible a rich territory hitherto without railroad facilities. In addition to the building materials there is a considerable quantity of coal in that section.

The Arions will play a scrub team from the West End on the former team's grounds next Saturday. The field is located on the corner of Sherman and Grant avenues.

A series of matches between nines from the various classes at the Plainfield High School is now under consideration and is likely to be held. While there is not enough material in the two upper classes with which to form a nine, the Third, Fourth and High School preparatory classes have an abundance of candidates ready to play. The boys are already practicing and expect to complete the arrangements in a few days.

Claude Edwards, who pitched for the Plainfield High School team for the last two years, is now playing with the nine from the Hasbrouck Institute, where he is now a student. The Hasbrouck boys have played a number of games this season and have not yet been defeated. Among the teams they vanquished was the Rutgers "Prep" school team. The Hasbrouck team plays against the local High School team Saturday afternoon at Martine Common. The game will be called at 3 o'clock.

A game was scheduled by Manager R. B. Schoonmaker, of the Leal's School team, with the Montclair High School some time ago. The day for the game was yesterday, but the Montclair boys did not come. At the last moment they sent word that it would be impossible for them to play. No reason was given. Under the circumstances the game was claimed by Leal's as a forfeited one, 9 to 0. The action of the Montclair team was entirely unexpected and very dissatisfying to the Leal management. The Montclair nine has the reputation of being a strong one, and the Leal boys are anxious to see their team play against a worthy antagonist.

An exciting game of baseball was played yesterday afternoon on the old golf grounds, Plainfield avenue, when a team from the Franklin Public School contested the Underwood Athletic Club. The game from start to finish was close and not until the last was out in the ninth inning was it definitely known who would win. The Underwood Athletic Club team proved to be the best players and they won by a score of 28 to 26. The battery for the Franklin school team was Roger, pitcher, and Dyer, catcher. For the other team "Jack" Douglass pitched, and the honors in catching were evenly divided between James Scott, Jr., and William Douglass. The game was called at 3:30 o'clock and it required two hours to finish it. Another game will be played between these teams in the near future.

GOLF

No competitions are scheduled to take place Saturday at either of the local golf courses. Both courses are reported to be in good condition although suffering from the recent drought. The addition to the Park Golf Club house is rapidly nearing completion and will be ready for use shortly.

The Essex County Country Club in conjunction with its annual tournament proposes to inaugurated a State golf championship if the conditions submitted be assented to by a sufficient number of clubs to insure success. Among the towns whose clubs are ready to comply with the conditions is Plainfield.

THE EPHESUS DISCOVERY.

A Fifth Century Production and Corroborates Syrian Writings.

LONDON, May 3.—Professor George R. H. Murray, keeper of the department of botany in the British museum, when questioned regarding the reported rediscovery after being lost for more than 900 years of letters alleged to have passed between Christ and King Agrippa and to have been carved in stone over the gateway of the palace of the kings of Ephesus, said:

"There is no doubt that the inscription found at Ephesus is a genuine production of the fifth century. Beyond that nothing definite can be said, except that it is in the nature of a corroboration of the Syrian writings of the second century, discovered a few years ago, relating to alleged *messages* between Christ and Agrippa.

"The discovery of the stone inscription at Ephesus was made by Professor Heberdey, who had charge of excavations there on behalf of the Austrian government. He published the results of his work some time ago in Vienna.

"The fact that these alleged letters between Christ and Agrippa were used as a charm by Christians in the fifth century on their lintels is established, but this would not prove that any such correspondence occurred.

"Certain Syrian documents, dated in the year 200 A. D., and giving almost the same letters, have long been suspected of being literary forgeries. The discovery of the stone tends to relieve this suspicion and makes it tolerably certain that as early as the second century news of Christ's miracles had spread to heathen countries and that the early Christians believed that Agrippa asked Christ to come to heal him and that Christ replied.

"The alleged answer is almost a paraphrase of much that is found in the New Testament. Whether it was actually sent or was the result of a continuing tradition, transferred from papyrus to stone, is a question opening too wide a field for a mere archæologist. Many points in Professor Heberdey's discovery, however, are most important."

BRAZILIAN AFFAIRS.

Congress Assembled Today—President's Message.

RIO JANEIRO, May 3.—The Brazilian congress opened today. In his message President Campos Salles says that the visit of the president of the Argentine Republic will have "great influence toward the unification of American nations regarding South American continental interests and aspirations."

It also said that Brazil had asked France and Italy to reduce the duties on Brazilian coffee 30 per cent and that France offers a reduction of 10 per cent and Italy of 20 per cent.

Other features of the message were the announcement that the United States is negotiating a commercial treaty with Brazil; that the Brazilian government expects by the end of the present year to have 23 warships ready for sea service and 12 for the river navy, and that the government confidently hopes to resume external payments integrally in specie at the term fixed in the funding loan agreement.

HUM OF MACHINERY HEARD IN THE RINK.

The Big Building will be Used to Manufacture Silk Skirts.

200 HANDS TO BE EMPLOYED

THOUSANDS OF DOLLARS WORTH OF SILKS STORED THERE.

The Interior of the Building Altered to Accommodate the Industry—Fine Conveniences for the Operatives.

Following the announcement in Tuesday's Press that forty girls had arrived in Plainfield, comes the report of the starting of the skirt factory of Herzig & Kapp's, by whom the girls had been employed in Dover.

The old Rink building, in which the factory is located, has been transformed so as to be hardly recognized by those who knew it. The fancy colored windows have been replaced by plain glass sky-lights, side partitions taken out and the whole building thrown into one large room, which will be divided into two compartments later. One side will be for the male cutters and the other for the female operators. The front part is to be used for a stock and shipping room.

All machinery and shaft work is carefully inclosed, making it safe for the operators to move about without fear of getting caught by flying wheels. No foot-power is required from the girls, as the machines are set in motion by simply putting one foot on a treadle. Visitors are struck by the sight of a large safe in one corner of the main room. In this safe there is stored at present $15,000 worth of silks, which are used in the making of the skirts. When the factory of is running in full order this amount is sometimes increased to $25,000.

About fifty girls and ten men were at work this morning, about ten of the former being Plainfield girls. Another lot will be started next week and more will be added as the machinery is placed in position. When the full force is on there will be about 200 girls. Manager Toub will spare no expense in making it pleasant for the operators.

The firm is a well-known one, having been in Dover for a number of years, but on account of lack of operators they were forced to move to Plainfield.

Bones Fractured in the Foot.

Russell Johnson, son of Andrew Johnson, of the borough, who resides in Newark, and is employed by the Pennsylvania Railroad Company at one of their piers in New York, is suffering with a badly crushed foot. The accident occurred five weeks ago while Mr. Johnson was at work. A heavy case, weighing nearly 600 pounds, slipped and fell on the foot fracturing two bones. This necessitates that he give up his work for the present. The bones are knitting nicely, and the physician does not believe that Mr. Johnson will have any trouble with the foot after the break knits.

Awarded $350 Each.

(Special to The Daily Press.)

Elizabeth, May 4.—In the Union county court Filemena Carey and her daughter Marie, each of whom sued the North Jersey Street Railway Company for $5,000 damages for injuries sustained in a collision on Elizabeth avenue November 9th, 1898, were awarded by a jury $350 apiece. The jury was out three hours. The plaintiffs run a bakery in this city, and the mother was laid up a couple of months.

THE CHILDREN'S HOME.

TOTAL RECEIPTS DURING PAST YEAR HAVE BEEN $4,023,32.

Mrs. Horace Kimball Re-elected President—Twenty-one Children in the Home.

The annual meeting of the board of managers of the Children's Home Association was held yesterday afternoon in the Y. M. C. A. building, when officers were elected as follows: President, Mrs. Horace Kimball; vice-presidents, Mrs. Martin I. Cooley, Mrs. Laura S. Gilbert, Mrs. Ruth C. Leonard; secretary, Miss Lucy H. Everett; treasurer, Miss Ella Serrell. Miss S. A. Hendrickson was chosen matron of the Home for another year, and Dr. Edward Rushmore was reappointed visiting physician.

The annual report of the treasurer shows that on May 1st of last year there was a balance on hand of $975.33, and there has been received during the year the following amounts: From sustaining members, $680; annual subscriptions, $180; board, $374.44; interest on investments, $246.05; donations, etc., $784; special contributions for property and repairs, $783.50, making the total receipts $4,023.32. The expenditures are as follows:

For services, $949.75; provisions, $765.73; clothing, $115.13; fuel, $90.23; stationery, $6.43; expenses, $295.42; building repairs, $658.42; additional property, $496.40, making the total expenditures $3,087.02. There was a balance on hand May 1st of this year of $936.30, of which amount $913.17 is in the City National Bank and $23.30 cash on hand.

The home is in a most excellent condition at present. There are twenty-one children there and no sickness is reported. The many friends of the home are helping the institution in a substantial manner, and they have the sincere thanks of the board of management for all that they have done.

FINE ORGAN RECITAL.

Organist Wm. H. Miller Gave a Farewell Recital at First Presbyterian Church.

A farewell organ recital was given in the First Presbyterian church last evening by Wm. H. Miller, the retiring organist of that church. There were a number present, but the rain kept many away. Mr. Miller was assisted by Miss Blanche Fellows, soprano soloist, of this city.

Mr. Miller showed excellent taste in his choice of selections. They demonstrated the capabilities of the fine organ in a great variety of styles, particularly when under the guiding hand of a master like Mr. Miller.

Miss Fellows sang twice very acceptably. The first was the solo, "I Will Extol Thee," from "Eli," and the other, "For All Eternity," by Mescheroni.

CYCLING DERBY TO BE HELD.

Irvington-Millburn Road Race Will Be Conducted Over Old Course.

Over the historic course at the foothills of the Oranges the Irvington-Millburn twenty-five-mile road race will be conducted this year, as in the past. There had been talk of the abandonment of the "Cycling Derby," as the race has come to be known, and of its removal to a new course.

Though neither the Associated Cycling Clubs of New York, or the Associated Cycling Clubs of New Jersey will be identified with the contest this year, it will be held under the same management as last year, and the date, as usual, will be Memorial Day.

Judging from inquiries made by whelmen all over the country, it is believed the race will be as large, if not larger, in point of entries than ever before. The first actual entry was made by J. P. Jacobson, of New Haven, Conn., National amateur champion for fifty miles. Jacobson will make an effort to beat the course record.

Site for Catholic Rectory.

F. P. Olcott, of Round Top Farm, and president of the Central Trust Company, of New York, has purchased of George Wright the dwelling house and large corner lot adjoining the new Catholic church grounds, in Bernardsville. The land will be leased as the site for the Catholic rectory.

COMING EVENTS AT PARK GOLF CLUB.

Weekly Competition for President's Cup Will be Principal Event of the Season.

OPEN TOURNAMENT JULY 4th

FIRST COMPETITIONS TO BE HELD SATURDAY, MAY 19.

Two Handicap Events, for Which Three Scores Must be Turned in by May 12th as Basis for Handicapping.

Although the season's schedule of the Park Golf Club has not yet been completed, arrangements were completed last evening at a meeting of the board of trustees of the club for some of the important competitions. The principal event will be the weekly competition for the president's cup which will be played for under practically the same rules that marked the contest for the McCutchen cup last season.

The schedule will begin with two competitions to be held at the club course Saturday afternoon, May 19. One will be a handicap tournament for men, active and associate members, eighteen holes, medal play. The other will be a ladies' handicap tournament, nine holes, medal play.

To compete in these two events, it will be necessary for each competitor to turn in three scores for at least nine holes each on or before Saturday, May 12th. On these scores the greens committee will base the handicaps. As it will be hardly possible to make three rounds Saturday, the 12th, members will find it advantageous to play at least one round tomorrow. It is imperative that the scores should be turned in as no handicaps can be allotted without them. Tomorrow and the following Saturday will be spent by most of the players in filling out their cards to be turned over to the greens committee.

The chief event for the year will be the weekly play for the president's cup, offered by Charles W. McCutchen. The play for that trophy will start June 2d. A similar competition for ladies will be started at the same time provided there are sufficient entries.

The event for Independence Day will be a handicap competition, open to members of the Hillside and Park Clubs. The other events for the season will be announced when the schedule is completed. It is expected that the schedule will be announced next week.

The meeting of the board last night, was held at the home of Charles W. McCutchen, of Rockview avenue. Besides making plans for the season, four members, active and associate, were elected.

Valuable Dog Poisoned.

The Finch boys, of Park avenue, mourn the demise of their thoroughbred bull terrier who died rather suddenly Wednesday from poison administered by some person unknown. The terrier was four years of age and was a blue-blood of a high-rating. He had a pedigree over a yard long. A crab-apple tree will mark his last resting place in the old Priest Wooden orchard on Park avenue.

Death of Mrs. Staats.

The death of Mrs. Marid Staats, widow of the late Isaac Staats, of Bound Brook, occurred last evening at the home of her daughter, Mrs. W. Perrine, 338 East Fourth street. She is survived by five children, three sons and two daughters. The funeral services will be held Sunday afternoon at 2:30 o'clock from the late residence on East Fourth street.

For Public Reading.

One of the pedagogical libraries will be located at High Bridge. Another of the libraries will also be located at Flemington and another town not yet designated along the Delaware river. The teachers of the county have subscribed the required amount, $100, and the libraries are now an assured thing.

Raised $4,000 at One Service.

At the dedicatory of the new Catholic church at Bernardsville, yesterday, the pastor, Rev. Joseph A. Ryan, requested, previous to the offertory, money to build a rectory. The congregation responded in a most liberal manner, the amount raised being $4,000.

AN IMPORTANT RULING.

Duty of a Debtor to Hunt up the Creditors and Pay Without Waiting to be Dunned.

(Special to The Daily Press.)

Elizabeth, May 4.—Justice VanSyckel startled the lawyers in court yesterday in denying a motion for a non-suit. The justice ruled that a debtor was under obligation to hunt up the creditor and pay the claim when due, and that the creditor did not have to hunt up the debtor.

The case on trail was that of Leonard Raw, who was suing the executors of the estate of Mrs. Anna Evers to secure payment of two promissory notes amounting to $1,424.66.

The complainant proved the notes and rested the case, and Attorney James C. Connolly, for the defense, moved for a non-suit on the ground that the notes had never been offered for payment during the life of the testator nor to the executors. The motion was denied. Mr. Connolly asked for a ruling, and Justice VanSyckel ruled that the debtor must hunt up the creditor.

It was the first time the point was ever raised in this State, and the ruling will effect a great many cases now on the court call.

The jury returned a verdict for $1,424.66, the full amount sued for.

JED BASSETT'S CHOIR.

ITS QUAINT WAYS AND APPEARANCE WAS ENTERTAINING.

Seen in the Monroe Avenue M. E. Church Last Night—Those Who Took Part.

Although the rain beat down in sheets, dampening everything but the spirits of those who were to take part, a fair-sized audience was on hand last evening at the Monroe Avenue church to witness "Ye Village Choir" go through their rehearsal under the direction of Jedediah Bassett. That the audience was well pleased with the different numbers was apparent from the peals of laughter and loud applause.

"Ye Village Choir" is a unique affair, which serves as a background for fun and music. It is a portrayal of the old-time rustic choir, with its young ladies in old-fashioned gowns, high back combs and beauty patches; and boys in swallow-tail coats, knee breeches and lace collars.

Mr. Bassett's impersonation of the country choirmaster, with his quaint humor, Yankee twang and the fine voice changing from pathos to humor, is enough to make one forget that they are living on the edge of the twentieth century. His impersonation of a silent prima donna and the reciting of the grapevine swing were applauded again and again.

The following members of the choir sang amusing solos under the direction of Mr. Bassett: Miss Edna Phillips, "Twinkle, Twinkle Little Star;" Miss May Pound, "Ben Bolt;" Miss Sadie Bowman, "Grandmother's Birthday;" Miss Alice Forster, "The Miller's Song," and Sidney Gilbert, "The Tinmaker Man."

The following are those who composed the choir:

Mr. and Mrs. Smith, Miss Foster, Etta Randolph, Lulu Randolph, Sadie Brouwer, Carrie Brouwer, May Brouwer, Edna Phillips, Marjorie Phillips, Jessie Burt, Ada Hassalton, Beulah Klyne, May Waldmer, Miss Pound, Miss May Pound, Miss Ada Wenzel, Miss Bertha Wenzel, Miss Annie Wenzel, Miss Deringer, Miss Bessie Kenyon, Mrs. Walter Manning, Miss Minnie Gurzelman, Miss Olla Klyna, Miss Daisy Bronard, Miss Avis Aldrich, Miss Maggie Williams, Miss Adams; Stephen Aldrich, Robert Leland, Charlie Leland, George Leland, George Whiteley, Sydney Gilbert and Eddie Ashworth.

Miss Lottie Aldrich presided at the piano.

This evening the choir will again rehearse for the benefit of those who were not fortunate enough to be present last night.

Elected Corresponding Secretary.

At the meeting of the New Jersey Branch Women's Auxiliary to the Board of Missions of the Episcopal church, held in St. Mtchael's P. E. church, Trenton, Wednesday, Mrs. C. J. Taggart, formerly of North Plainfield, was elected corresponding secretary of the upper division. Mrs. Taggart was also made secretary, and Miss Isabel Tweedy, of this city, was elected treasurer.

Mrs. Peeke to Talk.

RUMMAGE SALE ENDS; NEARLY $1,800 PROFIT

The Little Stock Remaining Will be Disposed of at Auction Saturday Night.

SALE CLOSED LAST NIGHT.

THE RECEIPTS DURING THE SALE AMOUNTS TO $1,735.

Large Crowd Attended the Closing Night of the Sale—Very Little Left—Magazines and Books Not Sold to be Sent to Soldiers in Philippines.

The rummage sale is now all over but the shouting. Part of the shouting will be done Saturday evening when what little remains of the stock will be disposed of at auction. The sale was concluded last night when a large but rather damp crowd assembled for a final survey of the bargains. The selling was brisk and very little of value remains.

For a week and two days the store in the Jackson building on Madison avenue has been the centre of much activity. The women of the committee and their assistants have been indefatigable in their efforts. During that time, $1,735 has been taken in for the benefit of the Muhlenberg Hospital and the Plainfield Relief Association.

It is simply impossible to give any idea of the number of articles disposed of during the sale. It must have been well up in the thousands. The store in the Jackson building was simply packed on the day the sale opened while the store room in the Stillman building was utilized to its utmost capacity. Now very little is left. The little clothing remaining has been sent to the Relief Association. Quite a stock of magazines and paper-covered novels will be sent to the American soldiers in the Philippines. There is still some furniture, fancy articles, hats and a miscellaneous collection of a little of everything that will be sold at auction Saturday night. The sale will be held in the Jackson building store and will begin at 7:30 o'clock. William H. Pangborn will be the auctioneer.

While there is nothing of great value to be sold at the auction, the committee hopes that it will turn in enough to bring the total receipts up to $1,800. The women of the committee were busy this morning clearing up after the sale and getting ready for the auction.

GOVERNOR CONSIDERING.

Two Days More May Elapse Before He Decides on Making Judicial Changes.

(Special to The Daily Press.)

Elizabeth, May 4.—Governor Voorhees says that he had not yet decided on the other judicial appointments he is to make. He has the matter under consideration and will probably announce his decision in a day or two.

The Supreme Court circuit, which was formerly presided over by Chancellor Magie, and which consisted of Somerset, Morris and Sussex counties, will go to one of the Associate Justices. According to the usual practice, this will be determined by the Justices themselves. When a circuit becomes vacant it is the custom to give the senior Justice the choice. It is not considered likely that Chief Justice Depue will wish to exchange his present circuit, which consists of Essex county. Each of the Associate Justices will be given a chance to exchange his circuit, and the new Associate Justice will get whatever circuit remains unassigned when it comes his turn.

The circuits are at present distributed as follows:

First district, Justice Ludlow, Cape May, Cumberland, Salem, Atlantic; Second district, Justice Garrison, Gloucester, Camden, Burlington; Third district, Justice Gummere, Mercer, Hunterdon, Warren; Fourth district, Justice Collins, Middlesex, Monmouth; Fifth district, vacant, Somerset, Morris, Sussex; Sixth district, Justice Dixon, Bergen, Passaic; Seventh district, Chief Justice Depue, Essex; Eighth district, Justice Lippincott, Hudson; Ninth district, Justice Van Syckel, Union, Ocean.

Nothing New Yet.

There is nothing new to report regarding the scarlet fever epidemic. No new cases have been reported in this city or the borough since last Tuesday. At present there are forty-seven cases in this city and nine cases in the borough. Although the health authorities are constantly working to ascertain the cause for the outbreak of the fever, they have yet been unable to do so.

WIFE CHANGED HER MIND

MRS. BERGEN FEARED THE PORTO RICAN CLIMATE.

So the Elizabeth Lawyer Decided to Decline the Judicial Appointment Proffered Him.

(Special to The Daily Press.)

Elizabeth, May 4.—After having practically made up his mind to accept the appointment of United States Judge in Porto Rico which was tendered to him by President McKinley, Frank Bergen at the last moment changed his mind and wrote a letter to the President declining the appointment, as stated in The Daily Press yesterday.

This announcement was a surprise to his friends. Even Governor Voorhees thought the question was as good as settled, but the bachelor Governor failed to take into consideration the powerful influence wielded by Mrs. Bergen, for she it really was who finally decided the matter and persuaded her husband to decline the honor.

Mr. Bergen said to a reporter that it was fear of the tropical climate that had influenced him to act as he did in the matter. His wife and two children were to accompany him and the information he secured about the climate during his recent trip to Washington was not at all sufficient to overcome Mrs. Bergen's fears, as she did not want to imperil the health of her children.

When Mr. Bergen was asked if his declination would leave him still free to remain in the field as a Congressional aspirant, he quickly replied:

"That had nothing whatever to do with my action, the reason for which is just as I have stated. Politics did not enter into the consideration given by me to the affair."

THEY HELP MISSION WORK.

Twelfth Anniversary of King's Foreign Missionary Circle of Warren Chapel.

The King's Foreign Missionary Circle of Warren chapel celebrated its twelfth anniversary last evening in an appropriate manner. Rev. J. O. McKelvey, pastor of the chapel, presided and read appropriate Scripture selections, sent from Africa by Miss Rachael G. Maier, who is president of the Circle. After a vocal solo by Charles L. Lewis, Mr. McKelvey gave a brief report of the work done during the past year by the Circle.

There are fourteen active and thirty-one honorary members. The receipts during the year amount to $85.91, and $77.46 of this has been contributed to foreign missions. There is a balance of $8.45 in the treasury. Mr. McKelvey also read two very interesting letters from Miss Maier, who is doing mission work in Africa. The letters gave the members an excellent idea of the work being done by the writer.

An interesting part of the programme was the address given by Miss Todd, whose home is in the west, but who for many years has been doing mission work in what is known as the West China Mission, where there is a population of forty-five million people.

After a piano solo was given by Miss Carrie Dewey, refreshments were served by a committee in charge, and a social time enjoyed. Miss Mary Maier was in charge of the arrangements for this anniversary, and Mrs. Ely had charge of the entertainment. Miss Mirex was chairman of the committee on refreshments, and Mrs. Thompson was chairman of the flower committee.

At the Paris Exposition.

H. Oscar Nightingale, formerly of this city and recently a student at Lafayette College, Easton, Pa., sailed Saturday for France where he will represent a large New York manufacturing firm at the Paris Exposition. His fluency in speaking French and his personal acquaintance with Paris were prominent factors in securing for him the position which is considered an excellent one.

An Incipient Blaze.

An alarm of fire was sent in from box 142, corner of Manning avenue and Somerset street, last evening about 8:30 o'clock, and the department turned out promptly. The fire was discovered to be a small bunch of salt hay in the rear of the borough lockup, and it required about five minutes time to extinguish.

In Memory of the Late Chancellor.

The New Jersey State Bar Association, in conjunction with the Hudson County Bar Association, will hold a memorial meeting in memory of Chancellor McGill at the Court House in Jersey City tomorrow.

More Opposition.

It is understood that there will be further opposition presented this evening against the new sidewalk ordinance which the Borough Council proposes to adopt on the third reading.

STIFF FIGHT BY CITIZEN'S LEAGUE.

Saloon and Temperance Forces to Meet in County Court Tomorrow Morning.

LICENSES COME UP THEN.

REV. G. M. SHOTT, THE REFORMER, WILL BE ON HAND.

Citizen's League Will be Represented by Lawyers—Hotel Men are Prepared for the Contention That is to be Made.

The fight made by the Citizen's League of Scotch Plains to drive the saloons out of that place is being watched with much interest all over the county. Both sides have been preparing their forces for a legal trial of strength in the court house at Elizabeth tomorrow morning. At that time Judge Vail, of the Court of Common Pleas, will consider the applications of the Scotch Plains saloon-keepers to have their licenses renewed.

Scotch Plains has three hotels to which bars are attached and which have made application to the county authorities to continue their business. The applications were made by William Emery, Lynus Walpole and William Lee. Their cases were brought out in court Wednesday morning but the consideration of the applications was laid over until tomorrow morning at 10 o'clock.

The Citizens' League will bitterly oppose the granting of the licenses. Lawyer Irving L. Brady will appear for the League and Rev. Gideon M. Shott, the prime mover of the anti-saloon crusade, will be on hand. The hotel keepers will also have legal counsel in the matter. Former Prosecutor Fred Marsh, of Elizabeth, will represent Emery and Lee, and Robert M. Clark will be Walpole's attorney.

At the same time will come up the consideration of the application of John Carroll for a license for the "Maples," formerly conducted by George Thatcher. This roadhouse is located in Fanwood township, but at the opposite end from Scotch Plains. The Citizens' League will fight it, however. Former Assemblyman W. R. Coddington, of this city, is Carroll's lawyer.

PIANO RECITAL.

E. Arthur Janke Gave a Fine Programme Last Night.

Local musical circles were well represented last evening at the recital given by E. Arthur Janke, the well-known pianist and instructor on the piano-forte, at his studio, 931 West Sixth street. Mr. Janke was assisted by Karl Grienauer, 'cellist. Mr. Janke gave his selections with much feeling and showed an excellent technique. The 'cello selections were of particular excellence.

The programme was as follows:

Champagne for Firemen.

Roselle firemen are anticipating having a good time in the near future. Last Sunday night they saved the house of the Countess de Panciatichi Cascazy from being burned, and in gratitude for the heroic efforts of the members of the department, Tuesday the Countess presented them with ten cases of champagne. This the firemen consider a pretty fair foundation for a good time. As soon as they hustle and get a few side dishes they will have it.

To Rahway by Trolley.

Over 100 men are at work on the Westfield and Rahway trolley road, rushing it rapidly from Rahway westward. It is expected to have cars running to Bloodgood's by next week, to Picton by June 1st, and Westfield by June 15th. There is to be a thoroughfare forty feet wide each side of the track, between the two cities. There are separate gangs of men working in the swampy district, also west of Picton, making connection with the Rahway division.

From Congressman Fowler.

Through the Honorable Charles N. Fowler, the Public Library has received a valuable pamphlet entitled "Total Eclipse of the Sun, May 28, 1900." This contains suggestions for observing the eclipse, with charts, showing the path of the eclipse. A map showing this path is posted on the Library bulletin board.

A quick change willl be made next week at the Fifth Avenue Theatre when F. F. Proctor assumes control, adding it to his continuous performance circuit in New York city. Some 200 men will begin alterations at midnight next Saturday and by Monday afternoon, when the theatre will open its doors, everything should be in perfect order. Theatre-goers are promised one of the most cheerful looking houses in the city and the programmes that will be given week after week will be full of good things theatrically. The Proctor prices of 50 cents for the orchestra and 25 cents for the balconies will, of course, prevail. The opening programme contains 16 all-star specialties, and includes the debut in vaudeville of Thos. Q Seabrooke, who will present a new character sketch, "The Pride of Harlem," by Geo. V. Hobart. Mr. Seabrooke will be assisted by Miss Jeannette Lowrie. The Earl of Yarmouth, who also makes his vaudeville debut, will be seen in the comedietta, "Crazed," which will be presented for the first time in this country. His support includes Louise Galloway and R. C. Tuner. Others are Henri French, the novelty juggler and cyclist; Kittie Mitchell, a big favorite in New York; Midgley and Carlisle, juvenile sketch artists; Newell and Shevette, comedy bar performers and a dozen more feature acts.

Prospectus of the Siegel-Cooper Co.

CO-OPERATIVE STORES, NEW YORK AND CHICAGO.

Profit-Sharing with our Patrons. Co-operation with our Employees.

THE great success attained since 1887 by Siegel, Cooper & Co., has induced and given warrant to the enterprising owners to further ingratiate themselves into public favor by consolidating their **two** mammoth establishments into a co-operative enterprise on a profit-sharing basis. They recognize the tendency of the present age to be in the direction of co-operation of employers with employees, as well as in profit-sharing with patrons. To accomplish this desired condition, a new Company, the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) has been incorporated under the laws of the State of New Jersey with a capital stock of $24,000,000.00, of which $14,250,000.00 is divided into 285,000 shares 6 per cent. cumulative Preferred Stock of $50.00 par value, and $9,750,000.00 into 195,000 shares Common Stock of $50.00 par value.

The charter of the Company provides that, after full dividends of 6 per cent. per annum have been paid on the Preferred Stock, and full dividends of 3 per cent. per annum have been paid on the Common Stock, all additional dividends shall be apportioned and paid on the basis of ⅓ in amount on the Preferred Stock and ⅔ in amount on the Common Stock.

To carry out the plan of Co-operation

with its employees, $2,000,000.00 of the Common Stock has been placed in trust, the annual dividends of which will be distributed among such employees as have been or may hereafter be with the New York or Chicago establishment for a period of three years during their satisfactory continuance in the service of the new Company; such dividends will also be continued and paid to employees for life who, after ten years of service with the new Company, become incapacitated for further employment, thereby practically providing a pension fund for faithful employees in their old age.

To carry out the plan Profit-Sharing

it is proposed by the present owners, who are the owners of all the stock of the new Company, to offer to the public through the undersigned, 200,000 shares (fully paid and non-assessable) of the 6 per cent. cumulative Preferred Stock at par, upon which the full 6 per cent. dividend must always be paid before the Common Stock receives any dividend whatever, the Preferred Stock also having a prior right to all the assets of the Company.

In order to give double assurance to the general public, whom it is desired to interest as Stockholders (instead of Speculators) and who may not be fully conversant with such investments, the money required to pay dividends on said 200,000 shares has been set aside and will remain on deposit with the Central Trust Company of New York, and the Illinois Trust and Savings Bank of Chicago, respectively, to secure the dividends **of 6 per cent. per annum,** payable 3 per cent. semi-annually, for a period of five years, *i. e.*, until July 1st, 1905, on all such Preferred Stock as may be allotted in their respective territories, and each Certificate of Stock so allotted will have an endorsement by said Trust Companies, respectively, to that effect. We thereby offer, we believe, not only an absolutely safe 6 per cent. investment, but one which will without question yield considerably more.

Under no circumstances will any

of the Preferred Stock not so allotted, nor any of the Common Stock, be sold, the present owners having no desire to sell out, but intending to remain with the business; they will therefore not part with any more stock than they believe necessary to fully carry out their plans for co-operation and profit-sharing, as previously stated.

The owners confidently believe that, by inaugurating the liberal policy above outlined towards their employees, they will in return be rewarded by more faithful service, and courteous attention to patrons, the result of which must be beneficial to the new Company as well as augment the continued good will of the public.

Furthermore, it can be calculated to a certainty

that with many thousands of new stockholders exerting their **personal influence** toward the success and welfare of the business, larger patronage and correspondingly greater earnings for the new Company will be assured. It is from the increased benefits and material advantages which these changed conditions are expected to bring about, that the present owners feel confident of better pro rata remuneration on the stock which they retain, and in a measure justifies them in parting with any portion of their interests in an established and exceptionally profitable business.

The SIEGEL-COOPER CO. Co-operative Stores **will take possession Monday, July 2d, 1900,** of the two great department stores of Siegel-Cooper Co., New York, and Siegel, Cooper & Co., Chicago, in their entirety, covering a floor space of over thirty acres, with their millions of dollars' worth of Merchandise, Store Fixtures, Delivery Plants (consisting of many hundreds of Horses, Wagons, etc.), Machinery, extensive Stable Properties, and all the appurtenances required for the complete operation of the two stores, **and also its Palatial Fireproof Store Building and Real Estate in New York City,** which alone represents an asset of many millions of dollars, free of all encumbrances or indebtedness whatsoever, so that the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) will start its career **without owing a single dollar.**

For the good and sufficient reason of not wishing to divulge the details of our business to our competitors, we present no balance sheet for publication. We do not however, desire to ask our patrons or the public to rely exclusively on our representations, and, therefore, **the money required has been set aside** and will remain on deposit with the above-named Trust Companies to absolutely secure the dividends on all the Preferred Stock to be allotted as stated. Moreover, we allude with pride to the fact that the Chicago establishment has since its inception paid millions of dollars in dividends to its stockholders, and that the New York establishment, while only in its fourth year, is not only doing a larger business than the Chicago store, but is also on a most profitable dividend-paying basis. We can also say for the benefit of subscribers, that **the net earnings** of our two establishments for the past year were **largely in excess** of the amount required to pay the dividends on **all** the Preferred Stock of the new Company.

There will be no change in management,

and the same men who thirteen years ago started the original Siegel, Cooper & Co. store in Chicago (and later its sister-store in New York) and who have achieved a success almost without parallel in modern retailing, have pledged themselves to continue in the management of the business of the **new Company** the same as in the past, and they will deposit with the Central Trust Company of New York, all of their stock holdings for a term of years to secure such pledge.

Subscriptions for the 200,000 shares of the Preferred Stock

will be received in person, or by mail, on blank forms provided for that purpose, by the Central Trust Company, 54 Wall Street, New York, and Siegel-Cooper Co., New York and Chicago, beginning at 10 a. m. Monday, May 7th, 1900, and will continue for a period of **One Week;** the right, however, is reserved to close subscriptions upon one day's notice in the New York and Chicago daily papers. The above Trust Company, for the convenience of our patrons and the public, will receive subscriptions at the Siegel-Cooper Co. store in New York, or at its own office, 54 Wall Street. All subscriptions must be accompanied by **money, check, money order or draft,** payable to the Central Trust Company of New York, to the amount of 20 per cent. of such subscription (equal to $10.00 per share), for which proper receipts will be given by said Trust Company. Notice will be given as soon as practicable of the number of shares allotted to each subscriber, and the balance due must be paid to said Trust Company on or before July 5th, 1900, upon the delivery by said Trust Company of the stock allotted.

In order to subscribe for shares cut out and use this Blank.

FAVORS FREE HOMES

House Passes the Long Pending Measure.

TWO MILLION ACRES STILL AVAILABLE

Senate Takes Up Clark Case and Postpones Consideration For One Week—The Army Appropriation Bill Passed.

WASHINGTON, May 4.—The house yesterday without division passed the free home bill which has been pending before congress for a number of years. The bill provides that the government shall issue patents to actual bona fide settlers in agricultural lands of Indian reservations opened to settlement. These lands were taken up by settlers who contracted to pay from $1.25 to $3.75 per acre. By the terms of the bill the government assumes the payment of the purchase price to the Indians and changes the existing law relative to agricultural colleges so as to insure the payment of the endowments which heretofore have come out of the sale of public lands, in case of deficiency. These payments involve $1,200,000 annually. Of the 29,000,000 acres in Indian reservations opened to settlement for which the government is to pay or has paid $35,000,000, about 8,000,000 acres have been taken and about 2,000,000 are supposed to be still available for agricultural purposes.

A remarkable thing in connection with the passage of the bill was a speech in its favor by Galusha A. Grow of Pennsylvania, the venerable ex-speaker of the house, who 48 years ago fathered and passed the original homestead bill. He was then the youngest and is now the oldest member of the house.

The remainder of the day was devoted to the sundry civil appropriation bill, the last but one of the great supply bills.

The senate adopted the motion of Mr. Hoar to take up the resolution of the committee on elections declaring that Mr. Clark of Montana was not duly elected to the senate and then postponed consideration of the question for a week. The army appropriation bill, after some rather spirited debate, was passed without division. The day closed with the passage of a number of private pension bills, among them being bills granting a pension of $100 per month to Mrs. Julia MacV. Henry, widow of the late General Guy V. Henry, and $50 a month each to General James Longstreet, to Mrs. Margaret M. Badger, widow of the late Commodore Badger, and to Mrs. Harriet Gridley, widow of the late Captain Gridley of the navy.

Mysterious Disappearance.

NEW YORK, May 4.—Mrs. James O'Brien of Mount Vernon, N. Y., has asked the local police to aid her in finding her husband, who is missing. Her belief is that he is a victim of foul play. The couple were married in Massachusetts in January last. Soon after the marriage they settled in Mount Vernon. Mr. O'Brien was employed as a salesman for a wholesale jewelry house in Maiden lane, borough of Manhattan. On March 7, Mrs. O'Brien says, her husband informed her he had been transferred from New York to the Boston field. Mrs. O'Brien says her husband told her to go to Boston by rail, while he would accompany the furniture on the boat to personally see that it was properly handled. She went to Boston, but neither husband nor the furniture ever arrived there so far as she can ascertain.

England's Poultry and Egg Supply.

WASHINGTON, May 4.—The state department has been furnished some interesting facts and figures concerning the importation of eggs and poultry into Great Britain by Consul Marshall Halstead of Birmingham, England. The importation of eggs last year was valued at $24,548,227, while the poultry and game figures were $3,821,633. There is a growing demand for turkeys in Great Britain, and of late years importations from abroad have increased enormously. France and Denmark control the bulk of the egg trade with Great Britain, while most of the foreign poultry comes from Italy and France, though Canada of late has made a strong bid to establish a poultry trade with England.

Iowa Democratic Delegates.

DES MOINES, May 4.—For delegates at large to the Kansas City convention: Cato Sells of Vinton, Charles A. Walsh of Ottumwa, John S. Murphy of Dubuque and George Baker of Davenport. Alternates: Edward B. Evans of Des Moines, Avan Wagenen of Sioux City, L. T. Genung of Mills county and Daniel P. Stubbs of Fairfield. Iowa Democrats in convention here yesterday nominated the above delegates and alternates to the Kansas City convention. The proceedings were characterized with harmony throughout, and the convention was the largest held by the Democrats of this state in recent years.

To Commemorate the Great Protest.

BERLIN, May 4.—A proposal has been made by a large number of Americans, including Mr. J. Pierpont Morgan and Mr. Henry Villard, who aided in the erection of the new and splendid church in Speyer (often written Spires), to present to the church a huge fresco representing the momentous protest at the *diet of* Speyer in 1529 which gave rise to the designation of "Protestants." It is hoped that Emperor William will act as umpire in selecting the best from among sketches sent by competing German and American artists.

Another Industry For Pittsburg.

PITTSBURG, May 4.—The American Ax and Tool company has purchased 38 acres of river frontage at Glassport, near here, and will erect thereon a $500,000 plant, the largest of its kind ever built. It is intended to centralize the plants of the combine at this point. The works will employ 1,000 men and will be in operation before the end of the year.

Plumbers Return to Work.

CLEVELAND, May 4.—The strike of the union plumbers which has been in progress here for several weeks past has been settled. The men asked for $3.50 for eight hours' work. A compromise was reached whereby they return to work at $3.25 for eight-hours' work.

Fatal Family Quarrel.

COLLINGWOOD, Ont., May 4.—While John Weldon and his son were having a pitched battle Mrs. Weldon stepped in to interfere. She was struck a heavy blow by one of them and died shortly afterward. Father and son are now in jail.

PARTICULAR MENTION.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way

Harry Brokaw, of Somerville, was in the city yesterday on business.

Mrs. Winter, of East Fifth street, is greatly improved from a severe illness.

Miss Cain, of Raritan, has been visiting Plainfield friends for a short time.

Harry Mollison, of East Third street, has accepted a position in Westfield.

Mrs. William Messler, of East Front street, has recovered from an attack of the grip.

Wesley Dunn, of Sandford avenue, is much improved from an attack of scarlet fever.

Wm. M. McCutchen, of Yale University, has been home from college for a few days.

Grace McVey, of North avenue, has about recovered from a tedious and severe illness.

Mrs. W. W. Rowley, of Linden avenue, is visiting out-of-town relatives for a short time.

Mrs. James Atwood, of Trenton, has returned home after a short visit with Plainfield friends.

Judson Cain, of Raritan, has been in town for a few days looking after some business interest.

Mr. and Mrs. Moses Schloss, of West Front street, are entertaining company from out of town.

Mrs. Middiedith, of Washington Park, is steadily improving from a severe attack of typhoid fever.

Percy Sandford, of East Front street, left yesterday for Wilmington, Del., where he will visit for a few days.

Miss Carrie Delaney, of Columbia Heights, N. J., has returned after a pleasant visit with friends in this city.

Mrs. B. O. Bowers, of Franklin place, has gone to Flemington to visit her daughter, Mrs. W. C. O'Donnell.

Senator Charles A. Reed's three children, who are detained at home with scarlet fever, are very much improved.

Miss Addie Weaver, of West End Park, will entertain the Montauk Euchre Club at her home next Monday evening.

Miss Alice M. Runyon and Miss Edna Palmer, of Newark, who have been visiting Plainfield friends, have returned home.

Robert Sherwin, of Washington street, who has been ill with scarlet fever, has recovered and the quarantine has been removed.

Clarence Bloxam and Charles Sebring, of Armstrong's pharmacy, who have been detained at home by illness, have returned to work.

It is Ruth Wilson who was elected secretary of the Junior Christian Endeavor Society at Marconnier chapel last Wednesday afternoon, and not Ruther Wilson, as published.

TELLS WHY HE IS LENIENT.

Severe Sentences, Judge Strong Says, Are Likely To Prevent Convictions.

Judge Woodbridge Strong, whose leniency to prisoners convicted in Middlesex county has given him a reputation throughout the State, announced yesterday that he resorts to leniency in accordance with a theory he had formulated as the result of over fifty years of practice as a criminal lawyer. He said lack of severity disposes juries to more readily convict, and that the certainty of conviction and of some punishment is more powerful as a deterrent than severe sentences in a few cases, while the majority escape because juries are loath to convict.

He further said that in future, wherever the circumstances warranted a hope of reform, he would suspend sentence.

Repaired Overhead Wires.

Street railway employes, under the direction of Peter Winn, have been repairing the entire system of overhead wires. This is always necessary in spring after the heavy strain on the wires through the winter.

ROBERTS ADVANCES.

But the Movement Is Slow and Not Decisive.

BOERS MEET HIM AT EVERY POINT.

Evacuation of Brandfort and Ladybrand Seems Probable—Line of British Army Stretches Forty Miles From Thabanchu.

LONDON, May 4.—General Broadwood's cavalry brigade has reached Isabelfontein, 28 miles north of Thabanchu General Ian Hamilton is bivouacking at Jacobsrust, 15 miles north of Thabanchu General Tucker's division is moving eastward from Karee Siding. The divisions of General French and General Rundle are in and near Thabanchu. Thus Lord Roberts has 50,000 men operating clear of the railway along a front of 40 miles.

He is advancing slowly with some successes, but nothing decisive. Yet at all points of concentration the Boers appear in force sufficient to compel the British to proceed with caution. Their wide front in a rugged country makes turning movements offhand difficult.

The Boers, Mr. Winston Churchill says, have enormous herds of cattle and flocks of sheep, gathered in the southeast These they are driving northward.

Observers at headquarters in Bloemfontein seem to think that the Boers are preparing to evacuate Brandfort and Ladybrand. The Boers still holding Thabanchu district are estimated at 4,000 They have among their guns a 40 pounder. One correspondent, wiring from Bloemfontein Wednesday at 11:55 p. m. said the British hoped to cut off the whole commando.

The Bloemfontein correspondent of The Standard, telegraphing May 2, says "I have just ridden hither from Thabanchu along the line of our advance east of Bloemfontein. The distance is fully 40 miles, and yet almost every point of concentration is contested by the enemy

"General Rundle, with the Eighth division, is posted on our right flank, with orders to guard a strong and boldly outlined frontal position in a country of a decidedly difficult nature. There the Boers have posted a number of guns of superior weight and range to our own However, they show no disposition to do more than to keep in touch with us and to harass our advance.

"Further to the west General Ian Hamilton, with his division of mounted infantry, is pressing northward, encountering only a desultory fire. The highland brigade from Van Krantz has been engaged, while General Tucker, commanding the Seventh division, has moved eastward from Karee Siding and has returned south, followed by the Boers.

"Nevertheless the cavalry, owing to the greater numbers of the enemy, has been prevented from completing the movement that was intended to encircle the Boers on the march to Brandfort, and the enemy is now prepared to offer stubborn opposition on an intrenched hill to the southeast of Kroonstadt.

"They will probably abandon that position as soon as their stores have been moved north of Vet river.

"General Tucker's attempt to advance on Brandfort showed the enemy to be in considerable strength. The colonial cavalry were engaged, and they lost 20 horses while under fire from pompoms The Boers were, however, driven from their position."

The Daily News has the following from Thabanchu, dated Wednesday:

"In yesterday's flanking movement Captain Towse and 50 Gordon highlanders were surrounded by 250 Boers, who demanded their surrender. Captain Towse ordered his men to fix bayonets and charge. With a wild cheer the Gordons rushed at the enemy and swept them away with great slaughter. Captain Towse was blinded in both eyes by the enemy's fire and throughout behaved most heroically."

The Standard and Diggers' News says that Thomas Richards, an American, has been arrested as a suspect in connection with the Begbie factory explosion at Johannesburg. He was arraigned Wednesday, charged with murder and remanded until today. The accused man, it was added, was not defended. The paper also says an excavation has been made where the explosion was most violent and that as no trace of a tunnel was found other excavations will be made.

BOERS REPORT PROGRESS.

Official Bulletins Tell of Gains In Two Encounters.

PRETORIA, May 4.—An official war bulletin issued here reports that April 28 the federals captured nine prisoners and ten horses eastward of Thabanchu, and that April 30 a British mounted corps appeared near Brandfort. The federals attacked them on two sides, and the British retired. Two federals were wounded and 11 prisoners were taken.

Another account, semiofficial, of this affair says that the Wekkerstroom and Ermelo commands had a skirmish with the British near Brandfort. After a sharp fight 11 prisoners were taken and 19 British were left dead on the field, including Captain Liddy. A few federals were wounded.

The heavy bombardment by the British has been resumed at Fourteen Streams.

The correspondent of Reuter's telegram agency in the Boer camp at Brandfort wires that when the British appeared ten miles east of Brandfort General Delarey ordered a charge, and 500 Boers drove them back to their intrenchments. The federals found four dead and took 17 prisoners, mostly wounded, including Lieutenant Crane. Later in the afternoon General Delarey learned that the British had forced their way 20 miles east of Brandfort and seven miles north of the Modder river. With 250 men Delarey set out in pursuit of the British, who numbered 1,200. The forces met in the open country, a sharp engagement followed, and the British retired. As the Boers had a heavy day they were not pursued. The federals had five men wounded.

British Losses to Date.

LONDON, May 4.—The latest list of casualties in South Africa shows that 271 officers and 2,552 men have been killed, 664 officers and 9,225 men wounded and 171 officers and 3,923 men missing. Sixty-four officers and 2,028 men have died from various diseases.

Weather Probabilities.

Fair; warmer; diminishing west to north winds.

Michigan Republicans.

DETROIT, May 4.—The state convention, which yesterday elected delegates at large to the national Republican convention, transacted its business quickly and harmoniously after it had become fully organized, but it was greatly delayed in settling the question of eligibility to seats between two fighting factions from Ann Arbor and its county of Washtenaw. The following were elected delegates at large: Colonel Frank J. Hecker of Detroit, D. A. Blodgett of Grand Rapids, Captain William E. Parnell of Calumet and William McPherson of Howell.

Medicine Makers Elect Officers.

NEW YORK, May 4.—Officers of the Association of Proprietary Medicine Manufacturers of the United States for the ensuing year were elected as follows: President, Dr. V. Mott Pierce, Buffalo; vice president, E. C. DeWitt, Chicago; second vice president, H. L. Kramer, Indiana; secretary, Joseph Leming, New York; treasurer, H. B. Harding, New York. It was decided that the next annual meeting should be held in this city in May next.

John H. Coyne Dead.

NEW YORK, May 4.—Deputy Attorney General John H. Coyne is dead in a private hospital at 70 West Thirty-fifth street of malignant diphtheria. Mr. Coyne's brother Edward is here, and Attorney General Davies came down from Albany. Mr. Coyne, whose home was in Genesco, was designated by Attorney General Davies to conduct the prosecution of the charges against District Attorney Gardiner.

Secretary Root's Condition.

WASHINGTON, May 4.—Secretary Root, whose cold has developed into tonsilitis, is reported to be mending, and if his improvement continues he will be at the war department as usual Monday morning. He was able to attend to some business at his house yesterday and saw one or two of the department officials.

Bundy Pleads Guilty.

ELMIRA, N. Y., May 4.—Frank E. Bundy, the defaulting former city chamberlain, was arraigned in court yesterday and pleaded guilty to grand larceny. Bundy embezzled $9,932.69 of city funds. Justice Sewell sentenced him to six years and six months in Auburn prison and to pay a fine of $1,000.

Sprinkling by the City.

The suggestion made in The Daily Press last Wednesday that the Common Council establish a sprinkling district in the centre of the city and assess a small tax against the property in that section to pay for the watering of the streets by the municipality through the months in which the dust causes the most trouble, is meeting with general favor. So far as can be learned the majority of property owners in the proposed district are anxious that such an improvement shall be inaugurated and will willingly pay the slight expense that will be attached to it. Inasmuch as only those who would be benefitted by the system would be compelled to help pay for it, there can be no objection on the part of residents of other sections, especially since it is proposed that the residents of any street may enjoy the same facilities by petitioning the Council and standing ready to pay the necessary expense that will be involved in furnishing the improvement.

The present agitation for city sprinkling emphasizes the need of amending the street railway ordinance if it is possible, so that the company operating the trolley cars shall be compelled to sprinkle along its tracks before May 15th, the time specified in the ordinance for the work to commence on the part of the company. Sprinkling along the street car tracks is almost as much of a necessity now as at any season of the year, and if there is any way in which the company can be forced to do this work before May 15th it ought to be resorted to.

Palmer Charlock, clerk of the Eyler Investigating Committee, has presented to Governor Voorhees the bill for the investigation, which amounts to $2,400. This includes the stenographer's fee, the salary of Mr. Charlock and all other expenses. The bill was approved by the Governor and the State Comptroller. The Legislature appropriated $3,000 to cover the expenses of the committee. In speaking of the work of the committee, Governor Voorhees expressed the opinion that it is not the function of the committee, in its report, to make any recommendations or suggestions as to the management of the school, but merely to submit the evidence that was taken during the investigation. The Governor is not yet prepared to announce the appaintment of a new Board of Trustees, and until he does so the present Board will continue to manage the institution.

In an editorial on disproportionate representation in the New Jersey Senate, the Trenton True American points out that when the present Constitution was formulated in 1844, the largest county in the State was Essex, with only 44,621 population. Monmouth, Burlington, Hunterdon, Morris and Gloucester had from 25,000 to 32,000 people each; Union and Camden did not exist, and Hudson had only 9,483. Hudson county, now the most populous in the State, had about half of the population of Passaic, which boasted of 16,734

A man has obtained a permit to erect a temporary shed in Park Row, New York, in which he will place a voting machine to be tested. Every one who may pass will be invited to go in and try the machine by depositing a ballot for his choice for the Presidency of the United States. This will test the machine and at the same time yield a straw vote on the Presidency in the vicinity of Park Row.

Phillip Geise, in addition to being and efficient and popular letter-carrier, is also gaining quite a reputation as a farmer. He has a large plot of ground in the rear of his residence and his spare time is devoted to cultivating this land. Mr. Geise expects a good-sized crop of vegetables and berries when the proper time arrives.

The Cranford officers had occasion to use the town lockup Monday, but they found the iron cage cell so rusted that they could not get the door open. The cage is in the cellar of the fire engine house, and when it rains and the river rises the place is apt to be damp. The cage was bought and set up by the Township Committee for the special purpose of detaining tramps. The last time it was used was about two years ago. A tramp was arrested and locked up in it. During the night a heavy rainstorm came up and the river overflowed its banks. Early in the morning yells for help were heard issuing from the cellar of the engine house and the Constable happened to think of his prisoner. He waded through the water to the cellar door and found the lockup flooded. The tramp was roosting in an upper corner of the cage, holding on for dear life to keep out of the water. The Township Committee is going to have the cage set up in some dry place.

Although a dusty road is not an enjoyable place for wheelmen, there are very few of them who have anything but a remarkable disgust for sprinkling carts. These sprinkling carts too often deluge the roads instead of simply laying the dust and then there are other reasons. One young Plainfielder has a decided emmity for them at present. This man is particularly careful about his raiment even when he rides a wheel. The other day he was riding down the street and happened to come up behind one of these sprinkling carts which was not then in use. The bicyclist took little notice of the vehicle in front of him but rode close behind it. Then the driver turned on the water and the young man discovered of a sudden what kind of a place he was in. He was completely soaked from his waist down and his natty suit assumed a sadly bedraggled appearance. What the young man said would not bear publication.

Jersey Blue Chapter, Daughters of the American Revolution, of New Brunswick, will conduct a "colonial dance" in Columbia Hall, for the purpose of raising funds to furnish the Jersey Blue room in the Wallace house at Somerville, Washington's headquarters. The dance is being arranged by a committee, consisting of Misses Louise Deshler and Agnes Storer, and it is a matter for wonder and surprise on the part of their friends that their hair has not turned white, for the suggestion of a colonial dance was received by some of the prospective guests with opposition whose intensity was equalled only by the ardor with which others indorsed the project. Practically all of the members of the chapter and the young women were in favor of the colonial dance. But a number of the young men objected strenuously, owing to the fact that they hadn't the face—or form—to wear knickerbockers. These enlisted the support of some of their women friends, and the opposition to the dance gathered strength. It had been proposed, at first, to make the wearing of colonial costume imperative. Had that been insisted upon, it is likely that the dance would have failed. A compromise was effected, however, and although it is to be styled a colonial dance, modern evening dress will not be considered outre.

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 4.—While fixing a belt which had become entangled in a wheel, belonging to the machinery of Garretson & Grey's stone crusher, Abram Smalley, the engineer, sustained a very bad fall. He was standing on a plank, when it broke, throwing him to the ground, a distance of about ten feet. He was taken to Dr. Brakeley who examined him and found a number of bad bruises and one arm scraped but no broken bones. The injuries will keep him from work for some time.

Some time ago Rev. Martin Sindall received word of the death of his mother in Minneapolis. He left town to attend the funeral and has not returned yet. Yesterday Mrs. Sindall received word of the death of her mother in Alfred Station, N. Y., and left immediately for her old home, leaving her little son Seymour with James Dunham until she returns.

Rev. J. B. Lane attended the Christian Endeavor League of Missions of New Jersey, held in New Brunswick yesterday.

Mrs. Ayres entertained the Friendship Social Circle Wednesday. Quite a number were present.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 4.—An exciting runaway was witnessed on Park avenue yesterday morning about 9 o'clock. The wagon of A. B. Bender, of Murray Hill, in charge of the coachman, was returning from its daily trip to the station. While coming through Fanwood the horse took fright and started to run away. The coachman clung to the lines and guided the maddened animal safely by several other vehicles. When coming through the village the horse plunged to one side, throwing the coachman out upon the hard roadbed, but fortunately with the exception of a bad shaking up and a few slight bruises he was uninjured. The steed, finding himself free, increased his maddening run until he was caught by a passerby near Seely's Mills in the valley. An examination of horse and rig found but little damage. The coachman was able to drive the fractious steed home.

George Johnston, who has been painfully ill with muscular rheumatism for two weeks, is improving so nicely that he is now able to be left alone nights.

A regular meeting of the Township Committee was held in the town rooms last evening. Routine business and the paying of the roadwork bills was transacted.

A large number from the village will be in court tomorrow when the applications come up, which were laid over Monday morning.

Mr. and Mrs. Grant, of Plainfield, have been visiting at the home of Mrs. Grant's parents, Mr. and Mrs. T. M. Paff, Sr.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 4th—The Baptist Orphanage at this place was opened this week, and a lot of youngsters from the Judson Orphanage, New York city, were brought out and installed. The delight of the youngsters over their new home was boundless. The change from the city to the beautiful country, with its green grass and blooming fruit trees, filled the little hearts with gratitude and joy. The home was built at a cost of $40,000 and is complete in every detail. It is built on a knoll north of town, commanding a view of Somerville in front and the Blue Ridge mountains in the rear. The ground floor is given up to school, dining and play rooms, while the upper story is devoted to sleeping rooms. It will accommodate 100 at present, but more room will be provided as needed. A small hospital building has also been provided, where the sick will be cared for and where new arrivals will be quarantined. Pure water is supplied from a driven well on the premises. The home was built by Dr. Edward Judson, of New York, and the late Hiram Deitz, of Flemington, left an endowment of $40,000 for it. The resident manager of the home is Rev. Mr. Daniels. The home was located in Somerville through the efforts of several of our Baptist citizens, who contributed largely towards its erection.

Chief Marshal Sebring, of Bound Brook, brought to the county jail, Wednesday night, "Happy Jack," an umbrella-mender, who hangs up around Somerville. "Jack" was anything but happy, having been committed for fifteen days for being drunk and disorderly. He fought the marshal, Fish Warden Miller and the trolley car conductor, and clubbing only seemed to add to his ire and make him uglier. The nippers were finally put on him, when he subsided and was finally consigned to the tender mercies of Jailor Anderson.

Invitations are out for the wedding of Orville Lance, of this place, and Miss Frances Woodward, daughter of Mr. and Mrs. Thomas Jefferson Woodward, of New Orleans. The ceremony will take place in Trinity church, New Orleans, Tuesday afternoon, May 15.

THE ADMIRAL IN ST.. LOUIS.

Dewey Enthusiastically Received by Eager Crowds.

ST. LOUIS, May 4.—Amid the firing of cannon, the shrieking of whistles and the huzzas of a vast concourse of enthusiastic people Admiral George Dewey became the guest of the city of St. Louis at 7 o'clock last evening. Thousands of people crowded the mammoth depot and the streets eager to get a glance at the hero of Manila.

As the train was backed into the depot Battery A, stationed in the railroad yard, fired an admiral's salute, the first roar of which started a terrific round of cheers from the immense throng. When the train came to a standstill, the admiral and Mrs. Dewey appeared on the platform of the car. He was greeted with a perfect roar of cheers and the frantic waving of hats, flags, etc.

The admiral's party was escorted to carriages by the reception committee with much difficulty. A platoon of police finally cleared the driveway, and the members of the party were enabled to reach their carriages. Preceded by a detachment of police and the First regiment, N. G. M., the admiral and party were driven to the Planters' hotel. Along the entire route to the hotel the admiral received one continuous ovation from crowds which at some points were so dense that the carriages proceeded with great difficulty. The admiral's carriage was constantly surrounded by a surging mass of men, women and children.

For a brief time yesterday Admiral Dewey was the guest of the Grand Army of the Republic of Illinois, which is holding its annual encampment at Jacksonville. The special Baltimore and Ohio train bearing Admiral and Mrs. Dewey and party arrived over the Alton road at 1 p. m. after a run from Chicago that was marked by cheering crowds at every station along the route.

A FIGHT IN PANAY.

Americans Surrounded and Have a Narrow Escape.

MANILA, May 4.—A dispatch received here today from Iloilo reports a desperate fight which took place at Lambanao, in the center of the island of Panay. It appears that a reconnoitering party of the Twenty-sixth infantry was surrounded and that four of the Americans were killed and 16 others severely wounded were left on the field. The remainder of the soldiers had a narrow escape.

The dispatch adds that re-enforcements were sent from Iloilo as soon as news of the affair was received, whereupon the Filipinos retreated to their mountain stronghold.

Island Appointments.

WASHINGTON, May 4.—The attorney general has received a letter from Mr. Frank Bergen of Elizabeth, N. J., declining an appointment as chief justice of Porto Rico. It is learned that no other name has been considered for this place and that Mr. Bergen's declination is much regretted by the administration. A number of nominations for important places in Hawaii will be made soon, possibly before the close of the present week. President Dole has been definitely decided on as the new governor and Morris M. Estee of California as judge of the United States district court for the district embracing all of the Hawaiian Islands. A Mr. Rey of Illinois has been selected for marshal of the islands. Several other names are under favorable consideration for other offices.

Instruction For Cuban Teachers.

WASHINGTON, May 4.—The war department will give substantial co-operation to the movement for a free summer course of instruction in Boston to the public school teachers of Cuba and will provide for their transportation to and from the Massachusetts capital. It is expected that about 1,400 Cuban teachers will take advantage of the offer. They will start from various ports in Cuba the latter part of this month on government transports. Colonel Bird of the quartermaster general's office is in New York to arrange for the fitting out of the vessels in time to insure the arrival of the schoolteachers at Boston by the first of June, when the course of instruction begins.

Standard Oil Raises Wages.

NEW YORK, May 4.—The increases in the wages of the employees of the Standard Oil company in New Jersey and West Virginia were but forerunners of a general raise in pay for the company's employees throughout the country, with the exception of the mechanics, who have chosen shorter hours in preference. The increase for laborers is 10 per cent and the change in time for the mechanics nine hours a day instead of ten. This scale, which will go into force immediately, will affect about 25,000 men.

Central Repairers Return to Work.

BUFFALO, May 4.—The striking car repairers of the New York Central decided to return to work this morning. Superintendent Brunn of the Erie said last night that nothing tangible was accomplished at yesterday's meeting. Master Carpenter Canfield of the Lackawanna said, "We have outlined a scheme to be submitted to the men." Superintendent Turner of the Buffalo, Rochester and Pittsburg said, "We abide by our offer to pay the prevailing prices paid by other roads."

Wretched Numbering.

Some time ago The Daily Press had occasion to speak of the wretched numbering of Westervelt avenue in the borough. Nothing has ever been done in the matter, and the attention of The Press is once more called to the matter. The proper authorities should take the matter up and see that the houses are numbered consecutively and in a proper manner.

Union County's Lunatics.

Schweiz.

Bern. Ueber 20 studirende Damen deutscher Nationalität, in der Mehrzahl an den Hochschulen von Zürich und Bern immatrikulirt, haben an den deutschen Bundesrath ein Gesuch gerichtet, betreffend Anerkennung der schweizerischen Prüfungen.—In dem Tunnel bei Roches in der Nähe von Delsberg fand man den Leichnam des Streckenwärters Jakob Hubler arg verstümmelt. Hubler war von einem Zug überfahren worden.

Zürich. Die Firma Escher-Wyß u. Co. in Zürich hat im Auftrage der russischen Regierung ein größeres Segelschiff erbaut, das zum Stationsboot für die russische wissenschaftliche Station für Tiefseeforschung in Villefranche bei Nizza bestimmt ist. Das Schiff, welches 12 Meter lang ist, wurde ganz aus Eichenholz hergestellt.

Basel. In Folge der Korrektion der unteren Gerbergasse der Stadt Basel muß das alte Zunfthaus zum Saffran beseitigt und durch einen Neubau ersetzt werden. Der weitere Bürgerrath hat die Saffranzunft ermächtigt, den projektirten, auf 300,000 bis 350,000 Francs berechneten Neubau nach den vorliegenden Plänen auszuführen und eine Hypothek im Betrage von 300,000 Francs im Maximum aufzunehmen.

Graubünden. Professor Becker in Zürich hat eine große Reliefkarte Graubündens für die Pariser Weltausstellung angefertigt. Von den Kosten im Betrage von 5000 Francs hat ein Drittel der Kanton Graubünden übernommen, zwei Drittel sind durch Private gedeckt worden.

Thurgau. Der thurgauische Kantonalschützenverein ist in erfreulicher Entwickelung begriffen. Gegenüber 4780 Mitgliedern und 123 Sektionen im Jahre 1898 zählte er 1899 5027 Mitglieder und 130 Sektionen. Am feldmäßigen Sektionswettschießen haben sich 1899 71 Sektionen mit 1300 Mann betheiligt; Trefferpunkte wurden im Präzisionsfeuer 87, im Magazinfeuer 70 Prozent verzeichnet.

Waadt. Die Wittwe des 1892 mit seiner Yacht auf einer Forschungsreise spurlos verschwundenen Genfer Professors Hermann Fol schenkte der Universität Lausanne, den Wünschen des Verschollenen nachkommend, dessen wissenschaftlichen Nachlaß. Er besteht in einer reichen Sammlung mikroskopischer Präparate, photographischer Platten und wissenschaftlicher Apparate.

Provinz Posen.

Posen. Bei den Stadtverordnetenwahlen siegten die deutschen Kandidaten. Die Stadtverordneten-Versammlung zählt fortan 49 Deutsche und 16 Polen.

Bromberg. Das königliche Realgymnasium zu Bromberg (ehemals städtische Realschule) wird im nächsten Jahre sein 50jähriges Jubiläum feiern. Es wird beabsichtigt, zu dieser Feier unter Anderem auch einen Nachweis drucken zu lassen, aus dem ersichtlich ist, wo und in welcher Lebensstellung sich gegenwärtig die früheren Schüler der Anstalt befinden.

Provinz Ostpreußen.

Königsberg. Die Stadtverordnetenversammlung bewilligte zum Ausbau der Gasanstalt 1,046,957 Mark und zum Besuch der Pariser Weltausstellung seitens städtischer Techniker 5000 Mark.

Memel. Memeler Bürger haben eine Petition an die Regierung gerichtet, in welcher sie um schleunigen Schutz des hiesigen Hafens gegen Schwemmsand bitten, der den ganzen Hafen zu ruiniren droht.

Ruß. Bei einem Bootunfall auf der Memel sind drei Familienväter Namens Gottschalk Letat und Gelfert, sowie ein unbekannter Mann ertrunken.

Provinz Westpreußen.

Briesen. Der Provinzialausschuß hat die Kosten für den Bau der normalspurigen Kleinbahn Culmsee-Melno, welche den hiesigen Kreis in einer Länge von elf Kilometern durchschneidet, auf 2,185,000 Mark festgesetzt. Die Provinz betheiligt sich an dem Unternehmen mit 437,000 Mark.

Elbing. Auf der Schichau'schen Schiffsbauwerft wurde neulich das 100., für die deutsche Marine erbaute Torpedoboot vom Stapel gelassen.

Konitz. Die Regierung hat Gendarmen aus den Regierungsbezirken Bromberg und Danzig nach Konitz und Umgebung gesandt, um die in Folge der Ermordung des Knaben Winter hier entstandene antisemitische Bewegung zu unterdrücken.

Rheinprovinz.

Köln. Kürzlich wurde hier die vom Kölner Verein weiblicher Angestellter gegründete höhere Handelsschule für Mädchen eröffnet.

Aachen. Der Kreistag beschloß die Aufnahme einer mit 3½ Prozent verzinslichen und mit 1½ Prozent zu tilgenden Anleihe von 100,000 Mark bei der Landesversicherungsanstalt der Rheinprovinz zur Förderung des Baues von Arbeiterwohnungen.

Kleve. Auf dem Boden der hiesigen Infanteriekaserne wurde der Musketier Kaczmarek erhängt aufgefunden. Der Unglückliche hatte aus Furcht vor Strafe, die ihm bevorstand, weil er von der Bataillonskammer eine Müllschaufel entwendet hatte, Hand an sich gelegt.

Office work precludes sufficient bodily exercise, and lack of such exercise brings on indigestion, dyspepsia and stomach troubles generally. The case of a Chicago bookkeeper demonstrates this fact clearly.

"Through close confinement in my calling," said he, "I became a confirmed dyspeptic and you know what that means. I was miserable and made every one else so. In a state of extreme distress I went to medicine for relief. The druggist recommended Ripans Tabules. Without any particular confidence in their effecting a cure, I took them, and to-day must confess that I have not the feeling I once had for a patent medicine. They certainly braced up my digestion wonderfully."

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. RIPANS, 10 for 5 cents, may be had at any drug store. BRIDGE WORK

in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

Topic For the Week Beginning May 6, "How Christians Grow." Text, Mark iv, 26-29.

"First the blade, then the ear, then the full corn in the ear."

Character is of slow growth. Christian character needs time to mature. It is far more than knowledge and opinions; more than doing and speaking and giving. No one can become a mature Christian quickly. It is not a question of years merely. It is not a matter of intelligence and education largely. It lies deeper.

A person may be converted at 40 years of age. His experience in business life, knowledge of men and books and things may be far greater than he had at 14 years of age. His ability to speak and act among men will at once give him influence and recognition in the church. But it is a doubtful matter if two years of Christian experience and practice will yield as much advancement in solid Christian character as the same time would have done at the earlier age. Habits are more fixed, prejudices are stronger. It is as hard to teach an old nature new ways as "to teach an old dog new tricks."

Begin young, and you will succeed best. Then what? We grow by enlarging our knowledge of things that are right. We can't afford to learn a lot of stuff that isn't so. Knowledge of vice is not helpful to character. It may at times be unavoidable, but is never desirable. Most cities have sewers, but you are rarely bettered by exploring them.

Cultivate a habit of clean thinking and pure speaking.

It is good to see things as they are and to learn how to tell the truth. It is astonishing how many people have trouble with their eyes and need to use spectacles. Many headaches come from defective eyesight.

Many of the heartaches of life are caused by people not seeing things rightly or from their reporting them falsely.

Much that goes on in this world we have no business to see or hear. We grow most by knowing what our business here is and then by attending to it diligently and strictly.

We grow by receiving God's grace in the heart and then letting it flow through all our being and out into all the activities of life. It makes us gracious and graceful. Our manners, our speech, our motions of body, even the movements of hands, feet and features, are all modified and molded by the influence of the grace of the inner life.

We grow by thinking much, by feeling and by doing. Think rightly, feel purely and do justly, then shall growth in God's way be steady and yield fruit generously.

The Value of a Pledge.

The example of Emperor William I of Germany is valuable as offering a suggestion in the matter of a pledge. It was in his case not a promise made to some one else, but a series of resolutions drawn up by his own hand as to his future purposes and conduct. Among them are these:

"I will never forget that a prince is a man—before God only a man—having his origin as well as all the weaknesses and wants of human nature, in common with the humblest of his people; that the laws prescribed for general observance are also binding on him, and that he, like all the rest, will be judged one day for his behavior.

"I will cultivate in me a kindly disposition to all men—for are not all men my brethren?

"I will strictly perform all duties incumbent on me.

"I will unceasingly labor to improve my heart and life.

"I will begin every morning with devotional thoughts of God Almighty and the most earnest contemplation of my duties, and every evening I will review and carefully examine all I have done and performed in the course of the day."

Profitable Entertainment.

Not always estimated by the cash receipts. Success cannot always be calculated by the size of the crowd in attendance. One of our chapters has reproduced the first Methodist conference at Baltimore, Christmas, 1784, at which our church was organized. It was given publicly and made vivid the facts of our early history. A copy of "Sherman's History of the Discipline," a good history of Methodism and a little ingenuity will furnish any chapter the materials from which they can reconstruct that early conference. Select young men who shall represent the various members of that meeting and let them make it an actual reproduction of that notable gathering. This will be more lifelike and valuable than many essays written on the subject.

Ecumenical Conference.

Last month New York saw a notable gathering of missionaries and the friends of missions. Representatives from many of the societies of Europe and from most of the mission fields were together for ten days in earnest consultation regarding the needs of the work and the best methods to be pursued. Such a meeting has great significance for the church of God and cannot fail to be productive of great good in many directions.

Be Transparent.

Of course you will need first of all to be genuine and real or you will not dare be frank and open. Having nothing within that you are ashamed of, you will have nothing to conceal. If you are what you ought to be, you will wish others to know your innermost life.

Is the world better for your having lived in it? Are you any better for having lived in it, or would it have been better for both if you had not lived? It's a grand world. Make it better and your life good.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning May 6—Comment by Rev. S. H. Doyle.

TOPIC.—How Christians grow.—Mark iv, 26-29.

THE PARABLE.

Christian growth is here illustrated in the parable of "The Growth of the Seed." In this parable Jesus likens the kingdom of God to a man who should cast seed into the ground and, leaving it, should go about the duties of life, sleeping at night and working by day, the seed meanwhile growing he knows not how. First appears the blade, then the ear, then the full corn, which is harvested.

THE INTERPRETATION.

The sower is Christ and His ministers; the soil is the human heart; the seed is the word of God; the growth is spiritual development; the fruit is Christian character; the harvest is at the end of the world, when at the second coming of Christ the harvest shall be gathered in. The only place where there is any difficulty in the interpretation of this parable is in reference to the man who plants the seed. It must refer to both Christ and His ministers. It cannot be said of Christ that He does not know how the seed grows, nor can it be said of man that he gathers the harvest; hence the man who plants the seed must include both Christ and Christian workers. It is well also to remember that leaving the seed to grow alone does not mean careless neglect. It is its nature to grow unaided by man. The seed must be planted; it must be harvested, but it possesses within itself the principle of development and growth. After the sower had planted the seed it would have been useless for him to have worried day and night over its growth. He was not responsible for that. It was his to plant. Growth must take place irrespective of the planter.

THE APPLICATION.

This parable suggests several very important truths concerning Christian growth.

1. Christian growth is not dependent upon the sower of the seed. The man planted the seed. That was his part. Then he went about the duties of life without worry and anxiety and allowed the planted seed, by laws over which he had no control, to come to fruitage. The same law holds good in the spiritual world. Man may plant and water, but God only can give the increase. The principle of growth is in the seed itself, placed there by God's Holy Spirit. It will not be retarded or advanced by the undue anxiety and worry of Christian workers who have planted the seed. Yet how many do worry lest the word of God may not grow! Let us do our part—the planting—and then leave results with God.

2. Christian growth is by an orderly law. "First the blade, then the ear; *after that the full corn in the ear.*" There is natural law in the spiritual world. God always works in an orderly way. The ear of corn was not produced in a day. No man is a saint of God. Perfection is not attained at a bound, but is the result of orderly and progressive development.

3. Fruit bearing is the proof of growth. Are we, as Christ's disciples, bearing fruit? Have the blade and the ear appeared? Are we progressing in Christian character and service, and will we be full corn by the harvest?

THE PRAYER MEETING.

Let the leader explain the parable and then have an open voluntary discussion of the topic.

BIBLE READINGS.

Ps. i, 1-6; lii, 7, 9; Jer. xii, 1-17; Hos. xiv, 5-7; Mal. iv, 1, 2; Math. xiii, 1-9; Mark xi, 12-14; Luke i, 80; Eph. ii, 19-22; v, 14-16; Phil. iii, 12-14; II Thess. i, 3; I Pet. ii, 1-3; II Pet. iii, 18.

The Nobodies In Heaven.

To be nobody in heaven! How disappointing it sounds! But surely, one says, we shall all have mansions and crowns and thrones, and we will all be princes and kings! Certainly that is being somebody. Certainly that is. But where did you learn all that? No, it is not so certain that we shall all have gems and crowns—I mean we who go to heaven. Did you not read something about works? Works that are to be wrought on earth? Works that are to be tried by fire in the judgment of the saints? And is there not something said about works that are like wood and hay and stubble, that are easily consumed in the flame? And other works that, like gold and silver and precious stones, withstand the flame and are purified and beautified by it? Yes, and those whose works are burned suffer loss, though they are themselves saved, yet so as by fire. Just saved! That is all. Just safely admitted into heaven!—Episcopal Recorder.

Criticising Biblical History.

Is it right to pass judgment finally on the historical facts as set down in the Bible merely because as yet they do not coincide with history, so far as authenticated elsewhere? We think not. It is the same story as with the too ready acceptance as actual facts of the conclusions of Bible critics. Frequently the result has been that these mere opinions have had to be altered within several years to meet the views of other scholars or newly discovered facts. All this is in such a state of flux that it were well on mooted points to suspend judgment. Many conservative scholars are now finding fault with such as choose to put down as definite facts and conclusions what are merely inferences. Some day these rash scholars will find themselves entombed in their works.—Jewish Exponent.

LABOR FORCES SPLIT

Philadelphia Building Trades Are at Odds.

WAR ON CARPENTERS' BROTHERHOOD

They Had Agreed to Work on Buildings Where Nonunion Men Were Employed, and This Led to Complications.

PHILADELPHIA, May 4.—The struggle of the men engaged in the building trades in this city for an eight hour working day with increased wages took a new turn yesterday, when there was a split between one of the carpenters' organizations and the Allied Building Trades', league, and as a result a bitter war is now on between them. From an aggregate of 3,000 men who quit work on Tuesday, the day the eight hour campaign was inaugurated, the total number of men now idle has swelled to over 8,000, with prospects that this number will be increased as the fight goes on. When the eight hour movement began, 36 building trades amalgamated in order to better carry on their contest. The organization was named the Allied Building Trades' league.

In this city there are three independent organizations of carpenters—namely, the Brotherhood of Carpenters and Joiners, with a membership of 4,000; the Amalgamated Society of Carpenters, with 350 members, and the Philadelphia Carpenters' association, with 150 members. The latter two organizations became affiliated with the league, but the brotherhood steadily refused to join for various reasons. The relations became strained, and the brotherhood decided that its men could work on operations where nonunion carpenters and other nonunion workmen were employed. It also decided that its members should not engage in sympathetic strikes.

In retaliation the Allied Building Trades' league decided that no men affiliated with the league should work with a brotherhood carpenter and that the latter should be looked upon as nonunion men. As a result 36 business agents, representing all the trades in the league, began war on the unaffiliated carpenters early yesterday and kept it up all day. The United Hodcarriers and Laborers' union put six extra agents in the field, and the entire delegation scoured a considerable portion of the city notifying the men to quit work where brotherhood carpenters are employed.

John Watson, secretary of the district council of the brotherhood, said: "The point we have split on is the question of sympathetic strikes. Our organization has been made what it is by the persistent exertions of its members and without strikes of that kind. To agree to that proposition would simply undo what we have already accomplished. The idea of affiliating with the league was strong not long ago, and I think the present situation is the result of a misunderstanding. The fight was forced upon us, and it will go on to a finish."

Porto Rico's Credit Balance.

WASHINGTON, May 4.—The Porto Rican treasury starts out with a comfortable balance to the credit of the new civil government. Acting Secretary Meiklejohn has received a cablegram from Governor Allen and General Davis stating that Mr. J. H. Hollander, the newly appointed treasurer of Porto Rico, had qualified and given a bond in the sum of $100,000. General Davis asked permission to turn over to the new official the cash, amounting to $285,000, in the hands of the military governor, and Mr. Meiklejohn promptly authorized the transfer.

Famous Case Settled.

ELMIRA, N. Y., May 4.—Colonel D. C. Robinson last night at the Hotel Rathbun tendered a banquet to his counsel, J. P. and Alexander C. Eustace of this city and Edward Hassett of New York, in recognition of their services during his litigation with the Mutual Life Insurance company. The colonel has settled his differences with the insurance company and is said to have received in the neighborhood of $500,000, but though the settlement is admitted by the colonel and his counsel they decline to state the amount received.

To Fight the Gypsy Moth.

BOSTON, May 4.—The house ways and means committee has decided to report a bill appropriating $100,000 to be used in the "suppression" of the gypsy moth, the money to be spent under the direction of the governor and council. This is considered a compromise between the radical recommendations of the special committee which investigated the gypsy moth question and the petition of the state board of agriculture for an appropriation of $200,000 to be expended as in former years.

A Suicide at Eighty.

FREDONIA, N. Y., May 4.—Lemuel R. Riggs, 80 years old, once a rich Fredonia merchant, ended his life yesterday by hanging himself to a rafter in the Congregational church at Portland. He separated from his wife 15 years ago, and since that date his downfall had been rapid. Poverty caused him to commit suicide.

Bodies Recovered.

NEW YORK, May 4.—The bodies of all the victims of the boating accident by which three young men were drowned in Overpeck creek near Englewood, N. J., on Sunday have been found. The trio had been in attendance upon a reunion of Company F of the Second New Jersey volunteers and went out for a boat ride.

The Texas Floods.

DALLAS, May 4.—The Trinity river flood has swept away the levees of the Dallas Hunting and Fishing club, destroying two fine lakes and sportsmen's resorts 12 miles below this city. The grounds are overflowed completely and many thousands of dollars' worth of property destroyed.

Sheriff Killed by Lightning.

COLUMBIA, S. C., May 4.—Sheriff W. H. Hood, who has held that office for 12 years in Chester, was killed by lightning yesterday while riding through his cottonfield near the town of Chester. Horse and rider were found lying as they had fallen, the sheriff's feet still in the stirrups.

Molders' Strike Broken.

DUNKIRK, N. Y., May 4.—The strike of the 60 molders of the radiator works has been broken by the return of 11 strikers, who began work under the protection of the police. Those still out threaten them with violence.

Think It Over.

How much money have you wasted in your lifetime on dirty grain?

It is probably quite a sum, and you might just as well have saved it. Don't buy grain anywhere you happen to see a feed sign. Come to us and you will always be sure of getting your money's worth.

Why? Because our grain is bought in the west by our own men and brought east in large lots, thoroughly cleaned in our perfect plant, and delivered direct to the consumer, thus saving all intermediate profits.

A baseball game will be played on the Washington avenue grounds tomorrow between the North Plainfield High School and a team captained by Bert Moore. The game will commence at 3:30 p. m.

The Plainfield High School boys will play ball again tomorrow afternoon on Martine Common against the team from the Hasbrouck Institute, of Jersey City. The Hasbrouck boys have not lost a game yet and have defeated some of the best school teams in Jersey. There is hardly a possibility that the Plainfield team can, by any possible chance, win the game. If they play good ball, however, they may be able to make a good showing against the Jersey Cityites and keep their score somewhere within reason. The game will begin at three o'clock.

GOLF

There will be general play at the Hillside Tennis and Golf Club course tomorrow, no special event having been arranged for the day. Next week Saturday there will be a scratch tournament open to all active members.

Among those who witnessed the great golf match on the Dyker Meadow links Wednesday was Andrew D. Blair, professional of the Park Golf Club, of this city. It was a thirty-six hole match between Vardon, the English crack, and George Low, the Dyker Meadow professional. The Englishman won seven up.

TENNIS

Although golf has now largely taken the place of lawn tennis, that delightful sport has taken a step back toward its old point of popularity. Several courts have been laid out in this city and quite a number of young people have shown a renewed interest in the game. One of the courts is located on the lawn to the residence of J. Hervey Doane, of LaGrande avenue. Quite a gathering of tennis enthusiasts assemble almost every afternoon on a court laid out near the home of Miss Alice Morgan, of Albert street. There are several other places where the game is being played.

CYCLING COMMENT.

HOME FOR THE SISTERS.

Old Catholic Clubhouse Will Not Be Used for an Orphanage for the Present.

When the Catholic Club decide to disband and give their clubhouse to the church some time ago, it was the general opinion that it would be remodeled for an orphanage. This is not the case at present, however, as it will be used as a home for the Sisters of the church, who now reside on West Sixth street, near Plainfield avenue.

This will give them a home with accommodations, especially designed, for their use, and will also bring them nearer their work, both for church and school. It is the intention of the church to have the building for an orphanage at some future time, but at present the plans are indefinite.

CUBAN POLITICS.

Greatest Excitement In the Coming Election Likely to Be In Santiago.

HAVANA, May 4.—The Ingalls has returned with Commissioner Horatio Rubens and Lieutenant Matthew Hanna aid to Governor General Wood, who have been distributing copies of the election law among the mayors of those parts of the island which cannot be reached directly by railroad from Havana. Mr. Rubens says he found away from Havana that the Union Democratic party had not yet organized to any great extent, the fight being between the Republican and National parties. He thinks the greatest political excitement will probably be in the city of Santiago, but there the contest will be more personal than partisan.

"Nearly everywhere," says Mr. Rubens, "we found the present mayors candidates for election. We also found the policy of a party in one section of the island exactly opposite to what it appears to be in another. I do not believe there is any possibility of trouble arising. Reports to the contrary are probably based on individual fights, such as might occur anywhere."

General Wood has ordered all candidates for office at the coming elections to declare themselves on or before June 9.

GOLD MINES IN HUNTERDON COUNTY.

Prospectors in the Neighborhood of Woodglen Think They Have Struck a Good Thing.

SHOWING MADE BY ASSAYS.

ROCK BEARING THE YELLOW METAL EXTENDS THREE MILES.

The Men Who Believe There is a Bonanza in Sight Will Continue to Push Their Investigation.

(Special to The Daily Press.)

Flemington, May 5.—Some months ago Eugene Cowell sunk a well on his farm near Woodglen, this county, and in the course of operations came upon a peculiar-looking quartz. A number of pieces were secured and later sent to a chemist for analysis. Much to the surprise of Mr. Cowell and the few friends to whom he had showed the rock, an assay was returned showing more than $5 per ton gold. These facts were mentioned in the papers at the time but were not regarded seriously by geologists who had been studying the mineral formations of the State for years. Nevertheless, John Dean, of Newark, and Harvey Davis, of Glen Gardner, joined Mr. Cowell and a systematic search for gold-bearing ore was begun. An old mine on the farm on George C. Apgar, near the Cowell place, was leased and reopened. The first assay of ore taken from this opening showed more than $30 in gold and silver.

During the fall active operations were conducted and on both farms arrangements have been made for extensive explorations this spring. A number of men are already at work. More than a dozen assays have been made since Mr. Cowell's initial one and all have shown excellent results. One lot examined by the United States Smelting and Refining Works gives a gold value of $5.15 and silver fifty-seven cents. Another by the Pennsylvania Sweep Smelting Company shows $38.71 gold and $1.95 silver. The best results obtained comes from an assay by S. P. Howard, of 8 John street, New York, and shows $41.20 gold and $6 silver.

So much encouraged are the prospectors by these returns that they believe there exists in that section of Hunterdon county a diminutive Cape Nome, and it is proposed to get after the deposits in a purely business manner. These gentlemen have been alone in their efforts and have backed their judgment with their own money so far, but as a number of residents of the neighborhood desired to interest themselves in the venture, a stock company was recently formed. The corporation is known as the United States Gold and Silver Company, and has headquarters in Glen Gardner, I. J. Eyears, of that place, being secretary.

A number of people in the vicinity of Woodglen have also been conducting independent investigations and have met with more or less encouraging results. Ore taken from Edward Humphrey's farm at Glen Gardner shows from $6 to $12 gold per ton, and some from Joseph Fritts' place nearby yielded nearly as much. The gold and silver bearing rock seems to extend from Glen Gardner to Woodglen, a distance of three miles and a half, and may reach a great deal further. The famous Cripple Creek district of Colorado is but six miles long by four wide, and at present produces more gold than the State of California.

Eastern gold fields have in the past never turned out very successfully, principally because of the low grade of ore found. Recently, however, Thomas A. Edison has perfected a process whereby ore yielding as low as $2 per ton can be profitably worked. It is said his agents have gone through the west securing most of the low-grade mines known to exist and, indeed, an immense plant is already in successful operation in Arizona.

The gentlemen who are behind the enterprise stand well in their community and are known to be responsible citizens. They have not ventured into New Jersey gold mining without the fullest investigation, and if their hopes are realized Hunterdon county bids fair to become one of the richest in the State.

John L. Murphy Dead.

CONTINUOUS CHEAP SALE

WORK OF THE RELIEF ASSOCIATION IS EXPLAINED.

Veritable Rummage Sale Going on Every Day in the Rooms of the Association.

The Rummage Sale, just brought to a successful close, calls attention to the fact that there is held continuously in the relief rooms a rummage sale on a smaller scale. In the work-rooms connected with this association employment is given to those temporarily out of work. Articles of clothing, hats, jackets, children's dresses, etc., are made from the materials received and then sold in the relief store, the money thus obtained helping to pay the remaining expenses of the work-rooms. Not only clothing, but ribbons, hat trimmings, stray pieces, odds and ends of all sorts are made use of. Bits of material of no value alone, when put together with skill are made into useful and salable articles.

The money received by the Relief Association from the recent Rummage Sale is to be used to enlarge the work-rooms in order to give employment to a greater number of persons. The association earnestly hopes that the people of Plainfield will bear this enterprise in mind and will help it by sending to the rooms, 544 West Front street, from time to time, such articles as they have no further use for, but which can be remodeled in the work-rooms. Anything from clothing to carpet rags will be most gratefully received.

A BOOK SOCIABLE.

Interesting and Instructive Affair Given at First Baptist Church Last Night.

The social committee of the First Baptist church gave an interesting book sociable last evening, which was both entertaining and instructive. A card having a design on it representing a well-known book, which the holder is supposed to guess, was given to each one present. After guessing their own card each one passed it on taking another in return, the object being to guess the greatest number of books. Some of the designs were very unique and showed great ingenuity. Ouida's "Under Two Flags" was represented by a young lady with two flags on her hat. "A Commentator on China" was a potato on a china plate. "A Rose in Bloom" was a full-grown rose and the "Pickwick Papers" were a toothpick, a lamp wick and some paper scraps. Miss Bessie Wilson guessed 34 out of a total of 54. Miss TenEyck was second and Miss Everitt was third. At the conclusion of the guessing refreshments were served. The social committee was Dr. Browning, chairman; Miss Bertha Needham, John MacLaughlin, Miss Susie Woodland, Miss Margaret Harold and Clifford Braider.

KNOWS THE ANIMALS.

Ernest Seton-Thompson Will Deliver a Lecture at the Casino Friday Evening.

Of the writers of the present day there is no one who has made a greater reputation for cleverness and originality than Ernest Seton-Thompson. Mr. Seton-Thompson has made a remarkable study of wild animals and he is able to tell some strange and wonderful things about them in a decidedly interesting manner. Plainfield will have the privilege of listening to him at the Casino Monday evening, when he will lecture on "The Personality of Wild Animals." Mr. Seton-Thompson has written a number of books, and all are very readable. He is a pleasant speaker, which gives an added interest to what he has to say.

Praise for Ward Stephens.

The Paterson Daily Press of yesterday gives an account of a musical recital given in the Second Presbyterian church of that place Thursday evening by Ward Stephens, who has been engaged as organist of the Crescent Avenue church. The Press says that the recital was perhaps the best in the series given by Mr. Stephens. It also speakes in the highest terms of his personally work on the piano.

TEN PROPERTIES SOLD UNDER MARTIN ACT

Collector Martin Disposed of More Property to Cover Unpaid Taxes Due the City.

BIDDING WAS VERY LIVELY.

GROUP OF LOTS ON RAYMOND AVENUE SOLD THE BEST.

The Usual Crowd Gathered in Collector's Office for the Sale Yesterday Afternoon—Several Lawyers Bought for Their Clients—No High Prices.

Under the provisions of the Martin Act the city of Plainfield disposed of a little more property of its citizens yesterday afternoon to satisfy the claims of the Tax Collector. The city was not, this time, compelled to go into the real estate business on its own account, for there were enough buyers to take everything offered.

It will be remembered that the first sale of delinquent lands for unpaid taxes, as provided for by the Martin Act, was held early in April, when 93 properties were sold. There were 249 properties against which the city had a claim, but the others were either settled or adjourned. Ten of those adjourned at that day came up at yesterday's sale.

About the same crowd that assembled for the first sale was present in the Tax Collector's office yesterday afternoon when Collector Martin opened the sale at 2:15 o'clock. The conditions of sale were read. They were the same as before, 25 per cent. in cash when the amount was over $20 and the remaider to be paid May 11th, when the certificate of sale will be delivered.

The first group of properties to be sold were on Raymond avenue in the First ward. The city's lien against each amounted to $20 53. After the first had been sold to Walter L. Hetfield for $59, Collector Martin skipped over by request to four properties on Dunellen avenue, belonging to Mrs. Maria Swaim, which were sold to W. A. Coddington for $71 16, the city's claim.

Then the Raymond avenue properties were considered again and the bidding grew decidedly lively. The second of the lot went to Mrs. Mary Lappin, of this city, for $70. John F. MacIntyre represented her. John K. VanNest bid in the next for Joel Coddington for $70. The last two went to Mrs. Lappin for $100 each. The former owners of these lots are unknown.

Miss Annie Collins was the purchaser for the property of Peter Collins on West Fourth street in the Third ward, which was sold for $116. The city's lien amounted to $98.97. J. B. Coward was the only bidder for the property of Ferdinand Fish, on Sherman avenue. The price was $277.58, the city's claim. W. B. Codington bought in the Winfield S. Chase property on West Front street for $127.39; the Frey property on Plainfield avenue for $56; and part of the Phœbe Allen estate on Plainfield avenue for $116. The purchases were in the interests of his clients. The sale was then adjourned to June 1st.

FOWLER WILLING TO PAY.

Would Defray all Expenses to Bring Cannon to Elizabeth.

(Special to The Daily Press.)

Elizabeth, May 5.—Mayor Mack has received word from Congressman Fowler, in which he offers to defray all the expenses for the transportation of two cannon to Elizabeth to place in the soldiers' plot in Evergreen cemetery on Memorial Day.

He will also pay the expenses of a demonstration which the Grand Army posts and veterans intend to have on that occasion.

Disappointed the Lawyers.
(Special to The Daily Press.)

Elizabeth, May 5.—There was a disappointed set of lawyers yesterday at the Union county Courthouse from Newark, Montclair, Camden and New York. They had come here expecting to try cases before Judge Van Syckle, only to learn that there will be no court session held until next Tuesday. The presiding Judge has declared that if the lawyers are not prompt in their appearance and have their cases ready for trial, he will not draw attendance on them, but at once adjourn court.

Slave, and Sold at Auction.
(Special to The Daily Press.)

Trenton, May 5.—David Hendrickson, a former slave, whose age is said to have been 101 years, was buried yesterday from the almshouse, where he had for a long time been an inmate. Hendrickson claimed to have been born in Cranberry, N. J., in 1799. He was the last slave sold at public auction in New Jersey. This was in 1821.

LIFE IN JAPAN.

Mrs. Harman Peeke, Missionary, Gave Interesting Sketch of Her Experiences in Southern Japan.

An interesting word sketch of the life of a missionary in southern Japan occupied most of the meeting of the Young Ladies' Mission Band of Trinity Reformed church, held in the lecture room last evening. Mrs. Harman Peeke, now on a furlough from the mission field, was the speaker.

The meeting was presided over by Miss Lillian A. Force, president of the band, and was well attended. After the reports of the various officers and committees, Miss Mary Griffin read some facts concerning the famine in India and the band decided to make a small contribution to aid the relief fund.

Mrs. Peeke was then introduced and gave a pleasing talk. She took her hearers on a trip over to the mission station in southern Japan, describing the life to be seen en route and how the trip would have to be taken. She sketched briefly something of the work in Japan.

While the seaports and northern Japan had been greatly influenced by foreign civilization, the south of that country had changed but little. She told of the idol worship and how the men had largely forsook their heathen gods but had taken nothing in their place. With the young man, she said, was the best field for work.

HICKEYS IN COURT.

Tim Murphy Said They Swore at Him and Proved His Case to Judge's Satisfaction.

The troubles between the Hickeys and their neighbors were renewed in the City Court this morning. William Hickey and his wife were both before the Judge, charged by Tim Murphy with calling him a variety of improper and indecent names. The Hickeys were represented in court by Lawyer William G. DeMeza, while Francis J. Blatz, of the firm of Murphy & Blatz, appeared as attorney for the complainant.

Murphy said the Hickeys swore at him in chorus and individually. He had another neighbor to prove what he said was true. The Hickeys denied it all and said that Murphy was the one that swore.

The trial was rather exciting as DeMeza had difficulty in controlling the tongues of his clients and then objected seriously to Attorney Blatz's method of summing up. DeMeza was staunch for a dismissal and explained to the Judge that he was going to get it. Judge Runyon thought otherwise and fined the prisoners $5 each.

LAND FORMALLY ACCEPTED.

Property for Duer Street From Craig Place to Green Brook Formally Dedicated to the Borough.

That portion of land between Craig place and the brook which is to be an extension of Duer street, was formally accepted last evening at the meeting of the Borough Council. Those who owned this land dedicated it for that purpose. Those who signed the map were W. M. Stillman, W. N. Brokaw, and Rev. George Hauser, as president, and August Wolff, as secretary, of the consistory of the German Reformed church. Two maps were signed, one of which will be filed in the borough and the other at Somerville.

Stole Gate as a Joke.

Russell Giles and John Whitlock, two young men employed in a local grocery, were found last evening by Patrolman Totten, removing the gate in front of 950 West Front street by way of a joke. Totten placed both under arrest. They were arraigned this morning before City Judge Runyon and were fined $2 each.

Another Physician for Plainfield.

Dr. George D. Johnson, of Greene, N. Y., has taken up his residence at 227 East Sixth street, where he will practice medicine and surgery. Dr. Johnson has followed his profession for fifteen years. No doubt he will be cordially received by his fellow practitioners and the public in general.

Good Record Saved Him

B. T. Barber, a painter and veteran of the Civil War, was arrested yesterday by Patrolman Mattox for being drunk. He was penitent this morning. His good record secured a suspension of sentence for him.

An Error Corrected.

It was Mrs. Charles W. McCutchen who was elected third vice-president of the Children's Home Association this week. Mrs. Ruth C. Leonard was elected recording secretary.

Reducing Expenses.

The New Jersey Central Railroad, it is said, contemplates reducing the number of sections on the road and the number of men on each section.

CITIZENS' LEAGUE DECIDED AGAINST.

Walter F. Carroll Succeeded in Getting His License This Morning.

LEE'S WAS ALSO GRANTED.

EMERY MUST WAIT TILL INDICTMENT IS SETTLED.

Lynus Walpole Withdrew His Application When an Illegal Signer Was Discovered—Pastor Shott Was on Hand.

(Special to The Daily Press.)

Elizabeth, May 5.—The hotelkeepers in Fanwood and Scotch Plains and the Citizens' League, headed by the aggressive and irrepressible Rev. Gideon M. Shott, clashed in the County Court this morning. Although the Citizens' League was not entirely routed, the decisions in the applications before Judge Vail were a substantial victory for the hotel men.

There was a large attendance of interested people from Fanwood and Scotch Plains, Rev. Mr. Shott being the most conspicuous of the reform forces. He sat at one of the tables inside the railing besides Irving L. Brady and William D. Murray, the lawyers engaged to look after the interests of the Citizens' League.

The first application taken up was that of Walter F. Carroll, who petitioned for the right to sell liquor in the roadhouse known as "The Maples," formerly conducted by Geo. Thatcher. When application was made last January for a license it was withdrawn, owing to a technical defect.

Lawyer Murray made the point that inasmuch as the application was practically a new one, the burden of proof to show that it was required in the community rested with the applicant. Judge Vail so decided. Mr. Carroll was called himself and explained the situation of the house and the things that convinced him that his application should be granted for the accommodation of the public. Several signers of the application were also called and testified to what they considered was the need of the license being granted.

They were John Brick, Collector William Sheelein, Assessor W. R. Stanbery, Edward Brick and Township Clerk E. L. Hand. After their testimony Mr. Murray said that the remonstrants would permit the case to rest there. Judge Vail decided that from the evidence offered that there was a necessity for the license, and he granted it.

The next case taken up was that of William H. Lee. Mr. Murray immediately made the contention that the applicant was not a fit person to conduct a licensed place. He referred to the fact that he had once been arrested and fined in Plainfield, but as this occurred five or six years ago it was so remote that Judge Vail did not take it into consideration. Another instance that the Citizens' League's lawyer referred to was the arrest and conviction of Lee for assault and battery on a Central Railroad conductor. These were the only objections that Mr. Murray offered against the granting of the license, but they were not sufficient and the license was granted.

When the application of William S. Emery was taken up, it was expected that there would be a lively time. Mr. Murray immediately made the point that Mr. Emery was under indictment for illegal liquor selling, and therefore should not be granted a license. The Judge also took this view, and decided to hold the application till the charge against the applicant had been decided in court.

Robert M. Clark appeared in behalf of Lynus Walpole, and admitted that he had been convicted of illegal selling of liquor, but said that since that time he had conducted a reputable and clean place and urged that the charge should not weigh against him in deciding the application. When the application was investigated it was found that one of the signers resided in Somerset county, and therefore that invalidated the application. It was withdrawn.

Borough Street Sprinkling is a Success.

After a fair trial in street sprinkling by the borough it can be stated that the work is in every way satisfactory, and that the residents are more than pleased with the results. No complaints have been received of overwet streets. The work has and is being done in a systematic and scientific manner under the direction of Superintendent of Highways, Mr. Doud, who personally looks after it and sees that it is properly done.

Frank Mason, of Somerset street, is spending a few days in Easton.

WANTED TO BE A MAN.

SO CITY JUDGE RUNYON HELPED HIM ON THE WAY.

William Lannon, of Flemington, Came in Court a Prisoner But With a Laudable Desire.

"I want to be a man." Such was William Lannon's laudable aim as he expressed it to City Judge William N. Runyon this morning. Furthermore, Lannon admitted as he stood before the Judge that he didn't look much like one, neither did he feel like one. But he wanted to be a man.

Lannon was picked up by the police last night for being very drunk. He was locked up over night. He had come down from Flemington on business and met some friends

"Where are all your friends this morning?" asked the Judge.

"Gone, your honor," replied the prisoner. "My friends are all in Heaven."

"But your friends of last night?" suggested the Judge.

"They were not friends," And Lannon stifled a sob, "They only come around when I have a pocket full of money."

After hearing Lannon express his desire to be a man some half-dozen times, the Judge agreed to give him the opportunity and suspended sentence.

"I can't express my sentiments," returned the "would be" man.

"You needed trouble yourself," returned the Judge as he prepared for the next case.

"I hope you go to Heaven, Judge." With which parting benediction the stranger from Flemington started on his way to be a man.

SHOTS FIRED IN STRIKE.

Standard Oil Company's Workmen at Bayonne Attacked and a Foreman Badly Beaten.

At Bayonne yesterday the Standard Oil Company strike among the laborers styling themselves boilermakers developed larger proportions. About two hundred men who had refused to join them were attacked last night by an equal number of strikers and driven back into the yards. Reinforcements were obtained by the non-strikers, who drove off their assailants. Shots were fired and missles thrown. One of the company's foremen was so severely beaten that he had to be taken to the hospital.

Including some coopers and barrel factory laborers about four hundred and fifty men are now out. The strikers want a twenty-five per cent. increase. Recently the company granted a ten per cent. advance, partly by reducing hours from ten to nine per day. Several years ago many English-speaking boilermakers were discharged, inexperienced foreigners taking their places. The latter now want full pay of mechanics.

Watching Cragin's Wharf Scheme.

James B. Vredenburgh, counsel for the Pennsylvania Railroad Company, appeared before the New Jersey Riparian Commission yesterday afternoon and asked for an opportunity to be heard on the proposed grant to Edward F. Cragin of a large tract of land under water between Bedlow and Ellis islands for storehouses, wharves and basins. The Pennsylvania company contemplates similar improvements near by. Mr. Vredenburgh was informed that the board would notify him when Mr. Cragin's proposition was to be taken up for consideration. It is understood that the New Jersey Central Railroad Company also will have something to say about the matter.

Truant Officer for Borough.

At the meeting of the Borough Board of Education next Monday evening a truant officer will be selected for the purpose of keeping an eye on school children who are inclined to play truant. In this way the Board hopes to break up this habit among a certain class of children who stay away from school whenever the opportunity affords. It is quite likely that some one outside of the school will be chosen for the position. The Board has been considering several persons for the place, and there will be further consideration Monday night, when the appointment is made.

Want Macadamized Street.

The residents of West Fifth street will present a petition to the Council Monday evening for the macadamizing of that street from Grant to Monroe avenues. This is necessary on account of the increased travel on the street as a number of new houses have been erected.

New Justice of Peace.

Fred Huff has qualified for justice of the peace and commissioner of deeds, and will open an office at 204 West Front street.

TROLLEY COMPANY IGNORES BOROUGH.

No Attention Paid to Requests to Sprinkle Tracks Before May 15th.

LETTER NOT ANSWERED.

SOMERSET STREET WIDENING TO BE PUSHED NOW.

Mayor Instructs Borough Council to Take Aggressive Action—Sidewalk Ordinance Passed—Other Routine Affairs.

There were two important matters that engaged the attention of the Mayor and Borough Council at the regular May meeting held last night. One was the question of street sprinkling on Somereet street by the trolley company and the other referred to the widening of Somerset street. The first matter was introduced by Councilman Rogers, who asked what had been done in the matter. Mayor Smalley reported that as yet no agreement had been made with the trolley company to sprinkle before they are compelled to do so, which is May 15th. He said that it was an outrage the way the company's cars stir up the dust and thereby cause a nuisance, unless the borough, at its own expense, water the street. He had been informed by Superintendent Adelmann that a sprinkling car was to be put on the road and he thought this would remedy all trouble.

In response to this Mr. Doud stated that in conversation with Col. Hine, of the trolley company, he was informed that the company had made arrangements with persons to water the road with wagons, as the sprinkling car could not be secured inside of two months.

Counsel Reed informed the Council that there is no way by which the company can be compelled to do any more than that which their contract calls for, unless they ask for some additional privileges.

Mr. Clark said that he had, as instructed, written a letter to Superintendent Adlemann about the sprinkling of Somerset street, and never received a reply. Some time later he met the superintendent and asked him if he had received his letter. He replied, with a smile, that he had, and that some time in May the company would commence sprinkling. That was all the satisfaction he received. This state of affairs had a tendency to rile the members of the Council and it is likely that some stringent measures will soon be taken to bring the trolley company to their senses.

The question of widening Somerset street was introduced by the Mayor, who said that this summer would be the last that the shade trees would continue to shade the street, that before snow flies again the street will be widened. He said that it was found impossible to widen the street by the common consent of all the interested property-owners, therefore the work would have to be done by petition and commissioners would have to be appointed. His Honor instructed Counsel Reed to take such steps as are necessary to inaugurate the work.

A resolution was offered by Mr. Clark that the street committees from the Plainfield Common Council and the Borough Council hold a conference to ascertain whether the city body will agree to widen the street from Front street to the bridge, so that the street when widened will be uniformed. This meeting will be arranged by the Mayors of the borough and city and will be held at an early date. The regular routine business was then taken up.

The report of Collector Brown, including that of Clerk Bowley, is as follows: Taxes and interest, $1,015.43; special school, $262 34; Board of Health, $8 67; Watchung avenue assessment, $637.90; rent from property sold, $10; liquor licenses, $1,781.25; clerk, fines, $22; licenses, $52 50; bills payable by note, $3,000; balance, April 1st, $1,621.59; disbursements, $4,210.66; cash, May 1st, $4,201.02; borough fund, $2,992 68; Watchung avenue fund, $1,208 34.

A. E. Faber protested in writing against the adoption of the sidewalk ordinance, so far as it affects Greenbrook road. The usual communication was received from Winfield Scott Post, No. 73, G. A. R., asking that the Council appropriate $25 to be used for the proper observance of Decoration Day. The request was granted.

Borough Counsel Reed stated that the State Board of Taxation dismissed the appeal made to them by Charles Bock for an exemption of certain taxes, and the borough would therefore not be compelled to make any reduction

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

PORTO RICO DISCUSSED.

Cabinet Thinks That Hawaiian Debt of $4,000,000 Should Be Paid.

WASHINGTON, May 5.—The regular cabinet meeting yesterday was devoted to consideration of matters of detail, though of considerable importance in the various departments for which the Porto Rican bill contains no provision. There are many oversights in the bill which take the time and consultation of the cabinet to decide. For the first time in some weeks every member of the cabinet was present. All shook hands with Secretary Root and congratulated him upon his recovery from his recent attack of the grip.

Secretary Gage's opinion that the Hawaiian debt of $4,000,000, carrying interest of from 4 to 6 per cent, should be paid off immediately was entirely concurred in by other members of the cabinet. Secretary Gage has written a letter to President Dole asking him to be ready upon advice from the department to notify all holders of Hawaiian bonds that they will be called in and interest stopped after a certain date.

OTIS SAILS TODAY.

MacArthur Succeeds Him, and Wheaton Takes MacArthur's Command.

WASHINGTON, May 5.—In accordance with General Otis' request to be allowed to return to the United States, the war department has issued orders relieving him to take effect this morning, May 5, the date fixed by General Otis for sailing.

The orders designate Major General MacArthur to succeed General Otis in command of the division of the Philippines.

Brevet Major General Wheaton is designated to succeed General MacArthur as commander of the department of southern Luzon.

CONDENSED DISPATCHES.

Havana councilmen made serious charges against the city police system.

The court of inquiry in the case of Major Clinton H. Smith will meet in Albany May 10.

The total number of bodies recovered from the Scofield mine in Utah was 277. Sixteen men are yet missing.

Emperor Francis Joseph of Austria appointed Emperor William of Germany a field marshal general of the Austrian army.

The Elder-Dempster liner Montpelier went ashore at the entrance to Cabot strait. Nothing has been heard of the crew.

Governor Roosevelt signed the bill authorizing the New York Connecting railway to construct a bridge over the East river.

The archbishop of Paris dedicated the chapel erected by the Castellanes to the memory of the victims of the charity bazaar fire.

Minister Shoots a Stenographer.

CHARLESTON, May 5.—Rev. W. E. Johnson, pastor of the Baptist church at Bamberg, S. C., yesterday shot and almost instantly killed W. T. Bellinger, stenographer of this judicial district. Trouble between the two began over the painting of a line fence between the premises of John R. Bellinger, father of the deceased, and the Baptist parsonage at Bamberg, at which time it is said hot words were passed and a pistol was drawn by Bellinger. Yesterday as young Bellinger was returning from the postoffice to his father's residence he met Rev. Mr. Johnson, armed with a double barreled shotgun. A few words were passed, and a few shots were exchanged, and young Bellinger lay dying on the ground with a smoking pistol in his right hand.

Cuban Boards of Registration.

HAVANA, May 5.—The election throughout the island of members of the boards of registration, three members for each district, terminated at noon yesterday, having lasted since April 30, those chosen being those who have received the largest number of signatures of qualified voters. The National and the Republican parties claim that they have won an overwhelming majority of the boards in the 40 wards of Havana.

A Sheet Metal Combine.

PITTSBURG, May 5.—A combination to be known as the American Sheet Metal company is being organized with a capital of $50,000,000. A meeting will be held in Canton, O., Monday to complete the organization. The combination takes in many corrugated iron and cornice plants throughout the country, the total number being 35.

Floods Again In Texas.

BASTROP, Tex., May 5.—Another flood is sweeping down the Colorado river. The water here has risen 18 feet since yesterday morning. A report from Austin says the river has risen suddenly, and fears are entertained for the safety of the railroad bridges below Austin.

Prospectus of the Siegel-Cooper Co.

CO-OPERATIVE STORES, NEW YORK AND CHICAGO.

Profit-Sharing with our Patrons. Co-operation with our Employees.

THE great success attained since 1887 by Siegel, Cooper & Co., has induced and given warrant to the enterprising owners to further ingratiate themselves into public favor by consolidating their **two** mammoth establishments into a co-operative enterprise on a profit-sharing basis. They recognize the tendency of the present age to be in the direction of co-operation of employers with employees, as well as in profit-sharing with patrons. To accomplish this desired condition, a new Company, the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) has been incorporated under the laws of the State of New Jersey with a capital stock of $24,000,000.00, of which $14,250,000.00 is divided into 285,000 shares 6 per cent. cumulative Preferred Stock of $50.00 par value, and $9,750,000.00 into 195,000 shares Common Stock of $50.00 par value.

The charter of the Company provides that, after full dividends of 6 per cent. per annum have been paid on the Preferred Stock, and full dividends of 3 per cent. per annum have been paid on the Common Stock, all additional dividends shall be apportioned and paid on the basis of ⅓ in amount on the Preferred Stock and ⅔ in amount on the Common Stock.

To carry out the plan of Co-operation

with its employees, $2,000,000.00 of the Common Stock has been placed in trust, the annual dividends of which will be distributed among such employees as have been or may hereafter be with the New York or Chicago establishment for a period of three years during their satisfactory continuance in the service of the new Company; such dividends will also be continued and paid to employees for life who, after ten years of service with the new Company, become incapacitated for further employment, thereby practically providing a pension fund for faithful employees in their old age.

To carry out the plan Profit-Sharing

it is proposed by the present owners, who are the owners of all the stock of the new Company, to offer to the public through the undersigned, 200,000 shares (fully paid and non-assessable) of the 6 per cent. cumulative Preferred Stock at par, upon which the full 6 per cent. dividend must always be paid before the Common Stock receives any dividend whatever, the Preferred Stock also having a prior right to all the assets of the Company.

In order to give double assurance to the general public, whom it is desired to interest as Stockholders (instead of Speculators) and who may not be fully conversant with such investments, the money required to pay dividends on said 200,000 shares has been set aside and will remain on deposit with the Central Trust Company of New York, and the Illinois Trust and Savings Bank of Chicago, respectively, to **secure the dividends of 6 per cent. per annum,** payable 3 per cent. semi-annually, for a period of five years, *i. e.*, until July 1st, 1905, on all such Preferred Stock as may be allotted in their respective territories, and each Certificate of Stock so allotted will have an endorsement by said Trust Companies, respectively, to that effect. We thereby offer, we believe, not only an absolutely safe 6 per cent. investment, but one which will without question yield considerably more.

Under no circumstances will any

of the Preferred Stock not so allotted, nor any of the Common Stock, be sold, the present owners having no desire to sell out, but intending to remain with the business; they will therefore not part with any more stock than they believe necessary to fully carry out their plans for co-operation and profit-sharing, as previously stated.

The owners confidently believe that, by inaugurating the liberal policy above outlined towards their employees, they will in return be rewarded by more faithful service, and courteous attention to patrons, the result of which must be beneficial to the new Company as well as augment the continued good will of the public.

Furthermore, it can be calculated to a certainty

that with many thousands of new stockholders exerting their **personal influence** toward the success and welfare of the business, larger patronage and correspondingly greater earnings for the new Company will be assured. It is from the increased benefits and material advantages which these changed conditions are expected to bring about, that the present owners feel confident of better pro rata remuneration on the stock which they retain, and in a measure justifies them in parting with any portion of their interests in an established and exceptionally profitable business.

The SIEGEL-COOPER CO. Co-operative Stores **will take possession Monday, July 2d, 1900,** of the two great department stores of Siegel-Cooper Co., New York, and Siegel, Cooper & Co., Chicago, in their entirety, covering a floor space of over thirty acres, with their millions of dollars' worth of Merchandise, Store Fixtures, Delivery Plants (consisting of many hundreds of Horses, Wagons, etc.), Machinery, extensive Stable Properties, and all the appurtenances required for the complete operation of the two stores, **and also its Palatial Fireproof Store Building and Real Estate in New York City,** which alone represents an asset of many millions of dollars, free of all encumbrances or indebtedness whatsoever, so that the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) will start its career **without owing a single dollar.**

For the good and sufficient reason of not wishing to divulge the details of our business to our competitors, we present no balance sheet for publication. We do not however, desire to ask our patrons or the public to rely exclusively on our representations, and, therefore, **the money required has been set aside** and will remain on deposit with the above-named Trust Companies to absolutely secure the dividends on all the Preferred Stock to be allotted as stated. Moreover, we allude with pride to the fact that the Chicago establishment has since its inception paid millions of dollars in dividends to its stockholders, and that the New York establishment, while only in its fourth year, is not only doing a larger business than the Chicago store, but is also on a most profitable dividend-paying basis. We can also say for the benefit of subscribers, that **the net earnings** of our two establishments for the past year were **largely in excess** of the amount required to pay the dividends on **all** the Preferred Stock of the new Company.

There will be no change in management,

and the same men who thirteen years ago started the original Siegel, Cooper & Co. store in Chicago (and later its sister-store in New York) and who have achieved a success almost without parallel in modern retailing, have pledged themselves to continue in the management of the business of the **new Company** the same as in the past, and they will deposit with the Central Trust Company of New York, all of their stock holdings for a term of years to secure such pledge.

Subscriptions for the 200,000 shares of the Preferred Stock

will be received in person, or by mail, on blank forms provided for that purpose, by the Central Trust Company, 54 Wall Street, New York, and Siegel-Cooper Co., New York and Chicago, beginning at 10 a. m. Monday, May 7th, 1900, and will continue for a period of **One Week;** the right, however, is reserved to close subscriptions upon one day's notice in the New York and Chicago daily papers. The above Trust Company, for the convenience of our patrons and the public, will receive subscriptions at the Siegel-Cooper Co. store in New York, or at its own office, 54 Wall Street. All subscriptions must be accompanied by **money, check, money order or draft,** payable to the Central Trust Company of New York, to the amount of 20 per cent. of such subscription (equal to $10.00 per share), for which proper receipts will be given by said Trust Company. Notice will be given as soon as practicable of the number of shares allotted to each subscriber, and the balance due must be paid to said Trust Company on or before July 5th, 1900, upon the delivery by said Trust Company of the stock allotted.

In order to subscribe for shares cut out and use this Blank.

With a view of extending the benefits of our offer to as many of our patrons and the public as possible, it is proposed to allot the stock in the following order, namely:

1st. To all subscriptions for one share;
2d. To all subscriptions for two shares;
3d. To all subscriptions for three shares;

and to continue in the same order for larger subscriptions until the entire 200,000 shares have been allotted.

BRITISH ADVANCING.

Outpost Already Fifty Miles From Bloemfontein.

HARD MARCHING AND LITTLE FIGHTING

French Is Sweeping Northward—Immediate Advance to Kroonstadt. General Hunter's Success Makes Mafeking's Relief Possible.

LONDON, May 5.—The mounted infantry with Lord Roberts, among whom are the Canadians, have picketed their horses on the south bank of the Vet river, 18 miles north of Brandford. The head of Lord Roberts' column has thus advanced 32 miles from Karee Siding in two days, or 53 miles north of Bloemfontein.

Little power was spent. The British work was hard marching, the Boers retiring out of the reach of the British shells. The correspondents supplement Lord Roberts' plain statements with a few details. As General Hutton, with the First mounted infantry brigade, drew near Brandford he saw a khaki clad body of troops ahead of him. He was surprised, but thought they must be the British. Soon, however, they opened fire upon the British, who replied heavily. They were the Irish-American brigade from Lourenco Marques, and it is reported that the Irish lost severely.

The Boer flag was flying over Brandford as the British entered the town. Several British wounded were found in the hospital. The Boer postmaster gave up the keys of the public buildings to Captain Ross.

General French's cavalry is sweeping the country northward. The expectation is that the infantry advance will be continued toward Kroonstadt immediately. Although no prisoners were taken and although no hot pursuit was attempted, the news greatly cheers London. Nevertheless it has not been received with the fine rapture that attended the first successes of Lord Roberts.

General Hunter's crossing the Vaal at Windsorton brings the relief of Mafeking, 196 miles beyond, almost within a calculable interval. It is now regarded as quite possible that Mafeking may be succored ere the queen's birthday.

Wepener is to be garrisoned with a strong force from General Chermside's division, commanded by Lord Castleton.

The war office last evening issued the following from Lord Roberts, dated Bloemfontein, Friday, May 4:

"The mounted infantry have gone on to the Vet river. The rest of the force will march there tomorrow. The railway has been repaired to this.

"Hunter reports very satisfactory news—that the passage of the Vaal has been carried at Windsorton without opposition."

The Gazette contains General French's report of the disaster to the Suffolk regiment in the Colesburg district Jan. 5, which he attributes entirely to the fact that a majority of the four companies of the regiment engaged were seized with panic and retired. He pays high tribute to the officers of the regiment and the men who remained with them.

British Guns Too Much For Boers.

WARRENTON, Cape Colony, May 5.—A British six inch wire gun opened unexpectedly on the Boer laager Thursday at a distance of seven and a half miles, throwing 100 pound shells with wonderful accuracy and causing a hasty retreat of the burghers. The bombardment continued yesterday at all points by howitzers and field guns, supported by two companies of the Munster regiment, the Boers being driven from shelter and their guns being put out of action.

Varnish Works Ablaze.

NEW YORK, May 5.—The big works of the Standard Varnish company at Elm Park, S. I., were visited last night by a disastrous fire. These works are said to be the largest in the varnish trade in the country. They consist principally of two buildings, one of which is used as a storage warehouse for the raw gum and linseed oil as well as other ingredients of varnish.—This is the building that caught fire. It covers three acres. The main buildings of the works cover fully ten acres and are filled with all sorts of inflammable materials. The loss is estimated at $150,000.

McLean For Bryan?

SPRINGFIELD, O., May 5.—John R. McLean, brother-in-law of Admiral Dewey, has abandoned the latter in his candidacy for the Democratic nomination for president and has jumped on the front seat in the Bryan band wagon. This declaration was made here by W. S. Thomas, chairman of the Democratic state central committee, and was called forth by requests Mr. McLean sent to the meeting at Columbus Thursday afternoon of the Democratic state central committee to fix the time and decide upon a place for holding the Democratic state convention.

Fatal Wreck on the B. and O.

PITTSBURG, May 5.—Passenger train No. 107, west bound, on the Wheeling division of the Baltimore and Ohio road, was wrecked last evening just east of Gastonville. Patrick J. Horan, track inspector, was killed almost instantly. Fireman B. B. Lyttle had both legs crushed and suffered other injuries which will prove fatal, and Engineer A. McBurney was scalded about the chest and had wrist and ankle sprained. None of the passengers were hurt.

Quaker Workingmen Cannot Agree.

PHILADELPHIA, May 5.—The Brotherhood of Carpenters and the allied building trades council held separate meetings last night for the purpose of straightening out the present difficulty, but the breach between the two organizations was not closed up. In fact, if anything, the two bodies are farther apart than ever.

No Indictment For Frances Wilson.

PHILADELPHIA, May 5.—The grand jury ignored a bill of indictment against Frances Wilson, the pretty chorus girl of the "Papa's Wife" company who was said to have stolen money and jewelry belonging to Mrs. Valerie Bigelow, wife of Charles Bigelow, a leading member of the company.

Locomotives For Egypt.

PHILADELPHIA, May 5.—The Baldwin Locomotive works has received an order from the Egyptian government for 20 locomotives to be used on the Egyptian railway. The contract calls for ten passenger and ten switch locomotives.

To The Sick.

Indisputable Facts.

Disease, fermentation and decay are caused by microbes and germ life; when these organic pests are destroyed, there can be no sickness.

Antiseptics are so called because they destroy microbes; surgeons always use antiseptics in performing dangerous operations.

Radam's Microbe Killer, composed of GASES, is an antiseptic, perfectly harmless to the human body, but doubly powerful in destroying disease if faithfully applied. Physicians frequently use Microbe Killer in treating Cancers, and recommend it for Catarrh, Tuberculosis, etc., others know it to be invaluable in Bright's Disease and Bladder Troubles.

Fermentation of food in the stomach causes Dyspepsia, Sourness, etc.; Radam's Microbe Killer destroys the CAUSE and sweetens the stomach.

Impoverished blood is the home of germ life; when pure it is the fountain of life, the source of all health and vigor.

Radam's Microbe Killer is the only rational remedy for all diseases; its antiseptic power eradicates every disease from the human body.

E. S. F. Randolph, of Liberty street, has returned from a pleasant spring vacation.

Fred Huff, of Orchard place, has received his commission as Justice of the Peace.

Miss Cuming, of Putnam avenue, has returned from a visit with Brooklyn friends.

Dr. Holcomb, of New York, has returned after a short visit with Plainfield friends.

Miss Sadie Randolph, of West Eighth street, has about recovered from her recent illness.

Charles H. Hand, of Watchung avenue, has been out of town for a few days on business.

The condition of Mrs. Riker, of Central avenue, who is seriously ill, is not much improved.

Morris Abrams, of this city, has returned from a trip to Boston and other points of interest.

Miss Farenholz, of West Front street, has been visiting her sister in Newark for a short time.

Mrs. Fitch, of Westfield, who has been visiting her parents on Prospect avenue, has returned home.

Mrs. Yaeger, of Liberty street, has been detained at home by illness which almost threatened pneumonia.

Daniel Teller, of the borough, is now in charge of the fish department at Fred Endress' meat market.

Superintennent W. J. Wightman, of the Borough Public Schools, was in Trenton yesterday on business.

Mrs. Carman and daughter, of Elmwood place, will soon move to Liberty street, corner of Orchard place.

Mrs. Harry Auten, of Perth Amboy, has been visiting her parents, Mr. and Mrs. Peter Young, of Central avenue.

Miss Jessie Roberts, of Brooklyn, has returned home after a visit with Mr. and Mrs. D. S. Roberts, of Prospect place.

I. H. Boehm, the dry goods merchant, is able to attend to business once more, having recovered from a recent illness.

T. W. Powell and family, of the borough, moved to Ocean Grove Wednesday. They will spend the summer at that popular resort.

The condition of Mrs. Marion S. Ackerman, of Crescent avenue, is greatly improved and a speedy recovery is hoped for.

Miss Jessie Haynes, of Dunellen, who has been engaged to sing in the choir at the First Baptist church, will sing tomorrow for the first.

Justice Storms, of New Market, was in town yesterday for the first in many months. He has been on the sick list, making it impossible for him to get about.

The daughter of Mr. and Mrs. R. F. R. Huntsman, of Westervelt avenue, who is detained with scarlet fever, is steadily improving. Her condition has not been considered serious from the first.

Mrs. Clarence Mundy and her bright little daughter, of Boston, are enjoying a visit with Mrs. Mundy's parents, Mr. and Mrs. Wm. Addis, of Orange place. This is the first time that the grandparents have seen their granddaughter and they are very proud of her.

GETTYSBURG, LURAY, WASHINGTON.

Personally-Conducted Tour via Pennsylvania Railroad.

Over the battlefield of Gettysburg, through the picturesque Blue Mountains, via Hagerstown and Antietam, and down the beautiful and historic Shenandoah Valley to the unique Caverns of Luray; thence across the rolling hills of Northern Virginia to Washington, is a route of this tour—a section of the country intensely interesting from both a historic and a scenic standpoint.

The tour will leave New York 8 a. m., and Philadelphia 12:20 p. m., Tuesday, May 29th, in charge of one of the company's tourist agents, and will cover a period of five day. An experienced chaperon, whose especial charge will be unescorted ladies, will accompany the trip throughout. Round-trip tickets, covering transportation, carriage drives, and hotel accommodations, will be sold at the extremely low rate of $25 from New York, $24 from Trenton, $22 from Philadelphia, and proportionate rates from other points.

For itineraries and full information apply to ticket agents; Tourist Agent, 1196 Broadway, New York; 4 Court street, Brooklyn; 789 Broad street, Newark, N. J.; or address Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia. 5 5 12-19

—The gypsies have returned to Mountain avenue, in the borough, where they will remain for a time.

GIBBONS' EXPEDITION.

It Resulted In the Release of 522 Prisoners In Southern Luzon.

WASHINGTON, May 5.—The navy department has made public a report from Lieutenant J. H. Gibbons, attached to the Brooklyn, dated Cavite, March 4, upon an expedition conducted by him in the south of Luzon in the latter part of February last which resulted in the release of 522 prisoners, mostly Spaniards, who had been held by the Filipinos for many months. According to the report, Lieutenant Gibbons was placed in command of the United States transport General Alava, with a detail of officers and men from the Brooklyn, on the 25th of February and proceeded to the vicinity of San Naroiso, gulf of Ragay, at the southern extremity of Luzon, in search of these prisoners.

Off Guinayaban some of the prisoners who had escaped came aboard, reporting that 36 Spanish prisoners who were disabled had been left by the insurgents at that town, and the remainder of the prisoners, including some Americans, were being carried to Piris. The Alava at once made for Piris and landed a party of 20 marines under command of Lieutenant Brown, United States marine corps, at the head of the bay. The insurgent guard fled, and the prisoners were released and brought aboard the ship. There were among them ten Americans, 72 Spanish officers, one accompanied by his wife; 17 priests, 21 merchants, four Filipinos and four Spanish soldiers, including the wife of one. There was a good deal of hardship connected with the expedition, and Lieutenant Gibbons reports that he cannot speak too enthusiastically of the energy and zeal shown by the men.

In transmitting the report Admiral Watson calls the department's attention to the celerity with which the expedition was fitted out by the Brooklyn, and he further says that much credit is due to Lieutenant Gibbons for his zeal and ability, to Lieutenant Commander Mahan in fitting out the expedition and to Lieutenant Brown of the marine corps and Naval Cadet McIntyre.

A MONTH'S FAILURES.

Real Estate, Speculation and Building Form the Bulk.

NEW YORK, May 5.—R. G. Dun & Co.'s weekly review of trade says:

Failure returns for April are especially valuable because they show that there does not exist, in the most important branches of business, the conditions which threaten disaster. They call attention to one line in which some curtailment had seemed from previous returns to be in progress and has been hastened by extensive strikes in the building trades. In real estate speculation and building a few large failures cover over a third of all the defaulted liabilities of the month, but in no other direction does there appear any indication of unsoundness or more than an entirely natural and safe increase of commercial credit. In trading the failures were less than in the same month of any previous year.

The reduction in prices of iron and steel and their products has gone far enough to bring out much new business. At the end of last week cut nails were reduced 45 cents per keg, and in plates and bars somewhat lower prices have been reported. Prices for sheets have not yet been named, but in pipes and tubes there is some yielding, with larger business in fence and other wire since the reduction.

April exports of breadstuffs have been large, both wheat and corn surpassing last year's record. Atlantic exports of wheat in five weeks, flour included, have reached 11,080,903 bushels, against 10,744,798 last year. Pacific exports 3,513,250 bushels, against 2,090,737 last year, and corn exports 15,573,337, against 12,740,942 last year. In spite of conflicting stories the movement of wheat from the farms continues larger than a year ago. The price closed as it opened, while corn declined 2 cents.

Failures for the week have been in the United States 209 against 158 last year, and 27 in Canada against 23 last year.

German Aid For India.

SIMLA, May 5.—Emperor William has telegraphed to the viceroy of India, Lord Curzon of Kedleston, as follows: "Full of the deepest sympathy for the terrible distress in India, Berlin has, with my approval, realized the sum of over 500,000 marks, and I have ordered it forwarded for your disposal. May India feel that this action on the part of the capital of the German empire is from a deep sense of the sympathetic love for India which has prompted my people and which emanates from the fact that blood is richer than water."

Whale on New Jersey Coast.

ATLANTIC CITY, May 5.—A 35 foot whale was cast up on Brigantine beach yesterday. It is supposed to have come ashore during the thunderstorm. Not for years has a similar monster been seen off this part of the coast.

Mining Town Destroyed.

VICTORIA, B. C., May 5.—The chief portion of the mining town of Sandon, East Kootenai, has been destroyed by fire. The railway station and telegraph office were burned. No particulars have been received.

Baseball Players' Wife Gets Divorce.

A LESSON IN FINANCE

Refunding Provisions of New Law Result Successfully.

BOND EXCHANGE SAVES MILLIONS.

More Than Five Hundred Applications Have Been Received For National Bank Charters—Half of Them Have Been Approved.

WASHINGTON, May 5.—Representative Brosius of Pennsylvania, chairman of the house committee on banking and currency, has made a statement, official in character and based on information carefully prepared by the treasury department, of the workings of the recently enacted financial law. The statement says in part:

"The refunding provisions of the law are working out an achievement in finance without a parallel in the history of the world. The statement I submit is official and shows the amount of bonds of each kind exchanged since the law went into operation March 14 to the 1st of May, 1900, together with the saving in interest, the premium paid and the net saving.

"The statement shows the following totals: Amount refunded, $260,020,750; saving in interest, $32,699,225; premium paid, $26,034,771; net saving, $6,664,454.

"The net saving shown by this statement represents the difference between the amount of interest the government will pay upon the bonds refunded to the date of their respective maturities and the amount of interest the government would have been obliged to pay had not the bonds above described been thus refunded.

"It will be observed that the total amount of bonds exchanged is $260,020,750. The treasurer has already made full settlement for bonds amounting to $259,051,950, and of the premiums paid and to be paid, $26,034,771, the treasurer has already paid $25,923,732, leaving unpaid only about $110,000. Of the $260,020,750 bonds exchanged $48,518,000 was from institutions or private persons other than national banks.

"The operation of legal tender redemption under the provisions of the law exhibits a highly satisfactory condition of public confidence in our government paper and is a happy omen for the success of that branch of our monetary system in the future. The secretary of the treasury informs me that the amount of United States notes redeemed in gold out of the reserve fund since the new law went into operation is $5,133,289."

One of the most interesting features of Mr. Brosius' statement is a table prepared by the treasury showing the extent to which new national banks have been organized under the new law. The total number of applications approved is 244, with a capital of $8,380,000. The total applications on file for authority to organize national banks is 508 and the total applications for the conversion of old banks into national banks 382, making a total of all kinds of new bank organizations of 890.

A Shooting Accident.

COOPERSTOWN, N. Y., May 5.—Cooperstown was the scene of a "Didn't know it was loaded" accident yesterday. Ralph Hawkins, about 22 years old, while looking for some bicycle attachments on a pantry shelf, found a revolver which he supposed was not loaded. Turning round he pointed it at Jessie Betterly, who was standing in the doorway, and pulled the trigger. The weapon discharged, and the ball entered Miss Betterly's head just above the left eye. She has not lost consciousness and is now in the hospital, where the doctors have probed for the bullet, but cannot find it. Hawkins has been held on a charge of careless handling of firearms. Hawkins was a boarder in the family where Miss Betterly worked.

Strike Situation at Buffalo.

BUFFALO, May 5.—The return of the striking car repairers of the New York Central to their work yesterday morning, an agreement reached by which the men of the Nickel Plate receive the scale agreed to by the New York Central and their promise to resume work today, an absolute failure of agreement between the men of the Erie and the division superintendent, a partial failure between the men of the Lackawanna and the master mechanic and a delay pending the ultimatum of higher officials in the matter of the demands made by the men of the Western New York and Pennsylvania and the Lehigh Valley summarizes the developments of the day in the strike of the repairers' association.

Arctic Explorer Killed.

DETROIT, May 5.—Dr. Edward Everett Vincent, who was surgeon of Lieutenant Peary's 1893 arctic expedition, was run over by a street car and instantly killed yesterday. Dr. Vincent was riding a bicycle along Grand River avenue. Endeavoring to escape collision with a buggy, he rode across the car track. His bicycle was struck by the car fender, and he was thrown under the wheels and instantly killed. The body was fearfully mutilated.

Corn For Famine Sufferers.

NEW YORK, May 5.—The new British steamship Quito, which arrived yesterday from Greenock on her maiden trip, has been chartered by Uncle Sam to take 200,000 bushels of corn to the famine sufferers in India. She will dock at the West Central pier in South Brooklyn and will begin loading on Monday morning. The cargo will be taken directly to Bombay.

Costly Barn Burned.

NEW HAVEN, May 5.—A large modern horse barn and carriage house owned by William Brewster, the carriage builder of New York, located on his summer estate at Mount Carmel, was entirely destroyed by fire last night. Loss upward of $20,000; fully insured. All the horses and coaches, traps, harnesses, etc., were got out. The origin of the fire is unknown.

British Steamer Wrecked.

NORFOLK, May 5.—The British steamer Virginia, from Cape Samuels, Cuba, to Baltimore, is ashore on Diamond shoals. Six of her crew were rescued by life savers, five were drowned, and 16 are in a small boat, whereabouts unknown. The steamer has broken in half. She will be a total loss.

Italians on a Strike.

MIDDLETOWN, N. Y., May 5.—A large number of Italians employed on the Ontario and Western railroad here and at nearby sections are on a strike. They demand an increase of 15 cents per day.

To Save the Birds.

The fact that Governor Roosevelt has signed the bill passed by the New York Legislature making it a misdemeanor to sell or possess for sale the plumage of wild birds or songsters, moves the Philadelphia Record to remark that "civilization moves on," and to add that at the outstart this statute will bear with some hardship upon milliners; but there is no progress without some cost. The women who wear the plumage of songbirds in their hats are not only accessory to the savagery of the killing, but they are guilty of the further savagery of a form of adornment which is a weak imitation of the get-up of Geronimo or Sitting Bull when on the war-path. The attempt at restraint in New York is wholesome and should be followed up in other States.

The Record also notes that the Lacey bill passed by the Federal House of Representatives last week, which proposes to so enlarge the powers of the Department of Agriculture as to provide for introduction and restoration of game song and insectivorous wild birds and to prohibit interstate commerce in game killed in violation of local laws, would, if it should receive the assent of the Senate, do much to facilitate the enforcement of the New York law, which might otherwise be evaded as an invasion of intertrading rights between the States.

It is interesting to note the records by months of contributions to the Dewey arch fund. The contributions for the month of November last footed up $80,000. For December, when the Admiral's engagement to marry was announced, the amount was $10,000. For January, when the Dewey house was deeded to Mrs. Dewey, it was $11,000. For February it was $20,000; for March it was $24,300, and for April, when the Admiral's candidacy for a Presidential nomination was announced, the sum was $1,380.

The interruption which Frank Bergen's boom for Congress underwent while he was hesitating and considering the offer of President McKinley's appointment as Chief Justice of Porto Rico has undoubtedly weakened much of the original strength shown towards it. Congressman Fowler has not been letting any grass grow under his feet in the path to a renomination in the meantime, and it would not be surprising if he secured the office again without a great deal of trouble.

Apropos of the Borough Board of Education appointing a truant officer, it is interesting and important to note that the new school law requires that all children between seven and twelve years shall attend school every day while school is open and may only be absent with the consent of the Board of Education. It imposes a penalty of not less than $1 nor more than three months upon parents or guardians who fail to send their children, and fines collected become school funds.

The Port Jervis (N. Y.) Evening Gazette printed this remarkable advertisement the other day:

BUSINESS ANNOUNCEMENT.

Having leased the bar privileges of the American House for an indefinite term I am now prepared to cater to the public wants in fine grades of liquors and cigars, fresh lager, etc.

N. B.—My office as funeral director and embalmer will also be found at the American House. Resp., M. G. Beirne. tf

Port Jervis whiskey must be bad stuff.

Newark is just now witnessing a cleaning and rounding up process on the part of police officials towards the disreputable joints that have fastened themselves upon the darker side of life in the New Jersey metropolis Judging by the reports printed in the Newark papers concerning some of the "joints" and people that frequent them, that city possesses some pretty tough places.

Trading stamps are tabooed under the law in New York State, Governor Roosevelt having signed the bill prohibiting their use by merchants in that commonwealth. The law will undoubtedly give eminent satisfaction to the average merchant, but not so the frugal and far-seeing housewife who believes in getting all that she can for her money.

New Jersey has been doing a record-breaking business in the incorporation line during the past four days. In that time the incorporation fees have amounted to $38,000, a larger sum than was ever before taken in in that length of time.

Without exception so far, every Re-Republican State convention has indorsed McKinley and every Democratic convention has indorsed Bryan.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

It is now Chancellor Magie and Chief Justice Depue. In these two appointments the high character of the New Jersey Judiciary is fully sustained. It is also especially gratifying to the Essex county community that the long and honorable service of Judge Depue on the Supreme bench is so worthily wiped out.—Newark Advertiser.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

The numerous forest fires that have recently ravaged the country near Bridgeton have had a curious effect in driving into the open from the brush all manner of wild creatures. In many places they may be seen in noticeably large numbers, among them being rabbits, squirrels, toads, frogs and snakes.

Through the courtesy of S. L. Patterson, of the Board of Agriculture, of North Carolina, we are in receipt of a volume entitled "North Carolina and Its Resources." The volume is most replete with facts and statistics of the old State, plainly demonstrating its almost limitless possibilities in the agricultural line. The mineral wealth of the State is also most graphically set forth. Few realize that mines for gold have been long and profitably worked in the Carolinas, yet this and much more is beautifully told in the work. The natural flora make North Carolina a paradise for the botanist. The balmy air of the pines has restored thousands to health and vigor. 'Tis a haven indeed for lung and pulmonary troubles. Among the many well-executed cuts which brighten the pages may be found excellent views of Mr. Vanderbilt's magnificent home "Biltmore." This is located in the midst of a beautiful park of some thousand acres, altogether making it by far the most beautiful home in America. As a work of art it is a triumph.

Hailstorm Damages Vegetation.

(Special to The Daily Press.)

Flemington, May 5.—An electrical storm, accompanied by heavy rain and hail, passed over the upper part of Hunterdon county yesterday. Some of the hailstones were as large as hickory nuts. Much anxiety is felt about the fruit. Early vegetables were badly damaged.

DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young. 15c. and 25c.

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 5.—A valuable cow belonging to Adam Dealaman was taken sick Thursday and died that night. The animal was a great pet of William Dealaman's.

A large and handsome bloodhound arrived in Dunellen yesterday from New York. It belonged to H. A. Bunker who has taken the Sandford property at Greenbrook for the summer.

Miss Nettie Baldwin, who has had two operations performed on her nose, was able to go out yesterday for the first time. She is still under the care of Dr. Ard, of Plainfield.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 5.—An amusing incident in connection with the fight between the Citizens' League and hotel men happened in town yesterday afternoon. One of the court constables was in town serving notices upon those who had signed license applications to appear in court this morning and bring proof of their being property owners and thus entitled to sign a liquor license application. One of the applications was signed by Andrew Ryno, a resident from the lower end of the township. The constable made inquiry for the home of Mr. Ryno and by a misunderstanding he was directed to the home of Alvah Ryno on Front street. Mr. Ryno was found and served with the notice, calling for Andrew Ryno to appear in court. Mr. Ryno is not a property owner and has never signed any of the liquor license applications. But his argument and efforts to convince the constable of this was of no avail and only seemed to make the constable more persistent in serving him. The officer left the notice with the usual fifty cents fee and told Mr. Ryno he must appear before the court this morning. While Mr. Ryno is down in Elizabeth trying to convince the court of its officer's error, his namesake will be at his home near Alton all unconscious of the trouble he has caused with his signature.

The members of the Saturday Night Club, of Fanwood, will enjoy a cakewalk this evening in the fire house. The committee in charge, who have arranged this pleasant affair for the members, are looking forward to this as being one of the leading social events of Fanwood society this season.

Rev. C. C. Woodruff, will lead the weekly prayer meeting in the Methodist church this evening.

Horace Hand, of Plainfield, was the guest of friends in town last evening.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 5.—Judge Schenck held court yesterday and disposed of a number of Orphans' Court cases, after which the application of George R. Hunt to keep a hotel at Middlebush was taken up. The application was opposed by Prosecutor Griggs, who presented a remonstrance, signed by nearly every resident of the vicinity. A number of witnesses were also produced, who swore that the place was not needed. George V. Vanderveer represented the applicant and made a strong argument in favor of granting the license. Judge Schenck refused the application. The saloon license of John J. Fencil, at Bound Brook, was transferred to William Greisheimer, the latter having purchased the place. Rose Flynn Dubois, aged 15, from near Franklin Park, was sent to the Reform School at Trenton.

The Second Reformed church will celebrate the lifting of their debt tomorrow, when they will have a jubilee. Pastor Read will tell how the church was built, the new choir will render special music and there will be a general rejoicing. In the evening Pastor Read will tell all about the Ecumenical conference, to which he was a delegate.

Mrs. James Gaston, of Ross street, accompanied by her son, John G., have gone on a visit to relatives at Jacksonville, Ill. Mr. Gaston will be absent two weeks, but his mother expects to remain all summer.

Miss Laura Hoagland, leader of the Baptist choir, has secured the following additions and they will sing tomorrow for the first: Miss Jessamine Burd, alto; Clarence Leek, tenor, and Edward Ehni, bass.

A meeting will be held at the engine house tonight to nominate seven Town Commissioners to rule over the destinies of the town for the coming year, and to hear Treasurer Taylor's report.

S. E. Edsall, of Plainfield, will speak at the Y. M. C. A. Sunday afternoon.

Deputy Surrogate Spencer has moved from Grove to Maple street.

Rev. F. M. Kip, of Harlingen, was in town today.

Rev. John Hart, of Neshanic, was in town today.

WESTFIELD

(Special Correspondence to The Press.)

Westfield, May 5—At the meeting of the Board of Health held last evening a number of citizens living near the corner of Park street and Westfield avenue complained of the actions of an alleged crazy woman who lives with her relatives in the old Drake homestead. A petition was presented, headed by Thomas H. Foote, which asked that something be done to rid the neighborhood of the woman, as she was a menace to health. It is said that the woman goes about the grounds, always with a nurse, but that her screams frighten the neighbors.

At the meeting of the Township Committee held last evening the security bond of Tax Collector A. H. Clark was raised from $15,000 to $25,000. He was also voted a salary of $500 for the work on the new school law.

MILLINERY.

It pays to take a little time over the selection of your hat, it's a momentous question. We have adepts whose services are at your disposal. This is one of our strong points, another is the greatest variety of hats to select from, with constant additions from day to day—new fancies—new ideas—inventions—little nobby effects that add style and dash. It's the Millinery Store, par excellance.

7.50 Trimmed Hats for - 5.00
10.00 Trimmed Hats for - 8.00

WOMEN'S TAILORED SUITS, $9.00.

A most popular lot and deservedly so. You could't buy the materials for the price we ask for a complete suit ready to step into and wear if you like. All the worry skipped and a nobbier, better fitting suit than nine dressmakers out of ten would make for you. Materials are cheviots and homespun. Jackets are fly front or tight fitting and silk lined. Skirts are the newest shape and are lined with percaline. Other stores ask 12.00 to 16.50 for no better.

SHIRT WAISTS AT 98c.

Materials are good quality lawns, percales, ginghams and madras in new effects. Some are trimmed with pretty patterns of insertion, others are tucked yokes. All are made with the new French yokes and beautifully finished, about twenty different kinds. You have paid 1.25 and 1.50 for no better waists.

WASH GOODS AT 15c per yd.

The materials are Scotch dimities, foulardines and fine lawns. The range of colorings and patterns is very extensive and many of the effects are entirely new. This is a most worthy collection. Other stores ask 18c for precisely the same goods.

Save your cash purchase checks and when they amount to $25.00 bring them to us and we will give you one dollar's worth of merchandise in any part of the store.

A middle-aged gentleman who lives pretty constantly at home and is very regular in his habits relates that he is occasionally compelled to make a railway journey for a night or two, and these used to upset his usual condition of health, resulting pretty uniformly in a cold or an attack of constipation. He has found a remedy for all that, however, and nowadays before starting off he places in his vest pocket a five-cent carton of Ripans Tabules. One of these Tabules, taken as he goes to rest in the sleeper, not only induces sleep, but keeps the bowels in a healthy state and prevents the opposite result formerly so apt to be engendered by the shaking up due to an all-night ride in a railroad car. He used to know that the change of diet on such occasions, and the taking of food at untimely hours, would upset his stomach for a certainty and cause a sick headache, but to his surprise he finds that all this is obviated by the precaution of swallowing a Ripans Tabule after each meal.

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. RIPANS, 10 for 5 cents, may be had at any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 10 Spruce St., New York.

THE PRETTY MAID,

"Where are you going, my pretty maid?"
"I'm going to Harker's store," she said.
"What will you do there, my pretty maid?"
"I'll get great bargains, sir," she said.
"He sells magazines at the publishers' price,
And his store is just delightfully nice.
He has pretty inkstands and paper weights,
Alphabet blocks and transparent slates.
"He has all the popular novels, too,
And special books he'll get for you.
He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.
He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.
"He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

BRIDGE WORK

in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

SCIENCE AND INVENTION.

FILTRATION OF WATER.

Wherever It Has Been Introduced Death Rate from Typhoid Fever Has Decreased.

Although Chicago unquestionably has the best drinking water of any large city on the globe, there is no doubt that many impurities conducive to disease, especially to typhoid fever, find their way into the city's homes. While the quality of our lake water will be greatly improved by the passage of the city sewage through the drainage canal, there will still be enough of impurity left to be a menace to the public health. The use of sand filters is highly recommended by the best sanitary engineers of the country. These filters have already been constructed in 17 American towns and cities in the last decade. During the same period more than 100 others have installed mechanical filtration plants. No fact in sanitary engineering is more fully established than that the death rate from typhoid fever is materially lowered by filtration, and the present interest of the public gives hope that the time is not far distant when the cities of the United States will take rank with London, Berlin, Vienna and Amsterdam in freedom from that disease.

The system of slow filtration through sand beds is regarded by the highest authorities as preferable to the more rapid system of mechanical filters, though in many cases the latter may be installed at a less expense. Statistics of both systems show that the slow sand system is used by cities having an aggregate population of 21,400,0000, of which 10,200,000 are in Great Britain and 260,000 in the United States. The aggregate population using mechanical filters in the United States and Canada is nearly 1,600,000, while this system is practically unused in other countries. Only towns of the United States have filtered water supplies at the present time.—Chicago Chronicle.

POTATO BUG PICKER.

An Iowa Farmer Has Invented a Machine That May Perform Wonderful Deeds.

Most methods for the extermination of potato bugs remind one of the old recipe for making hare soup, which began, first catch your hare; so that about the only effective method of getting rid of this little pest is to first catch your bug, and then kill him. A western inventor, hailing from Lone Tree, Ia., very seriously offers a recently-patented device for assisting in

POTATO BUG PICKER.

catching the bugs. It consists, as pictured here, of a gas pipe frame wheelbarrow, the handles of which are supported by straps passing around the shoulders of the user. At one side of the frame is a windmill arrangement, operated by a crank, the idea being, of course, to push this barrow alongside of the individual potato plants, and by turning the crank to beat the foliage with the paddles and thus dislodge any bugs that might be clinging to it. It is assumed that the force of the blow, which would be proportioned to the strength of the plant, will knock the bugs off the leaves and branches and throw them into a pan in the bottom of the barrow, where they could be killed by a poison solution or by any other suitable method. —Chicago Daily News.

Birds Shun This Tree.

A German authority has recently announced the discovery of a tree in the forests of central India which has most curious characteristics. The leaves of the tree are of a highly sensitive nature, and so full of electricity that whoever touches one of them receives an electric shock. It has a very singular effect upon a magnetic needle, and will influence it at a distance of even 70 feet. The electrical strength of the tree varies according to the time of day, it being strongest at midday and weakest at midnight. In wet weather its powers disappear altogether. Birds never approach the tree, nor have insects ever been seen upon it.

Largest Tree in the World.

At Mascall, near the foot of Mount Etna, is to be seen the largest tree in the world. Its trunk is 304 feet in circumference. The largest tree in the United States is said to be the gigantic tree near Bear creek, on the north fork of the Tule river, in California. It measures 140 feet in circumference. The famous giant redwood tree in Nevada is 119 feet in circumference.

Four in Three Thousand.

Four persons out of every 3,000 men, women and children in the United States are either in jail, or out on bail, or are fugitives from justice. Their total number is 90,000, out of a population estimated at 70,000,000. Only six per cent. of all those who have fallen foul of the law are women.

BIRTHDAY OF A PRINCE.

Great Pomp Attends Celebration In Honor of Frederick William.

BERLIN, May 5.—Emperor Francis Joseph of Austria, who left Vienna yesterday evening for Berlin in order to be present at the ceremonies and celebrations in connection with the coming of age of the German crown prince, Frederick William, has appointed Emperor William field marshal general of the Austrian army. The standard of the emperor of Austria waves from the royal palace in Berlin.

Emperor Francis Joseph reached Potsdam station punctually at 10 a. m. His majesty's reception was strictly according to programme. The weather was ideally springlike, the whole city was in festal garb, the verdure of the trees and shrubs contrasting gratefully with the

PRINCE FREDERICK WILLIAM.

vivid colors of the flags, bunting and garlands strung from pillar to pilar.

The real hero of the day was the youthful crown prince, who followed his father's carriage in the procession. The blooming youthfulness of the prince was advantageously set off by the dark uniform of the guards, which he wore. He was cheered all along the route quite as much as the two emperors, and the Berliners are all delighted at the handsome, modest appearance of their future king.

During the evening the city was partially illuminated, although this was not according to official programme, which accounts for the fact that none of the state or public buildings except those in the immediate vicinity of the castle was illuminated. However, Unter den Linden was a gorgeous sight. Of the embassies only the Russian, French and American were illuminated, doubtless because they are on Unter den Linden.

Dewey In St. Louis.

ST. LOUIS, May 5.—Ten thousand Sunday school children waving American flags cheered and sang sacred and patriotic songs in honor of Admiral George Dewey at the public reception at the exposition building yesterday. The song service, which was the last of a series of functions that occupied the time of Admiral and Mrs. Dewey from early in the day, took place late in the afternoon at a public reception given in the big building in which four years ago President McKinley was nominated and was attended by an audience that packed the edifice almost to suffocation. The two days' celebration in honor of Admiral Dewey began with a short informal reception on the floor of the Merchants' Exchange, trading being entirely suspended in the pits during the visit of the distinguished guests.

That Letter a Fraud.

PHILADELPHIA, May 5.—Professor J. Rendel Harris, paleolographer of Cambridge university, England, and who is considered one of the greatest authorities in the work on Biblical manuscripts and inscriptions, who is here on a visit to Haverford college, ridicules the story of the alleged newly discovered correspondence between Jesus Christ and Agrippa, an ancient monarch, said to have been inscribed on the walls of an old palace at Ephesus. Professor Harris in an interview said: "The whole subject is a fraud. Such hoaxes are not at all uncommon. There is something suspicious about the whole report, and I shall continue to believe it unfounded until I am persuaded by absolute proof to believe in its genuineness."

Wisconsin Forest Fires.

WAUSAU, Wis., May 5.—The forest fires which have been raging in the woods surrounding this city during the past week are daily becoming more alarming; and rain is anxiously looked for to check their progress. The farmers in the vicinity have their household goods packed up and each night have some member keeping watch so that a timely escape can be made if the fire reaches their houses. A telegram has just been received by the mayor from Hatley, a village ten miles east of here, to send fire engines and men with all possible haste, as the fire threatens the destruction of the village.

Cornell Oratorical Contest.

ITHACA, N. Y., May 5.—The thirtieth annual contest for the Stewart L. Woodford oratorical prize of Cornell was held in the university armory before a large audience last night. Five strong orations were delivered by members chosen from the senior class. The winner of the gold medal, which is valued at $100, was Eugene T. Lies of Buffalo, who delivered an oration on "The New Social Consciousness."

Cannot Reach Conclusion.

BUFFALO, May 5.—The conference between Superintendent Brunn and representatives of the Erie's striking car repairers adjourned without having reached a conclusion. The Erie positively refused to depart from its system of paying by piece work. The men insisted on the New York Central scale. The committee will report to the executive board.

New York's Mayor In Maine.

BATH, Me., May 5.—Mayor Van Wyck of New York and his friend John F. Carroll yesterday were the guests of Charles W. Morse, president and organizer of the American Ice company, which controls the natural ice of the eastern states. The gentlemen declined to be interviewed on the ice question.

ARMY BILL PASSED.

Senate Adopts Plan For Reorganization.

MILES TO BE LIEUTENANT GENERAL.

Fortifications Bill, Appropriating $7,500,000, Was Also Passed—House Proceeds With Sundry Civil Appropriation Bill.

WASHINGTON, May 5.—Yesterday's session of the senate was rendered especially notable by the passage after a debate lasting only three hours of the army reorganization bill. In military circles the measure is regarded as one of the most important of the present session. It practically revolutionizes the present staff arrangements of the army. It proposes to change the present system of permanent appointments in certain staff corps to one of detail by a gradual process as the officers now in those corps go out of active service. As vacancies occur in departments of the adjutant general, the inspector general, quartermaster general and commissary general they are to be filled by details from the line, the details to be temporary and not to exceed four years.

The new system is not applied to the corps of engineers, medical department, pay department or judge advocate general's department. The bill discontinues the regimental organization of the artillery and establishes an artillery corps of two branches—viz, 126 batteries of coast artillery and 18 batteries of field artillery, with a total of 17,443 men. It provides for an increase of 100 in the corps of cadets at West Point, two at large from each state and ten more to the present number of 20 from the United States at large. The rank of the commanding general of the army is raised to that of lieutenant general and that of the adjutant general to major general, the latter being during the incumbency of the present adjutant general, General Corbin. The president is empowered to place on the retired list any officer who has been suspended from duty by sentence of court martial or by executive order in mitigation of such sentence for a period extending to or within one year of the time of his compulsory retirement for age. This is well understood to apply to Commissary General Eagan.

An amendment creating a veterinary corps for the army, consisting of a colonel and 35 other commissioned officers, was attached to the bill after a spirited debate, the amendment being adopted by a vote of 25 to 23.

The fortifications appropriation bill, carrying about $7,500,000, was passed.

The house made fair progress with the sundry civil appropriation bill, completing 73 of the 132 pages of the bill.

Report From Otis.

WASHINGTON, May 5.—The war department has received the following report from General Otis: "April captures from enemy 30 pieces of artillery, 1,209 rifles, considerable ammunition and large stores property. During early portion of the month the enemy was active in extreme northern and southern Luzon and some Visayan islands. Our reported losses for the month 13 enlisted men killed, 3 officers, 24 enlisted men wounded. Rumored recent loss in Samar of 19 killed and number wounded not yet reported. This is due to small detachment scouting in mountains in the interior of the island. The enemy's losses officially reported were 1,721 killed, wounded and captured. Leading Filipinos express confidence in the early pacification of the islands. They say the war has terminated. Leading insurgents are surrendering."

Old Man Pardoned.

PLATTSBURG, N. Y., May 5.—Governor Roosevelt has pardoned Jacob Echart, aged 70, a convict who has served 19 years of a life sentence at Clinton prison. The letter containing the pardon arrived at the prison yesterday morning, and just as soon as he could change his old prison garb for a new suit of clothes Echart walked out of the gate a free man. He was almost wild with joy, as he had not the slightest idea of being pardoned. He was sentenced at Monticello, Sullivan county, in 1881, for murdering his sister-in-law as the result of an altercation over property.

Brazil's Fourth Centenary.

RIO JANEIRO, May 5.—The celebration of the fourth centenary of the discovery of Brazil, which began Thursday, is in progress amid great popular enthusiasm. The president, Dr. Campos Salles, unveiled at Bahia a monument in honor of Pedro Alvarez de Cabral. Congratulations have been received by the government from Emperor William, King Humbert and the pope. Yesterday the president went on board the visiting Portuguese and Italian cruisers.

Direct Line to New York.

TAMPA, Fla., May 5.—The transportation committee of the board of trade and a number of business men are planning for a direct line of steamers from this city to New York. The expansion of the naval stores business requires better freight facilities to the north, and now that a deep water channel has been made to the gulf the new steamship line can be put in operation.

A Successor to General Wheeler.

HUNTSVILLE, Ala., May 5.—Governor Johnston has ordered an election Aug. 6 in the Eighth Alabama district to choose a successor to General Joseph Wheeler in congress. General Wheeler will likely offer to succeed himself. Judge William Richardson of Huntsville and Captain Samuel Blackwell of Decatur will also announce their candidacy.

Situation In Ashanti Serious.

LONDON, May 5.—A dispatch to The Daily Mail from Accra says: "The situation in Ashanti is still very serious. Kumassi is closely invested. It is reported that on April 27 fighting occurred between the Haussas and Ashantis, in which three white officers were killed or wounded."

Two Burned to Death.

GENEVA, N. Y., May 5.—Fire destroyed the residence on the farm of William Webb, two miles north of this city, yesterday morning. Two children, a boy aged 15 years and a girl aged 4 years, were burned to death. The origin of the fire is not known.

Newport Villa Burned.

NEWPORT, R. I., May 5.—The summer villa of William S. Wells of New York, located on Bellevue avenue, was burned last night. Loss, $200,000; fully insured.

WHIST

After successfully holding the State whist trophy ever since they won it at the annual congress of the New Jersey Whist Association in March, the Jersey City Club team has met with defeat. The team from the New Jersey Whist Club of Newark won the trophy last Tuesday after a rather surprising match. The first round went to the New Jersey team, 2 to 1. The same team won the second round 10 to 3 and the third 6 to 0. The total score was 18 to 4.

Appointed Engineer for Roselle.
(Special to The Daily Press.)

Roselle, May 5.—H. C. VanEmburgh, of Plainfield, was appointed borough engineer at the meeting of the Roselle Borough Council last night. This will be his third term in that office. Roselle is planning to make street improvements this year that will cost $6,000, of which Engineer VanEmburgh will have charge.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

There is something about the sound of "Sweet Lavender" that is pretty and charming. Its pleasing euphony is fitting when applied as a title to such a comedy as was performed in Music Hall last night by a clever company of actors whom Harry Gwynette, our fellow-townsman, had gathered together to present A. W. Pinero's successful work. "Sweet Lavender" tells a clean, honest and interesting love story. Its dialogue is cheery and brisk at all times without being suggestive or bold in any way; its action and developement natural and interesting. Such a dramatic creation ought to endure for years, and its presentation now and then by such capable actors as were seen last night will afford much pleasure. The audience that greeted the performance last night was not anything in comparison to what the merit of the piece demands, but all those who witnessed it were highly pleased.

* * * * * * *

Among the last of the theatrical events in Plainfield for the present season will be the benefit for the ushers of Music Hall—a polite and obliging set of fellows, whose friends will undoubtedly turn out en masse as a compliment to their courtesy and attention to Music Hall patrons throughout the season. The attraction for the occasion will be Barry's "A Rising Generation." It is old in name, but that is the only thing aged about it. The piece is fresh and up to-date with funny comedians, pretty girls and all the other dramatic attributes that go to make up a rip-roaring farce-comedy.

Runaway Boys.

Winans Gluck and Ray Williams, aged about fifteen years each, are missing from their homes in Westfield. They disappeared Wednesday night and their parents are greatly worried about them. Their description has been telegraphed to all the neighboring towns. It is supposed that they have started for Texas, where they expected to go into the cowboy business. At least that is the story they told their boy friends before they went away.

SUPPOSE ! you are obliged to travel, leaving a member of your family ill at home—how can you receive news at any station from Boston to Omaha—from Montreal to Key West?

SUPPOSE ! you are worried and flurried and bored by the petty details of living—the marketing, the shopping and the annoyance of the hustling streets—how sit in your office or library and press a button which shall do it all for you?

SUPPOSE ! you would have the answer to these questions—Here it is—
The greatest Luxury, Convenience and Necessity of the century:—

TELEPHONE SERVICE.

THE NEW YORK AND NEW JERSEY TELEPHONE COMPANY,

333 Park Avenue, Plainfield, N. J. 2 12 3m

TROLLEY COMPANY IGNORES BOROUGH

[CONTINUED FROM PAGE 1.]

or exemption in Mr. Bock's taxes.

Chairman Clark, of the street committee, reported that during April there was expended on the streets for labor $48.90; street sprinkling, $57.37. There were 335 tons of stone used, and the total expenditure for the month was $506 77.

Mr. Valiant offered a resolution that inasmuch as the German Reformed church has dedicated their property for the opening of Duer street, the borough curb and flag the walk on the church side of the property, for the first time, at no expense to the church.

Another resolution by Mr. Valiant provided for the drawing of warrants to meet a Watchung avenue improvement certificate for $1,000 with interest. This was followed with a resolution by the same member allowing $20 on the property of Nathaniel Taynor in final settlement of the taxes on the same.

A resolution offered by Mr. Valiant provided that $80 be allowed Collector Brown to reimburse him partially for the amount, $171, which he has paid for surety bonds for 1899-1900. The Council was unanimous in its opinion that Mr. Brown should receive this amount and it was readily granted.

Chairman Lee, of the fire, water and lamps committee, reported thirteen arrests during April, of which number nine were drunks; three were for fighting and one for begging. This was followed with a resolution by Mr. Lee providing for an expenditure of $75 for summer uniforms and hats for four regular marshals.

A petition was received asking that Watchung avenue between Grandview avenue and its intersection with Coddington avenue be macadamized. It was signed by the following persons who agreed to subscribe the sums opposite their names toward the work: A. I. and N. B. Smalley, $15; L. M. Codington, $5; Frank Mobus, $5; Augustus Mobus, $5; D. T. Kenney, $10; C. H. Rugg, $10; J. W. Mundy, $5. These amounts together with the amount, $10, subscribed by the Borough Board of Education, makes a total of $70.

In connection with the above Mr. Clark offered a resolution that when the sum of $100 be subscribed for this work and paid to Clerk Bowley, the borough will macadamize the street as petitioned for. Mr. Clark offered another resolution granting the petitions for crosswalks at the corner of Somerset street and Linden avenue, and on Brook avenue at its intersection with Franklin avenues.

In accordance with a petition presented at a previous meeting by property owners on Myrtle avenue, between Giraud and West End avenues, asking that that avenue be accepted and properly lighted, Mr. Clark offered a resolution granting the petition. This will make it necessary to locate two electric lights on Myrtle avenue.

The much-talked-of new sidewalk ordinance was read for the last time and was unanimously adopted. Council then adjourned to May 18th, which was done for the benefit of the street laborers so that they can receive their money.

SCRAP OVER A DOG.

Lots of Excitement on West Front Street Last Night.

A great deal of excitement was created on West Front street, near Nagle's pharmacy, last evening by Frank, the French fruit dealer, and two men who Frank claims had forcibly taken a dog from his son. Frank came up just in time to see the men taking the dog off in a wagon, and stepping out, seized the horses bridle. A lively war of words followed which collected a large crowd. Matters were finally settled by the men proving that the dog belonged to Mr. Pinto, of West Eighth street, and that they were acting for him. Frank finally let the men go but says he will make it warm for the party who gave him the dog.

Pleasant Surprise Party.

A pleasant surprise party was given to Miss Anna Ryan at her home on East Third street last evening. The affair was gotten up by her friends in honor of her return from college at Madison. A large number were present and dancing was the main feature of the evening. The music was furnished by Prof. O'Reilly.

Chris. Sorensen, Jr., former trombonist of the Music Hall Orchestra, but now of Miner's Eighth Avenue Theatre, New York, was calling on old friends yesterday.

TWO YEARS IN JAIL.

Cardinal Ledochowski and His Struggle with Bismarck.

Famous Event Recalled by Silver Jubilee of a Prince of the Church and Prefect of the Propaganda at Rome.

Cardinal Ledochowski, whose silver jubilee as prince of the church was recently celebrated with unusual heartiness at Rome, is one of the most prominent figures in the sacred college. Born at Gorki, in Russian Poland, on October 29, 1822, he pursued his studies in the lyceum of his native province with such splendid results that the government presented him with a gold medal and offered him a situation, which he declined, preferring an ecclesiastical career in the church of Rome. He went to the eternal city to complete his studies in the Academy of Noble Ecclesiastics, where he was admitted as the son of a Polish count with a long pedigree, and, as usual, with limited means. He took holy orders in 1845, shortly after the death of his father and the exile from Poland of his mother, whose ultra-Catholic proclivities had given umbrage to the Russian government.

The young priest went to visit and console his mother in her exile at Baden, and was introduced by an old friend of his father to Grand Duke Michael, brother of Czar Nicholas I. The Russian prince was charmed with the intelligence of the Polish priest, and offered to recommend him for a Catholic bishopric in Poland, but Ledochowski, like a true Pole, refused to receive anything from the Romanoffs. Clergymen who take their degrees in the Academy of Noble Ecclesiastics are generally destined to the diplomatic career of the vatican, and Ledochowski was accordingly sent as secretary to the nuncio of Madrid, and afterward as papal legate to Colombia and Belgium. In 1866, Pius IX., appreciating the firm character displayed by the Polish prelate in his

diplomatic missions, named him archbishop of Posen.

Clouds were then gathering in Prussia, threatening to the papacy, and shortly afterward the pope and Bismarck were at daggers drawn. It was the time of the Kulturkampf, when the Iron Chancellor was trying his strength against the papacy, with his usual pertinacity, but not with his usual success. The pope had lost his temporal dominions, and Bismarck could not reach him either by sea or land, as he humorously complained to Victor Emanuel. The archbishop of Posen fearlessly upheld the claims of the papacy, and would not hear of any compromise, whereupon he was requested by the Prussian government to give up his see. He refused, with indignation, in a letter which Windhorst, the leader of the Catholic party, declared, in the reichstag, worthy of being printed in golden letters. But Bismarck, who could not reach the pope, had the archbishop in his grasp. Ledochowski was arrested, deprived of his temporalities and condemned to two years' detention in the fortress of Ostrov.

There rose a general outcry of reprobation from liberals of every persuasion at the high-handed procedure of Prince Bismarck. The German Catholics were furious at this brutal revival of medieval persecution, and the government was inclined to adopt more lenient measures if the imprisoned archbishop would only condescend to bend a little. But Bismarck was not aware what a tartar he had caught. Ledochowski did not bend, but protested the more energetically, appealing to the king and to the country. Pope Pius, admiring the firmness of the archbishop, sent a cardinal's hat to the prisoner at Ostrov.

Bismarck faced the storm as best he could, taking care, however, to keep the new eminence in durance until he had served the entire term of his imprisonment, as if no red hat had been sent from the vatican. He afterward expelled the new cardinal from Prussia. Ledochowski, says the Chicago Record, went to Rome, where he was looked upon as a martyr, fully deserving of every promotion. In fact, he rapidly ascended all the steps of the hierarchical ladder, and is at present prefect of the propaganda fidei, an important position, in which he displays exceptional tact and ability, both as an administrator and a statesman.

An Order Against Dancing.

Maj. Stoch, the new Indian agent at the Cheyenne and Arapahoe agency, has issued an order forbidding all white employes of the government from dancing at the agency or upon the reservation. He declares that he is compelled to forbid Indians dancing, and that a good example should be placed before them by himself and all employes, and that when he informs the Indians that all persons, whites as well as reds, are forbidden to dance they will be much more willing to obey.

DEATH OF MAYOR KYTE WAS NOT EXPECIED

Illness With Grip Turned Into Pneumonia and End Came Saturday Night.

WAS SICK ONLY A FEW DAYS.

PROMINENT IN PUBLIC AFFAIRS FOR MANY YEARS.

Had Served as a Public Official in Many Capacities—Through His Efforts Fanwood Was Built Up—Popular With All Who Knew Him.

Mayor George Kyte, of Fanwood, who for a number of years has been a prominent and influential resident of Union county, holding many offices at the hands of the Republican party, died unexpectedly at his home Saturday night. Many of Mr. Kyte's most intimate friends did not know that he had been ill, and the announcement of his death came as a great shock. For the past week Mr. Kyte had been confined to his home with an attack of the grip. Last Thureday he had improved so that he felt that he was well enough to go to business in New York. He got up and dressed and was just about to start for the station to take a train when Dr. Westcott, his physician, called at the house. The physician found that Mr. Kyte was taking a dangerous move and he insisted that he remain at home. Mr. Kyte accepted the advice of the doctor.

That evening a relapse occurred and pneumonia sat in, but he was not considered in a critical condition until Saturday morning, when his heart commenced to weaken. Heroic measures were resorted to to strengthen the organ, but without avail. At 6 o'clock that evening he died.

Mr. Kyte, who might be called the "Father of Fanwood," was fifty-four years of age, having been born at Berlice, British Guiana, S. A., in 1846. While yet a child he removed with his parents to Brooklyn, where he grew to manhood. During the Civil War he enlisted and went to the front, being one of the youngest members of his regiment. After the war he returned to Brooklyn and entered the shipping business of his father, Charles Kyte, who still survives him.

About 1870 the family removed from Brooklyn to Fanwood—at that time only a farming section. He soon saw the future of Fanwood and a number of years ago he left the shipping business and became identified with the Central New Jersey Land Improvement Company, being elected treasurer of the company. Through his untiring efforts and booming of Fanwood as a suburban place of residence, the company's venture of building six houses has grown to a thriving borough, having seperated from the township nearly ten years ago.

During the past three years Mr. Kyte has devoted nearly his entire time to the future of the place he so dearly loved. But before this he had held a number of important township, borough and county offices, being Township Treasurer and Township Committeeman for several years. Here his worth was recognized by his constituents and he was sent to represent Fanwood on the Board of Freeholders. From there he was advanced to Assemblyman from this district, serving two terms. During 1894 he was elected to the office of Sheriff and served until 1897.

He was twice elected and once appointed as Mayor of the borough, holding this office when he died.

In politics Mr. Kyte was an ardent Republican, but his party connection never interfered with his friendships and he was honored by Democrats and Republicans alike. No one ever went to Mr. Kyte with trouble but what he was always ready to give what assistance laid in his power.

Mr. Kyte belonged to a number of secret and social organizations, being a charter member and past regent of Fanwood Council. At the time of his death he was treasurer. He was a past chancellor of Goodwill lodge, K. of P., and was for a number of years an active member of Excelsior Hook and Ladder Company. He was also a member of Atlas Lodge, F and A. M., of Brooklyn.

Mr. Kyte is survived by a wife and five children, three sons and two daughters.

The funeral services will be held at 3:30 o'clock tomorrow afternoon in the Baptist church at Scotch Plains. Mr. Kyte was an Episcopalian and the services will be in accordance with that denomination. Owing the desire of the large numbers to attend the services, it was decided to hold them in the Baptist church, the largest edifice in the town.

NEWARK GUESTS CAME.

FORMAL OPENING OF THE PARK AVENUE HOTEL.

The Interior of the House Prettily Decorated for the Occasion—Dancing the Feature.

The formal summer opening at the Park Avenue Hotel took place Saturday night when a hop was given under the direction of James Bailey, the manager of this popular place. The large double parlors and dining room presented a bright and attractive appearance. The decorations consisted of southern smilax chiefly. No pains were spared to make the occasion of great enjoyment to all and Mr. Bailey personally looked after the comfort of his guests.

An attractive feature of the decorations were the numerous Japanese lanterns that were suspended over the front porch, making a brilliant illumination that could be seen from a great distance. It gave passers-by an idea of old times, when there was so much life about this favorite hotel.

Included among the guests was a party of Newarkers, who made the trip to and from Plainfield by a special trolley car. They met at the home of Mrs. O. B. Stoutenberg, 1038 Broad street, Newark, and left there at 7:15 o'clock. It was just 8:45 o'clock when the party arrived at the hotel. It was a jolly crowd and there was so much merriment on the part of all that the trip did not seem nearly so long. They left the city on the return trip at 11:30 o'clock and arrived home about 12:45 o'clock, thoroughly delighted with their visit. The trip was arranged by William Coats, of Newark, and those who were in the party are as follows:

Mrs. O. B. Stoutenberg, Miss Ida Dodd, Mrs. Frank Stoutenberg, Mrs. James Bailey, Theodore Staats, Miss Emma Staats, Amos Holbrook, Miss Pauline Stoutenberg, Miss Marion Bailey, Ray Whitehead, Robert Campbell, Mr. and Mrs. William Campbell, Mr. and Mrs. Herbert Gleason, Miss Mabel Frances, Mr. and Mrs. David Rutan, Miss Molly Webb, Mrs. J. H. Richarde, Miss Ethel Whitehead, Clarence Smith, Mr. and Mrs. William Coats, Mr. and Mrs. Charles Ingram and Miss Clara Curtis.

The other guests present were Miss Nettie Raymond, Mr. and Mrs. Bainbridge Hinckley, of Brooklyn; Philip Rickets, of Elizabeth; Thornton Earl, TenBroke Ternune, of New York; Dr. and Mrs. T. S. Davis, Miss Davis, Miss Clara Long, Mrs. Beard, Miss Pound, Miss Catherine McClure, Miss Hebert, Miss Elizabeth Hebert, Martin Hebert, Ned Simpson, Dr. Emerson, T. O. Doane, Jr., Ray Carroll, Dr. H. V. Merrell, Walter Long, George Proctor Smith, Alex VanOse, Godwin Beard and Mr. and Mrs. Isaac Miller, of Plainfield.

The feature of the evening was the dancing. Interspersing the dances the guests enjoyed a social chat and at 10:30 o'clock all were invited to the dining room, where refreshments were served. Dancing was then continued until it was time for the Newark guests to leave for home. All were loud in their praise of the pleasant evening given, and they wished the management an abundance of success in the future.

No One Saw Him Do It.

No one saw Samuel Roselisky kill the calves in the barn at the rear of 407 Cottage place, last Wednesday night, but there were several who saw the calves go in alive and come out dead. Roselisky was before City Judge Runyon this morning on complaint of Health Inspector Addis and Patrolman Vanderweg for slaughtering the cattle. The Judge decided there was no direct evidence but warned Roselinsky that he had offended other parts of the health ordinance and must be more careful in the future.

Judge Was Locked Out.

Judge Mosher found himself in a rather peculiar predicament this morning when he arrived at his office. On leaving the office Saturday he left his keys behind and the door having a spring catch was locked without them. The Judge was barred out for some time when Robert McCormack came to his rescue and climbed through the skylight. Hereafter he will have his keys on a chain and attach it to himself.

New Railroad Superintendent.

Harry Dankel, who for several years has had charge of the interests of the Central Railroad of New Jersey at Roselle, has been appointed superintendent of the New York and New Orange Railroad, which runs from Aldene, on the Central, to New Orange. He succeeds William Millard, who has been compelled to resign to attend to business in the west.

PASS ROSES INSTEAD OF THISTLES TO MEN

Noble and Uplifting Sermon on Bridling the Tongue Preached by Dr. Richardson.

PLAIN DUTY TO FELLOW MEN

TERRIBLE THING TO REPEAT RECKLESS STORY IN CARELESS MANNER

Publicity of That Which in Secret Takes Away the Most Powerful Motives to Reform in a Guilty Life.

Rev. J. W. Richardson, pastor of the Park Avenue Baptist church, preached a sermon last night on the subject "Bridle the Tongue." It was filled with many noble and practical thoughts directed to the professing Christian.

The text was James I:26. "If any man among you seem to be religious and bridleth not his tongue, but deceiveth his own heart, this man's religion is vain."

In part Rev. Mr. Richardson said: "The man whose piety is a mere pretense and not a reality is the man who does not bridle his tongue. However loud his professions of piety, or harsh his denunciations of sin, the talker's religion is an empty show. So indispensable is this bridling of the tongue that without it all claims to piety are notoriously barefaced and false.

"Friends, if you have any regard for the happiness of your fellow men, do not make any statement concerning their characters unless you know it to be true. He who passes a story along regardless of its truth or falsity, if it happens to be false, is more guilty than the one who first coined the story.

"Supposing we do know something true against some one. We may, by giving publicity to that which is secret, take away the most powerful motives to reform in that guilty life. We may humble with shame needlessly a soul who might, by a little encouragement from us, rise to nobleness and purity. Oh, beloved, if we see some one stumbling, instead of tripping him up let us help him on to his feet. If we see some one on the down grade, instead of giving him an additional push let us reach out for his hand and pull him up to the top of the hill. Instead of thistles, let us pass roses to our fellow men. Instead of pouring ammonia on their wounds, let us apply the oil of grace and kindness and bind up with the balm of Gilead. Oh, I tell you it is meager satisfaction to have excited the wonder or gratified the curiosity of some news seeker and have brought about an irretrievable loss to some soul. That individual is little to be envied who can carelessly throw all these aside, and with fiendish independence say, "My tongue is my own, and I will say what I please." There is a higher than an earthly tribunal where words are to be rehearsed and consequences examined. The hour is hasting on apace when not an idle word shall be forgotten, and miserable indeed will be the apologies which the vain talker will have to offer.

"I stood by the bedside of a dying man. Human objects were growing dim rapidly. It was an awful physical struggle, but gathering his family around his bed he said: 'You observe my fight with death and it makes you weep. But I am happy. I never put any thorns in another's pillow, and there's none in mine now. I have been loyal to Christ, and he is true to me. I am happy.' So I tell you, beloved, it will not be long before you will have this same struggle with death. All the events of the past will come up then, and, if you would avoid thorns in your own pillow, don't put them in another's. So bridle the tongue."

Death of Mrs. Cockburn.

The death of Mrs. Francis B. Cockburn, nee Miss Kate A. Holmes, of West Front street, occurred Saturday afternoon at 2:30 o'clock, at her home after an illness of about ten days. She leaves a husband and three children one of whom was born April 24th, and is doing nicely. Mrs. Cockburn was a sister of Miss Annie Holmes and William Holmes, of West Front street. The funeral services will be held tomorrow afternoon from the house, 963 West Front street at 3 o'clock.

Many New Church Members.

Yesterday morning at the communion service held at the First Presbyterian church two persons were received by letter into membership. At the Grace M. E. church yesterday morning two were received into membership on probation and one by letter. Communion service was also held at the First M. E. church when eight were received into membership.

RUMMAGE SALE IS OVER.

THE NET RECEIPTS WILL BE A LITTLE OVER $1,700.

Small Prices Received for the Articles Sold at Auction Saturday Night.

The Rummage Sale, shouting included, is all over. It was brought to a close with an auction Saturday night. The prices were not high, some $23 being netted during the evening. Auctioneer W. H. Pangborn officiated.

The total receipts will slightly exceed $1,800, while the expenses will amount to about $100 The net receipts of $1,700 will be divided between the Muhlenberg Hospital and the Plainfield Relief Association.

The managers desire to express their hearty thanks and sincere appreciation of the cordial co-operation and generous response to almost every appeal for contributions and assistance. To appreciate the kind donors is impossible, they are so numerous, but special thanks are due J. W. Jackson and W. M. Stillman for the gratuitous use of their stores, the N. Y. and N. J. Telephone Company for a free telephone, the Plainfield Gas and Electric Light Company for light, the United States Express Company and the local expressmen for transportation, and A. M. Griffen for the supply of tags, paper, paperbags and twine used.

Almost every store in town sent contributions. The managers also heartily thank the Board of Health for the daily fumigation and the police Board for adequate police attendance.

TONS OF ROCK BLASTED.

350 POUNDS OF DYNAMITE DID IT IN A SECOND.

Biggest Blast Ever Made by Smalley Brothers—Enough Material to Last Six Weeks.

Upon the invitation of Mayor Newton B. Smalley several Plainfielders visited his stone crusher Saturday afternoon for the purpose of witnessing the largest blast that Smalley Bros. have made since they engaged in the stone business. For a month past workmen have been busily engaged in digging a tunnel through the solid rock and preparing for the great blast. The tunnel was thirty feet in length and a person could walk through it in an upright position. After the tunnel was completed 350 pounds of dynamite were packed in the farthermost end of the opening. Then tons of dirt were thrown in around it and packed as solid as possible. Extending from the explosives were two wires running from the dangerous spot to a point a hundred yards away from the top of the high cliff.

At this point an electric battery was attached and at the proper time the current passed through the wires and there was a heavy, deep sound, followed by a blinding cloud of dust and stone. Instantly the heavy rocks came tumbling down and it was all over. The hole left in the side of the mountain of rocks is fully fifty feet wide and a hundred feet deep. The rocks did not fly upward very much owing to the fact that the dynamite was buried unusually low. The amount of stone removed will be entirely used up in six week, and then another blast will be made. Saturday's blast was very successful and the sight was enjoyed by those present from Johnston's drive, where a fine view was obtainable.

PNEUMONIA WAS FATAL.

Mrs. Tillie Riker Unable to Survive Severe Illness She Was Subjected To.

Mrs. Tillie Riker, aged thirty-nine years, of Central avenue, died yesterday morning at Muhlenberg Hospital, where she was taken a few days ago to be treated for a severe attack of pneumonia. Prior to that time Mrs. Riker was being cared for at her home. Dr. Clawson, the physician, did all that was possible to break the attack, but all treatment failed. Mrs. Riker was the widow of the late Ira Riker, who was engaged in the undertaking business on Central avenue, and after the death of her husband she continued the business. She leaves several children. She was a member of several local lodges, including the Odd Ladies, Daughters of America and Woman's Relief Corps, and was also a member of the State Council, Daughters of America, holding the office of associate vice-councilor.

FIVE MONTHS IN JAIL FOR HUGH O'DONNELL

A Wild Time Caused by the Illicit Rum Sold By Him in the West End.

CITY JUDGE WAS SEVERE.

PRISONERS TOLD OF BUYING BEER OF O'DONNELL.

He Has Been Convicted of Illegal Liquor Selling Several Times—Roundsman Flynn Made the Raid.

There were stirring times at Hughie O'Donnell's on South Second street yesterday afternoon. Wm. J. Sanderson had his cheek cut open with a beer glass wielded by the proprietor. Then Robert Donnelly, just over from Scotland, was hammered with beer bottles and thrown out. He promptly retaliated by breaking in all the front windows with his fists. Hughie and his friends fled when the police came, but Roundsman Flynn captured Hughie ere he got away. The rest escaped. This morning Hughie O'Donnell was sent to the county jail for five months, the heaviest sentence Judge Runyon has yet imposed.

Sanderson says that O'Donnell accused him of insulting Mrs. O'Donnell and that the blow with the glass followed the accusation. Sanderson told the court how he and others were buying beer. O'Donnell, it will be remembered, has been convicted several times of illegal liquor selling.

Donnelly told the court that he, too, was buying beer. His story was that O'Donnell tried to beat him and refused to let him out.

Roundsman Flynn arrived on the scene when Donnelly had begun operations on the front windows and took him away a prisoner. Donnelly's hands were badly cut. He turned Donnelly over to Special Officer Aaron Mattox and went back to the O'Donnell establishment. The house was locked and the inmates had fled.

Flynn pursued Hughie on his wheel and arrested him on South Second street, en route to the Grant Avenue station.

This morning O'Donnell was found guilty of running a disorderly establishment. The Judge sentenced him to pay a fine of $100 and go to jail for 59 days, which is practically five months in jail.

MYSTERIOUSLY MISSING.

Somerville Young Man Has Not Been Seen Since Friday When He was Fishing.

(Special to The Daily Press.)

Somerville, May 7.—Whether he committed suicide, was accidentally drowned or has run away, are three questions which are trying to be solved to explain the mysterious disappearance of Peter Sovolinski, a nineteen-year-old boy residing near Somerville. The missing boy went to the Weston river with Fred Hall, of Somerville, last Friday to spend the day fishing. Early in the afternoon Hall returned home, but his companion decided to remain and fish for the rest of the day. No one has seen him since Hall left him. Yesterday and today searching parties were out trying to find some clew to clear up the mystery of his absence. The searchers found his fishing tackle and a string of fish lying alongside the river, but no trace of the boy could be secured. It is not believed that he committed suicide by drowning or that he accidentally fell into the river and lost his life, but to make sure of this the river will probably be dragged for a considerable distance along where the fishing tackle was found.

Nearly Run Over.

The little daughter of Howard Cooper, blacksmith, of Sycamore street, had a narrow escape from being run over this morning at the corner of Fourth street and Park avenue. She started to cross the street as several teams were passing and became frightened. She backed against the wheel to the carriage of I. N. VanSickel, of Madison avenue, and was thrown down. Her only injury was a bruise on the arm. Mr. VanSickel took the child into a neighboring drug store. She recovered shortly and went home.

Imperial Evolution.

Will be the theme of an address by Rev. Floyd Appleton before the University Centre, in the Assembly room of the High School building on Fifth street tomorrow evening at 8 o'clock. Mr. Appleton is a specialist in sociolgoical questions and his address will be full of interest. The Centre sends invitation to all its friends and to all who are interested in coming questions touching social and national development.

PARK GOLFERS ACTIVE.

PREPARING SCORES ON WHICH TO BASE OPENING HANDICAP.

Large Attendance at the Links Saturday Afternoon—Cold and Windy—Improvements to Course Considered.

Although there was no regular competition scheduled at the Park Golf Club links Saturday afternoon, the course was crowded all the afternoon. The announcement was made Friday that two handicap competitions, one for women and one for men, would be held Saturday afternoon, May 19th, and that three scores must be turned in by next Saturday to form a basis for handicapping. That gave the members something to do and a number of them made two rounds during the afternoon and turned in the scores to the greens committee.

It was cold and the red golf jackets and sweaters of the chilly season were largely in evidence. Most of the regular attendants were on hand with a sprinkling of new candidates for golfing honors. Nobody was in anything like their best form and so no scores of particular excellence were turned in. As usual, Professional Andrew D. Blair turned in the best score. He made a round in 45, in company with W. de la R. Anderson and Morgan T. Townsend. Anderson has had little or no practice so far this season and 56 was his best. Townsend was off his usual form and finished in 58. The wind was stiff and was particularly felt on "Desperation," "Hill Top" and "Home." The course itself was in fine condition, the putting greens showing up particularly well.

Professional Blair is now in complete charge of the course and has done very well. The greens committee and Blair are considering the placing of artificial bunkers on the first, second and fifth holes.

SEWING SCHOOL PRIZES.

Awarded to the Young People of Hope Chapel and Grace P. E. Church.

The closing exercises of the Hope Chapel Sewing School were held Saturday. The entertainment consisted of selections on the phonograph by LeRoy Hallock; recitation by Mary Radford; piano duet by Jessie Chamberlin and Lillie Duckworth, and a talk by Mr. Newell. Then came the presentation of prizes to the following children: Hannah Brandt, Ethel Walsh, Clara Weber, Ruth Kenney, Mary Radford, Alice Murphy, Alice Mills, Mabel Cronce, Hattie Wells, Elsie Rimmer, Gertie Humber, Emma Foster, Jessie Chamberlin, Rose Droll, Edna Cronce, Ethel Terwilliger, Lizzie Marsh, Mabel Farley, Annie Parker, Hedwig Gistman, Mary Mortimer, Mabel Hamilton, Lizzie Corlees, Esther Root, Bertha Jones, Elsie Slorah.

The parents were then invited to inspect the work, which was exhibited in one of the side rooms.

The closing exercises of the Grace P. E. church industrial school were held Saturday at 3 o'clock.

After an address by Rev. Mr. Rodman the following girls were given prizes. First prize for sewing, Sadie Perrine; second for sewing, Catherine Barry; for regular attendance, Josie Mier; for kindergarten work, Mary Nelson; for securing the largest number of new scholars, Etta Trembly.

No New Cases of Fever.

The Board of Health reports today that no new cases of scarlet fever have developed since last week Tuesday, and all the present cases are doing well. This evening at the meeting of the Common Council a report of the condition of the fever and its cause will be presented. The Board of Health will hold their regular meeting tomorrow afternoon at 5 o'clock. This is the meeting that had to be postponed a week ago.

Bad Fall Down Stairs.

Yesterday afternoon at the Sunday-school session held at the Mt. Olive Baptist church, Florence Webster, a young girl, slipped on the stairs leading from the upstairs part to the basement and fell the entire distance. She was taken to a physician's home who learned that the leg was fractured. Proper treatment was given and the girl was taken to her home, where she will be confined for some time.

Interesting Letter to be Read.

A letter from one of the missionaries in the foreign field to the Endeavor Society of Trinity Reformed church will be read tonight at the meeting of the society at 8 o'clock. Visitors are always welcome.

Not Expected to Live.

The condition of John S. King, of West Second street, is such this afternoon that he is not expected to live long. He is suffering with a second stroke of paralysis.

HIGH SCHOOL TEAMS DECISIVELY DEFEATED

Plainfield Boys Lost to Hasbrouck Institute by Score of 29 to 10.

ON MARTINE'S COMMON.

ALIS A. A. WON EASILY FROM NORTH PLAINFIELD HIGH SCHOOL.

Alis Boys Opened Season With Game on Washington Avenue Grounds—Neither High School Team Played up to the Standard.

The baseball teams of the High Schools of both city and borough met with defeat on local diamonds Saturday afternoon. On Martine common, the Hasbrouck Institute, of Jersey City, had no trouble in defeating the Plainfield High School by a score of 29 to 10. On the Washington avenue grounds, the Alis Athletic Association, of this city, opened the season by burying the North Plainfield High School with a score of 19 to 2.

The game that attracted the largest crowd was on Martine common, between the city High School boys and the Hasbrouck team. A fact that made this game of special interest was that Claude Edwards, pitcher last year for the High School, now captains the Jersey City school nine. It was not expected that the Plainfield boys would win but they were expected to put up a better showing than at previous games.

Despite the fact that twenty-two errors were recorded against the home team, there was some improvements in their work. Very few of the errors happened to be serious but consisted largely of fumbled grounders and poor throws to first. Squires pitched a fair game but the opponents were batters and hit him safely fourteen times, three of which were good for two bases and three more for three. He was much steadier than at his first game. Herman caught well at times but was too anxious which proved expensive.

All but two of Plainfield's runs were scored in the first five innings. Some sad errors by the visiting team's it field and four timely hits netted eight runs. Stowell pitched the first five innings for the visitors. While he was never batted freely, his pitching was decidedly wild and he and Edwards, who had been at short, swapped places and the old pitcher went up against his old team. He was never hit safely. A base on balls and a wild throw home by Edwards gave Plainfield its two other runs in the eighth. The visitors made eleven errors.

The local team did good work on the bases. A terrible blunder was made in the fifth when, for lack of proper coaching, Schomp was allowed to run VanAuken off at third Bishop, the Hasbrouck catcher, had the ball and promptly lost his head. He threw the ball to second for no particular reason allowing both VanAuken and Schomp to score. The Mason brothers did the best work in base running. The visitors ran bases fairly well but not so speedily.

The teams batted as follows:

PL'NF'D HIGH SCHOOL.	HASBROUCK INSTITUTE.
F. Mason, lf.,	Horwood, 1b.,
Squires, c.,	Simpson, 3b.,
T. Mason, 2b.,	Stowell, p., ss.,
VanAuken, ss.,	Cross, 2b.,
Schomp, 3b.,	Russell, lf.,
Dow'e, 1b.,	Negus, cf.,
Monihan, of.,	Walker, rf.,
Pond, rf.,	Bishop, c.,
Herman, c.	Edwards, ss., p.

SCORE BY INNINGS:

Hasbrouck	4	2	6	3	1	0	4	6	3	—29
Plainfield	0	2	1	1	4	0	0	2	0	—10

Five innings were enough to effectually settle the fate of the North Plainfield High School team. It was the first game of the season for their opponents of the Alis Athletic Association but the latter played good ball and won easily.

The regular pitcher for the borough school boys, Crite, was unable to play on account of a sore arm. Sutphen took his place for four innings and then DeCamp was substituted in an unsuccessful effort to stop the triumphal career of the Alis boys. Fifteen hits were made by the Alis team.

A hot pace of the Alis aggregation tended to demoralized the high school team. They made more errors than usual and failed to do anything at bat. Blatz and McLoughlin, two of their surest batters, were absent. They only scored twice, once when Thompson threw the ball into the brook instead of the first base and the other time on a combination of small errors by the Alis field.

Dumont pitched a strong game for Alis, striking out seven. Only two hits were made off his delivery. He had good support from the infield. The prettiest play of the game was when Woolston picked up a hot liner,

STEEL AND IRON KINGS AT WAR.

The failure of the compromise programme between Henry C. Frick and Andrew Carnegie forebodes a war in the steel and iron camp. Carnegie's price was too high for Frick; he withdrew from the company and is organizing opposition, with John D. Rockefeller as his chief backer. Frick threatens to erect an entire new plant to oppose Carnegie in the iron and steel market.

To Improve a Road.

Councilman Bracher, of Rahway; Mr. Herman, of Cartaret, and Col. Blanchard Edgar, of Woodbridge, were in consultation last week at New Brunswick with the Freeholders of Middlesex county relative to finishing the macadamizing of the road between Rahway and Cartaret. Only about one mile is needed to complete the thoroughfare. The prospects are that early summer will find it finished.

ALTRUISTIC COLONY.

Work Already Commenced on the Old Belle Meade Stock Farm in Somerset County.

(Special to The Daily Press.)

Somerville, May 7th—Belle Meade, once the handsome 1,200 acre farm of the late United States Senator McPherson, is rapidly being converted into an altruistic factory settlement, for which purpose a corporation was formed several weeks ago, as told in The Press.

John Guild Muirhead, formerly secretary of the Interstate Fair Association, who is president of the company, within the month will take up his residence on the site, and will personally superintend the building of the factories and the homes there.

William J. Robinson, the general manager of the concern, will shortly open an office on the property and will aid in the supervision of the building up of the settlement.

Drs. Josiah Strong and William H. Tolman, who are the head of the New York League for Social Service, will personally look after the social and industrial operations of the colony.

The first factory will be erected within a short period and will be operated by a big New York candy maker, the contracts having already been made. Applications for other factory sites are numerous, and the projectors of the colony are sanguine over the outlook.

Mrs. E. P. Terhune (Marion Harland) will read her paper, "The Clubwoman as a Home-maker." The next number is a piano solo, "Arabesque," Chaminade, Miss Sardie M. Howell.

Mrs. Margaret E. Sangster, of New York, will read her paper, "Poetry of Daily Life," which will be followed by a five-minute discussion.

Pawnee Bill's Wild West.

It is no exaggeration to say that Pawnee Bill's Historical Wild West and Grand Mexican Hippodrome, which exhibited in Buffalo yesterday, was decidedly the best performance given here for many years, without any exception. The performance was fully up to what they had promised, and gave universal satisfaction.—Buffalo, N. Y. Courier.

Pawnee Bill's Historical Wild West. This truly superior organization exhibited here Saturday last, and when we say the performance of novelty and thorough enjoyment were equal to anything of the kind ever seen here, we but voice the universal sentiment of those who attended. The proprietor, Major Gordon W. Lillie, (Pawnee Bill), is a gentleman in every respect, and well worthy of the patronage of the public at large.—Baltimore, Md., Sun.

Pawnee Bill will exhibit in Plainfield next Friday.

Prospectus of the Siegel-Cooper Co.

CO-OPERATIVE STORES, NEW YORK AND CHICAGO.

Profit-Sharing with our Patrons. Co-operation with our Employees.

THE great success attained since 1887 by Siegel, Cooper & Co., has induced and given warrant to the enterprising owners to further ingratiate themselves into public favor by consolidating their **two** mammoth establishments into a co-operative enterprise on a profit-sharing basis. They recognize the tendency of the present age to be in the direction of co-operation of employers with employees, as well as in profit-sharing with patrons. To accomplish this desired condition, a new Company, the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) has been incorporated under the laws of the State of New Jersey with a capital stock of $24,000,000.00, of which $14,250,000.00 is divided into 285,000 shares 6 per cent. cumulative Preferred Stock of $50.00 par value, and $9,750,000.00 into 195,000 shares Common Stock of $50.00 par value.

The charter of the Company provides that, after full dividends of 6 per cent. per annum have been paid on the Preferred Stock, and full dividends of 3 per cent. per annum have been paid on the Common Stock, all additional dividends shall be apportioned and paid on the basis of ⅓ in amount on the Preferred Stock and ⅔ in amount on the Common Stock.

To carry out the plan of Co-operation

with its employees, $2,000,000.00 of the Common Stock has been placed in trust, the annual dividends of which will be distributed among such employees as have been or may hereafter be with the New York or Chicago establishment for a period of three years during their satisfactory continuance in the service of the new Company; such dividends will also be continued and paid to employees for life who, after ten years of service with the new Company, become incapacitated for further employment, thereby practically providing a pension fund for faithful employees in their old age.

To carry out the plan Profit-Sharing

it is proposed by the present owners, who are the owners of all the stock of the new Company, to offer to the public through the undersigned, 200,000 shares (fully paid and non-assessable) of the 6 per cent. cumulative Preferred Stock at par, upon which the full 6 per cent. dividend must always be paid before the Common Stock receives any dividend whatever, the Preferred Stock also having a prior right to all the assets of the Company.

In order to give double assurance to the general public, whom it is desired to interest as Stockholders (instead of Speculators) and who may not be fully conversant with such investments, the money required to pay dividends on said 200,000 shares has been set aside and will remain on deposit with the Central Trust Company of New York, and the Illinois Trust and Savings Bank of Chicago, respectively, to **secure the dividends of 6 per cent. per annum,** payable 3 per cent. semi-annually, for a period of five years, *i. e.*, until July 1st, 1905, on all such Preferred Stock as may be allotted in their respective territories, and each Certificate of Stock so allotted will have an endorsement by said Trust Companies, respectively, to that effect. We thereby offer, we believe, not only an absolutely safe 6 per cent. investment, but one which will without question yield considerably more.

Under no circumstances will any

of the Preferred Stock not so allotted, nor any of the Common Stock, be sold, the present owners having no desire to sell out, but intending to remain with the business; they will therefore not part with any more stock than they believe necessary to fully carry out their plans for co-operation and profit-sharing, as previously stated.

The owners confidently believe that, by inaugurating the liberal policy above outlined towards their employees, they will in return be rewarded by more faithful service, and courteous attention to patrons, the result of which must be beneficial to the new Company as well as augment the continued good will of the public.

Furthermore, it can be calculated to a certainty

that with many thousands of new stockholders exerting their **personal influence** toward the success and welfare of the business, larger patronage and correspondingly greater earnings for the new Company will be assured. It is from the increased benefits and material advantages which these changed conditions are expected to bring about, that the present owners feel confident of better pro rata remuneration on the stock which they retain, and in a measure justifies them in parting with any portion of their interests in an established and exceptionally profitable business.

The SIEGEL-COOPER CO. Co-operative Stores **will take possession Monday, July 2d, 1900,** of the two great department stores of Siegel-Cooper Co., New York, and Siegel, Cooper & Co., Chicago, in their entirety, covering a floor space of over thirty acres, with their millions of dollars' worth of Merchandise, Store Fixtures, Delivery Plants (consisting of many hundreds of Horses, Wagons, etc.), Machinery, extensive Stable Properties, and all the appurtenances required for the complete operation of the two stores, **and also its Palatial Fireproof Store Building and Real Estate in New York City,** which alone represents an asset of many millions of dollars, free of all encumbrances or indebtedness whatsoever, so that the Siegel-Cooper Co. (Co-operative Stores, New York and Chicago) will start its **career without owing a single dollar.**

For the good and sufficient reason of not wishing to divulge the details of our business to our competitors, we present no balance sheet for publication. We do not however, desire to ask our patrons or the public to rely exclusively on our representations, and, therefore, **the money required has been set aside** and will remain on deposit with the above-named Trust Companies to absolutely secure the dividends on all the Preferred Stock to be allotted as stated. Moreover, we allude with pride to the fact that the Chicago establishment has since its inception paid millions of dollars in dividends to its stockholders, and that the New York establishment, while only in its fourth year, is not only doing a larger business than the Chicago store, but is also on a most profitable dividend-paying basis. We can also say for the benefit of subscribers, that **the net earnings** of our two establishments for the past year were **largely in excess** of the amount required to pay the dividends on **all** the Preferred Stock of the new Company.

There will be no change in management,

and the same men who thirteen years ago started the original Siegel, Cooper & Co. store in Chicago (and later its sister-store in New York) and who have achieved a success almost without parallel in modern retailing, have pledged themselves to continue in the management of the business of the **new Company** the same as in the past, and they will deposit with the Central Trust Company of New York, all of their stock holdings for a term of years to secure such pledge.

Subscriptions for the 200,000 shares of the Preferred Stock

will be received in person, or by mail, on blank forms provided for that purpose, by the Central Trust Company, 54 Wall Street, New York, and Siegel-Cooper Co., New York and Chicago, beginning at 10 a. m. Monday, May 7th, 1900, and will continue for a period of **One Week;** the right, however, is reserved to close subscriptions upon one day's notice in the New York and Chicago daily papers. The above Trust Company, for the convenience of our patrons and the public, will receive subscriptions at the Siegel-Cooper Co. store in New York, or at its own office, 54 Wall Street. All subscriptions must be accompanied by **money, check, money order or draft,** payable to the Central Trust Company of New York, to the amount of 20 per cent. of such subscription (equal to $10.00 per share), for which proper receipts will be given by said Trust Company. Notice will be given as soon as practicable of the number of shares allotted to each subscriber, and the balance due must be paid to said Trust Company on or before July 5th, 1900, upon the delivery by said Trust Company of the stock allotted.

In order to subscribe for shares cut out and use this Blank.

NO CHANGE IN CREED

Methodists In Conference Will Adhere to Wesley Doctrines.

OLD THEOLOGY TO BE MAINTAINED

The Report of the Constitutional Commission, Soon to Be Submitted, Makes but Slight Changes In the Book of Discipline.

CHICAGO, May 7.—The report of the constitutional commission to the Methodist general conference, which will probably be presented this week, will call for the continued maintenance of the religion of John Wesley.

The episcopacy may be abandoned and other constitutional features changed, but the articles of religion, the doctrines of the church, are to be retained in their purity. The heretic of the future must leave the church, as he has done in the past, but Methodism will not accept any departure from the theology of the fathers.

The provision for the safeguarding of the tenets of Wesley is found in article 11, providing for amendments. The provision is as follows: "The concurrent recommendations of two-thirds of all the members of the several conferences present and voting and of two-thirds of all the members of the lay electoral conferences present and voting shall suffice to authorize the next ensuing general conference by a two-thirds vote to alter or amend any of the provisions of this constitution excepting section 1, article 10."

The section is as follows: "The general conference shall not revoke, alter or change our articles of religion nor establish any new standards or rules of doctrine."

The report of the commission provides that the constitution shall consist of the articles of religion, general rules and the sections of the general conference. The special advice is not included in the organic law. This omission disposes of the controversy over the second specification, "Let all our people be exhorted to conform to the spirit of the apostolic precept not to adorn themselves 'with gold or pearls or costly array,' I Timothy, xi, 9." The changes in the section of the book of discipline devoted to the general conference are very slight and in the direction of amplification. The commission, anticipating equal lay representation, has incorporated it in the proposed constitution.

Methodist bishops and ministers occupied the pulpits of the Chicago churches of that denomination yesterday. In none of the sermons was there any reference to the questions before the general conference.

Dewey In Tennessee.

MEMPHIS, May 7.—At sunset yesterday an admiral's salute announced the arrival in Memphis of Admiral and Mrs. Dewey. Thousands of citizens and visitors greeted the distinguished couple as they stepped from the special train and were driven to the Peabody hotel. The special train left St. Louis yesterday morning at 8 o'clock and arrived in Memphis at 6:45 p. m. over the Illinois Central. The day's journey had no significant features beyond the fact that at every station en route crowds were present and insisted on cheering the admiral. The celebration in honor of the city's guests began today and extend through Tuesday. Memphis is full of visitors.

Gompers to Oppose Injunction.

NEW YORK, May 7.—Samuel Gompers, president of the American Federation of Labor, attended the meeting of the Central Federated union yesterday and announced that he had come here not to confer with the railroad officials in regard to the threatened strike, as was reported from Buffalo, but to openly defy the injunction granted by Justice Freedman against the striking cigar makers, which prohibits them from picketing or attempting in any way to deter others from taking their places and enjoins sympathizers from giving financial aid for the purpose of continuing the strike.

Gala Day In Berlin.

BERLIN, May 7.—Yesterday, being the third and last day of the festivities in connection with the celebration of the coming of age of the crown prince, fittingly capped the climax. The weather was unusually fine, warm and sunny for early spring. The streets down town were consequently crowded by virtually the entire population of Berlin, including several scores of thousands from outside, moving to and fro in holiday attire.

Bicyclist Laid Up For Repairs.

BOSTON, May 7.—While training behind a motor tandem at the Waltham track yesterday Harry C. Caldwell of this city was thrown 30 feet, landing outside the track and breaking his right shoulder bone. He is now at the Waltham hospital and can do no more riding for at least six weeks. He had four match races already arranged.

A Philippine Appointment.

SPRINGFIELD, Mass., May 7.—Fred W. Atkinson, principal of the Springfield High school, received a dispatch yesterday from Judge William H. Taft, president of the new Philippine commission, announcing that he had been elected by the commission superintendent of instruction in the Philippines.

Good Sleighing In Maine.

NORWAY, Me., May 7.—This section has been visited by a snowstorm varying from half an inch in this immediate vicinity to a sufficient quantity for sleighing toward the north. Some farmers whose early crops were just coming up suffered considerable damage on account of the storm.

The Montpelier Wreck.

ST. JOHN'S, N. F., May 7.—The wreck of the steamer Montpelier is still intact, the weather having moderated greatly within the last 48 hours. It is believed that if the favorable weather continues and powerful wrecking tugs provided the stranded steamer may be floated.

Filipino General Captured.

MANILA, May 7.—General Pantelon Garcia, the highest insurgent officer except Aguinaldo, was captured yesterday by Lieutenant E. V. Smith of General Funston's staff in the town of Jaen, three miles northeast of San Isidro, province of New Ecija.

Weather Probabilities.

Partly cloudy; probably showers and thunderstorms; fresh north to east winds.

Union County Court of Common Pleas

Notice of hearing objections to assessments for street improvements in the City of Plainfield.

Andrew J. Gavett, Robert H. Cook and Arthur T. Gallup, the Commissioners appointed by the Union County Court of Common Pleas by order entered on the 24th day of January, 1900, to estimate and assess benefits conferred by the permanent street improvements in the City of Plainfield, under the ordinances of said City specified in said order, said improvements being the macadamizing of portions of East Sixth Street, Franklin Place, East Ninth Street, West Fourth Street and West Third Street in said City, under and by virtue of the provisions of the Act of the Legislature entitled "An Act to Authorize the Improvements of Streets and Highways in Cities of this State, and to Provide for the Payment of the Expense of the Same," approved June 12, 1896, and the amendments and supplements thereto, having made and filed in the office of the Clerk of said Court, a report in writing of their estimates and assessments, accompanied by a survey and map prepared by the City Surveyor under their direction, showing lot or parcels of land and real estate peculiarly benefited by such improvements, respectively, the cost of the whole work under said several ordinances, the portion assessed upon the City at large, and the names, so far as ascertained of the owners of the said lots or parcels of land and real estate and the amount of the assessment to each owner for each of said lots or parcels of land and real estate for the said benefits, and the excess thereof to be paid by the City at large, and raised by general tax, and the other matters required by said Acts of the Legislature, as by reference to said report and maps will more fully and at large appear:

Notice is hereby given that the said Union County Court of Common Pleas has fixed Saturday, the twelfth day of May, 1900, at ten o'clock in the forenoon, or as soon thereafter as the Court can attend to the same, at the Court House in the City of Elizabeth, as the time and place for hearing any objections that may be made to such assessments, when and where all parties interested may be heard, and has directed the publication of this notice.

Dated April 25, 1900

WILLIAM HOWARD,
Clerk of Union County Court of Common Pleas.

Miss Florence Dodge, of East Front street, has returned from a visit with out-of-town friends.

John Thompson and Alfred Burrows, of the West End, have left for Pittsburg, on business.

Mr. and Mrs. F. O. Herring, of Park avenue, have been entertaining company from out of town.

Miss Addie Weaver, of West Front street, will entertain the Montauk Euchre Club this evening.

Miss J. Louise Jenkins, of West Seventh street, is spending a few days in New York with friends.

Mrs. Brown and daughter, Miss Nellie Brown, of Dunellen, have been visiting Plainfield relatives.

Francis Mortimer, of New York, is visiting his grandmother, Mrs. W. D. Anderson, of Franklin place.

Miss Teddy Scrymser, of Staten Island, is the guest of Mrs. W. J. R. Thiers, of Watchung avenue.

Rev. J. W. Richardson returned from Boston Saturday and occupied his pulpit yesterday as usual.

Charles Annin, of Whitehouse, has taken up his residence in this city, where he has secured a position.

Claude Edwards, of Bayonne, has been the guest of Harold Davis, of Kensington avenue, for a few days.

Henry Creveling, of Escundido, California, is visiting at the home of his sister, Mrs. J. P. Laire, 119 Richmond street.

James Patterson, of West Front street, who has been quite ill for some time past, has recovered and is able to work again.

Mrs. Charles A. Lee, of 50 Grove street, is suffering from a carbuncle, which necessitates the services of a trained nurse.

Israel Jones, janitor of the Park Club, who was severely injured recently by a fall from his wheel, has entirely recovered and is out again,

Joseph Farlee, of Manning avenue, who had his fingers smashed while at work in Pond's, is getting along nicely and will soon be able to resume his position.

William Bawden, of Watchung avenue, has resigned his position at the Pond Tool Works and has taken one with the American Automobile Works, of Jersey City.

Mrs. Henry Scribner, of Pittsburg, Pa., arrived in the city Saturday in response to a telegram telling her of the serious illness of her mother, Mrs. Joseph M. Myers, of East Front street.

On Friday evening of last week John B. Richards, son of Mr. and Mrs. Wm. Richards, of 208 Church street, celebrated the anniversary of his fifth birthday. His parents gave him a present of a phonograph, and he received a number of gifts from friends. There were about twenty-five guests that enjoyed the celebration.

CENTRAL WILL EXTEND BONDS.

Action That Indicates Improvement of Lehigh and Wilkesbarre Co.

The directors of the Central Railroad of New Jersey have proposed to the holders of the outstanding Lehigh and Wilkesbarre 7 per cent. bonds to extend the issue for ten years at 4½ per cent. The bonds whose holders do not assent to the extension at the reduced interest will be paid off at maturity, June 1st next. The outstanding issue is $11,500,000, but of this amount over $6,000,000 is held by the Central Railroad of New Jersey, which also owns more than a majority of the stock, about $6,600,000 of the $9,212,500 outstanding.

No statement of the earnings of the Lehigh and Wilkesbarre Coal Company, or of its operations, has been issued for several years, but the company did not earn the interest due on the bonds held by the public for several years. The deficit was met by the New Jersey Central Company. In 1899, however, the company must have done very well. The Jersey Central, in its report for that year, stated that it had collected in cash a portion of the interest due on the coupons it held. The reduction of interest will benefit the Jersey Central and enable the Lehigh and Wilkesbarre Company to meet the full interest charges.

—Trinity Commandery, No. 17, K. T., will hold a regular conclave this evening.

—A little daughter has arrived at the home of Mr. and Mrs. Frederick K. Fish, Jr., of West Seventh street.

A DAINTY box, an exquisite wrapper, a delicate color, and a clinging fragrance—yet all these will not cleanse the skin! Has it ever occured to you that you pay big prices for these things? Do you care to buy five articles or do you require only one—a strictly pure soap. Remember you pay for perfume whenever you buy it mixed with soap. Don't you think it is wiser to make your own selection of perfume and buy it separately? It is certainly the method adopted by most persons of cultivated taste, those who bathe with pure Ivory Soap.

BUFFALO LABOR TROUBLES.

Erie Railroad Strikers Still Firm. Will Make New Demands.

BUFFALO, May 7.—Resulting from a meeting of the striking car repairers of the Erie railway yesterday a new draft of their demands will be prepared and submitted to Division Superintendent Brum. As told by the strikers, this draft will not be a modification of their original demand for pay at the New York Central scale, but a more perfect formulation, expressing concisely just what they will contend for.

It is believed that the Lackawanna men will make at least one more attempt to negotiate with Master Mechanic Canfield. A reply from the general officers of the Lehigh Valley is expected today, and President De Coursey of the Western New York and Pennsylvania has promised to reach Buffalo Wednesday. The situation is therefore sufficiently tentative to act as a stay upon any radical movement which might have culminated when the time limit of the men's ultimatum expired last night.

It was said by leaders of the striking Erie car repairers that there was a grievance among the yard switchmen of that line, who, on being sounded by their leaders, had expressed not only a willingness but a desire to strike in support of the Erie car repairers and also for their own advantage and to extend the projected movement over the entire Buffalo division of the Erie road.

PARIS ELECTIONS.

The Nationalists Make Great Gains Throughout the City.

PARIS, May 7.—Although it was fully recognized that the Nationalists intended to make a determined fight in all the wards of Paris on the occasion of the municipal elections held yesterday throughout France, it was never seriously contemplated that their efforts would be crowned with such success as is shown by the results, which must be recognized as dealing a serious blow to the Republicans and Radicals.

The results show 50 definite elections in Paris. In 30 wards second ballots will be necessary. The Nationalists have gained eight seats, five from the Republicans and three from the Radicals. The successful candidatets include MM. Gaston-Mery, Galli, Le Pelletier and Barilier.

The Republicans have secured eight seats, including seven members of the old council; the Radicals and Radical-Socialists ten and the Conservatives eight.

In wards where second ballots are necessary the Nationalists obtained the most votes in 11 cases, but the total votes polled by their competitors was higher than the number obtained by them.

TO STUDY OUR METHODS.

President of a Japanese Steamship Line Pays America a Visit.

SAN FRANCISCO, May 7.—R. Kondo, president of the Nippon Yusen Kaisha, one of the leading steamship companies of Japan, has come to this country to make a study of the methods of transportation by rail and water lines. He will visit the Pacific coast centers and then go to New York.

"The building up of trade on the Pacific coast from 1893 to 1898 justifies the prediction," said he, "that the progress of development during the next five years will be greater than ever before. We favor an open door policy in China, and I believe that if we can make a commercial compact with the United States we can control the trade of China. We need capital for the development of our manufacturing industries. If we can get it from America, we can do the rest and make large profits for both countries. Personally I do not believe that there is any danger of war with Russia."

ASHANTIS WARLIKE.

Trouble on the Gold Coast Grows Serious.

TEN THOUSAND SURROUND KUMASSI

Rebels Attack the Fort, but Are Routed With Great Loss—Two Days of Severe Fighting Outside. Re-enforcements Ordered.

LONDON, May 7.—The colonial office has received the following dispatch from Sir Frederic Mitchell Hodgson, governor and commander in chief of Gold Coast Colony, dated Kumassi, April 27:

"The situation, I regret to inform you, has changed for the worse. On April 23 a force was sent to clear the rebel forces to the eastward. Four members of the constabulary were killed, and a large number of the rebels were killed or wounded.

"On April 25 the Ashantis surrounded the town in great force, probably 10,000, and made a determined attack. The Hausas were obliged to evacuate the cantonment and to concentrate around the fort. The engagement lasted four hours. Twenty of our native allies and two Hausas were killed.

"The present occupants of the fort number 358, inclusive of 18 Europeans, six of whom are missionaries. It is necessary that further re-enforcements be sent to the Gold Coast."

Sir Frederic Hodgson, under date of April 30, telegraphed:

"Yesterday a serious attack was made on the fort by the rebels, but they were routed on all sides with great loss. Two members of the constabulary were killed and ten wounded.

"A contingent of Lagos constabulary under Inspector General Alpin has arrived after two days' severe fighting. The column was attacked at Asagu, which was taken, with the loss of one killed and 23 wounded, among them Alpin, slightly.

"On the following day the contingent was attacked two miles from Kumassi by 8,000 rebels. There was great loss in taking the stockade across the road. Several Ashantis there had arms of precision. After desperate fighting the Ashantis fled. Two members of the constabulary were killed and 133 wounded, including Assistant Inspector Read.

"Have been unable to send letters or telegrams through."

Under date of May 3 Sir Frederic Hodgson wired that the rebels were massed eastward and that he had made a demonstration the previous day with two guns, inflicting great loss. One of the native auxiliaries was killed.

The colonial office announces that, in addition to the Lagos constabulary, reenforcements have been sent to Sir Frederic Hodgson from the Sierra Leone frontier police and from the West African frontier police in northern and southern Nigeria.

Robinson, the Circus Man, Dead.

PHILADELPHIA, May 7.—James A. Robinson, well known throughout the country in connection with circuses and theatricals, is dead in this city, aged 50 years. From 1864 until 1889 Mr. Robinson was at various times connected with every circus of prominence in the country as advance agent, the last ten years of his active circus career being spent in the service of Barnum and the Forepaugh circuses. In 1891 he was associated with the late John A. Forepaugh in the management of the Temple theater in Baltimore, and in 1892 he was connected with Forepaugh's theater in this city. Mr. Robinson had made Philadelphia his residence during the last six years.

Mrs. Wilson's Body Arrives.

NEW YORK, May 7.—The United States army transport Buford arrived at quarantine at 8:30 last night from Havana, having on board the remains of Mrs. General J. H. Wilson. They are accompanied by General J. H. Wilson, the Misses Wilson and Lieutenants James H. Reeves and G. S. Turner, aids, and two orderlies. The Buford, after being boarded and passed by the health officers, will proceed to New York, where the remains will be shipped to Wilmington, Del., for burial. General Wilson had nothing to communicate about any arrangements that had been made.

PLAINFIELD, N. J., MAY 7, 1900

Fowler's Benevolences.

Congressman Fowler's benevolences are attracting widespread attention, but in nearly all the newspapers that have noticed the philantrophy of Mr. Fowler the dominant idea seems to be that his charity and free use of cash for the benefit of the public is closely connected with his modus operandi of capturing a renomination as Congressman. In this view the Newark News makes these good natured observations:

If there is anything else that the city of Elizabeth wants in the way of public buildings, monuments, hospital, art galleries, etc., now is the time to let it be known. Congressman Fowler is in a generous mood and Frank Bergen's declination of the Porto Rico Judgeship is not calculated to make Mr. Fowler draw his purse strings together. Not content with the gift of a $100,000 public library, he has announced that he will pay all expenses connected with accepting the two Spanish cannon which the City Council had refused because of the cost of transpo tation and placing them in the veterans' plot at the cemetery. But is Elizabeth alone to benefit from Mr. Fowler's beneficence and his ambition to return to Congress? Elizabeth is not the whole district. Plainfield, Orange and Bayonne are all important and populous cities of the Eighth District, not to mention Rahway, Summit, Westfield, Cranford and Roselle. In showering his favors on Elizabeth Mr. Fowler should not lose sight of the danger of arousing fatal jealousies elsewhere. What will it profit him to capture the Elizabeth delegates if he shall lose all the others?

A setback has been given track elevation in New Brunswick, perhaps even a knockout blow. The Pennsylvania railroad has offered to pay all expenses of elevating the tracks, but has insisted that the city assume all responsibility for all damages to property on account of the change. This the city will not do, and at the last meeting of the Board of Aldermen it was unanimously voted to reject the company's proposal.

In an application for a writ of mandamus in favor of a native Porto Rican confined in a prison at St. Paul the United States District Court of Minnesota has decided that the Constitution of the United States extends in all its provisions over the Island of Porto Rico.

The patent medicine men are going to make a concerted effort for the abolition of the war tax on all medicinal commodities manufactured and sold in the United States.

The Democrats of the Ninth Congressional District in Missouri have renominated Congressman Champ Clark without opposition.

Democratic newspapers in the Fourth district are booming Senator Johnston Cornish, of Warren county, for Vice president.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

Doubtless the Town Committee will recall that part of the trolley franchise that requires the trolley people to sprinkle the streets through which they pass. The people will also bear this feature of the franchise in mind and will expect their executives in the Town Board to see that it is carried out.—Union County Standard.

The Eighth Congressional district comprises, Orange, with four wards, Bloomfield, Montclair, West Orange, South Orange, Vailsburg, Irvington, Clinton, Milburn, Livingston, Caldwell township, Verona, Glen Ridge, Franklin and Belleville, in the county of Essex; Elizabeth, twelve wards, Plainfield, Rahway, five wards, Clark, Cranford, Fanwood township, Fanwood borough, Linden township, Linden borough, New Providence, Mountainside, Roselle, Springfield, Summit and Union, three wards, Westfield, two wards, in the county of Union; and the city of Bayonne, five wards. Two years ago, Fowler's (Rep.) vote was 9,240; Snyder, (Dem.) 6,797; Davis, N. P., 215, and Campbell, S. L., 525. Republican plurality in Union county, 2,443; in Essex, 4,469; Democratic plurality in Hudson, Bayonne, 459.—Bayonne Herald.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

Nine volumes of newspaper clippings of the daily reports of the Molineux trial have been prepared for the attorneys for the defense. Each volume has 200 pages and each page is a foot long and three columns wide, which makes a total of 4,082,400 words, or a strip a column wide and over a mile in length.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

The Hazel Wood Repertoire Company will begin a three nights engagement at Music Hall next Thursday night. The opening bill will be the sensational comedy-drama, "Down the Slope," to be followed Friday night by Augustus Thomas' beautiful war play, "Surrender." The engagement will end Saturday night, with "The Cannon Ball Express." The company is headed by the well-known comedian, Scott Raymond, and includes besides several names well-known to the dramatic and vaudeville world. Many pleasing specialties will be introduced between the acts of the various plays, making the performance a continuous one. This will be the last repertoire company of the season. Popular prices prevail—10, 20 and 30 cents and Thursday night ladies will be admitted for 15 cents with best reserved seat, if secured of box office before 6 p. m., Thursday.

DEATH OF W. C. ENDICOTT.

Former Secretary of War Under Cleveland Succumbs to Pneumonia.

BOSTON, May 7.—Hon. William Crowninshield Endicott, secretary of war under President Cleveland's first administration, died at his residence, 163 Marlboro street, last night of pneumonia at the age of 73.

Although Mr. Endicott's system had been somewhat enfeebled by an attack of the grip from which he suffered last winter, he had been in apparently good bodily health up to last Wednesday, when he took his customary drive. Shortly after he was taken ill and pneumonia developed, the disease reaching its most acute form Saturday evening, at which time it was feared by Dr. Morton Prince his attending physician, that the patient could not live through the night. He rallied slightly, however, but during Sunday his respiration gradually grew weaker, and about 5 o'clock he passed peacefully away. With him at the time were his wife and his son, William C. Endicott, Jr.

The funeral arrangements have not yet been determined, except that the funeral will be private and that burial will be in Salem. Mr. Endicott's daughter, the wife of Hon. Joseph Chamberlain, the English secretary of state for the colonies, was notified by cable of the sad event.

Mr. Endicott had resided in this city for the past four years, having a summer residence in Danvers, Mass. Previous to that time his home was in Salem, where he was born in 1826 and where in 1854 he married Ellen, daughter of George Peabody, the well known philanthropist.

Alabama Republicans Fight.

BIRMINGHAM, Ala., May 7.—A fight took place at the Fifth district Republican convention, held at Dadeville, Talapoosa county, between Deputy Revenue Collector King and his brother, Neely King of the Bingham faction, and Postmaster James Howle of the Vaughan faction. Neely King was shot and probably fatally wounded. Eighteen or more shots were exchanged and great excitement created. Howle was arrested, but later released on $1,250 bond under habeas corpus proceedings. Separate conventions were held and two delegations to the national convention selected.

Close Call For Jones.

CHICAGO, May 7.—A thrilling experience of the kind that is frequent in melodramas, but rare in real life, befell Charles Jones of Oak Park. He was thrown in front of a fast mail train by two highwaymen, whom he was resisting. He crawled quickly from between the rails, rolling down an embankment to safety not a second too soon. The pilot of the locomotive as it sped past grazed his body, and the exhaust steam from the engine's side scalded his face and hands. Otherwise he suffered only bruises and a severe fright.

Porto Rican Commerce.

WASHINGTON, May 7.—The division of customs and insular affairs, war department, has made public the advance sheets of its monthly bulletin on the commerce of Porto Rico for the six months ended Dec. 31, 1899. During the six months named the total value of merchandise imported was $5,254,712, divided as follows: Articles of food and animals, $1,667,035, or 32 per cent of the total; manufactured articles, $2,110,681 or 40 per cent. The total exportation of merchandise during this period amounted to $2,345,980.

"THE PEOPLE'S STORE."

People of good judgement who want honest, reliable, new, fresh and up-to-date goods, naturally gravitate to our store 10 years of storekeeping prove to us in a most convincing way that good goods sold on fair margins are bound to attract trade Our phenomenal success in this city we are able to trace to this and the fact that our establishment has a peculiar freshness, originality and charm about it which places it at once far above the average Department Store. Never before was it quite so well filled, better arranged and more generally attractive. Summer goods are being given prominence at present and your attention is respectfully called to a few items which are already in demand.

Japanese and Chinese Mattings.

These goods we buy of Arnold, Constable & Co., the largest importers of GOOD MATTINGS in this country. Our patterns were all selected while the goods were still on the water and are exclusive. The goods are bright, smooth and thoroughly reliable. A more attractive line is shown by no carpet store. If interested we shall esteem it a pleasure to show them. Grass Twine Matting is a new floor covering and is selling well. It is made of long wire grass woven with colored cotton warp, making a most serviceable and attractive summer carpeting. Piazza Mats in a variety of sizes are also made in the same way.

IN OUR BASEMENT.

Under new management our Basement is becoming more attractive than ever. Filled to overflowing with Summer goods of every description—Visitors are sure to find something to meet their requirements. Brooms, scrubbing brushes, mops, pails, clothes baskets, clothes lines, feather dusters, carpet beaters, whisk brooms, wash boilers, wash tubs, rubbing boards, ironing boards, clothes horses, towel racks, nickle bath room fixtures, etc,, in endless variety.

"STRANSKY" Steel Enameled Ware.

Stransky Enameled Ware is the best granite made. It is made in Germany. The body is fine grade steel and is treated with four coats of enamel, each coat being burnt on separately. Each piece is warranted for 5 years. It is unquestionably the most durable, the most cleanly, the most attractive and in the long run—the cheapest granite ware made.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN

(Special Correspondence to The Press.)

Dunellen, May 7.—Two young boys, one about sixteen and the other nine years of age, wandered into the depot yesterday and told a rather weird story of running away from an orphanage in Orange, and said that they wanted to get back again. Upon being questioned by Charles English, the older boy continually contradicted himself, but the other one told a pretty straight story and Mr. English decided to take him to Newark with him on the 6:59 train. The other lad said nothing but as the train drew out he made a spring for the platform and got on. He was also taken to Newark and if their story is true they will be sent to Orange.

An exciting game of ball was played on the Lincoln avenue grounds Saturday between the Dunellen High School team and the New Brunswick High School nine. The visiting team proved too much for the local nine, however, and the Dunellen boys were defeated by a score of 8 to 5. The batteries were: Dunellen, Auten and Fletcher; New Brunswick, Rastalle and Ross.

The Brunswick Traction Company decided to show a little appreciation of Dunellen yesterday and put one of the large new cars on the borough line. It came in very useful as every car was crowded.

The Woman's Missionary Society of the Presbyterian church will hold a meeting in the chapel tomorrow afternoon at 3:15. A lecture on Hawaii will be given by Mrs. Milligan, of Plainfield.

For the first time in a number of years a love feast was held in Dunellen yesterday at the Methodist church. The regular Communion service was held at 1:30 a. m.

The household and farming goods of the late Sarah E. Vail were sold at auction Saturday at the homestead on Greenbrook road.

Lud Frazee has about completed the painting and decorating of Gray & Garretson's new office.

The Crokinole Club was very pleasantly entertained by Mrs. Carpenter Saturday evening.

Lester Meseroll addressed the missionary meeting of the Methodist church yesterday.

Rev. Frank Fletcher again occupied the pulpit of the Baptist church last evening.

A May walk was held at Washington Rock yesterday by a society from Newark.

Miss Edna Richter, of Roselle, has been visiting friends in the borough.

Rev. Henry Ketcham preached at the Presbyterian church yesterday.

The Borough Council will hold their regular meeting this evening.

Thomas Thomas is home from Princeton for a few days.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 7.—It was expected that Rev. G. M. Shott, of the Baptist church, would make a stirring prelude at his service Sunday morning on the battle fought at Elizabeth Saturday. Mr. Shott disappointed those who were looking for an outbreak by passing the matter by without referring to it whatever.

Several of the flags in town are raised at half-mast as a tribute to the memory of the late George Kyte, who has served the township and people so faithfully in the past, in the offices to which he had been elected. The "cake-walk" arranged by the Fanwood Club for Saturday evening was postponed, out of respect to Mr. Kyte.

If the Sunday business on the trolley keeps on increasing by the time summer comes the company will need to run cars every five minutes to accommodate the public.

Fanwood Council, R. A., held a special meeting in their rooms Saturday night to take action upon the death of their brother, George Kyte.

Charles Bettman, of Fanwood, led the young people's meeting in the Baptist church last evening.

Mrs. Nancy Wilcox, of East Front street, has recovered from a severe attack of rheumatism.

Mr. and Mrs. John B. Stiliger, of Roselle, spent Sunday with Mr. Stiliger's parents.

Landlord Emery entertained a large number of wheelmen at dinner yesterday.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 7—The Citizens' meeting to nominate seven Commissioners for the ensuing year was held at the Engine House Saturday night. John E. Wehrly called the meeting to order and F. A. Pope was chosen chairman and Squire E. W. Farley, secretary. Treasurer W. H. Taylor read his report of the receipts and expenditures for the past year. The report was published in the town papers and referred to the following committee to audit: James Brown, Jr., James A. Mets, Jr., and Albert A. Lance. A resolution was passed directing the chairman and secretary to draft resolutions protesting against the removal of the flagman at the Middagh street crossing. F. A. Pope presented resolutions, signed by leading citizens, increasing the pay of the policemen from $40 to $50 a month, and directing that $500 additional be raised for this purpose, the matter to be voted on at the election for Commissioners. The resolutions were adopted without a dissenting vote. The sum of $2,500 was voted for street lights. Treasurer Taylor stated that there would be a deficiency of about $4,000 in the sewer fund, and it was resolved to raise $1,000 of this amount this year. John H. B. Speer and W. H. Cawley, Jr., were appointed tellers. Nominations for seven Commissioners were then called for and the following were then placed in nomination: James J. Bergen, William H. Taylor, John Germent, J. B. Osbourn, A. G. Anderson, John Hardgrove and Charles A. Houston. There being no other nominations the secretary was directed to cast the ballot for these gentlemen. The above-named are all members of the old Board, with the exception of Mr. Houston, who was named to fill the vacancy caused by the death of John H. Lord. The election will be held this afternoon from 4 to 7 o'clock.

The congregation of the Second Reformed church worshipped in an edifice free from debt yesterday morning for the first time in years, and Rev. Dr. E. G. Bead, the pastor, tore in two before the congregation a note for $12,000, which had been paid off during the past week, and which wiped out every dollar of indebtedness on the church. Mr. Read gave a history of the building of the present edifice, which cost $70,000 and was dedicated six years ago with a debt of $22 000 on it. That this debt should have been wiped out in six years seems marvelous, after hearing the statement made yesterday morning by Mr. Read, that there was not a member of the congregation worth $100 000 and that no large sums had been contributed. The money had been made up of small sums from the many. The church has over 600 members. The new quartette choir sang for the first time and gave great satisfaction. It is composed of Miss Kate Opdycke, soprano; Mr. Naylor, tenor; Mrs. H. W. Reusswig, alto, and H.W. Reusswig, basso. Miss Opdycke sang a solo, which was universally praised. At the evening service Dr. Read gave a resume of the work of the Ecumenical conference recently held in New York, and to which he was a delegate. His account was most interesting. Large audiences were present at both services.

A. P. Demaray went fishing last week at the headgates above Raritan and had the misfortune to haul out an Oswego bass, just as Fish Warden George H. Miller appeared on the scene. The Fish Warden invited Mr. Demaray to accompany him to Squire Sutphen's office, and the latter required the unlucky fisherman to cough up $20 for catching bass out of season.

John A. Logan, Jr., of Somerville, has bought the Vortman House at Kenvil, and will have with him as assistant William R. Courter, formerly proprietor of the Mansion House at Montclair and the American House in Bloomfield. Both Mr. Logan and Mr Courter are well known in hotel circles.

The Brotherhood of St. Andrew will have a measuring party at Mrs Camman's, at the head of New street, Thursday night May 17th.

Mrs. H. W. Reusswig and son returned on Saturday from Groveneur, N. Y.

Mrs. F. M. Tait has gone to visit her parents at Catasauqua, Pa.

Clarence Leek has been visiting at Morristown.

WESTFIELD.

(Special Correspondence to The Press.)

Westfield, May 7.—The Westfield Township Committee has accepted the bid of the Suburban Electric Company for furnishing street lights. The number of lights to be furnished is 230 incandescent and two arc lights. The incandescent lights are to cost $15 per year, and the arc lights $110 per year.

New Jersey Physician Dead.

TRENTON, May 7.—Dr. John Stockton Hough, a retired physician and one of the best known men in New Jersey because of his activity in all movements for the securing of good roads, is dead at his home in Ewing, near this city. Dr. Hough's death resulted from injuries which he received about a week ago by being thrown from his carriage in a runaway. His spine was injured. Dr. Hough was 54 years old and was a graduate of the University of Pennsylvania.

Prominent Lumberman Dead.

SUNCOOK, N. H., May 7.—Moses W. Lancey, a prominent lumber dealer and well known citizen of Pembroke, died while on a trip in the lumber district. Death was caused by heart disease. Searching parties found his team during the night, but the body was not found until yesterday. He was 65 years of age and had filled various offices in the gift of his town.

WOMEN'S TAILORED SUITS, $9.00.
A most popular lot and deservedly so. You could't buy the materials for the price we ask for a complete suit ready to step into and wear if you like. All the worry skipped and a nobbier, better fitting suit than nine dressmakers out of ten would make for you. Materials are cheviots and homespun. Jackets are fly front or tight fitting and silk lined. Skirts are the newest shape and are lined with percaline. Other stores ask 12.00 to 16.50 for no better.
SHIRT WAISTS AT 98c.
Materials are good quality lawns, percales, ginghams and madras in new effects. Some are trimmed with pretty patterns of insertion, others are tucked yokes. All are made with the new French yokes and beautifully finished, about twenty different kinds. You have paid 1.25 and 1.50 for no better waists.
WASH GOODS AT 15c per yd.
The materials are Scotch dimities, foulardines and fine lawns. The range of colorings and patterns is very extensive and many of the effects are entirely new. This is a most worthy collection. Other stores ask 18c for precisely the same goods.
Save your cash purchase checks and when they amount to $25.00 bring them to us and we will give you one dollar's worth of merchandise in any part of the store.

A truck farmer, living in Owen, Indiana, describes an afflicted condition with which almost every one will sympathize. "I want to thank you," he writes, "for the good that Ripans Tabules have done me. I had been all run down for a year and could not build up on account of imperfect digestion and assimilation. I had tried various remedies without relief until I was thoroughly discouraged. My father, who had used the Tabules with good results, recommended them to me, but I had so little faith in anything, that he had to insist several times before I would try them. Finally I got a package and my improvement was both rapid and sure from the first. I shall keep them on hand hereafter for emergencies, and shall take pleasure in recommending their use to any one who may be similarly afflicted."

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. MANIA FOR SUICIDE.

It Seems to Be on the Increase All Over the Country.

Remarkable Story Reported from Newton, Mass.—Self-Destruction a Crime Against Human and Divine Law.

[Special Boston Letter.]

THE ever-increasing number of those who take their destiny in their own hands and anticipate the regular progress of the ways of Providence is attracting attention to an extent unthought of heretofore. The crime of suicide is one over which civil law seems to have no jurisdiction. The only transgressor who can in any way be reached by its penalties is he who has failed in his attempt to rid himself of his material body, and punishment for failure to commit murder, even on one's own self, seems rather a travesty of the purpose for which our laws are enacted.

The insurance companies are endeavoring to wrestle with the problem with varying success. If they refuse to pay claims in the case of those who have taken their own lives it will no doubt serve as a check and the privation of their beneficiaries be only another case where a few suffer for the general good. But it will hardly stop the evil, for there is a sickly, self-pitying sentimentality in a person who rushes out of life before his time even when he thinks his act is to result in benefit to those whom he leaves behind. The shock and disgrace as well as sense of personal loss cannot be counterbalanced by any pecuniary benefits accruing to bereaved families.

Again, if a person has dishonored himself in any way it is much better for his associates if he remain and share the sense of reproach with, perhaps, a chance to redeem himself, than if they are left to bear the trouble alone.

In fact, there is no case where suicide is not a cowardly shirking of responsibility, except where he who commits it is insane. There are plenty who will say that no one ever voluntarily departed this life while not unhinged mentally, but there is no good reason for making any such assertion.

There are morbid, selfish people whom we meet every day, and never consider in other than a rational condition, who constantly contemplate taking this step. By a few minutes' skillfully turned conversation one may be easily convinced of this fact. A well-known civil engineer in Chicago went cheerfully home from a theater a few nights since and shot himself. No motive could be discovered. Two other suicides were reported in the same column of the paper which announced his death. The daily journals contain a constantly increasing record of such casualties to which we are becoming too well accustomed. Reports of suicide clubs are springing up all over the country. Cannot something be done to awaken public sentiment against such crimes, the example of which is so demoralizing?

Perhaps the most extraordinary of all the local disorders of this kind is the series of self-murders which the press reports from the eminently respectable town of Newton, Mass., one of Boston's most aristocratic suburbs. How could anyone so favored as to locality forget his privileges so far as to shorten by one hour the period of his stay so near the center of the universe? Within a few years, nine young people, nearly all graduates of the Newton high school, have committed suicide. All were intimately acquainted, and nearly all sought death by the same method—shooting themselves through the head. Of course, all this has suggested a suicide club, and the question as to how many existing members are to pass from this life self-ushered victims of some terrible vow. It seems incredible that so many, each of his own volition, and for no apparent reason, should seek such an untidy death. It is possible that the power of suggestion may have been very strong, and the first break in the tie of close companionship so distressing that constant reflection and conversation over the incident may have induced a state upon the others from which they were unable to escape. It is to be hoped that the spell, whatever it may be, is now broken.

There are those who blame Robert Louis Stevenson for all this disturbance, but this seems certainly very unjust. That Stevenson should have a worse effect on Newton than on any other good old town does not augur well for Newton. Frank W. Adams, who was the last of the victims, and who a few days ago at his parents' home blew the top of his head off with a shotgun, is said to have been a great admirer of Stevenson, of whose works his favorite was the "Suicide Club." He was 30 years old. After graduating at the high school he was a student at the Massachusetts Institute of Technology, then joined his father in a well-known business. His life was irreproachable and, so far as his family know, he had no unhappy love affairs. He simply shot himself when the time came, with no apparent reason, and his mother found the body in the morning. His chum, "Billy" Mendell, shot himself about two years ago after reading Stevenson's works all the day before. He had business troubles. Not so, however, was the case of a friend of these two, George Trofitter, who two months before had shot himself through the head. He was a well-known society man in Newton, of excellent reputation. The reason assigned to his act was a quarrel with his fiancee, who subsequently married a wealthy sugar planter, and now resides in the Hawaiian islands. Another of this singular circle of friends was Fred Moorhouse, the handsomest man in Newton. He filled an excellent business position, his father is very wealthy, and the lady to whom he was engaged, a beautiful girl, had her marriage trousseau prepared. Moorhouse returned home from a business trip in the west, kissed his mother affectionately, went to a room in Young's hotel, in Boston, and blew his brains out. The death of J. H. Markham is said to be much like that of those already mentioned, although it was reported by his family as the result of an accident. He shot himself through the head while on a voyage from New York to Liverpool. John Dobbie, Moses Crane and Fred Codsoe all shot themselves through the head, and no reason could be discovered for their doing so. The last name on this sad list is that of a young girl, Marjorie Howard, also a member of the Newton high school, who threw herself under a locomotive at the Faneuil station of the Boston & Albany railroad in the spring of 1899.

FOUR VICTIMS OF AN ALLEGED "SUICIDE CLUB" IN NEW ENGLAND.

Spring is said to be the time of year when suicides are most often attempted. They outnumber the marriage licenses issued. A well-known physician states that there are twice as many suicides in the spring as at all other seasons combined. There are also more divorces and a less number of marriages at this time. Summer is the season when the greatest number of the latter occur. During 20 days this spring nearly 400 persons are said to have attempted suicide in this country because of disappointment in love. Politics is thought to be a great factor in furnishing motives for this crime.

If morbid people could be induced to spend a greater amount of time each day in thinking of something besides their own affairs, their egotism, which is, after all, the worst characteristic of many of them, would shrink somewhat in its proportions, and new interests in the things of this present life be substituted for gloomy, selfish retrospect. When one considers that nothing is gained by rushing off into another state of existence before being ripe for it, it is hard to understand how people can take such a step. We know pretty well what we have to expect in this life, but there is no reason for believing that we shall improve our condition by seeking another—uncalled; or that our minds will be in a happier condition without earthly bodies in which to reside until the proper time arrives for leaving them. EDWARD JULIAN.

BOERS FORCED BACK

Roberts Reports Progress All Along the Line.

SEVERE FIGHTING AT MANY POINTS

General Hutton's Mounted Infantry Crossed the Vet River Under a Galling Fire—General Hamilton Occupies Winberg.

LONDON, May 7.—Lord Roberts is making better progress than any one had dared to hope and is meeting with success at all points. The only news of the actual occupation of Winburg is the incidental reference to it in the dispatch from Vet river describing General Pole-Carew's operations, but as the latest news of General Hamilton's operations, dated Saturday morning, was that he was then preparing to force the difficult passage over Little Vet river, on the Bloemfontein-Winburg road, there need be no doubt that the news of the occupation is accurate.

The Boers, following their customary practice, had evacuated their positions on the Vet river during Saturday night. As Lord Roberts, advancing along the railroad, and General Hamilton, 20 miles to the east, threatened the two wings of the Boer forces it would not be surprising to hear that they had also evacuated Winburg.

General Hamilton's advance will prevent the Boer forces in the direction of Thabanchu joining their main army near Winburg.

General Rundle on Saturday had arrived in pursuit of the Boers seven miles north of Thabanchu, compelling the Boers to retire in an easterly direction.

The war office has published the following dispatch from Lord Roberts, dated Vet River, Saturday, May 5:

"I marched here today with Pole-Carew's division. Headquarters and Wavell's brigade of the Seventh division are two miles in the rear. Maxwell's brigade of the same division is the same distance to our right.

"The enemy are in considerable strength on the opposite bank of the river. Our guns engaged theirs for some three hours without our being able to force a passage of the river, but shortly before dusk the mounted infantry, under General Hutton, turned the enemy's right and in a very dashing manner pushed across the river under heavy shell and musketry fire.

"We are now bivouacking for the night within three miles of Vet river. Our casualties, I hope, are not numerous.

"Hamilton was in action yesterday and succeeded in preventing a junction of two Boer forces by a well executed movement by some of the Household cavalry, the Twelfth lancers and Kitchener's horse, who charged a body of the enemy and inflicted serious loss. The enemy fled, leaving their dead on the field and their wounded to be attended by our doctors.

"Macdonald's highland brigade dislodged the enemy on the right flank under cover of the naval guns, in which operation the Black Watch distinguished themselves and were very skillfully led.

"Hamilton was advancing this morning to a difficult drift over the Kleine Vet (or Little Vet) river.

"Hunter reports that Barton's brigade was heavily engaged this morning two miles north of Rooidan. The enemy's position was quite four miles long and strongly held. He stated that our men marched magnificently and carried ridge after ridge in grand style.

"Casualties in this force, in Hamilton's and Hunter's will be reported as soon as possible.

"Captain Miller, who was taken prisoner near Thabanchu, has been sent to Rundle's camp by the enemy with a severe wound in the abdomen.

"Brabant reports that one sergeant and three men were captured on May 2 while on patrol and that one of them, who had been brutally ill treated and left for dead by the Boers, was found the following day.

"Lieutenant Lilley, Victoria mounted rifles, reported missing, was found at Brandfort dangerously wounded and has been most carefully attended by the Netherlands ambulance."

A DAY'S FIGHTING.

General Barton Encounters the Boers at Rooidan.

WARRENTON, May 7.—On Saturday General Barton drove from 2,000 to 3,000 Boers from hilly positions at Rooidan, where they awaited them. They retreated after stiff fighting, leaving a number of dead on the field. The British casualties were slight. General Barton is still pursuing.

Windsorton and Klipdam have been evacuated.

General Paget's brigade is attacking the Boer position at Warrenton.

The engagement Saturday was severe and lasted from 9 in the morning until 4 in the afternoon. More than once the British infantry were obliged to engage the Boers at close quarters, and the Boers only retired when their retreat was nearly cut off.

The British losses were five killed and 25 wounded, mostly Welsh fusileers. The British took a batch of prisoners, including the Swedish ambulance, which they allowed to return. The Boers in their hurried retreat left 13 dead.

Yesterday General Paget made a strong demonstration against the Boer position east of the bridge, thereby preventing Boer re-enforcements going to assist in checking General Barton's advance.

AN ARTILLERY DUEL.

Hutton's Men Capture a Kopje—Boers Flee In the Night.

VET RIVER, May 7.—General Pole-Carew started at daybreak Saturday on a 19 mile march. He first came into contact with Boers holding the river at 1 o'clock p. m. The British soon had two batteries in action, and later they added two naval 9 pounders, two 4.7 and 5 inch siege guns.

The Boers fired with great accuracy, and the duel continued unabated, with a terrible din, until sunset, and even later there was desultory firing. It is marvelous that nobody on the British side was injured.

General Hutton started early to find the drift on the west. When this was discovered, it proved to be strongly held and protected by two guns. The British speedily engaged the Boers, who enfiladed the dismounted firing line with a Maxim, but General Hutton pushed forward his own pompom and a galloping Maxim and forced the Boers to leave the river bed.

The encounter was terribly hot. Late the whole British force crossed the river, threatening the Boer right.

The Boers must have received about the same time the news of General Hamilton's occupation of Winburg.

About sunset a detachment of 26 Australians who had crept unseen toward the river bed found themselves near a topje occupied by the Boers. After firing they fixed bayonets and charged, capturing the kopje. All was done on their own initiative.

Thus night fell. Early Sunday morning it was discovered that the whole Boer force had fled.

General Hutton during the night got two squadrons to blow up the line near Smaldeel. The British discoverd at every hundred yards along the railway concealed small packets of a high explosive. The Boers had destroyed three bridges over spruits between here and Brandfort, but in every case it was possible to make a detour.

The Boers appear to be fighting with much less spirit. It is reported that they are commanded by General Lucas Meyer.

The bridge over the Vet river is completely destroyed.

General Hutton captured a Maxim and took 12 prisoners.

Rundle In Pursuit.

THABANCHU, May 7.—General Rundle, who has been pursuing the Boers with the Seventeenth brigade, two batteries and contingents of the yeomanry and mounted infantry, succeeded in reaching them with his artillery and forced them to leave their positions. The yeomanry are making a long detour in pursuit. The result is not yet known here.

CHOLERA IN INDIA.

This Dread Disease Attacks the Starving Millions.

LONDON, May 7.—With more than 10,000,000 people suffering from famine and pestilence, cholera, leaving death in its wake, now has broken out in stricken India, and 50 are dying daily among the natives on the famine relief works at Viramgaon.

The addition of cholera to India's woes brings the pitiful condition of that country more than ever to public view.

About 93,500,000 persons—for this is the population of the districts affected—are sweltering their squalid existences away amid pestilence and misery that show no signs of abating. Hundreds of thousands of pounds in good British gold, good German marks and American coin have been thrown into the country; but, judging from the latest advices, all this charity merely is a drop in the ocean.

The famine and its attendant complications appear to exceed in virulence any two previous visitations.

In the meantime the native states are clotted with heaps of dead and dying, and the roads are crowded with ghastly bands seeking to escape from the stricken territories, but who, for lack of food and water, mostly succumb in the attempt. One of the most hopeless features of the whole affair is contained in the statement of a special correspondent in Simla, who writes:

"Ten times the total relief could be paid out in a single district without fully relieving its distress. All we can hope for is a succession of good years to put the people on their legs again."

A DOZEN TORNADOES.

Many Towns In Kansas Suffer Loss of Life and Property.

KANSAS CITY, May 7.—No less than a dozen tornadoes of more or less severity are reported to have occurred yesterday afternoon in Saline, Ellsworth and Barton counties in central Kansas, which join each other. At Ellinwood, Barton county, three persons are reported killed.

Other storms are reported near Ellsworth and Kanopolis, in Ellsworth county, and near Brookville, in Saline county. Near Kanapolis eight distinct funnel shaped clouds developed within a radius of 20 miles, four of them large ones and two of which are known to have traveled over the earth for a space of 25 minutes. One of the storms tore down all of the outbuildings, granaries and windmills on the Waite farm, three miles north of Kanapolis, and another tore down the house and barn of a farmer north of Ellsworth.

Brookville reports that six tornadoes traversed the county in as many different directions from that town without touching it. In no instance are details reported. The destruction wrought has probably been off the railroads at inaccessible points.

Colombian Government Alarmed.

KINGSTON, Jamaica, May 7.—News received from Colombia by the British steamer Atrato, Captain Powles, says the Colombian government is considerably exercised over a report that the rebels have purchased a torpedo boat from Germany and expect soon to attack Sabanilla, department of Bolivar, near the mouth of the Magdalena river. The Sabanilla merchants are said to discredit the rumor, but the other inhabitants are much alarmed. Captain Powles, who left Cartagena on May 2, says the town was not then in the hands of the rebels and that Colon was quiet, although a serious water famine prevailed there.

The Revolver Tourney.

NEW YORK, May 7.—Preliminary practice has begun in earnest for the Franco-American team revolver match which is to be shot in New York and Paris between June 1 and 20, the results to be announced by cable. Crack shots in St. Louis, Chicago, Pittsburg, Philadelphia, Baltimore and Boston are beginning to send in their scores for approval by the executive committee of the United States Revolver association of New York.

Murderer Arrested.

NYACK, N. Y., May 7.—John Garrabrant, aged 19 years, has been arrested at West Nyack for killing Henry Hayes, aged 16, with a slungshot in Jersey City Saturday afternoon. He was taken down to Jersey City by officers from that city. To Justice Whyard, in Nyack, he made a full confession, saying he killed young Hayes because the latter had told a lie about him to get him out of a job.

Boy Accidentally Shot.

ELMIRA, N. Y., May 7.—While Raymond Corey and Clarence Gray, boys 10 years of age, were playing with a gun at North Cohocton the weapon was accidentally discharged, the bullet entering one of Corey's eyes, killing him instantly.

Great Damage by Floods.

DENVER, May 7.—According to the most conservative estimate, it will take two weeks to repair the $200,000 damage wrought on the roadbed of the Colorado and Southern railroad in Platte canyon by the recent floods.

PAPER HANGING
is what we make no charge for. You pay for the materials and the labor—nothing more. Our paper hangers are men who "KNOW HOW" to measure a room—"KNOW HOW" to size it—"KNOW HOW" to cut, match and hang the paper. They know their business. Its good policy to intrust your work in our hands—we'll see that you get a good job That's what you want; that's just what you'll get if we do it. You can surely find just what you want among our many choice patterns—all the very latest styles.

An ordinance providing for the construction, re-laying, repairing and keeping in repair of sidewalks on certain streets, roads, public places, and sections thereof, of the Borough of North Plainfield.

Whereas application in writing for such improvement, describing the nature, kind and extent of the work or improvement desired, signed by at least ten Freeholders of the borough of North Plainfield, residing therein, was duly presented to the Mayor and Council thereof, at a regular meeting, and followed by notice, consideration and all the formalities required by law, and no sufficient objection presented or appearing to the contrary, and the Mayor and Council deeming such ordinance proper and necessary:

Therefore, The Mayor and Council of the Borough of North Plainfield do enact as follows:

Section 1. That sidewalks on both sides of all and every the streets, roads, public places, and sections thereof in the borough of North Plainfield hereinafter particularly mentioned, viz: Somerset street from centre of Green Brook to Johnstons Drive, Duer street from centre of Green Brook to Greenbrook road, Grove street from centre of Green Brook to Greenbrook road, Washington avenue from centre of Green Brook to Rockview avenue, Sycamore avenue from centre of Green Brook to Rockview avenue, Geraud avenue from centre of Green Brook to Willow avenue, West End avenue from centre of Green Brook to Rockview avenue, Rockview Terrace from Rockview avenue to Harrison avenue, Harrison avenue from Rockview terrace to Prospect avenue, all of Steiner place, all of Vine street, all of Stone street, Watchung avenue and Grand street from centre of Green Brook to Coddington avenue, Verdon street from Fairview avenue to Mountain avenue, Westervelt avenue from Brook avenue to Mountain avenue, Franklin avenue from Brook avenue to Mountain avenue, Pear street from Somerset street to Watchung avenue, Chatham street from Somerset street to Brook avenue, Brook avenue from Chatham street to Franklin avenue, Harmony street from Somerset street to Watchung avenue, Race street from Somerset street to Watchung avenue, Manning avenue from Somerset street to Franklin avenue, Jackson avenue from Somerset street to Franklin avenue, Fairview avenue from Somerset street to Westervelt avenue, Grandview avenue from Somerset street to Franklin avenue, Summit avenue from Somerset street to Westervelt avenue, Mountain avenue from Somerset street to Westervelt avenue, Regent street from Somerset street to easterly termination thereof, Coddington avenue from Somerset street to easterly termination thereof, Craig place from Somerset street to Grove street, Lincoln place from Somerset street to Grove street, Park place from Somerset street to Mercer avenue, Linden avenue from Somerset street to Sycamore avenue, Greenbrook road from Somerset street to Harrison avenue, Rockview avenue from Grove street to West End avenue, Mercer avenue from Duer street to Rockview avenue, Prospect place from Grove street to Washington avenue, Myrtle avenue from Washington avenue to Geraud avenue, Willow avenue from Myrtle avenue to Magnolia avenue, and Orchard place from Willow avenue to Rockview avenue, shall be constructed, re-laid, repaired and kept in repair at the cost and expense of the owner or owners of the lands in front of which the same may be constructed, re-laid or repaired.

Section 2. That every such sidewalk shall be constructed of blue stone flagging, hard cement, or concrete, at least one and one-half inches thick at the thinnest part, smooth and even on the surface, and properly laid in one course under the direction of the Street Commissioner, or other proper officer of the borough, at the grade established from time to time by the borough, and in such manner as to freely shed water, and shall be re-laid and kept repaired and free from grass, weeds and other growth and obstructions at the cost and expense of such owners.

Every such sidewalk shall be at least four feet wide where the width of the street will permit thereof, and in other cases shall be of the greatest width possible under the circumstances, and no flagstone less than four feet long shall be laid in any such sidewalk four feet wide, and in every such sidewalk where flagstone is used it shall be laid in at least one inch of sand.

Section 3. It is hereby made the duty of the several owners of the lands fronting on the aforesaid streets, roads, public places and sections thereof, forthwith to comply with the preceding sections of this ordinance, and after the failure of any such owner to so comply therewith, written notice requiring the necessary specified work or improvement to be done or made on such sidewalk in front of his or her lands shall be sent to such owner or owners by mail, if his, her or their postoffice address be known; if not known, then such notice shall be posted on the premises affected thereby, or be left with any occupant thereof, or such notice may be served on such owner personally if resident within the borough; such notice shall allow such owner or owners at least thirty days time in which to perform the work required thereby.

Section 4. In case, after such service of such notice, said owner or owners shall fail to construct, repair or keep in repair such sidewalk according to the requirements of this ordinance, the Council may, by resolution, cause the work to be done, and the cost thereof, with interest, sh

SPORTING.

ON THE DIAMOND

Two teams from the day and night gangs of the Pond Tool Works played a game of baseball on the Clinton avenue grounds Saturday. The former team won by a score of 23 to 20. Some very brilliant playing was indulged in by both sides.

The Woodsides and Ponds second team played a game of baseball on the old golf grounds, Plainfield avenue, Saturday afternoon, and the Woodsides were victorious by a score of 30 to 29. Keefe and Kilpatrick was the battery for the winning team, while Scott, Motley and Conley pitched for the other team and Higgins caught. There were two men out when the winning run was made.

BASKET BALL.

For the second time in a week the Somerville basket ball team met defeat at the hands of the local Y.M.C.A. team Saturday night. The score was 18 to 12.

Wires Were Crossed.

Boroughites as well as Plainfielders were startled several times during last evening by the ringing of the borough fire alarm bell. It was at first thought there was a fire, but the bell rang so irregularly that it was soon decided that there must be trouble with the wires somewhere. Chief Debele and Electrician Newman succeeded in finding the trouble this morning. On Craig place, where the Dyer house is being moved, the wires were crossed and whenever the wind would blow to any extent it would send in an alarm. The trouble was remedied and the bell has not sounded since early this morning.

Council Meets Tonight.

The Common Council will hold its regular May meeting this evening and take up several important matters, including street sprinkling.

PARTICULAR MENTION.

W. C. Startup and wife, of Westervelt avenue, are visiting relatives at Middletown, N. Y.

Henry Seader's home, 18 Lincoln place, has been made very bright by the gift of a little boy. The little fellow is nearly six weeks' old, but this is the fist time his name has been in the newspaper.

James E. White, of Morristown, accompanied by his daughter, and son-in law, Mr. Schley, and granddaughter, Helen, drove over to Plainfield from Morristown yesterday and spent a pleasant day with relatives and friends.

John Daly returned home last night from Worcester, Mass., where he closed the season as advance agent of "At Piney Ridge," with which has been connected for the past three seasons. Mr Daly has signed with the company for next season. He will spend the summer at home.

Woman Will Go to Jail.

A white man, who gave the name of Robert Johnson, but whom the police say is Robert Nelson, of East Fourth street, and a young colored woman, named Arlizabeth Ellison, were arraigned before City Judge Runyon this morning on the charge of being disorderly on Jefferson avenue last night. "Johnson" was fined $5. The woman will go to jail for sixty days for lack of $20 fine.

Prize Choristers.

The prize choristers of Grace church for April were Vincent Miner, Ralph Bingerman and the Misses J. Little, M. Yaeger and M. Ulrich.

—At the communion service in the Crescent Avenue church yesterday morning one young man was received into membership on confession of his faith.

—Doane & Edsall report that their trade this month so far is booming, and that last Saturday up to half past ten in the evening they were scarcely able to wait on the rush of customers.

—Under the direction of Superintendent of Highways Doud, of the borough, Somerset street is being patched up in places where it is needed. Some work has been done near the corner of Lincoln place.

—A horse attached to W. W. Wilson's delivery wagon ran away on West Third street early this morning. The horse was caught by Harry Mitchell, night foreman at the carhouse, before any damage was done.

Horse Died in the Street.

One of a team of valuable horses belonging to George Cole, of West Second street, was suddenly attacked with colic while being driven along South Second street, near Grant avenue, yesterday afternoon. At Spooner avenue the horse fell to the ground and died in a few minutes.

LETTERS WE WRITE.

They May Make the Game of Correspondence Very Interesting.

The receipt of a letter is no longer the event it was in the old stagecoach days; railways and the penny postage have robbed it of all excitement. We have forgotten how to write interesting letters as we have to fold a sheet of foolscap or sharpen a quill. Yet at times, on red letter days, we find one among the number which demands epicurean perusal; it is not to be ripped open and devoured in haste; it insists on privacy and attention. This has a flavor which the salt of silence alone can bring out; a dash of interruption destroys its exquisite delicacy. More than this, it must be answered while it is still fresh and sparkling, says Harper's Bazar.

Though the fire of such a letter need have neither the artificiality of flirting nor the intensity of love, yet it must both light and warm the reader. It is not valuable for the news it brings, for if it be a work of art the tidings it bears are not so important as the telling of them. The communication must be spelled in the cipher of your friendship, to which you only have the key. It must be writ in the native dialect of the heart.

So one has not the commonplace view of things, and escapes the obvious, it matters little whether one uses the telescope or the microscope. One may deal with macrocosm, discuss philosophy and systems, or gild homely little common things till they shine and twinkle with joy. Indeed, the perfect letter-writer must do both, and change from the intensely subjective to the intensely objective point of view. He must, as it were, look you in the eye and hold you by the hand.

HIS NAME WAS TRILBY.

He Was Not Pretty, But His Little Mistress Loved Him Just the Same.

Promenaders on F street saw a funny sight one day lately, says the Washington Star. It was a little colored girl, diminutive as to size, and clothed from some grand dame's rag bag, evidently, for a more grotesque get-up could scarcely be imagined. She had a companion, a yellow cur, mangy and disreputable looking, with its tail between its legs, and furtively looking from side to side, as though meditating an escape. He was in leading strings—not figuratively, but actually. His small mistress had tied about his mouth and head in muzzle fashion a lot of cast-off baby ribbons and led him by about two yards of carpet rags, twisted in "hit-or-miss" style. About the cur's neck was a huge bow of oiled calico, once red, and his name was Trilby!

"Huh now, you Trilby, don' you go pokin' yo'r nose raoun' dat no 'count dog," remonstrated his small mistress, as she drew in on the string, when Trilby would have made up with a small terrier. "De dog kaitcher, he done git you if you don' be 'fraid of yo'sef. You jus' mind 'bout gittin' de air you needs, an' den you goes back to yo's kennel, you does, honey love." And thus talking she strolled along supremely happy.

BRYAN AND TOWNE.

Slate For the Democrats, Populists and Lincoln Republicans.

CHICAGO, May 7.—The Chronicle today says:

"Bryan and Towne—that was the way the probable Democratic, Populistic and Lincoln Republican national ticket was framed up as the result of a conference between leaders of the three parties at the Sherman House. The presidential nomination was not discussed, as being a foregone conclusion, but when the conferees had delved into the puzzle of the vice presidential situation Charles A. Towne of Duluth stood on a pinnacle of importance that dwarfed other possibilities.

"The Populist representatives at the conference were Senator Marion Butler of North Carolina, chairman of his party's national committee; General J. B. Weaver of Iowa and Congressman George Shibley of Virginia. The Silver Republicans were represented by Senator Pettigrew of South Dakota and ex-Senator George Dubois of Idaho.

"Mr. Towne, though chairman of the Lincoln Republican national committee did not attend the meeting owing to the position in which he stood regarding the matter under discussion. The Democratic representatives at the conference were Vice Chairman J. G. Johnson of the national committee and Daniel J. Campau of Detroit, national committeeman from Michigan. Colonel W. J. Bryan was not present.

"'I am not interesting myself in the vice presidential nomination,' he said. 'I have seen the men of the three parties present in the city, but I am not saying anything regarding conferences. I'm going home for two months' rest on my farm.'

"The Populist plan does not contemplate the nomination of Mr. Towne at the national convention this week in Sioux Falls. The programme of the leaders so far as leaders of the Populists can lay out the work for a convention, contemplates the nomination of Bryan without naming any one for second place."

To Study Race Conditions.

MONTGOMERY, Ala., May 7.—Booking at the hotels already promises a large attendance at the conference of the Southern society for the promotion of the study of race conditions and problems in the south. The convention will hold its first session tomorrow night and continue three days. The session will be called to order by J. B. Gaston of Montgomery, who will be temporary chairman. Many prominent scholars, thinkers and orators are included in the programme. The gathering, it is expected, will be of interest not only to the south, but to the entire country.

Fertilizer Plant Destroyed.

SYRACUSE, May 7.—Fire destroyed the plant of the Reed Fertilizer company of New York at Eastwood about 8:30 o'clock last night. The fire department of Syracuse was asked for help and sent one engine, hose cart and hook and ladder truck. The fire was beyond control before the engines arrived. The plant employed about 25 men and was valued at about $50,000. Four freight cars on the side track were also burned.

The Burning of Sandon.

SPOKANE, Wash., May 7.—A Kaslo (B. C.) dispatch to The Spokesman-Review says: "Sandon presents a frightful scene of desolation. The property loss is now figured at $700,000. J. M. Harris, owner of the town site, is the heaviest loser. His losses will aggregate $300,000. Offers of assistance are pouring in."

Boston Man Wins a Prize.

BOSTON, May 7.—A cablegram received by Professor D. Despradelle of the Massachusetts Institute of Technology announced that he had won the first prize from the jury of the Paris salon of 1900 for his design of a monument "dedicated to the glory of the American nation."

Relief From New Zealand.

OTTAWA, May 7.—Premier Seddon of New Zealand has sent a cable to Sir Wilfrid Laurier informing him that the New Zealand government has contributed $25,000 to the relief fund of the fire sufferers.

ROUTINE BUSINESS IN COMMON COUNCIL.

A Large Amount of Small Matters Came Before the Solons Last Night.

ACCEPTING NEW STREET.

THOROUGH INSPECTION OF MILK DAIRIES ASKED FOR.

Corporation Counsel Marsh Reported That the Martin Act Was Working Finely—Offer to Sprinkle the Streets.

Outside of the question of granting a wholesale license to John Mortimer, there was a large amount of routine business transacted by the Common Council last night.

The Eastern Bottling Association and F. W. Coleman petitioned the Council for wholesale liquor licenses, the latter for Hotel Netherwood. An invitation was received to attend the unveiling of the soldiers and sailors' monument at Easton, Pa., which takes place next Thursday. Residents of West Sixth street, near Monroe avenue, petitioned for a fire-alarm box in that vicinity. The property owners on West Fifth street, between Monroe and Grant avenues, petitioned the Council to macadamize that street and they agreed to pay their share for the work.

Communications were received from Mrs. G. H. Babcock and Wm. M. Stillman, in which they dedicated the private roadway between Front street and Green brook, which is an extension of Madison avenue, to the city. At the same time they asked the city to accept the same as a public street.

In connection with this, Mr. Tolles introduced an ordinance accepting the street, after it is macadamized and put in proper condition. He also offered a resolution which provides that the Board of Freeholders of Union and Somerset counties be petitioned to erect a suitable bridge over Greenbrook to connect the two streets when opened.

Residents of Prescott place asked that one or two electric lights be placed on their street. Mrs. Mary Skillman, of this city, through her counsel, Nelson & Wm. N. Runyon, asked that the 1899 taxes on her property be equitably adjusted in accordance with the tax for other years.

A. B Beers, of Watchung avenue, in a communication cited the recent scarlet fever epedemic and the dangers arising from the use of milk. He asked that the Board of Health compel proper inspection of dairies and cattle, and that milkmen be required to take out a license. The matter was referred to the license committee, they to confer with the Board of Health and Corporation Counsel.

The Town Improvement Association asked for the usual appropriation of $100 for use in the City Park, and it was granted. The Loyal Temperance Legion, in a communication, requested the Council to appropriate $200 toward the public drinking fountain, as they agreed, when the Legion raised a similar amount. It was stated that the Legion had raised the necessary $200.

Mr. van Herwerden moved that when the fountain is erected the sum of $200 be paid to the Legion.

Winfield Scott Post, No. 73, G. A. R., asked for the usual $100 appropriation toward observing Decoration Day, and the same was granted.

Mayor Rockfellow appointed B. Townley a call man in the fire department in place of W. B. Henderson, resigned.

F. A. Pope agreed to sprinkle the streets of the city from June to October for $475 per month, and during succeeding years for a proportionate amount per month.

Street Commissioner Gavett reported that thirty-six sewer permits were granted during April, making a total of 305 since January 1st.

Overseer of Poor Hansen reported fifteen applicants for aid during April, of which five were granted. There was one death and there are now twenty-seven beneficiaries.

Building Inspector Doane reported the granting of twenty-four building permits.

Corporation Counsel Marsh presented his report in which he stated that in the case of the city against Carbone, the latter had paid his fine and the case should be discontinued. He also reported that the Martin Act is working admirably and suggested that in the future all sales of property for taxes be transacted under the thirteenth and other sections of the Martin Act. Regarding the case of Mrs. Sara Milliken against the city, on account of alleged damages from

SUP'T BAXTER TO SPEAK.

HE WILL BE AT GRAMMER SCHOOL GRADUATION.

State Board Gives Notice That Plans for New School Buildings Must be Filed With Them.

No business of importance was taken up at last evening's meeting of the Board of Education. The usual number of bills were ordered paid and the collector's report showed $717.44 collected, which, with the interest, amounted to $764.56.

A communication was read by Secretary Lounsbury from the Schlict Combustion Process Company asking for authority to equip the rest of the schools with their coal-saving device, as there are two schools already equipped with it. As the past winter was a very mild one, the members did not think it had had a thorough test, and the request was deferred until the device could be well tested. A letter was read from the State Board of Education calling attention to the new law on buildings requiring all plans to be submitted to the Board. It was referred to the building committee.

Superintendent Maxson moved that State Superintendent of Schools Baxter, of this city, be invited to make the address at the grammar school graduation exercises. The motion was granted. Mr. Maxson reported $330 60 collected for tuition fees, which had been placed to the credit of the Board. Bids for 500 tons of coal were ordered advertised, to be opened June 4th. The clerk was instructed to secure programmes for the graduation exercises, after which the Board went into executive session.

SON-IN-LAW WOULDN'T MOVE

But When the Father-in-Law Took His Contention Into Court He was Decided Against.

(Special to The Daily Press.)

Somerville, May 8.—An interesting suit was tried before Squire Kitchen in the action brought by John P. Reynolds against his son-in-law, Florence Trimmer, for possession of a property in Warren township, near Mount Horeb. The property belonged to the wife of Reynolds, who died without leaving a will, and Reynolds told his son-in-law that he could live on the place as long as he paid the taxes and kept it in repair. Recently Reynolds had a chance to rent the place and he requested Trimmer to vacate, which the latter refused to do. Fred A. Pope represented Reynolds and John A. Frech appeared for Trimmer. The jury rendered a verdict in favor of Trimmer.

MISSION WORK IN JAPAN.

Interesting Endeavor Meeting Held in Trinity Church.

The Christian Endeavor meeting in Trinity Reformed church last evening was a very interesting one in several ways. An orchestra furnished music for singing and helped very materially to make the meeting thoroughly enjoyable. Mrs. E. E. Anthony presided at the piano, Mrs. G. W. Saums played the violin, Mrs. C. V. D. Corle, the cornet, and Elmer Wheeler, the flute. The meeting was led by Charles M. Dolliver.

Miss Woodruff, the corresponding secretary, read a letter to the society from Rev. Frank S. Scudder, missionary in Japan. The letter was very interesting and was listened to with much pleasure. Before the meeting closed, the pastor, Dr. Schenck, gave a short talk on the recent Ecumenical conference held in New York city. His remarks were full of enthusiasm for the cause of missions and thoroughly enjoyed by the young people.

GOING TO EUROPE.

Governor Voorhees and Frank Bergen to Take a Vacation.

Governor Voorhees and Frank Bergen are going to Europe. Both have concluded that a short relaxation from business cares will be a good thing, and they have decided to take the sail across the ocean and back in as short a time as it can conveniently be done. They will sail on the St. Paul next week Wednesday, and will probably be back at work in less than three weeks from the time of their departure.

Annual Missionary Social.

The annual missionary sociable of the Women's Association of the Congregational church will be held Friday night in the church parlors. There will be a speaker, a musical programme and refreshments.

Formed a Partnership.

Charles P. Whitall, of East Second street, has gone into partnership with E. R. Andrews, of New York, as contracting electrical engineers. Their office is at 10 and 12 East Twenty-third street, New York.

JUST LEFT HOSPITAL AND KILLED HIMSELF

Tragic End to the Life of Adolph Bohren While in Despondent Mood.

WAS ILL FOR A LONG TIME.

KILLED HIMSELF IN WOODSHED IN REAR OF HIS HOUSE.

Engaged in the Beer Bottling Business With His Son—Sickness Supposed to Have Been Cause of Despondency.

Adolph Bohren, aged 61 years, residing at 11 Greenbrook road, committed suicide about 6 o'clock last evening by shooting himself in the head with a revolver, 22 calibre. Despondency is assigned for the deed. Mr. Bohren had been ill for a long time, and was under treatment at the Elizabeth General Hospital. He was discharged yesterday from the hospital and returned home during the morning.

Soon after his return he complained of not feeling very well and said that his head pained him. His actions aroused suspicion and he was watched as closely as possible by the members of the family. He walked about the place constantly and felt very uneasy. About 6 o'clock he walked to the rear of the yard and went to the woodshed, where the deed was committed. The family heard the report of the pistol and rushed to the woodshed, where they found Mr. Bohren lying on the floor.

A persistent effort was made to get Bohren to speak, but he could not be aroused. An examination showed that the bullet passed through the left temple and death must have been instant. The family then summoned Dr. J. Hervey Buchanan in the absence of Dr. Zeglio, the family physician. As Bohren was dead there was nothing that he could do. He then sent for Chief Campbell, who in turn summoned Coroner DeMott. The latter took charge and had the body removed from the woodshed to the house. After pronouncing him dead, he sent word to County Physician Wagoner, of Somerville, who came down later in the evening and granted a burial permit.

Mr. Bohren was a native of Switzerland, coming to this country when a young man. He engaged in the bottling business and finally located in Elizabeth, where he lived for some time. While there he acquired a large amount of property of much value. About a year ago he moved to Plainfield and bought out Sutterline's bottling business on Greenbrook road. His son, Adolph Bohren, Jr., conducted the place, and the elder Bohren lived in retirement. Sometime ago an abscess developed in his side and despite repeated operations he could not get permanent relief. He was considered greatly improved and so was discharged from the hospital yesterday. It is believed that his illness worried him and affected his mind, which is given as the cause for his committing suicide.

The funeral services will be held from the residence, 11 Greenbrook road, tomorrow afternoon at 3 o'clock. Interment will be in Hillside.

AN AID TO TRINITY.

Ladies' Christian Work Society Elect Officers.

The Ladies' Christian Work Society of Trinity Reformed church held their annual meeting yesterday afternoon for the election of officers for the ensuing year as follows: Mrs. A. M. Gillem, president; Mrs. Cornelius Schenck, first vice-president; Mrs. E. A. Parse, second vice-president; Mrs. Seaman Williams, third vice-president; Mrs. T. R. VanZandt, secretary; Mrs. Robert Clark, treasurer.

The society is in a very flourishing condition and a very valuable adjunct to the church. Before adjournment the ladies agreed to hold their annual strawberry festival on the evenings of Thursday and Friday, June 7th and 8th, in the lecture room of the church.

Officers of Dime Savings Institution.

The annual meeting of the Dime Savings Institution was held yesterday afternoon and the old officers were unanimously re-elected as follows: President, J. Frank Hubbard; vice-presidents, George W. Rockfellow and Jeremiah Manning; secretary and treasurer, J. C. Pope.

Address by Rev. Mr. Appleton.

Rev. Floyd Appleton will address the last meeting of the University Centre at the Plainfield High School this evening. His subject will be "Imperial Evolution." All the members of the Centre and their friends will be cordially welcome at the meeting.

LIFE AMONG ANIMALS.

ERNEST SETON-THOMPSON TALKED AT THE CASINO LAST NIGHT.

He Told of Wild Animal Life and of the Romance and Tragedy, Pathos and Humor Among Them.

Ernest Seton-Thompson has departed from the beaten track of most writers and has taken up the close study of the wild animals rather than of mankind. Among his wild acquaintances of hill and plain Mr. Thompson has found much that is interesting. Those who went to hear him lecture at the Casino last evening on "The Personality of Wild Animals" with the expectation of listening to a dry disertation on the habits of the beasts of the field, were wonderfully surprised.

It wasn't a lecture at all. Mr. Thompson simply chatted with his audience of several hundred people, many of them young folks, and told them stories in his simple but convincing style of his animal friends and of the pathos, the humor and the romance of their lives.

A stereopticon enabled him to use his sketches and photographs to illustrate his talk. After a little introduction, explaining his method of getting acquainted with the creatures of the forest and prairie, Mr. Thompson told in his clever way of certain of these animal friends and sketched various incidents from their careers.

Mr. Thompson's experiences with the bears of the Yellowstone National Park were funny, particularly so the incidental peep at the life of the big black bear, "Old Grumpy," and her crippled offspring, "Little Johnny." Very interesting, with a touch of pathos to it, was the story of his hunt for and final capture of the great king grey wolf at a cattle ranch in New Mexico.

PLEAD FOR MORE TIME.

NOT READY TO BUILD THE SPRINGFIELD TROLLEY NOW.

The Westfield and Elizabeth Street Railway Company Asks Another Year to Complete Line.

Colonel Edwin C. Hine, representing the Westfield and Elizabeth Street Railway Company, appeared before the Springfield Township Committee Saturday night and asked for an extension of one year on the company's franchise to construct a trolley line through the township. The franchise calls for the road to be in operation between Springfield and Westfield by July 1st next.

The extension was asked for because of the failure of the company to secure a franchise through Mountainside, midway between Springfield and Westfield. A new route between Westfield and Springfield had been mapped out, leaving out Mountainside, but the plan proved impracticable. Colonel Hine said that if the time was extended a year there would be a line constructed to Springfield either on the county road or through fields. Although the company asked for a year's extension, he said, six months would be all it needed. The main division of the road from Plainfield to Elizabeth has just been completed and a span from Boynton Beach to Westfield will be finished in four weeks. Should the franchise through Mountainside be secured soon the line will be pushed through this summer. If not, it would be necessary to wait until next season.

Richard Trivett objected to the extension of time unless the company would give a bond to complete the road. Benjamin Baker objected to the extension unless the company would widen the road. He also asserted that as yet the trolley people had not obtained the consent of the Union County Board of Freeholders to build on the county road. Colonel Hine admitted this, but said that consent was never asked for from the county until the franchises were secured from the different municipalities on the route. He said that from his observations, however, the Freeholders would grant the privilege. No action was taken on the application.

Must Pay $5 Fine.

Julius Sacher, a Hebrew peddler, was arrested some time ago by Patrolman Mattox for peddling without a license. Sacher assured City Judge Runyon that the charge was not true. The case came up for trial this morning and the Judge found Sacher guilty, fining him $5.

Broke in the Front Door.

Mrs. Mary Stevens was arraigned before City Judge Runyon this morning, charged by Mrs. Bierman with breaking in the front door of the latter's home, 554 West Third street. As the witnesses were not present the case was laid over for a day.

ORIGIN OF EPIDEMIC OF SCARLET FEVER.

Official Report of Board of Health Made to Mayor Rockfellow.

PRESENTED TO COUNCIL.

EMBARGO ON MILK SUPPLY OF SUSPECTED DEALER.

As Yet, However, Has Been Impossible to Fix, Positively, the Cause of Infection—Investigation Still Going on.

In accordance with a request from Mayor George W. Rockfellow, W. H. Murray, president of the Board of Health, presented a statement to him yesterday regarding the epidemic of scarlet fever that has so recently developed in this city. This report was presented to the Common Council last evening by Councilman George P. Mellick. In the main the report contains nothing but what the papers have already stated from time to time.

The report cites that the fever developed with one case April 24th, and six more were found April 25th. All cases obtained milk from the same milk dealer and on the latter date an order restraining the suspected dealer from selling milk was issued. The cases of fever then developed as follows: April 26th, 20 cases; April 27th, 9 cases; April 28th, 2 cases; April April 29th, 1 case; April 30th, 2 cases; May 1st, 3 cases; May 4th, 3 cases; May 5th, 3 cases. In all there were 51 cases in 39 hours. As stated all but eight cases obtained milk from the same dealer and of the eight three were secondary occurring from the first group.

The report states that the Board of Health acted promptly, and the suspected supply of milk was prohibited. The medical examiners of the local Board examined the milk dealer, his family, employes and their families, but found no evidence of infection. The State Board of Health sent its inspector here and with the local Board visited the dairy of the milk dealer in question, located in Raritan, and inspected the same, finding negative results in looking for the cause.

The report further states that since that time evidence tending to show that contagion was in milk when it reached Plainfield has been strong, and a further investigation of dairy and of means of transportation may show cause. The State Board of Health has placed embargo on milk supply both here and at Raritan. The State Inspector is investigating the health of trainmen and others concerned in transportation of milk and the prohibition is still in force and will continue so until all danger is removed.

In conclusion the report says that it is only fair to state that the milk dealer in question has and is doing all that is possible to assist the Board of Health in discovering the cause and has cheerfully acquiesced in the issuance of the order restraining him from selling his milk.

HOSE BOYS ELECT.

Annual Meeting of West End Company Held Last Night.

The West End Hose Company of the borough elected the following officers at their meeting last night: Frank Perry, foreman; William Pach, first assistant; William Mills, second assistant; Herman Hansen, treasurer; William Mills, corresponding secretary; William Pack, financial secretary; Charles Keller, delegate for relief. At the conclusion of the meeting the newly-elected foreman invited the members to an informal dinner at the Manhattan Hotel. Speeches were made by William Pangborn and Chief Debele.

Monday Afternoon Club Officers.

The annual meeting of the Monday Afternoon Club was held at All Souls church yesterday afternoon. There were three vice-presidents and a treasurer to elect. The other officers hold over. The election resulted as follows: Vice-presidents, Mrs. Samuel Huntington, Mrs. Israel Pierson and Mrs. Wilson W. Smith; treasurer, Miss Florence Tweedy. Other business of a routine nature was transacted.

Gift of Woodhull & Martin.

Ever since the handsome pulpit desk was placed in the Marconnier chapel by Trinity Reformed church, the bare floor of the raised platform on which it stands was not in keeping with the pulpit, but thanks to the generosity of Woodhull & Martin a handsome carpet has been laid and presented to the chapel, which is greatly appreciated by the worshippers and the little chapel very much beautified.

DEATH OF JOHN S. KING.

OLDEST INSURANCE AGENT LIVING IN PLAINFIELD.

Connected With Prudential Company for Twenty-five Years—Always Lived Here.

After an illness of a few days, resulting from a paralytic stroke, John S. King, died at his home on West Second street this morning. He has been very low and his death was expected since yesterday.

He had never regained his full strength since a previous stroke two years ago and the second one proved fatal.

Mr. King was born in the vicinity of Plainfield, near what is now called Pumptown, in 1828, and was therefore 72 years old. When a young man he took up the trade of builder which he followed in Plainfield, Newark and Dunellen. A large number of houses now standing in Plainfield were erected and sold by him.

He was always identified with the Methodist church both in this city and Dunellen, being choir leader in the latter place for fourteen years.

In 1875 he entered the service of the Prudential Insurance Company and remained with them until his death. In recognition of his long service, the company presented him with a diamond medallion at the completion of his twenty-first year. Only one other man in the company has secured this gift.

He was married twice, his first wife being Miss Ellen V. Angleman, of Plainfield and the second, Mrs. Hattie Gibson, also of this city, who survives him. Besides his wife he leaves one brother, Henry King, of New York; one sister, Mrs. Morris, of Dunellen; and six children, George King, of Newark; Robert King, of Asbury Park; Mrs. Clark and Mrs Cannon, Newark, and Mrs. J. C. Pope and Mrs. A. D. Pope, of Plainfield. The funeral services will be held from the house Thursday at 3 p. m.

CLERK OF FREEHOLDERS.

Squire Farley, of Somerville, Hustling for the Job With the Somerset County Board.

(Special to The Daily Press.)

Somerville, May 8—The Board of Freeholders held their annual meeting today at the Courthouse. The new Board will meet tomorrow for organization. Squire E. W. Farley is making a fight for the position of clerk of the Board, which has been held so long by Squire A. P. Sutphen. Squire Farley realizes that there is not a living in the office of Justice of the Peace, and so he is striving to find other sources of income. Whether he will land the coveted prize or not it is hard to tell at this writing.

Dinner in Honor of Old Classmate.

Mr. and Mrs. George Wharton Edwards gave a dinner last evening at their home on Franklin place to Frederick Street Hoppin, of New York. Mr. Hoppin was a classmate of Archibald Cox, of West Seventh street, at Harvard College. Covers were laid for ten. The guests were from this city and New York. The charming decorations were in Harvard crimson.

Not Able to Act Regularly.

Owing to the fact that Ward Stephens will not be able to secure his entire release from his professional duties at Paterson at present, he will not be able to fill the position of organist at the Crescent Avenue church steadily for a few weeks. He played last Sunday morning, but in the evening he secured a substitute.

Heard Experts.

There was a special meeting of the Borough Board of Education last evening, but nothing of importance was done. Two experts on heating and ventilating buildings were present by invitation and recited their story regarding these matters. The members listened attentively to the visitors, after which they adjourned.

Delegates to Eastern Association.

A meeting of the Seventh-Day Baptist church was held Sunday evening when the following delegates to the meeting of the Eastern Association of Seventh-Day Baptist churches, to be held at Berlin, N. Y., May 24-8:—Rev. A. E. Main, Rev. Dr. A. H. Lewis, Clarence Rogers and Mrs. David Randolph.

Commenced Work of Assessing.

The board of assessors of this city and Assessor Elston M. French, of the borough, have commenced their annual work of making the rounds of the city and borough.

Discharged From Bankruptcy.

William Jeffery, of this city, was discharged from bankruptcy by Judge Kirkpatrick in the United States District Court at Trenton yesterday.

M'CARDELL SHOWS HIS HAND IN THE FIGHT

Fourth Ward Republican Boss Pleads for Favorable Action for Mortimer.

THE LICENSE IS LAID OVER.

QUESTION AS TO WHETHER APPLICANT IS A CITIZEN.

Serious Objection to Granting the License With Mortimer's Citizenship Undecided, But Gloak Acts Defiant.

The all-important thing that engaged the attention of the Common Council at the regular meeting last evening was the application of John Mortimer for a wholesale liquor license for the place on Park avenue owned by Sigmund Frucht. This application has been hanging fire for sometime, and from time to time it has been laid over and referred until it was believed that it would not be granted.

There was a change of base last evening when Chairman Gloak, of the license committee, reported the application and moved that before action was taken a recess of ten minutes be taken. The recess was taken, but instead of it being ten minutes it was over a half-hour. During this recess Lawyer Wm. Newcorn and Andrew McCardell, representing the applicant and Lawyer W. A. Coddington, representing the opposition to it, were invited to the ante-room to give their opinions in the matter. There was lively argument pro and con in which the Councilmen took a hand. If the walls were not quite so thick the conversation could have been heard plainly outside. At all events it was agreed that the license should be granted.

When the Councilmen resumed their seats and Mr. Gloak moved that Mr. Mortimer's application be granted, Mr. van Herwerden threw a bombshell into camp by asking whether Mr. Mortimer was a naturalized citizen. He had heard that he was not, but was not sure whether such a person would be entitled to a license.

Mr. Newcorn was asked about the matter and replied that he did not know, but he knew that Mr. Mortimer paid a poll tax. To this Mr. van Herwerden replied that a poll tax was collected from anyone who would pay.

W. A. Coddington stated that he understood that the applicant is not a citizen and that he has only lived in this country two years.

Mr. Lee took exception to this, and stated that he knew that Mr. Mortimer had lived here four years.

Mr. Buckie arose and made a few remarks, in which he said that there were many unpleasant features about the case. He was not in favor of grocery men going into the liquor business, and at first he heard that Scheuer & Co. were behind Mr. Mortimer. He investigated this and found to his satisfaction that they were not. He had heard that the applicant was a straightforward and honorable man and he could see no reason why there should not be another wholesale place in the city, inasmuch as one person has a monopoly of the wholesale business.

By this time things were becoming mixed and President Smith thought that there ought to be someone present who could tell whether the applicant is a citizen, so he asked those in the lobby to speak up if they knew anything about the matter.

Mr. McCardell replied and said that he had known Mr. Mortimer ten years, but still he could not swear that he was a naturalized citizen. He stated further that when Mr. van Herwerden ran for office there was a question as to whether he was a citizen, but he believed that he was. He could not answer the question in Mr. Mortimer's case, but he would almost gamble that he was a citizen and pays his tax.

Mr. Mellick thought that in such a case where there seemed to be so much doubt the matter ought to go over. He therefore moved that the matter be laid on the table until the next meeting, and that in the meantime the Council ascertain positively whether Mr. Mortimer is a citizen. This was concurred in by all the members except Mr. Gloak, who voted in the negative. The Council will meet again in one week when the question of granting or refusing will be decided. The routine business was then taken up.

To Extend Evergreen Avenue.

J. E. Martine has commenced the work of ploughing out for the extension of Evergreen avenue, which will extend from Woodland Boulevard on the East of Park avenue. The graded portion of the avenue is now being macadamized.

UNITED STATES BUILDING AT PARIS EXPOSITION.

The United States will hold a place with the leading countries of the world at the great exposition which opens in Paris on April 14. Our exhibits will be fully representative of the wonderful progress we have made and are still making. The United States pavilion, here shown, is one of the attractive architectural features of the magnificent show.

—Winfield Scott Post, No. 73, G. A. R., will hold an important meeting this evening and a full attendance of members is requested.

—It is the intention of Manager J. D. Bailey, of the Park Avenue Hotel, to give a hop at the hotel every two weeks during the season.

—The Sunshine Mission Band will meet at the Crescent Avenue church tomorrow afternoon and consider the subject of "Siam and Laos."

—The trade Peck is enjoying is the highest testimonial he could ask in appreciation of his efforts to serve the public with the best of goods.

—The Clifton House at Patchogue, L. I., is a fine resort to spend your summer vacation at. A picture of the house can be seen at Armstrong's drug store.

—You can not be too particular about the quality of the drugs you use. The stock of C. M. Nagle, West Front and Grove streets, is always fresh and pure.

—Lawyer Irving L. Brady moved yesterday from the First National Bank building to North avenue, where he will occupy offices with A. E. Hoagland, the expressman.

—Samuel F. Harker, stationer, 326 Park avenue, Clifton Building, will give to school children at his store on Wednesday, May 9th, a drawing exercise book free of charge.

—James R. Blair, dealer in gents' furnishings, has without doubt one of the best assortments in his line to be found in the city. Give him a call and take a look at his stock.

—Ladies, clean your kid gloves with LaBelle glove cleaner. It is not a liquid, leaves no odor and can be used while the glove is on the hand. For sale only by Frank Rowley, druggist. tf

—If you want pansies, yellow onion sets, tuberoses, caladiums or garden seeds or a large assortme nt of fresh vegetables to select from go to Joe Johnson, 207 West Front street, with Drake & Mundy.

—Austin & Randolph, the popular proprietors of the boot blacking establishment on Park avenue opposite North avenue, have just had the place handsomely painted and papered and arranged in an up-to-date manner, where they will be pleased to see their customers.

Pawnee Bill.

Major Gordon Lillie, Pawnee Bill, and his big Wild West combination, gave two exhibitions on North Sixth street yesterday, to two big audiences. While perhaps Pawnee Bill does not have as large a show as Buffalo Bill, he gives a performance unequaled by any in the country. This year many new features were added, and everybody seemed more than pleased. One of the most interesting features was the target shooting of Major Lillie while on horseback. In this he has not an equal on earth. The riding was exciting and daring. It was a perfect exhibition throughout.—Harrisburg, Pa., Call. Pawnee Bill's Wild West shows in Plainfield next Friday.

EARLY INTELLIGENCE.

—Unity Lodge, Knights of Pythias, will hold its regular meeting tomorrow evening.

—The Gesang and Turn Verein has planned to hold their annual May walk next Sunday.

—The trolley company has had block pavement placed at the switch on Front street near Somerset.

—Plainfield avenue near Front street is to be patched with crushed stone. The improvement is a much-needed one and will be appreciated.

—Two extra trolley cars were used on the Elizabeth and Westfield Street Railway line yesterday to accommodate the crowds that traveled back and forth.

—A number of local Christian Endeavorers are planning to go to Westfield Thursday evening to hear Rev Dr. Payton speak at the Westfield Presbyterian church.

—Patrolman Mattox received his new wheel yesterday from the city. It is a Geneva wheel and the officer will assist in looking after the city with the aid of the bicycle.

—The members of Odd Fellows, colored, attended divine worship at the Mt. Zion A. M. E. church Sunday evening and heard a powerful sermon by the pastor, Rev. Dr. Cooper.

—The trolley tracks along Somerset street are beginning to show themselves more than the law allows. In many places there are holes on each side of the track, and wheels are liable to be dished. A little attention now will save trouble later on.

PARTICULAR MENTION.

Mrs. William Schorb, of East Front street, has recovered from an attack of the grip.

Mrs. Edgerton, of East Front street, is reported to be much improved from a critical illness, and almost out of danger.

Raymond Schenck, of Somerset street, who has been very ill with the mumps, is steadily recovering and hopes to be out soon.

Miss Ethel Searing, daughter of Mr. and Mrs. E. C. Searing, of 310 New street, is confined to the house with an attack of measles.

GOLF

The schedule of events for the season at the Park Golf Club will probably be announced the latter part of this week.

The links of the Baltusrol Golf Club, near Summit, will be formally opened Saturday. The course is reported to be in fine condition.

W. Lester Glenney, of this city, a member of the Hillside Tennis and Golf Club, will be one of the Columbia College team that will take part in the intercollegiate golf match Saturday.

Every pleasant day sees quite a number of the local golfers out on the Park Golf Club links. The course is in good condition and the players are glad of the opportunity to renew their acquaintance with the popular game.

Representatives of golf clubs of Newark and vicinity will hold a meeting in Newark today to take final action on the formation of the proposed association, which will be called the East Jersey Golf League. The Newark A. C., Elizabeth Town and Country, Madison Golf, Forest Hill Field and Glen Ridge Golf Clubs have been practically decided on as members. The sixth club will probably be either Rahway or Plainfield. A schedule of games for a trophy will be made up. The idea of forming a Ladies' Auxiliary League has been suggested and is said to be looked upon favorably by the promoters of the East New Jersey League, who will consider the matter at tonight's meeting.

AN ORDINANCE

FOR THE ASSESSMENT OF TAXES FOR THE YEAR 1900.

The Inhabitants of the City of Plainfield, by their Common Council, do enact as follows

Section 1. That pursuant to the statutes and ordinances and resolutions in such cases made and provided, there shall be assessed and raised by tax for the year nineteen hundred, for the general purpose of said city, exclusive of poor, library, school, fire, State and county taxes, the sum of Thirty-eight Thousand Dollars ($38,000). This sum includes the sum of Twenty Thousand Dollars ($20,000) to be raised by general tax for street improvements; for the expense for said year of lighting the public streets and places in said City, pursuant to Chapter CCXXVIII of the pamphlet laws of 1894, (page 477), as ascertained and determined by resolution of the Common Council and certified to the assessors of said City the sum of Twelve Thousand Four Hundred Dollars ($12,400); for the principal of such bonds except obligations payable out, of assessments and temporary obligations as may mature during the ensuing fiscal year, under and by virtue of the Acts of the Legislature entitled, "An Act to provide for drainage and sewerage in cities of this State," approved April 7, 1890, and the several amendments thereof and supplements thereto, and proceedings had and taken thereunder in said city, the sum of Five Thousand Six Hundred Dollars ($5,600); for interest on the obligations of the City issued under said last mentioned act, the sum of Five Thousand Dollars ($5,000); for the support of the city poor, the sum of Two Thousand Five Hundred Dollars ($2,500); for the maintenance of the public library and reading room, the sum of Four Thousand Dollars ($4,000); for the maintenance of a fire department to be under control and government of said city, the sum of Twenty Thousand Five Hundred Dollars ($20,500); and in addition to the foregoing, a license fee of Two Dollars ($2) to be paid by the owner of every dog within the City of Plainfield.

Adopted by the Common Council April 23, 1900.

Approved by the Mayor April 23, 1900.

GEO. W. ROCKFELLOW, Mayor.

Attest: JAMES T. MacMURRAY, City Clerk.

NOTICE.

Notice is hereby given that Julius J. Stahl, carrying on the business of Baker and Confectioner at No. 110 Somerset Street, in the Borough of N. Plainfield, County of Somerset and State of New Jersey, hath this day made an assignment to the subscriber of his estate, for the equal benefit of his creditors, and that the said creditors must exhibit their respective claims under oath or affirmation, to the subscriber, at his office, 111 Somerset Street, N. Plainfield, on or before the 6th day of July, A. D., 1900, or be forever barred from coming in for a dividend of the estate, and the said creditors are further notified that a list of the claims against the said Julius J. Stahl will be filed with the Clerk of the Orphans Court, in the County of Somerset, on the 6th day of July, 1900, when exceptions thereto may be filed by any person interested.

MORE BISHOPS.

The Methodists at Chicago Likely to Elect Five.

CHICAGO, May 8.—As the time approaches for settling the question of how many bishops are to be elected by the Methodist general conference the sentiment is growing among the delegates that none of the present occupants of the high office should be retired and placed on the superannuated list.

It seems probable that because of the advanced age of several members of the episcopacy the committee on episcopacy will recommend the election of five additional bishops. Three will be for work in this country and two to supervise the missionary work in Asia. This is the programme in favor with a majority of the members of the committee on episcopacy. The committee has began active work on the questions referred to it by the conference. Chairman Buckley was authorized to appoint subcommittees on tenure of office, missionary bishops, districting of bishops, episcopal residences and general reference. A score of memorials were read and referred to the appropriate committees without discussion.

There are 20 or more avowed candidates for the high office of bishop notwithstanding the fact that it is not likely that more than five additions to the present board of episcopacy will be made.

The committee on temperance listened to the reading of several memorials referred to it by the general conference. One memorial condemned President McKinley for laxity in enforcing the anti-canteen law and was generally discussed, but no action taken. Another recommended amending the book of discipline so that members of the church who rent property for saloon purposes may be brought to trial. They were all referred to the subcommittee.

AFRICAN METHODISTS.

Quadrennial General Assembly of Church at Columbus, O.

COLUMBUS, O., May 8.—The quadrennial general association of the African Methodist Episcopal church opened yesterday in the Columbus Auditorium, with over 400 delegates present. After preliminary exercises had been held and the Auditorium dedicated to religious service by Bishop H. M. Turner, presiding officer, the quadrennial sermon was preached by Bishop A. M. Grant.

Bishop Grant traced the history and growth of the A. M. E. church and among other facts and figures pointed out that the church had been growing in membership at the rate of 34 an hour during the last four years. He said the church would plead guilty to the charge made in an English paper to stirring up the spirit of war in South Africa. It had been done by sending Bishop Turner there and by telling the people their rights.

The quadrennial address of the council of bishops is not expected for several days, while the election of the four new bishops may not be reached for a week.

Last night a reception was held at which addresses were made by Governor Nash, Mayor Swartz and church dignitaries.

Counterfeiter Arrested.

PHILADELPHIA, May 8.—Another chapter in the famous Lancaster counterfeiting conspiracy was made public yesterday by the arrest of Harry Taylor, charged with passing the counterfeit $20 notes found in circulation last week. Taylor was captured by Matthew S. Griffin of the secret service and when confronted with the evidence of his guilt confessed his part in the conspiracy. He was given a hearing before United States Commissioner Edmunds and committed in default of $10,000 bail for trial. Taylor admitted having passed all the spurious notes of the Manning head denomination recently discovered in this city, and his confession brought out a remarkable attempt to hoodwink the government.

Indians Not Starving.

WASHINGTON, May 8.—A telegram has been received at the Indian bureau from Colonel Randlett, the agent at Anadarko, O. T., in which he says there is no truth in the reports that many Indians on his agency are starving. There are no conditions there, says Colonel Randlett, that should cause the least anxiety. A general monthly issue of rations will be made on the 10th inst. There are sufficient supplies for another issue in June, and no money is needed to purchase subsistence.

Prompt Mail Service In Alaska.

WASHINGTON, May 8.—As indicating that the mail routes in Alaska are practicable and that the carriers there are giving prompt service it is said at the postoffice department that a letter mailed at Cape Nome Feb. 10 reached the following points on the dates named: Circle City, April 1; Dawson, April 1; Seattle, April 29, and Washington, May 5. Prior to this season it has been impossible to get mail from these northern points after Dec. 1.

Glass Cutters Strike.

HONESDALE, Pa., May 8.—The glass cutters in J. S. O'Connor's factory at Hawley have gone out on strike because some of the officers of the local union had been discharged. The striking glass cutters in Honesdale are still out, and there is no prospects of a settlement. The strikers at both Hawley and Honesdale are endeavoring to organize a union among Dorfliger's cutters at White Mills with the object of calling them out also.

Severe Storms In Texas.

DALLAS, May 8.—The destructive rain and wind storm that struck San Antonio yesterday seems to have been general in southwestern Texas. At Bastrop the Midland hotel was wrecked and Charles and Lizzie Wilkes, children of the proprietor, badly hurt by falling timbers. The hardware store of R. & G. Stark was partly destroyed. Fears are felt as to the result in the surrounding country.

The Montpelier a Total Loss.

ST. JOHN'S, N. F., May 8.—The result of the marine survey on the wrecked steamer Montpelier, which went ashore early last Friday morning on Big Yankee shoal, six miles west of Cape Ray, is the condemnation of the vessel as a total loss. The examination showed that more than half the bottom of the ship had been torn out.

Dunkirk Strikers Succeed.

DUNKIRK, N. Y., May 8.—The strike of molders employed in the United States Radiator works which has been in progress for six weeks was settled last night. The strikers secure their essential demands, including recognition of the union.

BRITISH PUSHING ON

Boers Retreating Before Lord Roberts' Large Army.

MAFEKING GARRISON IN DIRE STRAITS

But Determined to Hold Out—Free Staters Assembled North of Ladybrand—Re-enforcements Now on the Way to South Africa.

LONDON, May 8.—The Boers are everywhere retiring before the British except on the Natal frontier and at Mafeking to the inner circle of their defenses. They appear determined not to fight until the Kroonstadt hills are reached.

Fifteen thousand British are now operating on the western frontier of the Free State. As the deadlock at Warrenton has been broken and the Boers are retreating there is nothing formidable except distance between Warrenton and Mafeking. The most hopeful advices from Mafeking on April 22 were that the garrison would be barely able to hold out for a month. At that time the fever was spreading.

According to advices from Maseru, Basutoland, several thousand Free Staters are north of Ladybrand, where they have collected great herds. The district is rich in food for men and horses, and the Boers seem resolved not to move northward, but to be preparing to resist where they are. If they are let alone, they will menace the line of communications after the main British army has passed into the Transvaal.

Lord Roberts and Lord Kitchener personally directed the artillery in the Vet river engagement.

Six thousand four hundred and fifty-eight troops are now at sea on the way to South Africa. No others are under orders to go except as recruits to fill up the losses of regiments at the front.

Lady Sarah Wilson wires from Mafeking, under date of April 22, as follows:

"The situation is unchanged. The garrison is depressed at there being no sign of relief, but is as determined as ever to deprive the Boers of a crowning triumph on the western border.

"A case of whisky realized $540 at a raffle, and a pound of flour was sold at auction for 2 guineas."

A dispatch from Lobombo, dated Thursday, May 3, says the queen of Swaziland has ordered the Swazis to hasten their harvesting and assemble for weeping the dead king. A Malagana chief and nine women and children have been killed at the Malaganas' kraal, and the plains are strewn with the skeletons of murdered natives. Kreough, the Boer administrator of Swaziland, has been recalled to Pretoria.

The Lourenco Marques correspondent of The Times says:

"Commandant Snyman is so alarmed at the prospect of having his retreat cut off that he has appealed for permission to retire northward from Mafeking to intercept Colonel Plumer."

THE FORWARD MOVEMENT.

Roberts' Army Outnumbers the Boers Five to One.

SMALDEEL, May 8.—The movement that culminated in the capture of Winburg and Smaldeel was part of a great general movement extending from General Hunter on the west to General Rundle on the east. Lord Roberts' admirable strategy resulted in placing everywhere five British to one Boer. Out of what appeared the inextricable confusion of divisions and brigades order was quickly evolved, and the Boers were compelled to meet Lord Roberts under unfavorable conditions.

What is more important is that the British are now able to wait. Their front and strong positions are safe in the knowledge that their flanking columns will advance and outflank the Boers.

Saturday the Boers held a really strong position, from which earlier in the campaign they could only have been forced by hard fighting. General Hamilton's arrival at Winburg, although not directly outflanking the Boers, made their position extremely uncomfortable. General Hutton's movement on the left was even more successful than at first imagined.

Forty Boers were killed. The march Sunday was short, but General Pole-Carew's division—marched 58 miles in four days.

General Tucker's division is marching on the left, and General Maxwell's brigade was able to cross the river.

Lord Roberts has been very strict in his examination of the farms, with the result of disclosing the fact that nearly every house is a miniature arsenal, Mausers, Martinis and abundant ammunition being found. If these had not been discovered, the army would be leaving in its rear the material in men and arms for a dangerous movement among the inhabitants.

All along the railway the culverts, wherever of any size, have been utterly destroyed, but the engineers hope to make a detour in some cases, and in others they will fill up the gap.

Three of the four spans of the Vet river bridge have been utterly destroyed, and it will be necessary to make a temporary line down the river bed, as at the Modder.

Reports have been heard showing that more culverts and bridges are being destroyed northward.

Boers Driven From Fourteen Streams

WARRENTON, Cape Colony, May 8.—The Boers have been driven out of Fourteen Streams, and the British are now encamped on the north bank of the Vaal river.

Standard Oil Suffers Loss.

NEW YORK, May 8.—The second spectacular fire within a week on the Kill Von Kull occurred last night at Constable Hook. This time it was in the plant of the National Storage company, which is another name for the crude oil department of the Standard Oil company. The plant is located on the extreme end of the northern shore of the hook. Two piers, two pile drivers, several lighters and the American bark Josephine were destroyed, as well as a large quantity of crude and refined oil.

Chinese Attack British.

WEI-HAI-WEI, China, May 8.—A large body of natives attacked the camp of the boundary commission on Saturday and wounded Major Penrose and four members of the Chinese regiment. The latter, which was recruited in the vicinity of Wei-Hai-Wei and drilled by British officers, behaved very steadily. The attacks were repulsed with a loss of 36 killed. The outbreak is attributed to Chinese officials.

THE HAVANA FRAUDS

Extradition Papers For Neely, Arrested In New York.

GOVERNMENT HAS LOST HEAVILY.

The Embezzler Was Chief Financial Agent In the Havana Postoffice. He Lived Extravagantly—Other Officials Are Suspected.

HAVANA, May 8.—The papers asking for the extradition of C. F. W. Neely, chief financial agent in the postoffice here, who was arraigned before United States Commissioner Shields in New York on the charge of embezzlement of government funds, left for the United States yesterday afternoon. It is understood that the Fidelity Deposit company of Maryland is on his bond for $30,000.

The announcement of the arrest gave the first public intimation that alleged frauds had been discovered in the postal department. Colonel Burton had been investigating for ten days, and he found matters in such a serious condition that he decided to make an immediate personal report on the subject to the Washington authorities.

It is asserted on reliable authority that since July of last year the government has been defrauded monthly of more than $12,000 on stamped paper alone. The culprit or culprits are believed to have received $28,000 and to have accounted for only $16,000. During the last four months it is said that Neely's shortage in the aggregate has not fallen below $36,000 and that prior to the beginning of this year the average was much higher.

For a long time Neely lived extravagantly, lunching and dining at two of the most expensive restaurants in Havana. It is said that on one occasion he purchased specially made underwear at $30 a suit. It is not believed, however, that he is alone responsible, the theory being that unless others have been acting in conspiracy with him he could not have concealed his shortage for so long a period. As yet there is not evidence enough to justify other arrests.

Auditors Reeves and Reynolds have been temporarily suspended. Major Rathbone, director of posts, set special agents at work investigating the matter when first it was called to his attention some weeks ago. These agents reported April 23 that the accounts were correct.

Much sympathy is expressed for Major Rathbone because of the excellent service his department has rendered, there being a general feeling of regret that such a cloud should mar his record, although many still hope that the whole matter may be straightened out.

A bad feature of the case is Neely's refusal to return to Cuba without extradition. People feel that, if Neely is innocent of the charge, he has made a mistake in this respect.

When Colonel Burton first laid the matter before Governor General Wood the latter asked him to take 24 hours longer in order to make sure. It was after the second report that the request for Neely's arrest was cabled to the United States.

A Fight With a Burglar.

CLEVELAND, May 8.—A desperate battle took place yesterday between a squad of policemen and a colored man suspected of being the burglar who Sunday night shot and killed Patrolman John Shipp. The murderer, after killing the officer, made his escape. The police traced the suspect to a house at the corner of Central avenue and Greenwood street and after surrounding the place called upon the man to surrender. He, however, opened an up stairs window and deliberately began firing on the officers with two revolvers. The police returned the fire. Suddenly the burglar jumped from a second story window at some distance from where the officers were standing and started down an alley, turning frequently to fire at the bluecoats as he ran. He finally escaped.

Furniture Factory Burned.

ATLANTA, May 8.—The factory of the Ware Furniture company, one of the largest manufacturing plants of its kind in the south, located at the end of Marietta street, just outside the city limits, was burned yesterday. Forty cottages occupied by people employed in the factory were destroyed, many of the families losing all their effects. Several hundred feet of hard wood lumber was also destroyed. William Dickinson, a fireman, was badly burned, and Thomas Varner was carried from one of the burning cottages in an unconscious condition. The loss on the factory and on the cottages will be about $200,000, with insurance about one-half.

Russians and Chinese Clash.

LONDON, May 8.—The St. Petersburg correspondent of The Times says: "Reports have reached here of serious friction between the Russians and the Chinese in Manchuria on the Russian railway construction route. In one case a detachment of 35 Chinese soldiers shot the Russian captain of ten Cossacks who were doing police duty. The Cossacks attacked and pursued the Chinese, cutting them down. The Russian government sent a complaint to Peking, demanding the punishment of the highest Chinese official of the district. China complied. There have been several murders and mutilations of Russian engineers by Chinese brigands."

Killed at a Crossing.

CHAMBERSBURG, Pa., May 8.—While crossing the Western Maryland railroad tracks at Millbrook Jacob B. Hege of Marion, who was driving a milk wagon, was killed by a train striking the team. Hege's young granddaughter, who was also in the wagon, was hurled into a field, but was not injured. Hege was 65 years old and leaves a wife and two sons.

Communication In the Philippines.

WASHINGTON, May 8.—General Greely, chief signal officer, has been advised of an important extension of the military system in the Philippines. A land line has been established to Aparri, the northernmost port of the island of Luzon, and a cable has been laid between the islands of Leyte and Cebu.

Rice For the Porto Ricans.

SAVANNAH, May 8.—A shipment of 3,000 bags of rice weighing 339,000 pounds has gone forward from here to New York on the order of the United States government, to be reshipped at New York to Porto Rico. This rice is purchased by the government for the relief of the Porto Ricans.

Among artists connected with Harper's Magazine, pictures of whom are given in the May number of the Magazine in an article entitled "Fifty Years of Harper's Magazine," is the late C. S. Reinhart, brother of J. W. Reinhart, of Netherwood.

New Telephones.

The telephone company has placed the following 'phones during the week: B. F. Fawcett, 1182; Rev. W. C. Snodgrass, 1321; H. Fleming, 1294; J. F. Hallock, 1334; F. R. Ostrom, 1292; Edward Stevenson, 782; Willard Gates, 93; W. H. Freeman, 1313.

THE PEOPLE'S PARTY.

Large Attendance at the National Convention at Sioux Falls.

SIOUX FALLS, May 8.—The delegates to the People's party convention who have already arrived spent the time in informal conferences and in visiting the tent in which the convention is to be held. It was at first intended to utilize the city's Auditorium building for convention purposes, but the prospective attendance grew so rapidly that it was found necessary to secure larger quarters. Accordingly an enormous tent under which 8,000 or 10,000 people can be seated was secured, and it is rapidly being put in shape for the reception of the large throng that is expected to occupy it. The streets are liberally decorated with bunting, and on every hand there are evidences of a purpose on the part of the people of the city to make the convention a success and to make the visitors feel that they are welcome. The convention will be called to order tomorrow at 2 o'clock by National Chairman Butler. An address of welcome will be made by either Senator Pettigrew or Governor Lee. A temporary chairman will then be named and after the appointment of committees the convention will adjourn until Thursday.

The principal talk has been about the policy to be pursued in the selection of a vice presidential candidate. By those already present there is manifested quite a noticeable friendship for Hon. Charles A. Towne, the Silver Republican leader of Minnesota, but there are some who contend that the honor should go to a Populist. Senator Butler is among those who are believed to favor Mr. Towne. In an interview he said:

"We are going to be liberal with the other parties who are co-operating with us on general lines. In 1896 we took Bryan after he had been nominated by the Democrats, and we stood loyally by him to the end of the campaign. This year the People's party is going to be the first party to put him in the field, and so far as I have been able to discover there is very general disposition toward going even further if need be and selecting a candidate for the vice presidency who will be acceptable to all concerned."

Middle of the Roaders Meet.

CINCINNATI, May 8.—Every train that entered this city today brought delegates to the middle of the road Populist national convention which is to meet in Robinson's Opera House tomorrow. These delegates did not travel in drawing room cars or sleepers. Many of them came long distances. As the various delegations tumbled out of the trains they instinctively recognized their brethren from other states, gave a friendly grasp of the hand and cried, "On to Cincinnati!" This is the slogan of the middle of the road Populists, who declare that the Sioux Falls Populists are no better than so many "pie biters" in their greed for public place, no matter from whom obtained.

Dewey In Memphis.

MEMPHIS, May 8.—Memphis went Dewey wild yesterday, and the city surrendered unconditionally to the gallant admiral and his gracious wife. The climax of the day's festivities was a gorgeous flower parade in the afternoon, which passed through the principal streets and received the plaudits of thousands of enthusiastic citizens and visitors. After reviewing the parade, which was two miles long, Admiral Dewey was escorted to the Auditorium, where a reception tendered by the representative negroes was held. The admiral talked pleasantly and freely with many of the colored men and evinced much interest in their condition. The visitors were then driven to the hotel for a few hours' rest.

Atlanta's Mayor Must Go.

ATLANTA, May 8.—The city council has adopted a resolution calling on Mayor James G. Woodward to resign his office. The resolution was the culmination of a sermon Sunday night by Rev. I. G. Broughton, in which the minister made a violent attack on the mayor's personal habits. The resolution calls upon the mayor to resign before the next meeting of the council, two weeks hence. The leader of the opposition to Mr. Woodward says the mayor is in honor bound under the terms of a statement made last summer to resign. The mayor declined to say what his action would be. His term expires Jan. 1 next.

Falling Building Injures Seven.

KANSAS CITY, May 8.—A three story brick building at 1302 Grand avenue, in the business center, occupied on the ground floor by Jacob Goodman as a secondhand store and above by Mrs. Mary Sohn as a rooming house, collapsed yesterday afternoon, burying seven persons in the ruins. It is believed none of the injured will die. John W. Moore, aged 70 years, former mayor of Kansas City, was most seriously hurt.

Forest Fires In Michigan.

MENOMINEE, Mich., May 8.—Forest fires are raging near Sturgeon, Mich., and the town is threatened with destruction. The mill of the O'Calaghan Lumber company at Carney, Mich., 32 miles north, is threatened. Extensive fires prevail between Ellis Junction and Wausaukee, and the camp of Fred Armstrong at Davis Spur has been destroyed.

DOINGS OF CONGRESS

Pension Laws Amended by the House.

ONE MILLION FOR NATIONAL GUARD

Sulzer In the House and Teller In the Senate Try to Secure Sympathetic Resolutions For the Boers, but Fail.

WASHINGTON, May 8.—Yesterday was suspension day in the house, and quite a number of bills were passed. The most important was the senate bill to amend the general pension laws so as to provide for aggregating disabilities under the act of 1890 without regard to service origin and to increase the net income a widow may have without destroying her right to a pension from $96 to $250. The purpose of the bill is to modify rulings of the pension office in accordance with the recommendations of the G. A. R. General Dan Sickles, who is a member of the G. A. R. committee, was on the floor during the consideration of the bill. It was passed without a dissenting voice. The bill to increase the appropriation for the national guard from $400,000 to $1,000,000 also was among those passed. Mr. Sulzer of New York attempted to secure action upon his resolution expressing sympathy with the Boers, but was cut off by the speaker.

At yesterday's session of the senate Mr. Teller of Colorado delivered a speech in which he strongly urged the senate to extend its sympathy to the Boers in their contest with Great Britain. He devoted himself to a discussion of his resolution, the adoption of which, he maintained, could not be considered as an unfriendly act by the British government. During the remainder of the session the senate had under consideration the naval appropriation bill. Mr. Chandler's amendment to curtail the expense of the marine corps occasioned some debate and was finally laid on the table. The bill was not completed. Notice was given that the armor plate provision would be considered in secret session on account of certain facts that were to be called to the senate's attention.

A Chance For Americans.

WASHINGTON, May 8.—Commercial Agent Greener at Vladivostok writes to the state department in regard to a new electric railway and electric light system about to be established in that city. No favoritism on the ground of nationality, it is said, will be shown in awarding the contracts for these enterprises. The road will be about 12 miles in length. No time limit for sending in proposals or for the completion of the work has been set. The city will be responsible for payment. All these conditions, Mr. Greener believes, should make inquiry on this subject worth the while of persons in the United States who are skilled in such work. The new Russo-Chinese bank building, lately completed, he says, is by far the best equipped building in Vladivostok. All the modern appliances and inside fittings, from the steel ceilings to the furniture, are of American workmanship.

New Holland-America Line Steamer.

NEW YORK, May 8.—The New York agents of the Holland-America line have been notified that the new Holland-America line steamer Potsdam has had a most successful trial trip, developing a speed of from 17½ to 18 knots, and has arrived at Rotterdam, from which port she will sail on May 17 on her maiden trip for New York, making her first trip from here on June 2. The Potsdam was built by Moss, Blohm & Voss of Hamburg. Her tonnage is close to 13,000; length, 560 feet; width, 62 feet, and depth, 44.6 feet. She is built of steel, has twin screws and is fitted with bilge keels, has accommodations for 300 first class and 250 second class cabin passengers and 1,500 third class passengers and in addition has great cargo capacity.

Tobacco Men In Council.

CHICAGO, May 8.—The second annual convention of the cigar leaf tobacco board of trade of the United States has opened for a three days' session at the Wellington hotel. The important questions of the convention, regarding the use of tobacco imported from the Philippines and the reduction of tariff on tobacco from Cuba, were not discussed during the first day. The officers of the association present were: President, John R. Young, Philadelphia; vice president, H. A. Bach, New York; secretary, J. L. Friedman, Chicago; treasurer, W. Dohan, Philadelphia.

Well Known Minister Dead.

FORT PLAIN, N. Y., May 8.—Rev. George Parsons, 90 years old, one of the oldest and best known residents of central New York, is dead. In early life Mr. Parsons was a newspaper man and went to New York city, where in 1830 he made the acquaintance of Horace Greeley, both of them being then employed on The Journal of Commerce. Mr. Parsons afterward became a Methodist minister and of late years had been superannuated. He was a member of the Wyoming conference.

Chinamen to Be Deported.

PLATTSBURG, N. Y., May 8.—Chong Chung, aged 39, and Chong Pow, aged 28, two Chinamen who were arrested by customs officers at Rouses Point, N. Y., on a Grand Trunk train on the night of April 7 last as they were entering this country, have been tried and ordered by United States Commissioner Woodward to be deported back to China. They claimed to be merchants and members of the firm of Bow Li Wing & Co. of 10 Bowery, New York city.

New Jersey Judges Sworn In.

TRENTON, May 8.—Judge J. Franklin Fort, who was on Saturday named by Governor Voorhees for associate justice of the supreme court, was sworn in yesterday at a conference of the court of errors, when he and Chancellor Magie and Chief Justice Depue were also sworn in as members of the court of errors.

Insects, Killed by Cold.

MIDDLETOWN, N. Y., May 8.—Entomologists say that the recent cold spell effectually destroyed the tent caterpillar pest throughout this section of the state. A large number of these insects which threatened the foliage of the maple trees were hatched by the warm spell and chilled to death by the cold.

Weather Probabilities.

Warmer; showers; fresh southerly winds.

PLAINFIELD, N. J., MAY. 8, 1900

Against Public Policy.

Although the application of John Mortimer, backed by a political coterie, for a wholesale liquor license was not granted last night, the raising of the technical point about his citizenship was evidently the only thing that prevented such action at the meeting of the Common Council. It was apparent that several of the Councilmen, coming under the influence of the Fourth ward Boss, were ready to do his bidding and push the application through despite the fact that the manifest sentiment of the community is against such conduct. It is a sad reflection upon the Common Council, and smacks of the defiant and disgraceful record made by the "Big Six," in granting The Elkwood license, but which, in the latter's case, met with a merited and just rebuke from the voters of the city at the first opportunity they were able to record their sentiments by ballot. The Daily Press has no political grudge to satisfy, but it warns the Republican leaders that in permitting the Council to take the attitude that it is taking in this Mortimer license application, without emphatic protest from respectable and influential political factors, it offers a reason for a reprimand that may not be missing when the next municipal election day arrives. There is politics working for the granting of this application, and, if necessary, politics should be brought into play to thwart it.

Outside of politics, there is no question but what the decent, moral sentiment of Plainfield is unalterably opposed to the granting of this license. There is not the slightest necessity, from the standpoint of public welfare, to grant the application. Within a radius of 250 feet of the proposed location of this liquor dispensary there are already six licensed places doing business. Add Mortimer's place to the list and you have seven—a condition that is certainly not desirable for the best material interests of the city. Taking this condition of affairs into consideration, together with the bold attempt to use the official machinery of the people to work out questionable practices for a political gang, there ought not be any further argument needed to array a majority of the Councilmen on the side of right and justice.

We appeal to the members of the Council to resist the political pressure that is being brought to bear on them to grant this application. Councilmen, stand up for what is undoubtedly the desire of your constituents and the best interests of the city, and vote against granting the application for this proposed liquor license.

The suggestion is made by a Havana paper that now is a good time to agitate for Cuban independence, since the mass of people in the United States favor it, and the politicians will not care to oppose it so soon before the Presidential election.

Poultney Bigelow, writing in the New York Times about the Boer War, says South Africa asks for security and peace, and adds that she might reasonably ask also that Cronje be exchanged for Cecil Rhodes.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

It is estimated that the recent forest fires in South Jersey did $752,000 damage. How many trees have been planted to take the place of the timber that was destroyed?—Jersey City Journal.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

Several of the members of the local police force are minus their official badges for a few days. The badges of all the regular officers have been collected and sent to New York to be renickeled. The officers have, some of them, borrowed badges from the special officers. The others are doing without. These signs of dignity are expected back the last of the week.

Residents of the East End who ride their bicycles along Watchung avenue, between Fifth street and Hillside avenue, complain of many punctures to the tires on their wheels. These punctures are almost always the result of riding over broken glass. There are a number of ash-carters who pass through Watchung avenue at that point and many of their wagons are so poorly put together that broken glass and other rubbish finds its way out through the bottom of the wagon.

Detective Robinson and Patrolman Thomas Flynn, two of New York's "finest," spent yesterday in Plainfield with friends. They enjoyed their visit immensely and thought they would like to spend their vacation in such a beautiful town. They were much pleased with Plainfield's police department and the new headquarters, and suggested it would be a good place to give a series of dances for the benefit of the department. Mr. Robinson is attached to the detective bureau, while Mr. Flynn is located in the "Tenderloin" district. The latter is a brother of Patrolman Flynn, of this city.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

Scott Raymond, supported by the Hazel Wood Company, will begin an engagement of three nights and Saturday matinee at Music Hall, next Thursday, May 10th. Mr. Raymond is a comedian of original methods, and the characters in which he will appear during the present engagement are peculiarly well adapted to him. The vaudeville portion of the entertainment will be generous in size and high-class in quality. The play Thursday night will be the sensational comedy-drama, "Down the Slope," followed Friday night by Augustus Thomas' war play, "Surrender," and Saturday night by "The Cannon Ball Express." There will be a children's matinee Saturday afternoon, the play for which will be announced later. Prices for the engagement will be 10, 20 and 30 cents, except Thursday night, when ladies will be admitted and given the best reserved seats for 15 cents, if a lady's ticket is secured at the advance sale before 6 p. m., Thursday.

W. A. Brady presents the very newest of romantic plays "Her Majesty" at Stillman Music Hall, Monday evening, May 14th, in which appears Miss Grace George, a young actress of distinctive personal charm and admirable method. A remarkably brilliant career has been that of Grace George. It has often been told of the thorney path that leads to the apex of success in a histrionic way. However, for this charming young lady it would seem as though the way had been paved with roses. Miss George's performance of the young Queen in "Her Majesty" will be awaited on with interest.

A brand-new candidate for popular favor, "The Queen of Chinatown," which comes to Music Hall Tuesday of next week, has been presented in New York and Philadelphia this season, and in each city played to the full capacity of the house every night. In Philadelphia it appeared in the new mammoth Auditorium, and a special dispatch to the New York Clipper stated that on the opening night the attendance was the largest in the history of the house.

Hearing This Evening.

Thomas Melcher, of the borough, who was arrested Saturday evening last for engaging in a fight on Somerset street, will be given a hearing this evening before Mayor Smalley.

M. Powers, of South avenue, has been confined to his home for several days with rheumatism and a heavy cold. He hopes to be at his place of business in a few days.

The scholars in A. E. Mettler's class at Marconnier chapel Sunday-school have presented Mr. Mettler with a very handsome teacher's Bible, as an evidence of their regards for his faithful service and their love for him as a teacher.

"THE PEOPLE'S STORE."

People of good judgement who want honest, reliable, new, fresh and up-to-date goods, naturally gravitate to our store. 10 years of storekeeping prove to us in a most convincing way that good goods sold on fair margins are bound to attract trade. Our phenomenal success in this city we are able to trace to this and the fact that our establishment has a peculiar freshness, originality and charm about it which places it at once far above the average Department Store. Never before was it quite so well filled, better arranged and more generally attractive. Summer goods are being given prominence at present and your attention is respectfully called to a few items which are already in demand.

Japanese and Chinese Mattings.

These goods we buy of Arnold, Constable & Co., the largest importers of GOOD MATTINGS in this country. Our patterns were all selected while the goods were still on the water and are exclusive. The goods are bright, smooth and thoroughly reliable. A more attractive line is shown by no carpet store. If interested we shall esteem it a pleasure to show them. Grass Twine Matting is a new floor covering and is selling well. It is made of long wire grass woven with colored cotton warp, making a most serviceable and attractive summer carpeting. Piazza Mats in a variety of sizes are also made in the same way.

IN OUR BASEMENT.

Under new management our Basement is becoming more attractive than ever. Filled to overflowing with Summer goods of every description—Visitors are sure to find something to meet their requirements. Brooms, scrubbing brushes, mops, pails, clothes baskets, clothes lines, feather dusters, carpet beaters, whisk brooms, wash boilers, wash tubs, rubbing boards, ironing boards, clothes horses, towel racks, nickle bath room fixtures, etc,, in endless variety.

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 8—The two-weeks-old baby of Bert Taylor, of New Market, died very suddenly yesterday morning from convulsions.

At the meeting of the Piscataway Township Board of Education yesterday, three committees were appointed as follows: One to go to Trenton to confer with State Board on new school law, one for overseeing repairs to Maple Grove School and one for class day which is to be held on June 7. A petition was received from Miss Soper, teacher at Union School asking to be transferred to one more convenient to her home in Metuchen. The residents of the district asked if it could be arranged to have her stay. The matter will be adjusted at a later meeting.

Wallace Beekman, son of the late William L. and Sarah E. Beekman, died at his home on Front street this morning with consumption after a lingering illness, in the ninteenth year of his age. Funeral services will be held Thursday afternoon at 2 o'clock from the M. E. church.

The Borough Common Council met at their regular monthly meeting last evening and transacted routine business.

Miss Emily Apgar, of Front street, has been visiting her daughter, Mrs. H. L. Terry, of Westfield.

Miss Annie Fenner, of Plainfield, was the guest of her sister, Mrs. Harry Swackhamer, Sunday.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 8—A special meeting of the Exempt Firemen's Association was held last night to take action on the death of Mayor George Kyte, who was a member of the organization. The meeting was presided over by John Robison, president of the association. W. R. Stanbery was elected secretary pro tem, Mr. Kyte having filled the office of secretary when alive. It was decided to drape the firehouse in mourning, and that the members of the association should attend the funeral in a body. The following resolutions of condolence were adopted by the meeting:

WHEREAS, On Saturday, the fifth inst. the people of the county of Union, the communities of Scotch Plains and Fanwood, in which he had long lived, and particularly the members of this association, with which he had for years been connected as an original member and our most efficient secretary, were shocked by the announcement of his sudden death.

Endeared to us especially by our long intercourse with him in the affairs of this association, in which we witnessed his devotion to its interests and his painstaking discharge of his duties as one of its officials, we cannot too strongly express our deep regret at his decease, feeling that in this blow one of our pillars, upon which we most depended, has been removed from its place.

As a member of our Township Committee, as a Freeholder of the county, as Justice of the Peace, as our representative for three terms in the Legislature, as Sheriff of our county, and at the time of his death the Mayor of the borough of Fanwood, his record has been beyond reproach, and we can say in all truth and sincerity as he passes from among us and we lay our chaplet of remembrance on his grave, "Farewell, good and faithful servant." Therefore be it

Resolved, That we in special meeting assembled, appreciating the sorrow that this sad event has brought upon his widow, family and relatives, convey to them our deep regrets and respectfully tender them our sincere consolations in their bereavement.

Resolved, That the secretary, pro tem, be directed to transmit a transcript of this paper to the widow of our departed friend, and also insert a copy thereof in the minutes of this association W. R. Stanbery,
Sec'y pro tem.

Funeral services of the late Sarah Clark, who died at the home of her grandson, Ernest Clark, of North Plainfield, were held from her late residence this morning at 10 o'clock, Rev. C. C. Woodruff, of the Methodist church, officiating. Interment was made in the family burial plot at New Providence Mrs. Clark was the mother of Benjamin Clark, member of the North Plainfield Township Committee, and was one of the oldest residents in this vicinity, being in her eighty-third year.

Fanwood Council, R. A., will hold an important meeting in their rooms this evening. Business of great importance will come before the meeting and Regent Collins desires a large turnout of the members.

Wm. E. Collins and Wm. R. Buckley are attending the session of the Grand Council of the Royal Arcanum, being held today at Lakewood.

Charles Calloway, who has resided on Terrill road for several years, has removed to Philadelphia, Pa.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 8.—Albert Gabriel, aged 55, died suddenly at his home, 66 East High street, Saturday. The funeral was held this afternoon from her late residence, Rev. Dr. E. G. Read officiating. The remains were taken to East Millstone for interment.

The election for commissioners yesterday resulted in the election of the ticket nominated Saturday by the following vote: James J. Bergen, 130; Wm. H. Taylor, 137; John Gernert, Sr., 137; John B. Osbourn, 134; A. G. Anderson, 136; John Hardgrove, 135; C. A. Houston, 133. For $2,500 for street lights, 134; for $1,000 for sewer fund, 129; for $500 for increase in policemen's pay, 129. As there was no opposition to the nominees or the appropriations the election passed off very quietly. Theo. J. Hoffman was judge of election, and Wm. R. Sutphen was clerk. The polls were open from 4 to 7 p. m. The ones most pleased over the result are the policemen, as it means $10 more a month to them.

Postmaster Cooper is having various changes made in the interior arrangements of his office. A partition has been put up between the carriers' quarters and the rest of the postoffice, a carriers' delivery window has been put in and the stamp window moved to the money order window. A large number of new letter boxes have arrived and are being placed in position.

"Bert," the young son of M. N. Porter, United States Express agent here, had a leg broken Monday. He was catching on a milk wagon, when he fell between the wheels and the wagon passed over his leg, breaking it above the knee. Drs. Flynn and Swinton set it Monday afternoon.

The merchants of Somerville will run a free excursion on the Central, from High Bridge and intermediate points, and on the Rockaway Valley from Mendham and intermediate points, Saturday, May 26th. Somerville is anticipating a big crowd on that occasion.

Mark Dooley, of South Somerville, died Saturday from consumption, aged 42. The funeral was held at the Church of the Immaculate Conception Monday, and the remains were interred in the new cemetery.

Mrs. M. H. Giles, of Bound Brook, who has been taking care of her daughter, Mrs. F. M. Messler, has returned home, the latter having recovered from her recent illness.

The Arion Drum Corps gave an entertainment at Somerset Hall Monday night, which was very creditable.

Mr. Doane, son of ex-Chief Doane, of Plainfield, was in town Monday on business.

Dennis S. Wyckoff spent Sunday at Millstone.

Fred G. Thomas drove to Clinton Sunday.

WESTFIELD.

(Special Correspondence to The Press.)

Westfield, May 8.—The first wheelman to be arrested for violating the bicycle ordinance was Ralph Collins, son of Justice of the Peace Collins, who is booked to try such cases, but he did not preside Saturday evening. Young Collins was arrested by Policeman Woodruff for riding Friday evening without a light. He was fined $1, which he paid.

Charles Embleton, the fast young bicycle rider from Westfield, did himself proud yesterday at Vailsburg where he won the half-mile "Flyaway" amateur handicap in the fast time of 59 1-5 seconds, riding against such men as Jacobson, Lake, Kreve, Sullivan, Krebs, Collett, King and Bleeker. Embleton has decided to make a business of bicycle racing and will enter all the amateur events at Vailsburg and Manhattan race tracks.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 8—Some people favor building the new schoolhouse on another lot besides the one now occupied for school purposes. They claim the old lot is too small to build a $6,000 house on.

Rev. Mr. Lane, of New Brunswick, will deliver a lecture at the Baptist church tonight and tomorrow evening. The lectures will be of a Biblical nature, and will be illustrated with stereopticon views.

The cellar wall for Mr. Loizeaux's house is up, but by some miscalculation it is not built on a line with the street and will have to be torn down and rebuilt.

Mrs. Young and Ratie Genoa spent Sunday at Pattenburgh with relatives.

Dan Laing is slowly improving after a tedious illness with measles.

Patrick Kane was at home over Sunday.

AGUINALDO NOT DEAD.

Filipino Leader Said to Be With the Northern Army.

MANILA, May 8.—General Young reports that Aguinaldo has rejoined the rebel General Tino in the north and that they have reassembled a considerable force in the mountains.

General Young desires to strike them before the rains and asks for re-enforcements.

The tenor of the dispatches indicates that General Young is confident that Aguinaldo is with Tino, and it is presumed they are planning to resume fighting.

Company F of the Forty-seventh regiment met and routed a band of the enemy between Legaspi and Riago, province of Albay, April 13. Two Americans were killed and five were wounded, including two officers. The Tagals lost heavily.

Disturbing conditions around Legaspi and Sorsogon continue to be reported.

Two rebel attacks on the American garrisons in the Viscayan islands recently have resulted in the killing of 280 of the enemy and the wounding of two Americans.

At daybreak May 1 400 rebels, 100 of them armed with rifles, attacked Catarman, in northern Saonar, in the vicinity of Catubig. F company of the Forty-third regiment was garrisoning the place. The enemy built trenches on the outskirts of the town during the night and fired volleys persistently into it until the Americans, charging the trenches, scattered the Filipinos and buried 155 of them. Two Americans were wounded. This attack was precipitated by the enemy's recent successful fight at Catubig. The garrison of Catarman has been removed to the seaport of Laguan.

CONDENSED DISPATCHES.

Ex-Congressman David B. Culberson died at Jefferson, Tex.

An attempt to cause an explosion was discovered at the Paris fair.

Mme. Bernhardt will make a six months' American tour next season.

Thirty-eight persons were injured in a railway accident between Sevres and Chaville, France.

Advices from St. Kitts said the island was in a terrible financial condition owing to the shortage of the sugar crop.

A sensation was created at the Methodist general conference in Chicago by the statement of a delegate that the conference organ, The Daily Christian Advocate, was sold on Sunday.

Officials For Hawaii.

WASHINGTON, May 8.—It is understood that the president has practically decided upon John C. Baird of Wyoming as United States attorney for Hawaii and Daniel A. Rey of Illinois as United States marshal. The internal revenue officials are taking measures to extend to the islands the internal revenue system of the United States, and the probabilities now are that they will be made a part of the first collection district of California, with a deputy stationed at Honolulu.

American Minister Decorated.

WASHINGTON, May 8.—Herbert W. Bowen, United States minister and consul general at Teheran, Persia, has had conferred upon him by the shah of Persia the decoration of "the grand cordon of the Lion and the Sun." The decoration is one of the first class and came as a surprise to Mr. Bowen. Before he can accept it permission must be granted by congress.

The Syracuse Investigation.

ALBANY, May 8.—Governor Roosevelt has designated Justice Wilmot F. Smith of Patchogue, N. Y., formerly district attorney of Suffolk county, to preside at the session of the special grand jury which will sit in Syracuse May 31 to investigate the charges of municipal irregularities in that city contained in the report of the special committee of the assembly.

Social Scientists Meet.

WASHINGTON, May 8.—The general meeting of 1900 of the American Social Science association has begun here and will continue through Friday. The meeting promises to be an unusually interesting one. A large number of papers are to be read, many by persons prominent in the discussion of questions relating to social progress.

Much Worn Out Currency.

NEW YORK, May 8.—One of the largest shipments of worn and mutilated currency ever turned in for redemption by the New York subtreasury was made yesterday, when $1,300,000 of all kinds and denominations of bills was forwarded to Washington. It indicates the return of currency from the country.

MILLINERY.

It pays to take a little time over the selection of your hat, it's a momentous question. We have adepts whose services are at your disposal. This is one of our strong points, another is the greatest variety of hats to select from, with constant additions from day to day—new fancies—new ideas—inventions—little nobby effects that add style and dash. It's the Millinery Store, par excellance.

7.50 Trimmed Hats for - 5.00
10.00 Trimmed Hats for - 8.00

WOMEN'S TAILORED SUITS, $9.00.

A most popular lot and deservedly so. You could't buy the materials for the price we ask for a complete suit ready to step into and wear if you like. All the worry skipped and a nobbier, better fitting suit than nine dressmakers out of ten would make for you. Materials are cheviots and homespun. Jackets are fly front or tight fitting and silk lined. Skirts are the newest shape and are lined with percaline. Other stores ask 12.00 to 16.50 for no better.

SHIRT WAISTS AT 98c.

Materials are good quality lawns, percales, ginghams and madras in new effects. Some are trimmed with pretty patterns of insertion, others are tucked yokes. All are made with the new French yokes and beautifully finished, about twenty different kinds. You have paid 1.25 and 1.50 for no better waists.

WASH GOODS AT 15c per yd.

The materials are Scotch dimities, foulardines and fine lawns. The range of colorings and patterns is very extensive and many of the effects are entirely new. This is a most worthy collection. Other stores ask 18c for precisely the same goods.

Save your cash purchase checks and when they amount to $25.00 bring them to us and we will give you one dollar's worth of merchandise in any part of the store.

Bayern.

München. Mit Bewilligung des Staatsministeriums des Inneren wird in München ein ständiges Museum für Arbeiterwohlfahrts-Einrichtungen gegründet. Das Museum wird sich auf Unfallverhütung, Gewerbehygiene und Wohlfahrtsverhältnisse sonstiger Art, Wohnungswesen u. s. w. erstrecken.— Dieser Tage erschoß sich in seiner Wohnung der Kunstmaler Heinrich Ruland. Er war seit längerer Zeit krank.

Augsburg. Die beiden Gemeindekollegien haben 5000 Mark bewilligt, um Gewerbetreibenden den Besuch der Pariser Weltausstellung zu ermöglichen, und zwar drei Fünftel für selbstständige Gewerbetreibende und zwei Fünftel für Gehilfen.

Bamberg. In der hiesigen Aktienbrauerei „Hofbräu" fiel der verheirathete Taglöhner Josef Rau von Wadendorf beim Einschaufeln von Trebern kopfüber in einen 60 Centimeter weiten, schräg abfallenden Schacht auf die Eisenspitzen einer Auslaufwalze und wurde förmlich erdrosselt.

Monheim. Anhier wurden zwei gefährliche Spitzbuben, nämlich der Händler Karl Becker von Kaiserslautern und Thomas Hartenstein von Solnhofen, verhaftet. Sie führten Brecheisen, Dolche, zwei Revolver mit großem Munitionsvorrath, Signalpfeifen, Feldstecher und namhafte Summen baaren Geldes bei sich. Ein dritter Spießgeselle entkam dem Gendarmen. Wahrscheinlich hat man die Diebe gefangen, die in der Salzner'schen Wirthschaft in Weißenburg einen Einbruch versuchten und bei dessen Vereitelung von Schußwaffen Gebrauch machten.

Nördlingen. Der Prinz-Regent hat für das im heurigen Jahre stattfindende 500jährige Jubiläum der hiesigen Schützengesellschaft als Festgabe einen aus Silber hergestellten prachtvollen gothischen Pokal gespendet.

Nürnberg. Der verstorbene Fabrikbesitzer Philipp Kasimir Krafft, der schon bei Lebzeiten Stiftungen im Betrage von 80,000 Mark errichtete und auch sonst viele Wohlthätigkeitsanstalten mit Spenden bedacht hatte, hat jetzt in seinem Testament 150,000 Mark für zwei Stiftungen zu gemeinnützigen Zwecken bestimmt.

Unsleben. Im Elsgrund hat sich ein Komite gebildet behufs Erbauung einer Bahn durch den Elsgrund von Unsleben im Anschluß an die Hauptbahn Schweinfurt-Meiningen nach Bischofsheim v. Rh. und Gersfeld. Die Bahn wäre für den Elsgrund mit seinen vielen und reichbevölkerten Ortschaften von hoher wirthschaftlicher Bedeutung.

Wasserburg. Die Leiche des seit 30. März abgängigen Bauers Peter Voit von Loding bei Wasserburg wurde letzter Tage in einem Walde zwischen Oberfur und Amevang aufgefunden. Nach ärztlichem Gutachten ist der Tod durch Erfrieren eingetreten.

Würzburg. Für die verwundeten Buren gingen bei dem hiesigen Kreisausschuß des Frauenvereins vom Rothen Kreuz von den Zweigvereinen im Ganzen 1796 Mark ein.

Aus der Rheinpfalz.

Landau. Der verstorbene Adjunkt Heinrich Koch hat der Stadt, dem Waisenhaus und dem Gustav Adolf-Verein je 40,000 Mark und dem Diakonissenhaus 60,000 Mark hinterlassen.

Ludwigshafen. Seit 29. Dezember v. J. wurde ein junges Liebespaar von hier, der 21 Jahre alte Magazinier Jakob Harbard und die 18jährige Ladnerin Barbara Kunz, vermißt. Jüngsthin wurden die Leichen der beiden Liebenden zusammengebunden an der Hemshofschachtel geländet.

Zweibrücken. Neulich erschoß im Luitpoldpark der verheirathete Oberlieutenant v. Brückner die Frau des Hauptmanns Hanftingl und hiernach sich selbst. Ein Liebesdrama fand damit seinen blutigen Abschluß.

Württemberg.

Stuttgart. Hierorts starb der hervorragende Pädagoge und Philologe a. D. Dr. Max v. Planck, der bis vor drei Jahren der Leiter des höheren württembergischen Schulwesens gewesen war. Wegen seiner Verdienste wurde ihm der einem Schulmanne nur selten gegebene Titel und Rang eines Präsidenten verliehen.

Oberthal. Der Kirchengemeinderath Johann Finkbeiner hat in einem Anfall religiösen Wahnsinns zwei seiner Söhne erwürgt und seine alte Mutter schwer verwundet. Auch seiner Frau und seinen übrigen fünf Kindern trachtete der Todsüchtige nach dem Leben; doch gelang es der geängstigten Frau, sich mit ihren Kindern noch rechtzeitig aus dem Bereich der Fäuste des Wahnsinnigen in Sicherheit zu bringen.

Röthenbach. Im Eigenthum und Selbstbetrieb der „Versicherungsanstalt Württemberg" ist dahier ein Genesungs- und Erholungsheim eröffnet worden. Das Heim soll erstens Rekonvaleszenten aufnehmen, zweitens solche Versicherte, bei denen es sich um klimatische, diätetische und ähnliche einfachere Kuren handelt.

Ulm. Der Vertrag der Stadt Ulm mit dem deutschen Reiche über die Stadterweiterung und Niederlegung des inneren Walles ist vom preußischen Kriegsministerium genehmigt worden. Es kann nun die Bebauung des zwischen der Bahnlinie nach Heidenheim und der Donau gelegenen Geländes beginnen.

THE PRETTY MAID.

"Where are you going, my pretty maid?"
"I'm going to Harker's store," she said.
"What will you do there, my pretty maid?"
"I'll get great bargains, sir," she said.

He sells magazines at the publishers' price,
And his store is just delightfully nice.
He has pretty inkstands and paper weights,
Alphabet blocks and transparent slates.

He has all the popular novels, too,
And special books he'll get for you.
He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.

He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.

He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

Many Pretty Novelties to Be Seen in the Stores

Hundreds of Little Accessories That Add to the Brilliancy of the Season.

BUT a few days ago I started out to study the gowns and hats and fashions in general in the shops, and when I had finished with my little expedition I began to realize that I had seen hardly a single gown or a hat, but I had seen hundreds of just the dearest little novelties in every store.

The season in dress, as I have written before, promises to be an unusually brilliant one in gowns and hats and light wraps, but brilliant as all these are, they are not beyond the point where the little accessories with which

OF BLACK SATIN WITH WHITE LACE FRILLS.

the stores are full to overflowing may add a dainty touch.

I never could mention the half of all the pretty things that I saw, in fact I never could remember the half of them, but here are a few:

There were many designs in embroidered all-overs and lace all-overs for fancy sleeves and gimps; new designs in white calf, seal and patent leather belts, with gold, silver, metal and jeweled buckles, and draped belts of panne velvet and wide sash ribbons finished with rosettes or large buttons; a great amount of sterling silver

jewelry, representing antique coins, including brooch, scarf and belt pins with shirt waist sets to match and sleeve links. Then there were lovely lace stocks, with frills of silk, and lace stocks with bias folds of colored velvet; long scarfs and sashes of soft crepe de chine, some plain and others having figures with knotted fringe ends. Lace, chiffon and net fichus also attracted my attention because of their beauty. They have narrow black velvet ribbon run through beading or meshes, and others have scrolls of white taffeta silk appliqued in various ways with narrow ruched ribbon.

In parasols one of the most striking novelties was one of silk in a Parisian design with a border like a handkerchief. This was almost square, with a deep frill of ribbon around. Still another striking parasol was of heliotrope silk with clusters and rows of white ribbon almost covering it, and a deep fall of white mousseline de soie. A third was of cardinal silk with applique of black French lace. A fourth was of turquoise blue silk with gold and silver passementerie, and a fall of duchess lace all around.

Of handkerchiefs there is no end of variety and all of the daintiest and sweetest designs. They are of fine sheer linen with narrow borders, and in the corners hand embroidered with daisies, pansies, forget-me-nots and clusters of ferns in their natural colors. Others are of sheer linen plaids in blue and white, red and white and heliotrope, and buff and white, with narrow borders the color of the predominating plaid.

In chain purses there are many beautiful novelties, and they are quite a fad for the summer season, and with good reason. I saw them in sterling silver in the bright and French gray finish, gold and oxidized metal. Some of them were studded with jewels, the amethyst, rubies, emeralds and turquoise being the seeming favorites. One can get them in all sizes.

The fancy gloves caught my eye as soon as I reached the glove department. They are in silk, kid and suede, and fine ones. In design they are made much longer than formerly and are made to be worn with the short sleeves that will be a feature of the summer season. In colors there are light pastel shades and white and black, with fancy wrist embroideries, and lace or velvet stripes between. The gloves intended for ordinary wear the colors are tan, wood, browns and gum shades.

One of the really new novelties is the neck belts, little narrow affairs to be worn on high stock collars and fastened with the daintiest of little belt pins that are also a new novelty, made necessary by the introduction of the belts themselves.

One of the unique novelties in pocketbooks is a little affair in seal, made with a compartment for a handkerchief, and over which the flap fastens exposing the handkerchief at either end. These are finished with corners and clasps of either silver or gold.

The fans that are being shown are in sheer gauzes, white satins embroidered with ivory sticks, real duchess lace with sticks of mother of pearl, black gauze in oriental effects with ebony sticks.

There are many ornaments for the hair being shown, all of which are destined to adorn the new spring and summer coiffures. They are of the usual materials of tortoise shell, gold or silver, and some of the more elaborate and expensive are studded with jewels.

To all of these novelties I must add a description of a couple of charming gowns that I saw on the avenue on last

OF OLD BLUE METER CREPE.

Sunday. The first was an all-wool camel's cloth in a light tan color, showing very small rough dots that were arranged effectively. The skirt was made with a double box plait in the back, the front and sides having an applique of lace with fringed ends. A tight fitting bodice with strappings of the material around the waist line, and the lace over the shoulders, and for a high stock.

The other one was of old blue meter crepe in which was interwoven a beautiful brocade design in white and the old blue. The skirt had a plain

A NOVELTY COLLAR AND BOW.

panel down the front with side plaits extending to the back. A vest of guipure lace with a short bolero of old blue panne, and the guipure lace over. The upper half of the sleeves was covered with the lace.

IN THE PUBLIC EYE ABROAD

Statistical and Historical Data Bearing on the News of the Day from Foreign Lands

The Famine Stricken People of India.

Aside from the war in South Africa the great topic of public interest is the famine in India. The distressing conditions in that country continue to grow at a rapid rate, and were it not for the war in which England is engaged the English people would be pouring immense sums for the care of the starving into the stricken country. Even as it is England is doing fairly well toward the starving people in her great eastern colony, and many thousands of dollars are being distributed daily to the suffering millions.

Some of the causes of the present famine, and something of the prospects for relief with the coming seasons of new crops, may be read with interest.

The southwest monsoons (upon which the animal and vegetable life of India substantially depend), laden with the moisture of the Indian ocean and the Arabian sea, break in June upon the Malabar coast and for three months flood India with a rainfall averaging about 100 inches. The rains of the last monsoon proved from a half to a total failure, and famine was then threatened to a large portion of the country. It was still hoped that the autumnal crops of southern India might be saved by a good northeast monsoon in November, and in central and upper India by early abundant winter rains. The normal time for winter rains has long since passed by. On the east coast the usual rains in November and December, which are termed the northeast monsoons, but in reality attend the withdrawal of the monsoon current from the Bay of Bengal, failed to a very large extent. Elsewhere throughout India, abnormally high day temperatures were unaccompanied by the usual dews at night, while the cold weather has been extraordinarily rainless, in so much that only during the last few days of January were there any signs of the winter showers. These conditions have still further injured the autumn crops and diminished the prospects of a spring harvest, thereby greatly enlarging the affected area and intensifying the distress.

The rice crop of Burmah and Bengal has fully realized expectations and constitutes a great reserve of food for the rest of India. The northwestern provinces and Oudh have successfully sown their winter crops, which have been greatly benefited by rain in the past week. In Madras and Mysore, the abrupt disappearance of the monsoon was a great disappointment. The harvest will be indifferent over large areas, but, except in a few places, no distress requiring relief is anticipated here. In the irrigated or inundated tracts of Sind and the southwest Punjab, the crops will be somewhat short, owing to the contracted area of inundation by the Indus and its tributaries, due to diminished volume of water in the canals, but the shortness will be comparatively small. These tracts will, as in former years, yield food in excess of local requirements and will profit from the misfortunes of their neighbors.

The famine district embraces the greater part of Bombay presidency, most of the Nyzam's dominions of Hyderabad, the western half of the central provinces, the western states of central India, the entire part of Rajputana, the southeast Punjab, and a large portion of the native states of Cutch and Gujarat. The true famine area in British India and the native states is thus about 380,000 square miles, with a population of 40,000,000. There is a further area of about 145,000 square miles, with a population of 21,000,000, in which more or less scarcity and distress prevail, where relief is being given in a tentative form. Thus, the area and population affected by the drought is larger both in British territory and the native states than was anticipated in October last. As a whole, the autumn harvest of 1899 was the worst on record for many years, while the present spring harvest on unirrigated land occupies little more than half the area sown in either of the last two years.

Agricultural prospects are growing gloomy, and the water famine increases in intensity. Lord Curzon, the viceroy of India, in an address to the imperial legislative council on the 19th of January, called attention to another feature of the present distress. During the famine years of 1896-97, the whole external world seemed to share India's sorrow and contributed to alleviate its distress. The attention of England was then turned upon suffering India, and hundreds of thousands of pounds were contributed by generous hearts. Now, the thoughts of almost every Englishman throughout the empire are fixed upon the war in South Africa. It would be too much to expect that England can again come to the rescue as splendidly as she did in 1897, and it seems clear that India must fight the plague and famine with her own means.

MAP SHOWING THE FAMINE DISTRICTS OF INDIA.

The Miners' Strikes in Austria.

Austria, perhaps, has never witnessed a more determined contest between capital and labor than that which is now going on in the coal districts of her three northern provinces—Bohemia, Moravia and Silesia—where from 60,000 to 70,000 mine operatives have for several weeks been on a strike for a reduction of working hours and an advance of wages, as well as for redress of various minor grievances. The production of coal has been almost entirely stopped by this strike, and, although there have been so far no tumultuous gatherings nor indications of violence, the situation is nevertheless most serious. The scarcity of fuel is not only paralyzing many important industries.

There was for some time previous to the actual outbreak of hostilities a widespread dissatisfaction among the miners. They objected especially to the length of their shifts, the existing rules regulating contract work and the condition obliging them to furnish their own light in the pits. They also complained because they were compelled to buy coal for domestic consumption.

A marked spirit of solidarity prevails among the strikers. All the concessions thus far have been made by the employers, and there is in labor circles a firm belief that the strike will end in a complete victory of the eight-hour movement. The government, which owns and operates a number of coal mines in Bohemia, has already caused its operatives to be informed that with the beginning of the year 1901 the uniform duration of a shift in any of its mines will be only eight hours. The other mine owners, however, have so far refused to make a similar concession. At present, of all the persons employed at the government's collieries, 47.7 per cent. work ten hours per day, 22.4 per cent. work eight hours, 11.4 per cent. work 12 hours, 9.5 per cent. work nine hours and nine per cent. work 11 hours; average, 9.76 hours.

The following table shows the average wages paid during the past 20 years:

Year.	Number of working days.	Average daily output of coal per employe.	Average daily earnings. All employes, including women and youths.		Adult miners.	
		Tons.	Cr'ns		Cr'ns	
1880	.....	1.6	2.48	$0.50	3.24	$0.65
1885	.....	1.79	3.03	.61	4.14	.84
1890	.....	2.13	3.28	.66	4.40	.89
1895	295.75	2.59	3.58	.72	4.58	.93
1898	288.8	2.41	2.76	.70	4.90	1.00
1899	293.6	2.33	3.80	.77	5.02	1.02

The output of coal in the various districts affected by the strike was 28,000,000 tons in 1899, or more than two-thirds of the entire production of the Austro-Hungarian monarchy.

Some Reminiscences of Two Famous BILLIARD Players

IT MAY be that before long the greatest billiardist that the world ever knew will be unable to execute his marvellous shots. The health of Wizard Jacob Shaefer has become so poor that his enforced retirement from the field of billiards is daily expected. Recently Shaefer entered a balk-line tourney, played one game, averagd over 15 when he was so sick that he could scarcely walk about the table and then gave up the task. The tourney had to be postponed on account of the star "scratch man."

Shaefer has been prominent as a billiardist for over 30 years. There have been more changes in the game since he went into it than in any other sport that he knows of, he says. Schaefer might have made a success at baseball had he stuck to it, and in this respect he furnishes a strange parallel with the late Frank Ives, who was only persuaded to stick to billiards and leave the green diamond for the green cloth by the lecture that he received from a veteran baseball man. But, sad to say, Mr. Schaefer has not been able to accumulate, or rather save, as much money during his career as the world's greatest expert with the ivories as he would have done had his heart been a little smaller. Being a "good fellow" has cost the wizard so many thousands of dollars that when he lays down the cue as a player he cannot step into a billiard hall with palatial fittings and watch would-be aspirants for honors walk up to the desk and pay for their time spent in billiards. George Slosson, who has been the good natured rival of Schaefer for so many years, seems to have been more frugal. He is buying new billiard halls and going up in the financial race, while his old-time opponent is going down.

Robbed of its sentiment, the bald fact is apparent to followers of billiards that "Jake" must soon quit playing. His health may be good enough to insure him many years of life, but should he recover his health he will scarcely be able to play much billiards, to say nothing of participating in great matches.

"Who will take the place of Schaefer?" ask the critics. Some venture to say that if Slosson decides to keep out of the game as a participant that George Sutton, the Canadian, will be the leader of the players who have mastered 18-inch balk line. It was with feelings of sadness that I recently talked to the "Wizard" about the development of the game. He impressed me at that time with his own melancholy view of the future.

"I think that the limit of the advancement of the game in open table play has been achieved in the 18-inch game," said Schaefer. "So great have been the changes in billiards since I became a player, yet so consistently and naturally have these radical changes been made that only those who have played during two decades or more can tell accurately the real effect on the participants. William Sexton, whom I consider was one of the very best players of his time, could he play against a so-called shortstop of the third rate division, would be beaten to-day."

Right here let me say that Schaefer is the only one of the great players who will say of another player: "He played that shot right." If the man under discussion happened to do something better than his tutor, Schaefer, had been able to do it. The other fellows are inclined, under those conditions, to ascribe success to a fortunate accident. Schaefer ignores himself when discussing Ives, the "Young Napoleon," whom he taught billiards of a championship nature, and unhesitatingly declares that Frank Ives at the time of his untimely death in Mexico last August was the real champion of champions.

"The most promising men in the shortstop division," continued the Wizard "have not kept abreast with the changes in billiards. Why? I do not know, except that the skill of some men in 18-inch billiards is born with them and is only brought out by practice. Sutton is the best of the coming billiardists, in my estimation. Morningstar, McLaughlin, Maggioli, Catton, Carter and Gallagher are good players. Just how Slosson and myself succeeded in doing what the others did not do—keeping abreast with the changes—I cannot tell. But the fact remains that we are in a class by ourselves. There should be a great tournament now that would fix the status of the shortstops, so that if I am compelled by my health to retire, and Slosson no longer cares to contest, owing to my retirement, there should be some one to take up championship honors."

THE LATE CHRISTIAN BIRD.

JACOB SCHAEFER.

In this connection I might say that Clarence Green, the most enterprising young friend of billiards in America, has in view just such a tournament as Schaefer has proposed, and if it is possible to bring it about he will succeed. Mr. Green thinks that Sutton is about the best of the shortstops, and the man who might take the place of the top notchers if a new pitcher is sought for 18-inch balk line.

I dare say that the recent death of Christian Bird, who was over 80 when dissolution came at his home in Philadelphia, recalled nothing to the average present-day followers of billiards. But the old-timers remember Mr. Bird as a man having more than a national reputation as a promoter of billiards, and a great player long before the civil war—long before Rudolphe, Garnier, Dudley, Kavanagh, Jahn McDevitt, the Dions, etc., were famous. Mr. Bird began to take an interest in billiards when 12 years of age. He was a room keeper half a century ago. During the Centennial he managed the professional tourney.

In the first state tourney that Philadelphia ever had Mr. Bird rated so well that he became an expert, and traveled with Michael Phelan, the pair giving exhibitions throughout the country.

John Creahan and other veterans like Tom Foley and Rhines have heard and accepted the statements that it was Bird who invented the combination cushion that was the best ever known in its day. He also was the first man to use leather tips on cues used in Philadelphia, and as the creator of the National Billiard association, he was the first room keeper to go into a court of record and begin a crusade against the habit of unscrupulous saloonkeepers permitting pool for drinks. There was a bitter fight, but the lawyers for the saloonkeepers were all at sea when cross-questioning the principal witness, who said then—18 years ago—that he had been 52 years in the billiard business. Pool for drinks is denounced everywhere as a debased form of sport, and the men who have done the most for the elimination of the dirty cellar-like poolroom where a bartender distributes brass checks good for so much in trade at the bar to the young men who play billiards and pool, say that the late Christian Bird should have a memorial dedicated to him.

I am indebted to John Creahan for a little anecdote that describes the independence of Mr. Bird when he was a wealthy room keeper. It seems that the veteran wished to conduct his place as he had managed it years before—he did not care if he was a generation behind the times. When the majority of roomkeepers were discarding their big tables and getting 5x10's for their 5½x11's, Bird made up his mind to change from 6x12 to 5½x11.

One day the late T. W. Wagner, well known as a manufacturer, went to Mr. Bird's room and expostulated with him about his folly in sticking to the large tables while other billiard roomkeepers were getting 5x10 tables. His remonstrances were heard by Mr. Bird with patience. When the manufacturer had concluded, Mr. Bird said:

"Theophilus, who is paying for the things in this world? Do you pay for my tables, or do I pay for them?"

"Why, you pay," stammered his friend. "If you want tables 5x20, say so, and I'll make them for you." But Mr. Bird never ordered them quite that large.

Boer Ambulance Wagons.

The British ambulance wagons are very inferior to those possessed by the Boers. The latter are made to accommodate eight wounded men, while those possessed by the British troops only accommodate two. Moreover, those of the British are very heavy and without springs; consequently when moving over rough ground, the jolting is very distressing, and causes the sufferer a great deal of unnecessary pain.

Cities a Century Ago.

There were only five large cities in America in 1800. Philadelphia, with 66,000 was the largest, the seat of government and the center of wealth and culture. New York was next, with 60,000. Baltimore was third, with 26,500; Boston fourth, with 25,000, and Charleston, S. C., fifth, with 19,000 people.—Ladies' Home Journal.

SPORTING.

ON THE DIAMOND

The Arion baseball team of the West End have elected Claude Roseberry as captain.

The baseball craze has struck the Gypsy camp on Mountain avenue. Sunday the dusky Roumanians formed a team and defeated a nine from Plainfield.

The team from Leal's School will play a short practice game on the Washington avenue grounds tomorrow afternoon with the North Plainfield High School team. It is probable that only five innings will be played.

The Plainfield Juniors defeated the North Plainfield High School Seconds Saturday by a score of 21 to 2. The batteries were: Juniors, Trotter and Bird; North Plainfield, Stevens and Cooley. The game was played on the old cricket grounds.

Two baseball games are scheduled to be played on local diamonds next Saturday. The Plainfield High School will meet the Arion A.C. team on Martine Common, while the Leal School nine plays the team from the East Orange High School on the Washington avenue grounds. So far the Leal School boys have found no one to defeat them and they have played all the neighboring clubs. Their trial of strength with the East Orange boys will therefore be watched with interest.

The advent of the Alis Athletic Association on the diamond this season is another sign of the renewed popularity of the National sport. The Alis boys will be the nearest to a representative team for the city if they play as good baseball as they did football last fall. They won a decisive victory over the North Plainfield High School boys last week. While the latter team was undoubtedly handicapped by the absence of several of their best players, the Alis team is the stronger of the two. A meeting between the Alis nine and the Leal's School boys is now greatly to be desired. With a little more practice, the Alis team ought to be able to have a good show with the Leal boys. Whether they will win or not is a question. Most of the opponents of the crack school team have heretofore been afraid of the Leal School team when they met. Such will not be the case with the Alis boys. They have a great amount of confidence in their own ability to win and that is likely to make a difference in the end.

CYCLING COMMENT.

Williams and Mills, the famous western tandem racing team, rode from Port Oram Sunday and called on their old friends, Fred Firstbrook and Fred Huff, of Liberty street. They are known through the west for their fast and trick riding.

The "White" bicycle, the King of wheels, chain and chainless, and the Barnes "White Flyer" sold by G. H. Kenyon, 315 West Front street, are great sellers this year. They stand the most severe test, as they are made of the best material and sold on honor. The "Dixie" one of the best wheels in the market, $25, is also sold here. Mr. Kenyon also handles all kinds of specialties and he has one of the finest repair shops in the State. You will be treated with every consideration at this well-known cycle house.

ROD AND GUN.

James Stansfield, of Garwood, landed a twenty pound cod at the fishing banks Sunday with rod and reel. This is considered a great feat by local fisherman.

ROUTINE BUSINESS IN COMMON COUNCIL.

[CONTINUED FROM PAGE 1.]

the sewer beds, he reported that an opinion is expected in June from the Supreme Court.

Mr. van Herwerden offered resolutions transferring $1,000 from the general to the fire fund, and that Collector James A. Martin be appointed delinquent tax collector.

Mr. Tolles reported that the Board of Freeholders had informed him that they would erect a bridge over Cedar brook on Johnston avenue. There was a dispute over this matter, as the Board was of the opinion that the city had no jurisdiction over this street and could not therefore do work on it as it was a county road. Mr. Tolles also reported on the petition to macadamize West Second street between Central avenue and Liberty street, and stated that when the property-owners and the Jersey Central Railroad Company shall have paid into the city treasury the sum of $400 the city will macadamize the street.

Mr. Buckle offered a resolution providing for an appropriation of $300 with which to purchase summer uniforms for the police and to purchase a bicycle for Patrolman Mattox.

Mr. Mellick reported favorably on the petition for an electric light at the corner of Sixth street and Central avenue, and the same was granted. Mr. Lee offered an ordinance regulating the City Industrial Home and providing that the inmates shall do as much work as possible about the home and thus save extra expense. Mr. van Herwerden moved that the Telephone Company be given instructions to move the city 'phone from the former Chief of Police's office to the City Clerk's office.

When Council adjourned it was to meet next Monday evening at 8 o'clock.

Not Expected to Live.

Miss Edna M. Smith, of Grove street, is critically ill with a complication of diseases. Scarlet fever and diphtheria appeared first. Pneumonia developed yesterday. A consultation of physicians was held last night. At 2 o'clock she was sinking rapidly, and, it is feared, will not recover.

Felt Insulted.

John Motley seriously objected when Patrick Dunavan butted him in the face Saturday evening. Arraigned before City Judge Runyon yesterday Motley explained that he had been insulted about family affairs. He had a good record so the Judge suspended sentence.

Sisser Against Bock.

The suit of James Sisser against Chris. Bock will be tried before Justice Sutphen, of Somerville, Thursday, when a most interesting time is expected. Alvah A. Clark represents Mr. Sisser, while Craig A. Marsh represents the defendant.

Entertained Thistle Club.

The Scotch Thistle Club, of this city, was entertained by Mr. and Mrs. David Bowden, of West Fourth street, last evening. The time was passed very pleasantly in singing and listening to stories of the land of the heather.

To Elect Church Trustees.

A special parish meeting will be held at the First Baptist church tomorrow evening to elect two trustees. One in place of John D. Runyon, who died recently, and the other in place of Martin I. Cooley, who cannot serve.

Curbs Must be Reset.

In testing the grade of the first block of Putnam avenue, which is being macadamized, it was found that the curbs will have to be reset as they are below grade, especially on the north side. The work will be an immense improvement to Putnam avenue.

$800 From "A Night Off."

The receipts from the production of "A Night Off" amount to $800, of which half is profit and will be distributed among local charities.

—T. Callahan & Son, the Richmond street grocers, will open a first-class meat market next door to their present store by Saturday. They have secured the service of H. W. Leek, the well-known butcher, as manager.

—The Borough Board of Health met last evening and outside of paying bills did very little of anything. The meeting was held at the home of B. J. Shreve, as that member is ill with the grip and was unable to leave the house.

—Florence Taylor, aged 10 months, daughter of Cæsar Taylor, of 175 Westervelt avenue, died yesterday of pneumonia. The funeral services will be held tomorrow morning at 10 o'clock from the residence. Interment will be at Hillside.

RETIRES AFTER SIX YEARS.

Miss Louise Moss Resigns as Superintendent of the Muhlenberg Hospital.

The many friends of Miss Louise Moss, who for the past six years has been superintendent of Muhlenberg Hospital, will be greatly surprised to learn that she has sent her resignation to the board of governors of the hospital. Although she has not yet received any reply from the board she has decided to resign her position and will sail May 31st on the "Bremen" of the North-German-Lloyd Steamship Line for Europe, where she will spend the summer. While abroad she will visit the Paris Exposition. She goes solely for pleasure and in search of a change and rest from her arduous duties.

Miss Moss came to Plainfield six years ago and has been superintendent at the hospital ever since. During her stay here she organized the training school for nurses at the h tal and the work has doubled Le took charge. She has hel th igh respect and esteem th th sicians, as well a n d everyone will deeply parture.

She is thoroughly pr n every department of her work, cha wisely directed the work at th gepital where such excellent results been accomplished. Her excellent judgment and carefulness has been the means of saving many a life, and too much praise cannot be given to her for what she has done.

As yet no one has been selected to take her place. No doubt some one will be chosen within a short time.

FANWOOD'S MAYOR IS LAID TO REST.

Funeral Services Over Remains of Late George Kyte Held Yesterday Afternoon.

LARGE NUMBER MOURN.

MANY OFFICIALS WERE IN ATTENDANCE AT THE FUNERAL.

Beautiful Floral Tributes From Organizations the Dead Man Was a Member of—Episcopal Service Carried Out.

Very impressive were the tributes given yesterday afternoon in honor of the late George Kyte, whose funeral services were held at 3 o'clock from the home in Fanwood and at 3:30 o'clock from the Scotch Plains Baptist church. The early service was private and was for the near relatives. It was conducted by Rev. Mr. Mulford, rector of All Saints' P. E. church, where Mr. Kyte was a member and an attendant.

Following this service the remains accompanied by the mourning relatives proceeded to the church, where a large assemblage of people from various parts of the county were gathered to do honor to one to whom they owed so much.

Numbered among the mourners were many who had for years been associated in a business way with Mr. Kyte, and many who were employed by him, and for whom Mr. Kyte had done so much.

There was practically a suspension of business and flags about the place were hung at half-mast. Everyone, from the oldest to the youngest, seemed to feel as though they had personally sustained a great loss, and that the place had also lost an exemplary citizen.

The church where the services were held was completely filled when the funeral cortege arrived, only those seats reserved for the relatives and members of the various organizations being vacant. The floral tributes were many and beautiful. They consisted of a pillow from the Exempt Firemen's Association, another from Winfield Scott Post, No. 73, G. A. R., and a third from Fanwood Council, No. 1105, Royal Arcanum. There were also pieces from Goodwill Lodge, K. of P., and a number of wreaths of galax leaves and bunches of lilies from friends. They were banked about the platform, in front of which the casket was placed. On the casket there was placed bunches of lilies and cut flowers.

As the cortege passed from the house to the church the members of the different organizations, who turned out in a body, followed. At the church Rev. Mr. Mulford, accompanied by Rev. G. M. Shott, pastor of the church, preceded, and were followed by the pall-bearers bearing the remains, and the mourners. As the church was entered Mr. Mulford read appropriate scripture selections. During the service he also read from the scriptures, and was assisted by Rev. Mr. Shott.

At the conclusion of the service those present were given an opportunity to view the remains. Then prayer was offered by Mr. Mulford, after which the interment took place in the cemetery adjoining the church. Mr. Mulford again read from the scriptures and the last sad rites were performed.

Among those of prominence at the service were County Clerk Howard, Surrogate Parrot, Sheriff Houston and A. E. Gaddis, of Elizabeth; Freeholder Hope, of Roselle; Mayor George W. Rockfellow, James C. Pope, Former Sheriff W. T. Kirk, Joseph B. Coward, Amos Andrews, Former Collector John Johnson, Joseph M. Titsworth, Alex. Mallinson, George W. Moore, Nelson Runyon, George J. Tobin, Lawyer George Ball, Former Councilman L. B. Woolston, Constable Amos Moffett, Former Councilman S. P. T. Wilbur, of this city. There were many others from distant points and from other parts of the county.

Those who served as pall-bearers were E. L. Hand, Wm. E. Collins, F. R. Allen, George Carter, of Scotch Plains; W. W. Coriell, of this city, representing the G. A. R., and Charles Harris, of New York, a personal and warm friend of the deceased. The first four named represented the various organizations to which Mr. Kyte belonged.

TEA GIVEN BY MRS. LEWIS.

Delightful Event in Honor of Her Parents, Mr. and Mrs. Howard Skeel.

A very delightful informal tea was given yesterday afternoon by Mrs. David Lewis, of Illion, N. Y., who is temporarily at her former home on Rockview avenue. The tea was given in honor of her parents, Rev. and Mrs. Howard Skeel, of Frankfort, N. Y. Mrs. Susan Clapp and Mrs. Curtis assisted in receiving the guests. The dining room table was very prettily decorated with greens and pansies. Miss Munger and Miss Cooley presided at the tea table, assisted by the Misses Frances and Helen Weir, Helen and Frances Phillips, Katharyn Dwight, Annie Jennings, Dora Waring, Miss Curtis and Miss Howell. A delightful feature of the tea was the charming instrumental music of Miss Frances Weir, the elder daughter of Mrs. Lewis. She rendered a number of selections on the piano with fine technique and exquisite skill, among them being several of her own composition.

A FAREWELL RECEPTION

GIVEN TO MR. AND MRS. HENRY GEE BY EPWORTH LEAGUE MEMBERS.

Held in Vincent Chapel Last Evening—Musical Programme Given—Sailed This Morning on the "New York."

The Epworth Leaguers of the First M. E. church tendered a farewell reception last evening to Mr. and Mrs. Henry Gee, of Westervelt avenue, on the eve of their departure for Europe. Mr. and Mrs. Gee have both been active in the work of the church, particularly in the Epworth League.

The reception was held in Vincent chapel. The thunder storm that threatened and finally arrived during the evening had its effect, keeping away part of those who were expected to take part in the programme and many of the congregation. There was a fair attendance however and all joined in wishing the couple a pleasant and successful trip abroad.

The chapel was prettily decorated in red and white, the colors of the League. The members of the social and literary committees of the League were in charge and assisted in receiving.

A musical programme was rendered during the evening. It included selections by an orchestra of home talent, vocal solos by Miss Mary Griswold and vocal solos by Charles L. Lewis. The selections were all heartily encored. Refreshments were then served.

Mr. and Mrs. Gee sailed this morning on the American liner, "New York." While abroad they will visit the Paris Exposition. They will probably be absent two or three months. A party of their friends were on the dock this morning to see them off.

MRS. RIKER'S FUNERAL.

Services Held at Her Late Home This Morning.

The funeral service of the late Mrs. Tillie Riker, of Central avenue, were held this morning at 10 o'clock from the house, and were conducted by Rev. G. Kennedy Newell, pastor of Hope Memorial chapel, where the deceased was a member. There were delegations present from Mizpah lodge, No. 1, U. O. of I. O. L., Martha Washington Council, Daughters of America and the Women's Relief Corps, of which organization Mrs. Riker was a member. There was also present representatives from the State Council, Daughters of America, as Mrs. Riker held a state office.

There were beautiful floral tributes from the various organizations, showing esteem and love for one who was greatly loved and respected. After the services the remains were taken to Greenwood cemetery, Brooklyn, for interment.

Pawnee Bill's Show.

Speaking of Pawnee Bill's Wild West Show, which appears in this city next Friday, the Pittsburg Chronicle says: "The Wild West was remarkable; no less wonderful were the skill of the riders and the daring of the broncho breakers in Pawnee Bill's Show the finest we have ever had here."

Amendments to By-laws.

WHO GOES TO CHURCH IN CITY AND BOROUGH

The Information Will be Learned by Means of a Church Census.

WILL START ABOUT JUNE 1ST

CENSUS IS TO BE TAKEN BY VOLUNTEER WORKERS.

An Executive Committee and District Secretaries are in General Charge of the Work—The Questions That are to be Asked.

About the same time that Uncle Sam starts after statistics concerning this country and its people for the census that is prepared every decade, an organized movement will begin in Plainfield to procure facts and figures regarding the church goers of city and borough. Under the auspices of the Ministers' Association and the Federation of Churches and Christian Workers, every home in both municipalities will be visited and a church census prepared after the same lines as the one taken in Philadelphia.

This proposed census has been under consideration for sometime and arrangements are now nearly complete so that the work will begin on or shortly after June 1st. In charge of the work is an executive committee composed of Rev. Dr. W. B. Richards, Rev. E. M. Rodman and Rev. A. E. Main. The general secretary is J. H. Manning, secretary of the Y. M. C. A. Under him and in immediate charge of the collection of information are the district secretaries, one for each ward in the city and one for each election district in the borough. They are A. J. Moore, First ward; Frederick B. Stevens, Second ward, Harold W. Tomlinson, Third ward; Rev. G. Kennedy Newell, Fourth ward; Rev. George W. Gardner, First borough election district; Rev. J. O. McKelvey, Second borough election district.

The actual work of making the house-to-house visitation will be done by volunteer workers, appointed by the district secretaries. They will call at every house in their district and seek to find out the following facts: The number of children under twelve years of age; the number of boys under sixteen years of age; the number of men under thirty years of age; the number in the family attending church; the number attending Sunday-school; if not attending, the name of church or school preferred; the number attending public or private school; the number of church communicants; the name of pastor of church or school, attended or preferred.

From these questions and the answers thereto, statistics regarding the church and Sunday-school attendance will be compiled. The results will also be referred to the various pastors to be dealt with according to circumstances.

Epworth League Anniversary.

The eleventh anniversary of the organization of the Epworth League will be observed by Chapter No. I, of that league, at the First M. E. church Sunday evening. Gen. James F. Rusling, of Trenton, will deliver his celebrated address on "The March of Methodism." The service will begin at 7:45 o'clock. There will also be special music.

Roselle Left Out.

It is a sad blow to Roselle that not one of the signs hanging from the Elizabeth and Westfield Company trolley cars bears the name of that beautiful borough. Every other town along the line of the road is mentioned, but not one word about Roselle. It is rumored that the boroughites are incensed at the omission.

Shooting Craps.

Almost every week, especially Saturday, large crowds of men gather in the open field just off of Sycamore avenue, in the city, and play crap. It is said that last Saturday an officer visited the place in uniform and expected to catch the violators of the law. The crowd saw the officer first and therefore got away.

Missionary Sociable.

The annual missionary sociable of the Women's Association of the Congregational church will be held in the church parlors Friday evening. The work of the American Missionary Association in Porto Rico will be described by one of the secretaries. There will also be a musical programme and refreshments.

Talk on Temperance.

Miss Anna Ramsey, of this city, will give a talk on temperance at the business meeting of the Christian Endeavor Society of the Seventh-Day Baptist church, to be held in the chapel this evening.

FOR THIRTEENTH TIME.

J. FRANK HUBBARD ELECTED DIRECTOR OF FREEHOLDERS.

He Has Been a Member of the Board Thirty Years—Appointment of County Officials.

(Special to The Daily Press.)

Elizabeth, May 9.—J. Frank Hubbard, of Plainfield, commenced his thirtieth year as a member of the Union county Board of Freeholders by being elected him director for the thirteenth term at the organization of the new board this morning in the county court house. S. Russling Ryno, of Rahway, was chosen clerk of the Board for the sixth year.

The following officers were appointed by the Board: County Attorney, W. R. Codington, of Plainfield; County Collector, E. M. Wood, of Elizabeth; County Engineer, Frank J. Hubbard, of Plainfield; County Physician, Dr. F. W. Westcott, of Fanwood.

After the Board had completed its organization the members, together with a number of county officials and prominent citizens of Elizabeth, were tendered a banquet by Collector Wood.

The Republicans have a majority of two members on the Board, Freeholder Adams, of Cranford, who was elected on a Citizens' ticket in opposition to the regular Republican candidate, voting with them.

COUNTY FINANCES.

Reports Made at the Final Meeting of the Old Board of Freeholders.

(Special to The Daily Press.)

Elizabeth, May 9.—The Union County Board of Freeholders for 1899-'00 held its final meeting here yesterday afternoon. The report of County Collector Wood showed that the receipts of the county for the year were $535,452 and the expenditures $500,170, leaving a balance of $35,182 in the treasury, whereas last year it was only $18,000.

Freeholder J. Martin Roll, who retires after sixteen years' service, received from his colleagues a handsome rosewood case containing twenty-four pieces of solid table silverware.

SOMERSET FREEHOLDERS.

William J. Logan, of Bridgewater Township, Re-elected Director of the Board.

(Special to The Daily Press.)

Somerville, May 9—The Somerset County Board of Freeholders for 1900-1901 met for the first time in the county courthouse this morning and organized for the year. William J. Logan, of Bridgewater, was re-elected Director. Justice Sutphen, of Somerville, will continue as clerk as his term does not expire till next year. There are seven Democrats and three Republicans in the Board. The following appointments were made: County Attorney, John A. Frick, of Somerville; County Collector, E. B. Allen, of Somerville; County Engineer, Joshua Doughty.

CAR WAS ON FIRE.

Delayed the Train Twenty Minutes, but Then it was Impossible to Locate the Blaze.

As the 6:45 train from Philadelphia was about to pull out from the North Avenue station last evening, an unusual lot of smoke was seen issuing from the smoking car. The train was stopped and upon investigating the trainmen found that the car was on fire somewhere in the interior. The smoke continued to pour out, forcing the passengers from the car, but the exact seat of the trouble could not be found. As the train did not stop again until it reached Jersey City, it was finally decided to take the car there and put the fire out.

The trouble caused a delay of twenty minutes.

Horse's Wild Run.

A horse owned by Andrew Huff, of Chatham street, and driven to a cart by Thomas Duffy, ran away in the borough yesterday afternoon. Some stones were being carted and the jolting of the cart caused some of them to drop from the load. This frightened the animal, and he made a tour of several of the streets. He finally landed in front of Sharkey's blacksmith shop, where some gymnastic evolutions were given. Several bystanders took a hand and in the course of time the animal was subdued. The driver was not injured, neither was the horse or cart. The load of stone, however, was somewhat diminished when an accounting was made.

Fifty Girls at Work.

About fifty Plainfield girls were started at work in the skirt factory yesterday. More will be added as fast as the machinery is placed in position.

TO PUT MILK SUPPLY UNDER REGULATIONS

Important Step Taken by Board of Health to Prevent Epidemics of Contagion.

A STATE LAW IS DESIRED.

HOPE THAT MILK DEALERS WILL ACQUIESE IN THE SCHEME.

Legislature Will be Appealed to—Embargo Placed on the Raritan Dairy Has Not Yet Been Raised—State Board in Charge.

A very important meeting of the Board of Health was held last evening when the question of milk supply as regards the present epidemic of scarlet fever was taken up and discussed in detail. The members are thoroughly alive as to the opinion that something must be done at once to regulate the milk business, so that further epidemics may be avoided if such a thing is possible. It was decided to have a committee, consisting of Former Mayor Charles J. Fisk and Fred W. Dunn, examine carefully rules and regulations that can be adopted to conform to the State law, so that the Board may have more power over the milk supply in this city.

It is the purpose to take up the present condition of the dairies with a two-fold idea. First, for the protection of the consumer and secondly, in the interest of the milk dealer. The idea is this: That such rules and regulations be adopted that will permit the Board to inspect dairies, cattle and all things pertaining to milk supply. If everything is found correct the dealer will be given a certificate—a clean bill of health. It is hoped that by this action the milk dealers will have a sufficient amount of interest to gladly acquiese, and those who have not the interest to join in this scheme will be the losers thereby, for persons will not be disposed to purchase milk from dealers who cannot show a certificate.

The power of the Board of Health in this matter is limited, but the members hope to secure the hearty cooperation of local milk dealers, who want to do all that is possible to avoid a recurrence of the present troubles or anything similar, and they do not believe that much opposition will be met on the part of the dealer. There is no doubt but what he would rather possess a certificate showing that everything is all right, instead of taking a risk otherwise.

The Board is not going to let matters rest here, but when the legislature convenes next winter a determined effort will be made to secure the enactment of such a law that will compel milk dealers to take out a license, and have their dairies and cattle inspected. Such a bill was introduced last winter by Senator Reed, but it is said that Governor Voorhees vetoed it in the interest of the agricultural men.

The embargo placed on the Raritan dairy has not yet been raised. The farm is in charge of Dr. Voorhees, of Somerville, who has been put on duty there by the State Board of Health. It is well to state that the matter is now in the hands of the state authorities, and until such a time as all danger is removed no milk will be sold from this farm. The local Board hope to receive a report from the State Board in a short time.

Impressions of England.

Rev. Dr. W. C. Snodgrass, pastor of the First M. E. church, will deliver a lecture on "Impressions of England," in the chapel of the Seventh-Day Baptist church tomorrow evening. No admission fee will be charged but a silver collection will be taken up for the benefit of the Christian Endeavor Society of that church.

Wasted Indignation.

It is understood that some of the people who are quarantined on account of scarlet fever, are indignant because the U. S. Express Company will not leave packages at their homes. This is in direct violation of the law and the expressmen would run great risks in going to these houses.

Going South to Look After Work.

F. A. Dunham, the civil engineer, started this morning for Tennessee, where he will look after his work as supervisor of roads in several counties. He was accompanied as far as Philadelphia by Ephraim Vail, of this city, who has charge of Mr. Dunham's Plainfield work.

Heavy Doors.

The large and heavy doors for the new vault being erected in the basement of the City National Bank arrived yesterday, and Captain Hand and his men placed them in the basement. The doors weigh nearly three tons.

M'CARDELL NOT THERE.

The Report That He Was at the Secret Councilmanic Caucus Proved to Be Wrong.

According to the opinions of many of the Councilmen expressed since that time, the caucus held to consider Mortimer's application for a license, during the Council proceedings Monday night, was not satisfactory. Had they known, they say, that the legal representatives of Mortimer and of the opposition were going to present their arguments there, they would never have consented to the caucus. There seems to have been a general misunderstanding at the time. No vote was taken at all in the caucus. Such action was seriously objected to by several of the Councilmen who declared that they would vote on the application only in open Council. The statement that any tacit understanding was reached is vigorously denied. Andrew McCardell, who was reported as having been present at the conference, was not there. Only the two lawyers, for and against, were invited into the caucus.

BRICK WALL COLLAPSED

ACCIDENT IN STABLE AT REAR OF J. C. BLIMM'S GROCERY.

Wall Fell Out—Horse Had a Narrow Escape From Serious Injury—Foundation Supposed to Have Settled.

One of the walls to the brick stable in the rear of J. C. Blimm's grocery, corner of East Third and Washington streets, collapsed last night. There was no apparent cause. Mr. Blimm's horse narrowly escaped serious injury from the falling masonry.

The first that Mr. Blimm or anyone else knew of the accident was when the former went out to the stable early this morning to water the horse. He found a part of the wall, bounding the stall where the horse was, had fallen out. A few of the bricks fell inside and against the horse's legs, cutting them slightly.

The wall fell away for a distance of twelve feet and for a height of seven feet. There still remains a foot or more of the masonry supported by the roof beams. Mr. Blimm took the horse out of the stall at once for fear that the rest of the wall would fall.

Mr. Blimm believes that the foundation settled and caused the wall to bulge out, resulting in the falling of the wall. There is no clue as to the time of the accident. The horse was still greatly frightened when taken out of the stall. The animal had pulled so hard on the tie rope in its efforts to escape that the rope had cut the skin on the animal's neck. The stable belongs to Assemblyman J. W. Welch, of German Valley, and will be repaired immediately.

DR. PATON TO BE HEARD.

Famous Missionary Will Speak in Westfield Tomorrow Evening.

An excellent opportunity will be given to Plainfield people tomorrow evening to hear Rev. Dr. John Paton deliver an address in the Presbyterian church at Westfield. Special cars will be run from the Watchung avenue switch for those desiring to attend. Mr. Paton belongs to the new Hebrides group of cannibal islands and has probably had more hair-breadth escapes and trying experiences than any other living man. At one time he faced the pleasant aspect of being on the reserve list of a cannibal feast. He was easily first among the really noted missionaries at the Ecumenical conference held in New York last work.

IS BERGEN OUT OF RACE FOR CONGRESS?

He Intimates as Much While Talking Over the Political Situation.

PORTO RICAN JUDGESHIP.

MR. BERGEN EXPLAINS HOW IT WAS HE DECLINED IT.

Gives it as His Opinion That the Republicans Will Meet With Overwhelming Reverses in the Year 1902.

Lawyer Frank Bergen, who declined a Porto Rican Judgeship last week, is out of the Congressional race also. He did not say it, in just so many words, but he intimated as much.

It has been rumored about town for sometime that he was offered a seat on the bench in Porto Rico to get him out of the way of Congressman Charles Newton Fowler, who seeks a renomination. But this Mr. Bergen denies. He says that Governor Foster M. Voorhees urged him to accept, "seeming to think it a good way for me to get into political life, but so far as I know Mr. Fowler had nothing to do with it, and I never consulted with him about accepting or rejecting it."

Then he dictated the following statement:

"The Porto Rican incident is closed, as far as I know. The matter had nothing to do with the Congressional campaign in this district. Governor Voorhees and other friends of mine thought the position offered a desirable opportunity for me; others thought differently, and I decided not to go for the reason that the change in my situation here would be so great and sudden, separation from friends and acquaintances would be very unpleasant, and I hesitated to take my children to a tropical climate. The report that I had once made up my mind to accept and subsequently changed it is erroneous. Senator Kean kindly went with me to the President and other officials in Washington, and my impression is that he rather inclined to think that I should accept the position, but he was not willing to advise positively one way or the other. I have an admirable corps of friends, and I like to please them; but in this matter it was impossible to agree with the views of all."

In talking of the Congressional fight he said: "I have hosts of friends and if I wished to organize them I have no doubt of the result, but I do not think I shall do so."

His friends were organized in the Fowler-Voorhees ward this spring election and won out easily.

Mr. Bergen is a politician of foresight. He says that the political tide has turned, and in about 1902 it will wash the Republican majority out of Congress and leave the Democrats in.

"The man who is elected this term," said he, "is a one-term man and his time will expire in the middle of a Presidential administration when the party in power is always more or less in disfavor and he will have to come home and make an uphill fight against great odds."

He pointed out that the Republican majority in Congress today is only twelve and of the Congressmen elected at the last election, thirty-seven of them got less than one hundred majority.

He spoke of the strikes throughout the country and the unrest as a sign that four years from now the Democratic party would be successful.

"My threat to enter the Congressional race benefitted the city at any rate," said Mr. Bergen, with a smile, evidently alluding to Congressman Fowler's donation of a public library site and building to the city.

Three Score and Ten.

Miss Henrietta Vermeule, aged 70 years, daughter of the late Leonard Vermeule, died last evening at her home, 202 West Front street. She was a native of Plainfield and formerly lived on East Third street. One sister survives her. The funeral services will be held from the house Friday afternoon at 3 o'clock.

Pastor Resigned.

Rev. W. D. Johnson, who for the past four years has been the pastor of the Filmore Avenue Baptist church, has resigned, the same to take effect August 6th. Mr. Johnson has not decided just what he will do or where he will go.

Eight Hours Work With Same Pay.

It is understood that the boss plumbers have agreed to the demands made by the master plumbers for eight hour work with nine hour pay. The agreement goes into effect June 1st.

PRETORIA, WHERE GREAT BATTLE MAY BE FOUGHT.

While the fortunes of war have recently favored the British in South Africa and the "Lord seems to be on the side of the heaviest artillery," the Boers are far from vanquished. Boer supporters say the fighting has just begun. Until recently the struggle has been confined almost entirely to British territory. From now on the actual invasion of the South African Republic will be the order. The British will attempt to reach and overcome Pretoria, Oom Paul's capital city. When the British forces attack Pretoria the war will be on in dead earnest, as the city is prepared to defend itself against fierce assaults and a long siege. It is surrounded by hills that are strongly fortified and is equipped and provisioned for a long contest. Besides, the Boers will undoubtedly have at Pretoria a much larger force than they have yet marshaled in one command. The eyes of the world are on Pretoria.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

"Her Majesty," in which Grace George and a company of favorite New York players, under the direction of Wm. A. Brady, are to appear at the Stillman Music Hall, Monday evening, May 14th, is the very newest of romantic plays, and will have an important New York production next season. It is a dramatization by J. I. C. Clark, who put "The First Violin" in form for Richard Mansfield, and is based upon the charming little novel by Elizabeth Knight Tompkins. The cast supporting Miss George will introduce Forrest Robinson, Sheridan Block, Herbert Carr, Paul F. Nicholson, John H. Bunny, W. T. Ellwanger, Mabel Strickland, Ella Hugh Wood and other players identified with Metropolitan productions.

* * * * *

A wonderful Chinese-American play entitled the "Queen of Chinatown" will be presented at Music Hall Tuesday of next week. It abounds in exciting scenes and the sensations include a raid of an opium den, a fight with fierce and hungry rats, an explosion and fire and thrilling climaxes. The "Rat Pit" scene is a piece of realism which never before has been produced; a horde of rats jumping on, biting and drawing blood from their victim who desperately fights them off until rescued. The scenery is of a high order and no effort or expense has been spared to present an absolutely correct picture of life in Chinatown, including opium joints with complete lay-outs, and a gambling den with all the paraphernalia used and in full operation. From overtaxing the capacity of the largest theatres in New York, Philadelphia and elsewhere, and scoring the biggest popular and financial hit of the season.

A FAMILIAR LANDMARK.

A Long Established Business House—Half a Century Before the People.

This spring of 1900 is an anniversary time for more than one enterprise, Amos H. VanHorn, L't'd., at 73 Market street, Newark, among others. For over 40 years this aggressive firm has steadily and rapidly been growing, each twelve month seeing some notable advancement in its size and increase in its business. A floor space of over four acres in area is needed to accommodate this one business and the successful manner in which they cater to the wants of every home in supplying furniture, carpets, matting, bedding, stoves, refrigerators, is well worthy of commendation. The Amos H. VanHorn, L't'd. people are famous for one thing above another, it is their extraordinary "low price and easy-terms-way" of doing business, it being understood by the writer that whether cash or credit terms be wanted, the same low prices prevail.

There seems to be no end to the pleasure and profit in store for one in going through the large establishments, four fine buildings, from the immense carpet and furniture sales room through the complete storage warehouse and thence to their latest acquisition the new process carpet cleaning plant.

You start from No. 73 Market street, go through one entire block to Campbell street, then through another building and another block to Bank street, thence half way through to Academy street before you get through all the Amos H. VanHorn establishment.

A success such as this house enjoys is worthy of praise, for it has evidently come from serving the people as they want to be served, honorably, faithfully and well.

Moving the Dyer House.

By the latter part of the week it is expected that the Dyer house, recently purchased by W. M. Stillman, and which is being moved, will be off of Craig place. Excellent progress is being made with the work of moving.

AT THE ZAND RIVER.

British Cavalry Twenty-five Miles Beyond Smaldeel.

FREE STATERS TO LEAVE KROONSTADT

Farms Are Everywhere Deserted—All the Men Are In the Boer Army. Easy Escape of the Enemy Causes Adverse Comment.

LONDON, May 9.—Four thousand British cavalry watered their horses at Zand river Monday, 25 miles beyond Smaldeel, where Lord Roberts continues to date his dispatches.

The scouts who have been searching the country for miles along the stream have found no Boers south of the river. The enemy is laagered in unknown force on the north bank.

Thus the British advance guard is within 45 miles of Kroonstadt. The Free Staters, in the expectation that Kroonstadt will speedily become untenable, are, according to information from Lourenco Marques, preparing to transfer their government to Heilbron, a little more than 50 miles northeast.

The proclamations of Lord Roberts appear to have little effect upon the inhabitants of the invaded districts. Every farm is found deserted except by the women and children. All the men are away fighting.

Correspondents at headquarters are now wiring freely concerning the incidents connected with the occupation of Smaldeel Some exasperation is expressed at the ease with which the Boers escape with their transports before the very eyes of the British.

The war office has issued the following dispatch from Lord Roberts, dated Smaldeel, May 8:

"General Hutton, with mounted infantry, reconnoitered yesterday to the Zand river and found the enemy in considerable force. General Broadwood's brigade of cavalry with General Ian Hamilton's force performed the same operation with much the same result.

"General Hunter reports that he occupied Fourteen Streams yesterday without opposition owing in a great measure to the able dispositions made by General Paget on the left bank of the Vaal river at Warrenton, where his artillery fire rendered the enemy's position practically untenable. A 6 inch gun was found most useful.

"As the Sixth and half of the Fifth brigades of infantry advanced under cover of the artillery the enemy retired precipitately, abandoning their clothing, ammunition and personal effects."

The Standard, in an editorial predicting that the Boer peace delegation will achieve nothing in the United States, says: "Even in the excitement of a presidential election the American people are not likely to go to dangerous lengths or to do anything which would commit their administration to an utterly unwarranted quarrel with Great Britain. If the old world is expected to keep its hands off the new world, the obligation is reciprocal, and it is quite inconceivable that the American people would engage in such colossal folly as a crusade in favor of the Boers."

Tanner Faction Defeated In Illinois.

CONVENTION HALL, Peoria, Ills., May 9.—The initial contest in the Republican state convention proved a defeat for the Tanner-Hanecy faction. The fight came at the very outset of the convention on the election of a temporary chairman. The state central committee had chosen John J. Brown of Vandalia, a Tanner man. The Cullom-Reeves-Carter combination executed a master stroke by naming Charles G. Dawes, comptroller of the currency. Owing to the close identification of Mr. Dawes with the national administration the effect was to give the opposition to the Tanner-Hanecy faction the apparent sanction of the president. Dawes was elected temporary chairman by a vote of 799 to 725 for Brown.

Stuffed the Jury Box.

CLEARFIELD, Pa., May 9.—Millard F. Johnson, the ex-jury commissioner, charged with tampering with the jury wheel for the last December term of court, made an open confession in court yesterday, in which he exonerated D. D. Gingery, sheriff, and Jury Commissioner Philipps from any connection with the fraudulent act. He stated that the stuffing of the wheel was suggested by L. V. Daly of Dubois, a well known Democratic politician who was under indictment for violation of liquor laws and whose trial was to have come up at the December term of court.

Roosevelt In Washington.

WASHINGTON, May 9.—Governor and Mrs. Roosevelt arrived in Washington at 8:30 last night and went directly to the residence of Commander Cowles, where they will remain while in the city. Mrs. Cowles is a sister of the governor, and the visit, it is said, is in compliance with a promise made by Mr. Roosevelt that he would come as soon as the urgent business incident to the meeting of the legislature at Albany had been disposed of.

Vesuvius Threatens.

ROME, May 9.—A dispatch from Portici, at the north foot of Mount Vesuvius, says: "Loud explosions within Vesuvius continue, accompanied by frequent but slight shocks that are felt at San Vito and in the direction of Pugliano. Notwithstanding the statement of the observatory authorities that there is no immediate danger, the inhabitants in the neighborhood of the volcano are panic stricken, and many will pess the night out of doors."

Destroyed by Lightning.

CANANDAIGUA, N. Y., May 9.—Fire yesterday destroyed the large barns of D. D. Cook, a farmer and stockman in the Hopwell road here, together with their contents, which included 4,000 bushels of wheat, ten tons of straw, ten tons of hay, farming utensils, 11 head of cattle and 5 horses, including a valuable Wilkes stallion. Loss, $6,000, with $3,000 insurance. Lightning was the cause.

Fatal Hotel Fire.

GENESEO, N. Y., May 9.—The American hotel here was destroyed by fire at an early hour yesterday, most of the patrons barely escaping with their lives. Two lives were lost. The fire was of incendiary origin.

A Bust of Hobart.

WASHINGTON, May 9.—The committee on library of the senate has commissioned Mr. Frank Edwin Elwell of New York city to make a bust of the late Vice President Hobart for the senate chamber.

THE NEELY FRAUDS.

Department at Washington Unable to Account For Loss.

REPORTS SHOWED NO SHORTAGE.

Director Rathbone on April 23, After an Examination of Neely's Accounts, Reported That They Were Correct.

WASHINGTON, May 9.—The postoffice department has a report from Agents Seybolt and Neal as to the amount of revenues in the possession of Charles F. W. Neely, the chief of the bureau of finance for the postal department in Cuba, on April 23. At that time, according to these reports, he apparently accounted for all sums due the government, and it is said by postoffice officials that if Neely embezzled postal funds he either juggled the figures and made false entries in his books or took the money immediately after the balance was struck. According to the figures at command here, however, there is an apparent discrepancy of $61,765 between the amount of postal money order funds as given by Mr. Neely and the amount due the postoffice department. The report states that he had on April 23, $144,997, while the books of the postoffice department here indicate that he should have had $206,672. The amounts in his possession at that time, according to the report, were as follows:

"Money advanced Major Lord, paymaster, U. S. A., as per voucher, $16,000; checks and warrants, $17,086; cash on hand, as produced by chief of bureau and counted by special agents, $111,910."

Director of Posts Rathbone on April 19 directed that a statement be prepared of the money order and postal accounts of the bureau of finance up to the 16th of April. On April 23 he directed that a further examination be made, and, as stated, the resulting report indicated that Neely's accounts were correct and were so certified by the agents, who in concluding their statement said:

"The manner in which these accounts, stamps, supplies and funds are handled reflects credit upon the chief of the bureau of finance, Mr. Charles F. W. Neely, and his assistants."

It is apparent that an examination of his accounts was made in detail, as it is stated that there was "$1.09 in a tray."

Since the establishment of the money order system between the United States and Cuba under the new regime there has been at all times a balance due the postoffice department on account of money order funds. The last remittance to Washington was made on April 1, $56,000, and there is now due approximately $224,000. It is said that these are the only funds permitted to accumulate in the Cuban office, as all other postal revenues are transmitted to the military authorities soon after their receipt by the postal bureau of finance.

THE HAVANA FRAUDS.

How Neely Managed to Swindle Uncle Sam.

HAVANA, May 9.—The postal frauds are the principal topic of conversation in Havana, although as yet the papers have scarcely alluded to the matter. The department of posts admits a shortage of $75,000, but further investigation has brought to light the fact that in July of last year the receipts showed a falling off of about $12,000 over the average of the months previous and that this shortage has been kept up ever since. It appears that about that time Director of Posts Rathbone gave orders for the destruction of $411,000 worth of surcharge stamps on account of the issue of a new stamp. This work of destruction was left in the hands of Charles F. W. Neely and his assistants, but it is now believed that none of those stamps were destroyed, the theory being that they were sent out with the new stamps.

The Havana receipts amounted to about $13,000 a month, according to the books, but the other offices of the island only showed $3,000 or $4,000, amounts palpably absurd. It is astonishing that the shortage was not discovered before, because the receipts at Santiago or Matanzas alone should amount to nearly $4,000.

Governor General Wood has ordered that all propesty standing in the name of Neely in Cuba should be placed under government control.

The Populist Convention.

SIOUX FALLS, May 9.—Delegates from 28 states and territories, including one from Alaska, are said to be here, while delegates from at least five other states are expected during the day. The national committee met last night and after a brief session decided that P. M. Kingdell of Minnesota should act as temporary chairman of the convention, R. E. Bray of Oklahoma as secretary and Eugene Smith of Illinois and Leo Vincent of Colorado as assistant secretaries.

Blooded Horses Sell Low.

PAWTUCKET, R. I., May 9.—Trotting horses with pedigrees and gentlemen's road horses of good blood went begging at the auction sale yesterday afternoon which disposed of the entire property of Hon. Frederick C. Sayles at the Mariposa stock farm in Lincoln. There were present bidders from all over New England, but the prices were invariably low. The entire stable, consisting of 41 head, brought $5,570.

Princeton Wins the Debate.

PRINCETON, N. J., May 9.—The Princeton-Yale debate was held here last night. The judges, Professor William A. Dunning and Hon. William L. Strong of New York and President Andrew H. Raymond of Schenectady, N. Y., after eight minutes' deliberation, returned their decision in favor of the Princeton team. This is the first time Princeton has won from Yale since 1896.

Mackerel Are Plenty.

GLOUCESTER, Mass., May 9.—The southern mackerel fishery business for the present season is a record breaker. Never has this industry been so prolific in big fares and financial returns. Up to noon yesterday 68 vessels, landing 128 fares, aggregating 9,207 barrels of fresh mackerel, is the record.

News Paper Scarce.

OTTAWA, May 9.—The proprietors of a number of Canadian newspapers have waited on the government to ask that the duty on news paper be removed owing to the scarcity and increased cost of it in Canada by the destruction of the Eddy mills at Ottawa and the Laurentide mills, Quebec.

ARMOR IS IN DANGER

Newly Invented Shell Pierces the Best Plates.

THE SENATE IN SECRET SESSION.

Recent Tests With All Sorts of Armor at Indian Head Showed None Able to Withstand Force of the New Projectile.

WASHINGTON, May 9.—Some facts almost startling in their importance were laid before the senate yesterday in secret legislative session at the conclusion of the regular open session. They related, it is understood, to the invention of a shell by a prominent officer of the United States navy, a shell superior in every essential quality to any now in use either by this or by any other government. The quality of the penetration possessed by the shell is said to be so great that no armor now manufactured in the United States or abroad has sufficient resistance to withstand it.

The facts, which were in possession of only a few senators, were deemed so important that the senate decided to consider them in secret session.

After the naval bill had been laid aside for the day Mr. Tillman asked for a secret session in order that he might explain to the senate why he desired the armor plate matter to be discussed in secret.

When the doors were closed, he explained that several days ago he had offered a resolution calling upon the secretary of the navy to send to the senate for its information the details of tests made by the department officials of armor plate at Indian Head. No answer to that inquiry had been received, and in all human probability none will be received.

It seems that Mr. Tillman called at the navy department and was informed that it would be unwise at this time to make public the details of the tests he had asked for, as it would place in the hands not only of the senate, but of representatives of foreign governments, information that properly belonged exclusively to the United States. He was informed that Admiral O'Neil, chief of the bureau of ordnance, had been conducting for several months a series of armor tests at Indian Head, the results of which were very remarkable. A prominent official of the navy department said it is understood that the tests of all sorts of armor, including the Krupp armor, had been made with a view of ascertaining their effectiveness against a new shell that had been invented by an officer of the navy. No piece of armor submitted to the test, it is understood, was able to withstand the test. The shell, fired from high power guns, penetrated the armor almost as bullets fired from a Krag-Jorgensen rifle would penetrate green wood, the difference being that the armor plates split from the point of impact. It is said this was true of the Krupp armor as well as of the other armor tested.

The shell which was so effective was not described; indeed, the navy department is guarding jealously all details concerning its construction.

Fourteen Inch Armor Pierced.

WASHINGTON, May 9.—With one of the soft, metal capped shells of American manufacture developed by the naval ordnance bureau a 6 inch naval rifle yesterday made a clean hole through a plate of harveyized armor 14 inches thick. This marvelous achievement was witnessed by Assistant Secretary Hackett, for whom the trial was made at Indian Head. The gun was charged with smokeless powder enough to give the shell a velocity of 2,580 feet per second or 25 per cent above ordinary proof velocity.

Wind and Fire In Ohio Towns.

CANTON, O., May 9.—Heavy winds yesterday spread fires that threatened destruction of two nearby villages and culminated in a damaging windstorm in the city at evening. In one part of town two new houses just ready for occupancy were blown over. In another two other buildings were razed. One tall smokestack was blown down and chimneys, trees and fences were damaged in all parts of town. At West Brookfield fire started in the west end of the village from a defective flue and wiped out 15 residences with the contents of most of them. Cisterns and wells were nearly dry. Scarcely any water was in the little creek near the town owing to the drought. Other buildings were being dynamited, when the course of the wind changed. At Navarre six buildings were burned.

A Long Journey to Wed.

NORWALK, Conn., May 9.—Miss Clara Van Doren, daughter of the Rev. DeWitt Talmage Van Doren, pastor of the Norwalk Baptist church, will leave Norwalk next week for Dawson City, where she will become the bride of a young man interested in Klondike mines. Miss Van Doren will make the trip alone. She met the prospective bridegroom while attending school when 12 years old. They have kept up correspondence during this long period with the result of the engagement.

Our Flag Over Tutuila.

AUCKLAND, N. Z., May 9.—A steamer has arrived here from Samoa bringing advices to the effect that the American flag has been hoisted over the island of Tutuila, which fell to the United States in the division of the group by the powers' signatory to the Berlin treaty. The event was marked by great native rejoicings, and the chiefs formally handed over the island to the Americans.

Shower of Locusts.

KALAMAZOO, Mich., May 9.—A report comes from Troy, in the southwestern part of Michigan, that a shower of locusts, millions in number, fell in that section Sunday and that the insects completely devastated the land of all vegetation. They filled the air like a cloud and darkened the view of the sun. Persons who saw the approach of the locusts describe it as an extraordinary spectacle.

Open Switch Costs Four Lives.

CHEYENNE, Wy., May 9.—One of the worst railroad wrecks in years in this state occurred on O'Neill's side track, 16 miles west of Rawlins, on the Union Pacific, when an east bound fast freight drawn by two locomotives dashed through an open switch and down an embankment. Four were killed outright and two seriously injured.

Berlin's Population.

BERLIN, May 9.—The population of Berlin, according to the statistics of the municipality, is now 1,843,000.

BRIDGE WORK

in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

Epidemic of Measles Subsiding.

The epidemic of measles seem to be subsiding in the borough. No new cases have been reported during the past few days. While the epidemic was at its heighth one borough physician had fifty-eight cases to treat.

A Foolish Strike.

WILKESBARRE, Pa., May 9.—The miners and laborers employed at the Buttonwood colliery of the Parish Coal company are out on strike because the officials would not reinstate an employee who had been discharged for incompetency. The strikers are mostly Polanders and Hungarians and number about 450. Several Hungarians who attempted to go to work were roughly handled by the strikers. One man was struck on the head by a stone, but not seriously injured.

The Situation In India.

LONDON, May 9.—The secretary of state for India, Lord George Hamilton, has received the following message from the viceroy of India, Baron Curzon of Kedleston: "The conditions have materially improved in Madras and Mysore in consequence of the recent rains. In the remainder of the affected tracts the distress is increasing in intensity owing to the want of fodder and water and the increasing heat. The number of persons now in receipt of relief is 5,617,000."

Wreck on the Lehigh Valley.

WILKESBARRE, Pa., May 9.—The east bound Black Diamond express on the Lehigh Valley railroad ran into the rear end of a milk train at Pittston Junction last night. The rear car of the milk train was wrecked and the locomotive of the express train slightly damaged. The passengers were slightly shaken up.

HOW TO ECONOMIZE.

SOME men economize so closely on the number of words in a telegram that the receiver cannot understand it. This is not sensible economy. Neither is it sensible economy to ruin garments of value with cheap soap or powerful chemicals that eat into the fabric. True economy uses Ivory Soap in the laundry. It is the most of pure soap that can be sold for the money. Chemically it is as innocent as water. Yet it does everything you can ask of a soap. Try it!

HOOLEY NOW ON TOP.

Famous London Promoter Has Great Concessions From Nicholas.

LONDON, May 9.—The Daily Mail this morning asserts that the concessionaire to whom Emperor Nicholas has granted the right to work goldfields 8,000 square miles in area in the Nertschinsk region of Siberia, fields which are the czar's private property and have hitherto been worked under the direction of his private cabinet, is Mr. Ernest Terah Hooley, the London financier, company promoter and speculator, who came to grief in the summer of 1898 in sensational circumstances and who narrowly escaped prosecution on charges of fraud.

Mr. Hooley, who is described by The Daily Mail as "apparently again in the greatest affluence," says in the course of an interview published by The Daily Mail:

"By a single move I have won everything back, and I am again on top. A company has been formed and capital to the amount of $5,000,000 has been secured. Every member of the czar's cabinet is interested, and two of his strongest councilors are on the board of directors. The other directors are business men. There are no titled names. I have had enough of earls and lords as directors."

Mr. Hooley is described as offering this last observation "sadly."

He declared that his first effort would be to pay off all his creditors in full.

Hot and Dry In Germany.

BERLIN, May 9.—A number of large forest fires promoted by the dry heat have destroyed property to the value of 1,000,000 marks near Aix-la-Chapelle. Two battalions of troops were required to quench a fire near Geestemunde. At Munster and at Oldenburg also there have been large fires. Here in Berlin the heat is terrific, and the emperor and empress to escape it have gone to Urville, where they found a heavy rain falling. The Duke of Albany's accidental presence and quick interference prevented the destruction of Emperor William's wild park, near Potsdam, where a fire had broken out.

THE ST. LOUIS STRIKE.

The City's Street Car System Is Tied Up.

ST. LOUIS, May 9.—In accordance with the decision reached by the St. Louis Transit company's employees a general strike was inaugurated on the entire system at daybreak yesterday. No cars were in operation save a few on the Park avenue division. The first car on this division left the sheds at 8 o'clock. The strikers at the sheds did not attempt to prevent the crews from taking the cars out. The crews were allowed to run the cars unmolested until 12:45 o'clock, when car No. 5 of the Park avenue division was badly wrecked on Webster avenue between Sixth and Seventh streets by a volley of stones thrown by a crowd of men and boys.

The Suburban line, many of the employees of which had been on a strike for several days, was also tied up after the early morning hours. Cars were run as far east as Thirteenth street, but when efforts were made to bring them down town crowds of strikers and sympathizers interfered with the crews and in several cases dragged them off the cars.

From time to time during the afternoon attempts were made to operate the cars, but in nearly every case resulted in attacks on the crews by crowds along the streets, practically stopping traffic.

At 1:15 o'clock a Park avenue car was considerably damaged at Eighteenth street and Washington avenue. A large crowd of men and boys was congregated there, and as the car was within distance they bombarded it with stones regardless of the fact that several women were inside.

FAST RAILROADING.

Test of a Model Train Designed to Reduce Atmospheric Resistance.

BALTIMORE, May 9.—The first practical test of the train designed by Frederick U. Adams of Chicago with a view to reducing to a minimum the atmospheric resistance of railway carriages while being drawn by locomotives and the consequent saving of fuel was had yesterday on the Baltimore and Ohio railroad. The results were satisfactory in the extreme, and Mr. Adams says that it greatly exceeded his expectations.

Six cars were coupled to a 52 ton engine, equipped with screens of steel and iron, so the lines of the train from the cab of the engine to the end of the rear coach were continuous. Without crowding the engine 18 miles were made in 16 minutes between Baltimore and Washington. Running into Washington, ten miles were covered in eight minutes. From Washington Junction to Baltimore over the old line of the Baltimore and Ohio, famous for its grades and curves, the speed attained was far greater than that made by the regular trains, although in many instances they are lighter than the test train and are propelled by locomotives of greater drawing power. The up grade to Mount Airy was made at a 35 mile clip, while the regular trains have to be helped over the steep incline.

Pennsylvania Town Wiped Out.

ELMIRA, N. Y., May 9.—There are 100 women and children from Corbett being cared for by the people of Galeton as the result of the fire which destroyed that town yesterday. Many of these barely escaped with their lives, some having their clothing nearly burned off. There is much anxiety among the women regarding the safety of their husbands and sons who are in the lumber camps near Corbett, surrounded by the forest fires. It is thought that at least half a dozen persons perished in the flames at Corbett, but the only two who are known to have been burned to death are J. C. Loucks and wife, who were surrounded by flames in their attempt to escape. It is impossible to get an estimate of the property loss and insurance at this time. Corbett was a village of about 500 inhabitants situate eight miles from Galeton.

Counterfeit Plates Unearthed.

PHILADELPHIA, May 9.—The latest chapter in the counterfeiting conspiracy unearthed here and in Lancaster, Pa., some time ago, which was opened Monday by the arrest of Harry Taylor, charged with passing spurious $20 Hamilton head notes, was closed yesterday when the plates from which the notes were made were found buried in a suburban highway. Arthur Taylor and Baldwin S. Bredell, the engravers of all the cigar stamp plates and the $10, $50 and $20 notes, who are now awaiting sentence, gave the clew to the whereabout of the plates, but not until the secret service officers had them inextricably cornered.

PLAINFIELD, N. J., MAY. 9, 1900

Views of Jersey Democrats.

An idea of how some of the leading Democrats of New Jersey regard the approaching Presidential campaign, and what New Jersey should do in respect to the National convention to be held in Kansas City, can be gained from a series of letters published in The World last Sunday. The World submitted the following questions to the leaders throughout the State:

Question No. 1—On the issues of imperialism and trusts, could not New Jersey be carried for Bryan this fall?

No. 2—With a plank in the platform declaring for free silver, what do you think would be the result at the polls?

No. 3—Should the New Jersey delegation to the National Democratic Convention in Kansas City be instructed, in your judgment, for any candidate?

Naturally, the most interesting statement for Union county Democrats is that found in the reply made by James E. Martine, who is regarded as one of Col. Bryan's most devoted admirers in the State. Mr. Martine's replies to the questions are as follows:

No. 1—No, I do not believe the farming and laboring masses of New Jersey will be satisfied with a platform against trusts and imperialism alone. To the average man these subjects seem remote. Money and taxation is in the every-day life of every man, and will rally and fire the people.

No. 2—The Democrats of New Jersey will win with free coinage of gold and silver. To leave this out of the platform would be admitting that we were frauds in 1896 or cowards now. I am unwilling to admit either.

No. 3—Under the present conditions, yes. Mr. Bryan is the logical candidate. His steadfastness and loyalty to principle have won the hearts of all Democrats. The giant combinations of money are arrayed against Mr. Bryan. They are and have been scheming to defeat his nomination; hence it becomes the duty of Democrats to instruct for Bryan, that their condemnation may be the more emphatic.

Everyone of the men quoted in the article recognize that the nominee will unquestionably be Bryan, but besides Mr. Martine the only other one who positively advocates an instructed delegation for the Nebraskan is Clarence T. Atkinson, of Camden. Some of them ignore the silver issue entirely—for instance Robert Davis, of Hudson—but all lay considerable stress on the importance of aggressive anti-trust and anti-imperialist planks in the platform.

Congressman Fowler has got a chance now to make a name for himself as a man with a soft heart as well as a plethoric and liberal purse. Yesterday he was occupying a chair in a New York hotel and had thrown his silk-lined top-coat over a nearby chair in a careless manner. While he was engaged in writing a letter a stranger edged up close to the garment and when the Congressman's eyes were turned in another direction the former carelessly threw the coat over his arm and started to march out of the hotel. An ubiquitious porter spied the sneak thief, however, and laid hold of him in a forcible manner before he had made his departure. Though the stranger expostulated that it was all a mistake, a policeman was called and lugged the man off to the police station. The Congresman had his coat returned. We shall now expect to hear of Mr. Fowler appearing in police court, raising his eloquent voice in behalf of the misguided man, securing his release and sending him on his way rejoicicing and reformed, thus winning the plaudits of his constituents in New Jersey.

The Trenton correspondent of the New York Herald thinks it worth while to say that if Frank Bergen, the able Elizabeth lawyer, who last week declined the proffered Judgeship in Puerto Rico, withdraws from the Congressional race and leaves the field to Representative Fowler it will be interesting to watch judicial appointments next winter. Governor Voorhees is a great friend of Mr. Fowler and is very anxious to see him renominated.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest to Plainfield.

The outside world may not know, but Jerseymen certainly do know what Porto Ricans have lost by Frank Bergen's declination of the office of Chief Justice of the island. Mr. Bergen is what might be termed a practical idealist. He has the judicial temperament, has progressive ideas about reforms in law codes and their administration, and is altogether the right kind of man for such a place.—New York Tribune.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

Hackensack is greatly stirred over the question of Sunday golf, and is discussing the recent expulsion from a church of a number who persisted in playing the game on the Sabbath. The question has been agitated from many pulpits, and Rev. George R. Stair, of the First Baptist church, took up the subject, and in the course of a sermon said that there is not one man or woman member of the club but who would raise a hue and cry if some saloon keepers were to apply for a license to sell rum next door to their residences, yet logically, by the fact of their membership, all are equally and criminally liable for this soul destroying sin.

* * * * * * *

A remarkable disclosure was made from the pulpit of the First Baptist church in New Brunswick relative to an incident in the life of Mahlon Martin. As one of the directors in the United States Company, Martin was unpopular because local rubber workers blamed him for the lowering of wages and the shortening of working time. Rev. Mr. Wheeler, the pastor of the church, who was intimately acquainted with Mr. Martin, in speaking on "Conscience," said: "When the United States Rubber Company was formed the local rubber factory was being run at a loss. It was acquired by the United States Company and the directors decided to close it. Mr. Martin protested. He was alone in so doing. 'The people will starve if the factory shuts down,' he said. 'Keep the works going and I will pay the loss out of his own pocket.' For over two years the factory was kept going on that basis. And, though the workmen reviled him and blamed him for short time and lower wages, he kept his pledge and provided for those who thought him utterly unmindful of their interests. This incident is told for the first time, and would not told now but for the fact that Mr. Martin has gone to his reward."

"THE PEOPLE'S STORE."

People of good judgement who want honest, reliable, new, fresh and up-to-date goods, naturally gravitate to our store. 10 years of storekeeping prove to us in a most convincing way that good goods sold on fair margins are bound to attract trade. Our phenomenal success in this city we are able to trace to this and the fact that our establishment has a peculiar freshness, originality and charm about it which places it at once far above the average Department Store. Never before was it quite so well filled, better arranged and more generally attractive. Summer goods are being given prominence at present and your attention is respectfully called to a few items which are already in demand.

Japanese and Chinese Mattings.

These goods we buy of Arnold, Constable & Co., the largest importers of GOOD MATTINGS in this country. Our patterns were all selected while the goods were still on the water and are exclusive. The goods are bright, smooth and thoroughly reliable. A more attractive line is shown by no carpet store. If interested we shall esteem it a pleasure to show them. Grass Twine Matting is a new floor covering and is selling well. It is made of long wire grass woven with colored cotton warp, making a most serviceable and attractive summer carpeting. Piazza Mats in a variety of sizes are also made in the same way.

IN OUR BASEMENT.

Under new management our Basement is becoming more attractive than ever. Filled to overflowing with Summer goods of every description—Visitors are sure to find something to meet their requirements. Brooms, scrubbing brushes, mops, pails, clothes baskets, clothes lines, feather dusters, carpet beaters, whisk brooms, wash boilers, wash tubs, rubbing boards, ironing boards, clothes horses, towel racks, nickle bath room fixtures, etc,, in endless variety.

"STRANSKY" Steel Enameled Ware.

Stransky Enameled Ware is the best granite made. It is made in Germany. The body is fine grade steel and is treated with four coats of enamel, each coat being burnt on separately. Each piece is warranted for 5 years. It is unquestionably the most durable, the most cleanly, the most attractive and in the long run—the cheapest granite ware made.

Karlsruhe. Das Schneidermeister Fahrländer'sche Ehepaar und dessen zwei älteste, im Alter von sieben und neun Jahren stehende Kinder begaben sich, wie gewöhnlich, an einem Morgen um 6 Uhr auf das Zeitungsaustragen und ließen die beiden jüngsten Kinder im Alter von 4½ und einem Jahre in ihrem Bettchen zurück. Als der Vater nach 8 Uhr in die Wohnung zurückkam, lag das 4½ Jahre alte Mädchen in glimmenden Kleidern, vom Kopf bis zu den Füßen mit Brandwunden bedeckt und todt auf der noch glimmenden Bettdecke, während das jüngste Kind schreiend neben seinem todten Schwesterchen saß. Wahrscheinlich hatte das verunglückte Mädchen die auf dem Nachttisch stehenden Streichhölzchen in Brand gesetzt, wodurch dann die Bettstücke und Kleider des Kindes Feuer fingen.

Freiburg. Das Examen als Doktor der Philosophie hat kürzlich hier Fräulein Natalie Wipolin aus Kassel mit Auszeichnung bestanden, die erste Dame, welche in Deutschland in Philosophie promovirt worden ist.

Heidelberg. Der Verein „Frauenbildung-Frauenstudium" hat bei der Stadtverwaltung beantragt, in die neu errichtete kaufmännische Fortbildungsschule auch Mädchen aufzunehmen und Parallelkurse für sie einzurichten. Die Stadtverwaltung will jedoch zunächst die endgiltige Gestaltung der Handelsschule für männliche Gehilfen abwarten. Inzwischen will der genannte Verein den Versuch machen, selber derartige Kurse und zwar nach Mannheimer Muster in's Leben zu rufen.

Singen. Der Ausstand der hiesigen Verbandholzarbeiter wurde dadurch erledigt, daß die Meister die 10½-stündige Arbeitszeit ohne Lohnabzug zugestanden haben.

Metz. Der Lieutenant Sauer vom Schleswig-Holsteinischen Dragoner-Regiment Nr. 13, der bei einer Schießübung, bei der zwei Dragoner erschossen wurden, die Aufsicht führte, ist kriegsgerichtlich wegen Außerachtlassung der gebotenen Vorsichtsmaßregeln zu einem Vierteljahr Festungshaft verurtheilt worden.

Mülhausen. Frau Wittwe Daniel Dollfus hat ihr Besitzthum in der Spiegelvorstadt nebst einer größeren Summe testamentarisch der Industriellen Gesellschaft vermacht. Es ist eines der schönsten Anwesen in Mülhausen und soll zu einem Museum hergerichtet werden.—Der sozialistische Vertreter für Mülhausen im Reichstage, Journalist Ferdinand Bueb, der von seiner Partei aufgefordert wurde, sein Mandat niederzulegen, ist jetzt dieser Forderung nachgekommen.

Luxemburg.

Luxemburg. Hierorts versuchten am hellen Tage mehrere Sträflinge aus dem Staatsgefängnisse zu entfliehen. Als die Gefangenen unter der Aufsicht von zwei Wächtern im Hofe spazierten, gelangten in einem unbewachten Augenblick ein halbes Dutzend Gefangene auf die Dächer des Gefängnisses. Eine Schildwache, welche die Flüchtlinge bemerkte, gab jedoch zwei Alarmschüsse ab, und eine Abtheilung Soldaten mit aufgepflanztem Bajonett verlegte den Entsprungenen den Weg. Dieselben kehrten darauf wieder um, nur einer, der wegen Mordes verurtheilte Gefangene Bellion, entkam. Er wurde jedoch später von dem Polizeibeamten Schock gesehen und festgenommen.

Wien. Auf den Linien der Wiener Tramway-Gesellschaft wurden im März d. J. 1,924,532 Wagenkilometer geleistet, um 149,348 mehr als im März 1899. Die Zahl der beförderten Personen betrug 7,207,046, um 1,335,294 mehr, die Einnahmen 986,443 Kronen, um 53,481 Kronen weniger.—Der Disponent Karl Singer vom Bankhause Czigel stellte sich der Polizei mit der Anzeige, daß er gemeinschaftlich mit zwei anderen Beamten 80,000 Kronen defraudirt habe. Alle drei Beamte wurden verhaftet.

Bozen. Neulich wurde hier der Mörder des Roveretaner Gymnasialdirektors Alton und seiner Nichte verhaftet. Es ist der 25jährige Florian Großrubatscher aus Abtei, der zuletzt Kutscher der hiesigen Kunstmühle war. Man fand bei ihm blutige Wäsche und eine Manschette, die zu der am Thatort zurückgelassenen paßt.

Budapest. Ein Beamter der Staatsbahn, Bela Faludi, erschoß seine Frau, seine beiden Kinder und dann sich selbst. Die Furcht vor einer für den nächsten Tag anberaumten Pfändung wegen eines Miethrückstandes im Betrag von 45 Gulden trieb den Beamten zu dieser blutigen That.

Görz. In der Landtagssitzung wurde ein Darlehen von 200,000 Kronen für den Bau der Lokalbahn Görz-Haidenschaft und ein solches von 100,000 Kronen für die Erstellung der Friauler Tramway bewilligt.

Graz. Franz Morgan, der Gehilfe der meteorologischen Beobachtungsstation des Rainer-Schutzhauses am Obir, wurde seit 29. März vermißt. Er stieg an diesem Tage von der Bogentschhütte zum Rainer-Schutzhaus. Sein Viktualienkorb wurde neulich zehn Minuten unter dem Schutzhaus gefunden. Morgan selbst lag todt im Schnee.

"I have tried a good many kinds of medicines," said a man whose post-office address is Blue Mound, Macon Co., Ill., "but I never came across anything that gave me the relief that Ripans Tabules did. Before I took them I couldn't sleep, and had to stay up most all night. After meals I felt like I had a heavy weight on my stomach; my breast and bowels pained me, and my clothes seemed tight all the time. In the morning my hands would be cramped shut, and it would take quite awhile to get them open so I could use them. The Tabules relieved me in a short time. I don't want to keep house without them."

WANTED:—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. RIPANS 10 for 5 cents, may be had at any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 10 Spruce St., New York.

JOKE ON THE OLD MAN.

He Laid Violent Hands on Some Other Man's Son, Mistaking Him for His Own.

The man who tells this story holds up his right hand and says it is absolutely true. He is a gentleman of family, and it was in connection with the family that the event recorded here transpired.

The gentleman was bringing his family out west, and in some way he was obliged to stay behind for a day to finish up some business. It was the year of the world's fair. To even things with his wife, he kept one of the little boys with him. There was some difficulty in getting berths secured, but it was managed for the wife and other children, and after some exertion, the father and son also got a sleeping place engaged. What was the chagrin of the father on getting into the car to find his seat, to have the porter come along and tell him that that berth had been previously sold. The man was mad. He said so, and more. But he thought he would find the conductor of the train and get matters fixed up at once. He got up to go on this mission.

"Now, Willie," he said to the little boy, "I'm going to be away just a few minutes. You sit right where you are and don't you move a bit. If you do, I'll spank you good and hard. So, don't stick your head out of the window. You might have it taken off if you do. Then you wouldn't have any head and you'd get an awful spanking besides."

The man went away to find the conductor. After a few minutes he came back.

Good gracious! There was Willie with just his feet and the seat of his trousers sticking in through the window. He was more outside than inside, and might just as well have tumbled out as not. Moreover, whenever a telegraph pole whizzed by and looked especially close, he would make a lunge for it, as if trying to catch hold of it. The father stood looking at him just a moment, then he made a lunge for the boy just as the latter was making a lunge for a pole. The irate father pulled the boy in by the heels, laid him over his knee and commenced a terrific onslaught with the open palm of his hand. The little fellow yelled and yelled until he drowned out the noise of the train. But during a lull in the music, the father heard a snicker behind him. He laid the boy down and turned around to see what the snicker meant. Heavens and earth! There was his son sitting two seats behind and across the aisle with two fingers stuffed in his mouth to keep his merriment in. The man looked again and rubbed his eyes, and looked yet again, but, there was no mistake. His son was across the aisle. He looked at the boy in his lap. Behind the tears that almost veiled the little fellow's identity was a face that he had never seen before. He had spanked some other man's son, and his own offispring enjoyed the joke so much that he did not have the heart to undertake another job of the same nature on his account. — Detroit Free Press.

He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.
He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.
"He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

THIN MATERIALS.

White and Colored Goods of the Washing Variety.

An immense quantity of wash goods will be worn during warm weather. These materials, formerly considered the acme of cool simplicity, are now made into extremely elaborate costumes, so arranged and trimmed that to really launder them is practically impossible. White

FOULARD GOWN.

is still to the fore, and gowns of the sheerest muslin are enriched with insertions and edges or motifs of lace of various kinds—white, yellow or black—or are finely embroidered. Muslin of the dotted variety is also well represented, the dots being often replaced by little bowknots or geometrical designs of some sort. Among the prettiest of the less expensive sheer goods is always the finely corded dimity, which comes in white, solid colors and figured styles.

In zephyrs and ginghams stripes are more seen than plaids, although there are many attractive colorings in the latter. Embroidered galatea cloth is among the novelties, the embroidered motif being small and detached, sometimes open.

A picture is given of a gown of cream foulard with a pompadour design. The skirt has stitched plaits at the top and is gathered at the back. A little band of galloon simulates a tunic. The back of the bodice is stretched, the front being gathered at the neck and waist. A band of galloon outlines a yoke, and galloon also decorates the top of the tight sleeves and the wrists. The collar and belt are of red satin.

PARASOLS.

Curious Designs Among the Newest Importations.

This year's parasols are, as a class, characterized by oddity rather than beauty. For example, in one variety the ribs, which in umbrellas and parasols are usually eight in number, are alternately long and short, which makes the parasol square in shape when it is open. Then

EVENING TOILET.

there are six ribbed parasols, the ribs being so wide apart that a star shaped aspect is secured.

Among parasols of the ordinary form are some which are entirely covered with little pointed tabs of silk, each tab being bound around the edge with its own or another color. These are not at all pretty, but a novelty. More attractive are parasols of satin with large openwork motifs of silk embroidery or insets of lace.

As regards handles, a great deal of jeweler's work is seen in gold, pierced silver, enamel and gems of the less precious order. Nothing is prettier, however, than natural wood handles of the finer class.

The evening gown illustrated has a tunic of plaited gauze painted with orchids and cut in points around the foot, the points being bordered with a band of pink satin. This tunic folds over a skirt of white taffeta with gauze ruffles around the foot. The bodice of plaited, pointed gauze has a band of pink satin outlining the decolletage and fastening in a bow, with a buckle in the middle of the front. From this bow two other bands pass under the arms, designing a bolero. The transparent gauze sleeves are plaited and have caps bordered with pink satin.

The Gossip of the Stage of England and America

The Successes Attained by Edna May, May Irwin and Annie Russell

THEY talk about England being a commercial nation, a country given over to trade rather than a patron of the fine arts, an encourager of what makes for the less material side of life. And this is said in spite of the great interest taken in things artistic by the scions of nobility. Doesn't all the world know what a deep and abiding attraction the stage and green-room have for English lords and sons of lords, and that it is in this environment many of the present great ladies of England have been wooed and won? It is possible that to some it is not clear how these gentlemen deserve exactly the title of patron of art, but at least they serve as inspiration to the artists. If the young actress can keep before her visions of one day possessing a title, a great country place, a town house, the right to move in the upper circles of society, and all the other privileges that belong to ladies, countesses and duchesses, think you she will not be moved to ever put her best foot forward?

Our own Edna May, it is rumored, is ere long to be united to the son of a nobleman and the owner of much gold. This is gossip, but it is also history; one more of those interesting alliances that are strengthening the Anglo-Saxon chain we hear so much about in these days. Not so very long ago, you know, pretty Edna May was the unknown daughter of an unknown mail-carrier in Syracuse, N. Y. At an early age she went on the stage as a chorus singer and began to make something of a name for herself, but it was not till her London appearance that the papers had much to say about her. She had played the Salvation Army lass in De Wolf Hopper's "The Belle of New York" in America, but neither she nor "The Belle" created much of a furor here. They were transplanted to London and immediately became the rage; the whole city went wild over the Salvation Army lass, and Edna May was the talk of the town. "The Belle of New York" played 700 consecutive nights, and Miss May, save for a short vacation in the summer, played her part continuously. She is charming and pretty, and has a very sweet voice.

It is proverbial that the funny folk, the people who make jokes for us and have as their task the provoking to laughter, are a serious-looking lot of fellows; long-faced and solemn-visaged. Well, one of the most popular fun-makers of the day, May Irwin, is an exception to this rule. In appearance she is jolly and plump, and her face even in repose seems just about to break into irrepressible mirth. Farce-comedy is Miss Irwin's line, a line in which only the genius can escape being vulgar, and usually that genius is shown by this deservedly popular entertainer.

Miss Irving was born in Canada, which country probably has not the unhappy reputation of its mother in the matter of jokes. When a little girl of eight May sang in a choir, and while still at the age of hanging braids and short frocks made her debut on the variety stage in Buffalo. This latter was in 1875. In 1877 she joined Tony Pastor and remained with him seven years. After this she was associated with Daly's for four years, but was not very successful with that company. She appeared under Charles Frohman's management in the burlesque "The Poet and the Puppets," when she was guilty of turning loose on the public "After the Ball." In Miss Irwin's play this season, "Sister Mary," the favorite song-successes are: "What Did Mary Do," "I Don't Care to Be Your Lady Friend No More," "Why Don't My Baby Write," "Rocking Song," "He Certainly Has a Soft Spot for Me," "Not the Way to Treat a Lady" and "I Couldn't Stand to See My Baby Lose."

Jerome K. Jerome's play, "Miss Hobbs," which is now running at Powers' theater, in Chicago, with Miss Annie Russell in the title role, has proved such a success this season that Miss Russell has appeared in nothing else. These affairs, verily, are not to be counted on. "Miss Hobbs" was written, at Mr. Frohman's request, by Mr. Jerome for John Drew, but Drew and "The Tyranny of Tears" became associated and "Miss Hobbs" would have been laid on the shelf had not Miss Russell been in need of a play. In New York Miss Russell and "Miss Hobbs" at once struck the popular fancy; and at the Duke of York's theater, in London, the play, with Evelyn Millard in Miss Russell's role, was very well liked and is still running there. It seems quite remarkable that the work originally intended for a male star should have been so well suited to female stars, especially, as Mr. Frohman informs us, no change was made save in the matter of title.

Miss Hobbs is a man-hater—a very pretty and well-dressed one. You remember we told you a few weeks ago about her ravishing toilets; about her cream wool, her blue automobile crepe, her blue gauze, the black crepe de chine, the white satin and tulle, the white over pink, the whole bewildering lot. Now here we are telling you right in the beginning how it turns out, for of course a woman with all those gowns is bound to be married before the season is over, and we might as well say outright that in the end the man-hater marries. This is the story more in detail:

MAY IRWIN AS "SISTER MARY."

Miss Hobbs believes all men are miserable sinners and tries to rescue her women friends from these monsters. She succeeds in breaking off the engagement of her friend, Mildred Farey, to George Jessop, and gets young Miss Kingsearl to leave her husband and live with her. Miss Hobbs calls at the Kingsearl house and meets a Mr. Kingsearl, a cousin, Wolff by name, whom she mistakes for the husband. To prove to Mrs. Kingsearl that her husband is a villain, Miss Hobbs tries to entrap him; pretends she is a housemaid in the Hobbs' household and makes an appointment for him to meet her there. At her house he makes love to her, and she arranges for Mrs. Kingsearl to appear on the scene at the time she thinks her appearance would be most dramatic and see for herself what sort of man her spouse is. The wife enters, but finds the Kingsearl before her is not her husband, just her husband's cousin; and Miss Hobbs is made aware of the fact that she has been making love to an unmarried man.

Later Miss Hobbs finds a note book of Wolff Kingsearl's in her garden, in which note-book is entered a bet that the owner will kiss Miss Henrietta Hobbs before six months pass. Miss Hobbs and Miss Farey go out in a boat to Kingsearl's yacht Goodchance to return his lost property, and here affairs come to a climax. Wolff Kingsearl and George Jessop have seen the ladies coming and agree to play a trick on the fair disturber of their peace. The visitors are shown into the cabin, and Jessop and Miss Farey pretend to go away. When Kingsearl and Miss Hobbs are alone he tells her a dense fog has arisen and the boat is drifting out to sea. Under these conditions the shrew is tamed and promises to become Wolff's docile, trusting wife; the other divided pairs are to be allowed to come together, and there is to be no more exploiting of the woman's wrongs question. DEADLY AIR BUBBLES.

More Soldiers Are Killed by Them Than by the Leaden Missiles That Produce Them.

Very often a soldier gets so severe a wound from the tiny bullet of the modern rifle that he concludes the enemy has no respect for the Geneva convention, and is using the terrible explosive bullets which no civilized nation uses now. Surgeons who know their business are, says Answers, well aware of the explanation of this mistake. The explosive effects are due to the air which the bullet drives before it into the wound.

Anyone can put the matter to a simple test. By dropping a round bullet into a glass of water from a height of one or two yards it will be seen that the moment the bullet touches the bottom a very large bubble of air will become detached and rise to the surface. In some cases this bubble has a volume of air 20 times as large as the bullet.

But when a rifle bullet is traveling at immense speed it drives before it a compressed bubble much larger still. A military surgeon fired a pistol into a vessel of water so arranged that he was able to catch and measure the air bubble, and he found it to be 100 times the size of the ball.

The destructive effects of this mass of air when it gets into a man's body may be imagined. It regularly explodes, tearing the muscles in a terrible manner. In fact, very often the soldier who is said to have died from a bullet wound is really killed by this explosive volume of air, which is appropriately called "projectile air."

Photographing the Eye.

A satisfactory reproduction of such a restless and delicate subject as the human eye has hitherto been considered beyond the power of the average amateur photographer, but Dr. Maddox, late assistant ophthalmic surgeon to the Edinburgh Royal infirmary, has realized the value of records of eye operations, and experiments in photographing the eye have lately been made in Edinburgh with a fair amount of success. One of the usual tests is the observation of certain reflections in the camera and pupil produced by a symmetrical object held in front of the eye. The degree of distortion and the reflection or displacement from its normal position determine with accuracy the state of vision and form the basis of subsequent operations. Photographs of these reflections are now being made to guide the ophthalmic specialists in their diagnoses.

Treatise on Philosophy.

In his "System of Ethics" Mr. Paulsen says that acts are called good when they tend to promote human welfare; bad they tend to disturb and destroy it. The highest good of an individual as well as of a society consists in the perfect development and exercise of life. He also says philosophical pessimism is not a proved theory whose propositions can lay claim to universal validity, but the expression of individual feelings, and as such can be merely subjectively true. Inasmuch as we have no statistics on the happy and unhappy lives, the successes and failures, the author says he is for the present, inclined to put as much faith in the judgment of a plain man of the people as in the eloquence of a pessimistic philosopher.

IN THE PUBLIC EYE ABROAD

Historical and Statistical Data Bearing on the News of the Day From Foreign Lands

A Novel Railway in Germany.

The railway interests of Europe, and, in fact, of all the civilized world, are interested in the electric suspension railway now in course of erection in Barmen, Prussia.

A double-railed line, 8.3 miles in length, with 18 stations, has been partly constructed in Barmen according to the single overhead railway system of the Langen patent. This is, I understand, the first suspension railway for the conveyance of passengers that has been built.

The road commences at Barmen-Rittershausen and follows the river Kupper through the thickly populated cities of Barmen and Elberfeld. Beyond Elberfeld the line extends toward the west as far as Vohwinkel, leaving the river at Sonnborn and running over the public highway to Vohwinkel.

The marginal gradient is 4.5 per cent. All gradients and curves are so arranged as to avoid a decrease of speed in the main lines. The iron framework over the river is supported by buttress piers of ironwork inclined toward each other; but in the public highways the structure is supported by vertical iron columns, which require no more space than lantern posts.

The cars are suspended on two rotary bogies, 26.2 feet in length. Each truck, or bogie, has two axles, between which an electromotor of 36 horse power, at 500 volts, is arranged. The frame surrounds the rail carrier in such a manner that the wheels cannot rise from the rails and the cars cannot slip off in case a fitting breaks or there is some other mishap. The current is fed by a contact shoe from a rail.

The speed will be regulated in the same manner as in electric street cars.

A SECTION OF THE ELECTRICAL SUSPENSION RAILWAY.

The traveling speed is supposed to be 25 miles per hour. It takes only from ten to fifteen seconds to start; so that, in spite of the 18 stations of the road, an average speed of 18¾ miles per hour will be maintained. Each car holds 50 passengers and is divided into first and second-class and smoking compartments. The number of cars in the make-up of a train is not limited; but at first each train will consist of one or two cars only, although the station platforms are so arranged that a four-car train can receive and unload passengers. The speed of the trains is not dependent on the number of cars, as each car has its own motor.

The employment of an automatic block system, by which the car itself regulates the signals, allows the trains to start in either direction at intervals of two minutes. Braking is effected in four different ways: 1. By a Westinghouse pneumatic brake, operated by the motorman. 2. By a hand brake working on the fittings of the Westinghouse brake, operated by motorman and guard. 3. By an electrical brake. 4. By an electrical return-current brake, serving as a distress brake.

The rails are of the Haarmann system, installed on iron-plate slippers with a layer of felt to the rail supporters. These are made in T section and have a curved bottom with a slight play, which allows the cars to swing easily without running off the rails.

The stations are built on the same plan as those of the American elevated railroads, with separate entrances for each platform.

The spans of the piers are very wide, owing to the difficulty of finding solid foundation on the river banks and to avoid interrupting traffic on the public road. Although the span averages 98.4 feet, the total weight of the double-railed line over the river, including the piers, is only about 838 pounds to the foot; over the highway, 783 pounds. This makes the cost of construction from $200,000 to $225,000 per mile, including the foundations and stations. Counting the rolling stock (it is intended to start a train of one or two cars at intervals of three minutes), the cost would be about $265,000 per mile. The underground railways of London involved an expense of about $1,500,000 per mile.

The car station at the terminus in Vohwinkel has eight sets of tracks, which are connected by return switches in order to facilitate the arrangement of the cars.

The railway is about half finished, and part of it is expected to be in operation in a year.

New Railways Opened in China.

With the entire world interested in China at the present time the following information regarding the opening of new railways in the vast empire will not be out of place:

The Tientsin-Shanhaikuan-Niuchwang branch of the Chinese Imperial railway is now completed and will soon be opened to general traffic. The distance from Tientsin to Niuchwang is 348.63 English miles. The line from Tientsin to Chinchow, 268.63 English miles, over which trains have been running for some months, is said to pay 14 per cent. on the whole capital invested. It is expected that when the entire line is open the road will pay a return of 30 per cent.

The Chinese Eastern railway (Russian), which is now completed from Port Arthur as far north as Moukden, connects with Niuchwang at Ta-shi-chiao, thence to Port Arthur—distance 180 miles. Owing to the danger of running trains in China during the night, the time between Port Arthur and Peking will be about three days.

Side View. A—Electrical Contact. Cross Section.
MECHANISM OF THE ELECTRICAL SUSPENSION RAILWAY.

The Russians are working with feverish activity to finish the road from Moukden to Vladivostock, and it is thought that Russia's two great strategic points in the far east—Port Arthur and Vladivostock—where she is said to have garrisons variously estimated at from 120,000 to 200,000 men, will be connected by rail not later than August of this year.

Trains are now running over the Siberian railway as far east as Stretensk, on the river Shilka, a tributary of the Amur, from which place the river route must be used to arrive at Khabarovsk, whence the Uszuri section of the railway runs to Vladivostock, thus completing for the present the great enterprise begun in 1891 and establishing uninterrupted steam communication between western Europe, St. Petersburg and the extreme eastern limits of the Russian empire on the Pacific coast.

At present the schedule running time is: St. Petersburg to Lake Baikal, nine days; Lake Baikal to Stretensk, three days; by river to Khabarovsk, six days, and to Vladivostock, one day; total, 19 days.

The section of line between Stretensk and Vladivostock is now partly completed, and it is expected that the whole line will be open in about 18 months.

DEATH OF MISS SMITH.

Just Entering Womanhood—Very Popular Among Those Who Were Acquainted With Her.

In the death of Miss Edna Smith, aged 18 years, daughter of Charles H. and Clara F. Yerkes-Smith, which occurred yesterday afternoon at the home on Grove street, corner of Prospect place, many hearts have been saddened. Miss Smith was just entering young womanhood and her life was full of promise. She was a favorite with a host of young people and was greatly admired for her many excellent qualities.

Miss Smith was taken ill during the recent epidemic of scarlet fever. She contracted the fever while visiting a friend in this city, and at once her condition became critical. With the scarlet fever, diphtheria developed, but for some days there was hope that she would recover. Toward the last pneumonia developed, and the complication of diseases made recovery impossible. All that was possible was done to stay the dread diseases, but the constitution of the young life was not strong enough. For several days past Miss Smith was at times unconscious. A short time before her death she gave unmistakable evidence that she was a Christian, and that she was soon going home to live with her Saviour. She realized that she could not live and the parting between her and the bereaved parents was very touching.

Miss Smith was born in this city and has lived here all her life. She attended the public school for a time and was also a student at the Seminary on West Seventh street. She was a regular attendant at the First Baptist church and Sunday-school. She was a granddaughter of Rev. Dr. and Mrs. D. J. Yerkes, of West Seventh street. The funeral services were held this afternoon at 2 o'clock, privately, and the interment took place in Hillside cemetery.

State Officers Here.

State Counsellor Charles Marcell, of Newark, and Vice-Counsellor Schuyler, of Elizabeth, were the guests of the Sr. O. U. A. M. last evening. Mr. Marcell gave an interesting talk, in the course of which he said that if New Jersey would keep on as she had started this year she would be second in the Union in point of membership. Speeches were also made by Mr. Schuyler and members of the lodge.

SUPPOSE!

SUPPOSE! your house is on fire, what is the easiest way to summon the Fire Department?

SUPPOSE! a member of your household is suddenly and dangerously ill, immediate attendance of a physician means LIFE or DEATH, how most quickly obtain that attendance?

SUPPOSE! any one of the many emergencies when Police aid is desirable or vitally necessary, how may these guardians of life and property be instantly notified?

SUPPOSE! unexpected guests arrive, the larder is low and the dinner hour near, how connect with the butcher, the baker and the confectioner and hurriedly gather the supplies that shall make the dinner a credit to the housekeeper?

SUPPOSE! you wish to gather a group of guests for an evening to do honor to an occasion or a friend—how most conveniently communicate with their acceptance or regrets?

SUPPOSE! you are interested in the Stock Market, or commercial matters of any sort, but desire to stop at your country house for a few days—how keep in constant touch with Wall Street and the market centres?

SUPPOSE! you want seats for the Play, a box for the Opera, a carriage for a drive to engage places at a restaurant—how in incredibly short time arrange it all?

SUPPOSE! you are obliged to travel, leaving a member of your family ill at home—how can you receive news at any station from Boston to Omaha—from Montreal to Key West?

SUPPOSE! you are worried and flurried and bored by the petty details of living—the marketing, the shopping and the annoyance of the hustling streets—how sit in your office or library and press a button which shall do it all for you?

SUPPOSE! you would have the answer to these questions—Here it is—The greatest Luxury, Convenience and Necessity of the century:—

IMPERIAL EVOLUTION.

ADDRESS DELIVERED BEFORE UNIVERSITY CENTRE.

Rev. Floyd Appleton Showed the Progress of Civilization—Efforts to Strengthen Government.

On account of the storm last evening, the address on "Imperial Evolution" by Rev. Floyd Appleton before the University Centre, was unavoidably hurried and the open talk with Mr. Appleton was abandoned. But nevertheless the address was very interesting and was clearly understood by the audience. Rev. Mr. Appleton said in part:

"A careful study of history shows us the causes and tendencies which have produced its events; for all growth and progress takes place in accordance with law.

"The growing life of the infant and the progress of the human race illustrate this. Through experiment man learns what he can do. At first his efforts are unaided. But in the savage state we find him already experimenting on inanimate nature and learning the use of weapons and other implements. The barbarian experiments on living nature and develops agriculture and the use of domestic animals. Civilization begins when man is bold enough to experiment on his fellowmen and so use instead of killing his conquered enemies. This is the origin of slavery, which, when established, gives the conquerors the opportunity to consciously impose upon the new nation definite institutions and a code of law.

"All efforts are now made to strengthen the government and compel the whole people to live according to a definite standard. They are only likely to succeed when their territory is bounded by a wide sea or high mountain range; which will protect them from foreign invasion. Philip II succeeded in Spain. But we find some Nations who succeeded without good boundaries and without using military force to compel obedience. Phœnicia and Greece built up empires founded on a liberal, commercial policy and defended by a navy. Great Britain up to 1776 tried to build an empire upon coercion and fortunately failed. Since then she has adopted the other method, and the enthusiastic loyalty of her dependencies in the present war show that she has succeeded. Our country is just starting on her career as a World Power. The raising of the flag over Tituela marks another step in our expansion, which began under the author of the Declaration of Independance in 1803. With England's example before us, we have no reason to fear that failure should await the efforts of the most resourceful, energetic, and, all in all, conscientious human being that have yet lived upon this planet."

Col. Morrill Dead.

(Special to The Daily Press.)

Elizabeth, May 9—Col. Morrill, one of the best-known residents of this city, died at his home on Madison avenue this morning. Col. Morrill was born in Philadelphia seventy-nine years ago. He served as Colonel in the Third N. J. Regiment in 1872, and was a former member of the City Council. He leaves a widow, three sons and one daughter.

Water Company Officers.

The Plainfield Water Supply Company elected the following officers for another year at their meeting yesterday: President, Frank Bergen; secretary and treasurer, J. Frank Hubbard; directors, John Kean, Hamilton Kean, J. F. Hubbard, James Maguire and Frank Bergen.

Mary Stevens Fined $10.

The trial of Mrs. Mary Stevens was held in the City Court this morning. The complainant, Mrs. Beerman, charged her with breaking in the door to the complainant's home. Law Student Sweeney represented the prisoner. She was found guilty and fined $10.

Home From the Philippines.

David B. Gray, of Grant avenue, second assistant engineer on the U. S. transport "Logan," arrived home this morning after a nine months' trip to the Philippines. He journeyed over land from San Francisco, where he will rejoin his ship later.

Paid Fine of $5.

Thomas Melcher, of the borough, was arraigned before Mayor Smalley last evening on a charge of assault, which took place last Saturday night. After hearing the evidence His Honor imposed a fine of $5 which was paid.

Had to Kill the Horse.

Notice is hereby given that the following Ordinance has been introduced before the Common Council, read the second time and ordered engrossed preparatory to its third reading, and that it is the intention of the Council to adopt the same.

J. T. MACMURRAY, City Clerk.

Plainfield, N. J., May 7, 1900.

AN ORDINANCE

For the Laying Out and Opening of Madison Avenue from the Northwesterly Side Line of West Front Street to the City Line in the Centre of Green Brook.

WHEREAS, William M. Stillman, Eugenia L. Babcock, individually and as guardian of George L. Babcock, Joseph A. Hubbard, Trustee, and William M. Stillman, Trustee, the owners of all the land embraced within the lines of the proposed street, hereinafter referred to, have dedicated said proposed street to the public, and have agreed that in case the City shall accept said proposed street, that they will at their own expense within thirty days after the completion of the bridge to be built over said Green Brook, at the Westerly City terminus of said street, macadamize the roadbed of said street to a width of sixteen feet, and a depth of six inches at the centre and four inches on the side, and further, that they will from time to time and at all times hereafter indemnify and save harmless the City of Plainfield from any and all expense and damages, if any, in and about the opening, acceptance and macadamizing of said proposed street, and have filed with the City Treasurer an agreement to secure the performance on their part of their said agreement hereinabove referred to; and

WHEREAS, the Common Council have adjudged and do hereby judge that the public good requires that said proposed street should be accepted upon the terms and under the agreements aforesaid, and have accepted and do hereby accept said agreement above referred to; therefore;

The Inabitants of the City of Plainfield, by their Common Council, do enact as follows:

Section 1. That the proposed street with centre and side lines, as heretofore so dedicated to the public and signed by the parties so dedicating the same and shown on map filed with the City Clerk, May 7, 1900, entitled "Application Map for the Opening of Madison Avenue from the Northwesterly Side of West Front Street to the City Line in the Centre of Green Brook, City of Plainfield, New Jersey, May, 1900," be and the same is hereby accepted as a public street of the City of Plainfield, to be known as Madison Avenue, and that the centre and side lines and the grade of said proposed street, are hereby established as delineated and set forth on said map.

Corporation Notice.

Notice is hereby given that the following Ordinance has been introduced before the Common Council, read the second time and ordered engrossed preparatory to its third reading, and that it is the intention of the Council to adopt the same.

AN ORDINANCE

Concerning the Industrial Home, and the inmates thereof.

The Inhabitants of the City of Plainfield, by their Common Council, do enact as follows:

Section 1. That the Alms House of the City shall be known and designated as the City Industrial Home.

Section 2. That it shall be the duty of the Overseer of the Poor, and he is hereby authorized and empowered, to direct and assign the persons under his charge in the said Industrial Home to such employment or occupation as they may respectively be capable of pursuing, and especially to make such arrangments that all the labor in the said Industrial Home shall be accomplished by the inmates thereof, if consistent with their ability. To determine whether any inmate who alleges physical disability, infirmity or illness, as an excuse for failure to perform such labor as may be assigned to said inmate, is feigned or genuine, said Overseer may call to his aid the City Physician, whose duty it shall be to make examination in the premises, and report his conclusion to said Overseer.

Sec. 3. It shall be the duty of said Overseer of the Poor and the Superintendent and the Matron of said Industrial Home to carefully observe and strictly enforce the Rules and Regulations adopted by the Common Council from time to time, in relation to the government and discipline of the said Industrial Home.

ESTABLISHED MAY 10, 1887. PLAINFIELD, N. J., THURSDAY, MAY 10, 1900. TWO CENTS A COPY—$5 A YEAR.

WHY A LICENSE SHOULD BE REFUSED MORTIMER.

Some Plain Facts Brought to the Attention of the Common Council.

IS PARK AVENUE TO BE FULL OF GIN MILLS?

RESPECTABLE BUSINESS MEN SHOULD HAVE THEIR DESIRES HEEDED.

Outside of the Business Interests and Good Name of the City That the City Should Consult, There Appears to be a Serious Legal Defect to the Application Made by Mortimer.

In opposing the application for wholesale liquor license of John M. Mortimer before the Mayor and Council Monday evening, William A. Coddington spoke in part as follows:

"In representing the business men and property owners who have remonstrated against the granting of Mr. Mortimer's license, I do not wish your Honorable Body to understand that I am opposed to the granting of all licenses where the same will conduce to the public good, such as hotel licenses, etc., but in the matter of the application before your Honorable Body I wish to call your attention to the fact that one could stand on the corner of Park avenue and Second street and throw a stone as far as nine licensed places are already located; and that there are six licensed places within less than one hundred and fifty feet of the place where Mr. Mortimer expects to carry on the liquor business.

"There have been upwards of one hundred property owners, taxpayers and business men residing or carrying on business in the locality where Mr. Mr. Mortimer expects to locate his liquor business, who have entered their protest against the granting of the license in question. Is it possible that the Mayor and Council are unwilling to listen to the voice of those reputable citizens and business men who have said, by their written remonstrance, that they did not wish Mr. Mortimer's license to be granted? They are representative citizens of our city, and surely this Council should recognize their request on a matter that is all important to their business interests and their property. Those men by their suffrages voted to place you in office and in authority over them, feeling confident that you would guard and protect their individual rights and their property, so far as in your power lay. They say that the granting of the license in question would be detrimental and injurious to their business and property interests. They now come before you with their objections and their protests and ask that you will not falter in the performance of your duty toward them, and that your consciences will not weaken when you come to vote upon the application in question because of any political chicanery or wire pulling that, I am informed, has been under way during the past few days with a view toward influencing you to vote in favor of the Mortimer license.

"Do you wish to make a gin mill street of Park avenue? If so, the granting of this license is a step in that direction; and if this license is granted, in all probability others will apply for the same sort of privilege within the near future, and then how can you refuse to grant subsequent applications of the same nature for the same locality?"

"If more licensed places are opened on Park avenue, it will not be long before the other business places and stores on that street will be vacated because of the fact that there is a liquor store or licensed place every other door."

"Who are the people who have petitioned your Honorable Body to grant a license to Mr. Mortimer? With your permission I will read their names." Then Mr. Coddington read from Mr. Mortimer's petition the following names: Harry Dreier, F. Margentino, Marcus Silbert, Samuel Dreier, Kahmen Rothberg and Rosa Frucht.

Mr. Coddington said "I wish to ask your Honorable Body if those signers on Mr. Mortimer's application represent the bone and sinew of the business and property interests of our city? Is this Council going to prefer their petition to the protests and objections of the gentlemen who have signed the remonstrance filed with the city clerk against the granting of the Mortimer license? Is it a fact that these signers to the license application control the policy of Plainfield?

"I ask your Honorable Body not to turn a deaf ear to the pleadings of the remonstrators against the granting of the license because they are men who have the business interests of Plainfield at heart, and men who are above being led by the hand of political wire pullers.

"When you come to vote upon the granting or the rejection of the license application, I trust you will be fearless in the performance of your duty, remembering that you are the servants of the people, and, that, as they had confidence in you when they placed you in office, they trust you will not be unmindful of their interests now that your plain duty toward them is before you."

Mr. Coddington then filed with the president of the Council an affidavit of T. J. Carey setting forth that he never signed either of Mr. Mortimer's applications for license, and if his name appears thereon, it was forgery, and Mr. Carey asked the Council to treat the matter as such.

Mr. Coddington also filed an affidavit of Sol Slomin, a brother-in law of Marcus Silbert, one of the signers of Mr. Mortimer's application, which goes on to state that Mr. Silbert vacated 17 Somerset street on the first of last October, and moved into the Voehl building, 222 East Front street, and that he remained in the Voehl building until the first of last March, when he moved to Raritan in Somerset county. This, Mr. Coddington claimed, made Mr. Silbert ineligible as a thousand foot signer, because the law requires that such a signer must not only live within a thousand feet of the place proposed to be licensed but must also be a resident of the same ward in which the place to be licensed is located. Mr. Coddington also showed that when the signature of Mr. Silbert was obtained to the Mortimer application, Mr. Newcorn, Mr. Mortimer's attorney, went to Raritan, Somerset county, to obtain it, and, in order that no suspicion might arise regarding the true residence of Mr. Silbert, Mr. Newcorn took the affidavit as of Union county instead of Somerset county, as the law required.

Aside from the meritorious objections made by the representative of the citizens, it was claimed that the application of Mr. Mortimer was insufficient because it did not conform to the ordinance that required three one thousand foot signers who reside in the same ward where the place to be licensed is located; that Mr. Silbert was not a resident of the Fourth ward, as required, and that left the application with five signers only, and therefore the Mayor and Council could not grant the license, even if they desired, because of the legal defect in the application.

NEWARK TO DUNELLEN.

Trolley Passengers Can Take the Ride in One Car by Decoration Day.

Chandler W. Riker, president of the Westfield and Elizabeth Street Railway Company, informed a reporter Saturday that the work of erecting an overhead bridge in Cranford Township across the tracks of the Baltimore and Ohio Railroad Company, had been commenced by the trolley company.

By Decoration Day people can ride from Newark to Elizabeth, Plainfield and Dunellen, without change of cars, the contract for the bridge calling for its completion by May 30.

A PRACTICAL IDEALIST.

PROFESSOR GRIGGS SO IMPRESSES HIS AUDIENCE.

Subject Yesterday was "Education for the Art of Life"—His Principal Points.

"He is an idealist," said some one of Prof. Edward Howard Griggs, who has been delivering the very profitable and enjoyable series of lectures on "Education and Life," in this city. Mr. Griggs is a very practical idealist, however; there is nothing visionary about the theories of education which he advocates; and though his lectures show him to be a very profound thinker, they are at the same time simple and clear, and founded on logic, common sense, and a deep regard for humanity.

The last lecture of the series was delivered yesterday afternoon in the chapel of the Franklin School. The subject was "Education for the Art of Life." Mr. Griggs told in the early part of his talk of the great advance in the interest in the individual, and in every-day life, which has taken place since the early days of art and literature; the change from objective study to the study of humanity. In view of this, education today means not only excellence in certain lines of study, but a preparation for after life.

Three facts, the speaker said, must be remembered by those who would help others to gain such preparation: that life is everywhere personal, and can only be realized in the individual man and woman; that life is positive, accepting responsibility and opportunity, not refusing to act and to choose; and that life is only life when it is progressive, when there is growth. He advised teachers not to make pupils their satellites, but to train them to go alone as soon as possible, the teacher becoming unnecessary at the earliest possible moment. They should aim to call out in every pupil the dynamic force that would enable him to meet new problems bravely and successfully, and to train him to a calm and reasonable judgment, an ability to see a subject from another's point of view, and to open heart and mind to the highest influences. The aim, Mr. Griggs said, should not be so much to teach a given number of studies as to bring the student into touch with life, strong, true and beautiful; and in the contact between teacher and pupil the one spirit should be kindled from the other.

HADN'T MUCH TO SAY.

Robert Nelson Bothered His Wife and He Was Fined $5 by City Judge Runyon.

Robert Nelson was up in the City Court again this morning. His escapade of Sunday night was the indirect cause of it. Since he paid his fine Monday morning and was released, his wife has refused to live with him. Nelson went around to the house on East Fourth street last night. He admits that he was drunk. He wanted his clothes, he says. There was a quarrel at any rate and Mrs. Nelson summoned the police to take him away, charging him with being drunk and disorderly.

Nelson was arraigned this morning before City Judge Runyon and hadn't much to say. The Judge fined him $5 again.

FACE COVERED WITH BLOOD.

James Monihan Was a Pretty Sight When He Was Arrested.

Patrolman Watson found James Monihan on West Second street last night at midnight with his face all blood and unable to navigate. Monihan's friends had been trying to get him home, but without success. Watson took him to the station house, but it required the services of an express wagon to accomplish it. Monihan also resisted as much as he was able.

He was arraigned before City Judge Runyon this morning. On account of his previous good record Watson did not press the charge and the Judge suspended sentence with a serious warning.

May Hold a Print Competition.

The members of the Columbia Camera Club will hold a meeting Saturday evening at the home of Mr. Moore, of Kensington avenue, when the advisibility of holding a print competition will be discussed. BROWN'S COW WAS GONE

REPORTED TO THE POLICE HEADQUARTERS AS HAVING BEEN STOLEN

An Investigation by Roundsman Flynn Proved That Tramps Had Left Barn Door Open and Cow Strayed Away.

Isaac Brown's Jersey cow was placed in the stable last night. This morning the cow was gone and the barn door was open To Mr. Brown's mind the sequence was inevitable. Thieves had been at work. So the matter was called to the attention of the police.

Mr. Brown lives in the old homestead on Watchung avenue, near East Ninth street. His barn is located in the rear of his house. The facts of the supposed robbery was reported to Patrolman Higgins on that beat and by him reported to headquarters. Roundsman Flynn went out on his wheel this morning to investigate.

As a result of the Roundsman's investigations, it proved that the cow had not been stolen after all. A gang of tramps were to the Brown barn last evening and spent the night there. In departing at an early hour this morning, they neglected to close the barn door. Finding the world before her, the Jersey cow strolled out to view the beauties of nature. She was found wandering sadly around Netherwood. Then was brought back to Mr. Brown and safely pastured in his lot. The police will keep their eye open for nocturnal visitors on Brown's property hereafter.

LOOKING FOR POLICEMAN

IN THE MEANTIME THE BURGLAR ESCAPED FROM THE CELLAR.

Exciting Time in a Summit Avenue Household Last Tuesday Evening.

Burglars have again been visiting borough residences. Last Tuesday evening a burglar entered Mrs. Mary A. Conkey's house at 79 Summit avenue, and while he did not get anything he made things lively for a time and consternation reigned supreme among the householders. The burglar entered the cellar and was preparing to "do things" when Mrs. Conkey's son Frederick came home on his wheel. He put the wheel in the cellar and then locked the door, thus making the escape of the intruder impossible.

A short time afterwards Miss Ethel Conkey returned home, accompanied by a friend, who stopped for awhile to visit Miss Conkey. They were conversing in the parlor when they were startled to hear strange noises in the cellar. They could hear someone walking about, and were sure that it was a burglar. It was suggested that Miss Conkey's friend go to the cellar, but on second thought she decided to awaken her brother, as the two could master the burglar better than one. When the brother was acquainted with the facts he decided to go out and search for a policeman, as he had no firearm with which to meet the prowler.

The two started out in search of an officer and walked as far as Front street without finding one. They returned to the house to learn that the man had made his escape.

CAN'T FIND THE CAUSE.

Continuous Ringing of Borough Fire Alarm Puzzles Fire Department Men.

The borough fire alarm system has been giving Chief Debele and Electrician Newman no end of trouble during the past few days, and despite the most vigilant search the trouble has not been discovered. It was at first thought that it was caused by moving the Dyer house on Craig place, which disturbed the wires, but an investigation has shown that the trouble is not there. Last evening the Chief and the electrician were out looking for the difficulty, but were unable to find it. The constant ringing of the bell all day yesterday was a source of annoyance to many, so Chief Debele had the bell cut out. Any alarms of fire sent in will register on the indicator just the same, so nothing is lost except the sound of the bell. The search for the trouble will be continued until found.

Cylinder Head Blew Out.

As the 10:44 express from New York was about to pull out from the North Avenue station this morning, one of the cylinder heads blew out of the engine, making a terrific noise and sending out a great cloud of steam. The break was patched as well as possible, and aided by the 11 o'clock train, which followed, the engine was gotten to Bound Brook.

His Thumb Crushed.

Albert Gaub, 18 years old, of 169 Duer street, an employe at the Pond Tool Works, had his thumb crushed yesterday afternoon while at work. He went to the hospital and had the injured member dressed, after which he returned home.

FIREMEN'S RELIEF WORK

DISBURSEMENTS WERE $1,697.19 AND RECEIPTS $1,027.59.

How It Would Be Possible to Avoid Such a Deficit—Chief Doane Chosen President.

The annual meeting of the Firemen's Relief Association was held last evening, when a review of the year's work was taken. The report of the treasurer showed that the receipts were $1 027 59 and the disbursements were $1,697.19, leaving a deficit of $669.60. There are twelve widows of firemen that are being helped by the association and two firemen who are unable to do anything. They are paid $3 a week. Besides there are other sick and disabled firemen that are receiving assistance. The membership of the association is between four and five hundred.

It can be seen from the above that the association is running behind This has been the case during the past nine years, since the grip struck Plainfield. The only source of revenue to the association is the 2 per cent. on gross premiums on insurance policies. This the association is entitled to by law and the insurance companies are compelled to pay it. Out of the total amount of insurance carried in Plainfield the association receives about half of the 2 per cent. to which they are entitled. This is due to the fact that so many Plainfielders place their insurance in New York, and the 2 per cent. goes to the State Firemen's Association. If persons who have placed insurance in New York would only inform the companies or Chief Doane that they would like to have the percentage go to the local association this would be done, and the person insured would not pay a cent more for his insurance.

The percentage that goes to the State Firemen's Association is issued to support a home for aged firemen near Boonton. It would be of more benefit here, for the local association is doing a good work in caring for their own end and the families where assistance is needed. There are many who do not know the state of affairs now existing, else they would gladly have that percentage paid to the local association.

The election of officers took place last evening and for the twelfth time T. O. Doane was chosen president, and J. A. Hubbard was elected treasurer for the twenty-fifth time. Edward Mosher was elected vice-president, and G. Thorn secretary.

MRS. MURRAY'S TROUBLES.

Rich Somerville Woman Sued by Man She Employed to Protect Her.

Mrs. Eveylyn W. Murray will appear as defendant in Squire Kitchen's court at Somerville May 14th. Mrs. Murray is rich, and lives in New York about half the year. The remainder of the time she spends at her country place near Somerville. Some years ago she figured in a sensational trial at the latter place, having been sued by a servant for injuries inflicted. The jury awarded the servant damages.

A few weeks ago Johnny Garrigan, a half-witted fellow in her employ, and Jack Farento, her Italian footman, became involved in a quarrel, and Garrigan smashed a beer bottle over Farento's head.

Farento hid, and Mrs. Murray, fearing he might come back at night and do her some injury, employed James Henderson to stay all night and watch the premises. Henderson demanded $10 for his services, which she refused to pay, and he has now brought suit.

Impressions of England.

"Impressions of England" is the title of a lecture that will be delivered in the chapel of the Seventh-Day Baptist church this evening by Rev. Dr. W. C. CITY WINS IMPORTANT POINT IN BIG SUIT

Scores a Technical Victory in Supreme Court Against Mrs. Milliken.

WAS BEST METHODS USED?

THAT IS THE ISSUE ON WHICH SUIT WILL BE TRIED.

The Demurrer of the Plaintiff to Corporation Counsel Marsh's Claim for Defense Overruled by the Court Yesterday.

The Supreme Court yesterday rendered a decision having an important bearing on the suit brought by Mrs. Sarah Milliken for $10,000 damages against the city of Plainfield, alleged to have been sustained through the establishment and operation of the sewage beds by the city on property in the proximity of Mrs. Milliken's home. Among the answers made by Corporation Counsel Marsh in defense of the city's conduct in the sewage bed matter was that the city proceeded under a law passed by the Legislature, which intended that as long as the city established and operated the beds under the best-known and most scientific methods, it should not be responsible to individuals for damages sustained in their operation.

To this claim of the city, Codington & Swackhamer, assisted by Senator Reed, counsel for Mrs. Milliken, filed a demurrer in the Supreme Court, arguing that the city should not have the benefit of any such point in the proceedings to define the issue on which the case should be tried. In the decision filed yesterday the claim of the city is sustained, so that it is a technical victory in the latter's favor.

Until the lawyers for the plaintiff have an opportunity to study the decision, it is not known whether the Supreme Court's decision will be appealed to the Court of Errors and Appeals or whether the plaintiff's will be willing to go ahead and try the case by jury. If the latter conduct is decided it will be necessary for the city to prove to the satisfaction of a jury that it used the best known methods in establishing the beds, and that it exercised all reasonabled caution in trying to make them unobjectionable to the plaintiff.

The decision of the Supreme Court is under the original law giving the city statutory authority to establish the sewage disposal system. At the last session of the Legislature, however, an amendment was made to this law which wipes out that section which relieves the city of the liability of damages to persons in case they were claimed and proven. Under the amended law, the city will not be able to make the claim it has established in Mrs. Milliken's case by the Supreme Court's decision.

Mrs. Milliken's suit is regarded as a test action, and if she should secure damages against the city a number of similar suits for heavy damages will be commenced against the city. Mrs. Milliken formerly conducted a summer boarding house, but she claims the stench that arises from the sewage beds in the summer has driven away all her patrons, curtailing her revenue and damaging her property to the extent specified in the suit.

SURPRISED MR. AND MRS. DEBELE.

It Was the Tenth Anniversary of Their Marriage.

Mr. and Mrs. William Debele, of Somerset street, celebrated the tenth anniversary of their wedding Tuesday, and that evening a complete surprise party was given to them in honor of the event. The affair was arranged by Mrs. Peter Doeringer, of the borough. About forty relatives and friends called and gave the celebrants a good time. The evening was passed in a social manner, and a feature was the phonograph selections. A bountiful supper was served during the evening. Mr. and Mrs. Debele received a number of handsome and useful presents from their friends as reminders of the happy event.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

"Her Majesty," in which Miss Grace George and a company of New York favorite players who will appear, under the direction of Wm. A. Brady, at the Stillman Music Hall, Monday evening, May 14th, is the very latest of romantic plays is "Her Majesty" by J. I. C. Clark who put "The First Violin" in form for Richard Mansfield, and is based upon the charming little novel by Elizabeth Knight Tompkins. It is a story of delicate sentiment, quaint, humor and thrilling incidents, quite after the fashion of "The Prisoner of Zenda" and "The Price of Jerrico" but lacking their improbabilities.

* * * * * *

At Music Hall, Tuesday of next week, will be offered a decided novelty and success in "The Queen of Chinatown," with its powerful cast and striking scenic pictures. The action takes place in the Chinese section of New York city, and the story tells of the disappearance of Mary Hildreth, a devoted teacher in the Doyer Street Mission School. Her brother, Lieut. Hildreth, joins in the search for her. He is assisted by Freckles, a bootblack, and Columbia, a newsgirl, and finally secures the secret aid of Beezie, the Queen of Chinatown. Huffnagle, a German cobbler, who chances to rent a shop under Hop Lee's opium joint, obtains a clue to the girl's whereabouts and a raid is planned on the opium joint. During the progress of the raid, the Lieutenant is struck from behind by a Highbinder, stunned and thrown through a double trap into what is called the "Rat Pit" below. A dark change shows him struggling desperately with a horde of hungry rats, who jump at him fiercely, sticking to his clothing and biting viciously. Huffnagle, who helps in the rats, gets into the "Rat Pit" with a lighted lamp, and seeing the rats jump towards him, loses his head and throws the lighted lamp into their midst. An explosion follows, and fire is seen at every point. The climax shows the rescue of the inmates of the opium joint and Mary's rescue by her brother.

SAVOLINSKY NOT DROWNED.

Missing Fisherman Found to Have Gone Off on a Raft.

(Special to The Daily Press.)

Somerville, May 10.—After dragging the Millstone river at Weston for the body of Joseph Savolinsky, who went fishing Friday and then suddenly disappeared, leaving his tackle and catch of fish on the bank. Detective Totten proceeded down the towpath of the Delaware and Raritan canal, making inquiries for the missing man.

At Ten-Mile Lock he found that a young man answering to the description of Savolinsky had gone away on a raft Saturday morning. Why Savolinsky should thus leave his home and situation is a mystery.

SOME CONVENTIONS.

National Populists Meet In Two Cities.

YATES FOR GOVERNOR OF ILLINOIS.

People's Party In Sioux City Form a Temporary Organization and Adjourn—"Middle of the Roaders" Gather In Cincinnati.

SIOUX FALLS, May 10.—The national convention of the People's party began business at 2:20 o'clock yesterday in the big tent wigwam on the top of the hill on the western side of the city of Sioux Falls. There have been larger crowds in attendance upon national conventions, and possibly there have been occasions on which more enthusiasm has been manifested, but there have been few similar events which have been marked by more evident sincerity of purpose or more pronounced decorum of behavior.

The big tent was arrayed in full dress attire for the reception and entertainment of its guests, and the structure proved in every way equal to the service required of it. The platform was also liberally decorated with the stars and stripes, and the uprights of the structure bore aloft excellent black and white portraits of Washington, Jefferson and Lincoln.

There were probably 500 delegates in their seats, and surrounding them there

SENATOR MARION BUTLER.

was a fringe of alternates and visitors numbering 600 to 800. Seats had been provided for a much larger number, but the attendance did not appear meager, and it may be tritely remarked that what was lost in attendance was compensated for in enthusiasm.

United States Senators Butler, Allen and Heitfeld received liberal greeting, while Senator Pettigrew was overwhelmed by the cordiality of the welcome accorded to him. There was also generous applause when the name of Mr. Bryan was mentioned by the speakers of the day. Many sentiments were cheered to the echo, and this was notably the case with Governor Lee's reference to the Boers and the Philippines.

After the appointment of several important committees the convention adjourned till evening. The evening session was devoted entirely to singing and music by the Fifty-first Iowa regiment band. When Temporary Chairman Ringdale called the convention to order at 8:40 p. m., it was announced that the committees on credentials, resolutions and permanent organization were not ready to report. Cries for Pettigrew, Jerry Simpson and "Cyclone" Davis at once went up, but none of these gentlemen appeared.

MIDDLE OF THE ROADERS.

Convention Called to Order In Cincinnati, With Light Attendance.

CINCINNATI, May 10.—The convention of the antifusion element of the People's party, otherwise known as the "middle of the roaders," opened here. Nearly 700 delegates were present, representing every state in the Union excepting three—North Carolina, South Carolina and Vermont.

When Chairman Deaver rapped for order, there were on the floor of the Opera House 470 men and women occupying delegates' seats. In the galleries a count of noses revealed the presence of 75 persons.

National Secretary Joe Parker was then introduced to read the call of the convention. Mr. Parker was received with tumultuous applause. He prefaced the reading with a few remarks on the work of the national committee following the disruption in the Populist forces at Lincoln, Neb., on Feb. 19 last. He said:

"We have had a terrific struggle to hold together the honest men of the party, but I believe we have succeeded, and the People's party is saved."

Mr. Donnelly was called on and made a sensational speech. Among other things he said:

"I want to tell you Mr. Bryan was nearer the presidency in 1896 than he ever will be again. The spirit of 1892 is here, and all we have to do is to renew the agitation and build up the People's party, to save the republic and save mankind. Let us say to one another: 'Let us save mankind. We are a combination of the best blood. We are Jeffersonian Democrats and Abe Lincoln Republicans.' I feel that this is the rebirth of the People's party, with the vermin scraped off."

ILLINOIS REPUBLICANS.

Son of Famous War Governor Yates to Succeed Tanner.

PEORIA, Ills., May 10.—It was after 10 o'clock yesterday when Chairman Dawes called the Republican state convention to order. The committee on credentials announced that it had reached an agreement and reported in favor of seating a majority of the contesting Cullom delegates. The report was adopted without opposition. The committee on permanent organization reported for permanent chairman former Governor Joseph W. Fifer. The report was adopted, and the permanent officers were elected by acclamation.

The platform as read by Congressman Hopkins, after reaffirming the principles of the platform adopted by the Republican convention in 1896, directs attention to the prosperous condition of the country "under the wise, businesslike and patriotic administration of President McKinley."

The administration of Governor Tanner is indorsed, as are also the public services of United States Senator Cullom.

After the platform had been read Miles Kehoe of Chicago presented an amendment expressing sympathy for the South African republics. It was lost in a storm of hisses and shouts of disapproval, and the platform was adopted as read. The following were selected to represent the state at the national convention: Delegates at large, Joseph G. Cannon, John G. Brown, Hale Judson and John M. Smyth. H. D. Pierce and John M. Herbert were named as electors at large.

The convention proceeded to the nomination of a candidate for governor, the first ballot resulting: Judge Haney, 573½; Judge Carter, 359½; Congressman Reeves, 331½; Judge Yates, 272½; necessary to a choice, 769.

On the third ballot the Tanner men began to vote for Yates and started a stampede to the Morgan county man. Finally Yates was nominated for governor.

The balance of the ticket nominated is as follows:

Lieutenant governor, W. A. Northcott of Greenville, renominated; secretary of state, James A. Rose of Golconda, renominated; auditor of public accounts, James S. McCullough, renominated; state treasurer, M. O. Williamson of Knox county; attorney general, H. J. Hamlin of Shelby county.

Richard Yates, son of Dick Yates, the famous war governor of Illinois, is but 39 years of age. He was born at Jacksonville, Morgan county. After leaving college Mr. Yates engaged in newspaper work, but later went to the University of Michigan, where he was graduated from the law school in 1884.

CONNECTICUT REPUBLICANS.

The Fyler Faction Beats the Fessenden Following.

HARTFORD, May 10.—The state convention of the Republican party called to elect delegates to the national convention and to elect a state central committee came to a close here late yesterday. The convention had been looked forward to as the decisive struggle between the two factions which are striving for the nomination for governor to be made at the convention in September. The factions are known by their respective candidates for chairmanship of the state central committee, Messrs. O. R. Fyler of Torrington and Samuel Fessenden of Stamford. The Fyler faction is backing George R. McLean of Simsbury for the gubernatorial nomination, while Senator Donald Warner of Litchfield is the choice of the Fessenden party. The caucus showed the Fyler delegation to be stronger, a test vote showing 247 voting the Fyler way, while 220 Fessenden votes were cast.

It became evident that Fyler was even stronger than these figures would tend to show when the members of the committee were elected after they organized. At the close of the convention they elected Fyler chairman by a vote of 15 to Fessenden's 6, Fyler and Fessenden not voting themselves and one member being absent. It is generally conceded that the man who has the backing of the committee will win, and the McLean party consequently is jubilant.

The delegates at large to the national convention elected were: First district, Linus B. Plimpton, Hartford; Second, Charles F. Brooker, Ansonia; Third, Edwin Milner, Plainfield; Fourth, J. Deming Perkins, Litchfield.

Sheldon's Profits For Charity.

TOPEKA, May 10.—The Rev. C. M. Sheldon received $5,000 from the profits of The Christian Daily Capital. He has given $1,000 to the India famine sufferers. The balance was distributed as follows: City Detention hospital, $1,000; for the contagious disease ward, Christ's hospital, $1,000; Washburn college, $600; Topeka Y. M. C. A., $500; for a public drinking fountain, $300; Kindergarten association, $100; Y. W. C. A., $150; W. C. T. U., $100; Ingleside home, $100; State Temperance union, $100; Anticigarette league, $50.

Death of a Leper.

PHILADELPHIA, May 10.—A heap of bones in the corner of a rude wooden hut within the inclosure of the Chester County almshouse is all that remains of John Anderson, the leper who for the past ten years has been an inmate of the hut. He died some time during the night alone on the bare boards. He was one of the few cases of genuine leprosy found in this country. He was placed in the hut a decade ago, and since that time his only visitors have been scientific men who have watched the progress of the disease.

General Bragg Injured.

FOND DU LAC, Wis., May 10.—General E. S. Bragg, known throughout the United States as "commander of the Iron brigade" during the civil war, is lying at his home in this city suffering from a broken leg. His horse fell on him. The attending physicians say that the general's injuries are of a serious nature and the outcome uncertain for a man 74 years old. Besides having his right leg broken in two places and his ankle wrenched the general suffered internal injuries.

Maryland Republicans.

BALTIMORE, May 10.—The Republican state convention held here elected United States Senator Louis E. McComas, Congressman Sidney E. Mudd, William T. Malster of Baltimore and Phillips Lee of Goldsborough delegates at large to the national convention, instructing them to vote for the renomination of President McKinley.

Popular Election of Senators.

BOSTON, May 10.—The house by a rising vote of 70 to 47 adopted resolutions favoring an amendment to the constitution of the United States so as to permit of the election of United States senators by popular vote instead of by the state legislatures.

Striking Miners Riot.

WILKESBARRE, Pa., May 10.—During a riot between strikers and workmen at the Buttonwood mine of the Parrish Coal company yesterday some 20 men were badly injured, including Superintendent W. T. Smith.

MADRID, May 10.—Several of the provinces are suffering from a plague of locusts. Troops have been requisitioned to help the peasants fight the pest. Gasoline is used to destroy them.

Baseball.

NEW YORK, May 10.—Rain and wet grounds prevented all National league games yesterday. Four games were scheduled as usual.

THE ST. LOUIS STRIKE

Street Car System of the City Tied Up.

BOTH SIDES CONFIDENT OF SUCCESS

By Massing of Forces the Police Enable the Companies to Move a Few Cars—The Crowds Kept Moving.

ST. LOUIS, May 10.—The second day of the great street railway strike was as quiet and uneventful as the first was turbulent and riotous. The St. Louis Transit company made no effort to run its cars, and the St. Louis and Suburban made none until late in the afternoon, when, with police massed along the line and a detachment on each car, it succeeded in getting a number through. Far from relieving the situation, however, this demonstration had no further effect than to show that by massing their forces on a single line the police could keep that line open.

At the close of the day of armed inactivity both sides expressed full confidence in the outcome. The strikers accepted the abandoned car tracks and silent power houses as an indication that the company was weakening. The officials of the latter evidently looked upon their want of success in Tuesday's numerous engagements as only a temporary setback. Frequent conferences were held by the leaders of both sides, and the air of secrecy prevailed around the two headquarters promised developments of an important character.

The police for the first time since the strike began showed some appreciation of the situation and by keeping the crowds moving prevented a repetition of the riotous demonstration of the previous day.

The operation of the cars on the Suburban system under a strong police guard was decided upon at noon, and the cars began to leave the Dehodiamont terminus at 3 o'clock. Along the line hundreds of officers, both mounted and on foot, were stationed, and for an hour previous to the time set for opening the line they were constantly engaged in keeping the crowds moving. No effort was made to prevent the cars from passing, and by the time half a dozen cars had passed the crowd of spectators had melted away. At all crossings policemen were stationed, but there were no violent demonstrations, and very few of the strikers were visible.

Hiring Motormen In Cleveland.

CLEVELAND, May 10.—An agent of the St. Louis Street Car company, now tied up by a strike, has opened an office in this city for the purpose of hiring motormen to go to that city. It is said that 300 men have already been engaged here. No conductors are being engaged, only motormen being wanted.

Strike Costly to Westchester County.

NEW YORK, May 10.—County Treasurer Francis N. Carpenter of Westchester county has received some of the bills of Major General Roe for the payment of the militia which were called out on the requisition of Sheriff Molloy to maintain order at the Cornell dam near Croton during the recent strike. The bills received foot up about $15,000 and are only for Troop C and Company B of the First regiment of Mount Vernon. At this rate the whole cost to the county of Westchester of the strike will be somewhere in the neighborhood of $100,000. The case of the strikers was presented to the Westchester county grand jury yesterday, and after 20 witnesses had been examined they indicted Angello Rotillo as being one of the leaders of the rioters and 19 others for participation in it.

Presbytery For New Creed.

NEW YORK, May 10.—The Newark (N. J.) presbytery, at a meeting held yesterday, unanimously adopted the following overture, presented by the Rev. S. A. Farrand: "The presbytery of Newark, believing that our church greatly needs a short, simple creed stating the essential truths of Christianity, which may be used as an alternative for our present standards by those Presbyterians choosing to do so, and preferring that our time honored confession should remain unchanged, hereby overture the general assembly to appoint a representative committee to take steps to formulate such a creed."

Another Bridge Jumper.

NEW YORK, May 10.—Robert Wetzel, a middle aged single man, jumped from the Brooklyn bridge late yesterday afternoon. He is the third person who has jumped from this bridge during the last three weeks. The man was in a semiconscious condition when picked up, and it was with difficulty that he gave his name. He soon lapsed into unconsciousness. Wetzel's clothing gave him the appearance of a longshoreman. When picked up the soles of his shoes were nearly torn from his shoes, and the remainder of his clothing was badly torn and ripped.

Hard Headed Man Dead.

WILLIAMSTOWN, Mass., May 10.—Abraham Parsons, well known through this part of the state as "Abe the Bunter," died at the town farm yesterday afternoon. He was a negro and almost a centenarian. His local fame grew out of his hard headedness, physical rather than mental, as he was able to break planks, oaken doors and stoves by bumping them with his forehead.

Mexican Students Coming.

ALBANY, May 10.—Superintendent Skinner of the department of public instruction has received advices that a small party of graduates of the state normal school of Vera Cruz, Mexico, will shortly make an educational tour of the United States for the purpose of inspecting our school methods, especially in primary departments. They will visit Albany the 23d of this month.

Half a Million For Oil Plant.

ELMIRA, N. Y., May 10.—A special from Gaines, Pa., says that the Blossburg Oil company, which recently struck a big producer in the Gaines fields, yesterday accepted $500,000 from the Standard Oil company for its leases, wells and appliances. The well has been earning for the Blossburg stockholders nearly $200 per day since oil was struck.

Damaging Gales on German Coasts.

BERLIN, May 10.—Damaging gales are reported from the coasts. Near Leba four vessels have been lost and all on board drowned. From Bremen, Kiel and Flensburg come reports of the loss of fishing smacks with a number of lives.

Watch Your Kidneys!

They are Filters For the Blood. Impure Blood Causes Disease.

Few people understand the important part performed by the kidneys in filtering the blood. As the blood in its circulation through the body passes through the kidneys, its impurity is left in the kidneys, which in turn empties the secretions into the bladder in the form of urine.

If the kidneys are blocked and filtration of the blood from poisonous or diseased germs is prevented thereby, the result is one or all of the following: Sleeplessness, Nervous Prostration, Weak Back, Pains in the Back and Loins, Scalding Dark and Cloudy Urine, Dizziness, Rheumatism, Diabetes, Congestion of the Kidneys, Bright's Disease and Inflammation of the Bladder.

Unhealthy Kidneys Must Be Treated

A medicine is needed that will properly promote the filtration of the blood and check the over-secretion of urine.

BRIDGE WORK

In Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

PAWNEE BILL'S WILD WEST.

It Will be Seen in This City in All Its Glory Tomorrow.

Speaking of Pawnee Bill's Wild West Show, which is in this city tomorrow, the Boston Daily Globe says:

"Pawnee Bill's Wild West Show opened its second week at the Charles River Park yesterday, with the usual afternoon and evening performances, and with an increased attendance. The afternoon programme was carried out in full and the show was greatly appreciated by the audiences. In the reproduction of wild life on the frontier the spectators witness a genuine Mexican Hippodrome and Indian Village, and Indian Museum with quaint relics, and the congress of rough riders of the world, a spectacle of rarity and deep interest.

"Not the least of the strong attractions are the sharpshooting contests in which May Lillie, the champion woman shot, figures prominently. During the performances the spectators will see the strange accoutrements worn and carried by Kit Carson in '49.

"The show itself has so many good features that it is hard to particularize them. There is so much that is instructive and novel in the entertainment and so attractive that an afternoon or evening passed in the company of Pawnee Bill and his associates should prove alike agreeabe to young and old.

"Major Gordon W. Lillie is better known the world over now as "Pawnee Bill." This sobriquet he earned by serving the government among the Pawnees and by having been chosen by that band of warriors and useful nation as its own white chief."

—Irving L. Brady is now settled in his new law offices, 171 North avenue.

—The case of Deike against Van Nest, which was to have been tried yesterday before Justice Mattison, was adjourned for one week.

NEELY AT HOME.

Reaches Muncie, Ind., and Seems in Good Spirits.

MUNCIE, Ind., May 10.—Charles F. W. Neely, charged with the embezzlement of Cuban postal funds, arrived home yesterday afternoon. He refused to make a statement other than to say that he will remain here for three days and then return to Washington for his preliminary hearing. He seems in good spirits, and his closest friends are not alarmed at the probable outcome. The story of finding several thousand dollars in Mr. Neely's grip has already been refuted by a message from the inspector who arrested him to Chief Cashmore which stated that no money was found upon Mr. Neely's person or in his valise.

Mr. Cowan brands as a lie the report that Neely deposited $15,000 in cash with a local bank upon the occasion of his last visit to Muncie. This report was similar to others aired in local and foreign papers. One of them was that Neely when arrested had on two $500 diamond rings. These rings were purchased in 1894 in Muncie, and Neely has worn them constantly since that time.

SPANISH IMMIGRATION.

Thousands Coming to Cuba—How Natives View the Postal Frauds.

HAVANA, May 10.—Since the beginning of the year 5,872 Spanish immigrants have landed at Havana. Many of these have been in Cuba before. It is said here that as a rule after a Spaniard has once become accustomed to life in Cuba he is inclined to return to the island. Very few immigrants have been sent back because of any failure to comply with the conditions, as these are attended to by shippers at the port of starting.

The Cubans do not say much regarding the recent postal fraud disclosures, but they smile derisively at the development of a large defalcation, a fraud that must have continued for a year in the department which was most often pointed out as an illustration of the political honesty which the Americans came to Cuba to inculcate.

CONDENSED DISPATCHES.

Lightning set fire to a loaded trolley car on the Passaic-Hoboken line.

Fifty large postoffices showed an aggregate increase in receipts during April of $250,000.

The cable car service up Mount Vesuvius has been suspended in consequence of the eruption.

The conference for the discussion of race problems in the south opened at Montgomery, Ala.

The British ship Sierra Nevada was wrecked near Melbourne, and 23 lives were believed to have been lost.

Admiral Hichborn reported that work on the battleships Kearsarge and Kentucky was practically completed.

Serious demonstrations against the government's financial policy were reported from Spain, and the ministry was said to be greatly alarmed.

Costly Forest Fires.

ELMIRA, N. Y., May 10.—A special from Galetin, Pa., says that the property loss resulting from the forest fires at Corbett and vicinity is about $200,000. Mr. and Mrs. George Loucks, who were reported as burned to death, were found yesterday alive and well. They had been rescued with great difficulty and taken to a place of safety. Four other residents of Corbett are still missing, and it is feared they perished. The body of Samuel George was found by the roadside. He had been burned to death while fighting fire. Ten buildings were destroyed in the village instead of all, as was supposed.

More Troops For the Cameroons.

BERLIN, May 10.—The budget committee of the reichstag yesterday appropriated an additional 865,000 marks for further troops in the Cameroons and 252,000 marks for German Samoa. Governor von Puttkamer of the Cameroons had confirmed the report of a French victory over Chief Rabah in an engagement recently fought on Cameroons soil and had reported that to prevent Rabah devastating the Cameroons district it became necessary to post a large force of German troops there. Governor von Puttkamer now reports that the revolt of the tribes has been subdued.

Deadlock Broken.

CHARLOTTETOWN, P. E. I., May 10.—The deadlock in the Prince Edward Island legislature was broken yesterday by the arrival posthaste from Paris via New York and Boston of Mr. Pineau, the absent member for Prince, and by the government's refusal to let Mr. Wise take his seat, claiming that he had resigned. The opposition contended the resignation had not been properly accepted.

New Jersey Churchmen Adjourn.

ATLANTIC CITY, N. J., May 10.—The one hundred and twenty-eighth annual convention of the Protestant Episcopal church of New Jersey adjourned yesterday. Elizabeth was selected for next year's convention. The constitutional amendment ruling out of the convention parishes which in two years had not held services in their churches was adopted.

Milk Producers Get Together.

MIDDLETOWN, N. Y., May 10.—Seventy-five of the milk producers of Orange county, with a view of securing better prices for milk, have decided to join the Five States Milk Producers' union. An Orange county union will be formed, to which the local sections in the county will be subsidiary and which will take the place of route unions.

Bubonic Plague Spreading.

LONDON, May 10.—The Daily Express publishes this morning a series of telegrams which illustrate the alarming spread of the bubonic plague, which is ravaging the shores of the Red sea, is rapidly increasing at Hongkong, where there have been 65 cases in 20 days, and is spreading into additional towns in Australia.

To Declare Arica a Free Port.

LIMA, Peru, May 10.—It is asserted in quarters usually well informed that Chile, in concurrence with Bolivia, will declare Arica, province of Tarapaca, a free port. This would prove to be an event of the greatest importance in case of the construction of an interoceanic canal.

Bundy In Prison.

ELMIRA, N. Y., May 10.—Frank E. Bundy, Elmira's defaulting former city chamberlain, was taken to Auburn prison yesterday by Sheriff Little. Bundy was sentenced to serve 6 years and 6 months for embezzling city funds.

HUTTON DRIVEN BACK

British Cavalry Could Not Capture Boer Convoys.

LORD ROBERTS STEADILY ADVANCING

A Brush at Mafeking Reported—England Accused of Uncivilized Warfare—Hamilton Too Late at Winburg to Secure Transports.

LONDON, May 10.—General Hutton's mounted infantry brigade, including the Canadians, with a part of General French's cavalry, crossed the Zand river Tuesday and began to work its way cautiously along the railway northward in the track of the retiring Boers.

About 8,000 horsemen were probably engaged in this advance. General Hutton before he was joined by a part of General French's force had a sharp fight. This was on Monday, when he reached the river and saw the Boer convoys on the other side and pressed forward intending to cross and capture them. The Boers, however, opened fire with from eight to ten guns, forded the river above and below seemingly in thousands and sought to envelop the British. General Hutton fell back several miles, the Boers following until other British cavalry reenforced Hutton. During the night the Boers retreated, not further contesting the crossing.

Lord Roberts, according to one correspondent, left Smaldeel Tuesday to consult one of the Hamiltons, 15 miles distant.

The Boer attack on General Hutton does not indicate any such panicky conditions as have been alleged to exist among them. Nevertheless the British advance rolls on steadily. General Broadwood and General Bruce Hamilton have penetrated 15 miles beyond Winburg. According to Boer advices, sharp skirmishes are of daily occurrence, and there was a brisk rifle engagement outside Winburg on Saturday.

A dispatch from Smaldeel, dated May 8, says:

"Yesterday General Hutton attempted to seize a Boer convoy that was leaving the Zand river. He advanced toward the river with mounted infantry, including the Canadians. A long line of wagons was plainly visible.

"On becoming aware of General Hutton's object the Boers stopped their retreat and opened fire with ten guns. They seemed in great force and threatened Hutton's flank.

"Presently mounted Boers were seen crossing the dry bed of the river. They circled to the right and began to enfilade the West Australians, while many of the British were hit by Boer shells.

"The position became serious. The Boers sent up re-enforcements, placing the Australians in danger of being cut off. Thereupon General Hutton ordered a retirement to Welgelegen, where he had left his own convoy. A portion of the forces advanced and engaged the Boers to cover this retirement, which was successfully accomplished.

"The Boers continued to shell the retiring troops, but showed no desire to press the attack further. Meanwhile the Boer trains steamed away northward, blowing up the culverts as they went."

From Boer sources comes also the report that in a skirmish outside Mafeking May 5 Colonel Baden-Powell was slightly worsted.

The Transvaal volksraad adopted resolutions on Tuesday expressing indignation at the British for not conducting the war in a civilized manner, for killing wounded Boers with lances, for using armed Kaffirs under British officers and for ill treating prisoners.

A dispatch to The Times from Smaldeel, dated Tuesday, May 8, says:

"Lord Roberts has halted here to complete the railway and to allow time for the cavalry now returning from Thabanchu to take the place designed for them in the orginal scheme of advance.

"General Hamilton last week was continually in touch with General Botha's rear guard. The enemy maneuvered field guns skillfully to check General Hamilton's advance. On one occasion they masked their position so well as to jeopardize the British convoy, which was saved by the timely arrival of the highland brigade with naval guns.

"The advance on Winburg was so rapid that Hamilton's advance scouts were overlapping the town before Botha's transport was clear; but, owing to difficulties at the drifts, the guns arrived too late to effect the convoy's capture.

"While Captain Balfour was negotiating with the landrost for the surrender of Winburg General Botha himself, misunderstanding the envoy's language, threatened to shoot him, but the landrost, rightly interpreting the words and perceiving that the British were in a position to bombard the town, decided to surrender. General Botha then retired."

BULLER'S ADVANCE.

British Army Pushing Toward Biggarsberg—Heavy Boer Losses.

CAPE TOWN, May 10.—It is reported that General Buller is advancing on the Biggarsberg and that the Boers are withdrawing.

The Boer losses at Brandfort are now reported to have been much heavier than was at first understood. After the battle British patrols visited the farmhouses in the surrounding district, and all the men were taken prisoners, while the horses and guns were removed.

Lord Roberts is thus adopting a sterner policy with a view of preventing guerrilla fighting in the rear of the British. Horses are now commandeered, and farmhouses where guns are found are destroyed, while the men are arrested.

Blockade Runner Now a Fruit Ship.

PHILADELPHIA, May 10.—The famous filibustering steamer Bermuda has arrived in Philadelphia from Port Antonio, Jamaica, completing her first voyage in the peaceful pursuit of commerce since finishing her exciting history as a Cuban blockade runner. The Bermuda is chartered by a fruit company and is commanded by Captain Hughes, the same officer who took her through dangerous territory in the days of the Cuban strife for independence.

Howard Surrenders.

LONDON, Ky., May 10.—Jim Howard, the man accused of firing the shot that killed William Goebel, came in from his home in Clay county and took a train for Frankfort, where he goes to surrender himself to the authorities. Howard says he will have no trouble in proving his innocence.

Some Inside History.

The Jersey City Journal, through some special correspondence from Trenton, rehearses what is alleged to be the origin of the boom to make Frank Bergen the Congressional representative in the Eighth district at a sacrifice of the political aspirations of Charles N. Fowler. After telling of the conditions that led up to the nomination of Mr. Fowler the first time, as well as the subsequent elections in 1896 and 1898, the Journal correspondent says:

In 1898 there was some opposition and his plurality fell to 4,352. Still the people were satisfied with his services, which were of a high order, and there were only occasional complaints, mainly from those who yearned for the postoffices that somebody else secured. Things political were drifting along quietly and it was generally understood that Mr. Fowler would be renominated by acclamation without an opponent.

"One day a local [Elizabeth] newspaper contained a suggestion that Frank Bergen would make a good candidate. The correspondent of an out-of-town newspaper saw the paragraph and scented a story. He called on Mr. Bergen and asked for information. At first Mr. Bergen poo-poohed the proposition, then in a spirit of fun said there was no reason why he should not become a candidate, and his formal announcement was made. There was no premeditation about the matter and no thought of the effect the candidacy might have on his friends, who were in almost every instance the friends of Mr. Fowler. A day or two after Mr. Bergen announced himself an incident occurred that has been very unfavorably commented on by the adverse press."

After describing the incidents of Congressman Fowler's gift of a public library site to the city of Elizabeth, Mr. Bergen's hesitation over an appointment to the judiciary in Porto Rico and his final declination, as well as Mr. Fowler's offer to pay the expenses of moving some Government cannon to Elizabeth after the Council had declined to do so, the correspondent says:

"It is probable that Mr. Bergen would have withdrawn from the candidacy for Congress after he refused the judicial position, if it had not been that a number of his friends and all the opponents of Mr. Fowler had committed themselves to him and though he will certainly be defeated he is inclined to continue as a candidate. In fact the certainty of defeat makes the position more attractive, for he dearly loves a contest."

Council's Path of Duty.

To those misguided people who believe that no harm can come to the best interests of the city in the granting of the application of John Mortimer for a wholesale license to sell liquor, we commend a perusal of the arguments made by Judge Coddington before the members of the Common Council Monday night.

A report of what Mr. Coddington said in opposition to the granting of the application is printed in another column of today's Press. It is a strong array of facts and arguments showing that if the Council grants the license the members will be false to the duties which the acceptance of the Councilmanic office imposed upon them. It is their duty to respect and heed the wishes of the majority of the people of the city, and particularly that class whose interests are most concerned in the consideration of Mortimer's application.

There ought to be no misapprehension on the part of the Councilmen in this respect. As pointed out by Judge Coddington, the only ones who favor the granting of this application are the six signers and a few politicians who are exercising a pernicious activity in respect to it. On the other hand we see nearly every prominent and reputable business man in the city, as well as most all of the owners of valuable business property in the centre of the city, vigorously and earnestly opposed to it. It ought not to be difficult for the Councilmen to to see their path of duty.

While Governor Voorhees is absent from the State on his contemplated trip to Europe Senator William M. Johnson, president of the Senate, will be acting Governor with all of the powers of Governor.

The Daily Press is thirteen years old today. The career of The Daily Press from the day it was started has been one of continuous increase in all the details that pertains to a successful newspaper.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

Numbered among Plainfield's excellent saw bones and pill-makers is one who is forever passing off jokes on his friends. He never fails to do this and he seems to enjoy it more than his victims. Recently a man got even with him by telling him that he had a case for him. The physician became interested as he saw visions of a crisp $5 note, and possibly a $10. He then began to question his friend about the case, and was informed that it was a case of "lint on the lungs." This puzzled the physican to a greater degree, and he innocently asked the interpretation of the words. The reply nearly stunned him. He was told that it was simply a bad case of "chewing the rag." It was expected that there would be crepe on the door at the home of the man who gave his physician-friend the joke, but it has not materialized as yet.

* * * * * * *

A strange man rushed into the telegraph office at the North Avenue station yesterday afternoon and throwing a satchel on the counter exclaimed, "Will you send a telegram for me immediately? I have lost my satchel." Manager Schermerhorn replied in the affirmative, at the same time telling the man that he was there for that purpose. The man explained that he had just got off the 3:12 train and that his satchel had been taken to New York, and he wanted to make sure that no one would steal it. He then proceeded to write a telegram. In the meantime Mr. Schermerhorn, to save time, called the operator at Elizabeth so as to be ready when the telegram was received. The message written and accepted, the stranger started from the door. Mr. Schermerhorn had sent about half of the message, when the stranger came running back all out of breath, exclaiming, "Don't send that message, I have found my satchel." Mr. Schermerhorn looked up and to his astonishment saw the man carrying the satchel which was supposed to have been lost The stranger was dumbfounded. He paid the bill and had nothing more to say.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN

(Special Correspondence to The Press.)

Dunellen, May 10—In the death of James Monroe Gaskill yesterday Dunellen lost one of her oldest citizens. Although Mr. Gaskill was in his eighty-third year he was remarkably well-preserved for a man of his age, but succumbed to a stroke of paralysis which attacked him three weeks ago. He was born at Rahway March 4, 1817, the day James Monroe took his seat as President of the United States. When a young lad he took up the trade of blacksmith which he followed all his life, being employed for twenty-three years by L. M. French, of Plainfield. He is survived by two sons and a daughter, one of the former being Henry C. Gaskill, of the borough, with whom he lived.

A large crowd of young boys gathered at the terminus of the street railways yesterday and made themselves obnoxious to the conductors by jumping on and off the cars and to the passengers by their profane language.

The Brunswick Traction Company seems to be undecided as to keeping the large cars on the borough line They are on one day and just as Dunellenites are beginning to think they are permanent, off they go again.

It was learned yesterday that Thomas Hoy was the name of the brakeman who was injured at West Dunellen Tuesday. He was removed to the Easton Hospital where he lies in a precarious condition.

The funeral services of James Monroe Gaskill will be held from the house Saturday at 2:30 p. m. Interment will be in Hillside Cemetery, Plainfield.

The Banjo Club met at the home of Percy Abbott last evening for practice. They meet at the home of Mrs. Will Terry tonight.

Sandford Staples has commenced the carpenter work on Theodore Kuldoshes new house.

John Runyon, of Washington avenue, visited his daughter in Trenton Tuesday.

A new culvert has been placed across Lincoln avenue and Front street.

Mrs. Annie Abbott spent yesterday in Metuchen.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 10.—Louis Carter, who has been visiting at the home of his mother in Fanwood, has left once again for the west. Mr. Carter has spent a number of years in the west on the ranch and at the gold field of the Klondike. His destination this trip is Cape Nome, Alaska.

The condition of the trolley road bed between Cook's corner and the Westfield line is such that the passengers are led to believe that they are enjoying a ride in the shoot the chutes of Coney Island.

Wm. E. Collins, of Fanwood, was honored by a re-election as Grand Guide at the Grand Council meeting of the Royal Arcanum held at Lakewood Monday and Tuesday.

JUST A TASTE

of our Butter is enough. Henceforth we have you as a customer.

We carry three different grades of butter, each of which has its special merits.

Our Rockdale Print Butter at 25 cents per pound, is the best on earth. It has the rich, delicate flavor of the finest cream and for table use cannot be surpassed.

Some of the cheaper grades of butter sold elsewhere are often tasteless. Our lowest priced goods are of excellent flavor.

Berlin. Eine ständige Automobilausstellung ist für Berlin geplant. Die Ausstellung ist eine Gründung erster Finanz- und Sportkreise, die es sich zur Aufgabe gemacht haben, den Automobilsport, der in Frankreich und besonders Paris schon längst weite Kreise gewonnen hat, auch hierorts in erhöhtem Maße einzuführen. Die Ausstellung liegt nahe dem Bahnhof Friedrichstraße. Die Haupthalle wird durch Umbau des alten königlichen Theatermagazins gewonnen unter Hinzunahme der anstoßenden Stadtbahnbögen, so daß eine Ausstellungsfläche von fast 2000 Quadratmeter gewonnen wird.—Der Eigenthümer des „Berliner Lokalanzeiger," August Scherl, hat sein gesammtes Etablissement einer Aktiengesellschaft überlassen, die es mit der Druckerei und Verlagshandlung Hempel u. Co. zu einem Unternehmen vereinigen wird. Hempel wird Direktor der neuen Gesellschaft, die mit 16,000,000 Mark Kapital gegründet wurde.—Die früheren Direktoren des Vereins zur Begründung patriotischer Anstalten, Veteranen- und Invalidenheime, Fischer und Föllmer, wurden wegen fortgesetzter Unterschlagungen verurtheilt. Fischer erhielt zwei Jahre, Föllmer anderthalb Jahr Gefängniß. Beiden wurden die bürgerlichen Ehrenrechte für zwei Jahre aberkannt.

Bärwalde. Müncheberg und Kottbus haben nicht mehr den Vorzug, unter den märkischen Städten die einzigen kommunalsteuerfreien zu sein. Bärwalde ist jetzt ebenfalls in der angenehmen Lage, seinen Einwohnern diese Vergünstigung zu gewähren. Nach einem Beschluß der Stadtverordnetenversammlung werden mit Rücksicht auf die günstige Finanzlage der Stadt Kommunalabgaben in Bärwalde vorläufig nicht mehr erhoben.

Union County Court of Common Pleas

Notice of hearing objections to assessments for street improvements in the City of Plainfield.

Andrew J. Gavett, Robert H. Cook and Arthur T. Gallup, the Commissioners appointed by the Union County Court of Common Pleas by order entered on the 24th day of January, 1900, to estimate and assess benefits conferred by the permanent street improvements in the City of Plainfield, under the ordinances of said City specified in said order, said improvements being the macadamizing of portions of East Sixth Street, Franklin Place, East Ninth Street, West Fourth Street and West Third Street in said City, under and by virtue of the provisions of the Act of the Legislature entitled "An Act to Authorize the Improvements of Streets and Highways in Cities of this State, and to Provide for the Payment of the Expense of the Same," approved June 13, 1898, and the amendments and supplements thereto, having made and filed in the office of the Clerk of said Court, a report in writing of their estimates and assessments, accompanied by a survey and map prepared by the City Surveyor under their direction, showing lot or parcels of land and real estate peculiarly benefitted by such improvements, respectively, the cost of the whole work under said several ordinances, the portion assessed upon the City at large, and the names, so far as ascertained of the owners of the said lots or parcels of land and real estate and the amount of the assessment to each owner for each of said lots or parcels of land and real estate for the said benefits, and the excess thereof to be paid by the City at large, and raised by general tax, and the other matters required by said Acts of the Legislature, as by reference to said report and maps will more fully and at large appear:

Notice is hereby given that the said Union County Court of Common Pleas has fixed Saturday, the twelfth day of May, 1900, at ten o'clock in the forenoon, or as soon thereafter as the Court can attend to the same, at the Court House in the City of Elizabeth, as the time and place for hearing any objections that may be made to such assessments, when and where all parties interested may be heard, and has directed the publication of this notice.

Dated April 25, 1900
WILLIAM HOWARD,
Clerk of Union County Court of Common Pleas.

In Chancery of New Jersey.

To Margaretha Kobler, John A. Merrill and Maria D. Merrill his wife; Annie Deffert and Richard R. Deffert her husband.

By virtue of an order of the Court of Chancery of New Jersey made on the the day of the date hereof, in a cause wherein Frederick Sandford and others are complainants, and you and others are defendants, you are required to appear, plead, answer or demur to the bill of the said Complainants on or before the eleventh day of June next or the said bill will be taken as confessed against you.

The said bill is filled to foreclose a mortgage given by Aaron D. Thompson and wife and Francis S. Runyon to said Frederick Sandford and others, the complainants in this cause, dated December 1, 1894 and recorded in the Clerk's office of Union County in Book No. 122 of Mortgages for said County on page 505 on lands in the City of Plainfield, Union County New Jersey.

And you Margaretha Kobler are made defendant, because it is in said bill alleged that you own said Mortgaged premises, and you John A. Merrill and Maria D. Merrill are made defendants because you have or may claim to have an interest in said mortgaged premises; and you Annie Deffert and Richard R. Deffert are made defendants because you have or may claim to have an interest in said Mortgaged premises.

Can there be any stronger proof offered than the evidence of Plainfield residents? After you have read the following quietly answer the question.

Mr. S. J. Conklin traveling salesman for a New York Confectionery house living at 134 West Front street, says:—"I was subject to pain in the back and hips which at times I felt in my side. I tried different kinds of kidney cures but received little or no relief. I read a great deal about Doan's Kidney Pills and I went to L. W. Randolph's store and got a box. I took three boxes altogether and was wonderfully improved. Doan's Kidney Pills are a good remedy and accomplish all that is claimed for them."

SHIRT WAISTS.

Thin Bodices to Be More Worn Than Ever.

All sorts of wash materials are now made into shirt waists, although, after all, there are many thin bodices, to be worn with different skirts, which are not at all like shirt waists in general appearance. For the severe regulation style pique, plain or printed, is much used and is extremely serviceable. Then there is the wide range of French zephyrs and printed percales, which are thinner, but yet substantial. Next come madras and dimity, with corded goods of various kinds, and, last, sheer fabrics like lawn, muslin and nainsook.

Among the newest white waists—and white waists are legion—are those made of all over tucking, the tucking being hemstitched. Then there are the more familiar ones of material in which bands of lace alternate with bands of tucking or embroidery. The sleeves of these more elaborate bodices are usually different from the ordinary shirt style and

are made rather tight, like a gown sleeve, with a flaring cuff of some sort to fall over the hand. These bodices are all unlined. They are made with a plain, full front, are mounted on a yoke or have a yoke simulated by arrangements of tucks, etc.

The cut depicts a jacket of red cloth. It has a tight back and a short basque cut in square tabs. The tight sleeves have stitched darts at the shoulders, and stitching ornaments the wrists and outlines the basque. The coat collar and large revers are faced with black velvet and bordered with stitching. A shirt waist is worn with a linen collar and black satin cravat. The hat of fancy straw is trimmed with straw and quills.

JUDIC CHOLLET.

ACCESSORIES.

Pleasing Additions to the Fashionable Wardrobe.

Voluminous scarfs of net, mousseline de soie, crepe de chine or liberty silk are worn and are a becoming addition to almost any toilet. They are seen in all colors, but white or cream is usually most satisfactory.

The capuchon, like the scarf, plays an important role in connection with summer wraps. These little garments, of silk, lace and net, spangled, jetted or plain, have long scarf ends in front, shirred or plaited, terminating in ruffles, lace or fringe, while about the shoulders is some variety of the capuchon, devised with an eye to novelty and attractiveness.

The separate bodice still holds its own unassailable place in the wardrobe, because of its economy and utility. It is not appropriate for full dress occasions, but for the theater, small social functions, luncheons, etc., it is much worn. The blouse effect has entirely disappeared, and even silk shirt waists are well drawn in at the waist and do not hang over the belt.

TAFFETA BODICE.

The bodice illustrated is of mauve satin. It is tight at the back and gathered at the waist in front, opening over a guimpe and plastron of cream satin covered with a latticework of narrow black velvet ribbon. The top of the mauve taffeta sleeves has a cap of white satin similarly adorned, and there are cuffs to match. The taffeta collar is bordered with a fine ruche of silk, and the revers, sleeve caps and cuffs are edged in the same way. A knot of black velvet adorns the front.

MAKES GOOD SCORES.

Indiana Girl of Sixteen Has Shooting Records Which Have Already Won Fame for Her.

Miss Edith, daughter of W. D. Rickel, of Auburn, Ind., is developing rare skill with the gun, and promises soon to equal the average sportsmen of the world. Miss Rickel's experience at the trap only dates from January 1, this year, and her rapid advancement has created a sensation among the lovers of that sport, and her scores have been prominently mentioned by the trade papers.

Miss Edith's mother died last summer, and since she has taken the ar-

MISS EDITH RICKEL.

duous responsibility of keeping house for her father and at the same time attending school, she incidentally took up the gun. She is but 16 years of age, weighs 135 pounds, and stands five feet high. She is a splendid example of the best type of Hoosier beauty. Her large, dark eyes, black curly hair and charming good nature make her a noticeable figure wherever she goes.

Her love for the field sport came to her like a vision, and, after expressing a fond desire to take up the gun, she was the recipient from her father of an exceptionally good Winchester, weighing 7¾ pounds. The services of Mr. Romeo Tarney, of Auburn, were also secured, and he, being a marksman of recognized ability, soon instructed her in the art. Her first experience at the trap was on January 8, 1900, when she shot at 50 targets, ten yards rise, known trap and angles, scoring 29 out of a possible 50.

On January 16, her second attempt at the trap, she shot 75 birds in strings of 25 at 16 yards rise, scoring first 25, 17; second 25, 18, and third 25, 19, or a total of 54. On January 24 she shot at 75 targets, breaking 57 at 16 yards rise, making a straight run of 29 from the tenth to the thirty-ninth bird. On January 31 she shot at 50 targets 21 yards, scoring 37. On February 8 she shot at 50 targets, unknown angles, known trap, 16 yards rise, and scoring 39 breaks. On this day a stiff north breeze made the flight of the targets very irregular.

The score which Miss Edith has made in the field and marsh is also a most excellent one and shows she now possesses more skill than the average sportsman. It is not an uncommon occurrence for her to come in from the marshes with plenty of game, especially rabbits. Recently she received an English setter dog from the well-known kennels of W. R. Lyons, of Piqua, O., and to say that she now thoroughly enjoys the sport is a mild expression. It is predicted by local sportsmen that, with no fatality, a few months hence, Miss Edith will rank among the best trap shooters of her sex in America.

BALL-ROOM ETIQUETTE.

Customs Which Polite Society Approves as Being in Good Form and Quite Correct.

When a man is presented to a young woman at a dance he usually says almost at once: "May I have the pleasure of this dance?"

After dancing and walking about the rooms two or three times the young man may take the girl back to her chaperon and plead another engagement—or better, she suggests that he take her to her place near her mother or chaperon.

The lady is the one to first intimate her desire to stop dancing.

If a man holds a girl too tightly she should drop her hand from his shoulder, so as to bring it between her partner and herself. If he does not take the hint let her stop dancing at once under some pretext so evident that he may realize her displeasure or disapproval.

A chaperon should not be lacking in personal dignity; nor should she dance while her charge is unprovided with a partner.

A girl should be attentive to her mother or her chaperon, presenting her friends to her and occasionally stopping to say a few words.

Both young men and maidens should be careful to remember that their dancing engagements must be kept.

A girl must not refuse to dance with one man under some pretext, and then dance with another; neither should she dance with the same man more than two or three times.

A young man invited to a house should dance as early as possible with the daughters of his hostess, and pay them every possible attention.—Mrs. Burton Kingsland, in Ladies' Home Journal.

To Make Sweeping Easy.

To lessen the wear on brooms and make sweeping easier an improved handle is divided into three sections, the center section being a flat spring plate set in the same plane with the broom head, which relieves part of the strain on the bristles.

A SPION KOP LEGEND.

Old Time Story of the Stump-Tailed Sacred Snake of the Zulus.

Pertaining to the elevated scene of Sir Charles Warren's feat at arms there is a native legend which runs thus, says London Telegraph. Many years since there died a celebrated Zulu chief. At his obsequies there gathered a notable band of warriors and others. In the midst of the assembly, suddenly, an enormous python put in an appearance. A youthful warrior, thirsting for glory, sprang forward and struck the reptile with some description of lethal weapon. The blow severed the creature's tail from its body. The chief witch-doctor present reprehended the act, and averred the python was the spook of a warlike ancestor of the recently departed chief. The creature, deprived of its tail, recovered health in time; and though stump-tailed, become sacred. Ever since this story has found believers. The Boers, superstitious as they are, soon lent a willing ear, and the story became mixed up in their own somewhat prolific spookology. Certain it is, this stump-tailed snake—or another of the same pattern—appears from time to time. At every appearance, it is alleged by the Boers of the neighborhood, some event of great portent is on the tapis. Perhaps, if this snake has recently appeared, it may have had something to say about the relief of Ladysmith or the advent of Sir Charles Warren.

Spion kop means the hill of spying, and was so called because the Boer Voortrekkers flying from the British law and restrictions, when they crossed the Drakensburg, paused at this hill to spy out the savage land and to decide in what direction they should move.

NATIVE NEW ZEALANDERS.

A Traveler's Description of a Tribe Eating Its Evening Meal—Fine Bread.

At sunset one evening we sauntered into a Maori village, and found ourselves in the grassy inclosure wherein sat the tribe eating its evening meal, says Blackwood. Some natives might have resented our invasion. Not so the Maoris. With unaffected pleasure, they made us welcome. Swarthy faces beamed upon us; many brown hands were outstretched to grasp ours, and tattooed lips, in hospitable, if quite unintelligible language, invited us to partake. Round two large dishes the entire party of men, women, girls, youths and babes were squatted, and it was interesting to see that in this tribal commune the smallest child had evidently as much right to put his paw in the dish and help himself as had his elders.

In a pool of gravy in a tin pan lay a large hambone at which an infant was picking, but the chief provision lay in a great pie dish full of kumaras (sweet potatoes) and some green vegetable. In addition, there was a splendid loaf of bread, round, flat, nicely browned and closely resembling a huge wheaten scone. The method of cooking was primitive, but apparently efficient. Catching the glimmering of a firelight in one of the larger huts, we entered and found that it proceeded from some glowing wood ashes on the floor. Over the formed a rude grill, whereon was placed a large tin pan containing another loaf, while a third, still in the dough stage, stood on the floor ready for baking.

TOM WASN'T MODEST.

He Told the General Who Was the Best Rider and Soldier.

An English general in reviewing a corps of cavalry stopped before a splendid-looking fellow and asked abruptly:

"Which is the best horse in the regiment?"

"No. 40, sir."

"What makes you think he is the best horse?"

"He walks, trots and gallops well; is a good jumper; has no vice, no blemish; carries his head well; is in his prime."

"And who is the best soldier in the regiment?"

"Tom Jones, sir."

"Why?"

"Because he is an honorable man, is obedient, tidy, takes good care of his equipment and his horse, and does his duties well."

"And who is the best rider of the best horse?"

"Tom Jones, sir."

"And who is Tom Jones?"

"I am, sir."

Hand Ball as a Game and as a Means for Training Muscles

ATHLETES are making a great mistake in gradually working away from handball as a game and as a means of training muscles. That such a state of affairs is true, some critics will deny. There are plenty of courts in the United States—nearly every fire company in a big city has a court for a man to practice in—but the courts are not frequented by the old-time experts. Some recruits who know but the first principles of the ancient game, bat the ball about until their hands become tender and then they give way to other recruits. Time was when thousands of handball contests were decided in Chicago, New York, Brooklyn and same other cities every Sunday afternoon.

Now Philip Casey, the man who voluntarily relinquished the championship after holding it against all comers for a quarter of a century, says that the interest in the game is dying in the east and that Chicago is the greatest handball center in the world. There is nothing to handball from the point of view of the athlete who is always trying to make money out of a sport. Perhaps that is why there is less play in the match line. But there is health, longevity, robust constitutions, hearty appetites, etc., in a handball game—it is better than almost any other form of exercise for the human body.

Mr. Casey owes all of his health to handball. Thirty-five years ago he came to America. He had been a great handball player in Mountrath, Queen's county, Ireland, for five years before he landed on American soil. It was in 1897 that he gave up championship honors simply because he had become weary of the monotony of winning against all challengers and wished to give some of the younger players a chance. He is confident that even now, with the snows of age showing on his head, he could successfully play a championship contest and his age is away past the limit which nature seems to place upon the life of an athlete, as far as active participation in athletics is concerned.

"But all I have made out of handball, even with my matches," says the world's famous player, "is health. It cost me more than I got out of it. But I hold that it is the grandest game in the world. I would not give it up if I were a great-grandfather. I expect to continue to play until I am 25 years older and to keep my health and strength. I play a little each day and keep my eyes bright and my muscles firm."

It would bother an experienced trainer to go out and select several men 55 years old who could skip about in a handball court, following the ball as Casey does, and weathering a hard game without wilting. Casey says that he knows of no men of his age except handball players who can stand that violent exercise.

"Ireland has produced the best handball players, as everyone that follows the game should know. I take it that the men of my race have been playing the game in some form for a thousand years. The last game that I played in that amounted to something was the $2,000 match at Chicago, when Jim Dunne and I played William Carney and Louis Keegan, and won.

"There were courts in New York, Hoboken, Jersey City and Brooklyn when I came to America, but the game has made its greatest strides in the last few years as far as the spread of enthusiasm and the building of courts is concerned. There are nearly 30 first-class courts in Chicago, where the present champion, William Carney, lives.

EUGENIO CASSELLI.

I think that the game is on the increase. There may not be as many Irishmen playing it as there used to be, and there may be a scarcity of old-timers, but the young men who want the best form of training are not overlooking handball. The colleges and 'varsities are taking to the sport. The Young Men's Christian association gymnasiums are equipped with facilities for handball. The schools for young men and for women, that pay attention to the physical as well as the mental development, foster handball as an exercise. The girls should not be afraid to play it, for it does them as much good as it does the boys. They can get red cheeks and a graceful carriage from a half hour a day in hard work in a court. The game is faster than tennis and requires more physical effort for a woman than tennis, but I choose handball for the athletic girl every time.

"What can be better than an hour at handball in a cool court? The Turkish bath is not in it with handball to bring out a healthy perspiration. The trouble with the vapor baths is that they produce perspiration without affording the participant any exercise. The luxurious steaming does not bring out the healthy glow that handball gives to the skin. You have to think quickly and act quickly in handball, and no one can tell me that the sport does not better a man. Then think of the tonic to the system in the healthy rub-down and shower bath that you get after say three hard games each day."

Casey's picture of the athlete glowing with ruddy health after a hard game recalls to me the sight I saw at McGurn's famous court one spring day several years ago. I was ordered to follow the Chicago baseball team of the national league about the circuit and Capt. Anson and some of his players were taking daily exercise at the court, playing handball. It was cold enough for an ulster without—a fire would have felt good in the handball

CHAMPION WILLIAM CARNEY.

court. I was shivering when I made one of my daily trips to the court and saw Your Uncle Anson stripped almost naked, his big red hand working like a windmill paddle in the effort to keep the little ball flying against the wall of the court. There was a stove in a remote corner of a dressing room, but not a bit of heat was permitted to get out into the handball court. As son as he had finished his stint of play, Capt. Anson went into the dressing room and took his cold shower bath. Then he had a rub-down, and putting on his winter clothing he was soon walking out on Division street faster than I could go. To say that his big body glowed with health is putting it mildly—he looked to be bursting with health. To-day the veteran baseball player is as strong as a football player. He continues his handball exercise when he can find time to desert billiards and bowling. His athletic condition at the time he was in the harness as a baseball player was enough to prove the merits of handball as a means of conditioning an athlete.

Jimmy Barry, the retired bantam weight pugilist, was for years one of the fastest little handball players in the country. He and Willie McGurn were able to beat almost any team. Once Barry and McGurn consented to a match with Casselli, the South American, who uses a little paddle to bat with instead of the palm of the hand, and the Spanish-American won. "To think that an Irishman should be beaten at his own game by a Spaniard," remarked Barry, "is rather poor, I must say. But the Irishman would scorn to use a bit of a paddle in playing handball. The game beats any gymnasium work—even boxing—for getting a man into perfect condition for an athletic contest requiring wind and stamina. I never would have been the champion of my class for the world had it not been for my handball training at the court where I fought my first fight and where I played handball at least an hour a day for years."

Phil Casey thinks that the day will come when every school in the land will have a court for the scholars to play at recess. The high schools in many parts of the country have tried this scheme. Jim Dunne is a grandfather, but he continues to play. He has two sons who are quite expert in the game. Carney, who occasionally plays a game, was the only player that could defeat this man Casselli. By the way, Casey says that the claim of the Spaniards that they introduced handball into Ireland may have some foundation in fact. But he says that he does not care if they did. The Spanish method is to use a little bat. Something like the game of rackets, is the Spanish idea, but the true game of handball will always have the naked hand for a bat.

"In Spain they have hundreds of handball courts," continued the veteran player, "and I'll warrant you that there are 500 games of handball there to one bullfight, and yet the critics say that bullfighting is the national sport of the son of Castile and Aragon.

"When John L. Sullivan was training for his battle with Corbett I tried to get the big fellow to play handball. But he was too big, he said, and I could not do anything with him. But I have noticed that Corbett, Ryan, McCoy, Sharkey, Jeffries, etc., the successful fighters, use handball for the great benefit it affords in training."

SPORTING.

ON THE DIAMOND

The Plainfield High School boys are practicing almost every afternoon on Martine Common. They do excellent work in practice but when it comes to a regular game their playing falls off greatly. When the boys forget to get rattled on the field and settle down to work they will make a far better showing than they have heretofore.

The game between the East Orange High School and Leal's School, scheduled for Saturday afternoon at the Washington avenue grounds, promises to be an exciting one. The East Orange boys come over here with the reputation of being one of the strongest school teams in the Oranges. The Leal's School boys now practically have the scholastic championship of this county. This meeting of the best from the upper part of Essex and Union will attract much interest. The game is called for 3 o'clock.

For some time there has been talk of arranging team matches between nines from the various classes of the Plainfield High School. While the two highest classes have not enough material in their ranks from which to organize a team, the lower classes are well supplied, and the boys have been quite enthusiastic over the prospect. The first of the class series will be played on Martine Common this afternoon when the High School preparatory class will play the Fourth class, Davis and Herman, of the school team, will be the battery for the "prep" class. VanAuken and Monihan, also players on the school nine, will fill the same position for the class of '04.

GOLF

The management of the Hillside Tennis and Golf Club is arranging a series of golf matches with prominent clubs.

(Special to The Daily Press.)

Washington, May 10.—Representative Fowler has refused to make any statement regarding the reported withdrawal of Frank Bergen, his opponent in the Congressional contest.

The friends of the Representative have congratulated him on the comparatively easy way in which the obstacles in his way have been overcome.

Medal From Uncle Sam.

Charles Peterson, of Watchung avenue, has received a medal from the Government in honor of his services in the regular army in the Spanish war. The medal is very handsome in design and is made from bronze taken from captured Spanish cannons. These medals are not given to volunteers. They are given to regulars only and as Mr. Peterson was in the engineering corps he was presented with the medal.

NEW RECORD AT GOLF.

PARK CLUB COURSE MADE IN 50 IN FOURSOME MATCH.

Miss Howell and Professional Blair Broke Old Foursome Record at Park Golf Club Monday Afternoon.

A new record in mixed foursomes for the Park Golf Club was made Monday afternoon by Miss Saidee Mae Howell and Andrew G. Blair, the club professional. The record was made in an informal competition with Miss Daisy Elsberg and W. de la R. Anderson, who was club champion last season.

The best score made heretofore in mixed foursomes was 62, in a club competition on July 4th of last year. Both pairs in Monday afternoon's match did better than the old record while the victors put the record down to a mark where it will stay for some time. They completed the nine holes in 50, while their opponents score was 58. At match play Miss Howell and Blair won the match 5 up and 3 to go.

Miss Howell showed excellent form, particularly for so early in the season. Her drives were not especially long but accurately placed and in her iron shots she hit the ball cleanly. Blair played his usual fine game.

There was an improvement in Miss Elsberg's play over her last season's game but still greater advance may be looked for before the season is over. Anderson lacked practice and was inclinced the slice his long shots a trifle. He played a good game, however, that was much better than his work of the week before.

The score by holes of the match was as follows:

Miss Howell and Mr. Blair.

4 7 6 5 6 6 5 3 8—50

Miss Elsberg and Mr. Anderson.

5 8 7 6 6 7 5 6 8—58

THEATRICAL.

The Hazel Wood Company, supporting Scott Raymond, begin a three night engagement at Music Hall tonight in the beautiful sensational play, "Down the Slope." Mr. Raymond, who is a comedian of great versatility, will be seen to splendid advantage, and the entire company are highly recommended. Specialties to be introduced between acts are new and up-to-date. Tomorrow night the bill is to be the military drama, "Surrender." Ladies should bear in mind the matinee for children Saturday afternoon. Reduced prices for the occasion and a great bill.

Failed to Appear.

John Grace, of West Third street, who was arraigned before Justice Mosher yesterday on a serious charge, and was paroled in the custody of Constable Mattox, to appear for trial at 5 o'clock, failed to show up at the appointed time. The plaintiff and witnesses were dismissed by the Judge until his whereabouts could be learned.

Fined $2.

Charles Sutterlein, of the borough, who made trouble for himself last Monday evening at a dance held in the borough, and who was arrested by Special Marshal Block, was arraigned last evening before Mayor Smalley. He was fined $2, which amount he paid.

Amendments to By-Laws.

The regular meeting of Unity Lodge, Knights of Pythias, was held last evening and a number of amendments to the by-laws passed. These amendments will have to be acted upon by the grand lodge before they will go into effect.

PROPOSALS FOR COAL.

OFFICE OF THE BOARD OF EDUCATION, PLAINFIELD, N. J., MAY 9th, 1900.

Pursuant to a resolution adopted by the Board of Education of the City of Plainfield, N. J., at a meeting held May 7th, 1900, notice is hereby given that the Board of Education will meet on Monday evening, June 4th, next at 8:30 o'clock, at the Board room in the Stillman School, corner of West Fifth street and Arlington avenue, in the City of Plainfield, at which time and place said Board of Education will receive sealed proposals for furnishing five hundred tons, more or less, of the best coal suitable for steam and hot air heating, in pea, No. 1 Chestnut, stove and egg sizes, all coal to be thoroughly screened, trimmed, and placed in the bins within the public school buildings without any extra expense to the Board for such handling, and to be delivered during the month of July next, or at such time as the Board may direct. Bids to specify the quality of coal, and whether long or short tons. Payment for all coal contracted for to be made after September 1st next. All proposals to be endorsed "Proposals for coal." The Board reserves the right to reject any or all bids.

Upon receipt of the bids or proposals, the Board will immediately proceed to unseal the same and publicly announce the contents in the presence of the parties bidding or their agents, provided such parties or agents choose to be then and there present and also to make proper record of the prices and terms upon the minutes of the Board.

By order of the Board of Education.

CLAIM TITLE TO A VAST ESTATE

Daniel Noe's Descendants Believe They Own 4,000 Acres in Middlesex County.

HUNT FOR MISSING PAPERS.

VILLAGE OF MENLO PARK AND SURROUNDING PROPERTY INVOLVED.

If the Necessary Deeds and Leases Are Discovered Ejectment Suits Will Be Started Against Occupants of Land.

Just as soon as some important and necessary papers known to be in existence, but missing at present, are discovered and secured, there will be trouble in the vicinity of Menlo Park, for there will be instituted a number of ejectment suits, involving the title to about 4,000 acres of land between Oak Tree and the old Essex highway, in Middlesex county, including the entire village of Menlo Park. But those papers are still missing, and the present owners and occupants of the land are sitting tight and not worrying, although Mrs. A. J. Foote; her mother, Mrr. Phoebe Noe; her brother, Frank Bush, the well-known comedian and Hebrew impersonator, and a number of other relatives declare that they own the land by virtue of a title in which an ancient grant, later purchases and a long term lease figure vaguely and confusedly.

The grant and the lease are among the important papers upon whose discovery depends the beginning of the suits of ejectment. Briefly stated, the claim is that the Noes, Foots, Bushes et als, are the real owners of the land by virtue of an ancient grant from Lords Berkeley and Cateret to Daniel Noe. Actual title to a large part of the land was held unquestionably by the descendants of Daniel Noe until toward the end of the eighteenth century, when a ninety-nine year lease was granted an English syndicate, formed for the purpose of mining copper near where Menlo Park now is located.

The Noes came to this country about 1676 from France. They were French Huguenots, and there were four brothers—Daniel, Peter, John and James. Of James' fate little or nothing is known. Of the others, Peter settled on Staten Island, John on the Jersey shore where Carteret is now located and Daniel farther inland, near what is now Metuchen. It is from Daniel that Mrs. Foot is descended. By purchase and grant from the original grantees, Lords Berkeley and Carteret, Daniel secured possession of many thousands of acres of land in the vicinity of the place where he settled. This was divided among his children and subdivided, but one tract of several thousand acres remained intract and descended to Amos Noe, the grandfather of Mrs. Phoebe Bush, or Noe, as she is now known, the mother of Mrs. Foot and Frank Bush. Amos Noe, about 1799, leased this tract of land to an English syndicate.

After the syndicate abandoned the mine property it was squatted upon, portions were transfered and sold, until all title to the original tract seems clouded, but Mrs. Foot claims that the lease prevented a legal transfer of the title, and that it also suspended the action of the New Jersey statute giving clear title after a certain number of years of undisturbed possession. Just as soon as the old lease is discovered, then the fight for possession of the land will begin. There will be many defendants. The land involved stretches from Oak Tree to the Essex highway, which runs parallel with the right of way of the Pennsylvania Railroad Company's line, and the tract includes the railroad. The strip is about two miles in width.

There is no question of the lease of the copper mine property to an English syndicate, although it is supposed that the lease was for only a brief period. The mine is still one of the sights of the neighborhood. It is on land owned by the Ayers estate, about a mile from the laboratory once occupied by Thomas A. Edison.

About twenty years ago an examination was made of the mine and the ores it supplied by a company in which Edison was interested. He believed that with improved methods the mine could be worked at a profit, but the effort was never made.

The three persons most prominent now in pressing the claims of the Noe descendants are Mrs Phœbe Noe and her children, Mrs. Foot and Frank Bush. Mrs. Noe was the daughter of Isaac Noe. She married Henry Gerhardt von Haberbusch, but the name has been shortened to Bush. After her husband's death Mrs. Bush resumed the name of Noe. Mrs. Foot has heard recently that Mrs. Cornelius Lasher, a descendant of a collateral branch of the family, has the original lease, and an effort is being made to find Mrs. Lasher, who, when last heard of, was somewhere in Iowa.

PRETTY HOME WEDDING

ROGERS-SIMMONS NUPTIALS CELEBRATED WEDNESDAY NIGHT.

Ceremony Performed at Home of Bride at Berkley Heights—The Guests Present.

The wedding of Thomas Phillip Rogers and Miss Louise A. Simmons took place at the home of the bride's parents, Mr. and Mrs. Floyd Simmons, at Berkely Heights, Wednesday evening. Rev. Mr. Jett, pastor of the Episcopal church, Murray Hill, performed the ceremony, which took place in the large parlor. After the ceremony the couple were offered hearty congratulations. A supper was then served.

Miss Agnes Burgmiller was the bridemaid, and Richard J. Rogers, brother of the groom acted as best man. Many beautiful and useful presents showed the esteem in which the recipients are held by their friends.

Among those present were Mrs. Jules L. Prevost, of Circle City, Alaska; Mr. and Mrs. Eugene Demonett, and Mrs. Wm. Harwood, of Brooklyn; Mr. and Mrs. Wm. Konow, Miss Emma Konow, Miss Tillie Cook, Miss Annie Cook and Mrs. David Harding of Newark; Mr. and Mrs. James Parker, Frederick Jennings, Miss Annie Jennings, Mr. and Mrs. Edward Mercier, of Plainfield; Mr. and Mrs. John Crow, Miss Molly Lucas, Charles S. Taylor, and Miss Minnie Ferguson, of New York; Mr. and Mrs. Victor Mercier, Mrs. Louise Burgmiller, Mr. and Mrs. Floyd Simmons, Miss Rachel French, and Mr. and Mrs. Robert Rogers, Miss Jennie Simmons, Mrs. A. M. Layet, Miss Susie Layet, Miss Lulu Layet, Miss Ada Beardsley, Mr. and Mrs. George Wahl, of Berkely Heights; Wm. Woodruff, of New Providence; W. H. Rogers, John Burnett and Miss Kate Burnett, of Washingtonville. The couple have taken up their residence at Highland Farm.

THREE SCORE YEARS.

James H. Searing Celebrated His Sixtieth Birthday Yesterday in a Pleasant Manner.

The sixtieth birthday of James H. Searing was made the occasion yesterday for a family reunion at his home, 441 Orchard place. It was the first time in over thirty years that the brothers and sisters had met together. The gathering was a very happy one and a pleasant day was spent. There were a number of gifts for Mr. Searing in commemoration of the completion of his three score years.

Besides the host there were present Mr. and Mrs. Stephen Dayton, of Bernardsville; Mr. and Mrs. William Searing and ex-Freeholder and Mrs. George W. Doty, of Union; Mr. and Mrs. E. C Searing and the Misses Sadie and Anna Searing, of this city.

Jane Was Penitent.

Jane Martin was penitent enough when arraigned before City Judge Runyon this morning for the third time during Judge Runyon's term of office. Patrolman Myers last night found her sitting on the porch to a house on South Second street. The woman of the household was desirous of being rid of her. Myers started her for police headquartes. The Judge fined her $5, in default of which she will probably take twenty days in jail.

New Meat Market.

Thomas Callahan & Son, the Richmond street grocers, have fitted up one of the neatest butcher shops in Plainfield at No. 304 Richmond street, with Harry W. Leck as manager. They will keep a full line of fresh, smoke and salted meats. Neatness, cleanliness, first quality meats, fair prices and promptness are what this firm will offer the public. Telephone your orders and they will receive the same attention as in personal buying. Read this firm's advertisement in today's Press.

Drill of Rutgers Cadets.

Invitations have been issued for the annual exhibition drill of the Rutgers College cadets to be held at Neilson Field, New Brunswick, next Wednesday afternoon at 4 o'clock. Ernest H. Rapalje, of Grandview avenue, is captain of Company C and his brother, Herbert DeW. Rapalje, is second lieutenant of the same company. Wm. A. Fisher, who graduated from the Plainfield High School last June, is a member of the committee in charge of the drill.

A $5,000 Residence.

The Misses Morgan, of East Ninth street, are having a handsome $5,000 residence erected for them on Madison avenue, between Randolph road and Stelle avenue. A. L. C. Marsh is the architect.

—The season for strawberries is at hand. Newman Brothers are going to have 1,000 quarts of fine berries tomorrow at prices low enough to suit all.

A FOURTH TRACK.

An Important Improvement on the Lehigh From Bound Brook to Jersey City.

(Special to The Daily Press.)

South Plainfield, May 11.—The Lehigh Valley Railroad Company is constantly improving their road and bringing it up to a standard of efficiency. Just now the company has a large gang of men employed in laying a fourth track from Bound Brook to Jersey City. They hope by making this improvement to lessen considerable the chances for any accidents, and better time will be assured. Another improvement that is being made is an electric devise to operate the gates at the several crossings. The gates will be raised and lowered from a signal tower that is located in the handsome park near the railroad station. By this method the gates will be operated day and night and will be a source of great protection to people who have occasion to pass over these crossings. The laying of the fourth track will necessitate the taking away of a portion of the station shed, but this will make but little difference. Up to the present time the track has been laid as far as Samptown.

HIS SIXTH TERM.

A Compliment That Is Deserved in the Re-appointment of County Attorney Codington.

In the re-appointment of W. R. Codington, as counsel for the County Board of Freeholders a few days ago, a compliment was paid this genial and efficient interpreter of the law. This makes the sixth time that Mr. Codington has been made counsel for the county, and it shows conclusively that the Board of Freeholders are very well satisfied with his work. In addition to holding this position, Mr. Codington is also the counsel for five different townships and one borough. All of these things speak well for his work, and are considered with no little feeling of pride. Mr. Codington is known for his good judgment and conservative action in all matters and when he gives an opinion it is generally worth all that you care to stake on it. He has settled many troubles for his clients in an easy, satisfactory and inexpensive way, and it is for these reasons that he has steadily won favor among the people.

A WATERY GRAVE.

Somerville Missing Boy's Body Found in the Millstone River—Inquest to be Held.

(Special to The Daily Press.)

Somerville, May 10.—The body of Joseph Savolinsky was found in the Millstone river, a mile below the Weston dam. County Physician Wagner was called and ordered an inquest.

It will be remembered that Savolinsky went fishing last Friday with "Spider" Hall, and that the latter returned to town, while the former did not. Savolinsky's fishing tackle and a string of fish were found along the river bank the next day, and it was reported that he had gone to New York on a raft.

Squadron Cadets on a March.

The cadet corps of Squadron A., N. G. N. N. Y., passed through Plainfield this morning on a tour of the northern part of New Jersey. They passed through Newark yesterday and encamped for the night near Springfield. This morning they moved westward along the county road from Springfield, and rode through Front street. They will go to the country place of Lieutenant Jos. S. Frelinghuysen of Squadron A, where they will be entertained to-night.

Charge of Assault and Battery.

On complaint of Charles Housell, of Scotch Plains, Justice Mosher issued a warrant for Duncan Munroe, also of Scotch Plains, for assault and battery. It is claimed that Housell has at different times insulted Monroe's wife and for that reason the assault was committed.

Parliamentary Club Officers.

At the meeting of the Parliamentary Club yesterday morning, the following officers were elected: President, Mrs. C. B. Yates; vice-presidents, Mrs. George H. Babcock and Mrs. H. M. Maxson; corresponding secretary, Mrs. S. R. Krom; treasurer, Mrs. F. C. Budlong.

Lehigh Valley Railroad.

STATE CLUBWOMEN MET AT CRANFORD.

Many Delegates Attended the Spring Session of the New Jersey Federation.

PETITION TO GOVERNOR

FEDERATION WANT TWO WOMEN ON PALISADE COMMISSION.

"Marion Harland" Says That Clubwomen Make the Best of Home Makers, as it Gives Them a Wider Outlook Upon Life.

One of the pleasantest and most successful meetings ever held by the New Jersey State Federation of Woman's Clubs was that which took place in Cranford yesterday afternoon. The clubs under whose auspices the meeting was held were the Wednesday Morning Club and the Village Improvement Association. The gathering was the fifth semi-annual meeting of the Federation, and was held in the First Presbyterian church, on Union avenue. The church was beautifully decorated with flowers and potted plants, and the delegates and visitors crowded it to the doors.

The session began about 2 o'clock with an organ voluntary by Bauman Lowe, organist of St. John's church, Elizabeth. After prayer by Mrs. Margaret E. Sangster, the address of welcome was delivered by Mrs. Edmund B. Horton, first vice-president of the Wednesday Morning Club, in a very graceful manner, and warmly responded to by Mrs. Emily E. Williamson, of Elizabeth, the president of the Federation.

One matter that awakened much interest was an account of what the New Jersey women have done for the saving of the Palisades, and a telegram was sent to Governor Voorhees petitioning for the appointment of two women on the Commission having charge of the matter.

W. N. Bartow, of Cranford, a solo cornetist, played "The Palms" with much skill and expression, after which came the first address of the afternoon, "The Clubwoman as a Home-Maker," by Mrs. E. P. Terhune, known and loved by American women as "Marion Harland." She held the opinion that clubwomen made the best of home-makers, as they learned to do things systematically, got a change from home worries, and had a wider outlook upon life.

Two dainty piano solos by Miss Saidee Mae Howell, of Plainfield, separated this address from the following one which was by Mrs. Margaret E. Sangster, on "The Poetry of Daily Life." Mrs. Sangster said that the poet of daily life was one who makes the best out of the material on hand; who understands the beautification of daily life. She strongly advocated this sort of poetical talent, believing that one should be as happy as possible, and make others happy as well.

After three little songs by Miss Blake, the Federation adjourned to the beautiful Casino on Riverside avenue, where a tea and social hour was held. The rooms were charmingly decorated with wild flowers, and the officers of the entertaining clubs received the guests. Dainty refreshments were served, and a musical programme was rendered.

Among the Plainfield women who were present were Mrs. Stephen B. Krom, Mrs. J. W. Yates, Miss Clementine B. Yates, Mrs. John M. Whiton, Mrs. J. E. Morse, Mrs. Horace Kimball, Mrs. Halloway, Mrs. Israel C. Pierson.

FIRST TRIAL SUNDAY.

Grace P. E. Church Members Soon to Hear Their New Pipe Organ.

Although the new organ at the Grace P. E. church is not yet entirely completed, it can now be used and will have its first public trial Sunday morning. The choir will rehearse with the new organ for the first time tomorrow evening. It is customary to hold the last rehearsal Friday evening, but this week a change will be made to Saturday night, so as to give as much time as possible for the completion of the organ.

It is expected that everything will be complete next week and that on the following Sunday all the attachments can be used.

Felt Very Happy.

Fred Stopperfield drank a little too much yesterday afternoon. He felt so happy that he started to entertain the newsboys at the corner of Front and Somerset streets. Patrolman Mattox was compelled to lock him up. When arraigned before Judge Runyon this morning, Stopperfield told the truth about the matter and the Judge suspended sentence.

IMPRESSIONS OF ENGLAND.

An Interesting Lecture Delivered by Rev. W. C. Snodgrass Last Evening.

A well-filled chapel greeted Rev. W. C. Snodgrass last evening at the Seventh-Day Baptist church, to hear him give his talk on "Impressions of England." At the beginning of his talk Mr. Snodgrass said that the thing which impressed him most of all was the large crowds, not only in London, but all over England. London is particularly noted for its crowds, having more people than Greater New Yord and Chicago combined, in an area about the same as New York. The crowds are so dense in London that people find it difficult to keep on the walks and use the streets instead.

The age of England was very impressive to him. While America is four hundred years old, England has been making history for two thousand years, and signs of this great age are to be seen in Battle Abbey, the Tower of London, Castle of York and Durham Castle. The tower of London which was built by William the Conqueror, is still standing in a perfect state of preservation and looks as if it would last for three thousand years yet.

In conclusion Mr. Snodgrass said that although the little island contained the governing power which controlled one quarter of the world, her feelings toward the United States were of the best.

MR. NEWCORN CLEARED.

T. J. Carey Says He was Mistaken About Saying His Signature Had Been Forged.

To the Editor of The Daily Press:—An affidavit made by me was used by W. A. Coddington to the effect "that I did not sign the first Mortimer application for a wholesale license on Park avenue, and that if my name appeared thereon it was without my consent and a forgery," before the members of the Common Council on Monday night, and published again in The Daily Press of yesterday. I would desire to state that since the making of this affidavit Mr. Newcorn, the attorney of Mr. Mortimer, has called upon me and exhibited to me the original application of S. Scheuer & Co., and the first application of John Mortimer, and that I have examined the signatures thereon and hereby certify that they are in my own hand-writing, that I signed the application and affidavits, and considering that an injustice has been done Mr. Newcorn unwittingly on my part (laboring under a mistaken idea) I wish you would publish this explanation and justification in a spirit of fairness to Mr. Newcorn, and oblige, T. J. Carey.

WILD WEST IS HERE.

A Creditable Parade Was Given This Morning—The Small Boy's Day.

In the eyes of the small boy today is one of the most eventful of the year. And the cause of it all was the arrival of Pawnee Bill's Wild West.

Fifteen large cars brought Pawnee Bill and all his equipment here from Somerville early this morning. At West Fourth street and Spooner avenue, the canvass walled arena awaits afternoon and evening performance. At 10 o'clock the parade left there for a tour of the principal streets of the city. Great crowds watched it and the enthusiasm increased. The parade was really an excellent one and included a large number of cow boys, Indians, Mexicans, Turks and other rough riders, together with a detachment of the United States Cavalry and Artillery.

Had to Walk.

Mrs. LaRue, of East Second street, has been visiting relatives in New Brunswick. She returned Thursday by trolley, and when the car was at a point about two miles from Bound Brook, an accident occurred to the trolley wire causing a delay of several hours. Mrs. LaRue and several other passengers walked to Bound Brook and there took a car for Plainfield.

Fistic Argument About the Boers.

A warrant has been issued by Justice Mosher and handed to Constable Mattox for the arrest of Wm. Grattan, of Campbell's Club House, at the instance of Robert Gardner, of Watchung avenue, who alleges that they got into an argument about the Boer war and that Grattan struck him.

Sunday-School Worker to Speak.

Mrs. Alonzo Pettit, of Elizabeth, a well-known Sunday school worker, will make an address at the meeting of the Plainfield Primary Teachers' Union next Monday afternoon at the Y. M. C. A. building.

Played Euchre.

HEARD GREAT WORKER.

DR. PATON, THE GREAT MISSIONARY, ATTRACTED MANY TO WESTFIELD.

Spoke There Last Evening and Told of the Work Done in the South Sea Islands.

(Special to The Daily Press.)

Westfield, May 11—From all over Union county they gathered in the Westfield Presbyterian church last evening to hear Rev. Dr. John G. Paton, a missionary of world renown. Dr. Paton is a subject of Queen Victoria and was one of the first missionaries to work in the South Sea Islands, where he passed through many thrilling experiences.

The great reputation of Dr. Paton drew many to hear him. Several trolley cars brought a large delegation from Plainfield. Rev. Dr. W. R. Richards and Rev. E. Herring, pastors of the Presbyterian churches in Plainfield, occupied seats on the platform.

Dr. Paton is an old man with long, white locks and a venerable grey beard. He appeared quite hearty, however, and talked energetically for over an hour and a half. He had much to say about the work in the New Hebrides. He went back to the time when the islands were populated only by the cannibals and sketched the work of the missionaries, how some fell, but the rest persevered and stayed at the work until wonderful things had been accomplished. He told at length the story of his son's work there.

He compared the present state of some of the islands with New York of today to the advantage of the South Sea Islands. He referred to the new possessions of the United States in the east and declared it was only part of God's great plan to civilize the world. He also spoke of the friendship between Great Britain and America, and declared he was vexed with the newspapers of this country for speaking so against England in the Boer war.

GONE WITH A BICYCLE.

Philip Freise Rented Machine of Kenyon and Has Not Returned With It.

Philip Freise, formerly of the borough, but who has been away from Plainfield for some time, returned a few days ago to visit relatives. Yesterday morning he called at Kenyon's bicycle store on West Front street and bargained to buy a White wheel. He told Mr. Kenyon he would give him a check in a few days. He said he would like to go to New Market and asked Mr. Kenyon to loan him a wheel to make the trip. He did so and he returned before noon. He liked the wheel so much that he asked if he might have it for the afternoon. He agreed to pay for the rental and the proprietor consented. Freise has not been seen since he went away with the wheel, and inquiry has failed to determine his whereabouts. Mr. Kenyon has placed the case in the hands of Marshal Wm. N. Pangborn, of the borough, who will arrest him at first sight.

Looking for Trouble.

At the request of the borough fire officials, Manager Chas. W. Runyon and Lineman Herbert Chamberlain, of the local telephone company, were called there yesterday to investigate the trouble with the fire alarm system over there. Mr. Chamberlain did the work of climbing the poles, and a test was made throughtout the borough. The trouble was not discovered yesterday but was located between Boxes 132 and 134 on Westervelt avenue and it is expected to clear it to-day.

Case Discontinued.

The case of James Sisser against Chris. Bock, charging forcible entry and detainer, which was to have been tried yesterday before Justice Sutphen at Somerville, was discontinued at the request of counsel for the plaintiff, Alvah A. Clark.

Accused of Stealing Brass.

Charles W. Smith, of West Fourth street, was arrested this noon on complaint of the Walter Scott Printing Machine Company, for stealing brass from the factory and selling it to a junkman. He will be tried at 2 o'clock.

Lost One Finger.

William Brokaw, of Dunellen, employed in the night gang at the Pond Tool Works, caught his hand between two gears of a planer last night and had one finger entirely severed. He went to the hospital and had it dressed.

Patrick Keenan Dead.

Patrick Keenan, an aged resident of 525 West Fifth street, died this morning. He has been feeble for a long time. Notice of funeral will be given to-morrow.

—The spring vegetables, peas, asparagus, cauliflower, green beans, wax beans, cucumbers, and beets, all fresh, will be found at Newman Brothers tomorrow morning.

DEMOCRATIC DINNER BEING ARRANGED.

It Will Be Given at the Hotel Kensington Next Saturday Evening.

PROMINENT MEN AS GUESTS

CONGRESSMAN SULZER AND STATE CHAIRMAN GOURLEY COMING.

The Aim Will be to Provide Pleasant Social Time for Guests and to Promote Party Ideas and Candidates.

For several days past there has been a movement on foot among a number of local Democrats to arrange for a big Democratic dinner to be given at the Hotel Kensington, and last night a meeting of several of those interested was held and the consummation of the idea undertaken.

The date of dinner has been fixed for Saturday evening, May 19th. It will be held in the dining halls of the Hotel Kensington, and will be the best function of its kind ever held in the city. The purpose of the affair will be to provide a pleasant social time for the local Democrats and their guests and to incidentally aid in the promotion of Democratic principles and Democratic candidates in the approaching campaign.

Several prominent Democrats will be present as guests of honor and to respond to appropriate toasts. Congressman Sulzer, of New York, Congressman Daly, of Hudson county, William B. Gourley, chairman of the Democratic State committee, Former Congressman Johnson Cornish, of Warren county, Charles T. Atkinson, of Camden, Mayor James Seymour, of Newark, Assemblyman Allan Benny, of Bayonne, Mayor Hoos, of Jersey City, and several other well-known Democratic leaders will be present. Congressmen Sulzer and Daly and State Chairman Gourley have already positively promised to be in attendance at the banquet.

The price of the tickets for the dinner have been fixed at $2, which will allow Proprietor Staats, of the Hotel Kensington, to furnish an excellent menu. Rogers' full orchestra will discourse music during the serving of the dinner.

Funeral of Late John S. King.

The funeral services of the late John S. King were held from the house, West Second street, yesterday afternoon at 3 o'clock. From 12 until 2 o'clock the body lay in a state and was viewed by a very large number of people. The services were conducted by Dr. W. C. Snodgrass, assisted by Cornelius Schenck. During the services several selections were sung by Miss Etta Raybert, Mrs. E. H. Bird, A. J. Moore and E. E. Runyon. The floral tributes were many and beautiful, consisting of a pillow from the Prudential Insurance Company staff, another one from the children and a wreath from the grandchildren. Interment took place in the M. E. cemetery.

"The Proof

of the pudding is the eating." You may have eaten some of the enamel, too, if the pudding was baked in a cheap pan. The enamel is always crumbling off on poor enameled ware. It's pretty well known now that the best imported enameled ware is the kind to use if health and economy are considered. Stransky-Steel ware lasts for years. A complete line of this ware—everything for the kitchen—can be had in this city only from Woodhull & Martin.

Small Judgment Given.

(Special to The Daily Press.)

Elizabeth, May 11—Judge Atwater, of the District Court, before whom the case of the Paul T. Norton Company against the Hetfield estate for alleged damages caused by leakage in the buildings occupied by the plaintiff, was decided yesterday when a judgment for $42.62 was given the plaintiff. The suit was for $300 damages, and the defendants offered to pay $50, believing that that would cover the damages.

—The attention of every house keeper in city and borough is called to the special display of spring vegetables at Newman Brothers to morrow morning. They will include peas, green and wax beans, asparagus, cauliflower, fresh cucumbers and new beets.

The Westfield and Elizabeth Street Railway Company has decided to commence work on the branch between Westfield and Springfield as soon as the roadbed to Rahway has been put at proper grade.

RT. HON. GEORGE WYNDHAM, M. P.

One of the most popular men in England today is Rt. Hon. George Wyndham, under secretary for war. He has always been liked in an indifferent sort of way, but his manly statement in the house of commons, to the effect that the war department had made mistakes in the early stages of the South African war, but was now profiting by those mistakes, has made him the subject of praise by every Englishman.

JOTTINGS OF THE DAY

ENTERPRISINGLY GATHERED AND CONCISELY TOLD BY REPORTERS.

Fewsy Notes of More or Less Importance Bunched Together for the Ready Reference of Press Readers

—A handsome occupation — trying on the new and dainty kid gloves bought at Peck's.

—The Woman's Relief Corps will meet this evening and consider matters of importance.

—By the 20th of May, the time for putting flowers out door, Mrs. Denton, of West Front street, will have a whole car load of fresh stock to select from.

—If you want shoes that are soft, flexible, light, cool and comfortable, and of good style and material, go to Flynn Brothers, 222 West Front street, near Music Hall.

—Ladies, clean your kid gloves with LaBelle glove cleaner. It is not a liquid, leaves no odor and can be used while the glove is on the hand. For sale only by Frank Rowley, druggist. tf

—It will pay you to buy your meat, fish and game of Fred Endress, the butcher, as he buys for cash and sells for cash, and therefore can give you the best for the smallest amount of money.

—The Daily Press was in error regarding the place of interment of the late Mrs. Riker, of Central avenue. She was buried in Evergreen cemetery, Brooklyn, and not Greenwood cemetery.

Perth Amboy's Largest Consignment.
(Special to The Daily Press.)

Perth Amboy, May 11.—Robert Carson and his custom house assistants have been busy for the last week keeping track of the largest shipment which ever arrived at this port. M. Guggenheim & Sons are the consignees. The shipment consists of ores from Chili, South America, containing gold, silver, copper and lead, and aggregates 43,800 bags, the weight in pounds running up into the millions.

Big Demand for Peach Trees.

The nurserymen are unable to supply the demand for peach trees. Owing to the large prices reaped for last year's crop the peach fever has broken out all through this and other adjoining counties, with the result that farmers are planting out large groves on their farms. The more conservative peach men say that a decade may pass before such prices may be realized again.

Wants $25,000 for a Leg.
(Special to The Daily Press.)

Elizabeth, May 11.—A suit for $25,000 damages for the loss of a leg has been brought in the Union county court by Anton Lezinski against the Lehigh Coal and Navigation Company. The plaintiff's counsel is Samuel Kalisb, of Newark, while the railroad company is being defended by Lindsbury, Depue & Faulks of Newark.

Skinner to be Essex County Judge
(Special to The Daily Press.)

Elizabeth, May 11.—Governor Voorhees yesterday appointed Alfred F. Skinner, a prominent lawyer and Register of Essex county, as President Judge of the Essex County Common Pleas Court, to succeed Judge J. Franklin Fort, who was Monday appointed a Supreme Court Justice to succeed Justice David A. Depue.

THEATRICAL.

Quick, indeed, was the change that was made at the Fifth Avenue Theatre last Monday from the legitimate to the twentieth century amusement "fad," continuous performance, and the crowds who visited Mr. Proctor's newest theatre saw not only an uncommonly good entertainment but also one of the handsomest theatres in New York city. Thomas Q. Seabrooke, the Earl of Yarmouth, Midgley and Carlisle, Henri French and Kittie Mitchell were some of the strong cards of the opening bill. For the coming week Thomas Q Seabrooke will begin his second and last week, presenting "The Pride of Harlem." At Proctor's Twenty third Street Theatre, week of May 14th, these artists are announced: Kathryn Osterman and company, for the first time here in the comedietta, "The Editor"; George Fuller Golden, "Casey's Friend"; McCart's dogs and monkeys, their first appearance in many years. At Proctor's Palace, week of May 14th, are: Three Goldens, in their character singing and dancing; Carrie Graham, as "Sis Hopkins"; Caswell and Arnold, acrobatic act; Ferrell and Starck, bicyclists; Silvern and Emerie, ring experts; kalatechnoscope and many more.

THE GOVERNOR'S UNCLE.

How it Happens He Is Giving Money to Missions.
(Special to The Daily Press.)

Trenton, May 11.—The story that Governor Voorhees has given $9,000 to foreign missions grew out of the fact that his uncle Ralph, who lives at Clinton, in Hunterdon county, had made such a gift. And thereby hangs a romantic little tale.

When his uncle Ralph was young he fell in love and was engaged to marry a pretty young woman. But before the wedding day he lost his eyesight, and released her from the engagement. Time passed on, she married another, and then lost her husband by death. Ralph, in the meantime, regained his eyesight, courted anew his old flame, the widow, and finally married her, his wife subsequently coming into a legacy of a million and a half dollars. Having a taste for charity, he is now in a position to indulge it, and, accordingly, presented the $9,000 to the board of foreign missions of the Reformed church.

Trolley Extension Plans.

The Raritan Traction Company, of Perth Amboy, Thursday made application to the Township Committee of the township of Raritan for the privilege of extending the trolley from Perth Amboy to the line of the borough of Mutchen. The time for the hearing on the application was set for Wednesday evening, May 16th, at 8 o'clock at Underhill's Hotel. Application will also be made in the near future to the Council of the borough of Metuchen to extend the line in Metuchen as far as Main street.

No Pay Increase for State Officers.
(Special to The Daily Press.)

Trenton, May 11—Attorney-General Grey yesterday advised Gov. Voorhees that the acts of last winter increasing the salaries of the Adjutant-General and Quartermaster-General from $1,200 to $2,500 and the law increasing the salary of the State Road Commissioner from $1,500 to $2 500 were unconstitutional so far as they affect the present incumbents. The Constitution forbids special legislation changing the compensation of State officers during their terms of office.

New Catholic Church.

W. T. Bissell, a real estate agent, at Whittaker, Warren county, has presented the Catholic diocese, through the priests of Saints Philip and James' Catholic church, at Phillipsburg, a site at Whittaker for a church. It is to be built there in the near future for Catholics employed at the large cement mills near Whittaker.

Death of a Hermit.

HAMBURG, Pa., May 11.—George J. Miller, known as "the hermit of the Blue mountain," is dead. He was 70 years old and had lived alone in a hut on the mountain for more than 20 years. Country merchants delivered goods at his hovel at intervals during the year. When Charles Williams called there with a supply of corn, he found Miller lying unconscious on his couch. He died soon after, it is supposed from apoplexy. Fifty years ago Miller was a clerk at the Windsor furnace. He was disappointed in love, and, becoming melancholy, he went to the mountain, where he remained a recluse until his death.

BRITONS TAKE HEART

Predictions of Early Success Afloat In London.

BOERS RETREATING BEFORE ROBERTS

Lord Roberts Reports Victory Near Zand River—British Cavalry In Pursuit—Free State Burghers Talk of Submission.

LONDON, May 11.—Members of the house of commons were freely betting in the lobbies last evening that Lord Roberts would be in Pretoria in two months. The ministerialists are building confident hopes upon the comprehensive plans he has communicated to the war office. Predictions are confidently made that he will enter Kroonstadt next Monday, and it is believed that his advance is probably already reconnoitering the vicinity of Ventersburg, where the hill country begins again.

Beyond Kroonstadt is an intricate and difficult country, and if the Boers should elect to fight, it is possible they could check the progress of the British until Lord Roberts' numerous cavalry had had time to ride around their flank and threaten their rear.

From 15,000 to 20,000 is the highest estimate of the Boers under the personal command of General Botha, who is said to have 46 guns. General Botha and General De Wet are reported to have quarreled.

Lord Roberts is pressing hard after this force with 35,000 men and 140 guns, and 20,000 more men are easily available.

Lord Roberts' concise summaries of results are not supplemented by any up to date press telegrams.

The war office has received the following dispatch from Lord Roberts, dated Cable Cart, Zand River, May 10:

"The enemy are in full retreat. They occupied a position 20 miles in length. Ours was necessarily longer. With the widely scattered force it will take some time to learn the casualties, but I am hopeful we have not suffered much. The cavalry and horse artillery are pursuing the Boers by three different roads."

The Standard publishes the following, dated May 9, from Welgelegen:

"The engagement on the Vet river caused the Boers to be dissatisfied with their leaders. I learn from Pretoria that the Boers intend to retire ultimately to Lydenburg, leaving the foreign mercenaries the task of defending Johannesburg and Pretoria.

"The foreign mercenaries are now advocating the sending out of guerrilla parties from 300 to 400 strong, rather than a persistence in operations on a large scale, but the Boers are not dashing enough for that kind of work. Whatever happens at Kroonstadt, there is little doubt that the frontier will be strongly contested."

A dispatch to The Daily Telegraph from Welgelegen, dated Wednesday, says:

"The burghers held a meeting recently without the consent of President Steyn, at which the advisability of submission on the part of the Free State was discussed and approved."

Mr. Spenser Wilkinson, reviewing the military situation in The Morning Post, says:

"The Boers are now approaching their final agony. Lord Roberts has 40,000 men beyond the Zand river. With General Buller there are 30,000, and with General Hunter 10,000. Against the pressure of these various columns the Boers can make no effective resistance. A collapse must follow the first battle in which the Boers make a determined stand and are well beaten."

The correspondents are confined in their narratives to events two or three days old so far as Lord Roberts is concerned.

President Steyn, with 10,000 men, is reported to have been east of Thabanchu Thursday noon, and a battle was then imminent. The advance troops of General Rundle and General Brabant were being fired on.

During a concert for the relief of the sufferers from the Beghie works explosion, given Saturday evening at Pretoria in the Gaiety theater, the doors were suddenly closed, and every man in the audience was commandeered. All the horses were taken from the conveyances outside.

The Mines Considered Safe.

CAPE TOWN, May 11.—The Cape Argus publishes a report from Johannesburg, said to have been supplied in the cross examination of Acting Mining Engineer Munnick, that in the recent mysterious Dempsey case Munnick testified that preparations had been made to explode 25 mines and that on the authority of State Secretary Reitz he (Munnick) had already bored shafts in eight.

"Well informed foreigners in Pretoria," says the correspondent of the Cape Argus, "now consider the mines safe. The Transvaal officials have issued appeals to the people to protect property, and, although preparations were made to destroy the principal mines, wiser counsels now prevail. State Engineer Klinke declined to resume his duties unless the dynamite was removed, and the government agreed to his demand."

Broad Lost on a Foul.

NEW YORK, May 11.—"Kid" Broad of Cleveland met Oscar Gardner, the "Omaha Kid," in a fistic contest before the Broadway Athletic club last night and through foul tactics lost what promised to be a winning battle. After being cautioned frequently by Referee Charley White Broad persisted in butting. To this the referee strenuously objected, and finally the referee's patience was exhausted in the seventeenth round, as Broad continually transgressed all the recognized rules, and Referee White had no other option than to disqualify him.

Afraid of the Fenians.

TORONTO, May 11.—Particular pains are being taken to guard the parliament buildings here. Several extra night watchmen have been placed on duty, and all those who have keys to the buildings have been ordered to report. The ministers are reticent as to the wherefore of the extra precautions, but rumor has it that there is another Fenian scare in the wind.

Crops Injured by Frost.

RHINECLIFF, N. Y., May 11.—There was a heavy frost in the upper Hudson valley yesterday morning, and in some locations back from the river ice formed. The peach and strawberry crops are badly damaged if not a total loss. Apples, it is thought, have escaped, as the blossoms were not far enough out to be injured.

A FIGHT AT TABAKO.

Filipinos Routed While Planning an Attack.

A REVOLT NIPPED IN THE BUD.

One Hundred Natives Arrested In Manila—Demonstration Planned to Impress the New Commissioners. Andrews' Success In Cebu.

MANILA, May 11.—The insurgents have suffered a heavy loss at Tabako, near Legaspi, province of Albay, Luzon. Two hundred riflemen and 800 bolomen were preparing to attack the town, and Captain Lester H. Simons, with a company of the Forty-seventh volunteer regiment, advanced to meet them and killed many. The insurgent leader, a native priest, was wounded and captured after his horse had been shot under him. Three Americans were wounded.

Rumors reached the ears of the American authorities here that a rising among the Filipinos in the city was threatened on the day the new commissioners arrived. An investigation was made quietly, with the result that about 100 natives were placed under arrest. In following up the clews to the conspirators some Mauser rifles were found concealed in a cockpit in the outskirts of the city. It was also learned that two rebel tax collectors and recruiting agents were working in the city.

Persistent rumors continue here regarding the fate of the town of Bulan, in the southern part of Luzon, which, according to unofficial letters received a few days ago, had been attacked by a force of 3,000 insurgents, the small American garrison being compelled to take refuge on ships in the harbor. The absence of an official report from the commander of the troops impairs the credibility of the many reports in circulation.

The Bar association paid a formal visit to General MacArthur yesterday morning.

A report from Cebu states that Major Andrews, with a company of the Twenty-third and a company of the Forty-fourth infantry and Johnson's scouts, attacked General Moxica on April 26. The rebels occupied fortified positions on three hills. The fighting lasted three hours, when the rebels fled. The Americans captured 50 rifles, 9 cannon and many prisoners. They lost 2 killed and 11 wounded.

Fall of the United States Predicted.

BERLIN, May 11.—The next issue of the Nation will contain an article by Professor Heinrich Dietzel of the University of Bonn declaring that it will be impossible for the United States to induce the South American states to cooperate economically against Europe. The writer contends that Brazil, Argentina, Chile and the other governments of South America are in greater need of friendly relations with Europe than with the United States. He alleges that American agricultural exports are already threatened by the increasing exports of Argentina, and he sees in the enormous increase of American manufactured exports a factor steadily "undermining American protectionism." As a result of all this Professor Dietzel predicts the downfall of the United States.

Quiet at Buttonwood Mine.

WILKESBARRE, Pa., May 11.—All was quiet at the Buttonwood mine yesterday, but on account of Wednesday's rioting many of the English speaking workmen did not report for work, and there was only a partial resumption of operations at the colliery. The company officials say the mine will resume work today in all departments, and every man who goes to work will be given protection. The strikers were active again and had their pickets out on the roads leading to the mine. They did not resort to force, however, but tried to persuade the English speaking miners from going to work. The strikers held a meeting late yesterday afternoon and resolved to remain out until the company reinstated the discharged employees.

New Evidence For Kennedy.

NEW YORK, May 11.—Notice of a motion for a new trial for Dr. Samuel J. Kennedy, the dentist convicted of and condemned to death for the murder of Dolly Reynolds, was served upon District Attorney Gardiner yesterday by William W. Cantwell, Kennedy's lawyer. The motion is based upon evidence tending to prove an alibi for Kennedy. Dolly Reynolds was murdered in the Grand hotel between midnight and dawn of Aug. 16, 1898. Several hotel employees identified Kennedy as the man who left her room on that date.

Preparing For Cuban Teachers.

BOSTON, May 11.—Mrs. Alice Gordon Gulick of Spain has been asked by President Eliot of Harvard university to help in caring for the 900 women who form the larger part of the delegation of Cuban teachers who will visit the United States during the coming summer. Mrs. Gulick, who has worked 28 years in Spain among the women and girls of that country, welcomes the opportunity to help these teachers. She expects to spend six weeks in Cambridge, Mass., as dean of the woman's department of the summer school.

The Mellish Case Recalled.

WILLIMANTIC, Conn., May 11.—After a trial lasting three days Henry S. Robinson of New London, who was charged with an attempt to blackmail Rev. John M. Mellish of Killingly, was found not guilty by a superior court jury late yesterday afternoon and was discharged. Mr. Mellish is the father of Bertha Lane Mellish, who mysteriously disappeared from Mount Holyoke college two years ago without any trace of her having since been found.

A Winning Three-year-old.

LOUISVILLE, May 11.—Just a week ago Lieutenant Gibson galloped home an easy winner of the Kentucky Derby, and his share of the stake was $5,000. Yesterday he made his owner $3,500 richer by winning for him the Clark stakes, a mile and an eighth. He had to carry 127 pounds, a lot of weight for a 3-year-old this early in the season, but he did it, and did it like a race horse.

Grain Drill Inventor Insane.

LYONS, N. Y., May 11.—Lyman Bickeford of Macedon has been declared insane by a sheriff's jury. When nearly 80 years old, he invented grain drills, founding the Bickeford & Huffman company at Macedon, the largest manufacturers of grain drills in the United States. Mr. Bickeford was prominent in Democratic politics.

BRIDGE WORK

in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

PARTICULAR MENTION.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way

Bert Littell, of this city, has been at Lakewood for a few days on business.

Collector Brown, of the borough, has been on the sick list for a few days.

Fred Sandford is able to be out after a two weeks' illness with rheumatism.

Mrs. T. H. Keller, of New York, has been visiting Plainfield relatives for a short time.

E. C. Mulford, of East Fifth street, improves slowly from his long and tedious illness.

Miss Morris, of Stelton, who has been visiting Plainfield friends, has returned home.

Miss Etta Raybert, of North avenue, has been visiting New Brunswick friends for a short time.

Miss Backer, of Hunterdon county, has been visiting Plainfield friends and relatives for a time.

Helen Woolley, of West Front street, is enjoying a case of measles, which detains her at home.

Former Councilman E. T. Barrows, who has been detained at home with a fever, is reported to be improving.

Mr. and Mrs. Blanchard Randolph have returned from their wedding trip and are now at home on Albert street.

Miss Sadie Randolph, of West Eighth street, who has been confined to the house with the measles, expects to be out soon.

Edward Bellis, clerk at Mallinson's drug store, who has been detained at home by illness, has recovered and returned to his position.

Mr. and Mrs. Thomas Gallagher have returned from their honeymoon, and have taken up their residence on Richmond street, which property was purchased by Mr. Gallagher.

Among the many Plainfielders who went to Easton, Pa., yesterday, to attend the celebration was John Case. Easton is Mr. Case's birth place, and he enjoyed meeting his old friends.

Alex. Willett, of Craig place, who wrenched his shoulder and arm a few weeks ago by slipping over a curbstone, is not yet able to take his arm out of the sling. The injury is mending slowly, and Mr. Willett believes he will at an early date recover from the injury.

Rev. Dr. Nelson, of Summit avenue, who met with a very painful accident some time ago whereby his arm was fractured, is beginning to feel like himself again. His friends are glad to greet him on the street once more and they trust he will soon regain the use of his arm.

THIS MAYOR A HUMORIST.

Pokes Fun at Rahway's Disgraceful Station House.

When the Rahway Common Council was organized on Monday night for the ensuing year, Mayor Charles B. Holmes read his first message. It touched on the various departments of the city. Under the head of police department he said:

"I hope our finances may soon enable needed attention to our station house. It is a standing disgrace to our city. No intelligent criminal desires to visit our police court room or cells oftener than is really necessary."

THE PROBLEM.

DOROTHY in the nursery can calculate the price of Ivory Soap per cake, but it would take a mathematical genius to calculate its true value. For he must take account of time, labor, and materials. He must deduct from the apparent cost the saving in the longer life of the cake, in the longer life of the washed fabric, in the labor required, in the time consumed, in the strength expended, in the results obtained. When all is finished, Ivory is the cheapest soap in the world. It floats.

BRYAN AND TOWNE.

Populists Unanimous For the Nebraskan For President.

MIDDLE OF ROADERS NAME BARKER.

The Cincinnati Convention Adjourns. Wrangle at Sioux Falls Over Vice Presidential Nomination—Iowa and Colorado Conventions.

SIOUX FALLS, S. D., May 11.—The Populist national convention has nominated William Jennings Bryan of Nebraska for president and Charles A Towne of Minnesota for vice president. The convention adjourned at 1 o'clock this morning.

The nomination of Mr. Bryan was made by acclamation as soon as the platform had been adopted.

The nomination of Mr. Towne also was made by acclamation, but not until the convention had fought for hours over the question whether any nomination for the vice presidency should be made. As soon as it was determined to nominate, several candidates were named, but one after another withdrew, until J. J. Lentz of Ohio alone remained to contest against Mr. Towne. A motion to nominate Mr. Towne by acclamation was made and prevailed, only a few Montana men voting in the negative.

The convention met at 9:45 o'clock yesterday morning and permanently organized with Thomas M. Patterson of Colorado as chairman and T. H. Curran of Kansas, Leo Vincent of Colorado and E. M. Deicher as secretaries.

The afternoon session was well under way before the resolutions were presented, and while waiting for them the convention gave attention to a number of addresses.

Mr. Bryan's nomination was made by acclamation and was accomplished with expedition and tact. There were not to exceed half a dozen speeches in Mr. Bryan's behalf. All of these were brief and pointed, while full of praise for the candidate. The speakers were led off by Senator Allen of Mr. Bryan's own state, and he was followed in quick succession by General Weaver of Iowa, ex-Congressman Jerry Simpson of Kansas, "Cyclone" Davis of Texas, Senator Marion Butler of North Carolina and one or two others.

Then toward the close of the afternoon session began the real contest of the convention. This was the fight over the vice presidency, or rather the fight over the proposition not to make any nomination for the vice presidential office, but to refer the entire matter to a committee to be appointed to confer with the Democrats and Silver Republicans in their conventions to be held at Kansas City. Both the propositions to nominate and to refer and also various compromise suggestions were presented, and upon them was based a quite memorable debate which not only developed a great deal of oratory, but came near culminating in fisticuffs. Finally at a late hour the convention decided to proceed to a vote for vice president.

BARKER AND DONNELLY.

Middle of the Road Populists Nominate a Ticket.

CINCINNATI, May 11.—Wharton Barker of Pennsylvania was nominated for president on the second ballot by the middle of the road Populists yesterday.

Ignatius Donnelly was nominated for the vice presidency by acclamation.

WHARTON BARKER.

The convention adopted a platform, the demands of which are:

The initiative and referendum; public ownership of public utilities; prohibition of alien ownership of land; "a scientific and absolute paper money based upon the entire wealth and population of the nation, not redeemable in any specific commodity, but made a full legal tender * * * but until such a financial system is secured * * * we favor the free and unlimited coinage of both gold and silver at the legal ratio of 16 to 1." A graduated income tax, even if a constitutional amendment be necessary to secure it; popular election of president, vice president, senators and federal judges.

The convention adjourned sine die at 4:45 p. m.

Wharton Barker was born in Philadelphia May 1, 1846. He is the grandson of Jacob Barker, who was a relative of Benjamin Franklin. Mr. Barker was graduated from the University of Pennsylvania in 1866. Since 1880 he has been a trustee of that institution. In 1869 he entered the banking firm of Barker Bros. & Co. of Philadelphia and gained a wide reputation.

Alexander II of Russia decorated him in 1878 with the order of St. Stanislaus.

The banking firm was carried down by the Baring Bros. of London failure. Since 1890 Mr. Barker has devoted most of his energies toward building up his People's party weekly paper, The American. Mr. Barker's residence is at Wyncote, 20 miles from Philadelphia.

Colorado Republicans.

DENVER, May 11.—In calling the state convention to order yesterday Mr. Wolcott said President McKinley was the truest American alive—great in peace and great in war. At the close of his address Mr. Wolcott called Charles Hartzel of Denver to the chair, and later he was made permanent chairman. The following delegates and alternates were chosen unanimously: Delegates, Senator E. O. Wolcott of Denver, D. M. Moffatt of Denver, W. S. Stratton of Colorado Springs, David R. C. Brown of Aspen; alternates, H. E. Churchill of Greeley, Earl B. Coe of Denver, Crawford Hill of Denver, B. W. Ritter of Durango. Resolutions were adopted which unqualifiedly indorse President McKinley and his administration, which is credited with bringing prosperity. They commend the policy pursued in the Philippines and Porto Rico and declare opposition to trusts, while inviting capital to the state.

The Hawkeye Republicans.

DES MOINES, May 11.—At the Iowa Republican convention, held here yesterday, the following were made delegates at large to the national convention at Philadelphia:

Governor Leslie M. Shaw, Colonel George H. French, Davenport; Dr. E. H. Smith, Cedar Rapids, and Lafayette Young, Des Moines.

The platform, as framed by the resolutions committee, instructs the delegates for McKinley, indorses his administration, mentioning the administration's foreign policy and the currency law, and recommends a proper control of such trusts and combinations as are deemed inimical to the interests of the public generally.

WAR IN FLORIDA.

Negroes Fighting For the Possession of Two Women.

TAMPA, Fla., May 11.—A peculiar condition of affairs is reported from Hudson, Fla., a small town in the center of the turpentine district, north of this city. There is an unwritten agreement between the owners of turpentine camps that when a negro from one camp goes to another he must either be returned or the management of the camp which he has left must be remunerated.

Two of the negroes at Johnson's camp escaped last week and took with them to Weeks' camp two negro women, the only representatives of the sex in the camp. The negroes of Johnson's camp were incensed over the abduction of the women. The chief of the camp demanded the return of the fugitives and the women. The request was not granted. The negroes of Johnson's camp organized an armed expedition. When they arrived in the vicinity of the rival camp, there was a pitched battle with rifles. One of the bullets struck John D. Cleland, a naval stores operator, a white man, and killed him instantly.

Five of the negroes were seriously wounded. The latest advices are that the Johnson's camp warriors are around the outskirts of the Weeks camp awaiting a favorable opportunity to rush in and capture the women. In the meantime the whites of the neighborhood have determined to end the trouble and, fully armed, are going to the scene. Serious consequences are feared.

A letter dated Paris, April 23d, written by an old and well-known resident of New York, says: "Here we are with no exhibition and no prospect of any for two months. Not before June 23d will it be really open. The whole thing is a fraud. Prices in hotels, shops and everywhere else were doubled April 15th. We are paying $16 a day for one room for self and wife and it is a plain hotel at that and not half full. But I expected to be robbed and make no complaint. If you want to see any show don't come before July."

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

The Comedian Scott Raymond and the Hazel Wood Company opened their engagement at Stillman Music Hall last night. The house was well filled and the company and play both pleased. Mr. Raymond appeared in a black face part and kept the audience in a continual roar of laughter. The specialties were all good. Celeste Leyman made a big hit in her violin solo. To-night the company will play "The Cannon Ball Express." Matinee Saturday at 2 P. M.

Miss Grace George, a very charming young actress, who has achieved success upon the New York stage, and who is regarded as likely to speedily take place with Maude Adams and Viola Allen, will impersonate Queen Honoria in the new romantic comedy, "Her Majesty," to be presented at Music Hall Monday night under the direction of Wm. A. Brady. J. I. C. Clarke, a master of graceful English, has made the dramatization from the quaint little novel by Elizabeth Knight Tompkins. It is after the style of the Anthony Hope and Stanley Weyman romances, but more consistent and probable. It is a story of a young Queen, ardent, girlish and impulsive, fresh from a convent, whose mythical kingdom of Nordenmark is threatened by revolution. The play abounds in picturesque and thrilling episodes, with an adroit blending of comedy and sentiment.

* * * * * * * *

In order to give regular Old Hyson realism and chop stick versimilitude to his elaborate production of "The Queen of Chinatown," which will be at Music Hall next Tuesday night, the management has enlisted the services of Charlie Lockee, Eah Sing, Ah Fon and Tow Sing, who are recognized in Chinatown as genuine Celestial stars in the dramatic firmament. "Yellow" actors of Caucasian lineage are not altogether unknown to the American stage, but these to the color born, are a decided novelty and will excite a good deal of curiosity.

MISS HUNTINGTON'S TEA

Given in Honor of Washinton Friend Who is Visiting Her.

Miss Huntington, daughter of Mr. and Mrs. Samuel Huntington, gave a delightful tea yesterday afternoon at her home on Franklin Place, in honor of her friend, Miss McCauley, of Washington, D. C. Her house was artistically decorated with a profusion of dog wood. Miss Huntington and Miss McCauley received the guests assisted by Mrs. Huntington, Mis di Zerega, of New York and Mrs. Daniel Ginna presided at the tea table, assisted by the Misses Holly, Stewart, Dumont, Cooly, Ginna, Gilbert and Maud Von Boekirck.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 11.—Residents of the borough have always been under the impression that the trolley fare to Newark is twenty-five cents, but this is wrong. The trip can be made from the postoffice to Newark for twenty cents, divided as follows: Five cents from Dunellen to Scotch Plains, ten cents from Scotch Plains to Waverly and five cents from Waverly to Newark. At present there are three changes of cars, but by Decoration Day the trip can be made from the present terminus of the Plainfield cars to Newark without changing. The trolley is already getting a good share of the patronage to Newark.

The funeral services of the late Wallace Beekman were held yesterday afternoon at 2 o'clock from the M. E. church, and was attended by a large number of friends and relatives. Rev. Mr. Doolittle, pastor of the church, officiated, and was assisted by the former pastor, Rev. E. S. Jamison. Both spoke comforting words of the departed and of his Christian character. During the services the Misses Meta Vail and Lizzie Hurlich sang "My Jesus I Love Thee, and "Shall We Meet Beyond the River" The floral offerings were many, among which was a large wreath om the Epworth League, of which the departed was a member. The pallbearers were R. Fisher, F. Tussell, C. Vail and W. Dealaman. Interment was in the M. E. cemetery, Plainfield.

Aleck Harris went to Bound Brook Wednesday night for the purpose of getting a can of bait to take on a fishing trip, but he returned without it. He secured the bait at Bound Brook and placed it in his pocket. On the way home the car ran off the track and in helping to put it back, the bait was either lost or stolen, Aleck is not sure which. He is seriously thinking of asking the traction company to pay him for his loss.

Business is quite brisk at Garretson & Gray's stone cracker. They are now filling an order for 4,000 tons to be used in Essex county.

The newly organized Board of Freeholders met Wednesday and elected Asbury Fountain as director.

It is expected that Rev. Henry Ketcham will preach in the Presbyterian church next Sunday.

The Literary Society will be entertained tomorrow night by Miss Lucy Titsworth.

Alich Ayres, of Plainfield, spent yesterday with his father, William Ayres.

A reception was given to Rev. Mr. Doolittle and family last evening.

Theodore Vorhies has removed from Plainfield to the borough.

William Terry spent yesterday with out-of town friends.

Miss Bell Fowler, of Rahway, was the guest of the Misses Squiers Thursday.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 11—Judge Schenck sentenced, yesterday morning, Frank Herbert, Charles Wise and Frank Williams to the State Prison for robbery. Herbert and Wise received two years at hard labor, while Williams received 18 months. Their offence occurred in Bound Brook Jan. 26th, when they robbed Louis Feldman's shoe store, stealing 90 pairs of shoes. The men were arrested a few days afterwards by Detective Totten, who caught them in Newark. One of the men made a desperate resistance, in which a fight ensued and Williams attempted to hit the detective with a jimmy, but was overpowered and subdued by being knocked down. The men are from New York and are very young.

A. G. Stevenson, the United States Express Agent, while boarding a Broadway car yesterday, had the misfortune to slip and fall, landing on his right arm, badly spraining it and also knocking his thumb out of joint. He was assisted to his feet, and went to the New York Hospital where his injured arm was attended and he had his thumb set. He is doing very nicely, but suffers intense pain. His arm was badly swollen, but he will be able to use it in a few days.

Wednesday afternoon the over-head trolley wire was broken down at Finderne and car No. 103 was stalled in front of Somerset Hall from 4:30 to 7 p. m. when the wire was repaired and the cars began running.

Preparations are being made for the golf tournament at the Country Club Decoration Day. The links are in fine shape.

The case of Mrs. Murray against Henderson will be tried in Squire Kitchen's office, Monday, May 14th.

Mrs. Jennie Howell, attended a very pretty luncheon at the Savoy Hotel, New York, this week.

Alfred DeCordora is frequently seen on the streets with his beautiful automobile.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 11.—During the past few months the Lehigh Valley Railroad has been doing a very large business in handling freight both from and to the west. Most of the freight is sent or comes by the way of Amboy, thus the company's boats are brought into service transferring it to and from New York.

Eugene Laine has been improving the grounds about his hotel and it is now one of the most attractive places in town. The beautiful shade trees are greatly admired and the well-kept grounds call forth favorable comment.

Mrs. Eugene Laing has received word from New York that her sister, Mrs. John Sands and her two daughters, are greatly improved from their serious illness.

During the past few days the employes at the Lehigh Valley coal dumps have been working over time to fill large orders that have been coming in.

As yet Mr. Higgins has not received his liquor license from the courts. Just why it is being held up no one seems to know.

of our Butter is enough. Henceforth we have you as a customer.

We carry three different grades of butter, each of which has its special merits.

Our Rockdale Print Butter at 25 cents per pound, is the best on earth. It has the rich, delicate flavor of the finest cream and for table use cannot be surpassed.

Some of the cheaper grades of butter sold elsewhere are often tasteless. Our lowest priced goods are of excellent flavor.

Lokal-Nachrichten aus der alten Heimath.

Provinz Ostpreußen.

Allenstein. Der Gendarm a. D. Otto Lemke, früher in Dietrichswalde, jetzt Bahnbeamter in Königsberg, hatte sich vor der hiesigen Strafkammer wegen Freiheitsberaubung zu verantworten. In seiner Eigenschaft als Gendarm verhaftete er in Dietrichswalde den Reisenden Anton Steffen, welchen er für einen steckbrieflich verfolgten Kassenboten hielt. Obwohl Steffen zu seiner Legitimation mehrere Depeschen an seinen Vater und andere Bekannte absandte, auf welche auch telegraphische Aufklärungen einliefen, behielt ihn der Gendarm drei Tage in Haft. Lemke wurde zu drei Monaten Gefängniß verurtheilt.

Insterburg. Die Lieutenants Loebicke, v. Roedicker, Walzer und Blank vom Ulanen-Regiment Nr. 12 haben in Straßburg i. E. einen Distanzritt von Insterburg aus beendet, bei welchem sie 1931 Kilometer ohne Burschen oder andere Bedienung in 25 Tagen zurücklegten.

Provinz Westpreußen.

Danzig. Ein Opfer seines Berufes ist der Unterarzt Dr. Hugo Reißig vom 128. Infanterie-Regiment geworden. Er zog sich bei der Untersuchung eines nachträglich verstorbenen Soldaten eine Blutvergiftung zu. Kurz vor seinem Tode ließ er sich auf dem Sterbebette seine jugendliche Braut antrauen.

Elbing. In Folge der Explosion des Bassins einer Petroleumlampe wurde die 83jährige Pfarrerswittwe Strempel mit brennendem Petroleum übergossen und verbrannte. Einen gleichen Tod erlitt die Schmiedefrau Sarezki, welche beim Feuermachen Petroleum benutzte. Die Flamme schlug zurück und erfaßte die Frau.

Rheinprovinz.

Köln. Der Oberlieutenant Bornemann vom westfälischen Fußartillerie-Regiment Nr. 7 in Köln ist bei einem Hürdenrennen mit dem Pferde gestürzt und hat dabei das Genick gebrochen. Er blieb todt auf dem Platze.

Düsseldorf. Ein großartiger Plan, der bestimmt ist, zur Linderung der hierorts herrschenden Wohnungsnoth beizutragen, beschäftigt augenblicklich unsere Stadtverwaltung. Es soll darnach gegen Schuldverschreibungen die Summe von 20,000,000 Mark aufgenommen und damit eine städtische Hypothekenbank begründet werden, welche nicht nur Hypothekendarlehen, sondern auch Baukapital während des Baues gibt. Der Plan hat die Genehmigung der Regierung in Berlin bereits gefunden. Die Anstalt wird die erste ihrer Art in Deutschland sein.

Velbert. Neulich an einem Morgen wurde auf dem Geleise der elektrischen Bahn die Leiche eines Mannes gefunden, der eine klaffende Wunde am Kopf aufwies. Man nimmt an, daß der Verstorbene, der als der 35jährige Arbeiter Ernst Altenrath erkannt wurde, erstochen und von den Thätern auf das Geleise geschleppt wurde, damit ein Wagen der Bahn darüber hinwegginge und auf diese Weise die Spuren der That verwischt würden. Von den Thätern ist nichts ermittelt.

Provinz Sachsen.

Eisleben. Die Theilstrecke Eisleben (Wolfsthor)-Wimmelburg-Creisfeld-Hergisdorf-Ahlsdorf-Ziegelrode-Helbra-Bahnhof Mansfeld-Klostermansfeld der Elektrischen Kleinbahn im Mansfelder Bergrevier ist kürzlich dem öffentlichen Verkehr übergeben worden.

Weißenfels. Der 16jährige Arbeiter Paul aus Reichardtswerben war in der Papierfabrik der Gebrüder Dietrich dahier an der Papiermaschine beschäftigt und wollte den zwischen Walzen laufenden Papierstreifen, der sich verschoben, zurechtrücken. Dabei gerieth der junge Mann selbst zwischen zwei Walzen, und es wurde ihm der Kopf vollständig zerquetscht, ehe die entsetzten Augenzeugen des Vorfalles einzugreifen vermochten.

Provinz Schlesien.

Görlitz. Anhier ist ein Träger des in der Geschichte der Ver. Staaten so hellklingenden Namens v. Steuben, der Generalmajor a. D. v. Steuben, zur großen Armee eingerückt. Der Verstorbene war als Senior der Familie gelegentlich der Yorktownfeier in den Ver. Staaten.

Lorenzdorf. Die Fortsetzung der Queisthalbahn durch das industriereiche Queisthal von Lorenzdorf bis Sagan ist nun gesichert; die Bahn hat auch ein hervorragendes strategisches Interesse, indem diese den Verkehr des nahe Neuhammer anzulegenden Schießplatzes für das 6. Armeekorps mit der Hauptverkehrsstation Sagan vermitteln soll.

Provinz Schleswig-Holstein.

Friedrichstadt. Die Reihen der alten Achtundvierziger, die für das Deutschthum und das Recht Schleswig-Holsteins gegen die dänische Fremdherrschaft den heldenmüthigen Kampf führten, lichten sich. Wiederum sind zwei tapfere Veteranen gestorben: der Kaufmann David Selig in Friedrichstadt und der Landmann Holmer in Seeth.

Kiel. Die sechsjährige Tochter des Marinefeldwebels Hintze wurde während eines Besuches in Elerstorff von ihrem Vetter, dem Sohne des Gutsinspektors Wendland, erschossen. Letzterer hatte eine Salonbüchse als Geschenk erhalten und spielte mit der Waffe in Gegenwart der Kleinen. Ein unglücklicher Schuß traf das Mädchen in die Schläfe.

A tonic is something that restores strength and vigor to the entire system. Ripans Tabules are a tonic in the sense that they correct digestive disorders and help in the proper assimilation of food. When the organs of the stomach are in perfect working order the whole system is benefited. A society woman of New York City suffered from an attack of bronchitis each year as winter approached, and was often unable to go out of doors for days. When the last attack came on she took a Ripans Tabule each evening and was greatly benefited, having less soreness in her throat and very little tendency to cough. As a result, she had better general health that season than for years. The Tabules, she states, acted in her case as a tonic and imparted renewed strength to her system. If she omitted to take one night, she would notice that she was not so well the next day.

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package. I accept no substitute. RIPANS, 10 for a cents, may be had at any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 10 Spruce St., New York.

THE MODE.

Fashion In Gown Skirts and Silk Petticoats.

Skirts are decidedly long, touching the ground in front and at the sides, while at the back they drag more or less. The consequence is that every woman carries her skirt in her hand in the street, which necessitates pretty and well cared for

GIRL'S TOILET.

shoes. The only short skirts worn are those which are uncompromisingly short, escaping the ground by several inches.

Petticoats follow the fashions of gowns in form, but do not trail at all, even when intended for wear with a trained skirt. They are still much trimmed below the knee, but are quite plain above it and at the back of the waist are laid in a few plaits. Petticoats of the more elaborate order have insets of black or white lace, ruffles of chiffon edged with ribbon or velvet, tiny gauze ruches or ruches of finely pinked silk, flounces of lace, and, in fact, are as richly adorned as gowns. The plainer kinds have various arrangements of plaitings and ruffles of the same material as the body of the petticoat, which is usually taffeta or a kind of silk alpaca, which is more durable.

The girl's costume pictured is of beige satin cloth, the skirt being plaited and stitched at the sides and back. It closes at the right side, the edge being scalloped and bordered with a band of brown velvet, with appliques of blue silk. The bolero and sleeves of the cloth are trimmed in the same way. The chemisette is of shirred blue silk, and the wide, plaited belt is also of blue silk. The sailor hat of fancy straw is decorated with beige ribbon, a beige plume and a gold buckle.

THE FASHIONS.

Skirts Show No Particularly Novel Features.

The general shape of the skirt for the coming season is very much like that of the skirts of some time past. It is plain in front and over the hips and is laid in one or two plaits at the back. The perfectly smooth back is already out of fa-

VESTS.

vor, and not any of the new models show it. Below the knee the skirt expands more or less and is not stiffened, forming soft, rippling plaits or folds. This effect is obtained either by having the skirt entirely plaited, with plaits left free below the knee; by adding a circular flounce or by cutting the breadths of the skirt so that they flare at the foot.

Plaited and gathered skirts are made quite separate from the lining, which is always plain and is attached to the outside only at the waistband. To sustain the flaring edge of the outside skirt a plaiting or flounce of greater or less depth is placed at the foot of the lining skirt, which is preferably of silk, faille or taffeta of the same color as the dress goods.

The cut shows two vests, to be worn under an open front bodice. The first is of electric blue peau de soie, which is fastened by narrow straps of black velvet, secured by jeweled buttons, across a plastron of finely plaited white mousseline de sole. The collar and revers are of white peau de soie painted and embroidered with orchids. The second vest is of plaited and stitched pink taffeta. The plastron and collar are of guipure. Around the collar is a frill of white mousseline de sole, bordered with a ruche, and this is continued down each side of the plastron in coquilles.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning May 13—Comment by Rev. S. H. Doyle.

Topic.—Vision and service.—Ex. xxiv, 15-18; xxxii, 19, 20; Math. xvii, 1-8, 14-20.

In these references we have two visions of God and two services performed after God had been seen. The first is the vision of Moses on Mount Sinai and his subsequent destruction of the golden calf which the Israelites had set up as an idol in his absence. The second is Christ's vision upon the Mount of Transfiguration and His subsequent casting the demon out of the demoniac child.

1. Moses' vision and service (Ex. xxiv, 15-18; xxxii, 19, 20.) At Mount Sinai, on the way from Egypt to Canaan, God called Moses alone to the top of the mountain that He might give to him the tables of stone containing His commandments for His people. On Mount Sinai Moses had a vision of the glory of the Lord. "The glory of the Lord abode upon Mount Sinai." "And the sight of the glory of the Lord was like devouring fire on the top of the mountain in the eyes of the children of Israel." What must it have been, then, to Moses! Forty days and 40 nights Moses was on the mount beholding God's glory. He comes back to the people to find them worshiping an idol! He who had just witnessed the glory of the true God sees his people bowing down to an image made by their own hands! What a contrast! How utterly abhorrent this idolatry must have appeared to Moses in consideration of his recent ecstatic visions of God! And what did he do? He "took the calf, * * * burned it in fire and ground it to powder and strewed it in the water and made the children of Israel drink of it." Moses' vision of God made sin repulsive and repugnant to him and filled him with zeal for its overthrow and destruction. To see God should affect us in a similar way. It should make sin hateful and repulsive and fill us with a desire to destroy it both in ourselves and in others. We should be more strongly affected in this way than Moses. Moses saw God on Mount Sinai; we have seen God on Mount Calvary!

2. Christ's vision and service (Math. xvii, 1-8; xiv, 20). Six months before Christ was crucified He was taken up on Mount Hermon, near Cæsarea Philippi, and transfigured in the presence of Moses, Elijah, Peter, James and John! For a moment the glory of heaven shone in Him. "His face did shine as the sun, and His raiment was white as the light." Coming down from the Mount of Transfiguration and of heavenly vision, He finds His disciples unable to heal a poor boy possessed of an evil spirit because of their lack of faith. And what did Jesus do? He "rebuked the devil, and he departed out of him, and the child was cured from that very hour." Christ's transfiguration and vision would undoubtedly fill him with a still more fervent zeal to serve God in casting out evil and in rescuing fallen humanity from the powers of darkness. If we have been transformed by the power of the cross and have thus seen a vision of God's glory, we also should be filled with a burning zeal to uplift fallen humanity, to rescue men from the power and consequences of evil.

THE PRAYER MEETING.

Arrange a special programme, having short addresses or papers, as follows: First, the vision of Moses; second, the vision of Jesus; third, the vision of Paul; fourth, the vision of John.

BIBLE READINGS.

Gen. xxviii, 10-12; Num. xiv, 10-21; Prov. xxix, 18; Isa. vi, 1-8; xxviii, 7; Lam. ii, 8, 9; Ezek. i, 1, 28; Hos. xii, 10; Joel ii, 28, 32; Math. v, 8; Acts ii, 14-21; vii, 54-60; ix, 1-6; xvi, 8-10; Rev. i, 10-22.

The Temple of Victory.

On the brow of the Acropolis in Athens, guarding the approach to the famous and matchless Parthenon, stands a little temple, based on the solid rock. It commands a wide prospect—the sweep of the Attic mountains and the stretch of sea at Salamis. The Athenian of old felt within him a thrill of pride as he stood upon this height and surveyed the prospect. The little temple was named the Temple of the Wingless Victory. It proudly proclaimed that victory should never take its flight from the fair city beneath. A touch of this indomitable spirit and unconquerable hope is needed in our Christian life and work today. We are too faint hearted. We are too easily discouraged. Every Christian heart should have in it a temple of the Wingless Victory and should look out upon the rugged mountains and the long stretch of sea with determination to conquer.—Baptist Union.

Only a Little While.

Our whole eternity will hinge on the "little while" of probation here. Only an inch of time to choose between an eternity of glory or the endless woes of hell! And, as a convert exclaimed in a prayer meeting, "It was only a moment's work with me when I was in earnest." May God help us all to be faithful—only for a little while—and then comes the unfading crown!—Theodore L. Cuyler in Christian Work.

The Best Use of Life.

I expect to pass through this life but once. If, therefore, there is any kindness I can show or any good I can do to any fellow being, let me do it now. Let me not defer or neglect it, for I shall not pass this way again.—American Hebrew.

Lead Me, Lord!

My peace today I give to you,
And, if tempered by the rod,
'Tis more than all the world can do.
Be still, and know that I am God.
And look and live, hope and pray,
Abroad the sweetest story tell.
'Twill smooth your own, your brother's way.
"He doeth all things well."
Rest and contentment are found where
Thy service leads. Lord, lead me there!

Topic For the Week Beginning May 13, "Vision and Service"—Text, Ex. xxiv, 15-18; xxxii, 19, 20; Math. xvii, 1-8, 14-20.

The vision of the Divine glory has wondrous power over the bodies of men and more wondrous influence over their souls. God talks with Moses, and the prophet's face glows with unearthly radiance when he descends from the mountain top to the camp of Israel. It makes his soul burn with holy zeal as God talks with him and unfolds plans for tabernacle and laws for the guidance of human conduct. His zeal is not abated a particle when from the vision of God's glory he faces the dancing, feasting crowd at their shameful worship of the golden calf. In blazing indignation at their apostacy he dashes the stone tablets of the law upon the ground, a symbolic act to show the people that they have trampled Jehovah's commands under their feet and broken His law. His vision was to give him knowledge of God's will and also to lift his soul into such a glow of devotion that he could rebuke the evils and sins of a rebellious people.

Jesus on the mountain is transfigured until not only His face, but His very garments, shone with unearthly radiance. His coming service was to give His life for the salvation of men. What a road to tread! How should He, the sinless, with power of everlasting life and love, go that pathway? Men shrink from death. Few willingly face it even when pain and suffering have made life a weary burden. What must have been the shrinking of His pure nature from all its mystery and from the shame and agony of the death of the cross! It was most fitting that He should be prepared for the closing ordeal by such a vision of the Father's excellent glory as was given Him on the mountain and such strengthening as a meeting with Moses and Elijah would give Him. Down from that pinnacle the Master came with a new hold on Divine power and human misery. He is stronger to heal, more tender to feel, more earnest to teach, more devoted to do all the Father's will.

So is it ever in life. Have you a vision of unusual preciousness? God gives it not for your pleasure merely, but for your preparation for better service. His presence is to make you better adapted to help men.

Seek the Master's presence for comfort, for inspiration for all fullness, and then seek your fellow men that they may hear from your lips what God has said to you and receive at your hands what God has given into your keeping for them.

Transfiguration is given not for the sake of your beauty being increased, but your efficiency in service. Burn in soul to bless men and glorify God.

No Appetite.

A clear indication of disease. No relish for food? You must be sick; you are running down; you need some tonic, something to tone up the system—not spices or drugs, not stimulants, but nourishment, simple and wholesome.

The services of the church have lost their old attractiveness. The prayer meetings are dull. Class meetings are humdrum affairs. We crave something of a higher literary character, music more elevated, people more cultured, piety more fervent. How fast the church is declining! What a wail of misery goes up from a few uncomfortable souls who have lost their appetite! The Bible is to them insipid, the church rules are bitter, Christians are getting sour, and the trouble is mostly in themselves. What they need is no different Bible or church or neighbors, but to get rid of their fever for fashion, their dyspeptic pessimism, their rheumatic niggardliness and lameness in Christian work.

If you have lost your old relish for religion, better look for the cause in yourself and put yourself under the care of the Great Physician. Get back your appetite, or you may have a serious case of heart failure to deal with.

A Humble Home.

Greatness does not depend on the house one is born in any more than nobility depends on lineage.

In Port Stewart, Ireland, near the Giant's Causeway, stands the boyhood home of Dr. Adam Clarke. He was one of the great figures of early Methodism. As a boy he was noted for physical strength and mental dullness. But he became the most eminent scholar of his times in oriental languages and one of the most effective preachers of any time. His fame rests chiefly on his commentary on the Bible, which has had a larger circulation than any other unless it may be that of Matthew Henry. In this he had no help and spent 25 years in writing it and 15 more in its publication. No young Methodist should fail to read the story of his life.

"Sweat is the destiny of all trades, whether of the brow or of the mind," says Bishop Hall. "God never allowed any man to do nothing."

Courage.

Because I hold it sinful to despond
And will not let the bitterness of life
Blind me with burning tears, but look beyond
Its tumult and its strife,

Think you I find no bitterness at all,
No burden to be borne, like Christian's pack?
Think you there are no ready tears to fall
Because I keep them back?

Why should I hug life's ills with cold reserve,
To curse myself and all who love me? Nay!
A thousand times more good than I deserve
God gives me every day.

And in each one of these rebellious tears
Kept bravely back He makes a rainbow shine;
Grateful I take His slightest gift; no fears
Nor any doubts are mine.

Dark skies must clear, and when the clouds are past
One golden day redeems a weary year;
Patient I listen, sure that sweet at last
Will sound His voice of cheer.

Taken to the Asylum.

Horatio M. Clark, of Grandview avenue, was arrested this morning in a trolley car at the North avenue terminus by Marshal Campbell, of the borough, and Roundsman Flynn, of this city. The man is charged by his wife of being of unsound mind, and after an examination by Drs. Carman and Tomlinson, it was decided that he is. Two years ago Mr. Clark was in the asylum, but he was taken out by his wife who believed he would be all right. He was taken to Trenton this afternoon by Chief Campbell.

MR. NEWCORN MAKES AN EXPLANATION.

Declares That He Has Proceeded Legally With Mortimers' Application.

SAYS SLOMIN IS QUALIFIED.

DESCRIBES HOW HE WENT TO SOMERVILLE TO SEE HIM.

Urged Upon the Council the Right and Necessity of Granting the License, Saying That Opposition is Mild.

To the Editor of The Daily Press:—In your issue of Thursday you quoted the remarks made by William A. Coddington, attorney of those interested in opposing the license of John Mortimer, and as a matter of fairness, as you have given him two columns in your paper devoted to his arguments, and as misconstruction might be placed upon his statements as reflecting upon me, I ask you to kindly publish the following:

When Mr. Coddington completed his argument the privilege of the floor was extended to me and the reply was as follows:

"In appearing here as the legal representative of the applicant, and before entering into the merits of the case, I desire to take up the only two serious matters that have been broached by counsel on the other side, to wit, the affidavits of Slomin and Mr. Carey. In considering the Slomin affidavit I would state that the facts as set forth there are partially true and it can easily be seen how a shrewd attorney desiring to gain a point can distort facts as they actually are to further his ends.

"The explanation in regard to the residence of Mr. Silbert is that he resided from October until sometime in February at the Voehl building, East Front street, having previously resided at 17 Somerset street. Mr. Silbert went to New York one day and was taken with hemorrhages on the street, and was found on the following day by his wife and relatives in one of the New York hospitals and brought back to Plainfield. He broke up his residence on East Front street, stored his furniture and moved to his mother in law's house at 17 Somerset street, where he continued to stay until, being of a nervous disposition and his place of business being downstairs, he was ordered to go to some place where he did not have his business on his mind. He went on a visit to his brother at Raritan, his wife and child remaining at 17 Somerset street. He did not lose his residence at 17 Somerset street by going on a visit for the benefit of his health, nor did he lose his residence since by going to Europe for the same reason. He can legally claim his residence at 17 Somerset street. It is true, as stated in the affidavit, that Counsel went to Raritan to see Mr. Silbert in regard to signing the application, knowing that he was there on a visit. The application was signed at Raritan and the only reason that the affidavit was tested in Union county was that the affidavit was sworn to in the City of Plainfield, in Union county, on the following day by Mr. Silbert who called at Counsel's office with the data that was necessary to fill in to complete the affidavit, and when the affidavit bears the testing of Union county it was not an attempt to mislead anyone in reference to the affiant's residence. Mr. Silbert swore that his residence was at 17 Somerset street, and legally had the right to do so."

In reply to the second affidavit it was stated that Mr. Garey was mistaken when he took that affidavit, as counsel was fortunate enough to have preserved the first applications and felt sure that if they were exhibited to Mr. Carey, he would be willing to acknowledge his mistake and rectify the same.

In addition to the above explanation of the technical side of the application of Mortimer, Mr. Newcorn has also furnished The Daily Press with a statement of the additional argument he used in favor of Mortimer's application. Owing to the crowded condition of the columns of The Daily Press today it is impossible to use the argument in full.

He states, however, that there is not strong opposition to the granting of the license, and that a majority of those who signed the remonstrance did so under misapprehension. He also says that Mr. Mortimer is a man of good moral character and reputation and that he is perfectly capable of conducting a desirable place for the city. In closing he appealed to the Council to grant the license despite the methods which have been taken to oppose it.

RIFLES FOR THE CADETS.

BOARD OF EDUCATION HAS PURCHASED SOME LIGHT ARMS.

Some Boys in Cadet Battalion of the High School Are Too Small to Carry Regulation Arms.

The cadet battalion of the Plainfield High School is fast rounding into shape under the instruction of A. B. Meredith, of the faculty. The boys have been drilling regularly every Friday afternoon and have now learned the ordinary movements and are able to go through them with precision. Most of the boys are uniformed. All that is now needed to prepare them for the exhibition drill next month is instruction in the manual of arms.

The obstacle in the way of instruction in the manual of arms has heretofore been the lack of arms. The High School possesses forty Springfield rifles that were used by the old cadet company. There are ninety boys in the battalion at present and some of them are entirely too small to carry a regulation rifle.

The matter was brought up during the executive session of the Board of Education meeting and discussed. The Board finally decided to appropriate the amount necessary to purchase thirty light rifles for the smaller boys. The new rifles will weigh about four pounds each. Then it is intended to secure if possible twenty more of the regulation rifles from the State which supplied the first lot. It will then be possible to arm and equip the entire corps.

The new rifles will be purchased at once and requisition made on the State authorities as soon as possible. It is hoped that the arms will be on hand ready for use before the month is up so that there will be time for some practice with them before the exhibition drill.

TWO SISTERS MARRIED.

One of Them Becomes the Wife of the Superintendent of Marconnier Sunday-School.

The many friends and acquaintances of A. E Metler, the popular superintendent of the Marconnier Sunday-school at Oak Tree, were surprised today to receive announcements of his marriage, which took place Tuesday of this week at Rockville Centre, N. Y. Mr. Metler was married to Miss Mattie A. Grassman, of Adrian, Mich., who, together with her sister, Miss Josephine Grassman, came to New York to attend the wedding. The ceremony was performed by Rev. A. L. Reynolds, D. D., who was a professor at Union Theological Seminary when Mr. Metler was a student there. He was also pastor of the bride and her sister at Adrian and received them into his church.

The following day the other sister, Miss Josephine Grassman, was united in marriage to H. K. Fox, also of Adrain, who has been attending Union Theological Seminary, and who was a classmate of Mr. Metler when he attended the seminary. Since the marriages the happy couples have been sight seeing together. They are now in Plainfield and Mr. and Mrs. Fox are guests of Mr. and Mrs. Metler, at their residence, 426 East Second street. They will return to Adrian Wednesday of next week.

WILD WEST SHOW.

Two Successful Performances Given by Pawnee Bill's Wild West Yesterday.

Large audiences attended the performances of Pawnee Bill's Wild West yesterday afternoon and evening and found the show a very creditable one. Rain threatened all the afternoon and evening, but it never amounted to anything. Many stayed away for fear of it, however.

The performance proved to be an excellent one and fully up to the expectations of the audience. It was so much larger and considerably improved since its appearance here before. It proved a typical Wild West show, with all the features that have made that popular style of entertainment so attractive to the American public.

Ruined Twenty-seven Derbies.

Messrs. Kreuger, sons of Gottfreid Krueger, the Newark brewer, accompied by fourteen men, employes at the brewery, came to Plainfield yesterday and were the guests in the afternoon and evening of Henry Windham, proprietor of the Waldorf Hotel, East Front street. What might be termed "hazing" was indulged in and as a result twenty-seven new derby hats had to be purchased before the guests returned home. Some had the crowns torn and cut out, others were jumped on, while others were soaked with seltzer water.

WATER COMPANY WINS.

THEY WERE BLAMED FOR FIG FIRE AT CARTERET.

Knappman Whiting Company Wouldn't Pay Because it Couldn't Get Water to Extinguish Flames.

(Special to The Daily Press.)

Elizabeth, May 12.—The suit of the Middlesex Water Company, of South Plainfield, against the Knappman Whiting Company, of Carteret, was decided by the jury yesterday in favor of the plaintiff. The water company sued for unpaid water sent. The defendant contented that owing to a failure of the plaintiff to supply enough water to subdue any fire that might break out the Whiting works were destroyed, and that the water company was therefore liable for over $10,000 of insurance which the Knappman company was unable to collect.

A break occurred in the water main that supplied the Whiting plant, and fifteen minutes before it was repaired the fire broke out in the plant. There was no water available to subdue the flames, as it had been shut off three miles and a half away. When it was turned on the fire had got such headway that it was beyond control, and the works were consumed.

Ex Governor Werts represented the Knappman company at the trial, while Richard V. Lindabury and Frank Bergen appeared for the water company. In the first trial of the suit Judge VanSyckel instructed the jury to render a verdict for the water company. The Supreme Court set that aside on the ground that it should have been left to the jury to decide.

THE BREAK FOUND.

Seat of Trouble to Borough Fire Alarm System Was Located Yesterday Afternoon.

The trouble with the borough fire alarm system was found yesterday afternoon by Lineman Herbert Chamberlain, of the local telephone company, who was engaged to remove the difficulty if possible. The break was discovered on the fire-alarm pole which holds box 132 and which is located on the corner opposite Dr. Cooley's residence, corner Westervelt and Manning avenues. It was in the wire running from the top of the pole to the box. The wire was broken, but the insulatition held it together. The wind swayed the pole, causing the two broken ends to touch frequently and thereby cause the fire bell to ring.

The search for the trouble was a tedious one, as every box had to be tested and nearly every pole was ascended to examine the wires. The system is now all right and is in first-class working order.

WORK OF THE WOMEN.

Annual Missionary Sociable Held in the Congregational Church Last Night.

A summary of the work for the year of the Women's Association of the Congregational church was presented by Mrs. W. B Wadsworth, president of the association, at the annual missionary sociable of the association held in the church last evening. There was a large attendance.

The meeting opened with a violin solo by P. Ludwig Conde. A quartette, composed of Miss Katherine Dwight, Miss M. G. Morse, Mrs. Charles Steiner and Miss Julia M. Belknap, sang "Something for Thee." The report of the association's work was next presented by Mrs. Wadsworth. It showed an increase in membership. The receipts for the year were $229 54, and the disbursements $221 09 She told of the successful work of the association and of many satisfactory meetings held during the year.

Miss Emerson, one of the secretaries of the American Missionary Association, gave an address on the work the A. M. A. has accomplished in Porto Rico since the war. She gave some interesting facts concerning the schools and missions and the success with which they had been established. After a collection and another solo by Mr. Conde the audience was invited into the parlors where refreshments were served by a committee from the association and a social hour enjoyed.

BAG, STONES AND BOYS

They Proved to be a Combination Which Made Seven Prisoners Before City Judge Runyon.

A long wire, a bag full of stones and seven small boys formed a combination that threatened the enjoyment of life for stray pedestrians on South Second street a few evenings ago. Patrolman Totten happened to arrive on the scene before the combination got in its good work. The boys fled and the rest of the combination was captured. The boys subsequently met with the same fate. They were all arraigned before City Judge Runyon this morning.

The victims were John Cashman, Thomas Porter, Shill Parent, Telephone Parent, Caesar Goobe, Clarence Nostrand and William Porter. The Judge lectured them long and seriously and then suspended sentence with the promise of terrible things if they ever came up again.

Played Progressive Euchre.

A pleasant affair of last evening was the progressive euchre party given at the Park Avenue Hotel under the direction of Manager John D. Bailey. There were six tables and the contestants thoroughly enjoyed themselves contesting for honors. The first prize for the women, a handsome painting, was won by Mrs. A. M. Schofield, and the second ladies' prize, a manicure set, was presented to Mrs. S. B. Carson. For the gentlemen F. A. Whitlock won first prize, a silver-headed umbrella, and the second prize for the men, a set of military brushes, was given to Ned Simpson. Mrs. F. A. Whitlock and John D. Bailey, who played together, were tie for the consolation prize, a sofa pillow, and Mr. Bailey withdrew in favor of his partner.

UNIQUE WAY OF INTRODUCING MARCONNIER MEMBERS TO TRINITY.

Reception Held in the Church and a Most Pleasant Time was Enjoyed.

A pleasant event was held at Trinity Reformed church last evening when the Senior Christian Endeavor Society of the church gave a reception to the members of Marconnier chapel, recently adopted as a branch of Trinity church. The affair was arranged for the purpose of making it possible for all to become better acquainted.

There were about thirty-five members from Marconnier chapel present, including a bright little tot, six months old, who was the centre of much attraction. Superintendent H. W. Marshall, who has charge of the work at the chapel, and Mrs. Marshall, assisted by E. E. Anthony, looked after the visitors and made them heartily welcome. The evening was passed pleasantly in playing games and having a genuine social time.

A novel means of introduction was introduced. Red and white tags were provided On each tag was written the name of the holder. The home members wore the white tags and the visitors the red ones. Instead of persons going about and introducing each other, the tags answered that purpose. In this way everyone became acquainted with very little effort, and the company formed themselves into one large family. Toward the latter part of the evening refreshments were served by the committee, and while this part was being enjoyed a greater opportunity for sociability was afforded.

The members from Marconnier were delighted with the cordial reception extended and expressed many thanks for the enjoyable time given. The social committee who had the affair in charge and who deserve the credit for its arrangement consisted of Miss Edith DuBois, chairman; Mrs. E. E Anthony, Mrs. Bertha Richards, Miss Ella Fenner, Miss Viola Huff, Miss Bessie Martin.

THE OLD THE NEW.

As a Result of the Annual Meeting of the Jersey Central the Officers Remain Unchanged.

Shareholders of the Central Railroad of New Jersey held their annual meeting in Jersey City yesterday noon. There was a full representation of the stock and no opposition was raised to the re-election of the old board of directors as follows: George F. Baker, Harris C. Fahnestock, James A. Garland, Henry Graves, Charles Lanier, Henry W. Maxwell, J. Rogers Maxwell, Samuel Sloan, Frederick G. Bowne. Executive officers will remain unchanged with George F. Baker as chairman of the board, J. Rogers Maxwell, president; C. H. Warren, first vice-president, and S. M. Williams, second vice-president. The annual report, which was published early in the year, was submitted by President Maxwell and approved.

No Evidence Against Them.

Thos. Farrell, Tim Reilly and James Ryan, possessing four sound legs and a collection of crutches, came to Plainfield yesterday. The neighbors reported to Patrolman Myers that the trio were begging. Myers found them quietly enjoying the contents of a "growler" on Grant avenue. They were discharged this morning by City Judge Runyon for lack of evidence.

Arranging for Bicycle Runs.

The bicycling division of the Y. M. C. A. met last evening and arranged for the summer runs. They will be conducted very much the same as last year, one being held every second Thursday to some other association or point of interest. Berry Eagan was elected captain and the office of secretary and treasurer held by Lewis VanAlstyne was left the same.

Took The Wrong Wheel.

Harry Mattox left his new Cleveland wheel in front of A. M. Griffin's store this afternoon. When he came to look for it, the wheel was gone and an old bicycle of the same make remained in its place. The new one was returned later in the afternoon.

Second Wedding Anniversary.

Mr. and Mrs. Moses Schloss, of West Front street, celebrated the second anniversary of their marriage Thursday evening. A number of out-of-town relatives and friends were present to join in the festivities of the occasion.

Operation Performed

An operation for appendicitis was performed on Rowland Cox, of West Seventh street, yesterday, by Dr. Hartley, of New York. Mr. Cox is still in a precarious condition.

NEW JERSEY HAS ANOTHER CANDIDATE FOR JUDGE IN PORTO RICO.

A Bill Introduced to Pay George Serrell, of Plainfield, $5,000 for Damages.

(Special to The Daily Press.)

Washington, May 12.—New Jersey has a candidate for Judge in Porto Rico in place of Frank Bergen, declined. A high authority admitted so much yesterday, with the statement that the President would wait on the the question until Governor Allen and others in the island had been heard from. The application of Judge C. V. D. Joline, of Camden, has been filed with the President.

Representatative Stewart recommended yesterday to be Postmaster at Paterson George W. Pollitt, who, Mr. Stewart says, was one of the best Aldermen the city ever had. The resignation of Herman J. Kohlhaas, appointed by President Cleveland at the close of his term, was made Thursday night in order to enable the incumbent Postmaster to accept the City Treasurership.

The committee on invalid pensions has favorably reported Representative Stewart's bill pensioning at $30 a month Colonel Charles De Arnaud, of the Fifth District. Representative Fowler late Thursday introduced bills paying $5,000 to George Serrell, of Plainfield, as damages for injuries sustained in the Civil War on the United States ship Burnside; increasing the pension of W. A. Forbes, 13th New Jersey Infantry, to $50 a month, and pensioning Mary Fass. Through Representative Howell a pension has been granted to Charles Flower, of New Brunswick.

Representative Daly has written a letter of thanks declining the nomination for Vice President tendered by the Democratic executive committee of East Newark. He will address the Democrats of Plainfield May 19th.

GREAT CARRIAGE FIRM.

Wonderful Success of Ballantine & VanFleet Company at Somerville.

Since the advent of good roads in this part of New Jersey, there has been a steady improvement in the carriage business. The Ballantine & Van Fleet Carriage Manufacturing Company, of 200 to 210 Main street, Somerville, is one of the largest firms in the State now engaged in that line. This firm has steadily grown until it is now particularly well equipped to cater to everyone in this vicinity.

The Ballantine & VanFleet Company is particularly fortunate in possessing a fine establishment where its full line of vehicles and harness is displayed to the very best advantage. Its stock is all of the highest class and is sold at reasonable prices consistent with the best quality and workmanship.

The great part of a large block on Main street, Somerville, is occupied by the concern where all varieties of vehicles, for business and for pleasure are to be found. Some views of their establishment are to be found on page eight.

The treasurer and chief salesman of the company is H. H. Brokaw, formerly of this city. Since his connection with the company, he has sold 609 vehicles, of which 55 were disposed of in this city.

A special feature is the equipment of carriages with rubber tires and the firm has a large workshop where the work can be done speedily and properly.

Stole a Surrey Cushion.

Some miscreant appropriated a handsome cushion from Michael Kennedy's surrey last Monday night, as it was standing in the Crescent Hotel sheds. Mr. Kennedy says he knows the party and future trouble can be avoided only by its prompt return.

WILL BE A BIG TIME FOR THE DEMOCRATS.

Much Interest Manifested in the Banquet That Has Been Arranged.

GUESTS LIMITED TO 100.

TWENTY-FIVE WILL BE PROMINENT OUT-OF-TOWN DEMOCRATS.

Responses to the Invitations Must be Made by Tuesday—Committee That is in Charge of the Affair.

Much interest is manifested among local Democrats over the announcement made yesterday that a big Democratic dinner is to be given at the Hotel Kensington next Saturday evening. The list of the prominent guests of honor who will be present makes it seem sure that it will be the most notable political function of its kind held in this city in several years.

As announced yesterday the tickets for the dinner will be sold for $2. By charging such a sum Proprietor Staats, of the Hotel Kensington, who has made an enviable reputation as a caterer for banquets, will be able to provide a menu and service that will be entirely pleasing and satisfactory to every guest that attends.

The number of tickets to be issued has been limited, positively, to 100, owing to the inability of accommodating more than that number in the dining hall of the Kensington. Probably twenty-five of this number will be for the use of out-of-town guests of prominence in Democratic circles. Representative party leaders from Elizabeth, Bayonne, Newark, Jersey City, New Brunswick, Paterson, Somerville and several other towns will be among the out-of-town guests.

The invitations to the banquet will be sent out this evening, and owing to the limit of the number that will be able to attend the affair it will require a prompt response to secure a ticket for it. Tuesday next has been set as the final day on which responses must be received from prospective guests.

The committee that is in charge of the arrangements of the affair is as follows: W. W. St. John, chairman; W. A. Coddington, W. O. Linbarger, E. M. French, J. B. Guttridge, M. B. Flynn, J. E. Martine, J. R. Hillman, P. J. Revelles, A. E. Kenney and Dennis Gavin.

The list of toasts that will be responded to has not yet been completed, but among those who will be positively on hand and respond in a manner appropriate to the occasion will be Congressmen Sulzer and Daly and W. B. Gourley, chairman of the Democratic State committee. There will be other speakers, however, of State and National reputation.

HELD FOR GRAND JURY.

Charles W. Smith Waived Examination on Charge of Stealing Brass.

Charles W. Smith, of West Fourth street, who was arrested yesterday noon on the charge of stealing brass from the Scott Press Works, was brought before Justice Nash and waived examination. He was held in $100 bail to await the action of the Grand Jury.

Smith, who is a foreman in Scotts, is accused of taking the brass and selling it to Krystal Sacher, a junkman, who became suspicious that it was stolen property and made investigations.

It was identified by Fred Viewig, of the Scott works, who made the complaint before Justice Nash. Smith sold 106 pounds of it for 10 cents a pound. The brass is valued at $20

After Peddlers.

The police about the city are after the many peddlers who come to town and sell without a license. The storekeepers have complained about the practice and they believe that they are entitled to some protection from this class of people, who go about disposing of their wares without paying anything for the privilege.

Only a Joke.

A man living near Warrenville complained Thursday night to the borough marshals that his wheel had been stolen from Nelson's Hotel at Washingtonville. A search was made for the missing bike, but as it was returned to the owner yesterday, no further efforts were necessary. The wheel was taken for a joke.

GENERAL LORD KITCHENER.

General Lord Kitchener, who is chief aid to Field Marshal Roberts in South Africa, is very popular with the English "folks at home." His achievements in the Soudan, where he won the title of "the Sirdar," have endeared him to the English people, who hope much of his soldierly qualities in the contest with the Boers.

JOTTINGS OF THE DAY

ENTERPRISINGLY GATHERED AND CONCISELY TOLD BY REPORTERS.

Newsy Notes of More or Less Importance Bunched Together for the Ready Reference of Press Readers

—The Department Encampment of the G. A. R. will be held at Trenton next week Thursday and Friday.

—The work of repairing Fairview avenue is now completed, and it is one of the best streets in the borough.

—The workmen have completed the job of putting a new roof on the Friends' meeting house, on Watchung avenue.

—Mizpah Lodge, No. 1, U. O of I. O. L., will hold a socialble in their rooms on Second street Monday evening.

—Workmen are now busy finishing the interior work of Ballentine & Co.'s new building, corner of Central avenue and West Second street.

—The cannon donated by the Government for the soldiers' plot in Hillside cemetery are still at Wm. Hand's place, East Second street. They will be taken to the cemetery soon.

—Ladies, clean your kid gloves with LaBelle glove cleaner. It is not a liquid, leaves no odor and can be used while the glove is on the hand. For sale only by Frank Bowley, druggist. tf

—A special meeting of the Board of Health will be held in a short time to hear the report of the committee recently appointed to draft rules and regulations for the sale of milk in this city.

—The Consolidated Fruit Company of New York, Boston and Philadelphia, will hold a meeting in Springfield, Mass., Wednesday, May 16th. Several Plainfielders are interested in this company.

—Wm. E. Pangborn, of Linden avenue, will open the Chris. Bock building, on Somerset street, next week. This practically ends all hope of the place being opened as a saloon as originally intended.

—The improvements that Dr. Cooley has been making at Brookside Retreat are nearly completed. An entirely new building has been added which improves and enhances the general appearance of the property.

—The Sisters of Mercy, in charge of the Industrial Home on Manning avenue, which is conducted under the auspices of St. Joseph's church, are gradually getting their new place in order so that they will have the much-needed room.

—The attention of The Daily Press has been called to the fact that persons have been seen going in and out of houses where there is infectious disease. This is not allowed by law and persons should run no risks in the possibility of carrying the disease to others.

—The Dyer house being moved for William M. Stillman, the recent purchaser, has reached the corner of Grove street and Craig place and is now being taken around the corner prior to placing it on the lot. Thus, far nothing has happened to interfere with the work.

Mrs. L. E. Barkalew, of Lincoln place, has returned from a visit with Elizabeth relatives.

Orville T. Waring, of Willow avenue, has been home from the University of Pennsylvania for a few days.

Rev. and Mrs Charles Goodrich, of West Seventh street, returned yesterday from a visit with out of town friends.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

Romantic comedy with just a tinge of melodrama is all the rage. The wonderful success of the "Prisoner of Zenda," "Ruppert of Hentzau" and more recently "The Pride of Jennico" is a matter of record. The very latest play of this type presented now with a view to a great metropolitan production next autumn, is Wm. A. Brady's presentation of "Her Majesty" to be seen at Music Hall Monday night. It is a dramatization by J. I. C. Clarke, who prepared "The First Violin" for the use of Richard Mansfield, and is suggested by Elizabeth Knight Tompkins' charming story. Miss Grace George, a young actress of admirable skill who has commanded much attention in New York, will appear as Queen Honoria, ruling the mythical kingdom of Nordemark. The young queen, fresh from a convent, finds her kingdom in disruption by revolutionists, and she goes about in disguise among her people to determine what real causes for discontent may exist. It is a very charming story indeed, full of thrills and tender sentiment and quaint humor, and its production by so capable a company will be an event. Miss Grace George will be assisted by Forrest Robinson, Sheridan Block, Herbert Carr, Charles A. Brandt, W. T. Eriwanger, Paul F. Nicholson, John H. Bunny, Mabel Strickland and Ella Hugh Wood.

* * * * * * *

The greatest recent New York successes have been along melo-dramatic lines and the biggest new one in that direction so far this season is "The Queen of Chinatown," which, during its recent first presentation at the Star Theatre, broke the box office record and put even standing room at a hundred per cent. premium. It will be presented at Music Hall Tuesday night and will no doubt be a great success. Considering the fact that the play is based entirely upon facts, characters and localities, which necessarily lack somewhat of the keen edge of novelty to the majority of New Yorkers however unfamiliar and sensational they may elsewhere prove, such a home triumph suggests the presence of the master hands in all the important elements of authorship, portrayal and production, and truly they were there manifest as they will be be here at Music Hall Tuesday night.

* * * * * * *

The ushers at Music Hall, themselves a rising set of gentlemen, have secured for their benefit Friday, the 18th, the splendid play of "The Rising Generation," in which Billy Barry portrays the character of "Martin McShane," in which he has made an excellent impression. James H. Manning will be seen in the role of "Dionysius O'Hara." They are supported by an excellent company of comedians, and the many funny and telling scenes will be ably enacted by the company especially the "Poker Game," which is without doubt the most laughable one of its kind ever seen.

Little Trouble for Census Taker.

SILVER FOR BATTLESHIP.

Plans Discussed for School Children to Contribute Toward Buying Plate for the Battleship.

Mayor Hoos, of Jersey City, has been made temporary chairman of the committee composed of Governor Voorhees and the Mayors of the State to raise funds to provide the new battleship New Jersey with a silver service.

All the Mayors of the various cities and towns in the State, together with the county and city superintendents of schools, are invited to meet in Trenton, May 22, to adopt further measures to secure the money required.

The plan suggested is that every scholar in the public schools shall contribute five cents. By the last report of the State Board of Education the average number of people between the ages of five and twenty years at the schools was about 300,000, and this would give in round numbers a sum of $15,00 for the service.

The designation of one general day throughout the State—Battleship Day—was discussed, when the pupils of all schools could bring in the nickles It was thought a good plan to have the teachers keep a list of the contributions in each class, forward the list with the cash, these lists to comprise a "Roll of Patriots" to be made into a book, durably bound and to be presented to the battleship with the silver service, to be kept in the ship's library.

CROPS IN NEW JERSEY.

Weather Conditions During the Past Week Were Very Favorable.

The Department of Agriculture in New Jersey reports for the week ending May 7th, that the weather conditions have been favorable for farming operations. Plowing for corn is nearing the finish and much ground is now ready for planting.

The gentle showers which fell on the 3d, 4th and 5th were of much benefit to all vegetation, but generally insufficient for present needs, especially in the southern section, where early vegetables have been somewhat retarded for the want of it.

During the week wheat, rye and young grass have improved. In some field in the southern and central sections, rye is beginning to head. Orchard fruits, except apples in scattered places, are full of bloom; peaches are very promising.

The temperature was above the average during the first four, and below it during the last three days. Heavy frost occurred in the central and northern sections on the mornings of the 5th and 6th, but no serious injury was reported. The rainfall was again largely deficient, especially in the southern section.

JEFFRIES CHAMPION.

Knock Out For Corbett In Twenty-third Round.

EIGHT THOUSAND SEE THE BATTLE.

Jeffries Was Clearly Outboxed, and the Fatal Blow Came as a Surprise—Details of the Fight by Rounds.

NEW YORK, May 12.—Jim Jeffries is still the heavyweight champion of the world. He defeated Jim Corbett in the twenty-third round of their fight with a decisive knockout. The finishing blow came as a sudden and startling surprise. Corbett had been making a wonderful battle. His defense was absolutely perfect, and while he was lacking in strength he had more than held his own and stood an excellent chance of winning the fight had it gone the limit. He had not been badly punished and had managed to mark his man severely. The winning punch was a short left jolt to the jaw. Corbett dropped like a weight and was clear out. Jeffries showed ability to take a punching, go any distance and punch hard. He was clearly outboxed and at times made to look like a novice. The crowd, which numbered fully 8,000, was with Corbett, and his defeat fell upon a silent crowd. There were cheers for him when he revived and left the ring, and he was generally shown more consideration than the victor.

Corbett is still a factor in the pugilistic game. He has regained much of his old time form. The battle was clean, and it is doubtful if there was a single infraction of the rules. The crowd was most orderly.

First Round.—They fiddled and feinted. Jeffries led low. It did no damage. Corbett landed left swing. Jeffries led. Corbett ran away. Jeffries led for stomach, but fell short. Jeffries landed left jab. Corbett's swings were wild. Corbett swung left twice to face. Gong. Honors even.

Second Round.—Corbett landed left. Jeffries same to body. Jeffries landed left on body. Jeffries forced fighting. Corbett swung left to face. Jeffries rushed Corbett to ropes. Corbett landed on face. Corbett sent left to stomach. Jeffries landed straight right. Corbett rushed and swung right to jaw. Gong.

Third Round.—Corbett landed twice. Jeffries sent left to body. Corbett landed left to head and right to body. Jeffries rushed to ropes. Corbett sent back left pivot on head. Jeffries crowded him into corner and sent in left heavily. Honors even at gong.

Fourth Round.—Corbett sent right to body. Jeffries rushed. Jeffries landed left on body and stomach. Again Jeffries sent left to stomach. Jeffries sent left to body and straight right to jaw. Jeffries landed right swing on head. Corbett very tired. Jeffries sent left to body. Jeffries' round.

Fifth Round.—Corbett sent left and right to body and landed light left, followed with left swing. Jeffries got in hard right to body and Corbett light left to face. Jeffries landed hard left and right on short ribs and heavy left on jaw. Jeffries' round. Corbett appeared rattled.

Sixth Round.—Corbett ducked a vicious jab. Jeffries got left to jaw. Jeffries sent left in hard. Corbett got in hard left to stomach. Jeffries sent left to stomach. Honors even.

Seventh Round.—Jeffries sent hard left to body. Corbett ducked. Jeffries landed right and left on body and got home left swing on jaw. Jeffries sent both hands to body. Corbett landed light swings. Jeffries' round.

Eighth Round.—Corbett led left to stomach. Corbett landed left light to face. Jeffries is blocked. Corbett landed lightly on mouth. Corbett landed right on Jeffries' jaw. Corbett sent left to stomach. Corbett's round.

Ninth Round.—Corbett landed left on stomach and left and right to face. Corbett sent in left. Corbett swung right twice to jaw. Referee cautioned Corbett. Corbett sent both hands to jaw. Corbett sent in left swing to head. Corbett's round.

Tenth Round.—Corbett landed left to jaw twice. Jeffries landed left on body. Corbett sent three to jaw. Corbett right to jaw. Corbett's round.

Eleventh Round.—Corbett sent left to stomach. Jeffries landed on body. Jeffries' mouth bleeding. Corbett jabbed on nose. Jeffries landed on body. Corbett landed three times. Honors even.

Twelfth Round.—Corbett sent left to stomach and on nose. Corbett hit him three times on nose. Corbett uppercut hard. Jeffries hung on Jim. Corbett's round.

Thirteenth Round.—Jeffries got left on body and hard left to body. Corbett butted Jeffries, who landed left. Jeffries sent in right. Jeffries' round.

Fourteenth Round.—Corbett landed three times. Jeffries sent in one hard on head. Corbett's round.

Fifteenth Round.—Corbett landed on eye and stomach. Jeffries swung on body and head. Honors even.

Sixteenth Round.—Corbett landed on face twice. Jeffries swung widely. He landed on body. Honors even.

Seventeenth Round.—Jeffries hung on Corbett. Corbett landed three times on face. Corbett received uppercut. Jeffries' round.

Eighteenth Round.—Jeffries did all the work.

Nineteenth Round.—Jeffries got in three face blows. Corbett knocked down.

Twentieth Round.—Jeffries chased Corbett around. No hard blows struck.

Twenty-first Round.—Jeffries held and hit Corbett. Jeffries got home twice.

Twenty-second Round.—Jeffries landed hard several times. Corbett on eye.

Twenty-third Round.—Corbett jabbed Jeffries hard on body. Jeffries knocked Corbett out. A left on jaw did it.

Robinson Not Guilty.

HUNTINGDON, Pa., May 12.—Charles Robinson, the telegraph operator who killed John O'Neill by shooting at Spruce Creek last January, has been acquitted here of the charge of murder. The jury took only two ballots. Robinson had unexpectedly surprised his wife and O'Neill in their preparations for an elopement that they were making at his home, and knowing of O'Neill's intimacy with Mrs. Robinson at once shot O'Neill, sending seven bullets into his body.

Mad Peasant's Terrible Death.

ROME, May 12.—A peasant in a village near Arezzo during a sudden attack of madness murdered nine members of his family and wounded several others. Before he could be overcome he had also burned to the ground a stable filled with cattle.

HAVANA'S SCANDAL.

A Large Block of Missing Stamps Recovered.

ONE HUNDRED THOUSAND SHORTAGE

Director Rathbone Not Implicated. Special Agents Did Not Investigate Neely's Accounts—Good Reports From Santiago Province.

HAVANA, May 12.—Postage stamps to the value of $5,000 have been recovered by the secret service agents as the result of information furnished by the man who has confessed to guilty knowledge of the postal frauds. It is now estimated that the shortage will not amount to much more than $100,000. The military authorities are not giving out information and will not do so until full reports have been obtained. Nevertheless it is impossible to suppress details entirely. Many persons are interested in the investigation. Indeed every American in Havana is endeavoring to obtain data, and as a result many isolated facts are coming to light.

No one believes that Mr. Rathbone, director of posts, is personally implicated, but the feeling is that he has reposed too much trust in subordinates.

The special agents who were popularly supposed to have investigated Mr. Neely's accounts assert that they never did so, simply because vouchers were not obtainable and that they could never tell how affairs stood because of the varying sums declared to be in transit. They are indignant that the statement should have been made that they had investigated the accounts and indorsed them.

Senor Jose Ramon Villalon, secretary of public works, has just returned from a trip through the province of Santiago. Outlining the results of his inspection, he said:

"Throughout the entire district there seems to be a complete restoration of confidence. All along the road from Manzanillo to Santiago city new houses are being built. Everybody seems to be satisfied. There was no evidence of unrest. I found the people sleeping with their houses wide open, and chickens and pigs were running loose in the road.

"In addition to the work that is being carried on by the government, there is considerable private enterprise, especially in iron, manganese and copper mines. Mahogany and cedar are felled and shipped in large quantities, the Cauto river being used as a means of transportation to the sea. There are many rich iron mines that are not now being worked owing to difficulty in transport.

"All stories circulated with regard to the restlessness of the people of Santiago province are without foundation. The people are satisfied, and such reports are trumped up tales. I do not believe that in all the world there is a country more completely pacified than the province of Santiago."

A Thorough Investigation Ordered.

WASHINGTON, May 12.—That Postmaster General Emory Smith is determined to investigate the alleged misconduct of the affairs of the Cuban postoffice thoroughly is indicated by the fact that the most efficient officers of the inspection service have been detailed to conduct the inquiry.

Rioting In St. Louis.

ST. LOUIS, May 12.—The aspect of affairs in the great street railroad strike yesterday showed a complete reversal of the conditions prevailing Thursday. The day opened quietly, but as the hours sped by reports began to come in of renewed rioting in various parts of the city. In one instance the police fired into a crowd and in others used their clubs on those who attempted to interfere with the running of cars. While rumors of casualties were rampant during the day, up to a late hour last night none of a serious nature had been corroborated. The Suburban system ran all its cars under an escort of police. So closely was the watch maintained by the force that practically no disturbances occurred on its lines. The Transit company started cars on a number of its branches, and notwithstanding the utmost police protection trouble cropped out.

Roosevelt Dines With McKinley.

WASHINGTON, May 12.—President and Mrs. McKinley gave a dinner at the White House last night in honor of Governor and Mrs. Roosevelt. The guests invited to meet them were the secretary of state, the secretary of the treasury and Mrs. Gage, the secretary of war and Mrs. Root, the attorney general, the postmaster general and Mrs. Smith, the secretary of the navy, the secretary of the interior and Mrs. Hitchcock, the secretary of agriculture and Miss Wilson, Senator Depew, Representative and Mrs. Hitt, Mr. Henry White, secretary United States embassy at London, and Commander William S. Cowles and Mrs. Cowles.

Rioting Miners Arrested.

WILKESBARRE, Pa., May 12.—Four alleged ringleaders of the miners' riot at the Buttonwood mine on Wednesday have been arrested. They gave their names as Louis Newtatious, William Rovinski, Mathias Wukulskie and Michael Harkell. They were arraigned before Magistrate Chase, and William T. Smythe, general superintendent of the Buttonwood mine, testified that on the morning of the riot he tried to reason peacefully with the strikers, when they assaulted him with clubs and stones.

Good Price For a Racer.

NEW YORK, May 12.—The entire racing stable the property of the estate of the late Hon. William H. Clark was sold yesterday in the saddling paddock at Morris park. Banastar, the winner of the Toboggan and Brooklyn handicaps last year, was the star of the sale. He was sold to Craig W. Wadsworth for $11,000. The bidding was sharp and spirited. It opened with $2,500 and was followed by bids of $5,000, $6,000 and finally $8,000. It hung there for a minute, but went on again to $11,000.

Record Breaking Find of Gold.

COLORADO SPRINGS, May 12.—Irving Howbert, a director of the Portland Gold Mining company, said yesterday that the recent advance in the price of shares of that company was due to the fact that at the 700 foot level a vein had been opened which is 57 feet wide. Every foot of this vein is ore. A streak of fair size runs 300 ounces in gold to the ton. Four feet of the vein runs from 15 to 20 ounces. This, so far as is known, is the largest vein, all mineral, ever opened in any mine in any country.

BRIDGE WORK

In Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

HOW TOWNE FEELS.

Populist Nominee For Vice President Talks For Publication.

CHICAGO, May 12.—Charles A. Towne, the Populist vice presidential nominee, was seen at the Auditorium annex as he was about to take the train for Duluth, his home. When asked for an expression of opinion regarding the action of the convention, he said:

"I can say what I have always said since my name has been mentioned in this connection—that I have not sought the office and have made no efforts to secure the nomination. But if the Populists and the other two parties think I am the most available man for the position I will accept. It has been my wish all along that the Sioux Falls convention should name a committee to meet with committees of the other two parties at Kansas City to consider the vice presidential nomination, but it looks as though my friends at Sioux Falls did not consider that the better course to follow."

CHARLES A. TOWNE.

"If there is a modification of the Chicago financial plank at the Kansas City convention on the silver question, would you accept the vice presidential nomination?"

"I certainly would not if it approached even the remotest degree to a backdown from the plank of 1896. But there will be no backdown. The Chicago plank will be reaffirmed."

NEW YORK PRISONS.

State Penal Institutions Denounced by Expert Investigators.

NEW YORK, May 12.—In a report made by a committee of expert penologists acting under authority of the supreme court the state prisons at Sing Sing, Auburn and Dannemora are declared to be a disgrace to a civilized community.

The members of the committee who made the report are Dr. Austin Flint, Dr. J. G. Phelps Stokes, J. Murray Mitchell, J. Seely Ward, Jr.; Eugene Smith, F. P. Bellamy, Henry E. Gregory and William M. F. Round. The committee was appointed in September last by the Prison association of New York, and an order for the examination of the prisons of the state has been signed by Judge Garretson of the supreme court. Of the cells at Sing Sing the committee says:

"The size of the ordinary cell was three feet three inches by six feet six inches in height and seven feet long. The cells contained about 145 cubic feet of breathing space, the only ventilation being a small hole four by five inches in size leading directly into the shaft to the roof. The prison was said to be overrun with vermin.

Testimony of the warden and others showed that at the recent fire in the chapel building the patients in the hospital above were saved through the fact that the flames did not reach the only staircase. The possibility of a fearful catastrophe occurring at Sing Sing was pointed out.

Continuing, the report says: "At Auburn the conditions are somewhat better, but the prison is badly lighted, badly ventilated, without adequate provisions in the way of closets, dangerous as to fire and has insufficient sanitary arrangements.

"At Dannemora the prison is much cleaner, much safer as to fire, but has no efficient fire appliances.

"The tone of discipline in Sing Sing was decidedly lax, which may have been due to the recent fire in some degree. The tone seemed excellent at Auburn, and at Dannemora not so bad as in Sing Sing and not so good as in Auburn."

CONDENSED DISPATCHES.

The third drawing room of the season was held by the queen at Buckingham palace.

The Tennessee Democrats renominated Governor McMillin and declared for Bryan and the Chicago platform.

Major General Brooke relieved General Merritt at Governor's island, in charge of the department of the east.

It is reported at Constantinople that the Turkish minister in Washington has given the American government assurances of the settlement of its claims.

A threatening dispatch to the empress dowager of China from the Poh Wong Wei in America was stopped by the British embassy, in whose care it was sent.

Snow and Icicles In May.

PORT JERVIS, N. Y., May 12.—There was a light fall of snow here for two hours early yesterday morning. At Milford, Pa., six miles distant, the snowfall was half an inch. On the Delaware division of the Erie at the summit icicles from 12 to 14 inches long have been hanging from the rocks all the week, and at Susquehanna they formed on the water tanks one foot in length. For three mornings the thermometer has been below freezing point, and much damage has resulted to early garden truck.

Private Banker Goes Under.

GRAND RAPIDS, May 12.—Frank L. Fuller, owner of private banks at Rockford and at Cedar Springs and a banker for 20 years, filed a trust mortgage yesterday for $40,000, running to the Michigan Trust company. Hundreds of farmers and citizens are affected.

Spiritualists In Session.

SYRACUSE, May 12.—The New York State Spiritualists' association has opened its annual convention in this city. The attendance is small. The annual address was made by the Rev. Carrie E. S. Twing. Tests will be given during the sessions by noted mediums.

FOR AMERICAN RULE

Member of the Filipino Cabinet Becomes Our Ally.

WILL LABOR TO PROMOTE PEACE.

Admits His People to Be Incapable of Self Government—Plans For a Settlement Outlined—New Commission May Work Wonders.

MANILA, May 12.—Senor Buencamino, at one time a member of the so called Filipino republican cabinet, who was recently liberated by General Otis, announces that he has become reconciled to American sovereignty and that he will devote his influence to bringing about peace. He has sent a proposed peace platform for the national Filipino party to the insurgent leaders in Manila and to the insurgent generals, including Aguinaldo, in the field.

This platform declares that it is impossible for the Filipinos to exist as a nation without the protection of the United States and that consequently they must recognize American sovereignty and strive to attain under a constitution the utmost liberty possible.

Continuing, Senor Buencamino argues that the Filipinos are incapable of self government. He says:

"In our independent government the most predominant notes were abuses and immoralities, the offspring of ignorance and the inherited vices of Spain, by which the Filipino regime was rendered odious to our own people."

Therefore, he contends, American control is necessary to prevent civil strife. He recommends to the National Filipino party the adoption of a programme embodying the following features:

First.—Recognition of the sovereignty of the United States, cessation of hostilities and co-operation on the part of the Filipinos in the prosecution of "bandits who continue depredations in the name of independence."

Second.—A request for a declaration by the United States government guaranteeing to the Filipinos personal liberties and rights under a constitution.

Third.—A Filipino representative delegation to present to the American congress and public the desires of the Filipinos respecting political status.

Fourth.—The application of a part of the public funds to the maintenance of hospitals for sick and wounded Filipino soldiers and for the establishment of schools.

Fifth.—The transfer of the insurgent funds to the American treasury.

Sixth.—The establishment of a permanent system of Filipino representatives to the civil commission.

Seventh.—The exclusion of friars from the administration of the parishes.

Regarding the political outlook Senor Buencamino said:

"There are three elements in the Philippines which obstruct the attainment of peace. The first is the body of Filipino agitators in Manila, who are continually shouting for independence and who thus influence the ignorant masses. The second is the friars, who desire a prolongation of hostilities because in peace between the Filipinos and the Americans they foresee the end of their prestige and power and the ultimate loss of their properties and holdings. The third element is— (Suppressed by the censor.)

"If the civil commission brings liberal ideas and will approach Aguinaldo, today the idolized leader of the Filipinos, and the other leaders still fighting in a way that will make it possible for them to surrender and yet to retain the respect and honor of their countrymen, then peace in the Philippines will be only a question of a few weeks.

"Your forceful sovereignty throughout the islands is unmistakable. We now crave your justice and your humanitarian, lenient policy. General Otis has done much to render feasible and possible the application of the peace project upon which I am now working. Today in Manila we see public funds expended for the benefit of the people in the construction of markets and bridges, in street repairs, in schools and in a police force. You have made a good marriage law. You have established systems of municipal government and criminal procedure more liberal and just than were contemplated by the Filipino constitution.

"These facts attest your good faith, and our trust in the American people is as strong as ever."

The Buffalo Labor Troubles.

BUFFALO, May 12.—There are no important developments in the situation, but the railroad officials and labor leaders are still hopeful of effecting settlements of all grievances. Negotiations in the freight handling situation are apparently at a standstill. Secretary Barter of the Longshoremen's association addressed the package freight handlers, informing them that on his order a boat loaded here by the members of the rival union was held up for 24 hours in Cleveland and was not unloaded there until he gave the word.

Bonds Found Under the Floor.

MANCHESTER, N. H., May 12.—Workmen remodeling a house in Hooksett, N. H., found a tin box in the flooring which contained $1,400 in government bonds of the date of 1870 and some gold coin. The property is supposed to be part of the estate of Mary Ann Remington, who was eccentric and who once occupied the house. Several persons have lived in it since her death 20 years ago.

Navigation Laws Violated.

OSWEGO, N. Y., May 12.—Captain James Quinn, master and owner of the schooner Annie Drummond of Port Hope, was fined $500 yesterday by Collector of Customs J. H. Cooper for violation of the United States navigation laws in leaving port without having obtained clearance papers. Quinn paid his fine, but will appeal for its remission.

No Revision Desired.

PHILADELPHIA, May 12. — The presbytery of Philadelphia declared itself yesterday as overwhelmingly opposed to any revision of the fundamental doctrines of the Presbyterian church. The subject was brought before the presbytery in the form of a resolution.

Baseball.

NEW YORK, May 12.—The Cincinnati and Philadelphia National league teams played the only game scheduled for yesterday in Cincinnati. The home team was defeated by a score of 11 to 20.

Weather Probabilities.

Fair; warmer; variable winds, becoming fresh southerly.

Members of the New Jersey delegation have been importuning President McKinley to visit this State June 1st, when the American Medical Association will hold a convention at Atlantic City. Congressman Gardner called to see the President Tuesday, and Senators Sewell and Kean did their utmost to persuade the President to accept the invitation. Congressman Parker says that he believes the President was reluctant to decline the invitation, but he expected to attend some exercises Memorial Day, and the near approach of the adjournment of Congress no doubt was an additional reason for declining the invitation.

Noting that Union county is in better financial shape than it was a year ago by something like $17,000, the New York Tribune says that the balance to the good is not large, but when it is remembered that a few years ago, in the days when what was known as the "John Taylor Johnson boom" was in full expansion, the city of Elizabeth and some other parts of Union county were practically bankrupt, the present gain in the county is a cheerful greeting to the taxpayers, and reflects credit upon the financial management of the county administration.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

It appears to be the intention of the City Council to grant the wholesale liquor license to Mortimer. If we read the signs correctly the majority of Plainfield people are against the granting of this license, and when any officer goes against the expressed desire of a majority of his constituents he invariably has to pay the penalty. —North Plainfield Weekly Review.

THEATRICAL.

Last night the Hazel Wood Company and Scott Raymond appeared at Stillman Music Hall in a good performance of "The Cannon Ball Express." The house was rather small, owing to the heavy opposition of Pawnee Bill and his braves, but those present were pleased with the show. Tonight the engagement will close with another production of "The Cannon Ball Express."

Mr. and Mrs. L. E. Barkalew and daughter, Mrs. F. W. Dunn and daughter, who have been at Southern Pines, N. C, have all returned home. Mrs. Dunn's health is improved by her stay in the Pines. Mr. Barkalew was so unfortunate as to have an attack of the grip during his stay there, but Plainfield air will soon straighten him out.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 12.—The Epworth League of the Methodist church will celebrate the eleventh anniversary of the society tomorrow night. Extra music and decorations have been prepared and it is expected that a large number will be present. The installation of officers will be made by the pastor.

The large derrick belonging to Charles Coriell, and used by him for loading piles on the cars, became loosened Thursday night and fell, narrowly escaping a number of cars which it would undoubtedly have smashed.

A loaded brick wagon belonging to John Smalley and driven by Fred Schaeffer, broke down on Front street, yesterday afternoon. Another wagon was procured and the load transferred.

The Literary Society will meet at the home of Miss Lucy Titsworth tonight. A paper on South Africa will be read and selections from the member's favorite authors will be given.

W. H. Cole has at last decided to learn how to ride a bicycle, and took his first lesson yesterday. With the help of Abner Coriell he expects to master it in a few days.

The reception given to Pastor Doolittle Thursday night was well attended, and a pleasant evening was spent in singing and listening to music.

Elmer A. Giddis will have the title of D. D. S. conferred on him Monday night at the commencement of the New York College of Dentistry.

Dunellen sent a large delegation to the circus at Plainfield yesterday. An unusual number of boys attended both afternoon and evening.

Miss Edith Wilson has returned from Salem, Va., where she has been visiting her brother.

Mrs. D. H. Denlinger has gone to Mauch Chunk for a few days.

Mrs. Annie Abbott has returned from a trip to Westfield.

Mrs. William H. Terry is visiting in New York.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 12.—The residents of Fanwood are begining to wonder when the Railroad Company intend to begin making the promised improvements on the east side of the station. The only sign of improvement as yet was the removal last fall of the C. A. Smith coal yard from the company's property to South avenue.

There will be no meeting of the Saturday Night Club of Fanwood this evening. The meetings, which have been discontinued for two weeks on account of the death of the late George Kyte, will be resumed Saturday evening next.

The subject of Rev. G. M. Shott's sermon for Sunday morning will be "Following the Lamb." In the evening "How Sin is Brought to the Light."

Mr. and Mrs. George L. Dunn have given up boarding and started to housekeeping in the Boommann cottage on Westfield avenue.

Dr. and Mrs. F. W. Westcott, of Fanwood, are entertaining Mrs. Westcott's sister, Mrs. Strong, of Boston.

Miss Nina Seeber is spending Saturday and Sunday with friends in Brooklyn.

Miss Harnett Squires is visiting friends and relatives in New York City.

Twilight Council, Jr. O. U. A. M., met in their rooms last evening.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 12.—The inquest into the drowning of Joseph Savolinsky was held yesterday afternoon in the Courthouse. George E. Pace testified that he was fishing with a party of friends in the Millstone river, between Millstone and Weston, and about 35 feet from shore he noticed a body floating in the river almost in an erect position. In the party were C. H. VanNostrand, owner of the boat; Jacob Van Nostrand, Paul Schan, Leo. Robinson, of Rahway, and Mr. Sheldon, of Jersey City. Fred Hall was the next witnessed, and he identified the body by the clothing. Warren Shenk testified that he knew the body by the clothing. Dr. Wagner, County Physician, testified that the body found was that of Salovinisky. He examined the body but found no marks of violence, but said the face was a little decomposed. That was due to being in the water for a few days. The jury then adjourned but in 10 minutes brought in a verdict of accident drowning. The funeral was held this afternoon and was in charge of Undertaker Johnson. Joseph Salovinisky was 20 years old and unmarried.

Yesterday afternoon a young man came out of the Brick Hotel and mounted a bicycle that was standing there. The bicycle was locked, which threw the man and he rolled over in the gutter. Picking himself up he started for the station. Meanwhile Officer Henderson was informed and started after the fellow. When the man saw the policeman coming he made for one of Pawnee Bill's sleeping cars. Henderson followed and caught him while he was trying to escape from the rear end. He gave his name as John Hines, 23 years old, and said he came from Flemington. While being taken to jail he made out he was intoxicated, but the game did not work with the officer.

Last evening the first annual reception of the Colored Coachmen's Club of Somerville was held at Germania Hall, about 500 colored people participating. The grand march started at 9:30 and was followed by the cake walk which took place at 10:30. Richard Hoffman and lady, of Somerville, won the first prize, which consisted of a pair of patent leather shoes for the gentlemen and one pair of beautiful vases for the lady. The second prize was won by Handsome Harry and lady, of Plainfield, and consisted of a wine set for gentlemen and a very pretty lamp for the lady.

The cadet corps of Squadron A., N. G. N. Y., arrived here at 12:30 p. m yesterday and are camping on the grounds of the Somerset Country Club. Twenty-seven young men composed the corps and they have 22 horses and 4 mules with them. Three tents are pitched and from a distance a stranger would imagine there was war in Somerville. Capt. Falle is in command. A drill took place this morning.

Mrs. Wescott will hold her reception in Bound Brook this evening.

Edna Woollen, of Asheville, S. C., is visiting in Finderne.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 12.—It was said at the school meeting that there was no land for sale at South Plainfield for school purposes. Since then P. J. McDonough has got figures on the four lots in the rear of the two pink houses. They can be bought for $800 for school purposes. Although it will cause the calling of another meeting it would be a good idea to make the change as that would give the school a lot 104x200 feet exclusive of streets.

Dennis Harlo's little girl has been quite ill with pneumonia, but she is improving and is thought to be out of danger.

Martin Koski has moved to Staten Island.

WESTFIELD.

(Special Correspondence to The Press.)

Westfield, May 12.—The tramps that travel along the Central Railroad have taken complete possession of the disused Graceland depot. Every time the railroad workmen board up the place the tramps break it open. Two of them attempted to hold up wheelmen on South avenue Wednesday night, but did not succeed in stopping any one.

The average attendance of pupils at the Westfield School for the month of April was 720.

REDUCED RATES TO TRENTON.

Via Pennsylvania Railroad.

Account the G. A. R. State encampment at Trenton, May 17th and 18th, the Pennsylvania Railroad Company will sell excursion tickets from all stations on its line in the State of New Jersey at rate of single fare for the round trip (minimum rate 25 cents.)

Tickets to be sold and good going May 16th to 18th inclusive, and to return until May 19th inclusive. 5 12-15

Miss Annie Durling, of this city, has been visiting her father at Harlingen, Somerset county.

Mrs. John S. King, of West Second street, has about decided to take up her residence with her son, Walter S. Gibson, at Passaic.

Sachsen.

Dresden. Die Sächsische Hauptbibelgesellschaft hat im letzten, ihrem 85. Geschäftsjahre 31,966 Bibeln, 10,166 Neue Testamente und 312 Psalter, zusammen 42,444 heilige Schriften, darunter 9641 Haus- und Traubibeln, versendet. Die Einnahmen betrugen 66,928 Mark, die Ausgaben 96,193 Mark; der Fehlbetrag mußte durch Liebesgaben gedeckt werden.— Eine Schneiderversammlung beschloß, den Strike der Schneidergehilfen von Dresden und Umgebung nach 14tägiger Dauer als beendet zu erklären. Die Forderungen sind zum größten Theile bewilligt worden, und es kann allenthalben eine Lohnerhöhung von 15 bis 35 Prozent konstatirt werden.

Chemnitz. Bei dem zur Erlangung von Plänen für das König Albert-Museum in Chemnitz ausgeschriebenen Wettbewerb wurden die zur Verfügung stehenden 7000 Mark in der Weise vertheilt, daß auf den Entwurf der Architekten Fritz Hessemer und Johannes Schmidt in München 3000 Mark, auf den von Architekt F. Berger in Stettin 2000 Mark und auf die Arbeiten der Architekten Max Lindemann in Dresden und Heinrich Behrens in Bremen je 1000 Mark entfallen. Das Museum soll die in verschiedenen Instituten zerstreuten wissenschaftlichen, künstlerischen und kunstgeschichtlichen Sammlungen vereinigen. Zu seiner Errichtung stiftete die Stadt Chemnitz zum 25jährigen Regierungsjubiläum und 70. Geburtstage König Alberts die Summe von 500,000 Mark.

Leipzig. Der stud. phil. Corvi aus Berlad in Rumänien wurde wegen Diebstahls von 120 geographischen Karten aus einem Lexikon im historischen Seminar der Universität zu zwei Monaten drei Wochen Gefängniß verurtheilt.

Pirna. Der größte bei der diesjährigen Musterung im amtshauptmannschaftlichen Bezirke Pirna zur Gestellung und Aushebung gekommene Militärpflichtige war der Arbeiter Meißner aus Klein-Zschachwitz, der sich in Dohna der Ersatzkommission stellte. Der Genannte maß 191.5 Centimeter und wurde zum Grenadier-Regiment ausgehoben. Noch größer, nämlich 200.5 Centimeter, war ein Gestellungspflichtiger in Liebstadt, doch ist er kurz vor der Musterung von da verzogen.

Zwickau. Für gemeinnützige Zwecke hat das hier verstorbene Fräulein Christiane Rau der Stadt 30,000 Mark vermacht.

Thüringische Staaten.

Koburg. Fern der Heimath ist in Nizza die Wittwe des Herzogs Ernst des Zweiten von Sachsen-Koburg und Gotha, Herzogin Alexandrine, geborene Prinzessin Baden, im hohen Alter von 80 Jahren aus dem Leben geschieden.

Sonneberg. Hierorts schoß sich der Untersekundaner Paul Ortelli, ein Sohn des Bankiers Ortelli, eine Kugel in den Kopf, weil er auf dem Koburger Gymnasium zweimal nicht versetzt worden war. Der Schwerverletzte wurde in ein Krankenhaus gebracht, wo er seinen Geist aufgab.

Weimar. Für Wohlfahrtseinrichtungen, insbesondere zum Bau von Krankenhäusern und zur Errichtung von billigen und gesunden Arbeiterwohnungen sind aus Mitteln der Thüringischen Landes-Versicherungsanstalt bis jetzt 831,950 Mark unter ermäßigten Bedingungen zur Verfügung gestellt worden. Und zwar haben zum Bau von Krankenhäusern 410,000, zum Bau von Arbeiterwohnungen 346,950 Mark Verwendung gefunden.

Freie Städte.

Hamburg. Unter dem Titel: „Hamburgische Illustrirte Frauen-Zeitung" erscheint seit Kurzem jeden Sonntag im Verlage von F. Meyne hahier ein Organ für die Interessen der Frauenwelt. — Pastor Johann Hermann Ebert, der langjährige Gefängnißprediger, ist nach kurzem Krankenlager im 75. Lebensjahre gestorben.

Bremen. Durch den Ankauf der beiden größten englischen Schifffahrtslinien in Hinterindien, der Hollinie und der Scotch Oriental-Linie seitens des Norddeutschen Lloyd sind eine bedeutende Menge lange bestehender Zwischenlinien nach Birma, Siam und dem Sundaarchipel in deutsche Hände übergegangen, und es wird sich binnen Kurzem die Zahl der im Lokalverkehr mit Hinterindien und China beschäftigten Dampfer des Norddeutschen Lloyd auf 40 belaufen. Da ferner die Reichslinie nach Ostasien verdoppelt worden ist und da endlich eine Anschlußlinie nach den Karolinen und Marianen hergestellt werden soll, hat der Norddeutsche Lloyd sich entschlossen, in Hongkong eine eigene Inspektion einzurichten, welche die lokale Leitung der nautischen und schiffbautechnischen Interessen wahrnehmen soll.

Lübeck. Der 29 Jahre alte Kellner Otto Roß hat sich am Grabe seiner im Februar gestorbenen Mutter erschossen. Das Motiv des Selbstmordes ist unbekannt.

It is distasteful to many people to see their names in public print as indorsers of proprietary remedies. They feel a natural aversion to having their ailments published in the newspapers. At the same time a feeling of humanity prompts them now and then to say something that may lead to such relief of other sufferers as they have themselves experienced. This was the case with one of New York City's merchant princes, a man who stands at the head of his particular line of trade. Not long ago he declared that Ripans Tabules were "simply admirable" for correcting disorders of the digestive organs. He found that they sweeten the stomach, that they gently move the bowels, and that they give quick relief from the distress that accompanies indigestion. This gentleman says that he will never again allow himself to be without a supply of Ripans Tabules.

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. RIPANS, 10 for 5 cents, may be had of any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 10 Spruce St., New York.

THE PRETTY MAID.

"Where are you going, my pretty maid?"
"I'm going to Harker's store," she said.
"What will you do there, my pretty maid?"
"I'll get great bargains, sir," she said.

"He sells magazines at the publishers' price,
And his store is just delightfully nice.
He has pretty inkstands and paper weights,
Alphabet blocks and transparent slates.

"He has all the popular novels, too,
And special books he'll get for you.
He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.

He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.

"He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

GERMEA
(The Breakfast Cereal)
is a perfect breakfast food. It is complete in strength and health producing qualities. GERMEA does not irritate weak stomachs, and is easily digested.

DIRECTIONS.—To four cups of water add slowly one cup GERMEA; cook in single boiler three minutes. Water must boil before adding GERMEA.

Save your empty packages, they are valuable; they entitle you to premiums. Ask your grocer about them.

The following leading grocers sell GERMEA:

George W. Rockfellow, J. A. Smith & Bro., Neuman Bros., —R. O. Howell, J. F. Mattlage, Fred W. Dunn, Demarest— —& Son, William W. Wilson, Geo. Kirch, F. Westphal— —& Son, H. A. Weber, L. G. Henry, Fred H.— —Firstbrook, R. H. Keenan, Joseph C. Blimm,— —Thos. Callahan & Son, J. P. Humble, W. H.— —Combs, K. Rottberg, Alex. Thorne, Daley Bros.,— —P. H. Currin, S. Sharkey, James Clawson, Love Bros.

Columbia Flour leads the world and is superior to all other, it has not been on the market for some time here in Plainfield for the reason that the price has been controlled by other parties and held very high. But you can obtain, now at very reasonable prices, this flour at any first-class grocery or at mill.

FLANNEL WAISTS.

Colors and Styles For the Newest Woolen Shirt Waists.

French flannels now come in every variety of color and shade, instead of being confined to a few tones of red, pink and blue, as was formerly the case. They are greatly used for shirt waists, and this is true for warm as well as cold weather, since at the seaside and mountains it is always necessary to be prepared for changes of temperature.

Embroidered flannels show a dot or a fleur-de-lis in white or black on a colored ground.

The genuine shirt waist of flannel is made without a lining and is much less full than such waists have heretofore been. Sometimes there is hardly any fullness at all at the collar, and the back is now quite plain. The sleeves also are

SERGE COSTUME.

scant, and are not always of the regulation shirt style, with a cuff perfectly plain, tight sleeves being now often preferred. The advantage of an unlined shirt waist is that it can be washed, and as some of the prettiest are of white or cream flannel this is important.

The costume illustrated is of navy blue serge. The skirt is plain in front, has stitched plaits at the side and a watteau plait at the back. The triple bolero is ornamented with cords of white cloth, and the triple pelerine is adorned in the same manner. The tight sleeves have lines of stitching. The sailor hat of white straw is trimmed with white quills and a large chou of pale blue tulle.

JUDIC CHOLLET.

ORNAMENTS.

Jewelry a Fashionable Accessory to the Street Costume.

An immense amount of jewelry is now worn in the street, which is quite contrary to what has formerly been considered the best usage. The ornaments must have some apparent use, however, in order to be admirable. Brooches, clasps, hatpins, belt buckles, studs, long chains to hold the purse or lorgnette, chains for the watch and chatelaine accessories are all used, and even the handle of the parasol or umbrella may often come under the heading of jewelry. It is hardly necessary to say that large and valuable gems are not worn in the street.

Antique earrings may often be made into buttons, stickpins or hatpins and are exceedingly effective. Large, old fashioned brooches are also sometimes

PLAITED SACK.

available, by their shape and size, for belt buckles.

A novel idea is to make buckles or brooches from antique or curious foreign coins, the plain part of the metal being cut out so that the figures alone are left, inclosed in the circle of the rim.

A picture is given of a long, straight sack, exemplifying the reigning idea of plaits. The body is laid in stitched folds back and front, which are left free toward the lower edge. There is a triple yoke, or, rather, a yoke and two pelerines, with a single revers. The tight sleeves have two scant circular ruffles at the wrist and a stitched strap, and there is a flaring collar. Horn buttons close the collar and yoke and ornament the wrists, and all edges are stitched. The material employed is thin cloth, and the lining is of satin.

JUDIC CHOLLET.

PUSHING TOWARD MAFEKING.

Relief Column at Vryburg—Roberts Nearing Kroonstadt.

LONDON, May 12.—A British column 3,000 strong has arrived at Vryburg, 100 miles from Mafeking. It reached there Thursday and, though harassed by the Boers, is pushing swiftly forward. Fifty miles south of Vryburg, at Taungs, is General Hunter's main body, moving slowly and contending with considerable forces.

The pick of his mounted men are the 3,000, who are going without wheeled transport and at a rate that may possibly bring them to Mafeking on Monday or Tuesday next.

Lord Roberts' narrative closes with Thursday evening, but he continued his march yesterday toward Kroonstadt, 20 miles distant, and by this time he must know whether the Boers intend to fight there.

The Lourenco Marques correspondent of The Daily Mail, in a dispatch dated Friday, May 11, says:

"The Boer papers report severe fighting on the western border. The facts are very much confused, probably by design to conceal the truth from the burghers, but there is enough to show that the Boers admit a British occupation of Taungs.

"A special dispatch from Christiania, Transvaal, published Wednesday by The Standard and Diggers' News, says:

"'Six hundred British cavalry crossed the Vaal Friday at Kalsberg, about 18 miles below Fourteen Streams, and went to Taungs, followed by commandoes. A second detachment of the British crossed at the same place Saturday. The Griqualanders under General Aswegen, after being re-enforced, repulsed the British and forced them back in the direction of Taungs.

"'General Aswegen was killed. The other Boer casualties were seven wounded. The British loss was heavy. Everything was brought away from the laagers except a few tents left to attract the enemy's shells. Taungs is occupied by about 3,000 British.'

"A special telegram from Pretoria, dated Monday, in the same paper records the British seizure of Fourteen Streams."

A dispatch to The Daily Mail from Cape Town, dated Thursday, says the Mafeking relief force has passed through Vryburg.

A special dispatch from Pretoria, dated May 10, says:

"It is announced that a British relief force of 3,000 is advancing along the Bechuana railway by forced marches night and day. It reached Vryburg yesterday."
